

JOIN US IN PRAYER

- **Pray as we continue this incredible journey of becoming like Christ in all things:**
For Kingsway it is about reaching the lost and unchurched families of our communities so they are saved by God's grace and connected to Christ in Christian community. God will move heaven and earth to see one precious person come to know Christ and we will too. To Kingsway, it's about Kingdom work, and that means it's about people. Pray that this decision will cause more people to come to know Christ as Savior and Lord.

- **Pray we use God's present plan to reach this generation:**
The mission of the church is never changing but the methods by which we reach out community are always changing. As we see a shift from larger mega-churches to smaller community focused churches that are a part of a larger network, we believe this will lead us as a church to a place where we are prepared to reach kids and families in an even greater way. With our Expansion philosophy fully embracing God's movement in this generation, we seek to reach people the way God is reaching them. Choosing Christ means surrendering to His plan, today, and that means one church with many locations. God wants us to start many smaller churches campus sites, not build mega churches to maximize His resources. Kingsway operates on the generosity of Christ through our members. We are stewards of those resources to reach the most people the most effective way. We believe this is how God is reaching people and Kingsway wants to obey and follow Christ.

- **Pray for unity as we join together for a common shared mission:**
KCS and other potential partners are looking to join together to reach their mission in Christian Education just like Kingsway Church is on mission with Christ to redeem our community and world. This present site can be the "best in class" for Christian Education in Indiana and help Kingsway Church be a champion for our community. Pray that this decision allows for our shared mission to be fulfilled.

- **Pray that we hear God's voice on fulfilling all of this by relocating The Avon Kingsway Church Campus:**
We are asking you to pray to hear God's voice in the Avon Campus for the Church to relocate within a few miles from this location and launch a new Kingsway Church Avon Campus to continue our strategy of one church with many locations. Our Elders and Executive Team believe this is what God is saying and we ask you to join in prayer as we continue to seek God's direction and voice. Our response when God does speak? To obey in faith and trust.

- **Pray as God leads us to a decision that allows no one to lose and everyone to win:**
This kind of win is great news for the Kingdom of God to advance on all fronts. Kingsway is focused on advancing the mission of the Gospel and making disciples who make disciples. It is ultimately and always about Kingdom work. When Kingsway Church and School wins, the Gospel wins, disciple making wins. Pray that God's work wins above all else!
