

# Story Journal Template

by Chris Baldwin, PhD

**10<sup>x</sup> SPEAKER**

---

Use the template below to create your own version in your speaker diary. I always use pencil and rubber to create my first story journal entry in my diary. This allows me to change things without having to redo my journal entry. Use one page per journal entry. You can later migrate them to Evernote or your app of choice. Experiment with it and see what works for you.
