

Congregation Listening Session | 2024

Please take some time to review each question. Spend a few minutes in prayer and reflection, then write out your answers. It would be best for you to bring these with you to the session you signed up to attend.

1. What do you think of when you hear the word "Kingsway" in our community?

2. What would you add or change about our church building and campus if money was not an issue?

3. How might Kingsway help the "least of these" in our community?

4. If Kingsway closed its doors tomorrow, what would our community notice is missing?

5. If you currently serve on a team at Kingsway, what pain points have you experienced in our building or on our campus? How would you fix those pain points?
