

Ministry to Missionaries

Pastoral Care:

We travel to mission fields to provide spiritual care and encouragement through personal, confidential listening and biblical counsel.

Debriefing:

Missionaries often return home facing huge adjustments and emotional bags to unpack. We provide a safe and understanding listening ear to help with the transitional time.

Seminars:

Topics presented are tailored to the needs of the missionaries on the field. These seminars are available in a half-day or full-day format.

Training for International Pastors:

Training in expository preaching and spiritual formation are available. These seminars are designed to augment discipleship strategies already in place.
