THE FYI STORY

Jasmine's frustrations began in 2015 at University when she noticed the lack of a powerful and engaging platform for finding PAID fashion internships. At that time, 92% of internships were UNPAID. She knew something HAD to be done and that she could do it in a BETTER way.

Changing the current employment law wasn't going to be easy, but **CAMPAIGNING**, **CREATING** and **EDUCATING** was – so Jasmine decided to develop her OWN powerful #NOPAYNOWAY platform and community. Find Your Intern was Jasmine's Final Major Project and she has been developing it ever since. The FYI Membership platform was launched in May 2020.

2015

1	NO PAY. NO WAY We only advertise positions that are NMW and above. We are the driving force for promoting PAID INTERNSHIPS and in turn we hope to persuade more employers and brands to join us.
2	ALL FOR ONE. ONE FOR ALL. You will find no levels here. We are here to support anyone at every level. No matter of their background, skill level or education. We love you all.
3	24/7 SUPPORT Come rain or shine, we are a beacon of support at ALL times. FYI will be a constant and flourishing support network for young creatives.
4	COMMUNITY + UNITY Our platform has been built for, and by, our community. They are at the forefront of our Brand and will always be the eternal magic.

I was feeling so anxious and alone about all things placement and my career before now! It's such a great site and I'm so thankful it exists. I already feel so much more confident and all the vids/tips have already helped massively.

— CHARLIE, STUDENT

“

Using all the tips from Members Area together with products from FYI shop I managed to get an Internship with a Fashion brand and get a freelance gig with an agency. And all of that in ONE WEEK!
