

THE WOMAN LANDOWNER workshops

Are you ready to get a hand on your land?

Are you ready to feel confident in forest land ownership and management decisions?

Join us and other women in a series of full-day workshops that will equip you with resources, knowledge and confidence to be engaged in the management of your land!

You'll learn:

- Land management necessities
- Harvesting basics
- Reforestation techniques
- Field tour from a landowner perspective
- Discussions with foresters

You'll hear from women professionals and be *enlightened* and *empowered* to handle your land management!

*Lunch is provided
Workshops capped at first 35 women*

Choose one or attend the entire series!
