Bringing out the BEST in ALL Children!

Pathways has had an exciting year during 2019, and we look to do even more computer science and robotics programs in 2020! In addition to our over 40 programs, Pathways is continuing to add on to our STEM programs. We began science classes in 2019 where children did labs and learned to make volcanoes explode and rockets soar! We will be adding math programs and financial literacy programs in 2020. This is exciting because these classes are inclusive and give access to children of all abilities. Many children with special needs are not given an opportunity to participate in challenging STEM related activities.

Of course, Pathways also loves the arts! In addition to our drama, DJ, and rock band programs, we now have drawing, painting, and crafts programs. We continue to use the children teaching children model in our programs where children are instructors under the facilitation of adults. This model multiplies youth leadership skills and helps children learn how to teach and learn from others with learning challenges and various physical needs.

Exciting Sponsorship Opportunities in 2020!

Your Sponsorship MAKES A DIFFERENCE for Children!

Dear **Valued Sponsor**,

Pathways looks for every opportunity to offer programs that include all children, not only through sponsoring one time events, but throughout the year. Your sponsorship will help Pathways continue to build programs locally and expand our outreach to ensure children of all abilities are included! The children have chosen the following events to help highlight the role your sponsorship will play to empower children of all abilities throughout 2020:

a) **January 26, 2020 - Pathways Hosts The Harlem Wizards!**

The Harlem Wizards is one of our favorite events and they are returning this year! All 7 schools in Montville Township are represented with players that compete against the Wizards! We have over 700 people that buy tickets to the game!

b) **May 2, 2020- Make a Difference Show**

This year will feature a 30 minute play with our children ages 7-17 from our Pathways Performing Arts Guild. In addition, the infamous Pathways Rock Band and Amplifier DJs will be in full swing giving the audience of 400-500 people a night of entertainment they will not forget! We will also have our "Make a Difference" awards presented to children that have made a difference and displayed leadership and kindness in their schools.

c) **December 2020 - Pathways Holiday Party**

Pathways has started a new tradition by expanding our Holiday Party to a county wide event that will feature a play, rock band, and disc jockey performances. This will be a family friendly party that will be fun for children of all abilities. It is a celebration of all of the diversity found in many of our families that participate in Pathways

All of our events are designed to include children of all abilities and their families.

With Warmest Regards,

Melinda Jennis

Melinda Jennis, President
