Create your Success Path!

IT CAN'T BE PERSONAL (IE. EMOTIONAL) IF IT'S BUSINESS...

Do yourself and your business a favor and stop renting out your personal space as soon as you possibly are financially able to.

Always pay yourself and even your kids for jobs that you perform. This is an expense for your business, which lowers the income, which lowers your business' tax burden. As long as your kids make under a certain amount, \$12,200 in most cases, they do not have to pay taxes on it.

Get your mindset away from your old thinking. Employees and Self-Employed people think incorrectly about money - which usually is one of the main reasons they're stuck on the E and S side of the Quadrant!

THINK AND ACT like a business owner. Pay yourself! Hire the right professionals to get the job done! Don't step over dollars to save cents!
