

## The Magic of Summer

I LOVE Summer's Magic! Beautiful warm air, stunning skies, and birds chirping their glorious songs. We tend our physical gardens while cultivating gardens of our soul. Flower's blossom and majestic rainbows of color stream through us.

The [Outdoors Alliance for Kids](#) is a collaborative organization of over 100 organizations including the [Sierra Club](#) and [The American Heart Organization](#) that help children connect to the healing majesty of nature. Only 1 in 5 Americans live within half a mile of an outdoor

park. Help convert vacant lots to outdoor centers of relaxation while increasing access to green spaces. Spending time outdoors reduces cardiovascular disease while bringing health and wellness to our body.

Allow yourself to release the shackles of COVID by spending time hiking, swimming, camping, biking, and breathing the fresh air of this new season of growth. Enjoy nature's full bloom by painting, drawing, or journaling while immersing yourself in summer's magic. Delight in the mouthwatering joy of s'mores!

As the English poet and Poet Laureate Henry James states:

*"Summer afternoon – summer afternoon;  
to me those have always been  
the two most beautiful words  
in the English language."*

Musicians Seals and Croft song, "Summer Breeze...makes me feel fine" says it all.

Life is better in the summer!
