

# Group Classes

## Class is always in session.

Dogma offers training programs for puppies, adult dogs, and even fearful or reactive dogs – all taught by certified trainers. We start with the basics, like socialization and handling, before your dog graduates to higher levels of difficulty – all the way to outdoor training and dog-friendly business readiness. Either online or on-site, you and your dog have easy access to quality training and resources that work with even the tightest budget or schedule.

### Online

- Looking for premium training at your fingertips, 24/7? There's an app for that (it's ours!).
- Our trainers are available virtually, and private coaching sessions are optional.
- An online community full of support and helpful resources is included.

### On-Site

- Live and in living colour more your speed? We have two locations for you to choose from.
- We offer in-person (in-pup?) training near Chinook or in Killarney.
- Buy class passes, purchase a membership, and manage your registrations online.
