

Kathryn's presentation is a high energy entertaining show and relies heavily on the right Audio Visual set-up to ensure your audience gets the maximum value, inspiration and motivation.

Kathryn will bring her own laptop (Macbook Pro) with the necessary output adaptor and her own clicker, with the presentation (run from Keynote) ready to go. She will also bring a back-up on a USB drive.

Keynote is her preferred program due to the quality of video and slide transitions, but if you require her presentation in Powerpoint, please advise Kathryn at least five days prior to the engagement.

Her presentation requires:

- ~ High definition screen projector
- ~ Good quality audio system (sound will run from her computer)
- ~ Lapel or headset microphone (preferably two ear wrap around as Kathryn jumps around a lot on the stage)

~ On stage Kathryn has no need for a lectern.

Please place a 6' length table downstage left with two bottles of room temperature water.

And a small table downstage right to place her lap top on.

Kathryn will bring her own tablecloth and props to place on the large table.
