- **TRAVEL INSURANCE:** It is strongly recommended the purchase of travel insurance before this trip! Travel insurance offers coverage for unforeseen problems, from a cancelled flight to a serious illness— or in rare cases, even an act of terrorism or the financial default of a travel supplier. If you miss a travel connection, even for reasons beyond your control, you are

NOT necessarily protected from financial loss unless you have travel insurance. For example, if you encounter mechanical problems, flight delays, or inclement weather that causes you to miss connections, the airline carrier might re-book you, although in many cases (such as bad weather) it is NOT guaranteed (in which case you may either have to purchase an entirely new round-trip ticket or forego the entire prepaid trip without any reimbursement). Travel insurance can cover new flights or provide trip cancellation coverage (for a covered loss), as well as emergency medical expenses and medical transportation. Travel insurance also provides 24hour emergency phone numbers, in case a traveler has to change a flight or a hotel room, in addition to assistance with

emergency cash transfers, lost baggage, and pre-trip consultation services (travel advisories, passport requirements, inoculation information, etc.).
