how to stabilize nature as a healer of airway & occlusion

BENNETT

HEALER CONCEPT - LVL 01

00	Case Studies I Begin to understand the implications of airway and sleep science on dentistry
01	Airway Pearls I A few choice hacks and tricks when it comes to healing patients thru occlusion
02	Case Acceptance Part 1 I The power of video testimonials as rocket fuel for case acceptance

DETRIK

HEALER CONCEPT - LVL 01

03	Case Studies I Begin to understand the possibilities with FMR and comprehensive dentistry
04	Ceramic Pearls I A few choice hacks and tricks when it comes to healing patients thru FMR
05	Case Acceptance Part 2 I The power of educational videos as rocket fuel for case acceptance

COMPREHENSIVE RECONSTRUCTION
 TOTAL HEAD & NECK MOUTH REHAB
 PARAFUNCTIONAL TITICULOUS

TECHNIQUE
THE CURRICULUM

THE REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

DETRIK	THE BEGINNING - WK 00
INTRO 00	THRIVE Platform Navigation I Learn how to navigate your way around the THRIVE Platform
INTRO 01	Slack Mentor Accountability I Learn how to utilize the REHAB Slack app for mentorship
INTRO 02	Dropbox Visionary Creation I Learn how to share & curate all your work on THRIVE Dropbox

DETRIK	THE BLUEPRINT - WK 01
00	The REHAB Masterclass Collection Curriculum I Your road map to rehabilitative success
01	The REHAB Difference I Learn why mastering FMR is the fastest way to grow your practice
02	The REHAB Vision I Learn how to differentiate and treat both FMR & Airway + FMR cases

THE REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

BENNETT

AIRWAY 1.0 - WK 02

03	Environment I Learn the specific factors that cause the development of a compromised airway
04	Manifestations I Learn to identify the signs & symptoms of poor airways in children and adults
05	Treatments I Learn to identify the fundamentals of treating poor airways in children and adults

BENNETT

AIRWAY 2.0 - WK 03

06	Definitions I Learn the key terms and clinical applications associated with sleep apnea
07	Diagnostics I Learn how to use bleeding edge take home sleep tests and 3D imaging
08	Diagnosis I Learn how to analyze, understand and diagnose sleep study data + 3D scans

THE

REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

BENNETT		OCCLUSION 1.0 - WK 04
09	Pillars I	Learn the 3 pillars of occlusion and how they forever simplify the complexity of FMR
10	Occlusions I	Learn how to diagnose and treat pathologic vs. physiologic occlusion types
11	Etiologies I	Learn the 4 primary etiologies of wear and how each informs a unique FMR design

BENNETT		OCCLUSION 2.0 - WK 05
12	Visualization I	Learn the critical nature of luxe dental photography, 3D imaging and video
13	Centric Relation I	Learn what CR truly means and it's crucial role in the longevity of your FMR
14	Records I	Learn the various methods of obtaining an accurate CR record and how to use them

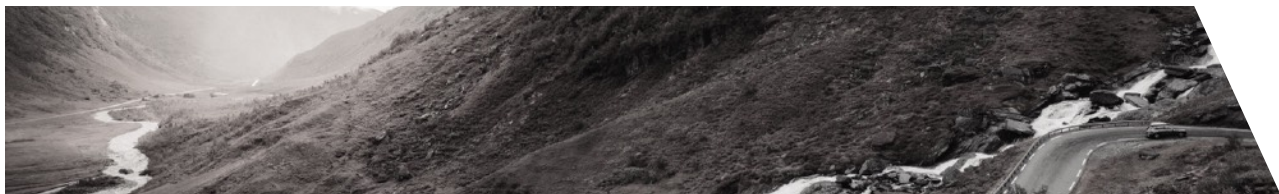

THE REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

BENNETT

AIRWAY 3.0 - WK 06

15	Methods Learn three methods for treating sleep apnea (appliance, surgical & non-surgical)
16	Applications Learn when to use each method and how to communicate benefits to a patient
17	Integrations Learn how to master appliance & non-surgical airway treatments in your practice

BENNETT

OCCLUSION 3.0 - WK 07

18	Vertical Learn how to predictably and successfully alter the vertical dimension of occlusion
19	Patterns Learn how to replicate existing patient guidance patterns in your final restorations
20	Esthetics Learn to create optimum esthetics and beauty using facial analysis & smile design

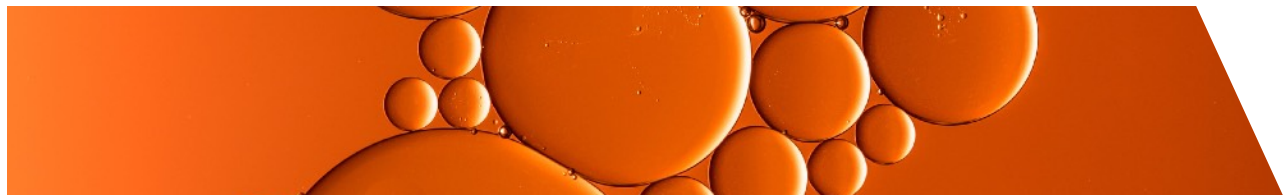

THE REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

BENNETT

THE PROTOCOL - WK 08

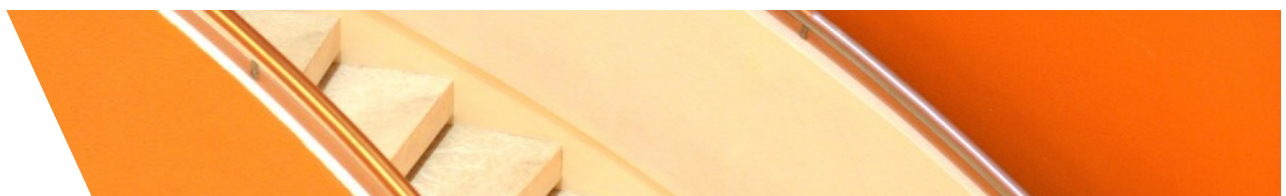

21	A.I.R. FLOW I Learn Dr. Bennett's proprietary step-by-step protocol for airway treatment
22	Biomechanics I Learn the biomechanics of employing tooth movement in airway treatment
23	Occlusion I Learn the connection between airway, occlusion and rehabilitative outcomes

BENNETT

THE PRACTICE - WK 09

24	Case Study Nº. 1 I Learn from Dr. Bennett as he walks you step-by-step thru an airway case
25	Case Study Nº. 2 I Learn from Dr. Bennett as he walks you step-by-step thru an FMR case
26	Case Study Nº. 3 I Learn from Dr. Bennett as he walks you step-by-step thru a phased case

THE REHABCOLLECTION

how to stabilize nature as a healer of airway & occlusion

BENNETT

CLINICAL 1.0 - WK 10

27	Planning I Learn Dr. Bennett's FMR setup plus how to create a functional & esthetic wax-up
28	Appointment No. 1 I Learn everything from prep, to build-up, impressions & provisionalization
29	Ceramics I Learn how to choose your FMR ceramist and ideally communicate with them

BENNETT

CLINICAL 2.0 - WK 11

30	Analysis I Learn how to critically assess and perfect the provisional occlusion & inform your lab
31	Appointment No. 2 I Learn everything from tissue mgmt, to cementation & occlusal refinement
32	Sustainability I Learn how to care for FMR patients, educate your hygienist and leverage cases
