

RAE MORRIS

Essential Makeup Kit – Masterclass 5

Please note that most of these are Australian links to brands, but I've added Global websites where possible.

Anything where a VIP Discount is available, I've added a link to the website that will honour that code (please note that some brands can only honour the discount in certain countries, so it may not apply globally) e.g. Weleda will honour a code if you follow the link but it won't apply for use in outlets etc.

Micelle Water / face cleanser

I use this pretty much before every makeup I do, I have to know what is on the skin before I can start any makeup! This is a product I can totally trust. You never know what is on the skin and how it will sit with makeup on top so I rarely start a makeup without it. Really awesome for removing any excess oil from skin and eyelids too. Sensitive skin approved also!

Mask

Skinceuticals Phyto Corrective Masque, leave it on till its soaking into the skin, removing excess.

<https://www.skinceuticals.com.au/masques/phyto-corrective-masque/p2786.aspx>

Moisturiser

Skinceuticals hydrating B5 Serum goes underneath the foundation.

RAE MORRIS

Brush cleaner

Scotty's - **USE THE CODE RAEVIP** to receive a 10% discount
Because of the flammable nature of this, it costs a bomb to ship overseas
(I'm currently researching for the best brush cleaners in other countries).
This is the best one and the one I swear by, it's also approved by the
Australian Health Department

<https://scottysmakeup.com.au/collections/brush-cleaner>

BRUSHES

These are the ones I mentioned during the class.
