

# WEBINAR BONUS

The Mindset Trainer (aka: adult coloring book) sample

## Free bonus for the webinar: 7 Mistakes Agents Make That Force Them To Get A Real Job And How To Avoid Them

The following images were taken from the adult coloring book I created called The Mindset Trainer. The mindset trainer helps people deliberately feed their mind with empowering messages and is part of a broader group of lessons on thinking successfully. The images can be printed or used with an app in a tablet; just don't mistake them for child's play.

In addition to the positive affirmations contained in the images, the mindset trainer operates on a scientifically sound concept called "diffuse thinking". Also known as "daydream mode", diffuse thinking provides the space for our subconscious mind to work on and solve problems in our lives.

Enjoy!

Jasen

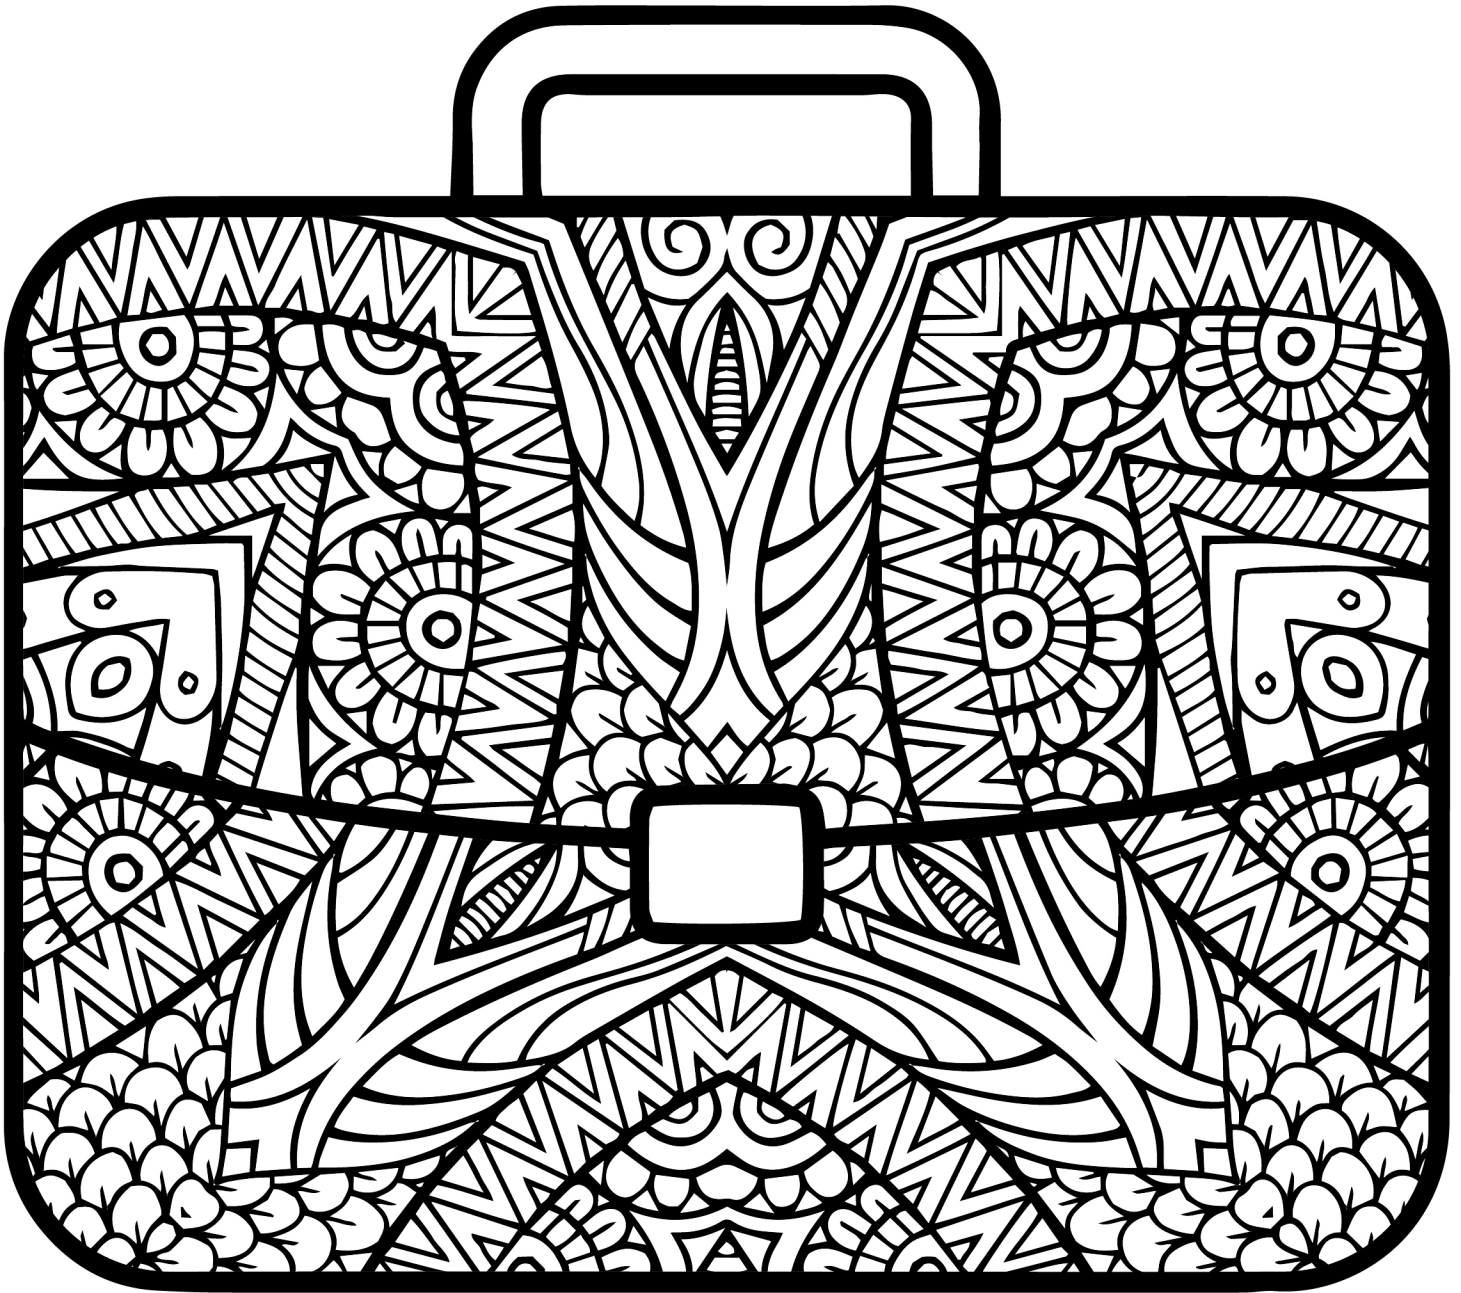

PS. I'd love to see your finished images! Upload them to social media, tag me @jasnedwards. You could also use #thinkbigger
