“How to Run for Office as a Christian Conservative” instructed by U.S. Congressman Bill Redmond, Ret.

***Just Released – Comprehensive and Affordable Online Course Designed to Help:
Christian Conservative Candidates for Any Office, Campaign Managers, and Even Those ‘Thinking About Running’***

**** Launch Special: Access to Entire Course at “Set Your Own Price” through July 2020 ****

Colorado Springs, Colorado (June 29, 2020) More conservative Christians are running for office – or thinking about running for office – than ever before. Why? Because Christians are finally waking up to the dangers of having our majority voice repressed, rather than represented. We are also assuming our Heavenly mandate to take dominion in every sphere of society, and this includes government.

Politics can be dangerous ground for anyone, but our anti-God post-modern culture has made it especially so for conservative Christians. That is why U.S. Congressman Bill Redmond (NM, Ret.) just released the comprehensive campaign training course, **“How to Run for Office as a Christian Conservative”**.

What makes this online class unique is its foundational Biblical worldview combined with practical, battle-tested strategies specifically designed to educate, equip, and encourage Conservative Christian candidates running for ANY elected position. It will also greatly help campaign managers, candidate families, pastors, volunteers, and others to fully engage in the political process; and is perfect for those wanting to run for office “if they only knew how.”

Bill Redmond is a Pastor, a former U.S. Congressman who represented New Mexico’s 3rd District, and a U.S. Army veteran. As a National Representative for CitizenLink (now Family Policy Alliance), the political affiliate of Focus on the Family, Bill conducted campaign training, fundraising, and political analysis for 11 high-profile states. He has professionally advised candidates from school board to the U.S. Senate, and almost everything in between, and seen more than 80 candidates win their races. Since 2017, Bill has been an instructor at Charis Bible College in Woodland Park, Colorado where he teaches, “How to Run for Office” in their School of Practical Government. This new online training is based on both his college program and his decades of political experience and expertise.

America's founding fathers established in the Declaration of Independence that: *Governments are instituted among men to secure the unalienable rights bestowed on every man and woman by God.* While many Christians want to make a difference in government, they often lack of a confident Biblical worldview, causing them to either not run, or to be timid regarding their convictions when campaigning. Worse yet, should they win their office they are all too often intimidated by the system and do not vote/govern according to Biblical principles.

"Over the past 20 years," says Congressman Redmond, "I have seen good solid Christians with great potential run and win, only to be compromised by the controlling political forces of our day, because they were not grounded in a Biblical worldview. The impact they sought to have was muted or lost altogether." This is why "How to Run for Office as a Christian Conservative" invests so much time in establishing a clear, actionable Biblical worldview for its students before teaching the multitude of practical steps necessary for successful campaigning.

Lifetime access for the online course, valued at \$2000, consists of five modules with more than 50 video classes comprising 8+ hours of training. Students also receive downloadable audio MP3s and PDF transcripts of each class.

"How to Run as a Christian Conservative" is the experienced and affordable political consultant that every Christian conservative candidate needs. Think of it as having a "virtual campaign manager", available 24/7 up to election day, and beyond!

Launch Special: Through July 2020 the complete course is "set your own price" for lifetime access, so that literally every Christian Conservative in America can be educated, equipped, and encouraged to run for office or to support those who do! It's our honor to assist our country in getting the very best people into government who will serve steadfastly with a Biblical worldview.
