

March 13, 2020

Dear **RMSEr** Families:

The health and safety of all our children, families, and staff are of utmost priority and **RMSEr** takes every effort to be proactive during times of emergency. The Coronavirus (COVAD-19) continues to be of public health concern so much that many of the school districts in which we serve have already scheduled closure throughout the month March. Even though we have had no reported cases, **RMSEr** has decided to close all locations today, March 13, 2020. We will re-open on **Monday, April 6th**.

Centers will remain open until 12pm today, Friday March 13th so that individuals can collect their belongings.

RMSEr has been in the forefront of sanitizing and disinfecting all locations. We are going to continue to keep our locations safe.

It is **RMSEr's** number one mission is to keep our community safe. Please join in and help us in achieving this mission.

Sincerely,

Christopher Hall, **RMSEr** Chief Executive Officer
