

CHAPTER 2: MAPPING SUCCESS

Plan Your Route to Make it Happen

**DO NOT LET YOUR CURRENT CIRCUMSTANCES
DETERMINE THE SIZE OF YOUR GOAL.**

STEP 1: IDENTIFY YOUR GOALS

Take a moment to identify the smaller goals you want to accomplish along the way.

STEP 2: RANK YOUR LIST

Once you create your list, rank them in order of most to least important.

STEP 3: ASK YOURSELF

Start with the goal at the top of your list.

Take a moment to answer these questions to help you determine the best route to take:

How does this goal contribute to your overall vision or goal?

What parts of the vision or goal you named are already in place?

What parts of the vision or goal you named are still needed?

MAKE IT HAPPEN

Use your answers from step one to create a route for that goal. Go back and look at the first goal you listed. Make a list of everything you need for that vision to happen. Keep repeating this process until you've mapped out your goals. Pull from the lists you create to determine what you will work on each day, and add to your list as you think of things.

REMEMBER, THIS IS A PROCESS. YOU WILL CONTINUE TO GROW AND CHANGE, SO THE MAP WILL LIKELY CHANGE OVER TIME TOO
