## Summary of My Tennis Consultancies...

### As a Player:

I achieved the 2<sup>nd</sup> highest combined singles/doubles win% of coach Peter Smith's college coaching career (with little physical talent) behind only Steve Johnson.

### Professional Player Consultancies (Client confidentiality maintained)

In the last 18 months at Mentally Tough Tennis we've consulted to 4 professional players. On average, 12 months after our first consult those 4 players won 16% more matches and earned \$125000 more prize money than the 12 months before we began consulting to them. They also, on average, halved their world rankings within 9 months of first consult.

### My College Tennis Consultancies During the Last 5 Years:

**2020- North Carolina Men's Tennis:** During shortened season returning players achieved an average 25% improved singles win rate compared to last year (playing similar positions).

**2019- Coach Andy Jackson (Arkansas):** During shortened 2020 season returning players achieved an average 8% improved singles win rate compared to last year (playing an average 1.5 spots higher in the line-up due to the team losing their #1 and #2 players).

**2015- Assistant Coach Devin Bowen (TCU):** Returning players achieved an average 23% improved singles win rate compared to the year before (playing similar positions).

**2015- VT Men's Tennis:** Returning players achieved an average 25% improved singles win rate compared to the year before (playing similar positions).

### My Junior Academy/High School Consultancies:

**2020-Tennis Australia Canberra Academy; SOTOTennis Academy in Spain**

**Previous- Lifetime Tennis Academy Brisbane:** Of players in program during my consultancy 1 went on to become Junior World #1 and another won a junior Grand Slam singles title.

**Tennis Australia Brisbane Academy:** Of 15-20 players in the program during my consultancy 1 became Junior World #1, 2 others became Junior World #2, 3 players won junior Grand Slam singles titles, and another made Junior Wimbledon final. Four players went on to become top 100 ATP/WTA players (2 players have made Grand Slam singles quarter finals and another has become World #1 singles player and won a Grand Slam single title).

**Brisbane Boys College:** During my consultancy BBC went from being the easy beats in their local 9 team high school competition to winning the Australian High School Championships from among 500 teams.
