How to Use The Founders' Club

Exercise at least 3 days per week. Complete 1-2 workouts on the days you do exercise. If you cannot complete a certain routine, repeat it a few times or replace it with an easier routine. You can work out everyday, just be sure to take rest days when you feel your body needs them.

Each Workout Series is designed for you to chronologically progress. For example, If you complete WORKOUT 1 today, the next time you exercise you would complete WORKOUT 2. If you cannot complete a workout all the way through, feel free to repeat it and then move on to the next workout or try an easier workout series.

IMPORTANT: The Founders' Club is fully customizable to fit your needs so it is encouraged to explore & create a schedule that works for YOU. Utilize the Workout Recommendation Quiz throughout your fitness journey. As a member of the Founders' Club you have unlimited access to 270+ workouts and can repeat them at any time and as many times as you desire!

How Are Other Members Using The Founders' Club?

Meet Julie

"I'm fairly new to the Founders' Club & haven't exercised in a few years. I've been focusing on finishing all 3 seasons of FOUNDATION before I move on to other workout categories. I exercise 4 days per week and take 3 rest days. Sometimes, I complete 2 workouts in one day when I am feeling extra energized. Once I finish all 3 seasons of FOUNDATION, I plan to take the Workout Recommendation Quiz to find out what the next best step is for me!"

Meet Donald

"I have been a member for about 1 year. I was an athlete in my youth and walked regularly before joining. I completed all 3 seasons of FOUNDATION and moved on to CARDIO WEIGHT LOSS & STRICTLY STRENGTH. I exercise 6 days per week and alternate between Cardio and Strength workouts. I do a SHOULDER THERAPY session before my STRENGTH workout to help loosen up my arthritic shoulder. I love that I can choose my workouts depending on what my body needs that day!"

Meet Catherine

"I joined the Founders' Club about 2 years ago. Both my knee and hip have been replaced and I have mild arthritis. I have been using the THERAPY SERIES ever since I joined. I complete the BED STRETCHES & ARTHRITIS sessions almost everyday to reduce pain. Then I do a KNEE or HIP session for my main workout. My joints have improved so much that I recently started incorporating the WALKING SERIES into my schedule. My legs feel great and I am able to walk longer distances when my family visits! Yay!"

Meet Juanita

"I've been a member since 2016. When I first joined there were about 50 workouts in the Founders' Club and I was a couch potato! Now, there are over 275 workouts and I am more active than ever! I'm enjoying the New Walking Series. I exercise 5 days a week and use CHAIR YOGA regularly. I have repeated that series a few times & I continue to see improvements each time through. I'm working on completing the entire CARDIO & CHAIR BOXING series now. It's a great challenge for me. I've also used the MEALS TO GROW YOUNG series to improve my eating habits. I love that Deron continues adding workouts & resources that we need most!"
