WINNING TOGETHER - MAGIC MASTERMIND MOMENTS - LASTING RELATIONSHIPS

LISA HAINSWORTH - SUCCESS PARTNER 2020

I was not new to selling on Amazon when **I joined the Success Partnership** and had previous great tuition. However, upon joining I was given the tools and advice along with Kev's massive energy, knowledge, positivity and enthusiasm which has enabled me to **set a fantastic framework and systemisation.** Since joining the Success Partnership I have created a structured business and looking forward to the year ahead **where I will be working on my business rather than in it.**

PHIL BRITAIN - SUCCESS PARTNER 2020

I met Kev back in October 2019 and was introduced to **his MASSIVE ACTION ethos.** Since then I've started sending shipments into Amazon, building real traction and within 3 months became a member of his Success Partnership and **it's been a very worthwhile investment.** The content, support, and guidance **has been first class** and if you have any ambition to start selling online using Amazon, there's no better place to get your learning. Don't be under any illusion though, **it's going to take heart, drive, consistency, will and focus to succeed** but if you really want it, then I'd recommend Life Success Engineer as a place to start.

AMY & ADAM - SUCCESS PARTNER 2020

We have been Amazon Sellers for nearly 2 years now. We started our journey by using Kevin's free content that he provided on Youtube. We then decided that if his free content was this valuable what would his course be like? We moved to his course and **our business grew to the point we were able to quit our jobs** and run our business full time from our own home. We then decided **we wanted to be mentored by Kevin** and we reached out to him to find out more information and that's when we found out about the Success Partnership and what it was all about.

We have now been apart of the Success Partnership since the end of DEC 2019 and already our business has took a **dramatic change and by dramatic I mean GREAT**. The success partnership gives us the opportunity to book calls with Kev and these calls give us the opportunity to talk about what's going on within our business and make tweaks. We still work IN our business and with Kev being the outsider to our business **he recommends the SMALLEST tweak and it could make the BIGGEST difference, it's crazy!** Not only are the coaching calls so beneficial but the support we have from Kev and his team, the advice we receive from the other success partners and **all the resources available to us are worth TRIPLE the money we invest into this partnership.**

If I could go back and tell myself one thing at the beginning of my Amazon Journey it would be this... Don't be scared to invest your money into a good course or a good mentor, yes you could invest that money into more stock to 'grow quicker' but **from experience the RIGHT mentor or the right course will benefit you and your business way more than that extra bit stock.** Investing your time and money into something like Kev's course and Success Partnership has allowed us to take shortcuts to success. **He's been there, his advice is worth the investment alone.**

Being a Success Partner HANDS DOWN has the best decision me and my partner Adam have ever done since starting our Amazon Business. A massive thanks to Kev, Kylie, his team and also thank you to the rest of the success partners for experiencing this journey with us!
