

CAPABILITY STATEMENT

SV Mac Pack, Inc.

CAGE: 7XWZ2 DUNS: 080847060

COMMUNICATION & OUTREACH EXPERTS

To deliver excellence to our customers and teaming partners, SV Mac Pack focuses on the Communication & Outreach (C&O) challenges in the federal sector. Our team has over 100 years of collective C&O experience.

In 2018, SV Mac Pack was the project team that created the HUBZone Chamber of Commerce – an organization that within 6 months gained an active membership of over 1,000 people from Guam to the U.S. Virgin Islands and every U.S. state and territory in-between. Maximizing virtual tools and social media we helped deliver a common message and set of program activities that rapidly increased adoption of the HUBZone Chamber as well as standardized efforts across the community.

Core Competencies

Strategic Communications & Outreach

- Market Research for Government
