"I have been able to quite quickly achieve clarity and a sense of purpose around what my goals are. This has made it a lot easier to make decisions on where I should be focussing my time and what career decisions I should make. The clarity has provided a sense of relief by taking away the 'noise'. I would not have achieved this without Rachael providing guidance and gently challenging and interrogating my thinking."

Kym Myall, Director Risk Assessment and Intelligence, Australian Tax Office

"Rachael opened my mind to possibilities I hadn't even considered. The sessions helped me explore my values, understand my personal and professional purpose and be confident that I can make the right choices to balance what I initially felt were conflicting aspirations. Thanks Rachael."

Charles Boorman, Program Planning Specialist, ViCRoads

"Rachael has assisted me in setting challenging professional and personal goals and has been innovative and creative in establishing processes to help me achieve the goals."

Kathleen Kenny, Assistant Principal

As a HR Business Partner I have engaged Rachael's coaching services periodically over the last 5 years. This has included Rachael career coaching with individual staff (40), delivering goal setting workshops and facilitating team coaching with great success. Rachael has a unique and vibrant way in which she engages an audience and individuals to set and achieve goals and it is always a pleasure working with her.
