THE CEO'S SECRET WEAPON

Denise B. Povernick ~ The CEO's Secret Weapon is an Energetic Experience Alchemist, who helps CEO's & Entrepreneurs transcend the limiting thought illusions of the Conscious Mind by discovering the truth hidden in personal energetic experience. She works with high-achieving, passionate CEOs and C-level executives who are ready to create results beyond strategy. She is often referred to by her clients as "The CEO's Secret Weapon."

From the age of 3, Denise was made aware of her unique abilities as an energetic master and alchemist through her grandmother. She continued to use her gifts personally and professionally throughout her life and began to dive into the study of what she innately knew in her early 20's transforming her gifts into a results-driven art form.

Denise's experience goes well beyond her energetic abilities. She is a Trained Investigator and Interrogator in the Reid Technique, as well as a profiler and interrogation closer. Denise is also a 9th Degree Reiki Grand Master, a title exclusively held by less than the top 1% of Reiki practitioners and only 40 in the entire world.

An avid fitness enthusiast, Certified Nutritionist & Certified Personal Trainer, Denise parlayed her passion for well-being into a thriving international "energy-driven" personal training and nutrition company, InnerStrength U, that is co-owned and run by her partner, Curvin Desmoulin. Denise is an international speaker and has shared the stage with influencers ranging from best-selling author John Gray to NY Yankee James Leyritz. Her book, Energetic Card Deck and The Invincible CEOSM Podcast are set to debut in 2021.
