## Training starts with Foundations courses

Alana's Foundations courses introduce you to her unique healing modalities and provides you with what you need to understand and to practice the modality, for personal healing, and if you choose, professional practice too.

You will gain insight into the philosophy, teachings and energies upon which the practices are based, as well as instruction on the primary techniques such as preparing your energy field, clearing energies and establishing sacred space, consciously connecting with divine presence and allowing for flow of energy, whilst aligning with higher wisdom. We also explore the nature of the divine beings and how to connect with precision and safety, how to avoid pitfalls, and what it is to take a soul journey, growing faithfully towards embodied enlightenment.

Foundations courses help you to -

Activate your healing channel.

Tune into powerful enlightened spiritual energy currents for healing yourself, others and our planet.

Integrate, ground and evolve your soul connection and authentic spiritual presence in our consciously held, online healer community.

At successful completion of Foundations training, you are certified as a healer, given the opportunity for on-going community membership, working with Alana and our beautiful graduate healing community to practice global healing chains for planetary benefit whilst continuing your self healing journey and spiritual path.

## Which course is best for you?

There are two pathways to choose from to train with Alana - The Kuan Yin Transmission™ and Saraswati Healing™. The Kuan Yin Transmission is divine feminine energy work and Saraswati Healing is lightwork integrated with the sacred practices of high magic.

Each pathway has the option to complete a foundations level, and to proceed to advanced study and further professional training.

Both pathways evoke self-healing and offer methods for generating healing energies for other people, animals, groups and our planet. Both pathways are profound and deep trainings with real transformational results noted in the lives of our trainees during the training.

Online healer training with Alana is about much more than the coursework and materials. It is a divinely alchemical process of soul stimulation and healing.

These two pathways complement each other but are unique within themselves. They both work with divine beings for healing, yet the methods, and the energy of the two courses are profoundly different. The best way for you to know which course is right for you, and when, is to tune in and trust your heart.

Alana Fairchild's  
THE KUAN YIN  
TRANSMISSION™

The Kuan Yin Transmission is a unique divine feminine energy work practice created by Alana Fairchild, integrating the presence of Our Five Enlightened Mothers - Kuan Yin, Isis, Mother Mary, Tara and Kali - infused in the heart through the spiritual essence of Venus.

The modality rests upon five element theory found in both Western esoteric practices ranging from Yin Yoga to Wicca, and the Eastern medicine practices of China, Tibet and Nepal. It is further inspired by the invocation processes of Western occult philosophy in the Theosophical tradition and Eastern Tantric Buddhist deity practice.

The work integrates the ancient practices of mudra (sacred gesture) and mantra (sacred sound), and channelled practices such as The Red Threads of Isis and The Seal of Horus to empower the practitioner. You will learn how to activate the presence of Our Five Enlightened Mothers within your own body, mind and soul, through the spiritual activation key known as The Hamsa of the Cosmic Madonna. You can work with these energies to heal yourself, others and our planet.

In The Kuan Yin Transmission™ online foundations program, you receive a spiritually intimate soul-to-soul initiation with Alana into the exquisite realm of the Divine Feminine to connect directly, personally, with Our Five Enlightened Mothers to recognise, receive and channel their energies to heal body, mind and soul.

There are options to sing, to express a sacred dance practice as a form of healing, to facilitate hands-on energy healing, or to work distantly with a crystal. You can learn to facilitate healing from your meditation seat for individuals or the collective. You can creatively express your preferred way of working with the modality as suits your temperament. You may like to be extroverted and creatively expressive, or work in a more introverted and quiet way. Or a combination of both! You may wish to focus on self-healing or also expand your practice to work for the spiritual benefit of others too.

After the 16 weeks of Foundations training, you are eligible for higher training at intermediate and advanced, teacher and master/secret teachings levels of the Kuan Yin Transmission™ which will empower you with additional practices to add to your sacred healing repertoire for self and planetary healing, as well as offer unique professional development options to share the work with others as an official teacher, or simply to deeply empower your personal spiritual practice.

# Alana Fairchild's SARASWATI HEALING™

Saraswati Healing is a unique healing modality created by Alana Fairchild blending lightwork practices with the sacred rituals of high magic for soul healing. This unique online training program guides you into connection with three special types of beneficial divine guides – the Angels, the Ascended Masters, and the Goddesses, including, of course, Saraswati herself. The Foundations course is spiritually supported by 54 radiant Divine Beings from these three groups.

In Saraswati Healing™ you shuffle the cards, and the divine one chooses you! We learn how to align and allow ourselves to be divinely guided, amplifying the divine presence to guide, heal, empower and inspire us through the work. The modality incorporates **Alana's** music and meditations, as well as her books and oracle card decks.

Sacred space is generated and held through the power of voice, healing ritual, conscious intention and specific processes that combine in structured templates. These templates activate a field of divine presence to awaken and heal the soul.

You will learn three Foundations Templates. These are the Crystal Angels 444 Template with an optional adjustment for distant healing, the Crystal Masters 333 Template with an optional adjustment for karmic clearing, and the Crystal Goddesses 888 Template with an optional adjustment for a Threshold Blessing.

You will learn how to work with the modality for self-healing, and to share healing sessions with individuals and with groups, and even facilitate events which you can run as half day or evening sessions, full day events or even run as an entire spiritual retreat if you wish.

The online Foundations training in Saraswati Healing is called Crystal Mandala Template Training in honour of the Crystal Mandala Oracle which is the key oracle deck used in the course.

After the 16 weeks of Foundations training, you have the option to enrol in graduate training where you can explore further templates such as the Isis Alchemical Triangulation Template or host your own sacred party with the Divine Circus template, or run a Sacred Rebels workshop or small group session with a guided wild dance journey and healing group ritual practices. In higher training you will be supported to deepen your connection with the divine, living your light in practical and empowered ways, to attract grace, and create healing and awakening for yourself, and for the spiritual benefit of all beings.

## Why study with Alana?

Alana is a rare teacher. Down-to-earth, highly intuitive, practical and deeply compassionate, prone to tossing her head back in laughter and talking candidly about the beautiful mess and spiritual significance of being human, Alana embodies her teachings, communicating from a place of authentic being and considerable experience.

Alana does more than impart knowledge. She expresses herself in such a way that powerful energy transfers take place. She has an extraordinary field of energy, naturally attracting high level spiritual guidance from which she channels healing and guidance. Her teachings are more than knowledge, they are energetic transmissions that support your evolution. Alana has the spiritual juice to nourish your unique soul journey and this is what sets her apart and lends her work such effectiveness and beauty.

“Alana has a gift for creating a pathway for the visionary soul that is inspiring to the heart and highly transformational. I see so many trainings that make promises yet lack deeper understanding of everyone’s unique journey. This is a sacred journey that keeps unfolding.” Delphine, France.

## F A Q s

### Do I need prior experience to do the training?

Whilst no prior experience is necessary to do the Foundations level training, advanced spiritual concepts are integral to **Alana's** modalities and an interest in spirituality - or an openness to learn about it - is necessary. We have had trainees completely new to this work take to it like the proverbial duck to water, so it is really a question of listening to your heart and trusting your life journey rather than whether you seem to be the ideal candidate on paper.

Our community ranges from those completely new to this work to seasoned professionals, trained in numerous modalities. Sometimes having a background as a healer is a benefit, and sometimes, it can be an impediment when one is stuck in a way of thinking and approach to healing, and can find it difficult to adopt a **'beginner's mind'** which is essential when learning anything new and opening up to truly receive the benefit of it.

You will gain from the course according to your willingness to embrace the process. The overwhelmingly positive response to the training suggests that it meets you where you are at. You are welcome to reach out to our training team if you have any concerns about this.

## Can I complete both Foundations courses at once?

Technically, yes, and we do have trainees who are doing this successfully. However both courses are energetically effective. That means that you are not only learning new information, you are being exposed to certain spiritual energies that will likely create healing change in you as you do the training. We emphasise the need to balance your participation in the program with rest and integration time. We find that this is where the healing happens.

If you feel the call to do both programs simultaneously, then please ensure that you prioritise sufficient space and rest time in your life to integrate the process that will take place as you engage with the training. We want you to get the absolute best from these heart-felt, soul-stimulating programs.

## Investment and Payment Plans

Foundations programs cost USD1888 for the 16 week term and payment plans are available for USD472 per month. Please note that payment plans are run by a third party provider and we cannot customise them.

## Refund Policy

In the unusual event that a trainee requests a refund, we make no guarantee regarding the training other than any implied consumer guarantees that cannot be limited by law. In Australia, rights to compensation are governed by the Australian Consumer Law.

For example, if the delivery of a training module does not correspond with our description or other consumer guarantee, you have the right to request we provide the service again or receive a refund of the fees paid in respect of the module.

You are not entitled to cancel the training and receive a refund simply because you have changed your mind. We will carefully consider any application for a refund on a case by case basis.

### Dates for Training

Training terms run from March - June and August - November each year. Enrolment closes 31 March and 31 August respectively.

### How strict is the pacing of the courses?

As there is considerable information to impart, the pacing of the course is quite precise, as outlined in the Study Guide for each of the Foundations programs. We also provide trainees with a Self Care Guide to encourage healthy life balance during the program.

Some trainees will complete the materials early, with tremendous enthusiasm to practice professionally, and others will work according to the Study Guide, and others may find that life happens, and best intentions are not enough to keep us on track. We will support you as best we can in such cases, however generally the training requires an ongoing weekly commitment of around 4 to 6 hours. This is an estimate and the time required to explore and process the materials will vary between individuals. Please review our Study Guide to support your pace with the coursework and reach out if you have concerns.

### Graduation and Next Steps

Graduation requires completion of all lessons and successful completion of a final assessment.

Upon graduation you are eligible to join our graduate community. Our graduate community is a heartfelt soul family, and provides the lifeblood for our on-going offerings together as healers.

We find the graduate community membership to be a beautiful way to express your inner healer, becoming increasingly confident and creative in our expression of the modality, experimenting with evolving applications of the work, as well as sharing support for personal healing and professional growth, all held within the loving awareness of Alana and her training team.

The graduate community is supported by a vibrant online forum hosted by Alana and her team within a private Facebook group. This is where we share our stories, we facilitate and receive healings in the modality, we co-facilitate with practitioners around the globe, working together to offer healings for our planet through global healing chains and supported independent practice.

Graduate community membership also provides access to the official community resource library for each modality. These online libraries are stocked with additional teachings for the graduates offered intermittently by Alana as directed by Spirit, included as part of your membership, as well as MP3 Q & A sessions with Alana and her team, and recordings of live community Zoom events. Access to these materials are included in the cost of your membership.

### Advanced Training Options

Ongoing personal growth and professional development is fostered through graduate community membership. However some graduates are interested in taking their training to higher levels through advanced training options which are only available upon completion of the Foundations training.

The advanced 16 week Saraswati Healing <sup>™</sup> course is now open for enrolment for Graduates of the Saraswati Healing <sup>™</sup> Foundations Course. Please email the training angel at [training@alanafairchild.com](mailto:training@alanafairchild.com) to receive invitation for enrolment to this advanced training in Saraswati Healing <sup>™</sup>.

Kuan Yin Transmission <sup>™</sup> advanced, teacher and secret master teachings are currently wait-list only. Please email the training angel at [training@alanafairchild.com](mailto:training@alanafairchild.com) to be added to our newsletter for first notice when enrolments open for advanced training in The Kuan Yin Transmission <sup>™</sup>.

### What do the names of the modalities mean?

The names for these modalities came to me in meditation for The Kuan Yin Transmission and in a dream for Saraswati Healing.

Saraswati Healing is named after the radiant goddess of creativity, voice, manifestation, music, prophecy and wisdom - Saraswati. She gracefully flies upon a celestial bird, wearing her mala prayer beads and divine musical instrument, weaving magic, music and blessings through our Universe.

In this modality we connect with the potency of Saraswati utilising voice, writings, music, divination, meditation, movement and sacred healing rituals to generate powerful divine energy fields dedicated to healing and liberation for the greater good. We work for self healing and for the benefit of all beings, including our beautiful planet.

The Kuan Yin Transmission is named after the beloved goddess of compassion, Kuan Yin, who is found under various names and many different forms throughout Eastern spirituality. She is a being of divine grace, love and wisdom that I feel a very strong personal devotion and bond with, and it is my profound honour to share the techniques of The

Kuan Yin Transmission through the training, teaching others how to channel her energies for the benefit of all.

There is much concern for matters of cultural respect and care these days, which is as it should be. Not only is there a need for cultural respect, but there are also spiritual and karmic considerations to take into account. I took time to reflect upon these names and ensure that I recognised something more than spiritual permission to share them. I waited until I felt active encouragement from my Higher Spiritual Guidance before proceeding.

To associate the divine name of an enlightened being with my work is something that I consider to be a tremendous privilege and the names of the divine ones we always treat with love and respect. Like our patron goddesses, Kuan Yin and Saraswati, this work is compassionate, creative, uplifting, powerful. It is a protective body of practices to generate light, healing and liberation for the spiritual benefit of all beings. May it accomplish its divine purpose with love.
