REMOTEtional INTELLIGENCE

How to use Emotional Intelligence to deliver results from any location

Duration: 12 Hours

Recommended Format: 6 Weekly 2-Hour Sessions

WITH Emotional Intelligence EQi-2.0 Assessment	WITHOUT Emotional Intelligence EQi-2.0 Assessment
\$1,864 per seat	\$1,164 per seat

Course Description

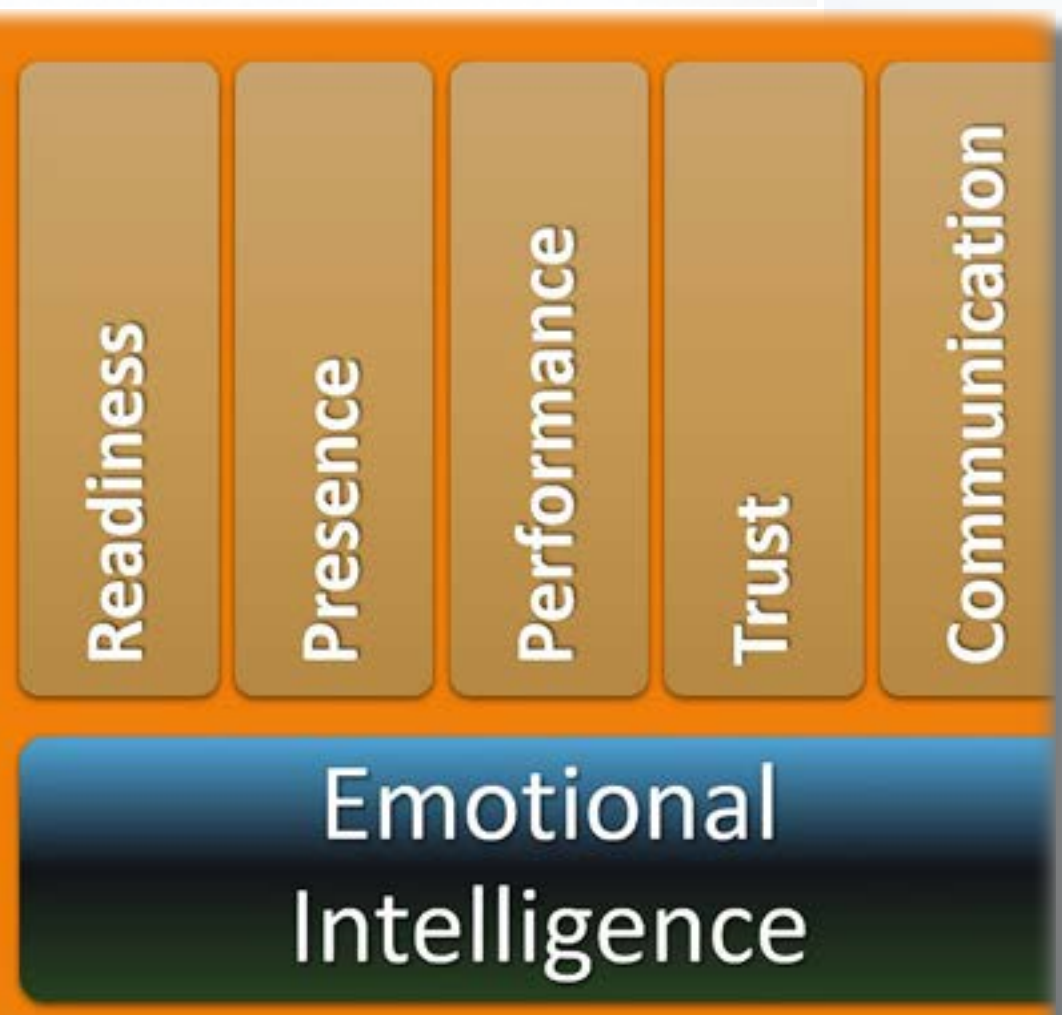

In this course, you'll learn the tactics prescribed in the book **REMOTEtional Intelligence** for building result-oriented teams that work seamlessly as remote, hybrid or co-located teams. You'll learn how 15 emotional intelligence traits can benefit remote workers, managers and teams by enabling remote worker autonomy, building presence, re-imagining performance, building trust, and simplifying the communication process. This fun, highly interactive course will include break-out rooms, activities, polling, chat and a closing round of Jeopardy to reinforce concepts. Optional EQi-2.0 assessment add-on available.

Duration: 12 hours (6 Weekly 2-Hr Sessions)

Learning Objectives

- Explain why remote work should increase performance
- Identify your strengths and weaknesses as a remote worker
- Implement strategies to immediately improve remote performance
- Distinguish performance issues from remote worker readiness issues
- Describe the tools required for optimal remote work
- Develop a communication plan for managers, co-workers and customers
- Describe effective ways to establish a sense of presence
- Provide effective responses to 7 common concerns about remote work
- Describe effective monitoring and trust strategies
- Identify 5 objective, pandemic-proof performance measures
- Describe effective strategies for closing trust gaps
- Use emotional intelligence to overcome remote work challenges
- Identify practical solutions to proactively address technical issues
- Identify 8 criteria for an ideal workspace
- Explain effective ways to project leadership presence
- Describe ways to be more decisive
- Describe ways to command the virtual room
- Explain how to apply a "Mamba Mentality" at work
- Describe tactics for securing better performance reviews
- Explain the relative importance of verbal and nonverbal messages
