

Yoga, Hiking & Whale Watching
in the
Azores of Portugal
with Cyndi Bulka
October 26, 2021 - November 1, 2021

Journey to the magical island of Sao Miquel in the stunning [Portuguese Azores](#). This is a nature lover's paradise and an exquisite opportunity for adventurers to experience a truly unique part of the world....Imagine dramatic volcanic cliffs, deserted black and white beaches, quaint fishing villages, healing hot springs and lush green rolling hills....

Our Home Away from Home

We'll reside in the beautiful eco-friendly [Quinta Minuvida Orchard Lodge](#) which is surrounded by fruit trees and beautiful gardens. The property dates back to the 1800's as a fruit orchard home, and has been artfully revived to assure you a comfortable, restful place to call home for the week. [Rooms at Minuvida](#) are lovingly well appointed, each with a private en suite bathroom.

The Food

Foodies will be indulged in the local cuisine which includes a bounty of fresh local produce, seafood and traditional dishes hand prepared to entice your senses and nourish your body. Savor the local wines and liquors made from native island fruits. Experience the region through your palate!

Excursions and Adventures

Enjoy incredible hikes to volcanic rims through the verdant hills and valleys. We'll visit natural hot springs and explore tidal pools on deserted pristine beaches. April is the perfect time to see large whales on our whale watching excursion. Three excursions are included in your package. Extra excursions, like horseback riding, cultural-historical experiences are extra. I recommend planning for simple down time to enjoy the peaceful, calm, unfettered vibe of the region as well.

Yoga

Immerse yourself in daily Yoga and meditation classes to nourish your body, mind and soul. Classes are designed with your needs in mind, both to gently challenge and deeply restore. The theme of the week is "Restoration and Rejuvenation". We'll have a balance of active and restful practices to support our adventure. Take your practice to a deeper level... you will be reminded how important cultivating calm, balance and self care can be not only for health and well being, but as a way of reaching your true potential, physically, mentally, emotionally and spiritually. Clear your mind, open your body and calm your soul.

Our hosts advise to book only through their website to find the best flights. Our hosts also recommend arriving a day or two beforehand to assure no mishaps will get in the way.
