Montageanleitung Tischtennistisch

„Outdoor 10“, „Indoor 10“

Art.-Nr. 07178-900, 07178-950, 07138-900

D Wichtige Hinweise

Sie alle Schraubverbindungen nach dem Montageschritt auf festen Sitz. **Achtung:** wieder gelöste Sicherheitsmutter werden unbrauchbar (Zerstörung der Klemmsicherung) und sind durch Neue zu ersetzen.

- Aus fertigungstechnischen Gründen behalten wir uns die Vormontage von Bauteilen (z.B. Rohrstopfen) vor.

Ersatzteilbestellung

Geben Sie bei Ersatzteilbestellungen bitte die vollständige Artikelnummer, die Ersatzteilnummer, die benötigte Stückzahl sowie die Seriennummer (siehe Ersatzteilzeichnung) an.

Bestellbeispiel: Art.-Nr. 07178-900/Ersatzteil-Nr. 10100016/Stück /Seriennummer:

Wichtig: Zu verschraubende Ersatzteile werden grundsätzlich ohne Verschraubungsmaterial berechnet und geliefert. Falls Bedarf an entsprechendem Verschraubungsmaterial besteht, ist dieses durch den Zusatz „mit Verschraubungsmaterial“ bei der Ersatzteilbestellung anzugeben.

- Bewahren Sie die Originalverpackung des Gerätes gut auf, damit sie später u. U. als Transportverpackung verwendet werden kann. Warenretouren sind **nur** nach Absprache und mit transportsicherer (Innen-) Verpackung, möglichst im Originalkarton vorzunehmen. Wichtig ist eine detaillierte Fehlerbeschreibung/Schadensmeldung!

GB Assembly Instructions

Before assembling or using the table-tennis table, please read the following instructions carefully. They contain important information for use and maintenance of the equipment as well as for your personal safety. Keep these instructions in a safe place for maintenance purposes or for ordering spare parts.

All KETTLER products are designed in accordance with the latest safety regulations and undergo a constant process of quality control during manufacturing. The knowledge gained in this process is used to constantly improve and develop our products. In order to offer our customers the very best in product quality, we reserve the right to make technical changes at any time. In spite of this, should you have any cause for complaint, please contact your KETTLER dealer.

Note on Safety

- The table-tennis table should be used only for its intended purpose, i.e. for playing with suitable table-tennis bats and balls.
- All other uses are prohibited and may be dangerous. The manufacturer cannot be held liable for damage or injury caused by improper use of the table.
- Damaged or worn components may endanger your safety or shorten the lifespan of the table-tennis table. Replace worn or damaged components immediately and remove the table from use until this has been done. Use only spare parts manufactured by KETTLER.
- The table-tennis table complies with all safety regulations. Incorrect repairs, alterations to the design (removal of original parts, addition of other components etc.) may endanger the safety of the user.
- Instruct other persons (in particular children) using the table in its correct use, and draw their attention to any potential source of danger, especially when setting up or dismantling the table.
- When setting up or dismantling the table, stay clear of its folding radius.
- When folded up, the table-tennis table presents a large surface to the wind. For this reason, ensure that it is stored in a sheltered position.
- The table-tennis table may be pushed only into the transport position because there is otherwise a danger of injury.
- The unit complies with the standard EN 14468-1:2004.
- Depending on frequency of use, check all screws, bolts etc. regularly to ensure that they are in good condition.
- **Caution:** While assembly of the product keep off children's reach (Choking hazard - contains small parts).
- In case of enquiry, please contact your KETTLER dealer.

Handling the equipment

- Do not use the table-tennis table until it has been fully and correctly assembled and checked.
- Ensure that table-tennis tables which are not weatherproof are not exposed to dampness or rain. Keep them well away from direct sources of heat. Should the surface become warped, lay the table on a level surface for a few days.
- Set the table up on a level surface.
- Do not cover it with plastic foil, under which condensation may form. We recommend the weatherproof KETTLER tarpaulin, art. no. 7032-300.
- For practising without a partner, the table halves can be folded up singly.
- For more information on the sport of table-tennis, you are referred to the specialist literature on the subject.
- Do not use corrosive or abrasive materials to clean the equipment. Ensure that such materials are not allowed to pollute the environment. In most cases, a slightly dampened cloth is sufficient.
- **Waste Disposal:** KETTLER products are recyclable. At the end of its useful life please dispose of this article correctly and safely (local refuse sites).

Instructions for Assembly

- The equipment must be assembled with due care by **two adult persons**.
- Ensure that you have received all the parts required (see check list) and that they are undamaged. Should you have any cause for complaint, please contact your KETTLER dealer.
- Before assembling the equipment, study the drawings carefully and carry out the operations in the order shown by the diagrams. The correct sequence is given in capital letters.
- Please note that there is **always** a danger of injury when working with tools or doing manual work. Therefore please be careful when assembling this machine.
- Ensure that your working area is free of possible sources of danger, for example don't leave any tools lying around. Always dispose packaging material in such a way that it may not cause any danger. There is always a **risk of suffocation** if children play with plastic bags!

List of spare parts

When ordering spare parts, always state the full article number, spare-partnumber, the quantity required and the S/N of the product (see spare parts drawing).

Example order: Art. no. 07178-900 / spare-part no. 10100016 / 2 pieces / S/N.....

Important: spare part prices do not include fastening material; if fastening material (bolts, nuts, washers etc.) is required, this should be clearly stated on the order by adding the words „**with fastening material**“.

- The fastening material required for each assembly step is shown in the diagram inset. Use the fastening material exactly as instructed.
- Bolt all the parts together loosely at first, and check that they have been assembled correctly. Tighten the locknuts by hand until resistance is felt, then **use spanner to finally tighten nuts completely against resistance (locking device)**. Then check that all screw connections have been tightened firmly. **Attention:** once locknuts have been unscrewed they no longer function correctly (the locking device is destroyed), and must be replaced.
- For technical reasons, we reserve the right to carry out preliminary assembly work (e.g. addition of tubing plugs).
- Please keep original packaging of this article, so that it may be used for transport at a later date, if necessary. Goods may **only** be returned after prior arrangement and in (internal) packaging, which is safe for transportation, in the original box if possible. It is important to provide a detailed defect description / damage report!

F Instructions de montage

Lire attentivement les présentes instructions avant le montage et la première utilisation de l'appareil. Elles contiennent des renseignements importants relatifs à la sécurité des personnes ainsi qu'à l'emploi et à l'entretien des plateaux de tennis de table. Conserver soigneusement lesdites instructions pour d'éventuels renseignements ainsi que pour effectuer l'entretien de l'appareil ou commander des pièces de rechange.

Tous les produits KETTLER sont conçus conformément à l'état actuel des prescriptions de sécurité et fabriqués sous une surveillance constante de la qualité. Les connaissances acquises sont utilisées lors de notre travail de développement. Pour cette raison, nous nous réservons le droit de procéder à des modifications de la technique et de la stylistique, afin de pouvoir toujours proposer à nos clients des produits de qualité optimale. Au cas où vous auriez malgré tout un motif de réclamation, veuillez vous adresser à votre vendeur spécialisé.

Pour votre sécurité

- Les plateaux de tennis de table ne doivent être utilisés que pour jouer avec des raquettes et des balles de ping-pong appropriées.
- Toute autre utilisation est interdite et peut être dangereuse. Le fabricant ne pourra être tenu responsable des dommages dus à une utilisation non conforme.
- Les composants endommagés peuvent affecter la sécurité des personnes et la longévité de l'appareil. Aussi y a-t-il lieu de remplacer immédiatement les composants usés ou endommagés et d'interdire l'emploi de la table jusqu'à ce qu'elle soit remise en état. Pour le remplacement de pièces, n'utiliser que des pièces KETTLER d'origine.
- Les plateaux répondent aux directives de sécurité prescrites. Le fait de ne pas effectuer correctement les réparations et de procéder à des modifications (démontage de pièces d'origine, montage de pièces non autorisées, etc.) peut représenter des risques pour l'utilisateur.
- Attirer l'attention des autres joueurs et surtout des enfants sur les risques possibles - surtout lors du montage et du démontage de la table de ping-pong.
- Au montage et au démontage de la table, faire attention à la partie où les deux moitiés se plient.
- Ne pas perdre de vue que pour le transport, la surface de la table de ping-pong est soumise aux coups de vent. Aussi faut-il la mettre à l'abri du vent.
- La table de ping-pong ne doit être déplacée que dans sa position de transport, sinon on s'expose au risque de blessure.
- L'appareil est conforme à la norme EN 14468-1:2004.
- Si on s'en sert régulièrement pour jouer, on devra en contrôler de
- **Attention!** Pendant le montage du produit, maintenir les enfants à l'écart (petites pièces risquant d'être avalées). temps en temps toutes les pièces et tout particulièrement les vis.
- On cas de doute, on est prié de s'adresser à son concessionnaire KETTLER.

① Für die Montageschritte Bild 3 bis Bild 5b ist ein ebener und fremdkörperfreier Untergrund erforderlich. Verwenden Sie hierfür den unbeschädigten Deckel der Verpackungskartona-ge als Untergrund. Achten Sie unbedingt darauf, dass sich keine Schraub- oder andere Befestigungsteile oder Fremd-körper auf der Pappunterlage befinden.

② A flat subsurface free from foreign objects is required for as-sembly steps image 3 to image 5b. For this use the unda-maged lid of the packaging box as a subsurface. You must ensure that no screws or other fasteners or foreign objects are on the cardboard base.

③ Pour les étapes de montage de l'illustration 3 à l'illustration 5b, un support plan et dépourvu de corps étranger est né-cessaire. A cet effet, utilisez comme base le couvercle non endommagé de l'emballage en carton. Veillez impérative-ment à ce qu'aucune pièce de vissage ou autre fixation ou corps étranger ne se trouve sur le support en carton.

④ Voor de montageschappen Afb. 3 tot en met Afb. 5b is een vl-akke ondergrond vereist die vrij is van vreemde elementen. Gebruik hiervoor het onbeschadigde deksel van het verpak-kingskarton als ondergrond. Zorg er voor absoluut voor dat de ondergrond van karton geen schroef- of andere bevesti-gingsdelen of vreemde elementen bevat.

⑤ Para los pasos de montaje de la imagen 3 a la imagen 5b se requiere una superficie plana y libre de cuerpos extraños.

Utilice la tapa intacta del cartón de embalaje como superfi-cie. Compruebe que no hay tornillos, componentes de suje-ción o cuerpos extraños sobre la base de cartón.

① Per le fasi di montaggio illustrate alle fig. da 3 a 5b è ne-cessaria una superficie piana e libera da materiale estraneo. A questo scopo, utilizzare il coperchio non danneggiato del cartone d'imballaggio. Assicurarsi assolutamente che sul supporto di cartone non siano presenti viti o altri elementi di fissaggio oppure materiale estraneo.

② Do kolejnych etapów montażu (rys. 3 do rys. 5b) niezbędne jest równe i uprzątnięte z innych przedmiotów podłoże. W tym celu jako podłoże należy używać nieuszkodzonej po-krywy od opakowania kartonowego. Należy koniecznie zwrócić uwagę, aby na kartonowym podłożu nie znajdowały się śruby, części mocujące lub inne przedmioty.

③ Для осуществления этапов монтажа рис. 3 до рис. 5b требуется ровная и свободная от инородных предметов основа. Используйте для этого в каче-стве основания неповрежденную крышку упаковоч-ного картона. Обращайте внимание непременно на то, чтобы никакие винтовые либо иные крепежные элементы или инородные предметы не находились на картонной основе.
