## ABOUT REBECCA

Rebecca is a flawless, fearless, and fabulous crusader of empowering business influencers and thought leaders with everything they need to purposefully create cutting-edge video content...which in this digital age video is the fastest way to build trust, convey credibility, and amplify your purpose in a fiercely competitive attention economy.

Her love of the small screen started early when she was lucky enough to land a PR internship and negotiated a client's handbag onto the set of hit TV show Gossip Girl.

In 2012 she moved to Australia with little more than her passport, a laptop and a dream. Fast forward, and over the past 10 years she has built nationwide production company 'Deli Agency', opened 'Pymont Studio' and launched her flagship online course 'The Video Academy'.

Described by her clients as a 'Video Ninja', Rebecca is a sought after video strategist and producer who builds brands through impactful video and live virtual events.

She has created video for global brands like Microsoft, LinkedIn, Hitachi and Zoom, through to local councils, not-for-profits and well-known thought leaders, speakers + business owners.

Through consulting, speaking and video production services she works with her clients to build online visibility, stay relevant and drive ROI.

She is a video expert, visual impactor, video strategist and entrepreneur with a passion for building brands with visual impact.

Oh, and for a bit of fun in 2018 she co-produced independent Australia feature film 'Reaching Distance'.
