

E050 - SAFETY FEATURES YOUR GUESTS

Will Love & Appreciate

GOALS: PROTECT MY PROPERTY & MAKE MY GUESTS FEEL SAFE

Many Guests pay particular attention to the security features of the property as much as their own comfort during their stay.

SOME WAYS I CAN DO THAT:

- 01) Ring Security Cameras
- 02) Surveillance Cameras
- 03) Security Screens from Security Screen Masters
- 04) Screen Door Bars and Locks
- 05) Door and Window alarms (See link with 10-pack for \$14.97)
- 06) Replace Ordinary Doors & Locks with Strong Ones
- 07) Motion Sensing Lights (Solar don't need hard wiring)
- 08) Reinforce Window Treatments

Remember:

The #1 Way Burglars enter is by breaking glass and gaining entry.

What can you do to prevent this?
