

Charting Champions Program

with Sarah Smith

Physicians bring enormous value to the health care system, however the Charting and Paperwork is a significant factor in the mental load of Physicians

Charting Champions Program was developed to help Physicians improve their workplace efficiency and productivity.

Getting today's work done today.

With the additional goal of reducing mental load and improving job satisfaction.

This program welcomes all Physicians who need assistance with their charting and clinical day, it is Lifetime Access with no ongoing fees
