

# Dream Drivers<sup>TM</sup>

## DECISION-MAKING

### Key Questions

Does my mission/vision align with who I want to be in the future?

How much do you love what you do? And what area do you love the most?

What is the cost of the next project/field/mission that you're ploughing vs. the reward? What is the cost of not chasing your dreams?

Do you have the resource to be able to move through this with speed? Who do you need around you?
