

Peak Portfolio

Peak Portfolio consults with Fortune 1000 companies on technology strategy, sourcing, and M&A.

Our Sourcing practice has helped some of the world's largest chains to source technology with our innovative rapid technology selection process. This process shortens the traditional RFI-RFP process from 6-8 weeks to 1-2 weeks while increasing accuracy and objectivity.

Our consultants have significant experience in two of the top 7 global quick-service chains in addition to several large restaurant, retail, and hotel chains.
