Americans Die From Medicine

(Seal Rock, OR)...The problem today is over 100,000 Americans die each year from taking medications as prescribed according to the Journal of the American Medical Association. Healing Breakthrough Expert and best-selling author Avital Miller says “Our bodies have a greater potential to heal from chronic conditions than we may realize.”

Avital Miller specifies three ways in which *Healing Happens*:

1. Focus on your reason to live.
2. Don't listen to everything that your doctor tells you.
3. Ask “what is the gift?”

Healing Happens, Avital Miller's new best-selling book, reveals insight and inspiration from eighteen health and healing experts who cured themselves and others despite dire medical prognoses from over twenty illnesses including cancer, diabetes, and autoimmune disorders.

Avital Miller is known for inspiring people to experience boundless energy, absolute happiness, and true success to live the best life possible. For over fifteen years Avital has been serving thousands of people worldwide as an award-winning international keynote speaker, healing breakthrough facilitator, and global dancer. Her leadership background includes working as a program manager at Microsoft, lead coach for Success Resources America, sales and marketing director for Crystal Clarity Publishers, yoga and fitness teacher trainer, and fitness director. Her articles have been published in *Fitness Professional Online*, *30 Seconds*, and *Sacred Dance Guild Journal*.

Healing Happens will help readers enhance their power to heal themselves through natural healing techniques and awareness in order to comfortably, energetically, and joyfully live their passions. Author of the Foreword in *Healing Happens* and TV Celebrity Host, Forbes Riley, wrote “Avital is an ideal and much-needed healer for today's world.” Avital adds, “Fatal pronouncements do not have to be your fate.”
