LET'S TALK

We were never meant to do life alone. There is something special about a body of believers gathering together to worship the Lord together!

What did you enjoy most about the outdoor worship service & tailgate party in the VFC parking lot?

What song from the worship service impacted you the most?

The music we listen to has such a major impact in the atmosphere of our homes and in our everyday life.

What's something you can tweak in your weekly routine to get more worship music into your life and home?

Each time we take communion we proclaim the finished work of the cross accomplished through the shed blood of Jesus.

There's nothing we are facing that the blood of Jesus can't conquer! How does this truth bring you peace during this time?

What's an area you're currently believing God for victory in?

This is an unprecedented time in history. God has given us His Name, His blood and His angels to surround and protect us.

How has this year of pandemic, social unrest, political turmoil and more impacted your awareness and focus on God's protection?

What are some ways you declare His protection over yourself, your family and your loved ones?

LET'S DO THIS

pray it out:

Father, thank You for Your Church, the opportunity to worship You with other believers and partake in Holy Communion together. We're so grateful for the forgiveness, healing and protection we have through Jesus' sacrifice on the cross. Help us to experience the fullness of redemption and to make worshipping you a priority in our lives. In Jesus' Name, Amen!
