

DOGMA

GROUP CLASSES

INFO SHEET

Details

Dogma offers training programs for puppies, adult and fearful/reactive dogs. All of our programs are online with an option to attend on-site training. This means that you have quality dog training at your fingertips 24/7. We provide flexible training to fit any budget/schedule:

- All of our programs are taught by certified trainers.
- Progress at your dog's pace through the training levels. We have personalized checklists to track your dog's progress. Graduate to the next level when your dog is reliable with those skills.
- Puppies under the age of 6 months attend their own class that focuses on basic obedience, handling and socialization.
- Dogs over the age of 6 months start in Foundations to learn the skills in a controlled environment.
- They move onto Focus & Reliability where they practice their skills with distractions and work towards off-leash reliability. Real world classes take the training outdoors and to dog-friendly businesses!

Online Memberships

Our programs available 24/7:

- Work at your own pace for a low monthly cost.
- Options for virtual learning, guidance from our trainers for your dog's progression and private coaching sessions.
- An online community of support and resources
- Also on an app so you have training on any device!

On-Site Training

In-person classes to gain hands-on help and socialization:

- Classes available at Chinook and Killarney (Chinook only for Reactive at this time)
- Purchase separate class passes when you register or through the membership.
- Attend classes at your convenience. Manage your own registrations online.
