

CLASSROOM LICENSING

Jack Dogg Physics is an online course platform with a robust curriculum for both the basic physics level (college + high school) as well as an advanced ap/honours curriculum with more of an emphasis on math and further learning.

USE

There are a few ways you can use JDP:

1. In classroom
2. Individually suggest it to students for continued education
3. Tutoring with our experts 1:1

COST

\$250 / Year for unlimited course access up to 25 students

**Which means a savings of up to \$140 per student

GET INVOLVED

We are always looking for physics enthusiasts to join our team, give us feedback, suggest us to colleagues + students and funding. If any of those interest you please reach out via email.

For all enquiries and classroom purchases please email ↓
