We engaged Teresa to work alongside our leaders through a difficult period of change.

The programme focussed on upskilling their capability to enable them to manage themselves and others through change. Teresa's style and methodology are adaptable and her insight into our organisations is strong. The impact she had on our Managers was tremendous. I welcome opportunities to continue working with Teresa and her Jungle Consultants.

Teresa's an expert in all matters HR and people-related (it seems to me at least!) Teresa and I worked together on the acquisition of Gleneagles and I can't speak highly enough of the role she played. She was invaluable in ensuring that the people elements were successfully managed both pre- and post-acquisition"

Teresa was a keynote speaker at our annual Senior Leadership Conference. Her keynote speech on 'Leading Change with colour and confidence' was very well received by our Managers. The talk left our audience inspired about change journeys they are going to be taking others on. We wouldn't hesitate to have Teresa speak again and would recommend her as a speaker.
