Rave Reviews

“The rare and amazing qualities of Dr. Jane Simington as a teacher, is that she walks her talk, so much, that she inspires both the mind and the soul. In fact, her complete professionalism so captivates and at same time appeases the mind, that you let your self go, to fully enjoy her magic. Her methods are efficient, fast in their results, and especially respectful and tender to the person she works with. Her seminars have changed my life, not only by receiving healing myself, but also by shifting my own mindset and techniques as a healer. One only has to see the radiant smiles on the faces of the people, in the groups she teaches, to realize the power in her work!” Chrysoula Konstantianou – Teleplanet Conference, Athens, Greece.

“Jane speaks from the perspective of having been personally touched by her topic. This insight allows her to connect with others at a soul level. Dr. Simington is an excellent speaker. Her information is relevant and presented passionately”- Spirituality in Health Care: International Conference

“She explained, discussed, repeated, wrote, showed, asked, persisted, laughed, touched, hugged, sung, played the tambourine, danced, prayed, healed ... it’s all in her teaching, and I have left a lot of it out, which is simply quite indescribable and in the realm of the unseen! Yes... Dr. Jane Simington! She is a meticulous scientist and a brilliant communicator. An inventive teacher and elegantly intuitive as she works with people. She is ever committed to facilitating the healing, of which every human being is capable. What was very valuable for me in her seminars was not only the holistic approach and the inventive, multi discipline methodologies, but her teaching by example values like compassion, integrity, gentleness, and persistent faith in people’s ability to transform” Agnes Mariakaki -Holistic Methods For Healing, Athens, Greece.

“The feedback both through the evaluations and verbally has been very positive. You certainly touched many of us.” Cathy Straight – Soulful Care-giving: Nurses Alumni Annual Conference.

“Thanks again for joining us – we had wonderful feedback on your keynote. Looking forward to working with you the future.” Laurie Mcleod – Native Mental Health Conference

“Jane is one of the most engaging and compassionate speakers I have been privileged to know.....I am touched by her radiant sense of joy and delightful sense of humor.”-Conference Planner
