HIGH IMPACT leaders for
today's world.

Leadership Legacy

Developing HIGH IMPACT leaders...

Love Support Unite has partnered with Successfactory to create a uniquely powerful opportunity to develop HIGH IMPACT LEADERSHIP SKILLS whilst making a REAL DIFFERENCE to POVERTY and CHILDREN in Malawi.

The Leadership Legacy Journey is a powerful leadership programme for **forward thinking leaders** and **game changers**.

It's not for the faint hearted! This trip will inspire you to **BE MORE**, and will stay with you for life. It is for any leader, at any level or context.

You will be **delivering a real life project in mission critical situations to explore leadership for real**.

Life-changing experiences, deep personal learning, creating leadership ideas and knowledge all led by **passionate facilitators**. It is an inspirational adventure from start to finish.

You will also be sharing this experience with a group of **incredible leaders**, forging friendships and making connections for the future. It will change lives for the communities in Malawi as all profits from the trip go to Love Support Unite to enable them to implement **sustainable development projects**.

You'll also leave a legacy with the building of a Children's Nursery and/or Community Centre! (Subject to change). There are just twelve places available on this **unique trip** and if you'd like to join us, early booking is recommended.

The three month leadership journey starts in Sept 2020 and runs until Nov 2020 and includes 3 development days in the UK and 9 days in Malawi in October demonstrating **LEADERSHIP IN ACTION**.

This journey will inspire you to **BE MORE**, and will stay with you for life. The Leadership Legacy Journey is a truly magical experience.
