## (U) PREAMBLE

---

November 12, 2015

(U) As the primary investigative agency of the federal government, the FBI has the authority and responsibility to investigate all violations of federal law that are not exclusively assigned to another federal agency. The FBI is further vested by law and by Presidential directives with the primary role in carrying out criminal investigations and investigations of threats to the national security of the United States. This includes the lead domestic role in investigating international terrorist threats to the United States, and in conducting counterintelligence activities to counter foreign entities' espionage and intelligence efforts directed against the United States. The FBI is also vested with important functions in collecting foreign intelligence as a member agency of the United States Intelligence Community (USIC). (AGG-Dom, Introduction)

(U) While investigating crime, terrorism, and threats to the national security, and collecting foreign intelligence, the FBI must fully comply with all laws and regulations, including those designed to protect civil liberties and privacy. Through compliance, the FBI will continue to earn the support, confidence and respect of the people of the United States.

(U) To assist the FBI in its mission, the Attorney General signed the Attorney General's Guidelines for Domestic FBI Operations (AGG-Dom) on September 29, 2008. The primary purpose of the AGG-Dom and the Domestic Investigations and Operations Guide (DIOG) is to standardize policy so that criminal, national security, and foreign intelligence investigative activities are accomplished in a consistent manner, whenever possible (e.g., same approval, notification, and reporting requirements). In addition to the DIOG, each FBIHQ operational division has a policy guide (PG) that supplements this document. Numerous FBI manuals, electronic communications, letterhead memoranda, and other policy documents are incorporated into the DIOG and the operational division policy guides, thus, consolidating the FBI's policy guidance. The FBIHQ Internal Policy Office (IPO) plays an instrumental role in this endeavor. Specifically, the IPO maintains the most current version of the DIOG on its website. As federal statutes, executive orders, Attorney General guidelines, FBI policies, or other relevant authorities change, IPO will electronically update the DIOG after appropriate coordination and required approvals.

(U) Since its initial release in 2008, the DIOG has been revised several times as a result of changes to Executive Orders, the Attorney General Guidelines, federal statutes, as well as suggestions offered by field offices and FBIHQ Divisions. The changes to the DIOG in this release should better equip you to protect the people of the United States against crime and threats to the national security and to collect foreign intelligence. This is your document, and it requires your input so that we can provide the best service to our nation. If you discover a need for change, please forward your suggestion to FBIHQ IPO.

(U) Thank you for your outstanding service!

James B. Comey

Director

§1

# 1 (U) SCOPE AND PURPOSE

---

## 1.1 (U) SCOPE

(U) The Domestic Investigations and Operations Guide (DIOG) applies to all investigative activities and intelligence collection activities conducted by the FBI within the United States, in the United States territories, or outside the territories of all countries. This policy document does not apply to investigative and intelligence collection activities of the FBI in foreign countries; those are governed by:

- A) (U) *The Attorney General's Guidelines for Extraterritorial FBI Operations and Criminal Investigations*;
- B) (U) *The Attorney General's Guidelines for FBI National Security Investigations and Foreign Intelligence Collection* (those portions which were not superseded by *The Attorney General Guidelines for Domestic FBI Operations*);
- C) (U) *The Attorney General Guidelines on the Development and Operation of FBI Criminal Informants and Cooperative Witnesses in Extraterritorial Jurisdictions*;
- D) (U) *The Attorney General Procedure for Reporting and Use of Information Concerning Violations of Law and Authorization for Participation in Otherwise Illegal Activity in FBI Foreign Intelligence, Counterintelligence or International Terrorism Intelligence Investigations* (August 8, 1988); and
- E) (U) *Memorandum of Understanding Concerning Overseas and Domestic Activities of the Central Intelligence Agency and the Federal Bureau of Investigation* (2005).

(U//~~FOUO~~) Collectively, these guidelines and procedures are hereinafter referred to as the Extraterritorial Guidelines in the DIOG.

## 1.2 (U) PURPOSE

(U) The purpose of the DIOG is to standardize policies so that criminal, national security and foreign intelligence investigative activities are consistently and uniformly accomplished whenever possible (e.g., same approval, opening/closing, notification, and reporting requirements).

(U) This policy document also stresses the importance of oversight and self-regulation to ensure that all investigative and intelligence collection activities are conducted within Constitutional and statutory parameters and that civil liberties and privacy are protected.

(U) In addition to this policy document, each FBI Headquarters (FBIHQ) operational division has a policy guide (PG) or several PGs that supplement the DIOG. No policy or PG may contradict, alter, or otherwise modify the standards of the DIOG. A DIOG-related policy or PG must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG Section 3.2.2 paragraphs (A), (B), (C) and (D). As a result, numerous FBI manuals, electronic communications, letterhead memoranda, and other policy documents are incorporated into the DIOG and operational division PGs, thus, consolidating FBI policy guidance.

## 2 (U) GENERAL AUTHORITIES AND PRINCIPLES

---

### 2.1 (U) AUTHORITY OF THE ATTORNEY GENERAL'S GUIDELINES FOR DOMESTIC FBI OPERATIONS

(U) The *Attorney General's Guidelines for Domestic FBI Operations (AGG-Dom)* apply to investigative and intelligence collection activities conducted by the FBI within the United States, in the United States territories, or outside the territories of all countries. They do not apply to investigative and intelligence collection activities of the FBI in foreign countries, which are governed by the Extraterritorial Guidelines discussed in DIOG Section 13. (Reference: AGG-Dom, Part I.A.)

(U) The AGG-Dom replaces the following six guidelines:

- A) (U) *The Attorney General's Guidelines on General Crimes, Racketeering Enterprise and Terrorism Enterprise Investigations* (May 30, 2002);
- B) (U) *The Attorney General's Guidelines for FBI National Security Investigations and Foreign Intelligence Collection* (October 31, 2003);
- C) (U) *The Attorney General's Supplemental Guidelines for Collection, Retention, and Dissemination of Foreign Intelligence* (November 29, 2006);
- D) (U) *The Attorney General Procedure for Reporting and Use of Information Concerning Violations of Law and Authorization for Participation in Otherwise Illegal Activity in FBI Foreign Intelligence, Counterintelligence or International Terrorism Intelligence Investigations* (August 8, 1988);
- E) (U) *The Attorney General's Guidelines for Reporting on Civil Disorders and Demonstrations Involving a Federal Interest* (April 5, 1976); and
- F) (U) *The Attorney General's Procedures for Lawful, Warrantless Monitoring of Verbal Communications* (May 30, 2002) [only portion applicable to FBI repealed].

(U) Certain of the existing guidelines that are repealed by the AGG-Dom currently apply in part to extraterritorial operations, including the *Attorney General's Guidelines for FBI National Security Investigations and Foreign Intelligence Collection*, and the *Attorney General Procedure for Reporting and Use of Information Concerning Violations of Law and Authorization for Participation in Otherwise Illegal Activity in FBI Foreign Intelligence, Counterintelligence or International Terrorism Intelligence Investigations*. To ensure that there is no gap in the existence of guidelines for extraterritorial operations, these existing guidelines will remain in effect in their application to extraterritorial operations notwithstanding the general repeal of these existing guidelines by the AGG-Dom.

(U) Also, the classified *Attorney General Guidelines for Extraterritorial FBI Operation and Criminal Investigations* (1993) will continue to apply to FBI criminal investigations, pending the execution of the new guidelines for extraterritorial operations. Finally, for national security and foreign intelligence investigations, FBI investigative activities will continue to be processed as set forth in the classified *Memorandum of Understanding Concerning Overseas and Domestic Activities of the Central Intelligence Agency and the Federal Bureau of Investigation* (2005).

## 2.2 (U) GENERAL FBI AUTHORITIES UNDER AGG-DOM

(U) The AGG-Dom recognizes four broad, general FBI authorities. (AGG-Dom, Part I.B.)

### 2.2.1 (U) *CONDUCT INVESTIGATIONS AND COLLECT INTELLIGENCE AND EVIDENCE*

(U) The FBI is authorized to collect intelligence and to conduct investigations to detect, obtain information about, and prevent and protect against federal crimes and threats to the national security and to collect foreign intelligence, as provided in the DIOG (AGG-Dom, Part II).

(U) By regulation, the Attorney General has directed the FBI to investigate violations of the laws of the United States and to collect evidence in investigations in which the United States is or may be a party in interest, except in investigations in which such responsibility is by statute or otherwise specifically assigned to another investigative agency. The FBI's authority to investigate and to collect evidence involving criminal drug laws of the United States is concurrent with such authority of the Drug Enforcement Administration (DEA) (28 C.F.R. § 0.85[a]).

### 2.2.2 (U) *PROVIDE INVESTIGATIVE ASSISTANCE*

(U) The FBI is authorized to provide investigative assistance to other federal, state, local, or tribal agencies, and foreign agencies as provided in Section 12 of the DIOG (AGG-Dom, Part III).

### 2.2.3 (U) *CONDUCT INTELLIGENCE ANALYSIS AND PLANNING*

(U) The FBI is authorized to conduct intelligence analysis and planning as provided in Section 15 of the DIOG (AGG-Dom, Part IV).

### 2.2.4 (U) *RETAIN AND SHARE INFORMATION*

(U) The FBI is authorized to retain and to share information obtained pursuant to the AGG-Dom, as provided in Sections 12 and 14 of the DIOG (AGG-Dom, Part VI).

## 2.3 (U) FBI AS AN INTELLIGENCE AGENCY

(U) The FBI is an intelligence agency as well as a law enforcement agency. Its basic functions accordingly extend beyond limited investigations of discrete matters, and include broader analytic and planning functions. The FBI's responsibilities in this area derive from various administrative and statutory sources. See Executive Order 12333; 28 U.S.C. § 532 note (incorporating P.L. 108-458 §§ 2001-2003) and 534 note (incorporating P.L. 109-162 § 1107).

(U) Part IV of the AGG-Dom authorizes the FBI to engage in intelligence analysis and planning, drawing on all lawful sources of information. The functions authorized under that Part includes: (i) development of overviews and analyses concerning threats to and vulnerabilities of the United States and its interests; (ii) research and analysis to produce reports and assessments (see note below) concerning matters relevant to investigative activities or other authorized FBI activities; and (iii) the operation of intelligence systems that facilitate and support investigations through the compilation and analysis of data and information on an ongoing basis.

(U) *Note:* In the DIOG, the word “assessment” has two distinct meanings. The AGG-Dom authorizes as an investigative activity an “Assessment,” which requires an authorized purpose and clearly defined objective (s) as discussed in the DIOG Section 5. The United States Intelligence Community (USIC), however, also uses the word “assessment” to describe written intelligence products as discussed in the DIOG Section 15.6.1.2.

## 2.4 (U) **FBI LEAD INVESTIGATIVE AUTHORITIES**

### 2.4.1 (U) **INTRODUCTION**

(U//~~FOUO~~) The FBI’s primary investigative authority is derived from the authority of the Attorney General as provided in 28 U.S.C. §§ 509, 510, 533 and 534. Within this authority, the Attorney General may appoint officials to detect crimes against the United States and to conduct such other investigations regarding official matters under the control of the Department of Justice (DOJ) and the Department of State (DOS) as may be directed by the Attorney General (28 U.S.C. § 533). The Attorney General has delegated a number of his statutory authorities and granted other authorities to the Director of the FBI (28 C.F.R. § 0.85[a]). Some of these authorities apply both inside and outside the United States.

### 2.4.2 (U) **TERRORISM AND COUNTERTERRORISM INVESTIGATIONS**

(U) The Attorney General has directed the FBI to exercise Lead Agency responsibility in investigating all crimes for which DOJ has primary or concurrent jurisdiction and which involve terrorist activities or acts in preparation of terrorist activities within the statutory jurisdiction of the United States. Within the United States, this includes the collection, coordination, analysis, management and dissemination of intelligence and criminal information, as appropriate. If another federal agency identifies an individual who is engaged in terrorist activities or acts in preparation of terrorist activities, the other agency is required to promptly notify the FBI. Terrorism, in this context, includes the unlawful use of force and violence against persons or property to intimidate or coerce a government, the civilian population, or any segment thereof, to further political or social objectives (28 C.F.R. § 0.85[1]). For a current list of legal authorities relating to the FBI’s investigative jurisdiction in terrorism investigations, see the OGC Law Library.

(U//~~FOUO~~) DOJ guidance designates the FBI as Lead Agency for investigating explosives matters which, under the following protocol, demonstrate a possible nexus to international or domestic terrorism:

- A) (U//~~FOUO~~) The following factors are strong indicia of a nexus to terrorism and lead-agency jurisdiction is assigned based on these factors alone:
  - 1) (U//~~FOUO~~) an attack on a government building, mass transit, a power plant; or
  - 2) (U//~~FOUO~~) the use of a chemical, biological, radiological, or nuclear agents.
- B) (U//~~FOUO~~) Requires each agency to notify the other immediately when responding to an explosives incident and to share all relevant information that may serve to rule in or out a connection to terrorism; and
- C) (U//~~FOUO~~) Creates a process for the FBI/Joint Terrorism Task Force (JTTF) to identify an explosives incident as connected to terrorism when there is reliable evidence supporting that claim and establishes a process for shifting lead-agency jurisdiction to the JTTF until the issue

is resolved. (See DOJ Memorandum, dated August 3, 2010, on "Protocol for Assigning Lead Agency Jurisdiction in Explosives Investigations.")

2.5 (U) STATUS AS INTERNAL GUIDANCE

(U) The AGG-Dom, this DIOG, and the various operational division PGs are set forth solely for the purpose of internal DOJ and FBI guidance. They are not intended to, do not, and may not be relied upon to create any rights, substantive or procedural, enforceable by law by any party in

any matter, civil or criminal, nor do they place any limitation on otherwise lawful investigative and litigative prerogatives of the DOJ and the FBI. (AGG-Dom, Part I.D.2.)

## **2.6 (U) DEPARTURE FROM THE AGG-DOM (AGG-Dom I.D.3)**

### **2.6.1 (U) DEFINITION**

(U//~~FOUO~~) A “departure” from the AGG-Dom is a deliberate deviation from a known requirement of the AGG-Dom. The word “deliberate” means the employee was aware of the AGG-Dom requirement and affirmatively chose to depart from it for operational reasons before the activity took place. Departures from the AGG-Dom may only be made in accordance with the guidance provided in this section.

### **2.6.2 (U) DEPARTURE FROM THE AGG-DOM IN ADVANCE**

(U//~~FOUO~~) A departure from the AGG-Dom must be approved by the Director of the FBI, by the Deputy Director of the FBI, or by an Executive Assistant Director (EAD) designated by the Director. The Director of the FBI has designated the EAD National Security Branch (NSB) and the EAD Criminal Cyber Response and Services Branch (CCRSB) to grant departures from the AGG-Dom. Notice of the departure must be provided by Electronic Communication (EC) to the General Counsel (GC) using file number 333-HQ-C1629406. The Office of the General Counsel (OGC) must provide timely written notice of departures from the AGG-Dom to either the DOJ Criminal Division or National Security Division (NSD), whichever is appropriate, or to both, and the Criminal Division or NSD must notify the Attorney General and the Deputy Attorney General. Notwithstanding this paragraph, all activities in all circumstances must be carried out in a manner consistent with the Constitution and laws of the United States. (AGG-Dom, Part I.D.3.)

### **2.6.3 (U) EMERGENCY DEPARTURES FROM THE AGG-DOM**

(U//~~FOUO~~) If a departure from the AGG-Dom is necessary without prior approval because of the immediacy or gravity of a threat to the safety of persons or property or to the national security, an FBI employee may, at his/her discretion, depart from the requirements of the AGG-Dom when the designated approving authority for the investigative activity cannot be contacted through reasonable means. The Director, the Deputy Director, or a designated EAD, and the GC must be notified by EC of the departure as soon thereafter as practicable, but not more than 5 business days after the departure using file number 333-HQ-C1629406. The OGC must provide timely written notice of departures from the AGG-Dom to either the DOJ Criminal Division or NSD, whichever is appropriate, or to both of them, and the Criminal Division or NSD must notify the Attorney General and the Deputy Attorney General. Notwithstanding this paragraph, all activities in all circumstances must be carried out in a manner consistent with the Constitution and laws of the United States. (AGG-Dom, Part I.D.3.)

### **2.6.4 (U) RECORDS OF DEPARTURES FROM THE AGG-DOM**

(U//~~FOUO~~) The OGC is responsible for maintaining records of all requests and approvals or denials of departures from the AGG-Dom. Records will be maintained in file number 333-HQ-C1629406.

## 2.7 (U) DEPARTURES FROM THE DIOG

### 2.7.1 (U) DEFINITION

(U//~~FOUO~~) A “departure” from the DIOG is a deliberate deviation from a specific known requirement or action governed by the DIOG. The word “deliberate” means the employee was aware of the DIOG requirement and affirmatively chose to depart from it for operational reasons before the activity took place. Approval of a departure must be based upon a specific circumstance involving a specific administrative or operational need. An approval may be for the duration of an investigation or relate to a specific classification, cannot extend beyond the scope of authority of the approving official, and must be approved in accordance with the guidance provided in this subsection.

(U//~~FOUO~~) DIOG related policy and policy guides (PG) must follow this departure review and approval process.

### 2.7.2 (U) DEPARTURE FROM THE DIOG

(U//~~FOUO~~) A request for a departure from the DIOG must be submitted with an EC using file number 333-HQ-C1629406 and must be approved by the appropriate operational program Assistant Director (AD) and the AD of OIC, with notice to the GC. The approving EC must document the scope; necessity; program-related value; specific circumstances that limit the departure’s application; and an evaluation of what, if any, risk the departure may create for systemic or unintended non-compliance with the DIOG or other policies. Notwithstanding this paragraph, all activities in all circumstances must be carried out in a manner consistent with the Constitution, laws of the United States, Executive Orders, Presidential Directives, Department of Justice guidelines, Office of the Director of National Intelligence policy directives and interagency agreements.

(U//~~FOUO~~) OGC will review all departures from the DIOG. If OGC determines the departure from the DIOG also involves a departure from the AGG-Dom. OGC must provide timely written notice to DOJ in accordance with the provisions of Section I.D.3 of the AGG-Dom.

### 2.7.3 (U) EMERGENCY DEPARTURES FROM THE DIOG

(U//~~FOUO~~) FBI employees may conduct or engage in investigative activity that deviates from the requirements of the DIOG, including utilizing investigative methods, without prior approval, when the designated approving authority for the investigative activity (if any) cannot be contacted through reasonable means and in the judgment of the employee one of the following factors is present:

- A) (U//~~FOUO~~) *an immediate or grave threat to the safety of persons or property exists, or*
- B) (U//~~FOUO~~) *an immediate or grave threat to the national security exists, or*
- C) (U//~~FOUO~~) *a substantial likelihood exists that a delay will result in the loss of a significant investigative opportunity.<sup>1</sup>*

(U//~~FOUO~~) The appropriate operational program AD and the GC must be notified of the emergency departure by EC using file number 333-HQ-C1629406 as soon as practicable, but no

---

<sup>1</sup> (U//~~FOUO~~) This is not a permissible factor for departing from the AGG-Dom. Thus, this factor may only provide a basis for a departure from the DIOG that does not require a departure from the AGG-Dom.

later than 5 business days after engaging in the activity or utilizing the investigative method. This documentation must also be filed in the applicable investigative file in which the activity or method was taken. OGC will review all departures from the DIOG. If OGC determines the departure from the DIOG also involves a departure from the AGG-Dom, OGC must provide timely written notice to DOJ in accordance with the provisions of Section I.D.3 of the AGG-Dom. Notwithstanding this paragraph, all activities in all circumstances must be carried out in a manner consistent with the Constitution and laws of the United States.

#### 2.7.4 (U) *RECORDS OF DEPARTURES FROM THE DIOG*

(U//~~FOUO~~) The OGC is responsible for maintaining records of all requests and approvals or denials of departures from the DIOG. Records will be maintained in file number 333-HQ-C1629406.

### 2.8 (U) *DISCOVERY OF NON-COMPLIANCE WITH DIOG REQUIREMENTS AFTER-THE-FACT*

#### 2.8.1 (U) *SUBSTANTIAL NON-COMPLIANCE WITH THE DIOG*

##### 2.8.1.1 (U) *SUBSTANTIAL NON-COMPLIANCE*

(U//~~FOUO~~) “Substantial non-compliance” means non-compliance that is of significance to the matter and is more than a minor deviation from a DIOG requirement.<sup>2</sup> Non-compliance that relates solely to administrative or peripheral requirements is not substantial. While the examples listed below do not comprise an exhaustive list and are not required elements, substantial noncompliance specifically includes any of the following:

- A) (U//~~FOUO~~) The unauthorized use of an investigative method;
- B) (U//~~FOUO~~) The failure to obtain required supervisory approval;<sup>3</sup> and
- C) (U//~~FOUO~~) Noncompliance that has a potential adverse effect upon a member of the public’s individual rights or liberties.

(U//~~FOUO~~) **Example A:** During an Assessment [REDACTED]

[REDACTED] to conduct surveillance.

Because the approval was not obtained in advance nor was it done pursuant to an emergency situation as described in 2.7.3, this would be “substantial” non-compliance with DIOG sections 18.5.8.3.3 and 18.5.8.3.4 and must be reported to OIC as set forth in 2.8.2 below.

(U//~~FOUO~~) **Example B:** A new SSA arrives in a squad and discovers that his predecessor did not conduct file reviews in several of the squad’s Predicated Investigations for several months. This is “substantial non-compliance” and must be reported.

<sup>2</sup> (U//~~FOUO~~) Departures from the AGG-Dom and the DIOG do not fall within the definition of “non-compliance” as used in this section. Departures are to be handled as described Sections 2.6 and 2.7 and should not be reported as “non-compliance” matters.

<sup>3</sup> (U//~~FOUO~~) If supervisory approval was obtained pursuant to Section 2.7.3 (Emergency Departure from the DIOG), the failure to document this approval within 5 business days is a reportable “substantial non-compliance” matter.

### 2.8.1.2 (U) OTHER NON-COMPLIANCE

(U//~~FOUO~~) An employee who discovers non-compliance that appears to be non-substantial must report the non-compliance to the Division Compliance Officer (DCO). Normally, non-compliance that is not “substantial” need not be reported to OIC. If there is uncertainty regarding whether a particular matter is substantial or not, the matter should be reported to

Nevertheless, whenever non-compliance is discovered (whether reported or not), appropriate remedial action must be taken by the relevant employee(s) to correct the non-compliance, including implementing any preventative measures that would help eliminate possible future non-compliance.

(U//~~FOUO~~) **Example:** An SSA discovers that she conducted a file review 20 days late. This relates to an administrative requirement and, without more, is not “substantial” noncompliance and does not have to be reported to OIC. The SSA should, however, report the noncompliance to the DCO and take appropriate preventative measures to avoid recurrence.

### 2.8.2 (U) DOCUMENTATION OF SUBSTANTIAL NON-COMPLIANCE

(U//~~FOUO~~) Substantial non-compliance with the DIOG must be reported. The report should be submitted by the party committing the non-compliance, if at all possible. It must be reported via EC [REDACTED] The EC must include the following information:

- A) (U//~~FOUO~~) The relevant DIOG provision(s) involved;
- B) (U//~~FOUO~~) Description of the facts and circumstances (including dates) of the substantial non-compliance;
- C) (U//~~FOUO~~) The date the substantial non-compliance was discovered;
- D) (U//~~FOUO~~) Circumstances leading to the discovery of the substantial non-compliance;
- E) (U//~~FOUO~~) If the substantial non-compliance was the result of the failure to obtain appropriate supervisory approval, a statement as to whether that official, or the current official in the appropriate supervisory position, would have approved the action if a timely request had been made based on the facts and circumstances then known;
- F) (U//~~FOUO~~) Known adverse consequences, if any, attributable to the substantial non-compliance; and
- G) (U//~~FOUO~~) Corrective or remedial action(s) taken or planned to be taken to mitigate the substantial non-compliance, as well as to help prevent such occurrences in the future.

(U//~~FOUO~~) **Example:** An ASAC discovers that a Preliminary Investigation (PI) was extended without obtaining the proper approvals. The failure to obtain appropriate supervisory approval to extend the Preliminary Investigation must be reported, and the report must address all of the seven areas in A-G listed above.

### 2.8.3 (U) REPORTING AUTHORITIES

(U//~~FOUO~~) If the substantial non-compliance occurred in a field office, the EC must be approved by the DCO and addressed to the ADIC/SAC. If the substantial non-compliance occurred at FBI Headquarters (FBIHQ), the EC must be approved by the DCO and addressed to the employee’s Assistant Director. A copy of the EC must be provided to the Office of Integrity

and Compliance (OIC) and to the Office of the General Counsel (OGC) using file number 3190-HQ-A1561245-OIC. A copy of the EC should also be sent to the investigative file in which the incident occurred. In addition, if the ADIC/SAC or AD assesses that the non-compliance appears to reflect intentional or willful misconduct; it must be reported separately by EC to the Internal Investigations Section of the Inspection Division.

#### 2.8.4 (U) *ROLE OF OIC AND OGC*

(U//~~FOUO~~) OGC will review all reports of substantial non-compliance to determine whether any further action is required in the particular matter. OIC will analyze substantial non-compliance reports to determine whether any trends exist in the data and will develop strategies to reduce the occurrences of substantial non-compliance. Based upon OIC's analysis of these reports, if OIC discovers a systemic problem of non-compliance with the AGG-Dom or DIOG involving intelligence activities, either division or FBI wide, OIC must notify OGC/NSLB of this systemic problem.

(U//~~FOUO~~) **Example A:** An IA discovers that a mail cover was used in an Assessment. Because mail covers are not permitted to be used in Assessments, this must be reported as a "substantial" non-compliance with the DIOG.

(U//~~FOUO~~) **Example B:** A supervisor determines that a Type 1 & 2 Assessment was opened based solely on the exercise of First Amendment rights. While no supervisory approval was required to open the Type 1 & 2 Assessment, this must be reported as "substantial" non-compliance because opening an Assessment based solely on the exercise of First Amendment rights, affects an individual's rights and liberties.

##### 2.8.4.1 (U) *DISCONTINUATION OF REPORTING*

(U//~~FOUO~~) If OIC determines that a sufficient amount of data has been received regarding a particular substantial non-compliance issue to identify a systemic trend, the OIC AD may eliminate the reporting requirement by providing written notification to the field and headquarters divisions indicating that the reporting of a particular substantial non-compliance matter to OIC is no longer necessary or required. OIC must coordinate with OGC and IPO before written notification is provided to field and headquarter divisions to ensure no reporting obligations outside the FBI will be affected, and to ensure all logical data collection pertaining to the substantial non-compliance has been acquired. The OIC written notification must be documented in case file number 3190-HQ-A1561245-OIC.

#### 2.8.5 (U) *POTENTIAL IOB MATTERS INVOLVING THE REPORTS OF SUBSTANTIAL NON-COMPLIANCE*

(U//~~FOUO~~) If the substantial non-compliance is also a potential IOB matter, the matter must be reported in accordance with the requirements and procedures for reporting potential IOB matters to OGC/NSLB. See Guidance on Intelligence Oversight Board Matters Policy Directive, 0188D; Guidance on Intelligence Oversight Board (IOB) Matters Policy Guide, 0188PG and see DIOG Section 4. No additional reporting of the incident needs to be made to OIC under this section.

#### 2.8.6 (U) *REPORTING NON-COMPLIANCE WITH POLICY GUIDES*

(U//~~FOUO~~) Substantial non-compliance with DIOG-related Policy/Program Guides must be reported by EC or subsequent form to the SAC/ADIC, with a copy to the pertinent Headquarters

Program Manager, and to the OIC, OGC, and the IPO using file number 319O-HQ-A1561245-OIC.

### **2.8.7 (U) REPORTING NON-COMPLIANCE WITH OTHER FBI POLICIES AND PROCEDURES (OUTSIDE THE DIOG)**

(U//~~FOUO~~) Nothing in this section is intended to alter, limit, or restrict existing policies that require non-compliance to be reported in areas not covered by the DIOG. Employees remain responsible to report those other matters. Additional information can be found on the Office of Integrity and Compliance's Intranet site.

## **2.9 (U) OTHER FBI ACTIVITIES NOT LIMITED BY AGG-DOM**

(U) The AGG-Dom applies to FBI domestic investigative activities and do not limit other authorized activities of the FBI. The authority for such other activities may be derived from the authority of the Attorney General as provided in federal statutes, guidelines, or Executive Orders. The scope and approval of these other authorized activities are addressed in the policies that govern the activity and these policies must be relied on when engaging in such activities. Examples of authorized FBI activities not governed by the AGG-Dom include, but are not limited to, the FBI's responsibilities to conduct background checks and inquiries concerning applicants and employees under federal personnel security programs (e.g., background investigations), FBI physical building security issues, Office of Professional Responsibility/personnel issues, certain administrative claims/civil actions, the FBI's maintenance and operation of national criminal records systems and preparation of national crime statistics, and the forensic assistance and administration functions of the FBI Laboratory. (AGG-Dom, Part I.D.4.)

(U) FBI employees may incidentally obtain information relating to matters outside of the FBI's primary investigative responsibility. For example, information relating to violations of state or local law or foreign law may be incidentally obtained in the course of investigating federal crimes or threats to the national security or in collecting foreign intelligence. Neither the AGG-Dom nor the DIOG bar the acquisition of such information in the course of authorized investigative activities, the retention of such information, or its dissemination as appropriate to the responsible authorities in other jurisdictions. (See Section 14; AGG-Dom, Part II and Part VI.B)

## **2.10 (U) USE OF CLASSIFIED INVESTIGATIVE TECHNOLOGIES**

(U) Inappropriate use of classified investigative technologies may risk the compromise of such technologies. Hence, in an investigation relating to activities in violation of federal criminal law that does not concern a threat to the national security or foreign intelligence, the use of such technologies must be in conformity with the Procedures for the Use of Classified Investigative Technologies in Criminal Cases (AGG-Dom, Part V.B.2), Operational Technology Division (OTD) Domestic Technical Assistance (DTA) Policy Guide (PG), and any other FBI policies concerning such technology use.

## **2.11 (U) APPLICATION OF AGG-DOM AND DIOG**

(U//~~FOUO~~) The AGG-Dom and DIOG apply to all FBI domestic investigations and operations conducted by an "FBI employee" or an FBI confidential human source (CHS), when operating

pursuant to the tasking or instructions of an FBI employee. The term “FBI employee” includes, but is not limited to, an operational/administrative professional staff person, intelligence analyst, special agent, task force officer (TFO), task force member (TFM), task force participant (TFP), detailee, and FBI contractor. Both an “FBI employee” and a CHS, when operating pursuant to the tasking or instructions of an FBI employee, are bound by the AGG-Dom and DIOG. In the DIOG, “FBI employee” includes all personnel descriptions, if not otherwise prohibited by law or policy. For example, if the DIOG states that the “FBI employee” is responsible for a particular investigative activity, the supervisor has the flexibility to assign that responsibility to any person bound by the AGG-Dom and DIOG (e.g., agent, intelligence analyst, task force officer), if not otherwise prohibited by law or policy.

(U//~~FOUO~~) TFOs, TFMs, TFPs, detailees, and FBI contractors are defined as “FBI employees” for purposes of application of the AGG-Dom and DIOG. However, for overt representational purposes, TFOs, TFMs, TFPs, detailees and FBI contractors should identify themselves as employees of their parent agency and, if appropriate and necessary, affiliated with a particular FBI investigative entity, such as the JTTF, etc. A CHS is likewise bound by the AGG-Dom, DIOG, AGG-CHS, and other applicable CHS policies when operating pursuant to the tasking or instructions of an FBI employee; however, the FBI CHS is not an employee of the FBI.

(U//~~FOUO~~) TFOs, TFMs, TFPs, detailees, and FBI contractors are defined as “FBI employees” only for purposes of the AGG-Dom and DIOG. This inclusive definition does not define federal employment for purposes of the Federal Tort Claims Act, 28 U.S.C. §§ 1346(b), 2401, and 2671 et seq.; the Federal Employees Compensation Act, 5 U.S.C. § 8101 et seq.; the Intergovernmental Personnel Act, 5 U.S.C. § 3374 et seq, or any other law.

(U//~~FOUO~~) No policy or PG may contradict, alter or otherwise modify the standards of the DIOG. A DIOG related policy or PG must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG Section 3.2.2 paragraphs (A), (B), (C) and (D).

### **3 (U) CORE VALUES, ROLES, AND RESPONSIBILITIES**

---

#### **3.1 (U) THE FBI'S CORE VALUES**

(U) The FBI's core values guide and further our mission and help us achieve our many goals. The values do not exhaust the many goals we wish to achieve, but they capsule the goals as well as can be done in a few words. The FBI's core values must be fully understood, practiced, shared, vigorously defended, and preserved. The values are:

- A) (U) Rigorous obedience to the Constitution of the United States
- B) (U) Respect for the dignity of all those we protect
- C) (U) Compassion
- D) (U) Fairness
- E) (U) Uncompromising personal integrity and institutional integrity
- F) (U) Accountability by accepting responsibility for our actions and decisions and their consequences
- G) (U) Leadership, by example, both personal and professional

(U) By observing these core values, we achieve a high level of excellence in performing the FBI's national security and criminal investigative functions as well as the trust of the American people. Our individual and institutional rigorous obedience to constitutional principles and guarantees is more important than the outcome of any single interview, search for evidence, or investigation. Respect for the dignity of all reminds us to wield law enforcement powers with restraint and to avoid placing our self interest above that of those we serve. Fairness and compassion ensure that we treat everyone with the highest regard for constitutional, civil, and human rights. Personal and institutional integrity reinforce each other and are owed to our Nation in exchange for the sacred trust and great authority conferred upon us.

(U) We who enforce the law must not merely obey it. We have an obligation to set a moral example that those whom we protect can follow. Because the FBI's success in accomplishing its mission is directly related to the support and cooperation of those we protect, these core values are the fiber that holds together the vitality of our institution.

##### **3.1.1 (U) COMPLIANCE**

(U) All FBI personnel must fully comply with all laws, rules, and regulations governing FBI investigations, operations, programs and activities, including those set forth in the AGG-Dom. We cannot, do not, and will not countenance disregard for the law for the sake of expediency in anything we do. The FBI expects its personnel to ascertain the laws and regulations that govern the activities in which they engage and to acquire sufficient knowledge of those laws, rules, and regulations to understand their requirements, and to conform their professional and personal conduct accordingly. Under no circumstances will expediency justify disregard for the law. FBI policy must be consistent with Constitutional, legal, and regulatory requirements. Additionally, the FBI must provide sufficient training to affected personnel and ensure that appropriate oversight monitoring mechanisms are in place.

(U//~~FOUO~~) In general, the FBI requires employees to report known or suspected failures to adhere to the law, rules or regulations by themselves or other employees, to any supervisor in the employees' chain of command; any Division Compliance Officer; any Office of the General Counsel (OGC) Attorney; any Inspection Division personnel; any FBI Office of Integrity and Compliance (OIC) staff; or any person designated to receive disclosures pursuant to the FBI Whistleblower Protection Regulation (28 Code of Federal Regulations § 27.1), including the Department of Justice (DOJ) Inspector General. For specific requirements and procedures for reporting "departures" and "non-compliance" with the AGG-Dom on the DIOG, see DIOG Section 2.

### 3.2 (U) INVESTIGATIVE AUTHORITY, ROLES AND RESPONSIBILITY OF THE DIRECTOR'S OFFICE

#### 3.2.1 (U) *DIRECTOR'S AUTHORITY, ROLES AND RESPONSIBILITY*

(U//~~FOUO~~) The Director's authority is derived from a number of statutory and regulatory sources. For example, Sections 531 through 540a of Title 28, United States Code (U.S.C.), provide for the appointment of the Director and enumerate some of his powers. More importantly, with regard to promulgation of the DIOG, Section 301 of Title 5, U.S.C., authorizes the head of an Executive department to "prescribe regulations for the government of his department, the conduct of its employees, the distribution and performance of its business, and the custody, use, and preservation of its records, papers, and property." The Attorney General, as head of the DOJ, has delegated the authority in Section 301 to the Director in a variety of orders and regulations. Foremost among these delegations are Subpart P and Section 0.137 of Title 28, Code of Federal Regulations (C.F.R.). This DIOG is promulgated under the authority thus delegated.

(U//~~FOUO~~) The Director's role and responsibilities under the AGG-Dom and DIOG, include, among others, the approval or denial of departures from the AGG-Dom, Undisclosed Participation (UDP) (see DIOG Section 16) and Sensitive Operations Review Committee (SORC) matters (see DIOG Section 10).

#### 3.2.2 (U) *DEPUTY DIRECTOR'S AUTHORITY, ROLES AND RESPONSIBILITY*

(U//~~FOUO~~) The Deputy Director is the proponent of the DIOG, and in that position has oversight regarding compliance with the DIOG and subordinate implementing procedural directives and divisional specific PGs. The Deputy Director is also responsible for the development and the delivery of necessary training and the execution of the monitoring and auditing processes.

(U//~~FOUO~~) The Deputy Director works through the Internal Policy Office (IPO) to ensure the following:

- A) (U//~~FOUO~~) The DIOG is updated as necessary to comply with changes in the law, rules, or regulations;
- B) (U//~~FOUO~~) The DIOG is reviewed every three years after the effective date of the 2011 revision, and revised as appropriate. This mandatory review schedule, however, does not restrict the IPO, which is responsible for all FBI policy matters, from working with FBI Headquarters (FBIHQ) divisions and field offices in the meantime to make policy revisions to the DIOG and the PGs whenever necessary and appropriate during the three year period. The

IPO may also make technical or non-substantive language or formatting changes to the DIOG, as necessary, provided those changes clarify the meaning without altering the substance of the DIOG;

- C) (U//~~FOUO~~) Existing and proposed investigative and administrative policies and PGs comply with the standards established in the AGG-Dom and DIOG. On behalf of the Deputy Director, the IPO has the authority, following coordination with the OIC and OGC, to modify or remove any provision of existing or proposed investigative or administrative policies or PGs determined to violate, contradict, or otherwise modify the intent or purpose of any provision or standard established in the AGG-Dom or DIOG; and
- D) (U//~~FOUO~~) If the IPO makes any changes to the DIOG or other policy pursuant to DIOG Sections 3.2.2.B and/or 3.2.2.C above, the IPO will immediately advise by e-mail all FBIHQ and field office Division Policy Officers (DPO) of such changes and all DPOs must further advise their respective FBI employees of such changes. The electronic version of the DIOG maintained in the IPO's Policy and Guidance Library is the official current policy of the FBI.

### 3.3 (U) SPECIAL AGENT/INTELLIGENCE ANALYST/TASK FORCE OFFICER (TFO)/TASK FORCE MEMBER (TFM)/TASK FORCE PARTICIPANT (TFP)/FBI CONTRACTOR/OTHERS - ROLES AND RESPONSIBILITIES

#### 3.3.1 (U) ROLES AND RESPONSIBILITIES

(U//~~FOUO~~) Special Agents, analysts, TFO, TFM, TFP, FBI contractors and others bound by the AGG-Dom and DIOG must:

##### 3.3.1.1 (U) TRAINING

(U//~~FOUO~~) Obtain training on the DIOG standards relevant to his/her position and perform activities consistent with those standards;

##### 3.3.1.2 (U) INVESTIGATIVE ACTIVITY

(U//~~FOUO~~) Ensure all investigative activity complies with the Constitution, Federal law, executive orders, Presidential Directives, AGG-Dom, other Attorney General Guidelines (AGG), Treaties, Memoranda of Agreement/Understanding, the DIOG, and any other applicable legal and policy requirements (if an agent, analyst, TFO, or other individual is unsure of the legality of any action, he/she must consult with his/her supervisor, the Chief Division Counsel (CDC) or OGC);

##### 3.3.1.3 (U) PRIVACY AND CIVIL LIBERTIES

(U//~~FOUO~~) Ensure that civil liberties and privacy are protected throughout the Assessment or investigative process;

##### 3.3.1.4 (U) PROTECT RIGHTS

(U//~~FOUO~~) Conduct no investigative activity based solely on the exercise of First Amendment rights (i.e., the free exercise of speech, religion, assembly, press or petition) or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject (See DIOG Section 4);

3.3.1.5 (U) COMPLIANCE

(U//~~FOUO~~) Ensure compliance with the DIOG, including standards for opening, conducting, and closing an investigative activity; collection activity; or use of an investigative method, as provided in the DIOG;

3.3.1.6 (U) REPORT NON-COMPLIANCE

(U//~~FOUO~~) Comply with the law, rules, or regulations, and report any non-compliance concern to the proper authority. For specific requirements and procedures for reporting departures and non-compliance with the AGG-Dom and the DIOG, see DIOG Sections 2.6 - 2.8;

3.3.1.7 (U) ASSIST VICTIMS

(U//~~FOUO~~) Identify victims who have suffered direct physical, emotional, or financial harm as result of the commission of Federal crimes, offer the FBI's assistance to victims of these crimes and provide victims' contact information to the responsible FBI Victim Specialist (VS). The VS is thereafter responsible for keeping victims updated on the status of the investigation to the extent permitted by law, regulation, or policy, unless the victim has opted not to receive assistance. The FBI's responsibility for assisting victims is continuous as long as there is an open investigation (see the *Victim Assistance Policy Guide, 0505PG*);

3.3.1.8 (U) OBTAIN APPROVAL

(U//~~FOUO~~) Ensure appropriate supervisory approval is obtained for investigative activity as required in the DIOG. Obtain and document oral approval as specified in Section 3.4.2.2 below. Self-approval of DIOG activities is not permitted. See "No Self-Approval Rule" set forth in Section 3.4.2.3 below;

3.3.1.9 (U) ATTRIBUTE INFORMATION TO ORIGINATOR IN REPORTS

(U//~~FOUO~~) Ensure that if the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, FBI records (i.e., 302s, ECs, LHMs, etc.) reflect that another party, and not the FBI, is the originator of the characterization. Example: An FBI document should state: "The complainant advised that the subject was prejudiced and motivated by ethnic bias" rather than "The subject was prejudiced and motivated by ethnic bias;"

3.3.1.10 (U) SERVE AS INVESTIGATION ("CASE") MANAGER

(U//~~FOUO~~) If assigned responsibility for an investigation, manage all aspects of that investigation, until it is assigned to another person. It is the employee's responsibility to ensure compliance with all applicable laws, rules, regulations, and guidelines, both investigative and administrative, from the opening of the investigation through disposition of the evidence, until the investigation is assigned to another person. If assigned as a co-case agent, co-case manager, or if assigned case-related activities or duties, it is the employee's responsibility to ensure compliance with all applicable laws, rules, regulations, and guidelines, both investigative and administrative, from the opening of the investigation through disposition of the evidence, until the investigation is assigned to another person or the case related activity requirement(s) ends.

3.3.1.11 (U) **CREATE AND MAINTAIN RECORDS/FILES**

(U//~~FOUO~~) Create and maintain authentic, reliable, and trustworthy records, establish files, set leads, supervise investigations, index documents, and retain and share information, as specified in DIOG Section 14 and Appendix J;

3.3.1.12 (U) **INDEX DOCUMENTS**

(U//~~FOUO~~) If assigned responsibility for an investigation, index information in documents. Current guidance for indexing documents may be found in DIOG Appendix J, [REDACTED] and on the RMD Intranet site.

b7E

3.3.1.13 (U) **SEEK FEDERAL PROSECUTION**

(U//~~FOUO~~) Prefer Federal prosecution rather than state/local prosecution. An FBI employee may protect the FBI's resources and interests when discussing investigations with the United States Attorney's Office (USAO) by accurately representing the time and effort spent on an investigation. The USAO should be aware of this information prior to deciding whether he/she will decline prosecution in favor of handling by local authorities. Criminal investigations conducted by the FBI are designed to obtain evidence for prosecution in Federal court and not in state or local courts; and

3.3.1.14 (U) **RETAIN ORIGINAL NOTES MADE DURING AN INVESTIGATION**

(U//~~FOUO~~) Retain in the investigative file (1A envelope) the following types of material developed when interviewing witnesses:

- A) (U) Statements signed by the witness.
- B) (U) Written statements, unsigned by the witness, but approved or adopted in any manner by the witness.
- C) (U) Original notes of interview with prospective witnesses and/or suspects and subjects. That is, in any interview where preparation of an FD-302 is required (an interview where it is anticipated the results will become the subject of court testimony) the handwritten notes must be retained.
- D) (U) Dictating the results of an interview onto an audio tape/media in lieu of taking handwritten interview notes may be viewed by a court as "original notes" and, therefore, the audio tape/media must be retained. In such circumstances, the audio tape/media becomes the "original note" material. Conversely, an audio tape/media used for dictation from handwritten interview notes for transcription to a final FD-302 is not "original note" material and the audio tape need not be retained.
- E) (U) An FBI employee's notes made to record his/her own finding, must always be retained. Such notes include, but are not limited to, accountant's work papers and notes covering matters such as crime scene searches, laboratory examinations, and fingerprint examinations. If there is a question whether notes must be retained, resolve the question in favor of retaining the notes.

(U) See also DIOG Section 18.5.6.4.15 (Interview Documentation).

(U) Note: For the purpose of this note retention policy, an interview and an interrogation are analogous.

(U//~~FOUO~~) All original handwritten interview notes must be retained as "original note material" in [REDACTED] file. The original handwritten notes may be scanned, but the physical

b7E

original handwritten notes must be retained regardless of whether or not the notes are scanned.  
Also see [REDACTED]

### 3.3.2 (U) DEFINITIONS OF TASK FORCE OFFICER (TFO), TASK FORCE MEMBER (TFM), AND TASK FORCE PARTICIPANT (TFP)

(U//~~FOUO~~) It is required in some situations for the sponsoring agency of the TFO, TFM and TFP<sup>4</sup> to enter into an MOU with the FBI that governs the activities of the Task Force. For purposes of the DIOG, TFO, TFM, and TFP are defined as follows:

#### 3.3.2.1 (U) TASK FORCE OFFICER (TFO)

(U//~~FOUO~~) An individual is a TFO when all of the following apply:

- A) (U//~~FOUO~~) The individual is a certified Federal, state, local, or tribal law enforcement officer;
- B) (U//~~FOUO~~) The individual is authorized to carry a firearm;
- C) (U//~~FOUO~~) The individual is currently deputized under either Title 21 or Title 18 of the U.S.C.;
- D) (U//~~FOUO~~) The individual is eligible and has initiated the FBI's process for obtaining Federal Law Enforcement Credentials;
- E) (U//~~FOUO~~) The individual is assigned to the supervision of an FBI led task force;
- F) (U//~~FOUO~~) The individual has initiated a request for a security clearance issued by the FBI.  
*Note:* If the TFO fails to complete the security clearance process, he or she must be removed as a TFO; and
- G) (U//~~FOUO~~) The individual is authorized to have access to FBI facilities.

(U//~~FOUO~~) An FBI TFO is mandated to attend all DIOG related training, and is bound by all rules, regulations, and policies set forth in the DIOG when acting in the capacity as an FBI TFO.

#### 3.3.2.2 (U) TASK FORCE MEMBER (TFM)

(U//~~FOUO~~) An individual is a TFM when all of the following apply:

- A) (U//~~FOUO~~) The individual is an employee of a Federal, state, local, or tribal agency;
- B) (U//~~FOUO~~) The individual is assigned to the supervision of an FBI led task force;
- C) (U//~~FOUO~~) The individual has a security clearance recognized by the FBI that is currently active; and
- D) (U//~~FOUO~~) The individual is authorized to have access to FBI facilities.

(U//~~FOUO~~) An FBI TFM is mandated to attend all DIOG related training, and is bound by all rules, regulations, and policies set forth in the DIOG when acting in the capacity as an FBI TFM.

<sup>4</sup> "A TFO, TFM, or TFP must follow their own agency's DFP; however, a TFO, TFM, or TFP is bound by the [REDACTED]"

b7E

### 3.3.2.3 (U) TASK FORCE PARTICIPANT (TFP)

(U//~~FOUO~~) An individual is a TFP when he/she participates in investigations and operations on an FBI-led task force and does not otherwise qualify as a TFO or TFM. When participating as an FBI TFP, the TFP is bound by all rules, regulations, and policies set forth in the DIOG. DIOG related training for a FBI may be required by the head of the office/division that governs the activities of the Task Force.

## 3.4 (U) SUPERVISOR ROLES AND RESPONSIBILITIES

### 3.4.1 (U) SUPERVISOR DEFINED

(U) The term “supervisor” as used in the DIOG includes (whether in a Field Office or FBIHQ) the following positions, or a person acting in such capacity:

- A) (U) Supervisory Special Agent (SSA),
- B) (U) Supervisory Senior Resident Agent (SSRA),
- C) (U) Supervisory Intelligence Analyst (SIA),
- D) (U) Senior Supervisory Intelligence Analyst (SSIA)

- P) (U) Executive Assistant Director (EAD),
- Q) (U) Associate Deputy Director (ADD), and
- R) (U) Deputy Director (DD).

(U) The term “supervisor” is also intended to include any other FBI supervisory or managerial position that is not specifically listed above but is equal in rank and/or responsibility to these listed positions. (*Note:* TFOs/TFMs cannot be supervisors.)

### 3.4.2 (U) SUPERVISOR RESPONSIBILITIES

#### 3.4.2.1 (U) APPROVAL/REVIEW OF INVESTIGATIVE OR COLLECTION ACTIVITIES

(U//~~FOUO~~) Anyone in a supervisory role who approves/reviews investigative or collection activity must determine whether the standards for opening, approving, conducting, and

closing an investigative activity, collection activity or investigative method, as provided in the DIOG, have been satisfied.

#### 3.4.2.2 (U) ORAL AUTHORITY / APPROVAL

(U//~~FOUO~~) Unless otherwise specified by the AGG-Dom or FBI policy, any authority/approval required in the DIOG necessary to conduct investigative activities may be granted orally by the appropriate approving official. Should such oral authorization be granted, appropriate written documentation of the oral authorization must be documented by the FBI employee to the authorizing official as soon as practicable, but not more than five business days after the oral authorization. The effective date of any such oral authorization is the date on which the oral authority was granted, and that date and the name of the approving official must be included in the subsequent written documentation.

(U//~~FOUO~~) Supervisors are not permitted to self-approve investigative or intelligence collection activity or methods in assessments or investigations assigned to them as case agents or analysts. An independent evaluation and approval of these activities must be obtained including the opening and closing of any Assessment or Predicated Investigation. See Section 3.4.2.3 below.

#### 3.4.2.3 (U) NO SELF-APPROVAL RULE

(U//~~FOUO~~) When approval/authority is required in the DIOG, or related policy guides, to open, utilize an investigative method, close, or perform any administrative requirement within the scope of the DIOG (i.e. initial paperwork to a file, perform a file review, etc.), an approving official (supervisor) may not “self-approve” his/her own work or activity. An independent evaluation and approval of these activities must be obtained, including the opening and closing of any Assessment or Predicated Investigation. *Note: See Records Management Policy Guide, 0769PG subsection 4.7.2, for guidance on administrative case files.*

(U//~~FOUO~~) Example: An SSA/SIA properly designates a relief supervisor on the squad to act as the SSA/SIA while the supervisor is on leave. The relief SSA/SIA may not approve anything related to his/her own investigations/work because supervisors are not permitted to self-approve investigative or intelligence collection activity or methods in files assigned to themselves.

#### 3.4.2.4 (U) ENSURE COMPLIANCE WITH U.S. REGULATIONS AND OTHER APPLICABLE LEGAL AND POLICY REQUIREMENTS

(U//~~FOUO~~) Supervisors must monitor and take reasonable steps to ensure that all investigative activity, collection activity and the use of investigative methods comply with the Constitution, Federal law, Executive Orders, Presidential Directives, AGG-Dom, other AGG, Treaties, Memoranda of Agreement/Understanding, the DIOG, and any other applicable legal and policy requirements.

#### 3.4.2.5 (U) TRAINING

(U//~~FOUO~~) Supervisors must obtain training on the DIOG standards relevant to his/her position and then conform decisions to those standards. Supervisors must also take reasonable

steps to ensure that all subordinates have received the required training on the DIOG standards and requirements relevant to the subordinate's position.

**3.4.2.6 (U) PROTECT CIVIL LIBERTIES AND PRIVACY**

(U//~~FOUO~~) All supervisors must take reasonable steps to ensure that civil liberties and privacy are protected throughout the investigative process.

**3.4.2.7 (U) REPORT COMPLIANCE CONCERNS**

(U//~~FOUO~~) If a supervisor encounters a practice that does not comply, or appears not to comply, with the law, rules, or regulations, the supervisor must report that compliance concern to the proper authority and, when necessary, take action to maintain compliance. For specific requirements and procedures for reporting departures and non-compliance with the AGG-Dom and the DIOG, see Sections 2.6 - 2.8.

**3.4.2.8 (U) NON-RETALIATION POLICY**

(U//~~FOUO~~) Supervisors must not retaliate or take adverse action against persons who raise compliance concerns. (See [REDACTED])

b7E

**3.4.2.9 (U) CREATE AND MAINTAIN RECORDS/FILES**

(U//~~FOUO~~) Supervisors must ensure that FBI employees create and maintain authentic, reliable, and trustworthy records, establish files, set leads, supervise investigations, index documents, and retain and share information, as specified in DIOG Section 14.

(U//~~FOUO~~) Supervisors must periodically review investigative, control, and administrative files assigned to their areas of program responsibility or management in accordance with DIOG subsection 3.4.4 below.

**3.4.2.10 (U//~~FOUO~~) U-1 NONIMMIGRANT STATUS CERTIFICATIONS**

(U//~~FOUO~~) Pursuant to the Memorandum of Delegation signed December 10, 2014, the [REDACTED] [REDACTED] has the authority to sign OMB Form I-918b as the certifying official to assist non-U.S. citizens who have suffered federal, state or local offenses such as rape, torture, human trafficking, slave trade, and extortion who are residing temporarily in the United States, if that person can provide specific relevant facts to the investigation or prosecution of the criminal activity in question. Whenever [REDACTED] serves as the certifying official, the USAO prosecuting the matter must be notified in writing of the action as soon as practicable, but no more than [REDACTED] from the date of certification."

b7E

**3.4.3 (U) DELEGATION AND SUCCESSION IN THE FBI**

(U//~~FOUO~~) The ability to exercise legal authority within the FBI through delegations of legal authority and orderly succession to positions of authority is set forth in the Succession and Delegation Policy Directive, 0259D. A DIOG related policy or PG must adhere to the delegation and succession of authority standards, requirements and procedures established by the DIOG.

3.4.3.1 (U) DELEGATION

(U//~~FOUO~~) As used in the DIOG, the term “delegation” refers to the conveyance of authority to another official (either by position or to a named individual). FBI legal authority is generally delegable one supervisory level unless expressly permitted, prohibited, or restricted by law, regulation, or policy. For example, an SAC may delegate his/her authority to approve Sensitive Investigative Matters (SIMs) to an ASAC, but the ASAC cannot further delegate this authority to an SSA. Delegations will continue in effect until modified, revoked, superseded, the position no longer exists, or the named individual vacates the position.

(U//~~FOUO~~) A supervisor may only delegate authority to another supervisor one level junior to himself or herself, unless specified otherwise (e.g., an ASAC may delegate authority to an SSA). SACs may, however, restrict delegations within their field offices, i.e., an SAC may prohibit ASACs from further delegating authorities that have been assigned to them.

(U//~~FOUO~~) SSAs and Supervisory Intelligence Analysts (SIA) cannot “delegate” their authority because they are the first level of supervisory responsibility; however, a relief supervisor may exercise the SSA’s authority when serving as the “acting” SSA (e.g., when the SSA is absent or unavailable). In the absence of the immediate approval authority, a supervisor at the same or higher level than that required may approve a particular activity (e.g., an Special Agent requests that his/her ASAC or SAC approve a Preliminary Investigation because the Agent’s SSA is on a temporary duty assignment).

(U//~~FOUO~~) It is recognized that the first line supervisor’s role in mentoring and training relief supervisors is often accomplished by assigning tasks to those employees while the supervisor is present or available. This type of activity is permitted so long as the supervisor is monitoring the progress and outcome(s) of the assignments and is not abdicating the responsibilities associated with his or her supervisory position. [REDACTED]

[REDACTED] This type of task promotes effective supervision and provides a monitored opportunity for the relief supervisor to hone his or her management abilities.

3.4.3.2 (U) SUCCESSION: ACTING SUPERVISORY AUTHORITY

(U//~~FOUO~~) As used in the DIOG, the term “succession” refers to the process by which an official assumes the authorities and responsibilities of an existing position, typically when the incumbent is absent, unavailable, unable to carry out official responsibilities, or has vacated the position. A person who temporarily succeeds to a position is referred to as “acting” in that position.

(U//~~FOUO~~) The FBI follows the general rule, recognized in law, that employees properly designated as “acting” in a position exercise the full legal authorities of that position, unless specifically precluded by higher authority or by an applicable law, regulation, or policy. Accordingly, unless expressly precluded, any authority vested in an FBI supervisor pursuant to the DIOG may be exercised by someone who occupies that position in an acting status. An employee may be designated to an acting position either through a succession plan or ad hoc designation. See the Succession and Delegation Policy Directive, 0259D for additional details.

### 3.4.3.3 (U) DOCUMENTATION

(U//~~FOUO~~) Delegations of authority as well as succession plans and ad hoc designations must be documented in writing and maintained in the appropriate administrative file identified below whenever practicable, unless specifically required by the DIOG. Administrative files have been created by RMD to maintain documentation of delegations of authority, to include ad hoc designations and succession plans.

#### 3.4.3.3.1 (U//~~FOUO~~) “DELEGATIONS OF AUTHORITY RELATED TO SENIOR EXECUTIVES” – FILE 319X-HQ-A1700684-XX

(U//~~FOUO~~) File (319X-HQ-A1700684-XX with the last two alpha characters designating particular field office, FBIHQ Division or LEGAT must be used to document delegations of authority related to the responsibilities of senior executive positions (defined in the Director & Senior Officials (07-01) Retention Schedule) as only the Director, Deputy Director, Chief of Staff, Associate Deputy Director, and Executive Assistant Director(s). (*Note:* This file does **not** include Senior Executive Service (SES) delegations of authority. Such delegations of authority by SES and all other supervisory management officials must be documented using the file specified below in DIOG Section 3.4.3.3.2)

#### 3.4.3.3.2 (U//~~FOUO~~) “DELEGATIONS OF AUTHORITY RELATED TO NON-SENIOR EXECUTIVES” (INCLUDING ALL SENIOR EXECUTIVE SERVICE [SES] AND OTHER SUPERVISORY MANAGEMENT OFFICIALS) AND ALL ADHOC DESIGNATIONS – FILE 319X-HQ-A1700685-XX

(U//~~FOUO~~) File 319X-HQ-A1700685-XX with the last two alpha characters designating particular field office, FBIHQ Division or LEGAT must be used to document delegations of authority related to the responsibilities of non-senior executive positions to include all SES level and other supervisory management officials not included above in DIOG Section 3.4.3.3.1, as well as to document adhoc designations, as specified.

(U//~~FOUO~~) Documentation of acting authority may take place subsequent to the actual ad hoc designation. For example, an SSA orally advises his principal relief supervisor that he/she has an emergency and will not be able to come into the office. The ad hoc designation of the relief supervisor as acting SSA can be documented upon the SSA’s return to the office. Failure to document an ad hoc designation does not invalidate the designation but may result in difficulty proving the appropriate exercise of authority if required to do so. (See Section 3.4.2.2 above concerning oral authorizations and related documentation requirements).

#### 3.4.3.3.3 (U//~~FOUO~~) SUCCESSION PLANS – FILE 319X-HQ-A1538387

(U//~~FOUO~~) An administrative file has also been created to maintain documentation of succession plans (319X-HQ-A1538387-XX with the last two alpha characters designating the particular field office, FBIHQ Division or LEGAT).

### 3.4.4 (U) FILE REVIEWS AND JUSTIFICATION REVIEWS

#### 3.4.4.1 (U) OVERVIEW

(U//~~FOUO~~) The file review is designed to ensure that investigative and intelligence activities are progressing adequately and being conducted in compliance with applicable statutes,

regulations, and FBI/DOJ policies and procedures. As a management tool, the file review process has proven effective for operational program oversight, tracking investigative and intelligence collection progress, ensuring investigative focus, program management, and reduction of risk.

(U//~~FOUO~~) Supervisory review of investigative files (main file and all sub-files) is especially important with regard to tracking the progress and development of new employees. It provides an opportunity for supervisors to guide employees on how properly to manage and document investigative files and to use and document investigative methods, while emphasizing the importance of compliance and recognition of risk. In addition, the file review process is an opportunity to begin to evaluate an employee's level of performance and to identify his or her strengths and weaknesses. Performance evaluation must not be documented on the file review itself; rather, any notes regarding performance must be documented utilizing the optional form   "Performance Summary Assessment [PSA]" (see DIOG subsection 3.4.4.8 for further guidance).

b7E

(U//~~FOUO~~) File reviews help supervisors to ensure that their office is effectively supervising activities in its own territory and monitoring investigative activity carried out on their behalf in other field offices. For example, a supervisor may use a file review to ensure that an employee assigned an investigation has addressed all logical investigation in a timely manner, or that the employee has successfully set necessary leads for other offices or other employees within his or her own office. Additionally, the periodic review of control files and relevant administrative files permits the supervisor to evaluate progress in meeting program-related objectives and ensures that FBI resources are being utilized and managed properly in accordance with policy standards and are aligned with strategic objectives.

#### 3.4.4.2 (U) TYPES OF FILES/INVESTIGATIONS REQUIRING FILE REVIEWS AND JUSTIFICATION REVIEWS

(U//~~FOUO~~) File reviews (including the main file and all sub-files) must be conducted for all predicated investigations, including investigations placed in "pending inactive" status, unaddressed work files, and Type 3–6 assessments. Type 1 and 2 assessments must have 30-day justification reviews, as specified below.

#### 3.4.4.3 (U) FREQUENCY OF FILE REVIEWS

(U//~~FOUO~~) Supervisors must adhere to the following timeframes for file reviews:

- A) (U//~~FOUO~~) **For agents, resident agents, TFOs, IAs, and other employees assigned investigative files – 90 Days.** The supervisor must review the files (i.e., main file and sub-files) for all investigations (including pending predicated investigations, pending inactive investigations, unaddressed work files, and Type 3–6 assessments, or assigned control files, such as a 300A) for each consecutive 90-calendar-day period.
  - 1. (U//~~FOUO~~) **30 Additional Days:** The file review process and file review documentation, as described in DIOG subsections 3.4.4.5–3.4.4.9 below, including tasks identified while conducting the in-person or telephonic session, must be completed within 30 calendar days following each consecutive 90 calendar day file review period.
- B) (U//~~FOUO~~) **For probationary employees (agents, resident agents, IAs, and other employees assigned investigative files) – 60 Days.** The supervisor must review the files (i.e., main file and sub-files) for all investigations (including pending predicated investigations,

pending inactive investigations, unaddressed work files, and Type 3-6 assessments, or assigned control files, such as a 300A) for each consecutive 60-calendar-day period.

1. (U//~~FOUO~~) **30 Additional Days:** The file review process and file review documentation, as described in DIOG subsections 3.4.4.5–3.4.4.9 below, including tasks identified while conducting the in-person or telephonic session, must be completed within 30 calendar days following each consecutive 60/90 calendar day file review period.

#### 3.4.4.4 (U) DELEGATION OF FILE REVIEWS

(U//~~FOUO~~) Thorough and complete file reviews are an important part of the compliance regimen, provide valuable and needed information for the purpose of evaluating the performance of employees, and are critical to the effective management of a squad. For these reasons, file reviews are an important duty and responsibility for supervisors, and supervisors are discouraged from routinely delegating these reviews. However, because conducting a file review is an important developmental opportunity for primary relief supervisors, file reviews may be conducted by a duly designated acting supervisor or duly designated primary relief supervisor. Acting supervisors may conduct file reviews just as they would conduct any other supervisory duty while functioning in an acting capacity. Primary relief supervisors may conduct file reviews; however, when they do so, the next required file review must be conducted by a supervisor or duly designated acting supervisor. In other words, every other file review of any given investigative file must be conducted by a supervisor or duly designated acting supervisor. Acting supervisors may not review their own files under any circumstances; they must either reassign their investigations or have their investigations reviewed by another supervisor or an ASAC.

#### 3.4.4.5 (U) PREDICATED INVESTIGATIONS AND TYPE 3, 4, AND 6 ASSESSMENT – FILE REVIEW REQUIREMENTS

(U//~~FOUO~~) A file review must be conducted in person, or by telephone when necessary (e.g., if an employee is on TDY or in a remote resident agency [RA]); conducted in private; and documented as specified in DIOG subsection 3.4.4.8 below.

(U//~~FOUO~~) The file review process requires the supervisor to review the investigative files (including the main file and all sub-files) assigned to the employee; discuss progress made in the last 60- or 90-day period toward specified investigative or intelligence collection objectives, the projected work or future objectives being contemplated, and the method(s) to achieve them in the next review period; and document that information in the file review package generated by

(U//~~FOUO~~) When reviewing the employee's assigned investigative files (i.e., main file and sub-files), the supervisor should consider the following, whenever applicable, when evaluating an assessment or a predicated investigation:

- A) (U//~~FOUO~~) That no investigative activity is based solely on activity that is protected by the First Amendment or on the race, ethnicity, gender, national origin or religion, sexual orientation, or gender identity of an individual, group, or organization or a combination of only those factors
- B) (U//~~FOUO~~) Whether the activities that occurred in the prior 60 or 90 calendar days were appropriate based upon the investigative category, the type of case classification, and the

stated objectives and whether investigative methods were used in compliance with applicable DIOG requirements

- C) (U//~~FOUO~~) Whether subject(s) have been indexed in compliance with indexing guidelines
- D) (U//~~FOUO~~) Whether threat issues and Crime Problem Indicator (CPI) codes for the investigation or assessment were identified, complete, and current in accordance with policy
- E) (U//~~FOUO~~) Whether victim assistance policy has been followed (i.e., identification, notification to the VS, documentation, case status updates, etc.) in compliance with the DIOG and the Victim Assistance Policy Guide, 0505PG
- F) (U//~~FOUO~~) Whether information shared with domestic or foreign agencies was done in accordance with dissemination policy
- G) (U//~~FOUO~~) Whether liaison and tripwire activity was documented
- H) (U//~~FOUO~~) Whether statistical accomplishments (i.e., accomplishments in the Accomplishments module of [redacted] have been entered within established timeframes
- I) (U//~~FOUO~~) Whether evidence has been stored and disposed of properly and whether documentation has been completed according to evidence control policies
- J) (U//~~FOUO~~) Whether leads have been covered within established deadlines
- K) (U//~~FOUO~~) Whether significant milestones or activities were documented, including the final adjudication of a subject(s), by submitting form [redacted]
- L) (U//~~FOUO~~) Whether any intelligence in the investigation or assessment resulted in the production of intelligence products (e.g., Intelligence Information Reports (IIRs), Situational Information Reports (SIRs), Intelligence Bulletins, Intelligence Assessments) and whether the reports were released to the intelligence or law enforcement community and properly documented in the INTELPRODS sub-file, in compliance with the DIOG
- M) (U//~~FOUO~~) Whether National Security Letters (NSLs) have been issued in accordance with policy, including whether responsive materials have been appropriately examined (e.g., examined for overproduction);
- N) (U//~~FOUO~~) Whether federal grand jury subpoenas have been issued in accordance with policy, including whether responsive materials have been appropriately examined (e.g., examined for overproduction), and federal grand jury materials covered by Rule 6e are properly marked and handled, including being appropriately restricted in [redacted]
- O) (U//~~FOUO~~) Whether documents obtained pursuant to a mail cover request were returned to the USPS within 60 days of the criminal mail cover termination date, and the return documented in the investigative file
- P) (U//~~FOUO~~) Whether administrative subpoenas have been issued in accordance with policy, including whether responsive materials have been appropriately examined (e.g., examined for overproduction)
- Q) (U//~~FOUO~~) Whether case-related electronic communications, including e-mail, text messages, phone calls, and instant messages, have been appropriately uploaded into [redacted] or another RMD-authorized recordkeeping system. See Records Management Policy Guide, 0769PG; See also the Social Media and Other Electronic Information Sharing Technologies Policy Guide, 0579PG
- R) (U//~~FOUO~~) Whether the watch-list status of any subject(s) has been appropriately documented

b7E

b7E

- S) (U//~~FOUO~~) Whether the status of the preliminary investigation is current (i.e., has not expired or will not expire before the next file review)
- T) (U//~~FOUO~~) Whether any potential Intelligence Oversight Board (IOB) violations have been reported in accordance with policy
- U) (U//~~FOUO~~) Whether relevant asset forfeiture statutes have been applied and their use documented
- V) (U//~~FOUO~~) For predicated investigations, whether the predication for continuing the investigation continues to exist
- W) (U//~~FOUO~~) For assessments, whether it is reasonably likely that information will be obtained that is relevant to the authorized purpose and clearly defined objective(s), thereby warranting an extension for another 60/90 calendar days
- X) (U//~~FOUO~~) Whether adequate predication has been developed in the assessment to open a predicated investigation

(U//~~FOUO~~) Supervisors must evaluate the proper use of investigative methods and ensure that they are appropriately documented in the file. When evidence has been obtained, the supervisor must ensure that the evidence was treated and/or disposed of appropriately. The supervisor should use the file review process as an opportunity to determine whether the employee has adequately used liaison and external contacts to further the investigation/assessment. In addition, the supervisor must assess whether the employee needs additional assistance, training, guidance, or other resources to successfully advance the investigation/assessment.

(U//~~FOUO~~) The intelligence aspect of every investigation must be scrutinized during the file review process. The supervisor must determine whether the employee understands his or her responsibilities relative to intelligence collection and reporting and has ensured that investigative and intelligence aspects of each investigation complement each other. This includes examining whether the employee has adequately collaborated with the field office's intelligence component and exploited his or her investigations to obtain information relevant to standing intelligence collection requirements. The supervisor must review the files for potential intelligence collection and sharing opportunities, both cross-programmatic and interagency. The file review must document whether applicable intelligence products, such as intelligence reports, bulletins and assessments, have been or should be drafted based on investigative and intelligence information collected during the investigation.

(U//~~FOUO~~) The supervisor must also evaluate whether the employee has been in communication with FBIHQ division entities, if appropriate, with respect to his or her investigative/intelligence activities and whether the employee has coordinated with FBIHQ to obtain any special authorities or concurrences needed from DOJ or FBI components and other governmental agencies (e.g., CIA, DOS, and DOD).

(U//~~FOUO~~) The supervisor must consider the employee's collateral duties, such as special weapons and tactics (SWAT), emergency response team (ERT), hazardous materials (HAZMAT), hostage negotiator, training, TDY assignments, and other activities constituting official business that could limit the employee's ability to address his or her assigned caseload. The supervisor must take into account planned annual and sick leave, holidays, and

similar time constraints when estimating the employee's overall work responsibilities for the next 60/90-day period.

(U//~~FOUO~~) The supervisor must evaluate whether the employee is acting within all applicable statutes, regulations, and FBI and DOJ policies and procedures. Supervisors must keep in mind that how the employee accomplishes his or her tasks is just as important as whether he or she accomplishes them. Any compliance concerns must be immediately referred to the field office's compliance officer for discussion regarding additional actions to be taken. For specific requirements and procedures for reporting departures from and noncompliance with the AGG-Dom and the DIOG, see subsections 2.6–2.8.

(U//~~FOUO~~) At the conclusion of the file review, the supervisor must ensure that the employee understands the objectives to be accomplished over the next 60/90 calendar days and must document specifically those expectations in the file review package.

(U) While conducting file reviews pursuant to this subsection, a supervisor must ensure that all investigative activity conducted online is in accordance with DIOG Appendix L, "Online Investigations." Supervisors must pay special attention to information relating to the exercise of a First Amendment right. This type of information may only be collected if (1) the collection is logically related to an authorized investigative purpose, (2) the collection does not materially interfere with the ability of an individual or a group to engage in the exercise of constitutionally protected rights, and (3) the method of collection is the least intrusive alternative that is reasonable, based upon the circumstances of the investigation. The FBI must not base investigative activities solely on an individual's legal exercise of his or her First Amendment rights. Further, every FBI employee has the responsibility to ensure that the activities of the FBI are "lawful, appropriate and ethical as well as effective in protecting the civil liberties and privacy of individuals in the United States." (See DIOG subsection 4.1.3.)

(U//~~FOUO~~) The supervisor must be diligent about documenting all aspects of the file review in the file review package and setting appropriate ticklers.

#### 3.4.4.6 (U) TYPE 1 AND 2 ASSESSMENTS – JUSTIFICATION REVIEW REQUIREMENTS

(U//~~FOUO~~) Supervisors must conduct 30-day justification reviews for Type 1 and 2 assessments. Following the end of the 30-day period, the agent, TFO, or IA and the supervisor have up to 10 calendar days to complete all aspects of the justification review and to document the review. [REDACTED] Guardian (FD-71a) or

[REDACTED] These justification reviews must address the following assessment review standards (ARS):

- A) (U//~~FOUO~~) Has progress been made toward achieving the authorized purpose and clearly defined objective(s)?
- B) (U//~~FOUO~~) Were the activities that occurred in the prior 30 calendar days appropriate and in compliance with applicable DIOG requirements?
- C) (U//~~FOUO~~) Is it reasonably likely that information will be obtained that is relevant to the authorized purpose and clearly defined objective(s), thereby warranting an extension for another 30 calendar days?
- D) (U//~~FOUO~~) Has adequate predication been developed to open a predicated investigation?
- E) (U//~~FOUO~~) Should the assessment be terminated?

3.4.4.8 (U) DOCUMENTATION OF FILE REVIEWS

(U//~~FOUO~~) File review packages are generated by [REDACTED]. These must be completed by an assigned case manager, the supervisor, and the ASAC or SSIA as part of the file review process. Once finalized, the completed packages can be viewed within [REDACTED] and used as a tool in determining an employee's performance rating. Documents maintained for evaluations, including printed copies of file review packages, must be maintained or destroyed in accordance with the FBI's performance appraisal system (see the *Performance Appraisal System Policy Guide*, 0489PG). At the conclusion of each file review, the electronic file review package must be submitted to field office executive management (e.g., ASAC or SSIA), who is responsible for ensuring that the file reviews were conducted properly by reviewing and signing the file review package. The [REDACTED] file review package must be maintained for inspection review and other purposes not related to the performance appraisal process for a period of at least two years after being created or—if related to a pending internal investigation, performance action, complaint, or charge—one year from the date on which that case or action was closed, whichever is the longer period of time.

b7E

(U//~~FOUO~~) The [REDACTED] is now accessible from the file review package in [REDACTED]. Use of the [REDACTED] is not required to be completed by the supervisor as part of the file review process. However, if the supervisor chooses to document performance notes, then the [REDACTED] must be used. Completing an [REDACTED] can assist the supervisor and the employee in evaluating performance, and it complements the formal employee performance appraisal

system. If used, the supervisor and employee must sign and date the completed [redacted] on the signature page, and the employee must initial each preceding page. The original signed [redacted] [redacted] should be placed into the employee's performance folder, maintained by the rating official. A copy must be provided to the employee. ### 3.5 (U) CHIEF DIVISION COUNSEL (CDC) ROLES AND RESPONSIBILITIES

(U//~~FOUO~~) The CDC must review all Assessments and Predicated Investigations involving Sensitive Investigative Matters (SIM) as discussed in DIOG Section 10 as well as review the use of certain investigative methods as discussed in Section 18. The primary purpose of the CDC's review is to ensure the legality of the actions proposed. Review, in this context, includes a determination that the investigative activity is: (i) not legally objectionable (e.g., that it is not based solely on the exercise of First Amendment rights (i.e., the free exercise of speech, religion, assembly, press or petition) or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject); and (ii) founded upon an authorized purpose and/or adequate factual predication and meets the standard specified in the DIOG. The CDC should also include in his or her review and recommendation, if appropriate, a determination of the wisdom of the proposed action (e.g., the CDC may have no legal objection but may recommend denial because the value of the proposal is outweighed by the intrusion into legitimate privacy interests). The CDC's determination that an investigative activity is: (i) not legally objectionable; and (ii) warranted from a mission standpoint is based on facts known at the

time of the review and recommendation. Often, these facts are not verified or otherwise corroborated until the investigative activity commences. As a result, the CDC may require additional CDC reviews or provide guidance to supervisory personnel with regard to monitoring the results of the investigative activity to ensure that the authorized purpose and/or factual predication remains intact after the facts are developed. The regularity of such review is within the CDC's discretion. Activities found to be legally objectionable by the CDC may not be approved unless and until the CDC's determination is countermanded by the FBI General Counsel or a delegated designee.

(U//~~FOUO~~) For investigative activities involving a SIM, the CDC must also independently consider the factors articulated in Section 10 and provide the approving authority with a recommendation as to whether, in the CDC's judgment, the investigative activity should be approved.

(U//~~FOUO~~) Throughout the DIOG, DIOG related policies, or PGs, any requirement imposed on the CDC may be performed by an Associate Division Counsel (ADC) or a designated Acting CDC.

### 3.6 (U) OFFICE OF THE GENERAL COUNSEL (OGC) ROLES AND RESPONSIBILITIES

(U//~~FOUO~~) The mission of the FBI's Office of the General Counsel (OGC) is to provide comprehensive legal advice to the Director, other FBI officials and divisions, and field offices on a wide array of national security, investigative, and administrative operations. In addition to providing legal advice as requested, OGC reviews the legal sufficiency of sensitive Title III affidavits and a wide variety of operational documents relating to foreign counterintelligence/ international terrorism investigations, including requests for surveillance and physical searches pursuant to the Foreign Intelligence Surveillance Act (FISA) and undercover proposals, and manages the physical flow of FISA requests, applications, orders, and returns. OGC maintains liaison with the intelligence community on legal issues and reviews for legal sufficiency proposals to share information or form partnerships with other federal, state, local, and international agencies. OGC also supports federal criminal prosecutions by assisting in criminal discovery and by conducting reviews of personnel files, coordinates the defense of the FBI and its employees in civil actions which arise out of the FBI's investigative mission and personnel matters, and assists the Office of Congressional Affairs (OCA) in responding to Congressional inquiries, including Congressional requests for FBI documents. OGC addresses legal issues associated with the impact of communication and information technology on the ability of the FBI and other law-enforcement and intelligence agencies to execute their public safety and national security missions, including their ability to conduct authorized electronic surveillance.

(U//~~FOUO~~) In coordination with the DOJ NSD, the OGC is responsible for conducting regular reviews of all aspects of FBI national security and foreign intelligence activities. The primary purpose of the OGC's review is to ensure the legality of the actions proposed. These reviews, conducted at FBI field offices and FBIHQ' units, broadly examine such activities for compliance with the AGG-Dom and other applicable requirements. Review, in this context, includes a determination that the investigative activity is: (i) not legally objectionable (e.g., that it is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject); and (ii) founded upon an

authorized purpose and/or adequate factual predication and meets the standard specified in the DIOG. The OGC should also include in its review and recommendation, if appropriate, a determination of the wisdom of the proposed action (e.g., the OGC may have no legal objection but may recommend denial because the value of the proposal is outweighed by the intrusion into legitimate privacy interests). The OGC's determination that an investigative activity is: (i) not legally objectionable; and (ii) warranted from a mission standpoint is based on facts known at the time of the review and recommendation. Often these facts are not verified or otherwise corroborated until the investigative activity commences. As a result, the OGC may require additional OGC reviews or provide guidance to supervisory personnel with regard to monitoring the results of the investigative activity to ensure that the authorized purpose and/or factual predication remains intact after the facts are developed. The regularity of such review is within the discretion of OGC.

(U//~~FOUO~~) For those investigative activities involving a sensitive investigative matter requiring OGC review, the OGC must independently consider the factors articulated in Section 10 and provide the approving authority with a recommendation as to whether, in the OGC's judgment, the investigative activity should be approved.

(U//~~FOUO~~) Throughout the DIOG, any requirement imposed on the General Counsel may be delegated and performed by a designated OGC attorney. All delegations must be made as set forth in Section 3.4.3 above.

### 3.7 (U) INTERNAL POLICY OFFICE (IPO) ROLES AND RESPONSIBILITIES

(U//~~FOUO~~) Subject to the guidance of the Deputy Director, the IPO has oversight of the implementation of the DIOG. Working with the Deputy Director's office, the IPO may make revisions to the DIOG as necessary, following appropriate coordination with the OIC, OGC and other FBIHQ or field office entities. In the process of implementing and analyzing the DIOG, the IPO should report any apparent compliance risk areas directly to the OIC. Additionally, the IPO will work directly with the OIC to ensure that the policies, training and monitoring are adequate to meet compliance monitoring procedures.

(U//~~FOUO~~) The IPO is responsible for ensuring the following:

- A) (U//~~FOUO~~) The DIOG is updated as necessary to comply with changes in the law, rules, or regulations;
- B) (U//~~FOUO~~) The DIOG is reviewed every three years from the effective date of the 2011 revision, and revised as appropriate. This mandatory review schedule, however, does not restrict the IPO, which is responsible for all FBI policy matters, from working with FBIHQ divisions and field offices to make policy revisions to the DIOG and the PGs whenever necessary and appropriate during the three year period. The IPO may also make technical or non-substantive language or formatting changes to the DIOG, as necessary, provided those changes clarify the meaning without altering the substance;
- C) (U//~~FOUO~~) Existing and proposed investigative and administrative policies and PGs comply with the standards established in the AGG-Dom and DIOG. On behalf of the Deputy Director, the IPO has the authority, following coordination with the OIC and OGC, to modify or remove any provision of existing or proposed investigative or administrative policies or PGs determined to violate, contradict, or otherwise modify the intent or purpose of any provision or standard established in the AGG-Dom or the DIOG; and

- D) (U//~~FOUO~~) If the IPO makes any changes to the DIOG or other policy pursuant to 3.7.B and/or C above, the IPO will immediately advise by e-mail all FBIHQ and field office Division Policy Officers (DPO) of such changes and all DPO must further advise their respective FBI employees of such changes. The electronic version of the DIOG maintained in the IPO's Policy and Guidance Library is the official current policy of the FBI.

### **3.8 (U) OFFICE OF INTEGRITY AND COMPLIANCE (OIC) ROLES AND RESPONSIBILITIES**

(U//~~FOUO~~) OIC is responsible for reviewing the DIOG and working with each FBIHQ division and the IPO to identify compliance risk areas and to ensure the adequacy of policy statements, training and monitoring. When compliance risk areas are identified, OIC must work with the divisions, field offices, and/or programs affected by the risk and develop programs to review the adequacy of policy statements, training, and monitoring in order to mitigate those concerns appropriately.

### **3.9 (U) OPERATIONAL PROGRAM MANAGER ROLES AND RESPONSIBILITIES**

(U//~~FOUO~~) In addition to managing national level programs, coordinating investigations, training, and providing guidance and oversight to the field, the FBIHQ Operational Program Managers are responsible for identifying, prioritizing, and analyzing potential compliance risks within their programs regarding implementation of the DIOG and developing mitigation plans where warranted.

(U//~~FOUO~~) Operational Program Managers must proactively identify and take appropriate action to resolve potential compliance concerns. In identifying possible compliance concerns, Program Managers should consider the following indicators of possible compliance issues:

- A) (U//~~FOUO~~) Similar activities being handled differently from squad-to-squad / unit-to-unit / field office-to-field office;
- B) (U//~~FOUO~~) Unusually high level of contact with FBIHQ division for basic information on how to conduct an activity;
- C) (U//~~FOUO~~) Apparent confusion over how to conduct a certain activity;
- D) (U//~~FOUO~~) Policy conflict;
- E) (U//~~FOUO~~) Non-existent/inaccurate/wrongly targeted training;
- F) (U//~~FOUO~~) Monitoring mechanisms that do not exist or do not test the right information (e.g. file reviews/program management); and
- G) (U//~~FOUO~~) Inadequate processes in place to audit for compliance.

(U//~~FOUO~~) Operational Program Managers may not retaliate or take adverse action against persons who raise compliance concerns.

### **3.10 (U) DIVISION COMPLIANCE OFFICER ROLES AND RESPONSIBILITIES**

(U//~~FOUO~~) Each FBIHQ division and field office must have a Division Compliance Officer (DCO). The DCO will proactively identify potential risk of non-compliance in the implementation of the DIOG and report them to the proper authority and the OIC. The DCO

must always be aware that the focus of a compliance program is the identification and resolution of a compliance problem using non-punitive and non-retaliatory means.

### 3.11 (U) POSITION EQUIVALENTS - FBI HEADQUARTERS (FBIHQ) APPROVAL LEVELS

(U//~~FOUO~~) The official position equivalents between the field offices and FBIHQ are outlined below. In general, an equivalent position at either the field or FBIHQ may exercise DIOG authority, unless the DIOG specifically limits a given authority, or whenever a specific position is assigned the authority as part of its responsibilities (e.g., SSIA, ASAC). The equivalent positions are:

- A) (U//~~FOUO~~) Field Office Analyst or Special Agent = FBIHQ Analyst or Special Agent;
- B) (U//~~FOUO~~) Field Office SIA = FBIHQ SIA;
- C) (U//~~FOUO~~) CDC = FBIHQ OGC General Attorney;
- D) (U//~~FOUO~~) Field Office SSA = FBIHQ SSA;
- E) (U//~~FOUO~~) Field Office ASAC = FBIHQ UC;
- F) (U//~~FOUO~~) SAC = FBIHQ SC; and
- G) (U//~~FOUO~~) ADIC = FBIHQ AD.

## 4 (U) PRIVACY AND CIVIL LIBERTIES, AND LEAST INTRUSIVE METHODS

---

### 4.1 (U) CIVIL LIBERTIES AND PRIVACY

#### 4.1.1 (U) OVERVIEW

(U) The FBI is responsible for protecting the security of our nation and its people from crime and terrorism while maintaining rigorous obedience to the Constitution. *The Attorney General's Guidelines for Domestic FBI Activities* (AGG-Dom) establish a set of basic principles that serve as the foundation for all FBI mission-related activities. When these principles are applied, they demonstrate respect for civil liberties and privacy as well as adherence to the Constitution and laws of the United States. These principles are as follows:

- A) (U) **Protecting the public includes protecting their rights and liberties.** FBI investigative activity is premised upon the fundamental duty of government to protect the public, which must be performed with care to protect individual rights and to ensure that investigations are confined to matters of legitimate government interest.
- B) (U) **Only investigate for a proper purpose.** All FBI investigative activity must have an authorized law enforcement, national security, or foreign intelligence purpose.
- C) (U) **Race, ethnicity, gender national origin, religion, sexual orientation, or gender identity alone can never constitute the sole basis for initiating investigative activity.** Although these characteristics may be taken into account under certain circumstances, there must be an independent authorized law enforcement or national security purpose for initiating investigative activity.
- D) (U) **Only perform authorized activities in pursuit of investigative objectives.** Authorized activities conducted as part of a lawful assessment or investigation include the ability to: collect criminal and national security information, as well as foreign intelligence; provide investigative assistance to federal, state, local, tribal, and foreign agencies; conduct intelligence analysis and planning; and retain and share information.
- E) (U) **Employ the least intrusive means that do not otherwise compromise FBI operations.** Assuming a lawful intelligence or evidence collection objective, i.e., an authorized purpose, strongly consider the method (technique) employed to achieve that objective that is the least intrusive available (particularly if there is the potential to interfere with protected speech and association, damage someone's reputation, intrude on privacy, or interfere with the sovereignty of foreign governments) while still being operationally sound and effective.
- F) (U) **Apply best judgment to the circumstances at hand to select the most appropriate investigative means to achieve the investigative goal.** The choice of which investigative method to employ is a matter of judgment, but the FBI must not hesitate to use any lawful method consistent with the AGG-Dom when the degree of intrusiveness is warranted in light of the seriousness of the matter concerned.

#### 4.1.2 (U) PURPOSE OF INVESTIGATIVE ACTIVITY

(U) One of the most important safeguards in the AGG-Dom—one that is intended to ensure that FBI employees respect the constitutional rights of Americans—is the threshold requirement that all investigative activities be conducted for an authorized purpose. Under the AGG-Dom that

authorized purpose must be an authorized national security, criminal, or foreign intelligence collection purpose.

(U) Simply stating such a purpose, however, is not sufficient to ensure compliance with this requirement. The authorized purpose must be well-founded and well-documented. In addition, the information sought and the investigative method used to obtain it must be focused in scope, time, and manner to achieve the underlying purpose. Furthermore, the Constitution sets limits on what that purpose may be. It may not be solely to monitor the exercise of constitutional rights, such as the free exercise of speech, religion, assembly, press and petition, and, equally important, the authorized purpose may not be based solely on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of an individual, group, or organization or a combination of only those factors.

(U) It is important to understand how the “authorized purpose” requirement and these constitutional limitations relate to one another. For example, individuals or groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign policy, protesting government actions, or promoting certain religious beliefs—have a First Amendment right to do so. No investigative activity may be conducted for the sole purpose of monitoring the exercise of these rights. If a well-founded basis to conduct investigative activity exists, however, and that basis is not solely activity that is protected by the First Amendment or on the race, ethnicity, gender, national origin or religion, sexual orientation, or gender identity of the participants—FBI employees may assess or investigate these activities, subject to other limitations in the AGG-Dom and the DIOG. In such a situation, the investigative activity would not be based solely on constitutionally-protected conduct or on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity. Finally, although investigative activity would be authorized in this situation, it is important that it be conducted in a manner that does not materially interfere with the ability of the individuals or groups to engage in the exercise of constitutionally-protected rights.

#### 4.1.3 (U) *OVERSIGHT AND SELF-REGULATION*

(U) Every FBI employee has the responsibility to ensure that the activities of the FBI are lawful, appropriate and ethical as well as effective in protecting the civil liberties and privacy of individuals in the United States. Strong oversight mechanisms are in place to assist the FBI in carrying out this responsibility. Department of Justice (DOJ) oversight is provided through provisions of the AGG-Dom, other Attorney General Guidelines, and oversight by other DOJ components. DOJ and the FBI’s Inspection Division, and the FBI’s Office of Integrity and Compliance (OIC) and Office of the General Counsel (OGC), also provide substantial monitoring and guidance. In the criminal investigation arena, prosecutors and district courts exercise oversight of FBI activities. In the national security and foreign intelligence arenas, the DOJ National Security Division (NSD) exercises that oversight. The DOJ NSD’s Oversight Section and the FBI’s OGC are responsible for conducting regular reviews of all aspects of FBI national security and foreign intelligence activities. These reviews, conducted at FBI field offices and FBI Headquarters (FBIHQ) divisions, broadly examine such activities for compliance with the AGG-Dom and other applicable requirements. In addition, the AGG-Dom creates additional requirements, including:

- A) (U) Required notification by the FBI to the DOJ NSD concerning a Full Investigation that involves foreign intelligence collection, a Full Investigation of a United States person

(USPER) in relation to a threat to the national security, or a national security investigation involving a “sensitive investigative matter” (SIM) (see DIOG Section 10).

- B) (U) An annual report by the FBI to the DOJ NSD concerning the FBI’s foreign intelligence collection program, including information reflecting the scope and nature of foreign intelligence collection activities in each FBI field office.
- C) (U) Access by the DOJ NSD to information obtained by the FBI through national security or foreign intelligence activities.
- D) (U) General authority for the Assistant Attorney General for National Security to obtain reports from the FBI concerning these activities. (AGG-Dom, Intro. C)

(U) Further examples of oversight mechanisms include the involvement of both FBI and prosecutorial personnel in the review of undercover operations involving sensitive circumstances; notice requirements for investigations involving sensitive investigative matters; and notice and oversight provisions for Enterprise Investigations, which involve a broad examination of groups implicated in criminal and national security threats. These requirements and procedures help to ensure that the rule of law is respected in the FBI’s activities and that public confidence is maintained in these activities. (AGG-Dom, Intro. C)

(U) In addition to the above-described oversight mechanisms, the FBI is subject to a regime of oversight, legal limitations, and self-regulation designed to ensure strict adherence to the Constitution. This regime is comprehensive and has many facets, including the following:

- A) (U) The Foreign Intelligence Surveillance Act of 1978, as amended, and Title III of the Omnibus Crime Control and Safe Streets Act of 1968. These laws establish the processes for obtaining judicial approval of electronic surveillance and physical searches for the purpose of collecting foreign intelligence and electronic surveillance for the purpose of collecting evidence of crimes.
- B) (U) The Whistleblower Protection Acts of 1989 and 1998. These laws protect whistleblowers from retaliation.
- C) (U) The Freedom of Information Act of 1966. This law provides the public with access to FBI documents not covered by a specific statutory exemption.
- D) (U) The Privacy Act of 1974. This law balances the government’s need to maintain information about United States citizens and legal permanent resident aliens with the rights of those individuals to be protected against unwarranted invasions of their privacy stemming from the government’s collection, use, maintenance, and dissemination of that information. The Privacy Act forbids the FBI and other federal agencies from collecting information about how individuals exercise their First Amendment rights, unless that collection is expressly authorized by statute or by the individual, or is pertinent to and within the scope of an authorized law enforcement activity (5 U.S.C. § 552a[c][7]). Activities authorized by the AGG-Dom – with the exception of Positive Foreign Intelligence collection (see DIOG Section 9.3) – are authorized law enforcement activities or activities for which there is otherwise statutory authority for purposes of the Privacy Act.
- E) (U) Documents describing First Amendment rights that are subsequently determined to have been collected or retained in violation of the Privacy Act must be destroyed as set forth in Records Management Division’s (RMD) policy, *Handling of Information Gathered in Violation of the Privacy Act (Handling of Information Gathered in Violation of the Privacy Act Policy Directive, 0356D)*.

(U) Congress, acting primarily through the Judiciary and Intelligence Committees, exercises regular, vigorous oversight into all aspects of the FBI's operations. To this end, the National Security Act of 1947 requires the FBI to keep the intelligence committees (for the Senate and House of Representatives) fully and currently informed of substantial intelligence activities. This oversight has significantly increased in breadth and intensity since the 1970's, and it provides important additional assurance that the FBI conducts its investigations according to the law and the Constitution. Guidance on what activities fall within the scope of required congressional notification can be obtained from OCA. See [REDACTED]

b7E

(U) The FBI's intelligence activities (as defined in Section 3.4(e) of Executive Order (EO) 12333 [see DIOG Appendix B]) are subject to significant self-regulation and oversight beyond that conducted by Congress. The Intelligence Oversight Board (IOB), comprised of members from the President's Intelligence Advisory Board (PIAB), also conducts oversight of the FBI's intelligence activities. Among its responsibilities, the IOB must inform the President of intelligence activities the IOB believes: (i)(a) may be unlawful or contrary to EO or Presidential National Security Directive (PNSD), and (b) are not being adequately addressed by the Attorney General, the Director of National Intelligence (DNI), or the head of the department concerned; or (ii) should be immediately reported to the President. The requirements and procedures for reporting potential IOB matters to OGC/NSLB can be found in Guidance on Intelligence Oversight Board Matters Policy Directive, 0188D and the Guidance on Intelligence Oversight Board Matters Policy Guide, 0188PG.

(U) Internal FBI safeguards include:

- A) (U) the OGC's Privacy and Civil Liberties Unit (PCLU), which reviews plans for any proposed FBI record system for compliance with the Privacy Act and related privacy protection requirements and policies and which provides legal advice on civil liberties questions;
- B) (U) the criminal and national security undercover operations review committees, comprised of senior DOJ and FBI officials, which review all proposed undercover operations that involve sensitive circumstances;
- C) (U) the Sensitive Operations Review Committee (SORC), comprised of senior DOJ and FBI officials, which provides oversight of those investigative activities that may impact civil liberties and privacy and that are not otherwise subject to high level FBI and DOJ review;
- D) (U) the FBI requirement that all FBI employees report departures from and non-compliance with the DIOG to their supervisor, other management officials, or appropriate authorities as set forth in DIOG Sections 2.6 – 2.8 and 3.1.1; and
- E) (U) training new FBI employees on privacy and periodic training for all FBI employees to maintain currency on the latest guidelines, changes to laws and regulations, and judicial decisions related to constitutional rights and liberties.

## 4.2 (U) PROTECTION OF FIRST AMENDMENT RIGHTS

(U) A fundamental principle of the Attorney General's Guidelines for FBI investigations and operations since the first guidelines were issued in 1976 has been that investigative activity may not be based solely on the exercise of rights guaranteed by the First Amendment to the United States Constitution. This principle carries through to the present day in the AGG-Dom. The

Privacy Act contains a corollary principle – the government is prohibited from retaining information describing how a person exercises rights under the First Amendment, unless that information is pertinent to or within the scope of an authorized law enforcement activity. 5 U.S.C. § 552a(c)(7).

(U) The First Amendment states:

*(U) Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or of the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.*

(U) Although the amendment appears literally to apply only to Congress, the Supreme Court made clear long ago that it also applies to activities of the Executive Branch, including law enforcement agencies. Therefore, for FBI purposes, it would be helpful to read the introduction to the first sentence as: “The FBI shall take no action respecting...” In addition, the word “abridging” must be understood. “Abridging,” as used here, means “diminishing.” Thus, it is not necessary for a law enforcement action to destroy or totally undermine the exercise of First Amendment rights for it to be unconstitutional; significantly diminishing or lessening the ability of individuals to exercise these rights without an authorized investigative purpose is sufficient.

(U) This is not to say that any diminution of First Amendment rights is unconstitutional. The Supreme Court has never held that the exercise of these rights is absolute. In fact, the Court has realistically interpreted the level and kind of government activity that violates a First Amendment right. For example, taken to an extreme, one could argue that the mere possibility of an FBI agent being present at an open forum (or as an on-line presence) would diminish the right of free speech by a participant in the forum because he/she would be afraid to speak freely. The Supreme Court, however, has never found an “abridgement” of First Amendment rights based on such a subjective fear. Rather, the Court requires an action that, from an objective perspective, truly diminishes the speaker’s message or his/her ability to deliver it (e.g., pulling the plug on the sound system). For another example, requiring protestors to use a certain parade route may diminish their ability to deliver their message in a practical sense, but the Court has made it clear, that for legitimate reasons (e.g., public safety), the government may impose reasonable limitations in terms of time, place and manner on the exercise of such rights, as long as the ability to deliver the message remains.

(U) While the language of the First Amendment prohibits action that would abridge the enumerated rights, the implementation of that prohibition in the AGG-Dom reflects the Supreme Court’s opinions on the constitutionality of law enforcement action that may impact the exercise of First Amendment rights. As stated above, the AGG-Dom prohibits investigative activity for the sole purpose of monitoring the exercise of First Amendment rights. The importance of the distinction between this language and the actual text of the First Amendment is two-fold: (i) the line drawn by the AGG-Dom prohibits even “monitoring” the exercise of First Amendment rights (far short of abridging those rights) as the sole purpose of FBI activity; and (ii) the requirement of an authorized purpose for all investigative activity provides additional protection for the exercise of constitutionally protected rights.

(U) The AGG-Dom classifies investigative activity that involves a religious or political organization (or an individual prominent in such an organization) or a member of the news media as a “sensitive investigative matter.” That designation recognizes the sensitivity of

conduct that traditionally involves the exercise of First Amendment rights by groups, e.g., who associate for political or religious purposes or by the press. The requirements for opening and pursuing a “sensitive investigative matter” are set forth in DIOG Section 10. It should be clear, however, from the discussion below just how pervasive the exercise of First Amendment rights is in American life and that not all protected First Amendment rights will fall within the definition of a “sensitive investigative matter.” Therefore, it is essential that FBI employees recognize when investigative activity may have an impact on the exercise of these fundamental rights and be especially sure that any such investigative activity has a valid law enforcement or national security purpose, even if it is not a “sensitive investigative matter” as defined in the AGG-Dom and the DIOG.

(U) Finally, it is important to note that individuals in the United States (and organizations comprised of such individuals) do not forfeit their First Amendment rights simply because they also engage in criminal activity or in conduct that threatens national security. For example, an organization suspected of engaging in acts of domestic terrorism may also pursue legitimate political goals and may also engage in lawful means to achieve those goals. The pursuit of these goals through constitutionally protected conduct does not insulate them from legitimate investigative focus for unlawful activities—but the goals and the pursuit of their goals through lawful means remain protected from unconstitutional infringement.

(U) When allegations of First Amendment violations are brought to a court of law, it is usually in the form of a civil suit in which a plaintiff has to prove some actual or potential harm. See, e.g., *Presbyterian Church v. United States*, 870 F.2d 518 (9th Cir. 1989) (challenging INS surveillance of churches). In a criminal trial, a defendant may seek either or both of two remedies as part of a claim that his or her First Amendment rights were violated: suppression of evidence gathered in the alleged First Amendment violation, a claim typically analyzed under the “reasonableness” clause of the Fourth Amendment, and dismissal of the indictment on the basis of “outrageous government conduct” in violation of the Due Process Clause of the Fifth Amendment.

(U) The scope of First Amendment rights and their impact on FBI investigative activity are discussed below. The First Amendment’s “establishment clause”—the prohibition against the government establishing or sponsoring a specific religion—has little application to the FBI and, therefore, is not discussed here.

#### 4.2.1 (U) **FREE SPEECH**

(U) The exercise of free speech includes far more than simply speaking on a controversial topic in the town square. It includes such activities as carrying placards in a parade, sending letters to a newspaper editor, posting information on the Internet, wearing a tee shirt with a political message, placing a bumper sticker critical of the President on one’s car, and publishing books or articles. The common thread in these examples is conveying a public message or an idea through words or deeds. Law enforcement activity that diminishes a person’s ability to communicate in any of these ways may interfere with his or her freedom of speech—and thus may not be undertaken by the FBI solely for that purpose.

(U) It is important to understand the line between constitutionally protected speech and advocacy of violence or of conduct that may lead to violence or other unlawful activity. In *Brandenburg v. Ohio*, 395 U.S. 444 (1969), the Supreme Court established a two-part test to determine whether such speech is constitutionally protected: the government may not prohibit advocacy of force or

violence except when such advocacy (i) is intended to incite imminent lawless action, and (ii) is likely to do so. Therefore, even heated rhetoric or offensive provocation that could conceivably lead to a violent response in the future is usually protected. Suppose, for example, a politically active group advocates on its web site taking unspecified “action” against persons or entities it views as the enemy, who thereafter suffer property damage and/or personal injury. Under the *Brandenburg* two-part test, the missing specificity and imminence in the message may provide it constitutional protection. For that reason, law enforcement may take no action that, in effect, blocks the message or punishes its sponsors.

(U) Despite the high standard for interfering with free speech or punishing those engaged in it, the law does not preclude FBI employees from observing and collecting any of the forms of protected speech and considering its content—as long as those activities are done for a valid law enforcement or national security purpose and are conducted in a manner that does not unduly infringe upon the ability of the speaker to deliver his or her message. To be an authorized purpose it must be one that is authorized by the AGG-Dom— i.e. to further an FBI Assessment, Predicated Investigation, or other authorized function such as providing assistance to other agencies. Furthermore, by following the standards for opening or approving an Assessment or Predicated Investigation as contained in the DIOG, the FBI will ensure that there is a rational relationship between the authorized purpose and the protected speech to be collected such that a reasonable person with knowledge of the circumstances could understand why the information is being collected.

(U) Returning to the example posed above, because the group’s advocacy of action could be directly related by circumstance to property damage suffered by one of the group’s known targets, collecting the speech—although constitutionally protected—can lawfully occur. Similarly, listening to and documenting the public talks by a religious leader, who is suspected of raising funds for a terrorist organization, may yield clues as to his motivation, plan of action, and/or hidden messages to his followers. FBI employees should not, therefore, avoid collecting First Amendment protected speech if it is relevant to an authorized AGG-Dom purpose— as long as FBI employees do so in a manner that does not inhibit the delivery of the message or the ability of the audience to hear it, and so long as the collection is done in accordance with the discussion of least intrusive means or method in DIOG Section 4.4.

(U) In summary, during the course of lawful investigative activities, the FBI may lawfully collect, retain, and consider the content of constitutionally protected speech, so long as: (i) the collection is logically related to an authorized investigative purpose; (ii) the collection does not actually infringe on the ability of the speaker to deliver his or her message; and (iii) the method of collection complies with the least intrusive method policy.

#### **4.2.2 (U) EXERCISE OF RELIGION**

(U) Like the other First Amendment freedoms, the “free exercise of religion” clause is broader than commonly believed. First, it covers any form of worship of a deity—even forms that are commonly understood to be cults or fringe sects, as well as the right not to worship any deity. Second, protected religious exercise also extends to dress or food that is required by religious edict, attendance at a facility used for religious practice (no matter how unlikely it appears to be intended for that purpose), observance of the Sabbath, raising money for evangelical or missionary purposes, and proselytizing. Even in controlled environments like prisons, religious exercise must be permitted—subject to reasonable restrictions as to time, place, and manner.

Another feature of this First Amendment right is that religion is a matter of heightened sensitivity to some Americans—especially to devout followers. For this reason, religion is a matter that is likely to provoke an adverse reaction if the right is violated—regardless of which religion is involved. Therefore, when essential investigative activity may impact this right, the investigative activity must be conducted in a manner that avoids the actual—and the appearance of—interference with religious practice to the maximum extent possible.

(U) While there must be an authorized purpose for any investigative activity that could have an impact on religious practice, this does not mean religious practitioners or religious facilities are completely free from being examined as part of an Assessment or Predicated Investigation. If such practitioners are involved in—or such facilities are used for—activities that are the proper subject of FBI-authorized investigative or intelligence collection activities, their religious affiliation does not “immunize” them to any degree from these efforts. It is paramount, however, that the authorized purpose of such efforts be properly documented. It is also important that investigative activity directed at religious leaders or at conduct occurring within religious facilities be focused in time and manner so as not to infringe on legitimate religious practice by any individual but especially by those who appear unconnected to the activities under investigation.

(U) Furthermore, FBI employees may take appropriate cognizance of the role religion may play in the membership or motivation of a criminal or terrorism enterprise. If, for example, affiliation with a certain religious institution or a specific religious sect is a known requirement for inclusion in a violent organization that is the subject of an investigation, then whether a person of interest is a member of that institution or sect is a rational and permissible consideration. Similarly, if investigative experience and reliable intelligence reveal that members of a terrorist or criminal organization are known to commonly possess or exhibit a combination of religion-based characteristics or practices (e.g., group leaders state that acts of terrorism are based in religious doctrine), it is rational and lawful to consider such a combination in gathering intelligence about the group—even if any one of these, by itself, would constitute an impermissible consideration. By contrast, solely because prior subjects of an investigation of a particular group were members of a certain religion and they claimed a religious motivation for their acts of crime or terrorism, other members’ mere affiliation with that religion, by itself, is not a basis to assess or investigate—absent a known and direct connection to the threat under Assessment or investigation. Finally, the absence of a particular religious affiliation can be used to eliminate certain individuals from further investigative consideration in those scenarios where religious affiliation is relevant.

#### 4.2.3 (U) *FREEDOM OF THE PRESS*

(U) Contrary to what many believe, this well-known First Amendment right is not owned by the news media; it is a right of the American people. Therefore, this right covers such matters as reasonable access to news-making events, the making of documentaries, and various other forms of publishing the news. Although the news media typically seek to enforce this right, freedom of the press should not be viewed as a contest between law enforcement or national security, on the one hand, and the interests of news media, on the other. That said, the news gathering function is the aspect of freedom of the press most likely to intersect with law enforcement and national security investigative activities.

(U) The interest of the news media in protecting confidential sources and the interest of agencies like the FBI in gaining access to those sources who may have evidence of a crime or national security intelligence often clash. The seminal case in this area is *Branzburg v. Hayes*, 408 U.S. 665 (1972), in which the Supreme Court held that freedom of the press does not entitle a news reporter to refuse to divulge the identity of his source to a federal grand jury. The Court reasoned that, as long as the purpose of law enforcement is not harassment or vindictiveness against the press, any harm to the news gathering function of the press (by revealing source identity) is outweighed by the need of the grand jury to gather evidence of crime.

(U) Partially in response to *Branzburg*, the Attorney General promulgated regulations that govern the issuance of subpoenas for reporter's testimony and telephone toll records, the arrest of a reporter for a crime related to news gathering, and the interview of a reporter as a suspect in a crime arising from the news gathering process. In addition, an investigation of a member of the news media in his official capacity, the use of a reporter as a source, and posing as a member of the news media are all sensitive circumstances in the AGG-Dom, DIOG and other applicable AGGs.

(U) These regulations are not intended to insulate reporters and other news media from FBI Assessments or Predicated Investigations. They are intended to ensure that investigative activity that seeks information from or otherwise involves members of the news media:

- A) (U) Is appropriately authorized;
- B) (U) Is necessary for an important law enforcement or national security objective;
- C) (U) Is the least intrusive means to obtain the information or achieve the goals; and
- D) (U) Does not unduly infringe upon the news gathering aspect of the constitutional right to freedom of the press.

#### 4.2.4 (U) ***FREEDOM OF PEACEFUL ASSEMBLY AND TO PETITION THE GOVERNMENT FOR REDRESS OF GRIEVANCES***

(U) Freedom of peaceful assembly, often called the right to freedom of association, presents unique issues for law enforcement agencies, including the FBI. Individuals who gather with others to protest government action, or to rally or demonstrate in favor of, or in opposition to, a social cause sometimes present a threat to public safety by their numbers, by their actions, by the anticipated response to their message, or by creating an opportunity for individuals or other groups with an unlawful purpose to infiltrate and compromise the legitimacy of the group for their own ends. The right to peaceful assembly includes more than just public demonstrations—it includes, as well, the posting of group web sites on the Internet, recruiting others to a cause, marketing a message, and fund raising. All are protected First Amendment rights if they are conducted in support of the organization or political, religious or social cause.

(U) The right to petition the government for redress of grievances is so linked to peaceful assembly and association that it is included in this discussion. A distinction between the two is that an individual may exercise the right to petition the government by himself whereas assembly necessarily involves others. The right to petition the government includes writing letters to Congress, carrying a placard outside city hall that delivers a political message, recruiting others to one's cause, and lobbying Congress or an executive agency for a particular result.

(U) For the FBI, covert presence or action within associations or organizations, also called “undisclosed participation,” has the greatest potential to impact this constitutional right. The Supreme Court addressed this issue as a result of civil litigation arising from one of the many protests against the Vietnam War. In *Laird v. Tatum*, 408 U.S. 1 (1972), the Court found that the mere existence of an investigative program—consisting of covert physical surveillance in public areas, infiltration of public assemblies by government operatives or sources, and the collection of news articles and other publicly available information—for the purpose of determining the existence and scope of a domestic threat to national security does not, by itself, violate the First Amendment rights of the members of the assemblies. The subjective “chill” to the right to assembly, based on the suspected presence of government operatives, did not by itself give rise to legal “standing” for plaintiffs to argue that their constitutional rights had been abridged. Instead, the Court required a showing that the complained-of government action would reasonably deter the exercise of that right.

(U) Since *Laird v. Tatum* was decided, the lower courts have examined government activity on many occasions to determine whether it gave rise to a “subjective chill” or an “objective deterrent.” The basic standing requirement established by *Laird* remains unchanged today. The lower courts, however, have often imposed a very low threshold of objective harm to survive a motion to dismiss the case. For example, plaintiffs who have shown a loss of membership in an organization, loss of financial support, loss to reputation and status in the community, and loss of employment by members have been granted standing to sue.

(U) More significant for the FBI than the standing issue has been the lower courts’ evaluation of investigative activity into First Amendment protected associations since *Laird*. The courts have held the following investigative activities to be constitutionally permissible under First Amendment analysis:

- A) (U) Undercover participation in group activities;
- B) (U) Physical and video surveillance in public areas;
- C) (U) Properly authorized electronic surveillance;
- D) (U) Recruitment and operation of sources;
- E) (U) Collection of information from government, public, and private sources (with consent);  
and
- F) (U) The dissemination of information for a valid law enforcement purpose.

(U) However, these decisions were not reached in the abstract. In every case in which the courts have found government action to be proper, the government proved that the action was conducted for an authorized law enforcement or national security purpose and that the action was conducted in substantial compliance with controlling regulations. In addition, in approving these techniques, the courts have often considered whether a less intrusive technique was available to the agency, and the courts have balanced the degree of intrusion or impact against the importance of the law enforcement or national security objective.

(U) By contrast, since *Laird*, the courts have found these techniques to be legally objectionable:

- A) (U) Opening an investigation solely because of the group’s social or political agenda (even if the agenda made the group susceptible to subversive infiltration);
- B) (U) Sabotaging or neutralizing the group’s legitimate social or political agenda;

- C) (U) Disparaging the group's reputation or standing;
- D) (U) Leading the group into criminal activity that otherwise probably would not have occurred; and
- E) (U) Undermining legitimate recruiting or funding efforts.

(U) In every such case, the court found the government's purpose was not persuasive, was too remote, or was too speculative to justify the intrusion and the potential harm to the exercise of First Amendment rights.

(U) Once again, the message is clear that investigative activity that involves assemblies or associations of individuals in the United States exercising their First Amendment rights must have an authorized purpose under the AGG-Dom—and one to which the information sought and the technique to be employed are rationally related. Less intrusive techniques should always be explored first and those authorizing such activity (which, as discussed above, will almost always constitute a sensitive investigative matter) should ensure that the investigative activity is focused as narrowly as feasible and that the purpose is thoroughly documented.

#### 4.3 (U) EQUAL PROTECTION UNDER THE LAW

##### 4.3.1 (U) INTRODUCTION

(U) The Equal Protection Clause of the United States Constitution provides in part that: "No State shall make or enforce any law which shall deny to any person within its jurisdiction the equal protection of the laws." The Supreme Court and the lower courts have made it clear that the Equal Protection Clause applies to the official acts of United States government law enforcement agents. See, e.g., *Whren v. United States*, 517 U.S. 806 (1996); see also *Chavez v. Illinois State Police*, 251 F.3d 612 (7th Cir. 2001).

(U) Specifically, federal government employees are prohibited from engaging in invidious discrimination against individuals on the basis of race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity. This principle is further reflected and implemented for federal law enforcement in the United States Department of Justice's Guidance for Federal Law Enforcement Agencies Regarding the Use of Race, Ethnicity, Gender, National Origin, Religion, Sexual Orientation, or Gender Identity (hereinafter "DOJ's 2014 Guidance on Use of Race, etc.").

(U) Investigative and intelligence collection activities must not be based solely on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity. Any such activities that are based solely on such considerations are invidious by definition, and therefore, unconstitutional. This standard applies to all investigative and collection activity, including collecting and retaining information, opening investigations, disseminating information, and indicting and prosecuting defendants. It is particularly applicable to the retention and dissemination of personally identifying information about an individual—as further illustrated in the examples enumerated below.

(U) The constitutional prohibition against invidious discrimination based on race, ethnicity, national origin or religion and the DOJ Guidance on the Use of Race, Ethnicity, Gender, National Origin, Religion, Sexual Orientation, or Gender Identity is relevant to both the national security and criminal investigative programs of the FBI. National security investigations often have ethnic aspects; members of a foreign terrorist organization may be primarily or exclusively

from a particular country or area of the world. Similarly, ethnic heritage is frequently the common thread running through violent gangs or other criminal organizations. It should be noted that this is neither a new nor isolated phenomenon. Ethnic commonality among criminal and terrorist groups has been relatively constant and widespread across many ethnicities throughout the history of the FBI.

#### 4.3.2 (U) **POLICY PRINCIPLES**

(U) On December 8, 2014, the Department of Justice issued the *DOJ's 2014 Guidance on Use of Race, etc.*, which superseded the Department's 2003 "Guidance Regarding the Use of Race by Federal Law Enforcement Agencies."

(U) The DOJ's 2014 Guidance applies to Federal law enforcement officers performing Federal law enforcement activities, including those related to national security and intelligence, and defines not only the circumstances in which Federal law enforcement officers may take into account a person's race and ethnicity – as the 2003 Guidance did – but also when gender, national origin, religion, sexual orientation, or gender identity may be taken into account. This new Guidance also applies to state and local law enforcement officers while participating in Federal law enforcement task forces.

(U) The DOJ's 2014 Guidance on Use of Race, etc. provides two standards in combination which will guide Federal law enforcement and task force officers in the appropriate use of race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity in law enforcement or intelligence activities:

- A) (U) In making routine or spontaneous law enforcement decisions, such as ordinary traffic stops, Federal law enforcement or task force officers may not use race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity to any degree, except that officers may rely on the listed characteristics in a specific suspect description. This prohibition applies even where the use of a listed characteristic might otherwise be lawful.
- B) (U) In conducting all activities other than routine or spontaneous law enforcement activities, Federal law enforcement or task force officers may consider race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity only to the extent that there is trustworthy information, relevant to the locality or time frame, that links persons possessing a particular listed characteristic to an identified criminal incident, scheme, or organization, a threat to national or homeland security, a violation of Federal immigration law, or an authorized intelligence activity. In order to rely on a listed characteristic, federal law enforcement or task force officers must also reasonably believe that the law enforcement, security, or intelligence activity to be undertaken is merited under the totality of the circumstances, such as any temporal exigency and the nature of any potential harm to be averted. This standard applies even where the use of a listed characteristic might otherwise be lawful.

(U) To ensure that Assessment and investigative activities and strategies consider racial, ethnic, gender, national origin, religion, sexual orientation, or gender identity factors properly and effectively and to help assure the American public that the FBI does not engage in invidious discrimination, the DIOG establishes the following policy principles:

- A) (U) The prohibition on basing investigative activity solely on race or ethnicity is not avoided by considering it in combination with other prohibited factors. For example, a person of a certain race engaging in lawful public speech about his religious convictions is not a proper

subject of investigative activity based solely on any one of these factors—or by their combination. Before collecting and using information on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, a well-founded and authorized investigative purpose must exist beyond these prohibited factors.

- B) (U) When race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity is a relevant factor to consider, it should not be the dominant or primary factor. Adherence to this standard will not only ensure that they are never the sole factor—it will also preclude undue and unsound reliance on them in investigative analysis. It reflects the recognition that there are thousands and, in some cases, millions of law abiding people in American society of the same race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity as those who are the subjects of FBI investigative activity, and it guards against the risk of sweeping them into the net of suspicion without a sound investigative basis.
- C) (U) The FBI will not collect or use behavior or characteristics common to a particular racial or ethnic community as investigative factors unless the behavior or characteristics bear clear and specific relevance to a matter under Assessment or investigation. This policy is intended to prevent the potential that collecting ethnic characteristics or behavior will inadvertently lead to individual identification based solely on such matters, as well as to avoid the appearance that the FBI is engaged in ethnic or racial profiling.

#### **4.3.3 (U) GUIDANCE ON THE USE OF RACE, ETHNICITY, GENDER, NATIONAL ORIGIN, RELIGION, SEXUAL ORIENTATION, OR GENDER IDENTITY IN ASSESSMENTS AND PREDICATED INVESTIGATIONS**

(U) Considering the reality of common ethnicity, race, religion, or national origin among many criminal and terrorist groups, some question how the prohibition against racial or ethnic profiling is to be effectively applied—and not violated—in FBI Assessments and Predicated Investigations. The question arises generally in two contexts: (i) with respect to an individual or a group of individuals; and (ii) with respect to ethnic or racial communities as a whole.

##### **4.3.3.1 (U) INDIVIDUAL RACE, ETHNICITY, GENDER, NATIONAL ORIGIN, RELIGION, SEXUAL ORIENTATION, OR GENDER IDENTITY AS A FACTOR**

(U) The DOJ's *2014 Guidance on Use of Race, etc.* permits the consideration of race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity information based on specific reporting—such as from an eyewitness. As a general rule, race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity as an identifying feature of a suspected perpetrator, subject, and in some cases, a victim, is relevant if it is based on reliable evidence or information—not conjecture or stereotyped assumptions. In addition, the DOJ's 2014 Guidance on Use of Race, etc. permits consideration of such personal characteristics in other investigative or collection scenarios if it is relevant to an identified criminal incident, scheme, or organization. These examples illustrate:

- A) (U) The race or ethnicity of suspected members, associates, or supporters of an ethnic-based gang or criminal enterprise may be collected and retained when gathering information about or investigating the organization.
- B) (U) Ethnicity may be considered in evaluating whether a subject is—or is not—a possible associate of a criminal or terrorist group that is known to be comprised of members of the same ethnic grouping—as long as it is not the dominant factor for focusing on a particular

person. It is axiomatic that there are many members of the same ethnic group who are not members of the criminal or terrorist group; for that reason, there must be other information beyond race or ethnicity that links the individual to the terrorist or criminal group or to the other members of the group. Otherwise, racial or ethnic identity would be the sole criterion, and that is impermissible.

**4.3.3.2 (U) COMMUNITY RACE, ETHNICITY, GENDER, NATIONAL ORIGIN, RELIGION, SEXUAL ORIENTATION, OR GENDER IDENTITY AS A FACTOR**

**4.3.3.2.1 (U) COLLECTING AND ANALYZING DEMOGRAPHICS**

(U) The DOJ's 2014 Guidance on Use of Race, etc. and FBI policy permit the FBI to identify locations of concentrated ethnic communities in the field office's domain, if these locations will reasonably aid the analysis of potential threats and vulnerabilities to national and homeland security or an authorized intelligence activity, e.g., assist domain awareness for the purpose of performing intelligence analysis. If, for example, intelligence reporting reveals that members of certain terrorist organizations live and operate primarily within a certain concentrated community of the same ethnicity, the location of that community is clearly valuable—and properly collectible—data. Similarly, the locations of ethnic-oriented businesses and other facilities may be collected if their locations will reasonably contribute to an awareness of potential threats and vulnerabilities, and intelligence collection opportunities. Also, members of some communities may be potential victims of civil rights crimes and, for this reason, community location may aid enforcement of civil rights laws. Information about such communities should not be collected, however, unless the communities are sufficiently concentrated and established so as to provide a reasonable potential for intelligence collection that would support FBI mission programs (e.g., where identified terrorist subjects from certain countries may relocate to blend in and avoid detection).

**4.3.3.2.2 (U) GEO-MAPPING ETHNIC/RACIAL DEMOGRAPHICS**

(U) As a general rule, if information about community demographics may be collected, it may be “mapped.” Sophisticated computer geo-mapping technology visually depicts lawfully collected information and can assist in showing relationships among disparate data. By itself, mapping raises no separate concerns about racial or ethnic profiling, assuming the underlying information that is mapped was properly collected. It may be used broadly – e.g., for domain awareness of all relevant demographics in the field office's area of responsibility or to track crime trends – or narrowly to identify specific communities or areas of interest to inform a specific Assessment or investigation. In each case, the relevance of the ethnic or racial information mapped to the authorized purpose of the Assessment or investigation must be clearly demonstrated and documented.

**4.3.3.2.3 (U) GENERAL ETHNIC/RACIAL BEHAVIOR**

(U) The authority to collect ethnic community location information does not extend to the collection of cultural and behavioral information about an ethnic community that bears no rational relationship to a valid investigative or analytical need. Every ethnic community in the Nation that has been associated with a criminal or national security threat has a dominant majority of law-abiding citizens, resident aliens, and visitors who may share common ethnic behavior but who have no connection to crime or terrorism (as either subjects or victims). For this reason, a broad-brush collection of racial or ethnic characteristics or behavior is not

helpful to achieve any authorized FBI purpose and may create the appearance of improper racial or ethnic profiling.

**4.3.3.2.4 (U) SPECIFIC AND RELEVANT ETHNIC BEHAVIOR**

(U) On the other hand, knowing the behavioral and life style characteristics of known individuals who are criminals or who pose a threat to national security may logically aid in the detection and prevention of crime and threats to the national security within the community and beyond. Focused behavioral characteristics reasonably believed to be associated with a particular criminal or terrorist element of an ethnic community (not with the community as a whole) may be collected and retained. For example, if it is known through intelligence analysis or otherwise that individuals associated with an ethnic-based terrorist or criminal group conduct their finances by certain methods, travel in a certain manner, work in certain jobs, or come from a certain part of their home country that has established links to terrorism, those are relevant factors to consider when investigating the group or assessing whether it may have a presence within a community. It is recognized that the “fit” between specific behavioral characteristics and a terrorist or criminal group is unlikely to be perfect—that is, there will be members of the group who do not exhibit the behavioral criteria as well as persons who exhibit the behaviors who are not members of the group. Nevertheless, in order to maximize FBI mission relevance and to minimize the appearance of racial or ethnic profiling, the criteria used to identify members of the group within the larger ethnic community to which they belong must be as focused and as narrow as intelligence reporting and other circumstances permit. If intelligence reporting is insufficiently exact so that it is reasonable to believe that the criteria will include an unreasonable number of people who are not involved, then it would be inappropriate to use the behaviors, standing alone, as the basis for FBI activity.

**4.3.3.2.5 (U) EXPLOITIVE ETHNIC BEHAVIOR**

(U) A related category of information that can be collected is behavioral and cultural information about ethnic or racial communities that is reasonably likely to be exploited by criminal or terrorist groups who hide within those communities in order to engage in illicit activities undetected. For example, the existence of a cultural tradition of collecting funds from members within the community to fund charitable causes in their homeland at a certain time of the year (and how that is accomplished) would be relevant if intelligence reporting revealed that, unknown to many donors, the charitable causes were fronts for terrorist organizations or that terrorist supporters within the community intended to exploit the unwitting donors for their own purposes.

**4.4 (U) LEAST INTRUSIVE METHOD**

**4.4.1 (U) OVERVIEW**

(U) The AGG-Dom requires that the “least intrusive” means or method be considered and—if reasonable based upon the circumstances of the investigation—used to obtain intelligence or evidence in lieu of a more intrusive method. This principle is also reflected in Appendix B: Executive Order 12333, which governs the activities of the United States Intelligence Community. The concept of least intrusive method applies to the collection of all information. Regarding the collection of foreign intelligence that is not collected as part of the FBI’s

traditional national security or criminal missions, the AGG-Dom further requires that open and overt collection activity must be used with USPERs, if feasible.

(U) By emphasizing the use of the least intrusive means to obtain information, FBI employees can effectively execute their duties while mitigating potential negative impact on the privacy and civil liberties of all people encompassed within the investigation, including targets, witnesses, and victims. This principle is not intended to discourage FBI employees from seeking relevant and necessary information, but rather is intended to encourage investigators to choose the least intrusive—but still reasonable—means from the available options to obtain the information.

(U) This principle is embodied in statutes and DOJ policies on a variety of topics including electronic surveillance, the use of tracking devices, the temporary detention of suspects, and forfeiture. In addition, the concept of least intrusive method can be found in case law as a factor to be considered in assessing the reasonableness of an investigative method in the face of a First Amendment or due process violation claim. See *Clark v. Library of Congress*, 750 F.2d 89, 94-5 (D.C. Cir. 1984); *Alliance to End Repression v. City of Chicago*, 627 F. Supp. 1044, 1055 (N.D. Ill. 1985), citing *Elrod v. Burns*, 427 U.S. 347, 362-3 (1976).

#### 4.4.2 (U) **GENERAL APPROACH TO LEAST INTRUSIVE METHOD CONCEPT**

(U) Determining what constitutes the least intrusive method in an investigative or intelligence collection scenario is both a logical process and an exercise in judgment. It is logical in the sense that the FBI employee must first confirm that the selected technique will:

- A) (U) Gather information that is relevant to the Assessment or Predicated Investigation;
- B) (U) Acquire the information within the time frame required by the assessment or Predicated Investigation;
- C) (U) Gather the information consistent with operational security and the protection of sensitive sources and methods; and
- D) (U) Gather information in a manner that provides confidence in its accuracy.

(U) Determining the least intrusive method also requires sound judgment because the factors discussed above are not fixed points on a checklist. They require careful consideration based on a thorough understanding of investigative objectives and circumstances.

#### 4.4.3 (U) **DETERMINING INTRUSIVENESS**

(U) The degree of procedural protection that established law and the AGG-Dom provide for the use of the method helps to determine its intrusiveness. Using this factor, search warrants, wiretaps, and undercover operations are very intrusive. By contrast, investigative methods with limited procedural requirements, such as checks of government and commercial data bases and communication with established sources, are less intrusive.

(U) The following guidance is designed to assist FBI personnel in judging the relative intrusiveness of different methods:

- A) (U) **Nature of the information sought:** Investigative objectives generally dictate the type of information required and from whom it should be collected. This subpart is not intended to address the situation where the type of information needed and its location are so clear that consideration of alternatives would be pointless. When the option exists to seek information from any of a variety of places, however, it is less intrusive to seek information from less

sensitive and less protected places. Similarly, obtaining information that is protected by a statutory scheme (e.g., financial records) or an evidentiary privilege (e.g., attorney/client communications) is more intrusive than obtaining information that is not so protected. In addition, if there exists a reasonable expectation of privacy under the Fourth Amendment (i.e., private communications), obtaining that information is more intrusive than obtaining information that is knowingly exposed to public view as to which there is no reasonable expectation of privacy.

- B) (U) ***Scope of the information sought:*** Collecting information regarding an isolated event—such as a certain phone number called on a specific date or a single financial transaction—is less intrusive or invasive of an individual's privacy than collecting a complete communications or financial "profile." Similarly, a complete credit history is a more intrusive view into an individual's life than a few isolated credit charges. In some cases, of course, a complete financial and credit profile is exactly what the investigation requires (for example, investigations of terrorist financing or money laundering). If so, FBI employees should not hesitate to use appropriate legal process to obtain such information if the predicate requirements are satisfied. Operational security—such as source protection—may also dictate seeking a wider scope of information than is absolutely necessary for the purpose of protecting a specific target or source. When doing so, however, the concept of least intrusive method still applies. The FBI may obtain more data than strictly needed, but it should obtain no more data than is needed to accomplish the investigative or operational security purpose.
- C) (U) ***Scope of the use of the method:*** Using a method in a manner that captures a greater picture of an individual's or a group's activities are more intrusive than using the same method or a different one that is focused in time and location to a specific objective. For example, it is less intrusive to use a tracking device to verify point-to-point travel than it is to use the same device to track an individual's movements over a sustained period of time. Sustained tracking on public highways would be just as lawful but more intrusive because it captures a greater portion of an individual's daily movements. Similarly, surveillance by closed circuit television that checks a discrete location within a discrete time frame is less intrusive than 24/7 coverage of a wider area. For another example, a computer intrusion device that captures only host computer identification information is far less intrusive than one that captures file content.
- D) (U) ***Source of the information sought:*** It is less intrusive to obtain information from existing government sources (such as state, local, tribal, international, or federal partners) or from publicly-available data in commercial data bases, than to obtain the same information from a third party (usually through legal process) that has a confidential relationship with the subject—such as a financial or academic institution. Similarly, obtaining information from a reliable confidential source who is lawfully in possession of the information and lawfully entitled to disclose it (such as obtaining an address from an employee of a local utility company) is less intrusive than obtaining the information from an entity with a confidential relationship with the subject. It is recognized in this category that the accuracy and procedural reliability of the information sought is an important factor in choosing the source of the information. For example, even if the information is available from a confidential source, a grand jury subpoena, national security letter, ex parte order, or other process may be required in order to ensure informational integrity and accuracy.
- E) (U) ***The risk of public exposure:*** Seeking information about an individual or group under circumstances that create a risk that the contact itself and the information sought will be exposed to the individual's or group's detriment and/or embarrassment—particularly if the method used carries no legal obligation to maintain silence—is more intrusive than information gathering that does not carry that risk. Interviews with employers, neighbors, and associates, for example, or the issuance of grand jury subpoenas at a time when the

investigation has not yet been publicly exposed are more intrusive than methods that gather information covertly. Similarly, interviews of a subject in a discrete location would be less intrusive than an interview at, for example, a place of employment or other location where the subject is known.

(U) There is a limit to the utility of this list of intrusiveness factors. Some factors may be inapplicable in a given investigation and, in many cases, the choice and scope of the method will be dictated wholly by investigative objectives and circumstances. The foregoing is not intended to provide a comprehensive checklist or even an overall continuum of intrusiveness. It is intended instead to identify the factors involved in a determination of intrusiveness and to attune FBI employees to select, within each applicable category, a less intrusive method if operational circumstances permit. In the end, selecting the least intrusive method that will accomplish the objective is a matter of sound judgment. In exercising such judgment, however, consideration of these factors should ensure that the decision to proceed is well founded.

#### 4.4.4 (U) *STANDARD FOR BALANCING INTRUSION AND INVESTIGATIVE REQUIREMENTS*

(U) Once an appropriate method and its deployment have been determined, reviewing and approving authorities should balance the level of intrusion against investigative requirements. This balancing test is particularly important when the information sought involves clearly established constitutional, statutory, or evidentiary rights or sensitive circumstances (such as obtaining information from religious or academic institutions or public fora where First Amendment rights are being exercised), but should be applied in all circumstances to ensure that the least intrusive method if reasonable based upon the circumstances of the investigation is being utilized.

(U) Balancing the factors discussed above with the considerations discussed below will help determine whether the method and the extent to which it intrudes into privacy or threatens civil liberties are proportionate to the significance of the case and the information sought.

(U) Considerations on the investigative side of the balancing scale include the:

- A) (U) Seriousness of the crime or national security threat;
- B) (U) Strength and significance of the intelligence/information to be gained;
- C) (U) Amount of information already known about the subject or group under investigation; and
- D) (U) Requirements of operational security, including protection of sources and methods.

(U) If, for example, the threat is remote, the individual's involvement is speculative, and the probability of obtaining probative information is low, intrusive methods may not be justified, and, in fact, they may do more harm than good. At the other end of the scale, if the threat is significant and possibly imminent (e.g., a bomb threat), aggressive measures would be appropriate regardless of intrusiveness.

(U) In addition, with respect to the investigation of a group, if the terrorist or criminal nature of the group and its membership is well established (e.g., al Qaeda, Ku Klux Klan, Colombo Family of La Cosa Nostra), there is less concern that pure a First Amendment right is at stake than there would be for a group whose true character is not yet known (e.g., an Islamic charity suspected of terrorist funding) or many of whose members appear to be solely exercising First Amendment rights (anti-war protestors suspected of being infiltrated by violent anarchists). This is not to

suggest that investigators should be less aggressive in determining the true nature of an unknown group that may be engaged in terrorism or other violent crime. Indeed, a more aggressive and timely approach may be in order to determine whether the group is violent or to eliminate it as a threat. Nevertheless, when First Amendment rights are at stake, the choice and use of investigative methods should be focused in a manner that minimizes potential infringement of those rights. Finally, as the investigation progresses and the subject's or group's involvement becomes clear, more intrusive methods may be justified. Conversely, if reliable information emerges refuting the individual's involvement or the group's criminal or terrorism connections, the use of any investigative methods must be carefully reconsidered.

(U) Another consideration to be balanced is operational security: if a less intrusive but reasonable method were selected, would the subject detect its use and alter his activities—including his means of communication—to thwart the success of the operation? Operational security—particularly in national security investigations—should not be undervalued and may, by itself, justify covert tactics which, under other circumstances, would not be the least intrusive.

#### 4.4.5 (U) *CONCLUSION*

(U) The foregoing guidance is offered to assist FBI employees in navigating the often unclear course to select the least intrusive investigative method that effectively accomplishes the operational objective at hand. In the final analysis, choosing the method that must appropriately balances the impact on privacy and civil liberties with operational needs, is a matter of judgment, based on training and experience. Pursuant to the AGG-Dom, other applicable laws and policies, and this guidance, FBI employees may use any lawful method allowed, even if intrusive, where the intrusiveness is warranted by the threat to the national security or to potential victims of crime and/or the strength of the information indicating the existence of that threat.

## 5 (U) ASSESSMENTS

---

### 5.1 (U) OVERVIEW AND ACTIVITIES AUTHORIZED PRIOR TO OPENING AN ASSESSMENT

(U//~~FOUO~~) The AGG-Dom combines “threat assessments” under the former *Attorney General’s Guidelines for FBI National Security Investigations and Foreign Intelligence Collection* and the “prompt and extremely limited checking out of initial leads” under the former *Attorney General’s Guidelines on General Crimes, Racketeering Enterprise and Terrorism Enterprise Investigations* into a new investigative category entitled “Assessments.”

(U//~~FOUO~~) All Assessments must be documented in the appropriate form, to include an FD-71 (until its functions are absorbed by Guardian), Guardian (FD-71a), or EC, and the form must be placed in one of the following files:

- A) (U//~~FOUO~~) Investigative classification as an Assessment file (e.g., 415A-WF-xxxxxx);
- B) (U//~~FOUO~~) Zero sub-assessment file (e.g., 91-0-ASSESS-D; 15-0-ASSESS; 315-0-ASSESS-D);
- C) (U//~~FOUO~~) Zero classification file (e.g. 196-WF-0). This file may be used if information is entered in the FD-71 or FD-71a and an Assessment is not opened based on that information;
- D) (U//~~FOUO~~) 800 series (801-807) classification file, as discussed in greater detail below;
- E) (U//~~FOUO~~) Unaddressed work file; or
- F) (U//~~FOUO~~) Existing open or closed file.

(U//~~FOUO~~) Note: In the DIOG, the word “assessment” has two distinct meanings. The AGG-Dom authorizes as an investigative activity an “Assessment,” which requires an authorized purpose as discussed in this section of the DIOG. The USIC, however, also uses the word “assessment” to describe written intelligence products, as discussed in DIOG Sections 15.2.3 and 15.6.1.2.

(U) Assessments authorized under the AGG-Dom do not require a particular factual predication but do require an authorized purpose and clearly defined objective(s). Assessments may be carried out to detect, obtain information about, or prevent or protect against Federal crimes or threats to the national security or to collect foreign intelligence. (AGG-Dom, Part II and Part II.A)

(U//~~FOUO~~) Although “no particular factual predication” is required, the basis of an Assessment cannot be arbitrary or groundless speculation, nor can an Assessment be based solely on the exercise of First Amendment protected activities or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject. Although difficult to define, “no particular factual predication” is less than “information or allegation” as required for the initiation of a preliminary investigation (PI). For example, an Assessment may be conducted when: (i) there is reason to collect information or facts to determine whether there is a criminal or national security threat; and (ii) there is a rational and articulable relationship between the stated authorized purpose of the Assessment on the one hand and the information sought and the proposed means to obtain that information on the other. An FBI employee must be able to explain the authorized purpose and the clearly defined objective(s), and reason the particular investigative methods were used to conduct the Assessment. FBI employees who conduct

Assessments are responsible for ensuring that Assessments are not pursued for frivolous or improper purposes and are not based solely on First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject of the Assessment, or a combination of only such factors. (AGG-Dom, Part II)

(U//~~FOUO~~) When employees undertake activities authorized in DIOG subsection 5.1.1 prior to opening an Assessment, they must have a reason that is tied to an authorized FBI criminal or national security purpose to undertake these activities. If, while engaged in such activities, the information collected or obtained meets the standard for opening an Assessment or a Predicated Investigation, and the employee intends to continue pursuing the matter, an Assessment or a Predicated Investigation must be opened, and any records obtained must be treated in accordance with DIOG subsection 5.1.2 below.

### **5.1.1 (U) ACTIVITIES AUTHORIZED PRIOR TO OPENING AN ASSESSMENT**

(U//~~FOUO~~) When initially processing a complaint, observation, or information, an FBI employee can use the following investigative methods:

#### **5.1.1.1 (U) PUBLIC INFORMATION**

(U//~~FOUO~~) See DIOG section 18.5.1.

(U//~~FOUO~~) Prior to opening an Assessment, consent searches are not authorized. However, if in the course of processing a complaint or conducting a clarifying interview of the complainant, the complainant volunteers to provide access to his personal or real property, an agent may accept and conduct a search of the item(s) or property voluntarily provided.

#### **5.1.1.2 (U) RECORDS OR INFORMATION - FBI AND DOJ**

(U//~~FOUO~~) See DIOG section 18.5.2.

#### **5.1.1.3 (U) RECORDS OR INFORMATION – OTHER FEDERAL, STATE, LOCAL, TRIBAL, OR FOREIGN GOVERNMENT AGENCY**

(U//~~FOUO~~) See DIOG Section 18.5.3.

#### **5.1.1.4 (U) ON-LINE SERVICES AND RESOURCES**

(U//~~FOUO~~) See DIOG Appendix L, Section 3.

#### **5.1.1.5 (U) CLARIFYING INTERVIEW**

(U//~~FOUO~~) Conduct a voluntary clarifying interview of the complainant or the person who initially furnished the information. A clarifying interview is limited for the sole purpose of eliminating confusion in the original allegation or information provided. It is not intended to be an interview as described in 18.5.6.

#### **5.1.1.6 (U) INFORMATION VOLUNTARILY PROVIDED BY GOVERNMENTAL OR PRIVATE ENTITIES**

(U//~~FOUO~~) See DIOG Section 18.5.7.

(U//~~FOUO~~) With the benefit of a clarifying interview, checking records (existing/historical information), and/or asking an existing CHS about something that he or she already knows, an FBI employee may be able to answer the following question when evaluating the initial

complaint, observation, or information: Does the complaint, observation, or information appear to represent a credible basis to open an Assessment, with an authorized purpose and clearly defined objective(s), or to open a Predicated Investigation consistent with the standards set forth in the DIOG?

(U//~~FOUO~~) These activities may allow the FBI employee to resolve a matter without the need to conduct new investigative activity, for which an Assessment or a Predicated Investigation must be opened. When conducting clarifying interviews and checking records as described above, FBI employees must always adhere to the core values and principles articulated in DIOG Sections 3 and 4.

### 5.1.2 (U) **DOCUMENTATION REQUIREMENTS FOR ACTIVITIES AUTHORIZED PRIOR TO OPENING AN ASSESSMENT: (EXISTING/HISTORICAL INFORMATION REFERRED TO IN SECTION 5.1.1 ABOVE)**

(U//~~FOUO~~) FBI employees are permitted to retain records checks and other information collected while processing a complaint or responding to a tip or lead using permitted DIOG 5.1.1 activities. This collection or record retention is permitted if, in the judgment of the FBI employee, there is a law enforcement, intelligence, or public safety purpose to do so. This documentation must be completed as soon as practicable [REDACTED] from the receipt of the information and placed within an FBI system of record. When permitted, such documentation must be retained in one of the following files:

- A) (U//~~FOUO~~) Zero classification file, when no further investigative activity is warranted
- B) (U//~~FOUO~~) Relevant, open or closed zero sub-assessment file
- C) (U//~~FOUO~~) Relevant, open or closed assessment
- D) (U//~~FOUO~~) Relevant, open or closed predicated investigation file
- E) (U//~~FOUO~~) New assessment or predicated investigation file, when further investigative activity is warranted
- F) (U//~~FOUO~~) Unaddressed work file

(U//~~FOUO~~) See also DIOG appendix L, subsection 3.4, for guidance on authorized activities conducted online prior to opening an Assessment.

(U//~~FOUO~~) **Intelligence Analysis and Planning:** Through analysis of existing information, the FBI employee may produce products that include, but are not limited to: an Intelligence Assessment, Intelligence Bulletin and Geospatial Intelligence (mapping). If, while conducting analysis, the FBI employee finds a gap in intelligence that is relevant to an authorized FBI activity, then the FBI employee can identify the gap for possible development of a “collection requirement.” The FBI employee must document this analysis in the applicable 801-807 classification file (or other 800-series classification file as directed in the [REDACTED])

[REDACTED] See the *IPG* for file classification guidance.

### 5.1.3 (U) **LIAISON ACTIVITIES AND TRIPWIRES**

(U) Some FBI activities are not traditional investigative or intelligence activities. Activities such as liaison, tripwires, and other community outreach represent relationship-building efforts or

other pre-cursors to developing and maintaining good partnerships. These activities are critical to the success of the FBI's mission. DIOG Section 11 addresses liaison activities and tripwires.

## 5.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) The FBI cannot be content to wait for leads to come in through the actions of others; rather, we must be vigilant in detecting criminal or national security threats to the full extent permitted by law, with an eye towards early intervention and prevention of criminal or national security incidents before they occur. For example, to carry out the central mission of protecting the national security, the FBI must proactively collect information from available sources in order to identify threats and activities and to inform appropriate intelligence analysis. Collection required to inform such analysis will appear as FBI National Collection Requirements and FBI Field Office Collection Requirements. Likewise, in the exercise of its protective functions, the FBI is not constrained to wait until information is received indicating that a particular event, activity or facility has drawn the attention of would-be perpetrators of crime or terrorism. The proactive authority conveyed to the FBI is designed for, and may be used by, the FBI in the discharge of these responsibilities. The FBI may also conduct Assessments as part of its special events management responsibilities. (AGG-Dom, Part II)

(U) More broadly, detecting and interrupting criminal activities at their early stages, and preventing crimes from occurring in the first place, is preferable to allowing criminal plots to come to fruition. Hence, Assessments may also be undertaken proactively with such purposes as detecting criminal activities; obtaining information on individuals, groups, or organizations of possible investigative interest, either because they may be involved in criminal or national security-threatening activities or because they may be targeted for attack or victimization in such activities; and identifying and assessing individuals who may have value as confidential human sources. (AGG-Dom, Part II and AGG-CHS).

(U//~~FOUO~~) As described in the scenarios below, Assessments may be used when an “allegation or information” or an “articulable factual basis” (the predicates for Predicated Investigations) concerning crimes or threats to the national security is obtained and the matter can be checked out or resolved through the relatively non-intrusive methods authorized in Assessments (use of least intrusive means). The checking of investigative leads in this manner can avoid the need to proceed to more elevated levels of investigative activity (Predicated Investigation), if the results of an Assessment indicate that further investigation is not warranted. (AGG-Dom, Part II)

Hypothetical fact patterns are discussed below:

### 5.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) The pursuit of legitimate goals without infringing upon the exercise of constitutional freedoms is a challenge that the FBI meets through the application of sound judgment and discretion. In order to ensure civil liberties are not infringed upon through Assessments, every Assessment must have an authorized purpose and clearly defined objective(s). The authorized purpose and clearly defined objective(s) of the Assessment must be documented and retained as described in this section and in DIOG Section 14.

(U) Even when an authorized purpose is present, an Assessment could create the appearance that it is directed at or activated by constitutionally-protected activity, race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity —particularly under circumstances where the link to an authorized FBI mission is not readily apparent. In these situations, it is vitally important that the authorized purpose and the clearly defined objective(s), as well as the use of any investigative methods, are well documented.

(U) No investigative activity, including Assessments, may be taken solely on the basis of activities that are protected by the First Amendment or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject, or a combination of only such factors. If an Assessment touches on or is partially motivated by First Amendment rights, or by race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, or a combination of only such factors, it is particularly important to identify and document the basis for the Assessment with clarity.

(U//~~FOUO~~) *Example:* Individuals or groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign policy, protesting government actions, promoting certain religious beliefs, championing particular local, national, or international causes, or advocating a change in government through non-criminal means, and actively recruiting others to join their causes—have a fundamental constitutional right to do so. An Assessment may not be opened based solely on the exercise of these First Amendment rights. If, however, a group exercising its First Amendment rights also threatens or advocates violence or destruction of property, an Assessment would be appropriate.

(U) The AGG-Dom require that the "least intrusive" means or method be considered and—if reasonable based upon the circumstances of the investigation—used in lieu of more intrusive methods to obtain information, intelligence and/or evidence. This principle is also reflected in Executive Order 12333 (see Appendix B), which governs the activities of the USIC. Executive Order 12333 lays out the goals, directions, duties and responsibilities of the USIC. The concept of least intrusive means applies to the collection of all information, intelligence and evidence, not just that collected by those aspects of the FBI that are part of the intelligence community.

(U) By emphasizing the use of the least intrusive means to obtain information, intelligence, and/or evidence, FBI employees can effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties and the damage to the reputation of all people encompassed within the investigation or Assessment, including targets, witnesses, and victims. This principle is not intended to discourage FBI employees from seeking relevant and necessary intelligence, information, or evidence, but rather is intended to encourage FBI employees to choose the least intrusive—but still reasonable based upon the circumstances of the investigation—means from the available options to obtain the information. (AGG-Dom, Part I.C.2)

## 5.4 (U) FIVE TYPES OF ASSESSMENTS (AGG-DOM, PART II.A.3.)

### 5.4.1 (U) ASSESSMENT TYPES

(U) There are five (5) authorized types of Assessments that may be carried out for the purposes of detecting, obtaining information about, or preventing or protecting against Federal crimes or threats to the national security or to collect foreign intelligence. The types of Assessments are:

- A) (U) **Type 1 & 2 Assessment**<sup>5</sup>: Seek information, proactively or in response to investigative leads, relating to activities – or the involvement or role of individuals, groups, or organizations relating to those activities – constituting violations of Federal criminal law or threats to the national security;
- B) (U) **Type 3 Assessment**: Identify, obtain and utilize information about actual or potential national security threats or Federal criminal activities, or the vulnerability to such threats or activities;
- C) (U) **Type 4 Assessment**: Obtain and retain information to inform or facilitate intelligence analysis and planning;
- D) (U) **Type 5 Assessment**: Seek information to identify potential human sources, assess their suitability, credibility, or value of individuals as human sources; and
- E) (U) **Type 6 Assessment**: Seek information, proactively or in response to investigative leads, relating to matters of foreign intelligence interest responsive to foreign intelligence requirements.

## 5.5 (U) STANDARDS FOR OPENING OR APPROVING AN ASSESSMENT

(U//~~FOUO~~) Before opening or approving an Assessment, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) An authorized purpose and clearly defined objective(s) exists for the conduct of the Assessment;
- B) (U//~~FOUO~~) The Assessment is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject, or a combination of only such factors; and
- C) (U//~~FOUO~~) The Assessment is an appropriate use of personnel and financial resources.

## 5.6 (U) POSITION EQUIVALENTS, EFFECTIVE DATE, DURATION, DOCUMENTATION, APPROVAL, NOTICE, FILE REVIEW AND RESPONSIBLE ENTITY

### 5.6.1 (U) FIELD OFFICE AND FBIHQ POSITION EQUIVALENTS

(U//~~FOUO~~) FBIHQ and FBI field offices have the authority to conduct all Assessment activities as authorized in Section 5.4 above. Position equivalents for field office and FBIHQ personnel when FBIHQ opens, conducts, or closes an Assessment are specified in DIOG Section 3.11.

### 5.6.2 (U) EFFECTIVE DATE OF ASSESSMENTS

(U//~~FOUO~~) For all Assessments, the effective date of the Assessment is the date the final approval authority approves the FD-71, Guardian (FD-71a) or EC. Documenting the effective date of an Assessment is important for many reasons, including establishing time frames for justification and file reviews, and extensions. The effective date of the final approval authority occurs when:

---

<sup>5</sup> (U//~~FOUO~~) In the original DIOG (12/16/2008), Types 1 and 2 were considered to be separate Assessment types. Because they, however, have many commonalities, they were merged into one type (named a “Type 1 & 2 Assessment”) for purposes of this version of the DIOG. Hence, there are now five, not six, types of Assessments.

B) (U//~~FOUO~~) **For Type 3 – 6 Assessments:** the SSA, SIA, or the DI opens and assigns the Assessment [REDACTED] or (ii) handwriting his/her initials and date on the EC; or

C) (U//~~FOUO~~) **For Sensitive Investigative Matters (SIM) Assessments:** the SAC (or SC) authorizes the Assessment to be opened and assigned to an FBI employee [REDACTED] FD-71 or Guardian (FD-71a); [REDACTED] or (iii) handwriting his/her initials and date on the EC that is subsequently scanned and serialized into the file. ### 5.6.3 (U) ASSESSMENT TYPES

(U//~~FOUO~~) The applicable duration, documentation, approval level, notice, justification/file review, and responsible entity requirements for each of the five (5) types of Assessments are discussed below.

(U//~~FOUO~~) See Section 5.11 below for intelligence collection (i.e., incidental collection) and documentation requirements. [REDACTED]

##### 5.6.3.1.1 (U) DURATION

5.6.3.2 (U) TYPE 3 ASSESSMENTS

(U) **Type 3 Assessment defined:** Identify, obtain and utilize information about actual or potential national security threats or Federal criminal activities, or the vulnerability to such threats or activities. [See AGG-Dom. Part II.A.3.b]

(U//~~FOUO~~) Type 3 Assessments may be used to analyze or determine whether particular national security or criminal threats exist within the AOR and whether there are victims or targets within the AOR who are vulnerable to any such actual or potential threats. The authorized purpose and clearly defined objective(s) of a Type 3 Assessment must be based on or related to actual or potential Federal criminal or national security targets, threats, or vulnerabilities. While no particular factual predication is required, the basis of the Assessment cannot be arbitrary or groundless speculation, nor can the Assessment be based solely on the exercise of First Amendment protected rights, or on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, or a combination of only such factors.

(U//~~FOUO~~) Whenever a Type 3 Assessment identifies and begins to focus on a specific individual(s), group(s) or organization(s), whose activities may constitute a violation of Federal criminal law or a threat to the national security, a separate Type 1 & 2 Assessment or a Predicated Investigation must be opened on that individual, group or organization.

(U//~~FOUO~~) A Type 3 Assessment may not be opened based solely upon the existence of a collection requirement, and addressing a collection requirement cannot be the authorized purpose of a Type 3 Assessment. Information obtained during the course of this type of assessment (or any other Assessment or Predicated Investigation) may, however, be responsive to collection requirements and collection requirements may be used to inform and help focus a Type 3 Assessment (or any other Assessment or Predicated Investigation) while also providing information about potential targets, threats and/or vulnerabilities.

(U//~~FOUO~~) Investigative and/or assessment activity utilized in the development of an intelligence product in support of special events (such as a Joint Threat Assessment (JTA), Joint Special Event Threat Assessment (JSETA), or a Special Events Threat Assessment (SETA), must be authorized from and documented to a DIOG approved investigative or open assessment case file. For example, if CHS tasking, data mining, and/or a collection emphasis/action message is required to develop an intelligence product in support of a special event, a Type-3 Assessment, maintained in the 820I program classification, must be open to authorize assessment activities and to produce the intelligence product.

(U//~~FOUO~~) Intelligence products produced in support of [REDACTED] derived solely from information that already exists in systems of records from within the FBI or the Intelligence Community does not require separate DIOG authorization to produce. Opening a Type 3 Assessment in support of [REDACTED] does not eliminate the requirement to use [REDACTED] as a non-investigative file for administrative and logistical functions related to the FBI's support of a [REDACTED]

This does not preclude the inclusion of investigative and assessment activity and results from such activity in [REDACTED] in the context of how the investigative or assessment activity directly impacts [REDACTED]. If these non-investigative documents discuss investigative or assessment activities, these documents must appropriately cite the DIOG open assessment or predicated investigative case file number which authorizes the assessment or investigative activity. Additionally, [REDACTED] is subject to the periodic file review requirements described in DIOG Section 3.4.4.

(U//~~FOUO~~) A Type 3 Assessment may not be used for the purpose of collecting positive foreign intelligence, although such intelligence may be incidentally collected. Positive foreign intelligence can only be intentionally collected pursuant to DIOG Sections 5.6.3.5 (Type 6 Assessment) and/or Section 9.

(U//~~FOUO~~) See Section 5.11 below for intelligence collection, (i.e., incidental collection) and documentation requirements. [REDACTED]

b7E

5.6.3.2.1 (U) *DURATION*

(U//~~FOUO~~) A Type 3 Assessment may only be opened with prior supervisor approval. The effective date of the Assessment is the date the final approval authority approves the EC as specified in Section 5.6.2 above. A Type 3 Assessment may continue for as long as necessary to achieve its authorized purpose and clearly defined objective(s). Although a Type 3 Assessment is not limited in duration, when the clearly defined objective(s) have been met, the Assessment must be closed with an EC approved by the supervisor.

5.6.3.2.3 (U) *APPROVAL*

(U//~~FOUO~~) All Type 3 Assessments must be approved in advance by a supervisor and opened by EC. Notwithstanding any other provision in the DIOG, a Type 3 Assessment cannot be opened based on oral approval. The supervisor must review and approve a Type 3 Assessment in accordance with the standards set forth in subsection 5.5. Additional approval requirements apply to SIMs, as described below.

5.6.3.2.4 (U) *SENSITIVE INVESTIGATIVE MATTERS (SIM)*

(U//~~FOUO~~) If the Assessment involves a sensitive investigative matter, the CDC must review and the SAC must approve the Assessment prior to opening. If a SIM arises after the opening of a Type 3 Assessment, Assessment activity may continue, but the matter must be documented in an EC reviewed by the CDC and approved by the SAC as soon as practicable but not more than five (5) business days after the SIM arises. The term “sensitive investigative matter” is defined in DIOG Sections 5.7.1 and Section 10.

(U//~~FOUO~~) Investigative methods that may be used in Assessments are set forth in DIOG Section 18.

<sup>7</sup> (U)

[REDACTED]

(U//~~FOUO~~) As specified in division PGs, there may be agreements (e.g., Memoranda of Understanding, Treaties) that require additional coordination and approval prior to conducting certain activities.

5.6.3.2.5 (U) *NOTICE*

(U//~~FOUO~~) There is no requirement to provide notice to FBIHQ or DOJ of opening or closing Type 3 Assessments.

5.6.3.2.6 (U) *FILE REVIEW*

(U//~~FOUO~~) A Type 3 Assessment requires a file review in accordance with DIOG subsection 3.4.4.

5.6.3.2.7 (U) *RESPONSIBLE ENTITY*

(U//~~FOUO~~) A Type 3 Assessment may be opened and conducted by FIGs, the DI, a DI sponsored entity, field office investigative squads, and FBIHQ operational divisions. The nature of the Assessment dictates the file classification into which the Type 3 Assessment is opened. Assessments conducted by the DI, or FIGs must be opened in the appropriate [REDACTED] [REDACTED] All other Type 3 Assessments must be opened in the appropriate investigative file classification.

5.6.3.3 (U) TYPE 4 ASSESSMENTS

(U) **Type 4 Assessment defined:** Obtain and retain information to inform or facilitate intelligence analysis and planning. [AGG-Dom. Part IV]

(U//~~FOUO~~) A Type 4 Assessment may be opened to obtain information that informs or facilitates the FBI's intelligence analysis and planning functions. The authorized purpose and clearly defined objective(s) of a Type 4 Assessment must be based on, or related to, the need to collect or acquire information for current or future intelligence analysis and planning purposes. An Assessment under this section, oftentimes referred to as a "domain Assessment," may lead to the identification of intelligence gaps, the development of FBI collection requirements, or the opening of new Assessments or Predicated Investigations.

(U//~~FOUO~~) A Type 4 Assessment is not threat specific; threat-based Assessments are opened and governed by DIOG Section 5.6.3.2 (Type 3 Assessment). While no particular factual predication is required for a Type 4 Assessment, the Assessment cannot be based solely on the exercise of First Amendment protected rights or on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, or a combination of only such factors.

(U//~~FOUO~~) Whenever a Type 4 Assessment identifies and begins to focus on specific individual(s), group(s), or organization(s), whose activities may constitute a violation of Federal criminal law or a threat to the national security, a separate Type 1 & 2 Assessment or a Predicated Investigation must be opened. Similarly, if a Type 4 Assessment identifies a particular national security or criminal threat within the AOR, or identifies victims or targets within an AOR who are vulnerable to any actual or potential threat, a separate Type 3 Assessment or Predicated Investigation must be opened.

(U//~~FOUO~~) A Type 4 Assessment may not be used for the purpose of collecting positive foreign intelligence (PFI), although such intelligence may be incidentally collected. Positive

foreign intelligence can only be intentionally collected pursuant to DIOG Sections 5.6.3.5 (Type 6 Assessment) and/or Section 9.

(U//~~FOUO~~) See Section 5.11 below for intelligence collection, (i.e., incidental collection) and documentation requirements. [REDACTED]

b7E

5.6.3.3.1 (U) *DURATION*

(U//~~FOUO~~) A Type 4 Assessment may only be opened with prior supervisor approval. The effective date of the Assessment is the date the final approval authority approves the EC as specified in Section 5.6.2 above. A Type 4 Assessment may continue for as long as necessary to achieve its authorized purpose and clearly defined objective(s). Although a Type 4 Assessment is not limited in duration, when the clearly defined objective(s) have been met, the Assessment must be closed with an EC approved by the supervisor.

5.6.3.3.3 (U) *APPROVAL*

(U//~~FOUO~~) All Type 4 Assessments must be approved in advance by a supervisor and opened by an EC. Notwithstanding any other provision in the DIOG, a Type 4 Assessment cannot be opened based on oral approval. The supervisor must approve a Type 4 Assessment in accordance with the standards discussed in DIOG Section 5.5. Additional approval requirements apply to SIMs, as described below.

5.6.3.3.4 (U) *SENSITIVE INVESTIGATIVE MATTERS (SIM)*

(U//~~FOUO~~) If the Assessment involves a sensitive investigative matter (SIM), the CDC must review and the SAC must approve the Assessment prior to opening. If a SIM arises after the opening of a Type 4 Assessment, Assessment activity may continue, but the matter must be documented in an EC reviewed by the CDC and approved by the SAC as soon as practicable, but not more than five (5) business days after the SIM arises. The term “sensitive investigative matter” is defined in DIOG Section 5.7 and Section 10.

(U//~~FOUO~~) A Type 4 Assessment requires a file review in accordance with DIOG Section 3.4.4.

5.6.3.3.7 (U) *RESPONSIBLE ENTITY*

(U//~~FOUO~~) A Type 4 Assessment may only be opened by the DI, a Regional Intelligence Group, a FIG, or FBIHQ Domain/Strategic intelligence components within the operational divisions.

#### 5.6.3.4 (U) TYPE 5 ASSESSMENTS

(U) **Type 5 Assessment defined:** Seek information to identify potential human sources, assess their suitability, credibility, or value of individuals as human sources.

(U//~~FOUO~~) A Type 5 Assessment provides the authority and a mechanism to identify, evaluate and recruit a Potential Confidential Human Source (CHS) prior to opening and operating them as a CHS in [REDACTED]. A Type 5 Assessment is not a prerequisite to opening an individual as an operational CHS in [REDACTED] if the necessary information for opening has been obtained through other methods (e.g., following arrest, an individual agrees to become as CHS).

(U//~~FOUO~~) A Type 5 Assessment may be opened:

- A) (U//~~FOUO~~) On a specific named individual who is a potential CHS (PCHS); or
- B) (U//~~FOUO~~) Without a specific named individual, if the goal is to identify individuals with placement and access to particular information.

(U//~~FOUO~~) Type 5 Assessment activities may not be based solely on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity or rights protected by the First Amendment, or a combination of only such factors.

(U//~~FOUO~~)

b7E

(U//~~FOUO~~) There are three phases of a Type 5 Assessment. The phases are: (1) Identification Phase, (2) Evaluation Phase, and (3) Recruitment Phase. A Type 5 Assessment opened on a specific named individual may only use the Evaluation and Recruitment phases as described below. A Type 5 Assessment opened without a specific named individual is limited to the Identification Phase only. Once the Identification Phase has succeeded in identifying specific individuals who might have appropriate placement and access, the FBI employee must open a new separate Type 5 Assessment on any individual the employee wishes to further evaluate and possibly recruit as a CHS. The original Type 5 Assessment without a specific named individual may remain open in the Identification Phase, if the authorized purpose and clearly defined objective(s) still exist.

5.6.3.4.1 (U) *PHASES OF TYPE 5 ASSESSMENTS*

5.6.3.4.1.1 (U//~~FOUO~~) *IDENTIFICATION PHASE*

(U//~~FOUO~~) This phase may be used by an SA assigned to either a HUMINT or investigative squad or by an IA assigned to the field office or FBIHQ to identify PCHSs who seem likely to have placement and access to information or intelligence related to criminal or national security threats, or investigations, without naming a specific individual. The goal of this phase is to identify individuals with CHS potential, who may then be evaluated and recruited under the Evaluation and Recruitment Phases of a Type 5 Assessment.

(U//~~FOUO~~) This phase is initiated with the approval of a CHS identification plan. The plan, which must be based on a thorough review of available intelligence and information regarding the threat or investigation at issue, must specify characteristics of individuals likely to have CHS potential, and the investigative methods (e.g., database searches, surveillance of specific locations, attendance at specific events) that will be used to identify individuals with those characteristics. Selection of characteristics/search criteria must have a logical connection to intelligence or known facts, and may not be based merely on conjecture. In addition, selected characteristics may not be based solely on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, or rights protected under the First Amendment or a combination of only such factors. See DIOG Section 4 for further explanation on the permissible use of race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity or rights protected under the First Amendment. The investigative methods that may be used to identify individuals with the specified characteristics needed must also be based on existing intelligence and be reasonably likely to yield individuals with the specified characteristics.

(U//~~FOUO~~) If necessary, after a CHS identification plan has been approved, and a group of individuals who potentially have placement and access to the relevant information have been identified, the SA or IA may, with authorization set forth in subsection

5.6.3.4.3.1. use additional characteristics to narrow the group of individuals to those most likely to have the desired placement and access. An intelligence product may be produced during the Identification Phase describing the results of, or analysis generated during, the Identification Phase. The product may be based upon analysis of the group's characteristics or search criteria that may yield insight into previously unknown similarities, activities or patterns of conduct. If any additional investigative methods are sought that will focus on an individual, then an Evaluation Phase must be opened. Any product produced must be documented in the [REDACTED] and approved and disseminated in accordance with [REDACTED]

b7E

(U//~~FOUO~~) Once an SA or IA has narrowed the field to one or more known persons who appear to have potential as CHSs, in order to gather additional information regarding background and authenticity or, in order for an SA to undertake efforts to recruit the individual, a Type 5 Assessment must be opened on the specific named individual(s) in accordance with subsection 5.6.3.4.1.2, below.

#### 5.6.3.4.1.2 (U//~~FOUO~~) EVALUATION PHASE

(U//~~FOUO~~) This phase may be used by an SA assigned to either a HUMINT or investigative squad or by an IA assigned to the field office or FBIHQ to evaluate a known individual believed to have placement and access so that the individual, if successfully recruited, can provide the FBI with information of value. The goal of this phase of a Type 5 Assessment is to gather information, through the use of the investigative methods set forth in subsection 5.6.3.4.8, below regarding background, authenticity, and suitability of a particular PCHS (specific named individual). An IA who develops information during this phase that indicates a PCHS is worthy of recruitment should prepare a [REDACTED] [REDACTED] for use by an SA on the appropriate HUMINT or investigative squad to recruit the individual. *Note:* A [REDACTED] may be prepared by other FBI employees assigned to the evaluation phase Type 5 as case participants. However, the Assessment's assigned case manager(s) remains responsible for the content of the [REDACTED]. If information developed during this phase indicates the individual should not be recruited as a CHS, the Type 5 Assessment must be closed.

b7E

#### 5.6.3.4.1.3 (U//~~FOUO~~) RECRUITMENT PHASE

(U//~~FOUO~~) This phase may only be used by an SA assigned to a HUMINT or investigative squad. The goal of this phase of a Type 5 Assessment is to recruit the PCHS to become an operational CHS, and therefore, the recruitment phase may focus only on a specific named individual. Information from [REDACTED] or other information/intelligence available to the SA may be used during the recruitment phase. If the recruitment is successful, the Type 5 Assessment must be closed (See Section 5.6.3.4.9, below) and the individual opened as a CHS in [REDACTED]. The Type 5 Assessment must also be closed if the recruitment is not successful, either because the individual declines to become a CHS or a determination is made not to continue the recruitment.

b7E

#### 5.6.3.4.2 (U) DURATION

(U//~~FOUO~~) The effective date of a Type 5 Assessment is the date the highest level of authority required approves the opening EC (or [REDACTED]). A Type 5 Assessment may continue for as long as necessary to achieve its authorized purpose and

clearly defined objective(s) as set forth in the three phases above or when it is determined that the individual named subject cannot or should not be recruited as a CHS.

Notwithstanding any other provision in the DIOG, a Type 5 Assessment cannot be opened on oral approval. For SAs, a Type 5 Assessment must be approved by their SSA. For IAs, a Type 5 Assessment must be approved by the SIA and the SSA on the HUMINT or investigative squad that will potentially recruit the individual. An SSA and/or SIA must use the standards provided in DIOG Section 5.5 when deciding whether to approve a Type 5 Assessment. Additional approval requirements apply to Sensitive PCHSs, as described below.

5.6.3.4.4.1 (U) CONFLICT RESOLUTION

(U//~~FOUO~~) If there is any conflict between the [Redacted] or any other PG and the DIOG, the DIOG controls. OGC, OIC and IPO should be immediately notified of any such conflict.

5.6.3.4.4.2 (U//~~FOUO~~) SENSITIVE POTENTIAL CHSS AND GROUPS

(U//~~FOUO~~) CDC review and SAC approval is required before a Type 5 Assessment may be opened on a Sensitive PCHS or if, during the Identification Phase, a sensitive characteristic is at least one aspect being used to identify individuals with potential placement and access to information of interest. If it is determined after opening a Type 5 Assessment that a PCHS is Sensitive or that a sensitive characteristic must be added to the PCHS Identification Plan, the Assessment activity may continue, but the matter must be documented in an EC (or [redacted]) and reviewed by the CDC and approved by the SAC as soon as practicable, but not more than 5 business days of this determination. Additionally, if the Type 5 Assessment involves [redacted]

[redacted] A Sensitive PCHS or sensitive characteristic (as part of an Identification Plan) is defined as follows:

- A) (U//~~FOUO~~) A domestic public official (other than a member of the U.S. Congress or White House Staff – which requires higher approval authority, see [redacted] for additional details);
- B) (U//~~FOUO~~) A domestic political candidate;

- D) (U//~~FOUO~~) An individual prominent within a domestic political organization;
- E) (U//~~FOUO~~) A member of the news media; or
- F) (U//~~FOUO~~) [redacted]

(U//~~FOUO~~) DIOG Section 10 should be consulted for a definition of these terms.

(U//~~FOUO~~) For additional information regarding Sensitive PCHSs, see CHSPG, Part 2, DIOG Section 10.1.4 and DIOG Appendix G - Classified Provisions.

## 5.6.3.4.5 (U) NOTICE

(U//~~FOUO~~) There is no requirement to provide notice to FBIHQ or DOJ of opening or closing Type 5 Assessments.

## 5.6.3.4.6 (U) FILE REVIEW

(U//~~FOUO~~) The frequency of a supervisory file review must be in accordance with DIOG subsection 3.4.4.7. See [redacted] for Type 5 file review procedures.

(U//~~FOUO~~) The Type 5 Assessment file review must be documented [redacted]. Because Type 5 Assessments are confidential, the [redacted] File Review must not reveal information that could identify the PCHS.

5.6.3.4.7 (U) **RESPONSIBLE ENTITY**

(U//~~FOUO~~) A Type 5 Assessment without a specific named individual may be opened by SAs on HUMINT, investigative squads or FBIHQ, or IAs assigned to a field office or to FBIHQ. A Type 5 Assessment on specific named individual may be opened by SAs on HUMINT or investigative squads, and by IAs (evaluation phase only) assigned to the field office HUMINT, investigative squads, or at FBIHQ.

5.6.3.4.8 (U) **AUTHORIZED INVESTIGATIVE METHODS IN TYPE 5 ASSESSMENTS**

(U//~~FOUO~~) Only the following investigative methods may be used in a Type 5 Assessment, whether in the identification, evaluation, or recruitment phase. All of these investigative methods may be used by SAs. IA's may only use investigative methods (A) through (F).

- A) (U//~~FOUO~~) Public information;
- B) (U//~~FOUO~~) Records or information – FBI and DOJ;
- C) (U//~~FOUO~~) Records or information – Other Federal, state, local, tribal, or foreign government agencies;
- D) (U//~~FOUO~~) On-line services and resources;
- E) (U//~~FOUO~~) Information voluntarily provided by governmental or private entities;
- F) (U//~~FOUO~~) Use of AFID or the Covert Approach is only permitted for use during approved activity in a Type 5 Assessment (See the note below and the [redacted])
- G) (U//~~FOUO~~) CHS use and recruitment;
- H) (U//~~FOUO~~) Interview or request information from the public or private entities;
- I) (U//~~FOUO~~) Physical surveillance (not requiring a court order);
- J) (U//~~FOUO~~) Polygraph examinations (see [redacted])
- K) (U//~~FOUO~~) Trash Covers (Searches that do not require a warrant or court order) (*Note:* SSA approval and consultation with CDC/OGC is required prior to use of this method. See DIOG Section 18.6.12.5).

b7E

(U//~~FOUO~~) *Note:* Consent Searches are authorized in Assessments.<sup>9</sup>

(U//~~FOUO~~) Some investigative methods used during Assessments that may require higher supervisory approval are set forth in DIOG Section 18.5.

(U//~~FOUO~~) In addition, as specified in division PGs, there may be agreements (e.g., Memoranda of Understanding, etc.) that require additional coordination and approval prior to conducting certain activities.

(U//~~FOUO~~) [redacted]

b7E

(U//~~FOUO~~) *Note:* The Covert Approach, which may be authorized in an approved Type 5 Assessment, pursuant to the procedures detailed in the [redacted] is not undercover activity subject to the provisions of DIOG Section 18.6.13. The distinction between the Covert

#### 5.6.3.4.9 (U) *CLOSING TYPE 5 ASSESSMENTS*

(U//~~FOUO~~) A Type 5 Assessment must be closed under the following circumstances:

- A) (U//~~FOUO~~) In a Type 5 Assessment opened without a specific named individual, it is determined that the characteristics/search criteria used to identify individuals with placement and access to needed information have not succeeded in identifying such individuals, or the FBI no longer has a need for a CHS with the specified placement and access. Additionally, the closing EC must document the factual basis for closing the Assessment;
- B) (U//~~FOUO~~) The Identification Phase has succeeded in identifying specific named individuals who might have appropriate placement and access. If the FBI wishes to further evaluate and possibly recruit any such identified individuals, a separate Type 5 Assessment must be opened on that person. The original Type 5 Assessment may remain open in the identification phase if the authorized purpose and clearly defined objective still exist. Additionally, the closing EC must document the factual basis for closing the Assessment;
- C) (U//~~FOUO~~) In a Type 5 Assessment opened on a specific named individual, it is determined that the PCHS is not a suitable candidate for further evaluation and/or recruitment efforts. Additionally, the closing EC must document the factual basis for closing the Assessment;
- D) (U//~~FOUO~~) In a Type 5 Assessment opened on a specific named individual, SA recruitment efforts are successful and the PCHS has been opened as a CHS in [REDACTED] Once the successfully recruited PCHS' [REDACTED] is opened, all documents and records in the Type 5 Assessment must be maintained in the CHS' open [REDACTED] or [REDACTED]

b7E

- E) (U//~~FOUO~~) In a Type 5 Assessment opened on a specific named individual, SA efforts to recruit the PCHS have been unsuccessful or it is determined that further recruitment efforts are not likely to be successful. Additionally, the closing EC must document the factual basis for closing the Assessment.

(U) See also DIOG subsection 5.12.1.3 below for properly marking a closed Type 5 Assessment that contains personal information.

**5.6.3.4.9.1 (U) CLOSING APPROVAL FOR TYPE 5 ASSESSMENTS**

(U//~~FOUO~~) Type 5 Assessments must be closed, via EC, with SSA approval, if it was opened by an SA. Type 5 Assessments must be closed with SIA and SSA approval, if it was opened by an IA.

(U//~~FOUO~~) *If the Assessment is opened by an IA:* The IA must obtain the approval of his/her SIA and the supervisor of the relevant investigative or HUMINT squad to open a Type 5 Assessment. (*Note:* An IA may not open an individual as a CHS in [REDACTED].) #### 5.6.3.5 (U) TYPE 6 ASSESSMENTS

(U) **Type 6 Assessment defined:** Seek information, proactively or in response to investigative leads, relating to matters of foreign intelligence interest responsive to foreign intelligence requirements.

(U//~~FOUO~~) A Type 6 Assessment is designed to allow the FBI to determine whether the circumstances within a field office's territory would enable the office to conduct a Full Investigation to collect information responsive to a Positive Foreign Intelligence (PFI) requirement. PFI requirements are described in DIOG Section 9.1. A Type 6 Assessment focuses on a field office's capability to collect on those PFI requirements. While no particular factual predication is required, the basis of the Assessment cannot be arbitrary or groundless speculation, nor can the Assessment be based solely on the exercise of First Amendment protected rights or on race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity, or a combination of only those factors.

(U//~~FOUO~~) Foreign Intelligence is "information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations, or foreign persons." The FBI defines a PFI requirement as a collection requirement issued by the USIC and is accepted by the FBI DI that seeks to collect information outside the FBI's core national security mission.

(U//~~FOUO~~) FBI employees must prioritize collection in response to FBI national collection requirements before attempting to collect against a positive foreign intelligence collection requirement. The IPG furnishes guidance on the prioritization of collection.

(U//~~FOUO~~) See Section 5.11 below for intelligence collection, (i.e., incidental collection) and documentation requirements. All incidental collection must be documented in the FBIHQ or field office 8151 file.

##### 5.6.3.5.1 (U) DURATION

(U//~~FOUO~~) There are no time limitations on the duration of a Type 6 Assessment. The effective date of the Assessment is the date on which the DI – [REDACTED]

[REDACTED] UC approves the EC. See DIOG section 5.6.2 above. A Type 6 Assessment may continue for as long as necessary to achieve its authorized purpose and clearly defined objective(s). Although a Type 6 Assessment is not limited in duration, when the authorized purpose and clearly defined objective(s) have been met, the Assessment must be closed or converted to a Full Investigation with an EC approved by the field office SSA or SIA and the FIMU UC. When closing a Type 6 Assessment that is designated as a SIM, the SAC and the DCHMS SC must approve the closing EC.

5.6.3.5.2 (U) *DOCUMENTATION*

(U//~~FOUO~~) A Type 6 Assessment must be opened by EC, using the appropriate [REDACTED] b7E

The authorized purpose and clearly defined objective(s) should be described in more detail in the Details section of the EC. If additional objectives arise during the course of the Assessment, they must also be documented in an EC and approved by the field office SSA or SIA. [REDACTED]  
[REDACTED]

(U//~~FOUO~~) *Note:* Investigative activity must not be conducted<sup>10</sup> out of [REDACTED]

5.6.3.5.3 (U) *APPROVAL*

(U//~~FOUO~~) All Type 6 Assessments must be opened by EC and approved in advance by an SSA or SIA and the appropriate DI UC. A Type 6 Assessment must be approved in accordance with the standards provided in DIOG Section 5.5. Notwithstanding any other provision in the DIOG, a Type 6 Assessment cannot be opened on oral approval.

5.6.3.5.4 (U) *SENSITIVE INVESTIGATIVE MATTERS (SIM)*

(U//~~FOUO~~) If a Type 6 Assessment involves a sensitive investigative matter, the CDC/OGC must review and the SAC and the DI HOS/SC must approve the Assessment prior to opening. If a sensitive investigative matter arises after the opening of a Type 6 Assessment, Assessment activity may continue, but the matter must be reviewed by the CDC and approved by the SAC and the DI HOS/SC, as soon as practicable, but not more than five (5) business days after the sensitive investigative matter arises. The term “sensitive investigative matter” is defined in DIOG Section 5.7 and Section 10.

5.6.3.5.5 (U) *NOTICE*

(U//~~FOUO~~) FBIHQ authority, as specified above, is required to open a Type 6 Assessment; the opening EC will serve as notice to the DI. There is no requirement to provide notice to DOJ of opening or closing a Type 6 Assessment.

5.6.3.5.6 (U) *FILE REVIEW*

(U//~~FOUO~~) A Type 6 Assessment requires a file review in accordance with DIOG Section 3.4.4.

<sup>10</sup> (U) [REDACTED]

5.6.3.5.7 (U) *RESPONSIBLE ENTITY*

(U//~~FOUO~~) A Type 6 Assessment may only be opened and conducted by the FIG and the DI (Refer to IPG for further details). Under the management of the FIG, field office investigative squads or FBIHQ divisions may support the collection of information in a Type 6 Assessment.

5.6.3.5.8 (U) *TYPE 6 ASSESSMENT CLOSING*

(U//~~FOUO~~) See DIOG subsections 5.12.1 and 5.12.1.2 below for guidance on closing a Type 6 Assessment.

5.7 (U) **SENSITIVE INVESTIGATIVE MATTERS (SIM) IN ASSESSMENTS AND SENSITIVE POTENTIAL CHS OR SENSITIVE CHARACTERISTIC DESIGNATIONS IN TYPE 5 ASSESSMENTS**

(U//~~FOUO~~)

b7E

DIOG Section 10 contains the

required approval authority and factors for consideration when determining whether to open or approve an Assessment involving a SIM.

5.7.1 (U) **SIM CATEGORIES IN ASSESSMENTS**

(U//~~FOUO~~) A SIM is an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), religious or domestic political organization or individual prominent in such an organization, or news media, an academic nexus, or any other matter which, in the judgment of the official authorizing an Assessment, should be brought to the attention of FBIHQ and other DOJ officials. (AGG-Dom, Part VII.N.) As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary.

(U//~~FOUO~~)

5.7.2 (U) **ACADEMIC NEXUS IN ASSESSMENTS**

(U//~~FOUO~~) As a matter of FBI policy, an investigative activity having an “academic nexus” is considered a SIM if:

A) (U//~~FOUO~~)

B) (U//~~FOUO~~)

(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (e.g., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

(U//~~FOUO~~)

## 5.8 (U) STANDARDS FOR OPENING OR APPROVING THE USE OF AN AUTHORIZED INVESTIGATIVE METHOD

(U//~~FOUO~~) Prior to opening or approving the use of an authorized investigative method, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) The use of the particular investigative method is likely to further the authorized purpose and clearly defined objective(s) of the Assessment;
- B) (U//~~FOUO~~) The investigative method selected is the least intrusive method reasonable based upon the circumstances of the investigation;
- C) (U//~~FOUO~~) The anticipated value of the Assessment justifies the use of the selected investigative method or methods;
- D) (U//~~FOUO~~) If the purpose of the Assessment is to collect positive foreign intelligence, the investigative method complies with the AGG-Dom requirement that the FBI operate openly and consensually with an USPER, to the extent practicable; and
- E) (U//~~FOUO~~) The investigative method is an appropriate use of personnel and financial resources.

## 5.9 (U) AUTHORIZED INVESTIGATIVE METHODS IN ASSESSMENTS

### 5.9.1 (U) TYPE 1 THROUGH 4 AND TYPE 6 ASSESSMENTS

(U//~~FOUO~~) A complete discussion of these investigative methods, including approval requirements, is contained in DIOG Section 18. The use or dissemination of information obtained by the use of the below-methods must comply with the AGG-Dom and DIOG Section 14. Only the following investigative methods are authorized in Type 1 through 4 and Type 6 Assessments:

- A) (U) Public information. (Subsection 18.5.1)
- B) (U) Records or information - FBI and DOJ. (Subsection 18.5.2)
- C) (U) Records or information - Other federal, state, local, tribal, or foreign government agency. (Subsection 18.5.3)
- D) (U) On-line services and resources. (Subsection 18.5.4)
- E) (U) CHS use and recruitment. (Section 18.5.5)
- F) (U) Interview or request information from the public or private entities. (Subsection 18.5.6)
- G) (U) Information voluntarily provided by governmental or private entities. (Subsection 18.5.7)
- H) (U) Physical Surveillance (not requiring a court order). (Subsection 18.5.8)
- I) (U) Grand jury subpoenas – to providers of electronic communication services (**only available in a Type 1 & 2 Assessment**). (Subsection 18.5.9)

(U//~~FOUO~~) *Note:* Consent Searches are authorized in Assessments.

### 5.9.2 (U) TYPE 5 ASSESSMENTS

(U//~~FOUO~~) In addition to those investigative methods listed above in 5.9.1(A) – (H). Type 5 Assessments only may also use the following investigative methods:

- A) (U) Use of AFID or Covert Approach only permitted for use during approved activity in a Type 5 Assessment. (See [redacted])
- B) (U) Polygraph Examinations (See [redacted])
- C) (U) Trash Covers (Searches that do not require a warrant or court order). (See Section 18.6.12) (Note: SSA approval and consultation with CDC/OGC required prior to use of this method).

b7E

## 5.10 (U) OTHER INVESTIGATIVE METHODS NOT AUTHORIZED DURING ASSESSMENTS

(U//~~FOUO~~) Additional investigative methods, which are authorized for Predicated Investigations, may not be used in Assessments.

## 5.11 (U) INTELLIGENCE COLLECTION (I.E., INCIDENTAL COLLECTION)

(U//~~FOUO~~) Incidental collection is information derived during the course of a pending investigation, assessment, or a [redacted] that is responsive to a PEL, FBI, or IC collection requirement. [redacted]

b7E

(U//~~FOUO~~) Incidentally collected information, responsive to the above-mentioned collection requirements, may also be derived from [redacted]

(U//~~FOUO~~) [redacted]

b7E

(U//~~FOUO~~) [redacted]

## 5.12 (U) RETENTION AND DISSEMINATION OF PRIVACY ACT RECORDS

(U//~~FOUO~~) The Privacy Act restricts the maintenance of records relating to the exercise of First Amendment rights by individuals who are USPERs. Such records may be maintained if the information is pertinent to and within the scope of authorized law enforcement activities or for which there is otherwise statutory authority for the purposes of the Privacy Act (5 U.S.C. § 522a[e][7]). Activities authorized by the AGG-Dom are authorized law enforcement activities. Thus, information concerning the exercise of First Amendment rights by USPERs may be retained if it is pertinent to or relevant to the FBI's law enforcement or national security activity. Relevancy must be determined by the circumstances. If the information is not relevant to the law enforcement activity being conducted, then it may not be retained. For more information see DIOG Section 4.1. (AGG-Dom, Part I.C.5)

(U) The Privacy Act, however, may not exempt from disclosure information gathered by the FBI during Positive Foreign Intelligence Assessments (Type 6 Assessments) and investigations of qualified U.S. citizens or lawfully admitted permanent residents if personally identifying information about such persons resides in those files. FBI employees should therefore be particularly vigilant about properly classifying any such information and should avoid unnecessary references to, and the documentation of, identifying information about U.S. citizens and lawfully admitted permanent residents in Positive Foreign Intelligence files. See DIOG Section 4.1.3.

(U//~~FOUO~~) Even if information obtained during an Assessment does not warrant opening a Predicated Investigation, the FBI may retain personally identifying information for criminal and national security purposes. In this context, the information may eventually serve a variety of valid analytic purposes as pieces of the overall criminal or intelligence picture are developed to detect and disrupt criminal and terrorist activities. In addition, such information may assist FBI personnel in responding to questions that may subsequently arise as to the nature and extent of the Assessment and its results, whether positive or negative. Furthermore, retention of such information about an individual collected in the course of an Assessment will alert other divisions or field offices considering conducting an Assessment on the same individual that the particular individual is not a criminal or national security threat. As such, retaining personally identifying information collected in the course of an Assessment will also serve to conserve resources and prevent the initiation of unnecessary Assessments and other investigative activities.

### 5.12.1 (U) MARKING TYPE 1 & 2, AND TYPE 3, 4 AND 6 CLOSED ASSESSMENTS THAT CONTAIN PERSONAL INFORMATION

(U) Information obtained during an Assessment that has insufficient value to justify further investigative activity may contain personal information such as when records retained in an Assessment specifically identify an individual or group whose possible involvement in criminal or national security-threatening activity was checked out through the Assessment. Therefore, whenever the Assessment turns up no sufficient basis to justify further investigation of the

individual or group, then the records must be annotated with the caveats listed in subsection 5.12.1.1-3 below.

(U) Extreme care should be taken when disseminating personally identifiable information collected during an Assessment that does not lead to sufficient facts to open a Predicated Investigation. If personal information from the Assessment is disseminated outside the FBI according to authorized dissemination guidelines and procedures, it must be accompanied by the required annotation that the Assessment involving this individual or group did not warrant further investigation by the FBI at the time the Assessment was closed.

## 6 (U) PRELIMINARY INVESTIGATIONS

---

### 6.1 (U) OVERVIEW

(U) The AGG-Dom authorizes a second level of investigative activity—Predicated Investigations. Predicated Investigations that concern federal crimes or threats to the national security are subdivided into Preliminary Investigations (PI) and Full Investigations (Full). A Preliminary Investigation may be opened on the basis of any “allegation or information” indicative of possible criminal activity or threats to the national security.

### 6.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) A Preliminary Investigation may be opened to detect, obtain information about, or prevent or protect against federal crimes or threats to the national security. However, a Preliminary Investigation cannot be opened or used solely for the purpose of collecting against Positive Foreign Intelligence (PFI) requirements, or for conducting an Enterprise Investigation (EI).

(U) The purposes for conducting Preliminary Investigation include such matters as: determining whether a federal crime has occurred or is occurring, or if planning or preparation for such a crime is taking place; identifying, locating, and apprehending the perpetrators; obtaining evidence needed for prosecution; or identifying threats to the national security.

(U) The investigation of threats to the national security may constitute an exercise of the FBI’s criminal investigation authority as well as its authority to investigate threats to the national security. As with criminal investigations, detecting and solving crimes and arresting and prosecuting the perpetrators are likely objectives of investigations relating to threats to the national security. These investigations, however, serve important purposes outside the ambit of normal criminal investigations, by providing the basis for decisions concerning other measures needed to protect the national security.

### 6.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) The pursuit of legitimate investigative goals without infringing upon the exercise of constitutional freedoms is a challenge that the FBI meets through the application of sound judgment and discretion. In order to protect civil liberties in the conduct of criminal and national security investigations, every Preliminary Investigation under this subsection must have adequate predication that is documented in the opening communication.

(U) No investigative activity, including Preliminary Investigations, may be taken solely on the basis of activities that are protected by the First Amendment or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject, or a combination of only those factors. Preliminary Investigations of individuals, groups or organizations must focus on activities related to the threats and or crimes being investigated, not solely on First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject. In this context, it is particularly important clearly to identify and document the law enforcement or national security basis of the Preliminary Investigation.

(U) Example: Individuals or groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign

policy, protesting government actions, promoting certain religious beliefs, championing particular local, national, or international causes, or a change in government through non-criminal means, and actively recruit others to join their causes—have a fundamental constitutional right to do so. A Preliminary Investigation may not be opened based solely on the exercise of these First Amendment rights.

(U) The AGG-Dom present investigators with a number of authorized investigative methods in the conduct of a Preliminary Investigation. Considering the effect on the privacy and civil liberties of individuals and the potential to damage the reputation of individuals, some of these investigative methods are more intrusive than others. The least intrusive method if reasonable based upon the circumstances of the investigation is to be used, but the FBI must not hesitate to use any lawful method consistent with the AGG-Dom. A more intrusive method may be warranted in light of the seriousness of a criminal or national security threat.

(U) By emphasizing the use of the least intrusive means to obtain intelligence, information, and/or evidence, FBI employees can effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties of all people encompassed within the investigation, including targets, witnesses, and victims. This principle is not intended to discourage FBI employees from seeking relevant and necessary intelligence, information, or evidence, but rather is intended to encourage FBI employees to choose the least intrusive—but still reasonable based upon the circumstances of the investigation — means from the available options to obtain the intelligence, information or evidence. (See DIOG Subsection 4.4).

## 6.4 (U) LEGAL AUTHORITY

### 6.4.1 (U) CRIMINAL INVESTIGATIONS

(U) The FBI has statutory authority to investigate all federal crime not assigned exclusively to another federal agency. (See 28 U.S.C. § 533; 18 U.S.C. § 3052; 28 C.F.R. § 0.85 [a])

(U) The FBI also has special investigative jurisdiction to investigate violations of state law in limited circumstances. Specifically, the FBI has jurisdiction to investigate felony killings of state law enforcement officers (28 U.S.C. § 540), violent crimes against interstate travelers (28 U.S.C. § 540A), and serial killers (28 U.S.C. § 540B). Authority to investigate these matters is contingent on receiving a request by an appropriate state official.

### 6.4.2 (U) THREATS TO THE NATIONAL SECURITY

(U) The FBI has authority to investigate threats to the national security pursuant to executive orders, Attorney General authorities, and various statutory sources. (See Appendix B: Executive Order (EO) 12333; 50 U.S.C. §§ 3001 et seq.; 50 U.S.C. §§ 1801 et seq.)

(U) “Threats to the national security” are specifically defined to mean: international terrorism; espionage and other intelligence activities, sabotage, and assassination, conducted by, for, or on behalf of foreign powers, organizations, or persons; foreign computer intrusion; and other matters determined by the Attorney General, consistent with EO 12333 or any successor order. (AGG-Dom, Part VII.S)

## 6.5 (U) PREDICATION

(U) A Preliminary Investigation may be opened on the basis of “information or an allegation” indicating the existence of a circumstance described as follows:

- A) (U) An activity constituting a federal crime or a threat to the national security has or may have occurred, is or may be occurring, or will or may occur and the investigation may obtain information or intelligence relating to the activity or the involvement or role of an individual, group, or organization in such activity. (AGG-Dom, Part II.B.3)
- B) (U) An individual, group, organization, entity, information, property, or activity is or may be a target of attack, victimization, acquisition, infiltration, or recruitment in connection with criminal activity in violation of federal law or a threat to the national security and the investigation may obtain information or intelligence that would help to protect against such activity or threat. (AGG-Dom, Part II.B.3)

(U//~~FOUO~~) Examples: The following examples have sufficient predication to open a Preliminary Investigation:

- A) (U//~~FOUO~~) A CHS, with no established history, alleges that an individual is a member of a terrorist group: this “allegation” is sufficient predication to open a Preliminary Investigation; and
- B) (U//~~FOUO~~) If an analyst, while conducting an assessment, discovers on a blog a threat to a specific person, this “information” is enough to open a Preliminary Investigation.

(U) NOTE: See DIOG Appendix G - Classified Provisions for additional circumstances warranting a Preliminary Investigation.

## 6.6 (U) STANDARDS FOR OPENING OR APPROVING A PRELIMINARY INVESTIGATION

(U) Before opening or approving the conduct of a Preliminary Investigation, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) Adequate predication exist for opening a Preliminary Investigation;
- B) (U//~~FOUO~~) The Preliminary Investigation is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only such factors; and
- C) (U//~~FOUO~~) The Preliminary Investigation is an appropriate use of personnel and financial resources.

(U//~~FOUO~~) Additional policies regarding Preliminary Investigations involving any foreign ambassador, foreign official, foreign student or exchange visitor, protected persons or premises as subjects may be found in to DIOG Appendix G – Classified Provisions [No Foreign Policy Objection].

(U//~~FOUO~~) A Preliminary Investigation cannot be opened based solely on an FBI collection requirement.

## 6.7 (U) OPENING DOCUMENTATION, APPROVAL, EFFECTIVE DATE, NOTICE, EXTENSION, PENDING INACTIVE STATUS, CONVERSION, AND FILE REVIEW

### 6.7.1 (U) OPENING DOCUMENTATION

(U//~~FOUO~~) The predication to open a Preliminary Investigation must be documented in the opening Electronic Communication (EC). In addition to the opening EC, division PGs may require the use of other specific forms to supplement the opening EC, i.e. FD-920, etc. The appropriate approving authority may grant oral authority to open a Preliminary Investigation if the standards for opening or approving a Preliminary Investigation are met. Should oral authorization to conduct a Preliminary Investigation be granted, an EC setting forth the predicated facts, as well as the identity of the authorizing supervisor and date of oral authorization, must be documented to the supervisor who granted the oral authorization, as soon as practicable, but not more than five (5) business days after granting oral authorization.

(U//~~FOUO~~) [REDACTED]

(U//~~FOUO~~) *Note:* Investigative activity must not be conducted<sup>11</sup> out of [REDACTED]

#### 6.7.1.1 (U) APPROVAL / EFFECTIVE DATE / NOTICE

(U//~~FOUO~~) The effective date of the Preliminary Investigation is the date the final approval authority (e.g., Supervisory Special Agent (SSA) or Special Agent-in-Charge (SAC)) approves the EC [REDACTED]

[REDACTED] If the Preliminary Investigation is opened on oral authority, the date on which the oral authority was granted is the effective date. See DIOG subsection 3.4.2.2. Adding another subject after opening the Preliminary Investigation does not change the original effective date or the extension date.

A) (U//~~FOUO~~) ***Opened By a Field Office:*** The opening of a Preliminary Investigation by the field office requires prior approval of the SSA [REDACTED]

b7E

B) (U//~~FOUO~~) ***Opened By FBIHQ:*** The opening of a Preliminary Investigation by FBIHQ requires prior approval of the Unit Chief (UC) [REDACTED]

C) (U//~~FOUO~~) ***Sensitive Investigative Matters (SIM):*** The opening of a Preliminary Investigation involving a SIM:

<sup>11</sup> (U) [REDACTED]

b7E

(U//~~FOUO~~) [REDACTED]

[REDACTED] in its written notice to the FBIHQ operational unit with program responsibility. Upon receiving this notice, the FBIHQ operational unit must notify DOJ in writing (by LHM or similar documentation), as soon as practicable, [REDACTED] after the investigation is opened.

(U//~~FOUO~~) [REDACTED]

(U//~~FOUO~~) If a SIM arises after the opening of a Preliminary Investigation, investigative activity may continue, but the matter must be reviewed by the CDC and approved by the SAC as soon as practicable, but not more than five (5) business days thereafter to continue the investigation. Written notice must be furnished to the appropriate FBIHQ operational unit with program responsibility and to the appropriate USAO or DOJ component as specified in the preceding paragraph. [REDACTED]

- 2) (U//~~FOUO~~) **SIM Opened by FBIHQ**: requires prior OGC review and SC approval, and written notification (EC) to the appropriate field office(s) within 15 calendar days following the opening. [REDACTED]

[REDACTED] Additionally, the appropriate FBIHQ Section must notify, the applicable USAO or the appropriate DOJ official, in writing (by LHM or similar documentation), as soon as practicable, but no later than 30 calendar days after the investigation is opened. (See [REDACTED])

[REDACTED] If the FBIHQ section does not provide notice to the applicable USAO, the FBIHQ section must state such in its written notice to the field office(s) and DOJ. See [REDACTED]

(U//~~FOUO~~) If a SIM arises after the opening of a Preliminary Investigation, investigative activity may continue, but the matter must be reviewed by the OGC and approved by the appropriate FBIHQ operational SC as soon as practicable, but not more than five (5) business days thereafter to continue the investigation. Written notice must be furnished to the relevant field office(s) and to the appropriate USAO or DOJ component as specified in the preceding paragraph. [REDACTED]

- D) (U//~~FOUO~~) **FBIHQ Disapproves Opening**: The Executive Assistant Director of the National Security Branch must notify the Deputy Attorney General if FBIHQ disapproves a field office's opening of a Preliminary Investigation relating to a threat to national security on the ground that the predication for the investigation is insufficient, and the National Security Branch is responsible for establishing a system that will ensure the prompt retrieval of such denials. (AGG-Dom, Part II.B.5.d)

### 6.7.2 (U) *EXTENSION*

(U//~~FOUO~~) A Preliminary Investigation must be concluded within six months of its opening but may be extended for up to six months by the SAC (delegable to the ASAC)<sup>12</sup>. FBIHQ division PGs may require written notification of this six month extension to the appropriate FBIHQ operational unit and section. Extensions of Preliminary Investigations beyond a year are discouraged and may only be approved by the appropriate FBIHQ operational Section Chief for “good cause.” (AGG-Dom, Part II.B.4.a.ii)

#### 6.7.2.1 (U) *GOOD CAUSE*

(U//~~FOUO~~) The following factors must be used to determine whether “good cause” exists to extend the Preliminary Investigation beyond one year:

- A) (U//~~FOUO~~) Whether logical investigative steps have yielded information that tends to inculcate or exculpate the subject;
- B) (U//~~FOUO~~) The progress that has been made toward determining whether a Full Investigation should be opened or the Preliminary Investigation should be closed;
- C) (U//~~FOUO~~) Whether, based on the planned course of investigation for the following six months, it is reasonably likely that information will be obtained that will lead to predication for a Full Investigation, thereby warranting an extension for another six months, or will lead to exculpatory information, thereby warranting closing the Preliminary Investigation; and
- D) (U//~~FOUO~~) Whether adequate predication has been developed to justify opening a Full Investigation or whether sufficient information has been developed that justifies closing the Preliminary Investigation.

### 6.7.3 (U) *PENDING INACTIVE STATUS*

(U//~~FOUO~~)

b7E

### 6.7.4 (U) *CONVERSION TO FULL INVESTIGATION*

(U//~~FOUO~~) When converting a Preliminary Investigation to a Full Investigation, see DIOG Section 7 for approval and notification requirements.

### 6.7.5 (U) *FILE REVIEW*

(U//~~FOUO~~) Supervisory file reviews must be conducted at least once every 90 days in accordance with DIOG Section 3.4.4. File reviews for probationary FBI employees must be conducted at least every 60 days.

## 6.8 (U) *STANDARDS FOR OPENING OR APPROVING THE USE OF AN AUTHORIZED INVESTIGATIVE METHOD IN PRELIMINARY INVESTIGATIONS*

(U//~~FOUO~~) Prior to opening or approving the use of an investigative method, an FBI employee or approving official must determine whether:

<sup>12</sup> (U//~~FOUO~~) SAC approval required to extend Preliminary Investigations was non-delegable in the previous version of the DIOG. That restriction has been removed in this version.

- A) (U//~~FOUO~~) The use of the particular investigative method is likely to further the authorized purpose of the Preliminary Investigation;
- B) (U//~~FOUO~~) The investigative method selected is the least intrusive method, if reasonable based upon the circumstances of the investigation; and
- C) (U//~~FOUO~~) The method to be used is an appropriate use of personnel and financial resources.

## 6.9 (U) AUTHORIZED INVESTIGATIVE METHODS IN PRELIMINARY INVESTIGATIONS

(U) All lawful methods may be used in a Preliminary Investigation, except for mail opening, physical search requiring a Federal Rules of Criminal Procedure (FCRP) Rule 41 search warrant or a Foreign Intelligence Surveillance Act (FISA) order, electronic surveillance requiring a judicial order or warrant (Title III or FISA), or Title VII FISA requests. Authorized methods include, but are not limited to, those listed below. Some of the methods listed are subject to special restrictions or review or approval requirements. (AGG-Dom, Part V.4.A)

(U//~~FOUO~~) A complete discussion of these investigative methods, including approval requirements, is contained in Section 18. The use or dissemination of information obtained by the use of the below methods must comply with the AGG-Dom and DIOG Section 14. The following investigative methods are authorized to be used in Preliminary Investigations:

- A) (U) Public information. (See subsection 18.5.1)
- B) (U) Records or information - FBI and DOJ. (See subsection 18.5.2)
- C) (U) Records or information - Other federal, state, local, tribal, or foreign government agency. (See subsection 18.5.3)
- D) (U) On-line services and resources. (See subsection 18.5.4)
- E) (U) CHS use and recruitment. (See subsection 18.5.5)
- F) (U) Interview or request information from the public or private entities. (See subsection 18.5.6)

## 6.10 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM) IN PRELIMINARY INVESTIGATIONS

(U//~~FOUO~~) [REDACTED] DIOG Section 10 contains the required approval authority and factors for consideration when determining whether to conduct or approve a Preliminary Investigation involving a SIM.

### 6.10.1 (U) SIM CATEGORIES IN PRELIMINARY INVESTIGATIONS

(U//~~FOUO~~) A SIM is an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), religious or domestic political organization or individual prominent in such an organization, or news media, an academic nexus, or any other matter which, in the judgment of the official authorizing an investigation, should be brought to the attention of FBIHQ and other DOJ officials. (AGG-Dom, Part VII.N.) As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary. [REDACTED]

### 6.10.2 (U) ACADEMIC NEXUS IN PRELIMINARY INVESTIGATIONS

[REDACTED]

B) (U//~~FOUO~~) [REDACTED]

[REDACTED]

<sup>13</sup> (U//~~FOUO~~) The use of Search Warrants to obtain this information in Preliminary Investigations is prohibited. (See DIOG Section 18.6.8.4.2.3)

(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (e.g., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

(U//~~FOUO~~) [REDACTED]

## 6.11 (U) INTELLIGENCE COLLECTION (I.E., INCIDENTAL COLLECTION)

(U//~~FOUO~~) Incidental collection is information derived during the course of a pending investigation, assessment, or a [REDACTED] that is responsive to a PFI, FBI, or IC collection requirement. [REDACTED]

(U//~~FOUO~~) Incidentally collected information, responsive to the above-mentioned collection requirements, may also be derived from [REDACTED]

## 6.12 (U) STANDARDS FOR APPROVING THE CLOSING OF A PRELIMINARY INVESTIGATION

### 6.12.1 (U) STANDARDS

(U//~~FOUO~~) At the conclusion of a Preliminary Investigation, each of the following items must be documented in the closing communication (EC and/or LHM):

- A) (U//~~FOUO~~) A summary of the results of the investigation;
- B) (U//~~FOUO~~) Whether all logical and reasonable investigation was completed;
- C) (U//~~FOUO~~) Whether all investigative methods/techniques initiated have been completed and/or discontinued;
- D) (U//~~FOUO~~) Whether all leads set have been completed and/or discontinued;
- E) (U//~~FOUO~~) Whether all evidence has been returned, destroyed or retained in accordance with evidence policy; and
- F) (U//~~FOUO~~) A summary statement of the basis on which the Preliminary Investigation will be closed, and a selection of the appropriate closing status:
  - 1) (U//~~FOUO~~) C-4: Administrative Closing, which includes:
    - a) (U//~~FOUO~~) No further investigation is warranted because logical investigation and/or leads have been exhausted, and the investigation to date did not identify a criminal violation or a priority threat to the national security
    - b) (U//~~FOUO~~) Investigation assigned a new file number
    - c) (U//~~FOUO~~) Investigation consolidated into a new file number or an existing file number, or
    - d) (U//~~FOUO~~) Unaddressed Work investigation file closed because no investigation or no further investigation will be conducted
  - 2) (U//~~FOUO~~) C-5: USA Declination Closing, which includes:
    - a) (U//~~FOUO~~) The USAO declined prosecution – individual matter declination
    - b) (U//~~FOUO~~) The USAO declined prosecution – blanket declination
  - 3) (U//~~FOUO~~) C-6: Other Closing, which includes:
    - a) (U//~~FOUO~~) National security investigation has been completed
    - b) (U//~~FOUO~~) Prosecution became non-viable for national security reasons
    - c) (U//~~FOUO~~) Any other reason to close

### 6.12.2 (U) APPROVAL REQUIREMENTS TO CLOSE

(U//~~FOUO~~) The appropriate closing supervisor described below must review and approve the closing communication (as described in subsection 6.12.1) to ensure it contains the above required information and sufficient details of the investigation on which to base the decision to close the Preliminary Investigation. The appropriate closing supervisors are:

- A) (U//~~FOUO~~) **Opened by a Field Office:** Closing a Preliminary Investigation opened by a field office requires approval from the SSA

b7E

Notification to the FBIHQ operational unit may be required by division PGs.

- B) (U//~~FOUO~~) **Opened by FBIHQ:** Closing a Preliminary Investigation opened by FBIHQ requires approval from the UC and notification to any appropriate field office.
- C) (U//~~FOUO~~) **SIM Opened by a Field Office:** Closing a Preliminary Investigation opened by a field office involving a SIM requires approval from the SAC, written notification to the FBIHQ operational unit and section.
- D) (U//~~FOUO~~) **SIM Opened by FBIHQ:** Closing a Preliminary Investigation opened by FBIHQ involving a SIM requires approval from the SC and written notification to any appropriate field office.

### 6.13 (U) OTHER PROGRAM-SPECIFIC INVESTIGATIVE REQUIREMENTS

(U//~~FOUO~~) To facilitate compliance with investigative program specific requirements, the FBI employee should consult the relevant division's PG. No policy or PG may contradict, alter or otherwise modify the standards of the DIOG. A DIOG related policy or PG must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG subsection 3.2.2 paragraphs (A), (B), (C) and (D).

## 7 (U) FULL INVESTIGATIONS

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 05-09-2018 BY [REDACTED] NSICG

### 7.1 (U) OVERVIEW

(U//~~FOUO~~) The AGG-Dom authorizes a second level of investigative activity—Predicated Investigations. Predicated Investigations that concern federal crimes or threats to the national security are subdivided into Preliminary Investigations (PI) and Full Investigations (Full). A Full Investigation may be opened if there is an “articulable factual basis” of possible criminal or national threat activity, as discussed in greater detail in Section 7.5, below. There are three types of Full Investigations: (i) single and multi-subject; (ii) Enterprise; and (iii) positive foreign intelligence collection.

### 7.2 (U) PURPOSE AND SCOPE

(U) A Full Investigation may be opened to detect, obtain information about, or prevent or protect against federal crimes or threats to the national security or to collect foreign intelligence.

(U) The purposes for conducting Full Investigations include such matters as:

- A) (U) determining whether a federal crime is being planned, prepared for, occurring or has occurred;
- B) (U) identifying, locating, and apprehending the perpetrators;
- C) (U) obtaining evidence for prosecution;
- D) (U) identifying threats to the national security;
- E) (U) investigating an enterprise (as defined in DIOG Section 8); or
- F) (U) collecting positive foreign intelligence (PFI) (as defined in DIOG Section 9).

(U) The investigation of threats to the national security can be investigated under the FBI’s criminal investigation authority or its authority to investigate threats to the national security. As with criminal investigations, detecting and solving crimes, gathering evidence and arresting and prosecuting the perpetrators are frequently the objectives of investigations relating to threats to the national security. These investigations also serve important purposes outside the ambit of normal criminal investigations, however, by providing the basis for decisions concerning other measures needed to protect the national security.

(U//~~FOUO~~) A Full Investigation solely for the collection of positive foreign intelligence extends the sphere of the FBI’s information gathering activities beyond federal crimes and threats to the national security and permits the FBI to seek information regarding a broader range of matters relating to foreign powers, organizations, or persons that may be of interest to the conduct of the United States’ foreign affairs. (See DIOG Section 9)

### 7.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) The pursuit of legitimate investigative goals without infringing upon the exercise of constitutional freedoms is a challenge that the FBI meets through the application of sound judgment and discretion. In order to protect civil liberties during the conduct of criminal and national security investigations, every Full Investigation under this subsection must have adequate predication that is documented in the opening communication.

(U) No investigative activity, including Full Investigations, may be taken solely on the basis of rights that are protected by the First Amendment or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject, or a combination of only those factors. Full Investigations of individuals, groups or organizations must focus on activities related to the threats or crimes being investigated, not solely on First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject. In this context, it is particularly important clearly to identify and document the law enforcement or national security basis of the Full Investigation.

(U) *Example:* Individuals or groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign policy, protesting government actions, promoting certain religious beliefs, championing particular local, national, or international causes, or a change in government through non-criminal means, and actively recruit others to join their causes—have a fundamental constitutional right to do so. A Full Investigation may not be opened based solely on the exercise of these First Amendment rights.

(U) The AGG-Dom authorizes all lawful investigative methods in the conduct of a Full Investigation. Considering the effect on the privacy and civil liberties of individuals and the potential to damage the reputation of individuals, some of these investigative methods are more intrusive than others. The least intrusive method if reasonable based upon the circumstances of the investigation is to be used, but the FBI must not hesitate to use any lawful method consistent with the AGG-Dom. A more intrusive method may be warranted in light of the seriousness of a criminal or national security threat or the importance of a foreign intelligence requirement.

(U) By emphasizing the use of the least intrusive means to obtain intelligence or evidence, FBI employees can effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties of all people encompassed within the investigation, including targets, witnesses, and victims. This principle is not intended to discourage FBI employees from seeking relevant and necessary intelligence, information, or evidence, but rather is intended to encourage FBI employees to choose the least intrusive—but still reasonable based upon the circumstances of the investigation—from the available options to obtain the intelligence, information or evidence. (See DIOG Section 4)

## **7.4 (U) LEGAL AUTHORITY**

### **7.4.1 (U) CRIMINAL INVESTIGATIONS**

(U) The FBI has statutory authority to investigate all federal crime not assigned exclusively to another federal agency. (See 28 U.S.C. § 533; 18 U.S.C. § 3052; 28 C.F.R. § 0.85 [a].)

(U) The FBI also has special investigative jurisdiction to investigate violations of state law in limited circumstances. Specifically, the FBI has jurisdiction to investigate felony killings of state law enforcement officers (28 U.S.C. § 540), violent crimes against interstate travelers (28 U.S.C. § 540A), and serial killers (28 U.S.C. § 540B). Authority to investigate these matters is contingent on receiving a request by an appropriate state official.

#### 7.4.2 (U) *THREATS TO THE NATIONAL SECURITY*

(U) The FBI has authority to investigate threats to the national security pursuant to executive orders, Attorney General authorities, and various statutory sources. (See E.O. 12333; 50 U.S.C. §§ 3001 et seq.; 50 U.S.C. §§ 1801 et seq.)

(U) “Threats to the national security” are specifically defined to mean: international terrorism; espionage and other intelligence activities, sabotage, and assassination, conducted by, for, or on behalf of foreign powers, organizations, or persons; foreign computer intrusion; and other matters determined by the Attorney General, consistent with Executive Order 12333 or any successor order. (AGG-Dom, Part VII.S)

#### 7.4.3 (U) *FOREIGN INTELLIGENCE COLLECTION*

(U) The FBI authority to collect foreign intelligence derives from a mixture of administrative and statutory sources. (See E.O. 12333; 50 U.S.C. §§ 3001 et seq.; 50 U.S.C. §§ 1801 et seq.; 28 U.S.C. § 532 note (incorporates the Intelligence Reform and Terrorism Protection Act, P.L. 108-458 §§ 2001-2003).

(U) “Foreign Intelligence” is defined as information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations or foreign persons, or international terrorists. (AGG-Dom, Part VII.E)

#### 7.5 (U) *PREDICATION*

(U) A Full Investigation may be opened if there is an “articulable factual basis” that reasonably indicates one of the following circumstances exists:

- A) (U) An activity constituting a federal crime or a threat to the national security has or may have occurred, is or may be occurring, or will or may occur and the investigation may obtain information relating to the activity or the involvement or role of an individual, group, or organization in such activity;
- B) (U) An individual, group, organization, entity, information, property, or activity is or may be a target of attack, victimization, acquisition, infiltration, or recruitment in connection with criminal activity in violation of federal law or a threat to the national security and the investigation may obtain information that would help to protect against such activity or threat; or
- C) (U) The investigation may obtain foreign intelligence that is responsive to a PFI requirement, as defined in DIOG Section 7.4.3, above.

(U//~~FOUO~~) Examples: The following examples have sufficient predication to open a Full Investigation:

- A) (U//~~FOUO~~) corroborated information from an intelligence agency states that an individual is a member of a terrorist group;
- B) (U//~~FOUO~~) an analyst discovers on a blog a threat to a specific home builder and additional information connecting the blogger to a known terrorist group; and
- C) (U//~~FOUO~~) FBI DI has posted an authorized PFI requirement for collection.

(U) **NOTE:** See DIOG Appendix G - Classified Provisions for additional circumstances warranting a Full Investigation.

## 7.6 (U) STANDARDS FOR OPENING OR APPROVING A FULL INVESTIGATION

(U//~~FOUO~~) Before opening or approving the conduct of a Full Investigation, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) Adequate predication exist for opening a Full Investigation;
- B) (U//~~FOUO~~) The Full Investigation is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only such factors; and
- C) (U//~~FOUO~~) The Full Investigation is an appropriate use of personnel and financial resources.

(U//~~FOUO~~) Additional policies regarding Full Investigations involving any foreign ambassador, foreign official, foreign student or exchange visitor, protected persons or premises as subjects may be found in DIOG Appendix G – Classified Provisions (No Foreign Policy Objection [NFPO]).

(U//~~FOUO~~) A Full Investigation cannot be opened solely based on an FBI collection requirement.

## 7.7 (U) OPENING DOCUMENTATION, APPROVAL, EFFECTIVE DATE, NOTICE, PENDING INACTIVE STATUS, FILE REVIEW, AND LETTER HEAD MEMORANDUM

### 7.7.1 (U) OPENING DOCUMENTATION

(U//~~FOUO~~) The predication to open a Full Investigation must be documented in the opening EC. In addition to the opening EC, division PGs may require the use of other specific forms to supplement the opening EC, i.e. FD-920, etc. The appropriate approving authority may grant oral authority to open a Full Investigation if the standards for opening or approving a Full Investigation are met. Should oral authorization to conduct a Full Investigation be granted, an EC setting forth the predicated facts, as well as the identity of the authorizing supervisor and date of oral authorization, must be documented to the supervisor who granted the oral authorization, as soon as practicable, but not more than five (5) business days after granting the authorization.

(See Counterintelligence Division Policy Guide, 0717DPG for details concerning notice in counterintelligence and espionage investigations.) [REDACTED] If the FBIHQ section does not provide notice to the applicable USAO, the FBIHQ section must state such in its written notice to the field office(s) and DOJ. See DIOG Appendix G, Classified Provisions, for additional notice requirements.

[REDACTED]  
[REDACTED] Written notice must be furnished to the relevant field office(s) and to the appropriate USAO or DOJ component as specified in the preceding paragraph. [REDACTED]

- D) (U//~~FOUO~~) ***Positive Foreign Intelligence Full Investigation:*** The opening of a Full Investigation in order to collect positive foreign intelligence for circumstances described in Section 7.5.C above must be approved as provided in DIOG Section 9. Additionally, written notification to FBIHQ Domain, Collection, HUMINT Management Section (FIMS) SC and DOJ NSD is required as soon as practicable but no later than 30 calendar days after opening the investigation.
- E) (U//~~FOUO~~) ***FBIHQ Disapproves Opening:*** The EAD for the National Security Branch (NSB) must notify the Deputy Attorney General if FBIHQ disapproves a field office's opening of a Full Investigation relating to a threat to the national security on the ground that the predication for the investigation is insufficient, and the EAD for the NSB is responsible for establishing a system that will allow for the prompt retrieval of such denials. (AGG-Dom. Part II.B.5.d)

### 7.7.2 (U) PENDING INACTIVE STATUS

(U//~~FOUO~~) A Full Investigation may be placed in "pending inactive" status once all logical investigation has been completed and only prosecutive action or other disposition remains to be reported. Examples of Full Investigations that may be placed in "pending inactive" status would include, but not be limited to: criminal investigations pending an appeal; fugitive investigations, when all logical investigation has been conducted and the subject is still in fugitive status; parental kidnapping investigations, when the parent who kidnapped the child is residing in a foreign country and the local authorities will not or cannot extradite the subject back to the United States.

### 7.7.3 (U) FILE REVIEW

(U//~~FOUO~~) Supervisory file reviews must be conducted at least once every 90 days in accordance with DIOG Section 3.4.4. File reviews for probationary FBI employees must be conducted at least every 60 days.

#### 7.7.4 (U) ANNUAL LETTERHEAD MEMORANDUM

(U//~~FOUO~~) Annual letterhead memoranda regarding the status of Full Investigations are not required by the AGG-Dom; however, the FBIHQ operational divisions may require such reports in their PGs. See foreign intelligence collection in Section 9 for annual reporting requirements to FBIHQ FIMS and DOJ.

#### 7.8 (U) STANDARDS FOR OPENING OR APPROVING THE USE OF AN AUTHORIZED INVESTIGATIVE METHOD IN FULL INVESTIGATIONS

(U//~~FOUO~~) Prior to opening or approving the use of an investigative method, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) The use of the particular investigative method is likely to further the authorized purpose of the Full Investigation;
- B) (U//~~FOUO~~) The investigative method selected is the least intrusive method, if reasonable based upon the circumstances of the investigation;
- C) (U//~~FOUO~~) If the Full Investigation is for collecting positive foreign intelligence, the FBI is operating openly and consensually with a USPER, to the extent practicable; and
- D) (U//~~FOUO~~) The method to be used is an appropriate use of personnel and financial resources.

#### 7.9 (U) AUTHORIZED INVESTIGATIVE METHODS IN FULL INVESTIGATIONS

(U) All lawful methods may be used in a Full Investigation, unless the investigation is to collect foreign intelligence. A complete discussion of these investigative methods, including approval requirements, is contained in Section 18. The use or dissemination of information obtained by the use of these methods must comply with the AGG-Dom and DIOG Section 14. The following investigative methods are authorized to be used in all Full Investigations, other than investigations to collect foreign intelligence:

- A) (U) Public information. (Subsection 18.5.1)

## 7.10 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM) IN FULL INVESTIGATIONS

(U//~~FOUO~~)

DIOG

Section 10 contains the required approval authority and factors to be considered when determining whether to conduct or approve a Full Investigation involving a SIM.

### 7.10.1 (U) SIM CATEGORIES IN FULL INVESTIGATIONS

(U//~~FOUO~~) A SIM is an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), religious or domestic political organization or individual prominent in such an organization, or news media, an academic nexus, or any other matter which, in the judgment of the official authorizing an investigation, should be brought to the attention of FBIHQ and other DOJ officials. (AGG-Dom, Part VII.N). As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary. DIOG Section 10 and/or the DIOG Appendix G – Classified Provisions define

(U//~~FOUO~~)

A) (U//~~FOUO~~)

B) (U//~~FOUO~~) [REDACTED]

b7E

(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (i.e., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

### 7.11 (U) INTELLIGENCE COLLECTION (I.E., INCIDENTAL COLLECTION)

(U//~~FOUO~~) Incidental collection is information derived during the course of a pending investigation, Assessment, or [REDACTED] that is responsive to a PFI, FBI, or IC collection requirement. [REDACTED]

(U) Because the authority to collect positive foreign intelligence enables the FBI to obtain information pertinent to the United States' conduct of its foreign affairs, even if that information is not related to criminal activity or threats to the national security, the information gathered may concern lawful activities. Accordingly, the FBI must operate openly and consensually with an USPER to the extent practicable when collecting positive foreign intelligence that does not concern criminal activities or threats to the national security.

## 7.12 (U) STANDARDS FOR APPROVING THE CLOSING OF A FULL INVESTIGATION

### 7.12.1 (U) STANDARDS

(U//~~FOUO~~) At the conclusion of a Full Investigation, each of the following items must be documented in the closing communication (EC and/or LHM):

- A) (U//~~FOUO~~) A summary of the results of the investigation;
- B) (U//~~FOUO~~) Whether sufficient personnel and financial resources were expended on the investigation, or an explanation/justification for not expending sufficient resources;
- C) (U//~~FOUO~~) Whether logical and reasonable investigation was completed;
- D) (U//~~FOUO~~) Whether all investigative methods/techniques initiated have been completed and/or discontinued;
- E) (U//~~FOUO~~) Whether all leads set have been completed and/or discontinued;
- F) (U//~~FOUO~~) Whether all evidence has been returned, destroyed or retained in accordance with evidence policy; and
- G) (U//~~FOUO~~) A summary statement of the reason the Full Investigation will be closed, and selection of the appropriate closing status:
  - 1) (U//~~FOUO~~) C-4: Administrative Closing, which includes:
    - a) (U//~~FOUO~~) No further investigation is warranted because logical investigation and/or leads have been exhausted, and the investigation to date did not identify a criminal violation or a priority threat to the national security
    - b) (U//~~FOUO~~) Investigation assigned a new file number
    - c) (U//~~FOUO~~) Investigation consolidated into a new file number or an existing file number

- e) (U//~~FOUO~~) A nolle prosequi has been entered with the court
- f) (U//~~FOUO~~) any other reason for closing

### 7.12.2 (U) **APPROVAL REQUIREMENTS TO CLOSE**

(U//~~FOUO~~) The appropriate closing supervisor described below must review and approve the closing communication (as described in Section 7.12.1) to ensure it contains the above-required information and sufficient details of the investigation on which to base the decision to close the Full Investigation. Although there is no duration limit for a Full Investigation, the investigation must be closed upon all investigative activity being exhausted. The appropriate closing supervisors are:

- A) (U//~~FOUO~~) **Opened by a Field Office:** Closing a Full Investigation opened by a field office requires approval from the SSA. Closing a Full Investigation involving espionage or an espionage related matter, requires the concurrence of the FBIHQ Counterespionage section chief. Notification to the FBIHQ operational unit may be required by division PGs.
- B) (U//~~FOUO~~) **Opened by FBIHQ:** Closing a Full Investigation opened by FBIHQ requires approval from the UC and notification to the appropriate field office.
- C) (U//~~FOUO~~) **SIM Opened by a Field Office:** Closing a Full Investigation opened by a field office involving a SIM requires approval from the SAC, written notification to the FBIHQ operational unit and section.
- D) (U//~~FOUO~~) **SIM Opened by FBIHQ:** Closing a Full Investigation opened by FBIHQ involving a sensitive investigative matter requires approval from the SC and written notification to the appropriate field office.
- E) (U//~~FOUO~~) **Positive Foreign Intelligence:** (See DIOG Section 9)

### 7.13 (U) **OTHER PROGRAM SPECIFIC INVESTIGATIVE REQUIREMENTS**

(U//~~FOUO~~) To facilitate compliance with investigative program-specific requirements, the FBI employee should consult the relevant division’s PG to ascertain any program-specific requirements. No policy or PG may contradict, alter or otherwise modify the standards of the DIOG. DIOG related policy or PGs must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG Section 3.2.2 paragraphs (A), (B), (C) and (D).

## 8 (U) ENTERPRISE INVESTIGATIONS (EI)

---

### 8.1 (U) OVERVIEW

(U) An Enterprise Investigation (EI) may only be opened and operated as a Full Investigation and is subject to the same requirements that apply to a Full Investigation as described in DIOG Section 7, although there are additional approval requirements that affect Enterprise Investigations. An Enterprise Investigation focuses on a group or organization that may be involved in the most serious criminal or national security threats to the public, as described in Section 8.5 below. An Enterprise Investigation cannot be conducted as Preliminary Investigation or an Assessment, nor may they be conducted for the sole purpose of collecting positive foreign intelligence (PFI). See Section 8.2, below, regarding Preliminary Investigations and Assessments.

### 8.2 (U) PURPOSE, SCOPE AND DEFINITIONS

(U) **Enterprise defined:** An enterprise is a group of persons associated together for a common purpose of engaging in a course of conduct. The term “enterprise” includes any partnership, corporation, association, or other legal entity, and any union or group of individuals associated in fact, although not a legal entity.

(U) **Associated in fact defined:** The term “associated in fact” means the persons have an ongoing organization, formal or informal, and that the persons function together as a continuing unit.

(U) **Purpose/Scope:** The purpose of an Enterprise Investigation is to examine the structure, scope, and nature of the group or organization including: its relationship, if any, to a foreign power; the identity and relationship of its members, employees, or other persons who may be acting in furtherance of its objectives; its finances and resources; its geographical dimensions; its past and future activities and goals; and its capacity for harm. (Attorney General’s Guidelines for Domestic FBI Operations (AGG-Dom), Part II.C.2)

(U//~~FOUO~~) Although an Enterprise Investigation may not be conducted as a Preliminary Investigation, a Preliminary Investigation may be used to determine whether a group or organization is a criminal or terrorist enterprise if the FBI has “information or an allegation” that an activity constituting a federal crime or a threat to the national security has or may have occurred, is or may be occurring, or will or may occur, and the investigation may obtain information relating to the activity of the group or organization in such activity. An Assessment may also be opened to determine whether a group or organization is involved in activities constituting violations of federal criminal law or threats to the national security.

### 8.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) The pursuit of legitimate investigative goals without infringing upon the exercise of constitutional freedoms is a challenge that the FBI meets through the application of sound judgment and discretion. In order to protect civil liberties in the conduct of criminal and national security investigations, every Full Investigation, including an Enterprise Investigation under this subsection, must have adequate predication documented in the opening communication.

(U) No investigative activity, including an Enterprise Investigation, may be taken solely on the basis of rights that are protected by the First Amendment or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only those factors. An Enterprise Investigation of groups and organizations must focus on activities related to the threats or crimes being investigated, not solely on First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the members of the group or organization. In this context, it is particularly important clearly to identify and document the law enforcement or national security basis of the Enterprise Investigation.

(U//~~FOUO~~) *Example:* Groups who communicate with each other or with members of the public in any form in pursuit of social or political causes—such as opposing war or foreign policy, protesting government actions, promoting certain religious beliefs, championing particular local, national, or international causes, or a change in government through non-criminal means, and actively recruit others to join their causes—have a fundamental constitutional right to do so. An Enterprise Investigation may not be opened based solely on the exercise of these First Amendment rights.

(U) The AGG-Dom authorizes all lawful investigative methods in the conduct of an Enterprise Investigation. Considering the effect on the privacy and civil liberties of individuals and the potential to damage the reputation of individuals, some of these investigative methods are more intrusive than others. The least intrusive method if reasonable based upon the circumstances of the investigation is to be used, but the FBI must not hesitate to use any lawful method consistent with the AGG-Dom. A more intrusive method may be warranted in light of the seriousness of a criminal or national security threat.

(U) By emphasizing the use of the least intrusive means to obtain information, intelligence and/or evidence, FBI employees can effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties of all people encompassed within the investigation, including targets, witnesses, and victims. This principle is not intended to discourage FBI employees from seeking relevant and necessary intelligence, information, or evidence, but rather is intended to encourage FBI employees to choose the least intrusive—but still effective means—from the available options to obtain the information, intelligence or evidence. See DIOG Section 4.4.

#### 8.4 (U) PREDICATION

(U) A Full Investigation of a group or organization may be opened as an Enterprise Investigation if there is an articulable factual basis for the investigation that reasonably indicates the group or organization may have engaged, or may be engaged in, or may have or may be engaged in planning or preparation or provision of support for: (AGG-Dom, Part II.C.1)

A) (U) **Racketeering Activity:**

(U) A pattern of racketeering activity as defined in 18 U.S.C. § 1961(5) - (92 and 305A matters may be opened as Enterprise Investigations-Racketeering Activity (EI/RA));

B) (U) **International Terrorism:**

(U) International terrorism, as defined in 18 U.S.C. § 2331 and AGG-Dom, Part VII.J - (415 matters may be opened as Enterprise Investigations);

C) (U) **Other National Security Threats**, as listed in AGG-Dom. Part VII.J [REDACTED]

b7E

D) (U) **Domestic Terrorism**:

- 1) (U) Domestic terrorism as defined in 18 U.S.C. § 2331(5) involving a violation of federal criminal law – (100 matters may be opened as Enterprise Investigations);
- 2) (U) Furthering political or social goals wholly or in part through activities that involve force or violence and a violation of federal criminal law – (100 matters may be opened as Enterprise Investigations); or
- 3) (U) An offense described in 18 U.S.C. § 2332b(g)(5)(B) or 18 U.S.C. § 43 – (100 matters may be opened as Enterprise Investigations).

(U) The “articulable factual basis” for opening an Enterprise Investigation is met with the identification of a group whose statements made in furtherance of its objectives or its conduct demonstrate a purpose of committing crimes or securing the commission of crimes by others. The group’s activities and statements of its members may be considered in combination to comprise the “articulable factual basis,” even if the statements alone or activities alone would not warrant such a determination.

(U) *Note*: Enterprise Investigations were designed, among other things, to combine and replace the [REDACTED] and [REDACTED]

[REDACTED] An Enterprise Investigation is only authorized to be opened on the most serious criminal or national security threats. The term Enterprise Investigation as used in the DIOG should not be confused with other usages of the word “enterprise,” such as criminal enterprise investigations [REDACTED] which are not Enterprise Investigations as defined in DIOG Section 8. See DIOG Sections 8.4 and 8.5.

## 8.5 (U) STANDARDS FOR OPENING OR APPROVING AN ENTERPRISE INVESTIGATION

(U//~~FOUO~~) Before opening or approving the conduct of an Enterprise Investigation, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) Adequate predication exists for opening an Enterprise Investigation;

- B) (U//~~FOUO~~) The Enterprise Investigation is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only such factors; and
- C) (U//~~FOUO~~) The Enterprise Investigation is an appropriate use of personnel and financial resources.

(U//~~FOUO~~) In addition to the above, the FBIHQ SC reviewing the EI opening request, must also consider whether the request involves an organization or group involved in the most serious violations of federal crime or threats to national security, whether the field office requesting to open the EI is the logical Office of Origin (OO) to oversee the investigation, what impact, if any, opening the EI may have on other field offices, and whether the FBIHQ Section is best positioned to support the OO's investigative strategy and provide deconfliction guidance among affected field offices or operational programs, as appropriate.

(U//~~FOUO~~) Additional policies regarding Enterprise Investigation involving any foreign ambassador, foreign official, foreign student or exchange visitor, protected persons or premises as subjects may be found in DIOG Appendix G – Classified Provisions [No Foreign Policy Objection (NFPO)].

(U//~~FOUO~~) A Predicated Investigation, including an Enterprise Investigation, cannot be opened solely based on an FBI collection requirement.

## 8.6 (U) OPENING DOCUMENTATION, EFFECTIVE DATE, APPROVAL, NOTICE, AND FILE REVIEW

### 8.6.1 (U) OPENING DOCUMENTATION

(U//~~FOUO~~) The predication to open an Enterprise Investigation must be documented in the opening electronic communication (EC).

(U//~~FOUO~~) [REDACTED]

b7E

(U//~~FOUO~~) The appropriate approving authority (Section Chief) may grant oral authority to open an Enterprise Investigation if the standards for opening or approving an Enterprise Investigation are met. Should oral authorization to conduct an Enterprise Investigation be granted, an EC setting forth the predicated facts, as well as the identity of the approving official(s) (i.e., SC), and the date of oral authorization must be documented to the approving official(s) who granted the oral authorization as soon as practicable, but not more than five (5) business days after granting oral authorization.

(U//~~FOUO~~) *Note:* Investigative activity must not be conducted<sup>15</sup> out of [REDACTED]

### 8.6.2 (U) EFFECTIVE DATE

(U//~~FOUO~~) The effective date of the Enterprise Investigation is the date the final approval authority (i.e., SC) approves the [REDACTED]

authority, the date on which the oral approval authority was granted is the effective date. See DIOG Section 3.4.2.2.

### 8.6.3 (U) *APPROVAL REQUIREMENTS FOR OPENING AN ENTERPRISE INVESTIGATION (EI)*

#### 8.6.3.1 (U) EI OPENED BY A FIELD OFFICE

(U//~~FOUO~~) The opening of an Enterprise Investigation by an FBI field office requires the prior approval of the appropriate FBIHQ SC, as well as written notification to the United States Attorney's Office (USAO) and the Department of Justice (DOJ) as specified below.

#### 8.6.3.2 (U) EI OPENED BY FBIHQ

(U//~~FOUO~~) The opening of an Enterprise Investigation by an FBIHQ division requires the prior approval of the appropriate FBIHQ SC, as well as written notification to the appropriate field office(s), USAO and DOJ as specified below.

#### 8.6.3.3 (U) SENSITIVE INVESTIGATIVE MATTER (SIM) EI OPENED BY A FIELD OFFICE

(U//~~FOUO~~) A SIM Enterprise Investigation opened by a field office requires prior CDC review, SAC and appropriate FBIHQ SC approval, and written notification to DOJ in the form of an LHM or similar documentation within 15 calendar days following the opening.

[REDACTED]  
[REDACTED] Additionally, the field office must notify the USAO, in writing (by LHM or similar documentation), as soon as practicable, but no later than 30 calendar days after the investigation is opened. (See [REDACTED])

b7E

#### 8.6.4 (U) *NOTICE REQUIREMENTS*

(U//~~FOUO~~) FBIHQ division PGs may require specific facts to be included in a field office request to open an Enterprise Investigation. At a minimum, the request must include whether the Enterprise Investigation is a SIM.

(U//~~FOUO~~) The responsible FBIHQ section must notify the DOJ NSD or the Organized Crime and Racketeering Section (OCRS) of the opening of an Enterprise Investigation by a field office or by FBIHQ, as soon as practicable but no later than 30 calendar days after the opening of the investigation.

(U//~~FOUO~~) For Enterprise Investigations that involve groups of persons who pose a national security threat, the responsible DOJ component for the purpose of notification and reports is the NSD. For Enterprise Investigations relating to a pattern of racketeering activity that does not involve a national security threat, the responsible DOJ component is the OCRS of the Criminal Division. (AGG-Dom, Part II.C.3)

(U) The Assistant Attorney General for National Security or the Chief of the OCRS, as appropriate, may at any time request the FBI to provide a report on the status of an Enterprise Investigation, and the FBI will provide such reports as requested. (AGG-Dom, Part II C.3.d)

#### 8.6.5 (U) *FILE REVIEW*

(U//~~FOUO~~) Supervisory file reviews must be conducted at least once every 90 days in accordance with DIOG Section 3.4.4. File reviews for probationary agents must be conducted at least once every 60 days.

## 8.7 (U) AUTHORIZED INVESTIGATIVE METHODS IN AN ENTERPRISE INVESTIGATION

(U//~~FOUO~~) An Enterprise Investigation may only be opened and operated as a Full Investigation and is subject to the same requirements that apply to a Full Investigation. Therefore, the standards for opening or approving the use of investigative methods and the availability of investigative methods that may be used in an Enterprise Investigation are the same as set forth in Sections 7.8 and 7.9.

## 8.8 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM) IN ENTERPRISE INVESTIGATIONS

(U//~~FOUO~~) [REDACTED] b7E  
[REDACTED]  
[REDACTED] DIOG Section 10 contains the required approval authority and factors to be considered when determining whether to conduct or approve a Full Enterprise Investigation involving a SIM.

### 8.8.1 (U) SIM CATEGORIES IN ENTERPRISE INVESTIGATIONS

(U//~~FOUO~~) A SIM is an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), religious or domestic political organization or individual prominent in such an organization, or news media, an academic nexus, or any other matter which, in the judgment of the official authorizing an investigation, should be brought to the attention of FBIHQ and other DOJ officials. (AGG-Dom, Part VII.N). As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary. DIOG Section 10 and/or the DIOG Appendix G – Classified Provisions define [REDACTED]

Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

## 8.10 (U) STANDARDS FOR APPROVING THE CLOSING OF AN ENTERPRISE INVESTIGATION

### 8.10.1 (U) STANDARDS

(U//~~FOUO~~) At the conclusion of an Enterprise Investigation, each of the following items must be documented in the closing communication (EC and/or LHM):

- A) (U//~~FOUO~~) A summary of the results of the investigation;
- B) (U//~~FOUO~~) Whether logical and reasonable investigation was completed;
- C) (U//~~FOUO~~) Whether all investigative methods initiated have been completed and/or discontinued;
- D) (U//~~FOUO~~) Whether all leads set have been completed and/or discontinued;
- E) (U//~~FOUO~~) Whether all evidence has been returned, destroyed or retained in accordance with evidence policy; and
- F) (U//~~FOUO~~) A summary statement of the basis on which the Enterprise Investigation will be closed, and selection of the appropriate closing status:
  - 1) (U//~~FOUO~~) C-4: Administrative Closing, which includes:
    - a) (U//~~FOUO~~) No further investigation is warranted because logical investigation and/or leads have been exhausted, and the investigation to date did not identify a criminal violation or a priority threat to the national security
    - b) (U//~~FOUO~~) Investigation assigned a new file number, or
    - c) (U//~~FOUO~~) Investigation consolidated into a new file number or an existing file number.
  - 2) (U//~~FOUO~~) C-6: Other Closing, which includes:
    - a) (U//~~FOUO~~) Enterprise Investigation has been completed; or
    - b) (U//~~FOUO~~) Any other type of closing

### 8.10.2 (U) APPROVAL REQUIREMENTS TO CLOSE

(U//~~FOUO~~) The appropriate closing supervisor described below must review and approve the closing communication (as described in Section 8.10.1) to ensure it contains the above-required information and sufficient details of the investigation on which to base the decision to close the Enterprise Investigation. Although there is no limit on the duration of an Enterprise Investigation, the investigation must be closed upon all investigative activity being exhausted. The appropriate closing supervisors are:

- A) (U//~~FOUO~~) **Opened by a Field Office with FBIHQ SC Approval:** Closing an Enterprise Investigation opened by a field office requires the prior approval of the appropriate FBIHQ SC.
- B) (U//~~FOUO~~) **Opened by FBIHQ:** Closing an Enterprise Investigation opened by FBIHQ requires approval from the appropriate SC and notification to the appropriate field office.
- C) (U//~~FOUO~~) **SIM Opened by a Field Office with FBIHQ SC Approval:** Closing an Enterprise Investigation opened by a field office involving a sensitive investigative matter requires approval from the appropriate FBIHQ SC.

(U//~~FOUO~~) ***SIM Opened by FBIHQ:*** Closing an Enterprise Investigation opened by FBIHQ involving a sensitive investigative matter requires approval from the SC, and written notification to the appropriate field office.

#### 8.11 (U) OTHER PROGRAM SPECIFIC INVESTIGATIVE REQUIREMENTS

(U//~~FOUO~~) To facilitate compliance with investigative program-specific requirements, the FBI employee should consult the relevant division's PG to ascertain any program-specific requirements. No policy or PG may contradict, alter or otherwise modify the standards of the DIOG. DIOG related policy or PGs must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG Section 3.2.2 paragraphs (A), (B), (C) and (D).

## 9 (U) FOREIGN INTELLIGENCE

ALL INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED

DATE 05-09-2018 BY [REDACTED] NSICG

### 9.1 (U) OVERVIEW

(U) **Foreign Intelligence defined:** Foreign intelligence is “information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations, or foreign persons, or international terrorists.” A “Foreign Intelligence Requirement” is a collection requirement issued under the authority of the Director of National Intelligence (DNI) and accepted by the FBI Directorate of Intelligence (DI). Additionally, the President, a United States Intelligence Community (USIC) office designated by the President, the Attorney General, Deputy Attorney General, or other designated Department of Justice (DOJ) official may levy a foreign intelligence requirement on the FBI. Foreign intelligence collection by the FBI is based upon requirements.

(U//~~FOUO~~) Foreign intelligence requirements issued by one of the parties listed above and accepted by the FBI DI will fall into one of two categories: (i) those that address national security issues that are within the FBI’s core national security mission (FBI collection requirements); and (ii) information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations, foreign persons, or international terrorists which are not within the FBI’s core national security mission (PFI Collection Requirements).

(U//~~FOUO~~) Requirements which fall into the first category may correspond to FBI national collection requirements as defined in DIOG Section 5.12. FBI national collection requirements are addressed in properly authorized Assessments (See DIOG Section 5.6.3.5) or Predicated Investigations. (See the *Intelligence Program Policy Guide (IPG), 0718PG*, for specific requirements.)

(U//~~FOUO~~) Requirements which fall into the second category are known as Positive Foreign Intelligence (PFI) Collection Requirements and may only be addressed under the authorities described in this section. Type 6 Assessments opened for the purpose of determining whether a field office has the ability to collect on a PFI Collection Requirement (See DIOG Section 5.6.3.5), and Full Investigations opened for the specific purpose of collecting on PFI Collection Requirements must be predicated on an established PFI Collection Requirement that has been accepted and approved by the FBIHQ Directorate of Intelligence (DI) – Humint Operations Section (HOS), Humint Program Management Unit (HPMU) Unit Chief (UC). Preliminary Investigations for the sole purpose of collecting on PFI requirements are not authorized by the AGG-Dom. [REDACTED]

[REDACTED] A Full PFI Investigation opened for the intended purpose of collecting on PFI requirements must be approved by the HPMU UC. A Full PFI Investigation cannot be opened on oral authority.

(U//~~FOUO~~) “The general guidance of the FBI’s foreign intelligence collection activities by DNI-authorized requirements does not limit the FBI’s authority to conduct investigations supportable on the basis of its other authorities—to investigate federal crimes and threats to the national security—in areas in which the information sought also falls under the definition of foreign intelligence.” (Attorney General’s Guidelines for Domestic FBI Operations (AGG-Dom). Introduction A.3) Accordingly, the AGG-Dom authorizes the collection of foreign intelligence incidental to predicated criminal, counterintelligence, counterterrorism, cyber, and weapons of

mass destruction investigations. [REDACTED]

b7E

[REDACTED] See DIOG Sections 5.2 and 7.5.A and B.

(U//~~FOUO~~) A Full PFI Investigation can be opened based solely on a PFI Collection Requirement. The authorized purpose (the PFI Collection requirement) must exist and have been accepted by the FBI.

(U) Examples:

A) (U//~~FOUO~~) [REDACTED]

[REDACTED]

B) (U//~~FOUO~~) [REDACTED]

[REDACTED]

(U//~~FOUO~~) FBIHQ DI provides specific guidance in its IPG regarding FBI national collection requirements, FBI field office collection requirements, and PFI requirements.

## 9.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) As stated above, foreign intelligence is “information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations, or foreign persons, or international terrorists.” The collection of positive foreign intelligence extends the sphere of the FBI’s information-gathering activities beyond federal crimes and threats to the national security and permits the FBI to seek information regarding a broader range of matters relating to foreign powers, organizations, or persons that may be of interest to the conduct of the United States’ foreign affairs. (AGG-Dom. Introduction A.3)

(U//~~FOUO~~) While employees may collect positive foreign intelligence in already opened Assessments and Predicated Investigations (incidental collection), this section is focused on the policies and procedures that govern opening and managing Full Investigations for the specific purpose of collecting on PFI Collection Requirements published by the DI. DIOG Section 5.6.3.5 governs opening and managing Type 6 Assessments.

## 9.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) Because the authority to collect positive foreign intelligence pursuant to PFI Collection Requirements enables the FBI to obtain information pertinent to the United States’ conduct of its foreign affairs, even if that information is not related to criminal activity or threats to the national security, the information collected may concern lawful activities. Accordingly, **the FBI must operate openly and consensually with an US Person (USPER)**, to the extent practicable, when collecting positive foreign intelligence. (AGG-Dom, Introduction A.3)

(U) The pursuit of legitimate investigative goals without infringing upon the exercise of constitutional freedoms is a challenge that the FBI meets through the application of sound judgment and discretion.

(U) No investigative activity, including the collection of positive foreign intelligence pursuant to PFI Collection Requirements, may be taken solely on the basis of rights that are protected by the First Amendment or on the race, ethnicity, gender, national origin religion. Sexual orientation or gender identity of the subject or a combination of only those factors. In order to take action intentionally to collect positive foreign intelligence, an FBI employee must open a Full Investigation that is predicated on a PFI requirement.

(U) The AGG-Dom present investigators with a number of authorized investigative methods in the conduct of a Full Investigation to collect positive foreign intelligence. Considering the effect on the privacy and civil liberties of individuals and the potential to damage the reputation of individuals, some of these investigative methods are more intrusive than others. The least intrusive method if reasonable based upon the circumstances of the investigation is to be used, but the FBI must not hesitate to use any lawful method consistent with the AGG-Dom. For further explanation of the least intrusive method refer to DIOG Section 4.

(U) Moreover, when collecting positive foreign intelligence, as part of a Full Investigation predicated on a PFI requirement, the FBI must operate openly and consensually with an USPER, to the extent practicable.

(U) By emphasizing the use of the least intrusive means to collect positive foreign intelligence and by emphasizing the need to operate openly and consensually with an USPER, to the extent practicable, FBI employees can effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties of all people encountered as part of the collection. This principle is not intended to discourage FBI employees from seeking relevant and necessary positive foreign intelligence, but rather is intended to make sure FBI employees choose the least intrusive—but still reasonable based upon the circumstances of the investigation – from the available options to obtain the information.

(U) The Privacy Act may not exempt from disclosure information the FBI collects during Positive Foreign Intelligence Assessments and investigations to qualified U.S. citizens or lawfully admitted permanent residents when personally identifying information about such persons resides in those files. FBI employees should therefore be particularly vigilant about properly classifying any such information and avoiding unnecessary references to, and the documentation of, identifying information about U.S. citizens and lawfully admitted permanent residents in Positive Foreign Intelligence files.

#### 9.4 (U) LEGAL AUTHORITY

(U) The FBI's legal authority to collect positive foreign intelligence derives from a mixture of administrative and statutory sources. (See E.O. 12333; 50 U.S.C. §§ 3001 et seq.; 50 U.S.C. §§ 1801 et seq.; 28 U.S.C. § 532 note [incorporates the Intelligence Reform and Terrorism Protection Act, P.L. 108-458 §§ 2001-2003]). In collecting positive foreign intelligence, the FBI will be guided by collection requirements issued under the authority of the DNI, including the National Intelligence Priorities Framework and the National Human Intelligence (HUMINT) Collection Directives, or any successor directives issued under the authority of the DNI and accepted by FBIHQ DI (PFI Collection Requirements).

#### 9.4.1 (U) *FULL INVESTIGATION ACTIVITIES*

(U//~~FOUO~~) As discussed in Section 7 of the DIOG, the AGG-Dom cites three predication circumstances warranting a Full Investigation, one of which specifically applies to the collection of positive foreign intelligence: “The Full Investigation may obtain foreign intelligence that is responsive to a [positive] foreign intelligence requirement.”

(U//~~FOUO~~) A PFI investigation may only be commenced if the Office of the DNI has levied a foreign intelligence collection requirement on the FBI and the DI has accepted the requirement as one to which the FBI will endeavor to respond to as part of its PFI Program (i.e., PFI Collection Requirements). The FBI is authorized to open a Full Investigation to collect on a USIC intelligence requirement only if it has been accepted and designated by FBIHQ DI as a PFI Collection Requirement.

### 9.5 (U) *GENERAL REQUIREMENTS AND FBIHQ STANDARDS FOR APPROVING THE OPENING OF POSITIVE FOREIGN INTELLIGENCE INVESTIGATIONS*

#### 9.5.1 (U) *GENERAL REQUIREMENTS AND PROGRAM RESPONSIBILITIES*

(U//~~FOUO~~) The HOS is responsible for promulgating FBI policy and oversight of the Foreign Intelligence Collection Program (FICP). HOS, HPMU will provide notice to the DOJ NSD upon the opening of a positive foreign intelligence Full Investigation. To ensure that all positive foreign intelligence collection is focused on authorized PFI Collection Requirements, only HPMU may approve the opening of a Full Investigation [REDACTED]

b7E

[REDACTED] Field offices must request, by EC to the appropriate HPMU Unit Chief (UC) approval to open Full Investigations to collect on PFI Collection Requirements.

#### 9.5.2 (U) *STANDARDS FOR OPENING A FULL INVESTIGATION TO COLLECT POSITIVE FOREIGN INTELLIGENCE*

(U//~~FOUO~~) Before opening or approving a Full Investigation for the purpose of collecting PFI, the approving official must determine whether:

- A) (U//~~FOUO~~) The FBI DI has established an PFI Collection Requirement for opening a Full Investigation;
- B) (U//~~FOUO~~) The Full Investigation is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only such factors; and
- C) (U//~~FOUO~~) The Full Investigation is an appropriate use of personnel and financial resources.

#### 9.6.6.2 (U) FBIHQ RESPONSIBILITY

(U//~~FOUO~~) HPMU must compile data from each field office regarding the scope and nature of the prior year's PFI collection program. No later than April 1<sup>st</sup> of each year, the HOS/HPMU must submit a comprehensive report of all activity described above to DOJ NSD. The report must include the following information:

- B) (U//~~FOUO~~) All Sensitive Investigative Matters encountered; and
- C) (U//~~FOUO~~) The date all Full Investigation were opened and closed (if applicable).

### 9.7 (U) STANDARDS FOR OPENING OR APPROVING THE USE OF AN AUTHORIZED INVESTIGATIVE METHOD IN A FULL POSITIVE FOREIGN INTELLIGENCE INVESTIGATION

(U//~~FOUO~~) Prior to opening or approving the use of an investigative method in a Full Investigation for the purpose of collecting positive foreign intelligence pursuant to a PFI Collection Requirement, an FBI employee or approving official must determine whether:

- A) (U//~~FOUO~~) The use of the particular investigative method is likely to further the authorized purpose of the Full Investigation;
- B) (U//~~FOUO~~) The investigative method selected is the least intrusive method, if reasonable based upon the circumstances of the investigation and, if taken relative to an US person (USPER), the method involves open and consensual activities, to the extent practicable;
- C) (U//~~FOUO~~) Open and consensual activity would likely be successful (if it would, covert non-consensual contact with an USPER may not be approved); and

- D) (U//~~FOUO~~) The investigative method is an appropriate use of personnel and financial resources.

## 9.8 (U) AUTHORIZED INVESTIGATIVE METHODS IN A FULL POSITIVE FOREIGN INTELLIGENCE INVESTIGATION

(U//~~FOUO~~) Prior to opening or approving the use of an investigative method, an FBI employee and approving official must apply the standards as provided in DIOG Section 9.7. With the exceptions noted below, all lawful methods may be used during a Full Investigation to collect positive foreign intelligence pursuant to PFI Collection Requirements. If actions are to be taken with respect to an USPER, the method used must be open and consensual, to the extent practicable.

(U) See DIOG Section 18 for a complete description of the following methods that may be used in Full PFI Investigations. The methods are:

- A) (U) Public information. (See Section 18.5.1)
- B) (U) Records or information - FBI and DOJ. (See Section 18.5.2)
- C) (U) Records or information - Other federal, state, local, tribal, or foreign government agency. (See Section 18.5.3)

- P) (U) Electronic surveillance using FISA or E.O. 12333. (See Section 18.7.3)
- Q) (U//~~FOUO~~) Searches – with a warrant or court order using FISA or E.O. 12333 § 2.5. The DIOG classified Appendix G provides additional information regarding certain searches. (AGG-Dom, Part V.A.12) (See Section 18.7.1)

## 9.9 (U) INVESTIGATIVE METHODS NOT AUTHORIZED DURING A FULL POSITIVE FOREIGN INTELLIGENCE INVESTIGATION

(U//~~FOUO~~) The following investigative methods are not permitted to be used for the purpose of collecting positive foreign intelligence pursuant to PFI Collection Requirements:

- A) (U//~~FOUO~~) National Security Letters (15 U.S.C. §§ 1681u, 1681v; 18 U.S.C. § 2709; 12 U.S.C. § 3411(a)(5)(A); 50 U.S.C. § 3162). (Section 18.6.6)

## 9.10 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM) IN A FULL POSITIVE FOREIGN INTELLIGENCE INVESTIGATION

(U//~~FOUO~~) The title/caption of the opening or subsequent EC for a Full Investigation for the collection of PFI involving a SIM must contain the words “Sensitive Investigative Matter.” DIOG Section 10 contains the required approval authorities and factors to be considered relative to a Predicated Investigation involving a SIM.

### 9.10.1 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM)

(U//~~FOUO~~) A SIM is an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), religious or domestic political organization or individual prominent in such an organization, or news media, an academic nexus, or any other matter which, in the judgment of the official authorizing an investigation, should be brought to the attention of FBIHQ and other DOJ

officials. (AGG-Dom, Part VII.N.) As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary. DIOG Section 10 and/or the classified provisions in DIOG Appendix G define domestic public official, political candidate, religious or political organization or individual prominent in such an organization, and news media.

(U//~~FOUO~~) All Full PFI Investigations involving a SIM must be reviewed by the CDC/OGC, approved by the SAC and the FIMS SC.

### 9.10.2 (U) ACADEMIC NEXUS

(U//~~FOUO~~) [REDACTED]

b7E

A) (U//~~FOUO~~) [REDACTED]

B) (U//~~FOUO~~) [REDACTED]

(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (e.g., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

(U//~~FOUO~~) [REDACTED] DIOG  
Appendix G [REDACTED]

## 9.11 (U) RETENTION OF INFORMATION

(U//~~FOUO~~) FIMS must maintain a database or records systems that permits the prompt retrieval of the status of each positive foreign intelligence collection Full Investigation (open or closed), the dates of opening and closing, and the basis for the Full Investigation.

## 9.12 (U//~~FOUO~~) STANDARDS FOR APPROVING THE CLOSING OF A FULL POSITIVE FOREIGN INTELLIGENCE INVESTIGATION

### 9.12.1 (U) STANDARDS

(U//~~FOUO~~) At the conclusion of a Full positive foreign intelligence Investigation, each of the following items must be documented in the closing communication (EC and/or LHM):

- A) (U//~~FOUO~~) A summary of the results of the investigation;
- B) (U//~~FOUO~~) Whether logical and reasonable investigation was completed (i.e. the matter acquired the positive foreign intelligence information sought);
- C) (U//~~FOUO~~) Whether all investigative methods initiated have been completed and/or discontinued;
- D) (U//~~FOUO~~) Whether all leads set have been completed and/or discontinued;

- E) (U//~~FOUO~~) Whether all evidence has been returned, destroyed or retained in accordance with evidence policy; and
- F) (U//~~FOUO~~) A summary statement of the basis on which the foreign intelligence investigation will be closed, and the selection of C-4 for Administrative Closing, which includes:
  - 1) (U//~~FOUO~~) No further investigation is warranted and/or leads have been exhausted;
  - 2) (U//~~FOUO~~) Investigation assigned a new file number; or
  - 3) (U//~~FOUO~~) Investigation consolidated into a new file number or an existing file number.

### 9.12.2 (U) **APPROVAL REQUIREMENTS**

(U//~~FOUO~~) The appropriate closing supervisor described below must review and approve the closing communication (as described in Section 9.12.1) to ensure it contains the above-required information and sufficient details of the investigation on which to base a decision to close the foreign intelligence investigation. The appropriate closing supervisors are:

#### 9.12.2.1 (U) **OPENED BY A FIELD OFFICE WITH FBIHQ APPROVAL**

(U//~~FOUO~~) Closing a Full PFI Investigation opened by a field office requires a written request from the FIG SSA and the approval of the HPMU UC.

#### 9.12.2.2 (U) **OPENED BY FBIHQ**

(U//~~FOUO~~) Closing a Full PFI Investigation opened by FBIHQ requires approval from the HPMU UC and notification to the appropriate field office.

#### 9.12.2.3 (U) **SIM OPENED BY A FIELD OFFICE WITH FBIHQ APPROVAL**

(U//~~FOUO~~) Closing a PFI Full Investigation opened by a field office involving a SIM requires approval from the SAC and the HOS SC.

#### 9.12.2.4 (U) **SIM OPENED BY FBIHQ**

(U//~~FOUO~~) Closing a PFI Full Investigation opened by FBIHQ involving a SIM requires approval from the HOS SC, and written notification to the appropriate field office.

### 9.13 (U) **OTHER PROGRAM SPECIFIC INVESTIGATION REQUIREMENTS**

(U//~~FOUO~~) To facilitate compliance with investigative program-specific requirements, the FBI employee should consult the relevant division's PG to ascertain any program-specific requirements. No policy or PG may contradict, alter or otherwise modify the standards of the DIOG. DIOG related policy or PGs must adhere to the standards, requirements and procedures established by the DIOG. Requests for DIOG modifications can be made to the Internal Policy Office (IPO) pursuant to DIOG Section 3.2.2 paragraphs (A), (B), (C) and (D).

## 10 (U//~~FOUO~~) SENSITIVE INVESTIGATIVE MATTER (SIM) AND SENSITIVE OPERATIONS REVIEW COMMITTEE (SORC)

---

### 10.1 (U) SENSITIVE INVESTIGATIVE MATTERS (SIM)

#### 10.1.1 (U) OVERVIEW

(U) Certain investigative matters should be brought to the attention of FBI management and Department of Justice (DOJ) officials because of the possibility of public notoriety and sensitivity. Accordingly, Assessments and Predicated Investigations involving “sensitive investigative matters” have special approval and reporting requirements.

#### 10.1.2 (U) PURPOSE, SCOPE, AND DEFINITIONS

##### 10.1.2.1 (U) DEFINITION OF SENSITIVE INVESTIGATIVE MATTERS (SIM)

(U//~~FOUO~~) A sensitive investigative matter (SIM) is defined as an investigative matter involving the activities of a domestic public official or domestic political candidate (involving corruption or a threat to the national security), a religious or domestic political organization or individual prominent in such an organization, or the news media; an investigative matter having an academic nexus; or any other matter which, in the judgment of the official authorizing the investigation, should be brought to the attention of FBI Headquarters (FBIHQ) and other DOJ officials. (Attorney General’s Guidelines for Domestic FBI Operations (AGG-Dom), Part VII.N.) As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary.

(U//~~FOUO~~) The phrase “*investigative matter involving the activities of*” is intended to focus on the behaviors and/or activities of the subject, target, or subject matter of the Assessment or Predicated Investigation. The phrase is generally not intended to include a witness or victim in the Assessment or Predicated Investigation. This definition does not, however, prohibit a determination that the status, involvement, or impact on a particular witness or victim would make the Assessment or Predicated Investigation a SIM under subsection 10.1.2.2.7 below.

##### 10.1.2.2 (U) DEFINITIONS/DESCRIPTIONS OF SIM OFFICIALS AND ENTITIES

(U) Descriptions for each of the officials and entities contained in the SIM definition are as follows:

###### 10.1.2.2.1 (U) DOMESTIC PUBLIC OFFICIAL

(U//~~FOUO~~) A domestic public official is an elected official or an appointed official serving in a judicial, legislative, management, or executive-level position in a Federal, state, local, or tribal government entity or political subdivision thereof. A matter involving a domestic public official is a SIM if the Assessment or Predicated Investigation involves corruption or a threat to the national security.

(U//~~FOUO~~) This definition is intended to exclude lower level positions and most line positions, such as a patrol officer or office secretary from the SIM category, but it does

include supervisory personnel (e.g., police Sergeant or Lieutenant). The SIM definition also eliminates the “position of trust” language.

10.1.2.2.2 **(U) DOMESTIC POLITICAL CANDIDATE**

(U//~~FOUO~~) A domestic political candidate is an individual who is seeking election to, or nomination for election to, or who has authorized others to explore on his or her behalf the possibility of election to an office in a federal, state, local or tribal governmental entity or political subdivision thereof. As with domestic public officials, a matter involving a political candidate is a SIM if the Assessment or Predicated Investigation involves corruption or a threat to the national security.

10.1.2.2.3 **(U) DOMESTIC POLITICAL ORGANIZATION OR INDIVIDUAL PROMINENT IN SUCH AN ORGANIZATION**

(U//~~FOUO~~)

b7E

10.1.2.2.4 **(U) RELIGIOUS ORGANIZATION OR INDIVIDUAL PROMINENT IN SUCH AN ORGANIZATION**

(U//~~FOUO~~)

10.1.2.2.5 **(U) MEMBER OF THE NEWS MEDIA OR A NEWS ORGANIZATION**

(U//~~FOUO~~)

(U//~~FOUO~~)

(U//~~FOUO~~) Examples of news media entities include television or radio stations broadcasting to the public at large and publishers of newspapers or periodicals that make their products available to the public at large in print form or through an Internet distribution. A freelance journalist may be considered to be a member of the media if the journalist has a contract with

the news entity or has a history of publishing content. Publishing a newsletter or operating a website does not by itself qualify an individual as a member of the media. Businesses, law firms, and trade associations offer newsletters or have websites; these are not considered news media. As the term is used in the DIOG, “news media” is not intended to include persons and entities that simply make information available. Instead, it is intended to apply to a person or entity that gathers information of potential interest to a segment of the general public, uses editorial skills to turn raw materials into a distinct work, and distributes that work to an audience, as journalism professional.

(U//~~FOUO~~) If there is doubt about whether a particular person or entity should be considered part of the “news media,” the doubt should be resolved in favor of considering the person or entity to be the “news media.”

(U//~~FOUO~~) See *DIOG Appendix G - Classified Provisions* for additional guidance on SIMs.

#### 10.1.2.2.6 (U) **ACADEMIC NEXUS**

(U//~~FOUO~~) [REDACTED]

b7E

A) (U//~~FOUO~~) [REDACTED]

B) (U//~~FOUO~~) [REDACTED]

(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (i.e., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.

(U//~~FOUO~~) [REDACTED]

#### 10.1.2.2.7 (U) **OTHER MATTERS**

(U//~~FOUO~~) Any matter that in the judgment of the official authorizing an investigation should be brought to the attention of FBIHQ and other DOJ officials is also a SIM. As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary.

### 10.1.3 (U) **FACTORS TO CONSIDER WHEN OPENING OR APPROVING AN INVESTIGATIVE ACTIVITY INVOLVING A SIM**

(U//~~FOUO~~) In addition to the standards for approving investigative activity in Sections 5, 6, 7, 8 and 9, the following factors should be considered by (i) the FBI employee who seeks to open an Assessment or Predicated Investigation involving a SIM, as well as by the (ii) Chief Division Counsel (CDC) or Office of the General Counsel (OGC) when reviewing such matters, and (iii)

the approving official when determining whether the Assessment or Predicated Investigation involving a SIM should be authorized:

- A) (U//~~FOUO~~) Seriousness/severity of the violation/threat;
- B) (U//~~FOUO~~) Significance of the information sought to the violation/threat;
- C) (U//~~FOUO~~) Probability that the proposed course of action will be successful;
- D) (U//~~FOUO~~) Risk of public exposure, and if there is such a risk, the adverse impact or the perception of the adverse impact on civil liberties and public confidence; and
- E) (U//~~FOUO~~) Risk to the national security or the public welfare if the proposed course of action is not approved (i.e., risk of doing nothing).

(U//~~FOUO~~) In the context of a SIM, particular care should be taken when considering whether the planned course of action is the least intrusive method if reasonable based upon the circumstances of the investigation.

**10.1.4 (U) OPENING DOCUMENTATION, APPROVAL, NOTICE, CHANGE IN SIM STATUS, AND SENSITIVE POTENTIAL CHS OR SENSITIVE CHARACTERISTIC DESIGNATIONS IN TYPE 5 ASSESSMENTS**

(U//~~FOUO~~)

[REDACTED]

b7E

[REDACTED] if a sensitive characteristic is an aspect being used to identify individuals during the Identification Phase. See DIOG Sections 5.6.3.4.4.1 and 5.7 for guidance on “Sensitive PCHS” and “Sensitive Characteristic” designations.

(U//~~FOUO~~) The following are required approval and notification levels for investigative activities involving SIMs:

**10.1.4.1 (U) REVIEW AND APPROVAL OF SIM ASSESSMENTS BY A FIELD OFFICE**

**10.1.4.1.1 (U) TYPE 1 & 2 ASSESSMENTS**

(U//~~FOUO~~) An FBI employee may open a Type 1 & 2 Assessment, as described in Section 5.6.3.1, without prior supervisory approval. A Type 1 & 2 Assessment involving a SIM must be reviewed by the CDC and approved by the Special Agent-in-Charge (SAC) as soon as practicable, but no later than five (5) business days after the opening to authorize the Assessment to continue.

10.1.4.1.2 (U) **TYPE 3 AND 4 ASSESSMENTS**

(U//~~FOUO~~) An FBI employee must obtain the following review and approval to open a Type 3 and 4 Assessment as a SIM: CDC review and SAC approval. If a SIM arises after the opening of a Type 3 or 4 Assessment, the Assessment may continue, but the matter must be reviewed by the CDC and approved by the SAC as soon as practicable, but no later than five (5) business days after the SIM arises to authorize the Assessment to continue. (See DIOG Sections 5.6.3.2.4 and 5.6.3.3.4.)

10.1.4.1.3 (U) **TYPE 5 ASSESSMENTS**

(U//~~FOUO~~) An FBI employee must obtain CDC review and the SAC's prior approval to open a Type 5 Assessment on a sensitive potential confidential human source (CHS) in the evaluation/recruitment phase, or if a sensitive characteristic is being used as an aspect to identify individuals in the identification phase. If it is determined after the opening of a Type 5 Assessment that the individual is a sensitive PCHS, the Assessment may continue, but the matter must be approved by the SAC as soon as practicable, but no later than five (5) business days after this determination is made to authorize the Assessment to continue.

(U//~~FOUO~~) See DIOG Sections 5.6.3.4.4.1 and 5.7 for guidance on captioning Type 5 Assessments involving a "Sensitive PCHS" or Sensitive Characteristic."

10.1.4.1.4 (U) **TYPE 6 ASSESSMENTS**

(U//~~FOUO~~) An FBI employee must obtain the following review and approval to open a Type 6 Assessment as a SIM: CDC review, SAC approval, and HUMINT Operations Section (HOS) Section Chief (SC) approval. If the SIM arises after the opening of a Type 6 Assessment, the Assessment may continue, but the matter must be reviewed by the CDC and approved by the SAC and HOS SC as soon as practicable, but no later than five (5) business days after the SIM arises to authorize the Assessment to continue. (See DIOG Section 5.6.3.5.4)

10.1.5 (U) **DISTINCTION BETWEEN SIM AND SENSITIVE CIRCUMSTANCE IN UNDERCOVER OPERATIONS**

(U//~~FOUO~~) The term “sensitive investigative matter,” as used in the DIOG, should not be confused with the term “sensitive circumstance,” as that term is used in undercover operations. “Sensitive circumstance” relates to an undercover operation requiring FBIHQ approval. A comprehensive list of sensitive circumstances for criminal activities is contained in the Attorney General’s Guidelines on FBI Undercover Operations and in Section 18 of the DIOG. The Criminal Undercover Operations Review Committee (CUORC) and the [redacted] must review and approve undercover operations that involve sensitive circumstances. The policy for undercover operations is described in DIOG Section 18.6.13, the Undercover and Sensitive Operations Policy Guide (USOPG), 0432PG, National Security Undercover Operations Policy Guide (NSUCOPG), 0307PG, and the FBIHQ operational division program implementation guides.

10.1.6 (U) **DISTINCTION BETWEEN SIM AND SENSITIVE UNDISCLOSED PARTICIPATION**

(U//~~FOUO~~) The term “sensitive investigative matter,” as used in the DIOG, should not be confused with “sensitive UDP (undisclosed participation).” The rules regarding “sensitive investigative matter” and “sensitive UDP” (see DIOG Section 16.2.3.5), while similar, must be applied independently. The SIM designation applies to the overall investigation of which FBI and DOJ officials should be aware due to potential public notoriety and sensitivity. Sensitive UDP, on the other hand, applies to participation by employees or CHSs in lawful organizations that are designated as sensitive. Sensitive UDP can occur in either SIM or non-SIM designated investigations because sensitive UDP focuses on the activity (UDP) - not on the type of investigation in which it is taking place. Certain investigative or intelligence activity, particularly in situations involving academic institutions or student groups, may be covered by one or both these rules. The following scenarios demonstrate how these policies are to be applied:

## 11 (U) LIAISON ACTIVITIES AND TRIPWIRES

### 11.1 (U) OVERVIEW

(U//~~FOUO~~) FBI employees are encouraged to engage in liaison with the general public, private entities, and with local, state, federal, tribal, and foreign government agencies for the purpose of building partnerships. As part of our liaison, community outreach, or investigative/intelligence mission, FBI employees may also establish tripwires with public entities, private entities, and other governmental agencies. Liaison and tripwire activities or initiatives are mutually beneficial for the FBI and the public not only because they help build cooperative relationships and educate about suspicious activities or potential threats, but also because they encourage the public to contact the FBI should they become aware of such suspicious activities or threats.

### 11.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) The FBI is authorized to engage in liaison and tripwire activities. The procedures for liaison and setting tripwires, together with documentation and requirements for an Assessment or Predicated Investigation, are set forth below.

### 11.3 (U) APPROVAL REQUIREMENTS FOR LIAISON AND TRIPWIRES

(U//~~FOUO~~) Conducting liaison and tripwire activities or initiatives do not require approval or the opening of an Assessment or Predicated Investigation unless they use an investigative method set forth in DIOG Sections 18.5 – 18.7. Liaison and tripwire activities or initiatives may be conducted as part of an already-opened Assessment or Predicated Investigation.

#### 11.3.1 (U) SCENARIO 1

(U//~~FOUO~~) An FBI employee makes contact with a chemical supply company to introduce himself/herself and educate the owner about the Bureau's investigative focus on the illegal use of precursor chemicals to make improvised explosive devices. The employee advises the owner to contact the FBI if he/she observes any unusual or suspicious purchases of certain precursor chemicals.

(U//~~FOUO~~) Response: Such a contact would not require approval or the opening of an Assessment or Predicated Investigation because no investigative methods are used to conduct this activity.

#### 11.3.2 (U) SCENARIO 2

(U//~~FOUO~~) [REDACTED]

b7E

(U//~~FOUO~~) [REDACTED]

#### 11.4 (U) DOCUMENTATION & RECORDS RETENTION REQUIREMENTS

(U//~~FOUO~~) The terms “liaison” and “tripwire” have been defined in various ways and may differ by FBIHQ division, program, or field office. Not every contact with a member of the public will be considered liaison or tripwire activity that needs to be documented. As stated above, employees are encouraged to engage and converse with the public as part of their routine FBI investigative and intelligence mission.

(U//~~FOUO~~) Often, however, these terms are used and/or defined in a formal policy or EC to accomplish a particular investigative or intelligence objective. When an employee is directed by a supervisor, FBI policy, or a FBIHQ division to establish a liaison relationship or through an overarching tripwire initiative, acquire information or intelligence from a tripwire, that directive, as well as the actions taken by the employee, must be documented. If an employee on his or her own initiative contacts a member of the public and subsequently determines the contact was a liaison or tripwire activity, the contact must be documented using the FD-999. Any questions regarding whether the employee’s contact with the public should be documented as liaison or tripwire activities should be directed to the employee’s supervisor. The intent of this section is to ensure that contacts with the public which are considered to be liaison or tripwire activities be documented with the FD-999 into a single database system for tracking and reporting purposes.

(U//~~FOUO~~) When the FD-999 is used to document liaison or tripwire activities, the FD-999 must be filed pursuant to either A or B below and must be serialized [redacted] after the activity has occurred:

b7E

- A) (U//~~FOUO~~) **No Investigative Methods Used:** If no investigative methods (DIOG Sections 18.5 - 18.7) are used in the liaison activity or tripwire, the FD-999 may be serialized into an investigative file, intelligence file, control file, or into case number 319X-HQ-A1487718-[Division sub-file name].
- B) (U//~~FOUO~~) **Investigative Methods Used:** If investigative methods (DIOG Sections 18.5-18.7) are used in the liaison activity or tripwire, the FD-999 must also be serialized in one of the following:
- 1) (U//~~FOUO~~) an Assessment file;
  - 2) (U//~~FOUO~~) a Predicated Investigation file;
  - 3) (U//~~FOUO~~) a domestic police cooperation file (343 classification);
  - 4) (U//~~FOUO~~) a foreign police cooperation file (163 classification); or
  - 5) (U//~~FOUO~~) a technical assistance control file (if only technical assistance is provided).

§12

## 12 (U) ASSISTANCE TO OTHER AGENCIES

---

### 12.1 (U) OVERVIEW

(U//~~FOUO~~) Part II of the Attorney General's Guidelines for Domestic FBI Operations (AGG-Dom) authorizes the FBI to conduct investigations in order to detect or obtain information about, and prevent and protect against, federal crimes and threats to the national security and to collect foreign intelligence. (See DIOG Section 2.) Section 12 does not apply to assistance the FBI may provide to other agencies while conducting joint investigations. In such instances, other sections of the DIOG dealing with Assessments and Predicated Investigations would apply.

(U//~~FOUO~~) Section 12 specifically addresses those situations in which the FBI has been requested or is seeking to provide assistance to other agencies and does not have an open substantive Assessment or Predicated Investigation (*Note:* file classifications related to providing assistance using the 343 or 163 file classification series fall within the scope of this Section). Part III of the AGG-Dom, Assistance to Other Agencies, authorizes the FBI to provide investigative assistance to other federal, state, local or tribal, or foreign agencies when the investigation has the same objectives as Part II of the AGG-Dom or when the investigative assistance is otherwise legally authorized. Accordingly, FBI employees may provide assistance even if it is not for one of the purposes identified as grounds for an FBI investigation or Assessment if providing the assistance is otherwise authorized by law. For example, investigative assistance is legally authorized in certain contexts to state or local agencies in the investigation of crimes under state or local law, as provided in 28 U.S.C. § 530C(b)(1)(M)(i)—violent acts and shootings occurring in a “place of public use;” 28 U.S.C. § 540—felonious killing of state and local law enforcement officer; 28 U.S.C. § 540A—violent crime against travelers; 28 U.S.C. § 540B—serial killings, and to foreign agencies in the investigation of foreign law violations pursuant to international agreements. The FBI may use appropriate lawful methods in any authorized investigative assistance activity.

### 12.2 (U) PURPOSE AND SCOPE

(U) The FBI may provide investigative and technical assistance to other agencies as set forth below.

#### 12.2.1 (U) INVESTIGATIVE ASSISTANCE

(U) The AGG-Dom permits FBI personnel to provide investigative assistance to:

- A) (U) Authorized intelligence activities of other United States Intelligence Community (USIC) agencies;
- B) (U) Any federal agency in the investigation of federal crimes, threats to the national security, foreign intelligence collection, or any other purpose that may be lawfully authorized;
- C) (U) Assist the President in determining whether to use the armed forces pursuant to 10 U.S.C. §§ 331-33, when authorized by Department of Justice (DOJ), as described in Section 12.3.2.2.1.1, below;
- D) (U) Collect information necessary to facilitate public demonstrations and to protect the exercise of First Amendment rights and ensure public health and safety, when authorized by DOJ and done in accordance with the restrictions described in Section 12.3.2.2.1.2, below;

- E) (U) State or local agencies in the investigation of crimes under state or local law when authorized by federal law (e.g., 28 U.S.C. §§ 540—felonious killing of state and local law enforcement officer; 540A—violent crime against travelers; 540B—serial killings);
- F) (U) State, local, or tribal agencies in the investigation of matters that may involve federal crimes or threats to national security, or for such other purposes as may be legally authorized;
- G) (U) Foreign agencies in the investigations of foreign law violations pursuant to international agreements, and as otherwise set forth below, consistent with the interests of the United States (including national security interests) and with due consideration of the effect on any US Person (USPER); and
- H) (U) The Attorney General has also authorized the FBI to provide law enforcement assistance to state or local law enforcement agencies when such assistance is requested by the governor of the state pursuant to 42 U.S.C. § 10501 (for example, federal law enforcement assistance following Hurricane Katrina). The Attorney General must approve any request for assistance under 42 U.S.C. § 10501.

(U) The procedures for providing investigative assistance, together with the standards, approval, notification, documentation, and dissemination requirements are set forth in Sections 12.3, 12.5, and 12.6 below.

#### **12.2.2 (U) TECHNICAL ASSISTANCE**

(U) The FBI is authorized to provide technical assistance to all duly constituted law enforcement agencies, other organizational units of the DOJ, and other federal agencies and to foreign governments (to the extent not prohibited by law or regulation). The procedures for providing technical assistance, together with the approval, notification, documentation, and dissemination requirements are set forth in Sections 12.4, 12.5 and 12.6 below.

### **12.3 (U) INVESTIGATIVE ASSISTANCE TO OTHER AGENCIES - STANDARDS, APPROVALS AND NOTICE REQUIREMENTS**

(U) The FBI may provide investigative assistance to other agencies by participating in joint operations and investigative activities with such agencies. (AGG-Dom, Part III.E.1)

(U//~~FOUO~~) Dissemination of information to other agencies must be consistent with Director of National Intelligence (DNI) directives, the AGG-Dom, DIOG Section 14, FBI Foreign Dissemination Manual, the Privacy Act of 1974, and any applicable memoranda of understanding/agreement (MOU/MOA), laws, treaties or other policies. (See Sections 12.5 and 12.6 below for documentation and dissemination of information requirements.)

#### **12.3.1 (U) STANDARDS FOR PROVIDING INVESTIGATIVE ASSISTANCE TO OTHER AGENCIES**

(U//~~FOUO~~) The determination whether to provide FBI assistance to other agencies is discretionary but may only occur if:

- A) (U//~~FOUO~~) The assistance is within the scope authorized by the AGG-Dom, federal laws, regulations, or other legal authorities;
- B) (U//~~FOUO~~) The investigation being assisted is not based solely on the exercise of First Amendment rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject or a combination of only these factors; and

- C) (U//~~FOUO~~) The assistance is an appropriate use of FBI personnel and financial resources.

12.3.2.3 (U) **INVESTIGATIVE ASSISTANCE TO STATE, LOCAL, AND TRIBAL AGENCIES**

(U) The FBI's authority to provide investigative assistance to state, local, and tribal law enforcement agencies has been addressed in several legal opinions by DOJ's Office of Legal Counsel (OLC). OLC's formal legal opinions are binding on the FBI and the policies herein thus conform to their written opinions.

(U) The FBI has substantial authority to assist our domestic law enforcement partners in their investigations given the broad range of federal offenses that may be investigated by the FBI.

[Redacted] This authority was greatly augmented by enactment of the  
Investigative Assistance for Violent Crimes Act of 2012 (discussed in paragraph B below).

(U) The FBI may provide investigative assistance to state, local, and tribal agencies only in the circumstances described below.<sup>19</sup>

- A) (U) ***Investigations Involving Possible Violations of Federal Law:*** The FBI is authorized to assist state, local and tribal agencies in the investigation of any matter that may involve federal crimes or threats to the national security, except where federal law exclusively assigns investigative responsibility to another federal agency. See DIOG Section 2.2.1 above. The authority to provide such assistance flows from the statutes and regulations that establish the FBI's jurisdiction.

(U) Thus, so long as the FBI's federal jurisdictional requirement is fulfilled, the fact that violations of state law are also present, or that local authorities are also involved in the investigation, is irrelevant. When the FBI assists state, local, or tribal authorities in the course of a federal investigation, the FBI's investigative efforts (*e.g.*, witness interviews, or execution of search or arrest warrants)

Of course, there will often be substantial or even complete overlap between the two investigations.

(U) Investigations involving possible violations of state or local law will often involve possible violations of federal law as well, permitting the FBI to open an assessment or predicated investigation, as appropriate, and provide investigative assistance to state and local authorities. Narcotics, carjacking, terrorism, and WMD offenses generally provide a basis for FBI assistance, as such violations almost invariably violate federal law. Other frequently encountered examples include the following:

- 1) (U) Shootings and other crimes committed with firearms may involve violations of the federal gun laws, *e.g.*, 18 U.S.C. §§ 922(a)(3)-(4) (transportation across state lines), 922(g) (possession by felons, fugitives, illegal aliens, and others); and 922(q) (possession in, on the grounds of, or within 1,000 feet of a school).
- 2) (U) Assaults and other acts of violence resulting in death or bodily injury may constitute hate crimes under 18 U.S.C. § 249, or otherwise violate the federal civil rights laws, *e.g.*, 18 U.S.C. § 245(b) (interference with federally protected activities).
- 3) (U) Armed robberies and threats of physical violence that affect commerce or the movement of articles in commerce may involve violations of the Hobbs Act, 18 U.S.C. § 1951.
- 4) (U) Murder and certain other state law crimes, when committed in aid of a racketeering enterprise or as part of a pattern of racketeering activity, may implicate 18 U.S.C. § 1959 (violent crimes in aid of racketeering activity) or 18 U.S.C. § 1961-1963 (RICO).

<sup>19</sup> (U) This section addresses the FBI's authority to provide investigative assistance. For discussion of FBI agents' authority to make warrantless arrests for non-federal felonies and violent misdemeanors committed in their presence, see Section 19.3.3 below.

- 5) (U) Sex crimes against children that affect commerce or involve cross-border transportation or travel may violate the federal sex trafficking statute, 18 U.S.C. § 1591, or other federal laws protecting children against sexual exploitation and abuse, e.g., 18 U.S.C. §§ 2241(c), 2251-2252A, 2423, and 2425.
  - 6) (U) Kidnappings violate 18 U.S.C. § 1201(a)(1) if they involve cross-border transportation or travel, and federal jurisdiction is presumed to exist 24 hours after the abduction (although the FBI may initiate an investigation sooner where there is some reasonable indication that a violation of 18 U.S.C. § 1201(a)(1) has been, or is being, committed). See 18 U.S.C. § 1201(b).
  - 7) (U) Hostage taking may violate 18 U.S.C. § 1203(a) where there is reason to believe that one of the offenders or victims is a foreign national, or demands are made upon the U.S. Government. See 18 U.S.C. § 1203(b)(2).
  - 8) (U) Transporting stolen vehicles and other stolen goods across state lines may violate 18 U.S.C. §§ 2311-2323.
  - 9) (U) FBI agents are authorized to investigate state law fugitives when there is a reasonable basis to believe that doing so will detect or prevent the commission of any federal crime, including violations of the Fugitive Felons Act (FFA), 18 U.S.C. § 1073. The FFA makes it a federal crime to move in interstate or foreign commerce with intent to avoid prosecution or confinement after conviction in connection with a state felony. FBI agents have authority to pursue and arrest fugitives who, in evading arrest, manifest an intent to cross state lines (as for example, by traveling on an interstate highway or purchasing a bus or airplane ticket to another state), even if they have not yet been detected crossing state lines.
  - 10) (U) Conspiracies to commit these and other federal offenses may violate 18 U.S.C. § 371.
- (U) The FBI may continue to assist state, local and tribal authorities as long as there remains a reasonable expectation that the investigation could lead to evidence of violations of federal law.
-

- B) (U) ***Investigations of Certain Non-Federal Violations:*** At the request of an appropriate state or local law enforcement official,<sup>20</sup> the FBI is authorized by federal statute to assist in the investigation of the following crimes:
- 1) (U) Violent acts and shootings occurring in a place of public use. “Place of public use” is defined broadly as “those parts of any building, land, street, waterway, or other location that are accessible or open to members of the public, whether continuously, periodically, or occasionally,” and expressly encompasses “any commercial, business, cultural, historical, educational, religious, governmental, entertainment, recreational, or similar place that is so accessible or open to the public.” See Investigative Assistance for Violent Crimes Act of 2012, Pub. Law 112-265 (to be codified at 28 U.S.C. 530C(b)(1)(M)(i)) and A.G. Order

<sup>20</sup> (U) The authorities described in paragraph B of Section 12.3.2.3 address requests for assistance by state and local officials only. Other federal law permits the FBI to conduct or assist in investigations in Indian Country. See 18 U.S.C. § 1152 (Assimilative Crimes Act) and § 1153 (Major Crimes Act); *Indian Country Policy Guide, 0321PG*.

3365-2013. Investigative Assistance provided under this authority must utilize file classification 356E.

- 2) (U) Mass killings: defined as three or more killings in a single incident and attempted mass killings. See Investigative Assistance for Violent Crimes Act of 2012, Pub. Law 112-265 (to be codified at 28 U.S.C. 530C(b)(1)(M)(i)) and A.G. Order 3365-2013.
- 3) (U) Serial killings: defined as a series of three or more killings having common characteristics. See 28 U.S.C. § 540B.
- 4) (U) Felony killings of state and local law enforcement officers. See 28 U.S.C. § 540.
- 5) (U) Felony crimes of violence against travelers: “travelers” is defined as victims who do not reside in the State where the crime occurred. See 28 U.S.C. § 540A.

(U) Prior to conducting any investigative activity under the authority of one of the above listed federal statutes, a Predicated Investigation must be opened. An applicable PG can provide additional guidance on procedures to follow. Investigative Assistance provided under 12.3.2.3.B.1 (violent acts and shootings occurring in a place of public use) above, must utilize file classification 356E to document all activities associated with the investigative assistance.

(U) FBI personnel providing assistance under the authority of one of these federal statutes may participate in the execution of state-issued process (following whatever FBI approval process is required for such participation) [REDACTED]

See

Section 19.3.3 below.

- C) (U) **Crime Emergencies and Major Disasters:** The FBI may provide certain law enforcement assistance to states when acting pursuant to the following limited emergency authorities.
  - 1) (U) **Crime Emergencies:** Under the Emergency Federal Law Enforcement Assistance provisions of the Justice Assistance Act of 1984, 42 U.S.C. § 10501 *et seq.* (“EFLEA”), the Attorney General may provide federal law enforcement assistance at the request of a Governor of a state during a law enforcement emergency, when state and local resources are insufficient to maintain public safety and security. Such assistance may include funds, equipment, training, intelligence information, and personnel. 42 U.S.C. § 10502(1).
  - 2) (U) **Major Disasters:** Under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5208 (“Stafford Act”), the President may direct federal personnel, including federal law enforcement officers, to undertake various activities in support of state and local authorities in the event of any “major disaster.”

(U) Where the Attorney General directs federal officers to assist in the enforcement of state criminal law pursuant to the EFLEA, or federal officers are properly carrying out disaster relief in a local community pursuant to a Stafford Act deployment, they should, if possible, be deputized under state law to act as state peace officers. Order 12333 § 2.6(c), provided that such assistance is either approved by the FBI GC or in accordance with written guidelines approved by the FBI GC. See *id.*; A.G. Order No. 2954-2008. Thus, even when the FBI lacks any other basis of authority, FBI expert personnel may respond to requests for expert assistance by local authorities in situations involving the safety of human life. - 2) (U) The CDC, who is encouraged to consult with the FBI GC or attorneys in the Investigative Law Unit, OGC (ILU), has reviewed the request and concluded and documented that providing the requested assistance is consistent with this policy and does not create a significant risk of civil liability to the FBI or the individual employee. If the CDC assesses that the assistance will create a substantial risk of civil liability, the CDC must consult with OGC.
- 3) (U) The requesting agency is acting in the lawful execution of an authorized function of that organization.
- 4) (U) The loan of FBI personnel is an appropriate use of personnel and financial resources and does not jeopardize any ongoing FBI investigation.

12.3.2.4 (U) INVESTIGATIVE ASSISTANCE TO FOREIGN AGENCIES

(U//~~FOUO~~) The foundation of the FBI's international program is the Legal Attaché (LEGAT). Each LEGAT is the Director's personal representative in the foreign countries in which he/she resides or has regional responsibilities. The LEGAT's job is to respond to the FBI's domestic and foreign investigative needs. The LEGAT can accomplish this because he/she develops partnerships and fosters cooperation with his or her foreign counterparts on every level and is familiar with investigative rules, protocols, and practices that differ from country to country. This is the LEGAT's primary responsibility. As such, foreign agency requests for assistance will likely come to the FBI through the LEGAT or International Operations Division (IOD).

12.3.2.4.1 (U) AUTHORITIES

A) (U//~~FOUO~~) At the request of foreign law enforcement, intelligence, or security agencies, the FBI may conduct investigations or provide assistance to investigations by such agencies, consistent with the interests of the United States (including national security interests) and with due consideration of the effect on any US person (USPER). (AGG-Dom. Part III.D.1) The FBI must follow applicable MOUs and MOAs (to include those with other US Government (USG) agencies), Mutual Legal Assistance Treaties (MLAT), Letters Rogatory, and other treaties when it provides assistance to foreign governments.

1) (U//~~FOUO~~)   

2) (U//~~FOUO~~)   

B) (U//~~FOUO~~)   

C) (U//~~FOUO~~) The FBI may not provide assistance to a foreign law enforcement, intelligence, or security officer conducting an investigation within the United States unless such officer has provided prior written notification to the Attorney General of his/her status as an agent of a foreign government, as required by 18 U.S.C. § 951. (AGG-Dom. Part III.D.2) The notification required by 18 U.S.C. § 951 is not applicable to diplomats, consular officers or attachés.

- D) (U//~~FOUO~~) Upon the request of a foreign government agency, the FBI may conduct background inquiries concerning individuals whose consent is documented. (AGG-Dom, Part III.D.3)

12.3.2.4.2 (U) **APPROVAL REQUIREMENTS**

- A) (U//~~FOUO~~) When a request to assist a foreign agency is received from a LEGAT or IOD, and such assistance will require the use of investigative methods other than those that are authorized in Assessments, prior SSA approval must be obtained and documented as specified in 12.3.2.4.4 below.
- B) (U//~~FOUO~~) If a request for assistance is received directly from a foreign law enforcement or intelligence service and is not processed through a LEGAT or IOD, written notification documenting the foreign assistance request must be provided to the appropriate LEGAT and IOD by the FD-999, an EC or   Lead Request form, and IOD must grant approval prior to providing assistance, regardless of what investigative methods are used. (See also DIOG Appendix G - Classified Provisions)
- C) (U//~~FOUO~~) The Office of International Affairs (OIA) in the DOJ's Criminal Division, has the responsibility and authority for the execution of all foreign assistance requests requiring judicial action or compulsory process. FBI IOD must coordinate all such requests with the DOJ OIA. (See DAG Memorandum, dated 5/16/2011, titled "Execution of Foreign Requests for Assistance in Criminal Cases.")
- D) (U//~~FOUO~~) Higher supervisory approvals and specific notifications may be required for assistance to foreign agencies involving joint operations, SIMs, and using particular investigative methods, as noted below and in Sections 10 and 18 of the DIOG, and in division PGs.
- E) (U//~~FOUO~~) Investigations and assistance conducted overseas, as well as related or official foreign travel of FBI personnel, require country clearances and notification to the Chief of Mission (COM) or designee. Such overseas investigations and assistance must adhere to the supplemental guidance in the IOD PG.

12.3.2.4.3 (U) **NOTICE REQUIREMENTS**

- A) (U//~~FOUO~~) When a foreign assistance request is submitted directly to a LEGAT or IOD by a foreign agency or through an FBIHQ-authorized joint task force operation involving foreign agencies that has previously been briefed to the LEGAT, IOD has notice of the request and the FBI employee does not need IOD approval prior to providing the assistance. The FBI employee must provide IOD and the LEGAT the results of the assistance.
- B) (U) The FBI must notify the DOJ NSD concerning investigation or assistance when: (i) FBIHQ's approval for the activity is required (e.g., FBIHQ approval is required to use a particular investigative method); and (ii) the activity relates to a threat to the United States national security. The FBIHQ division approving the use of the investigative method must notify DOJ NSD as soon as practicable, but no later than 30 calendar days after FBIHQ approval (see classified appendix for additional notice requirements). (AGG-Dom, Part III.D.1)
- C) (U//~~FOUO~~) **Classified Appendix:** See the classified provisions in DIOG Appendix G for additional notice requirements.
- D) (U//~~FOUO~~) **Sensitive Investigative Matters (SIM):** Any request for investigative assistance to a foreign agency involving a SIM requires OGC review and IOD SC approval, and notification as specified below. In addition to these approvals, any investigative assistance to a

foreign agency involving a SIM requires notification to the appropriate FBIHQ operational UC and SC by EC with an LHM suitable for dissemination to DOJ as soon as practicable, but no later than 15 calendar days after the initiation of the assistance. Additionally, the appropriate IOD unit must provide notice to the DOJ Criminal Division or NSD as soon as practicable, but not later than 30 calendar days after the initiation of any assistance involving a SIM.

12.3.2.4.4 (U) **DOCUMENTATION REQUIREMENTS**

(U//~~FOUO~~) Investigative assistance to foreign agencies must be documented with an FD-999 and serialized to an appropriate file as specified in Sections 12.5 and 12.6 below.

##### 12.4.2.2 (U) **TECHNICAL ASSISTANCE TO FEDERAL, STATE, LOCAL AND TRIBAL (DOMESTIC) AGENCIES REGARDING ELECTRONIC SURVEILLANCE, EQUIPMENT, AND FACILITIES**

(U) Field-based technical assistance requests under this section must be approved by the field office Assistant Director in Charge (ADIC) or SAC in compliance with the Domestic Technical Assistance (DTA) Policy Guide, 0554DPG. If the request for technical assistance involves equipment, facilities or property from more than one field office, each field office must approve the use of its resources.

<sup>21</sup> (U) AG Order 2954-2008 addresses the FBI's authority to assist federal, state, local and foreign law enforcement agencies only. Other federal law permits the FBI to conduct or assist in investigations in Indian Country. See 18 U.S.C. § 1152 (Assimilative Crimes Act) and § 1153 (Major Crimes Act); Indian Country Policy Guide, 0321PG.

(U) As specified below, FBIHQ senior executive officials and/or officials of the DOJ must approve a request for FBI technical assistance that involves:

**12.4.2.3 (U) TECHNICAL ASSISTANCE TO FEDERAL, STATE, LOCAL AND TRIBAL (DOMESTIC) AGENCIES INVOLVING EQUIPMENT OR TECHNOLOGIES OTHER THAN ELECTRONIC SURVEILLANCE EQUIPMENT**

(U) There are limited other situations in which, in the absence of a federal nexus, a domestic law enforcement agency may seek technical assistance through the short term loan of equipment from the FBI. If there is an applicable PG or Policy Directive, the policy and procedures contained within the PG or Policy Directive must be followed (see, e.g., *Special Weapons and Tactics Policy Guide, 044PG*). If no PG or Policy Directive governs the particular equipment sought to be borrowed *and* if the loan of the equipment does not necessarily also entail the loan of personnel to use or operate the equipment, then the ADIC/SAC of the field office must approve the loan of the equipment in accordance with the following policy and procedures. If the loan of the equipment necessarily entails the loan of FBI employees, the policies governing expert assistance set forth above must also be followed.

(U) Any loan of equipment must be documented through a written agreement between the ADIC/SAC and the head of the borrowing law enforcement agency or his/her designee. At a minimum, the agreement must provide that the borrowing law enforcement agency will reimburse the FBI should the equipment be lost or damaged and that the borrowing law enforcement agency will promptly return the equipment when asked to do so by the FBI. If due to the exigency of the situation there is not time for the request to be submitted in writing, the request may be made orally but must be followed by a written agreement as soon as practicable, but not more than five (5) business days following the loan.

(U) In considering whether to lend the equipment to the federal, state, local and tribal law enforcement agency, the ADIC/SAC must take into account the following:

- A) (U) The purpose for which the equipment is being requested and how the equipment will be used to advance that objective;
- B) (U) The likelihood that the equipment will be damaged by the requested use;
- C) (U) The likelihood that the field office will need the equipment during the proposed loan period; and
- D) (U) Whether the borrowing law enforcement agency has previously violated the terms of any loan of equipment or damaged any equipment previously lent by the FBI.

### 12.6 (U) **DISSEMINATION OF INFORMATION TO OTHER AGENCIES – DOCUMENTATION REQUIREMENTS**

(U//~~FOUO~~) Dissemination of investigative or intelligence information to other agencies must be consistent with Director of National Intelligence directives, the AGG-Dom. DIOG Section 14, FBI Foreign Dissemination Manual, the Privacy Act of 1974, and any applicable MOU/MOA, law, treaty or other policy.

(U//~~FOUO~~) Classified information may only be disseminated pursuant to applicable federal law, Presidential directive, Attorney General policy and FBI policy.

(U) The Privacy Act mandates specific documentation of any dissemination of information to an agency outside the DOJ involving a U.S. Citizen or alien lawfully admitted for permanent residence, i.e., a U.S. person (USPER).

(U//~~FOUO~~) Dissemination of information to foreign agencies must be in accordance with the FBI Foreign Dissemination Manual, dated May 23, 2008, or as revised.

(U//~~FOUO~~) ***Mandatory use of the FD-999:*** The FD-999 must be used to document the dissemination of all unclassified or classified (up to Secret level) information to:

- A) (U) USIC Agencies;
- B) (U) United States Federal Agencies - when the disseminated information is related to their respective responsibilities;
- C) (U) State, Local, or Tribal Agencies - when the disseminated information is related to their respective responsibilities; or
- D) (U) Foreign Agencies.

(U//~~FOUO~~) ***Note:*** Dissemination of Top Secret or higher classified information must be documented in the appropriate classified file or the Sensitive Compartmented Information Operational Network (SCION).

(U//~~FOUO~~) ***Optional use of the FD-999:*** The FD-999 is permitted, but is not required to be used, for the dissemination of information if:

- A) (U//~~FOUO~~) the information disseminated is being furnished to an agency within the DOJ with which the FBI is working a joint investigation; or
- B) (U//~~FOUO~~) the information is disseminated with a document intended for dissemination such as an IIR, or through another FBI document, such as an official letter, that is maintained in an

approved database that permits the prompt retrieval information in accordance with DIOG  
Section 12.7.1 below. For example, [REDACTED]

## 12.7 (U) RECORDS RETENTION REQUIREMENTS

### 12.7.1 (U) *SERIALIZING THE FD-999 FOR DISSEMINATION OF INFORMATION*

(U//~~FOUO~~) When using the FD-999 to document the dissemination of information pursuant to section 12.6, the FD-999 must be serialized in the file from which the information was disseminated, which may be:

- A) (U) an Assessment file;
- B) (U) a zero sub-assessment file;
- C) (U) a Predicated Investigation file;
- D) (U) a domestic police cooperation file – 343 Classification (the new 343 file classification system replaces the former 62 classification) as described below;
- E) (U) a foreign police cooperation file – 163 Classification (the revised 163 file classification system) as described below;
- F) (U) a zero classification file;
- G) (U) an unaddressed work file; or
- H) (U) a control file using a unique file number created by the field office, LEGAT, or FBIHQ division to document the dissemination of information.

(U//~~FOUO~~) These records will assume the NARA approved retention periods approved for the file classification in which they are maintained.

### 12.7.2 (U) *SERIALIZING THE FD-999 FOR INVESTIGATIVE ASSISTANCE*

(U//~~FOUO~~) The AGG-DOM, Part III.E.3c mandates the FBI to maintain a database or records system to document assistance it provides to other agencies for the prompt retrieval of:

- A) (U) the status of the assistance activity (opened or closed);
- B) (U) the dates of opening and closing; and
- C) (U) the basis for the activity.

(U//~~FOUO~~) When using the FD-999 to document investigative assistance to other agencies pursuant to section 12.5, the FD-999 must be serialized to the appropriate file, which may be:

- A) (U) an Assessment file;
- B) (U) a Predicated Investigation file;
- C) (U) a domestic police cooperation file – 343 Classification (the new 343 file classification system replaces the former 62 classification) as described below;
- D) (U) a foreign police cooperation file – 163 Classification (the revised 163 file classification system) as described below;

E) (U) a control file using a unique file number created by the field office, LEGAT, or FBIHQ division to document investigative assistance to another agency.

(U//~~FOUO~~) These records will assume the NARA approved retention periods approved for the file classification in which they are maintained.

### **12.7.3 (U) REQUEST FOR FD-999 EXEMPTION**

(U//~~FOUO~~) FBI entities/programs may submit to the Internal Policy Office (IPO), Director's Office, a written request for an exemption to the mandatory FD-999 requirements contained in DIOG Section 12 provided the entity/program maintains a similar database to permit the prompt retrieval of the information required above. The IPO, in conjunction with personnel from the Office of Integrity and Compliance (OIC) and the OGC, will evaluate the exemption request to determine database compliance with the AGG-Dom. The IPO will approve or deny the exemption request, and maintain an exemption list of all approved exempted entities/programs.

### **12.7.4 (U//~~FOUO~~) 343 FILE CLASSIFICATION - DOMESTIC POLICE COOPERATION FILES**

(U//~~FOUO~~) The former 62 file classification may no longer be utilized to document domestic police cooperation. The new **343** file classification system with alpha-designators must be utilized to document domestic police cooperation matters.

### **12.7.5 (U//~~FOUO~~) 163 FILE CLASSIFICATION – FOREIGN POLICE COOPERATION FILES**

(U//~~FOUO~~) The 163 file classification was revised with “new” alpha-designators. The 163 file classification system must be utilized to document foreign police cooperation matters.

## 13 (U) EXTRATERRITORIAL PROVISIONS

### 13.1 (U) OVERVIEW

(U//~~FOUO~~) The FBI may conduct investigations abroad, participate with foreign officials in investigations abroad, or otherwise conduct activities outside the United States. The guidelines for conducting investigative activities outside of the United States are currently contained in:

- A) (U) The Attorney General's Guidelines for Extraterritorial FBI Operations and Criminal Investigations;
- B) (U) The Attorney General's Guidelines for FBI National Security Investigations and Foreign Intelligence Collection (NSICG, Part II.E);
- C) (U) The Attorney General Guidelines on the Development and Operation of FBI Criminal Informants and Cooperative Witnesses in Extraterritorial Jurisdictions;
- D) (U) The Attorney General Procedure for Reporting and Use of Information Concerning Violations of Law and Authorization for Participation in Otherwise Illegal Activity in FBI Foreign Intelligence, Counterintelligence or International Terrorism Intelligence Investigations (August 8, 1988); and
- E) (U) Memorandum of Understanding Concerning Overseas and Domestic Activities of the Central Intelligence Agency and the Federal Bureau of Investigation (2005).

(U//~~FOUO~~) Collectively, these guidelines and procedures are referred to in the DIOG as the Extraterritorial Guidelines.

### 13.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) As a general rule, the Extraterritorial Guidelines apply when FBI personnel or confidential human sources (CHS) are actively engaged in investigative activity outside the borders of the United States [REDACTED]

(U//~~FOUO~~) FBI personnel planning to engage in any of the investigative activities described in the subsection above must obtain the concurrence of the appropriate Legal Attaché (LEGAT) and must comply with the remaining procedural requirement of the Extraterritorial Guidelines, which may be found in the classified provisions in DIOG Appendix G.

### 13.3 (U) JOINT VENTURE DOCTRINE

(U//~~FOUO~~) The “joint venture” doctrine provides that in certain circumstances, Fourth or Fifth Amendment rights may attach and evidence seized overseas, including statements of a defendant, may be subject to suppression if the foreign law enforcement officers did not comply with U.S. law. A determination that a “joint venture” exists requires a finding of “active” or “substantial” involvement by U.S. agents in the foreign law enforcement activity. Because the determination will be fact specific and very few cases illuminate what constitutes “active” or “substantial” participation, FBI employees should contact their CDC or OGC for guidance. See also USA Book (March 2011).

### 13.4 (U) LEGAL ATTACHÉ PROGRAM

(U//~~FOUO~~) The foundation of the FBI’s international program is the LEGAT. Each LEGAT is the Director’s personal representative in the foreign countries in which he/she resides or has regional responsibilities. The LEGAT’s job is to respond to the FBI’s domestic and extraterritorial investigative needs. LEGATs can accomplish this mission because they have developed partnerships and fostered cooperation with their foreign counterparts on every level and are familiar with local investigative rules, protocols, and practices which differ from country to country. For additional information consult the FBIHQ IOD Intranet site.

## 14 (U) RETENTION AND SHARING OF INFORMATION

---

### 14.1 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) Every FBI component is responsible for the creation and maintenance of authentic, reliable, and trustworthy records. Without complete and accessible records, the FBI cannot conduct investigations, gather and analyze intelligence, assist with the prosecution of criminals, or perform any of its critical missions effectively.

(U//~~FOUO~~) The FBI is committed to ensuring that its records management program accomplishes the following goals:

- A) (U//~~FOUO~~) Facilitates the documentation of official decisions, policies, activities, and transactions;
- B) (U//~~FOUO~~) Facilitates the timely retrieval of needed information;
- C) (U//~~FOUO~~) Ensures continuity of FBI business;
- D) (U//~~FOUO~~) Controls the creation and growth of FBI records;
- E) (U//~~FOUO~~) Reduces operating costs by managing records according to FBI business needs and by disposing of unneeded records in a timely manner;
- F) (U//~~FOUO~~) Improves efficiency and productivity through effective records storage and retrieval methods;
- G) (U//~~FOUO~~) Ensures compliance with applicable laws and regulations;
- H) (U//~~FOUO~~) Safeguards the FBI's mission-critical information;
- I) (U//~~FOUO~~) Preserves the FBI's corporate memory and history; and
- J) (U//~~FOUO~~) Implements records management technologies to support all of the goals listed above.

### 14.2 (U) THE FBI'S RECORDS RETENTION PLAN, AND DOCUMENTATION

(U//~~FOUO~~) The FBI must retain records relating to investigative activities according to the FBI's records retention plan which has been approved by the National Archives and Records Administration (NARA). (AGG-Dom. Part VI.A.1)

(U//~~FOUO~~) The FBI's records retention plan provides specific instructions about the length of time that records must be maintained. In some instances, records may be destroyed after a prescribed period of time has elapsed. Other records are never destroyed and are transferred to NARA a certain number of years after an investigation is closed. The Records Management Division has the responsibility for the disposition of the FBI's investigative records. All disposition related questions should be directed to RMD via email at HQ\_DIV17\_RDU.

#### 14.2.1 (U) DATABASE OR RECORDS SYSTEM

(U//~~FOUO~~) The FBI must maintain a database or records system that permits, with respect to each Predicated Investigation, the prompt retrieval of the status of the investigation (open or closed), the dates of opening and closing, and the basis for the investigation. (AGG-Dom. Part VI.A.2)

(U//~~FOUO~~) The FBI's official File Classification System covers records related to all investigative and intelligence collection activities, including Assessments. Records must be maintained in  or other designated systems of records, which provides the required maintenance and retrieval functionality.

b7E

#### 14.2.2 (U) *RECORDS MANAGEMENT DIVISION DISPOSITION PLAN AND RETENTION SCHEDULES*

(U//~~FOUO~~) All investigative records, whether from Assessments or Predicated Investigations, must be retained in accordance with the Records Management Division Disposition Plan and Retention Schedules (See the *Records Management Policy Guide, 0769PG*). No records, including those generated during Assessments, may be destroyed or expunged earlier than the destruction schedule without written approval from NARA, except in “expungement” circumstances as further described in RMD policy. Records, including those generated during Assessments, may not be retained longer than the destruction schedule unless otherwise directed by RMD to include, “legal hold” circumstances as described in the *Legal Hold Policy Directive, 0619D*. In the event an office believes they need to retain records beyond their destruction schedule, they should contact RMD for further guidance.

### 14.3 (U) INFORMATION SHARING

(U//~~FOUO~~) The National Strategy for Information Sharing and Safeguarding (NISS) provides the common vision, goals, and framework needed to guide information sharing initiatives with our federal, state, local, and tribal agency partners, foreign government counterparts, and private sector stake holders. The FBI NISS addresses the cultural and technological changes required to move the FBI to “a responsibility to provide” culture.

#### 14.3.1 (U) *PERMISSIVE SHARING*

(U//~~FOUO~~) Consistent with the Privacy Act, FBI policy, and any other applicable laws and memoranda of understanding or agreement with other agencies concerning the dissemination of information, the FBI may disseminate information obtained or produced through activities under the AGG-Dom:

- A) (U//~~FOUO~~) Within the FBI and to all other components of the DOJ if the recipients need the information in the performance of their official duties.
- B) (U//~~FOUO~~) To other federal agencies if disclosure is compatible with the purpose for which the information was collected and it is related to their responsibilities. In relation to other USIC agencies, the determination whether the information is related to the recipient responsibilities may be left to the recipient.
- C) (U//~~FOUO~~) To state, local, or Indian tribal agencies directly engaged in the criminal justice process when access is directly related to a law enforcement function of the recipient agency.
- D) (U//~~FOUO~~) To Congress or to congressional committees in coordination with the FBI Office of Congressional Affairs (OCA) and the DOJ Office of Legislative Affairs.
- E) (U//~~FOUO~~) To foreign agencies if the FBI determines that the information is related to their responsibilities; the dissemination is consistent with the interests of the United States (including national security interests); consideration has been given to the effect on any identifiable USPER; and disclosure is compatible with the purpose for which the information was collected.

- F) (U//~~FOUO~~) If the information is publicly available, does not identify USPERs, or is disseminated with the consent of the person whom it concerns.
- G) (U//~~FOUO~~) If the dissemination is necessary to protect the safety or security of persons or property, to protect against or prevent a crime or threat to the national security, or to obtain information for the conduct of an authorized FBI investigation.
- H) (U//~~FOUO~~) If dissemination of the information is otherwise permitted by the Privacy Act (5 U.S.C. § 552a) (AGG-Dom, Part VI.B.1)

(U//~~FOUO~~) All FBI information sharing activities under this section shall be done in accordance with the FBI Information Sharing Activities with Other Government Agencies Policy Directive, 0012D, and the Protecting Privacy in the Information Sharing Environment Policy Directive, 0095D, and any amendments thereto and applicable succeeding policy directives.

### 14.3.2 (U) **REQUIRED SHARING**

(U//~~FOUO~~) The FBI must share and disseminate information as required by law and applicable policy. Working through the supervisory chain and other appropriate entities, FBI employees must ensure compliance with statutes, including the Privacy Act, treaties, Executive Orders, Presidential directives, National Security Council (NSC) directives, Homeland Security Council (HSC) directives, Director of National Intelligence directives, Attorney General-approved policies, and MOUs or MOAs.

## 14.4 (U) **INFORMATION RELATED TO CRIMINAL MATTERS**

### 14.4.1 (U) **COORDINATING WITH PROSECUTORS**

(U//~~FOUO~~) In an investigation relating to possible criminal activity in violation of federal law, the FBI employee conducting the investigation must maintain periodic written or oral contact with the appropriate federal prosecutor, as circumstances warrant and as requested by the prosecutor. When, during such an investigation, a matter appears arguably to warrant prosecution, the FBI employee must present the relevant facts to the appropriate federal prosecutor. Information on investigations that have been closed must be available on request to a United States Attorney (USA) or his or her designee or an appropriate DOJ official. (AGG-Dom, Part VI.C)

### 14.4.2 (U) **CRIMINAL MATTERS OUTSIDE FBI JURISDICTION**

(U//~~FOUO~~) When credible information is received by an FBI employee concerning serious criminal activity not within the FBI's investigative jurisdiction, the FBI employee must promptly transmit the information or refer the complainant to a law enforcement agency having jurisdiction, except when disclosure would jeopardize an ongoing investigation, endanger the safety of an individual, disclose the identity of a CHS, interfere with the cooperation of a CHS, or reveal legally privileged information. If full disclosure is not made for any of the reasons indicated, then, whenever feasible, the FBI employee must make at least limited disclosure to a law enforcement agency or agencies having jurisdiction, and full disclosure must be made as soon as the need for restricting disclosure is no longer present. Where full disclosure is not made to the appropriate law enforcement agencies within 180 days, the FBI employee/field office must promptly notify FBIHQ in writing of the facts and circumstances concerning the criminal activity. The FBI must make periodic reports to the Deputy Attorney General of such non-

disclosures and incomplete disclosures, in a form suitable to protect the identity of a CHS.  
(AGG-Dom. Part VI.C)

#### 14.4.3 (U) *REPORTING CRIMINAL ACTIVITY OF AN FBI EMPLOYEE OR CHS*

(U//~~FOUO~~) When it appears that an FBI employee has engaged in criminal activity in the course of an investigation, the FBI must notify the USAO or an appropriate DOJ division. When it appears that a CHS has engaged in criminal activity in the course of an investigation, the FBI must proceed as provided in the AGG-CHS. When information concerning possible criminal activity by any other person appears in the course of an investigation, the FBI may open an investigation of the criminal activity if warranted, and must proceed as provided in Section 14.4.1 and 14.4.2 above. (AGG-Dom. Part VI.C.3)

(U//~~FOUO~~) The reporting requirements under this paragraph relating to criminal activity by an FBI employee or a CHS do not apply to otherwise illegal activity that is authorized in conformity with the AGG-Dom or other Attorney General guidelines or to minor traffic offenses. (AGG-Dom, Part VI.C.3)

#### 14.5 (U) *INFORMATION RELATED TO NATIONAL SECURITY AND FOREIGN INTELLIGENCE MATTERS*

[REDACTED] and effective policies governing MOUs.

(U//~~FOUO~~) The general principle reflected in current law and policy is that there is a responsibility to provide information as consistently and fully as possible to agencies with relevant responsibilities to protect the United States and its people from terrorism and other threats to the national security, except as limited by specific constraints on such sharing. See [REDACTED]

[REDACTED]  
or guidance on providing state, local, tribal or private sector partners emergency or term access to classified information.

(U//~~FOUO~~) The FBI's responsibility in this area includes carrying out the requirements of the MOU Between the Intelligence Community, Federal Law Enforcement Agencies, and the Department of Homeland Security Concerning Information Sharing (March 4, 2003), or any successor memorandum of understanding or agreement. Specific requirements also exist for internal coordination and consultation with other DOJ components, and for sharing national security and foreign intelligence information with White House agencies, as provided below. (AGG-Dom, Part VI.D)

##### 14.5.1 (U) *DEPARTMENT OF JUSTICE*

(U//~~FOUO~~) The DOJ National Security Division (NSD) must have access to all information obtained by the FBI through activities relating to threats to the national security or foreign intelligence. The Director of the FBI and the Assistant Attorney General for NSD must consult concerning these activities whenever requested by either of them, and the FBI must provide such

reports and information concerning these activities as the Assistant Attorney General for NSD may request. In addition to any reports or information the Assistant Attorney General for NSD may specially request under this subparagraph, the FBI must provide annual reports to the NSD concerning its foreign intelligence collection program, including information concerning the scope and nature of foreign intelligence collection activities in each FBI field office. (AGG-Dom, Part VI.D.1)

(U//~~FOUO~~) The FBI must keep the NSD apprised of all information obtained through activities under the AGG-Dom that is necessary to the ability of the United States to investigate or protect against threats to the national security; this should be accomplished with regular consultations between the FBI and the NSD to exchange advice and information relevant to addressing such threats through criminal prosecution or other means. (AGG-Dom, Part VI.D.1)

(U//~~FOUO~~) Except for counterintelligence investigations, a relevant USAO must have access to and must receive information from the FBI relating to threats to the national security, and may engage in consultations with the FBI relating to such threats, to the same extent as the NSD. The relevant USAO must receive such access and information from the FBI field offices. (AGG-Dom, Part VI.D.1)

(U//~~FOUO~~) In a counterintelligence investigation – i.e., an investigation of espionage or other intelligence activities, sabotage, or assassination, conducted by, for, or on behalf of foreign powers, organizations, or persons [AGG-Dom, Part VII.S.2]– the FBI may only provide information to and consult with a relevant USAO if authorized to do so by the NSD. Until the policies required by AGG-Dom, Part VI.D.1.d are promulgated, the FBI may consult freely with the USAO concerning investigations within the scope of this subparagraph during an emergency, so long as the NSD is notified of such consultation as soon as practicable after the consultation. (AGG-Dom, Part VI.D.1)

(U//~~FOUO~~) Information shared with a USAO pursuant to DIOG Section 14.5 (National Security) must be disclosed only to the USA or any AUSA designated by the USA as points of contact to receive such information. The USA and designated AUSA must have an appropriate security clearance and must receive training in the handling of classified information and information derived from FISA, including training concerning the secure handling and storage of such information and training concerning requirements and limitations relating to the use, retention, and dissemination of such information. (AGG-Dom, Part VI.D.1)

(U//~~FOUO~~) The disclosure and sharing of information by the FBI under this paragraph is subject to any limitations required in orders issued by the FISC, controls imposed by the originators of sensitive material, and restrictions established by the Attorney General or the Deputy Attorney General in particular investigations. The disclosure and sharing of information by the FBI under this paragraph that may disclose the identity of a CHS is governed by the relevant provisions of the AGG-CHS. (AGG-Dom, Part VI.D.1)

#### 14.5.2 (U) *THE WHITE HOUSE*

(U//~~FOUO~~) In order to carry out their responsibilities, the President, the Vice President, the Assistant to the President for National Security Affairs, the Assistant to the President for Homeland Security Affairs, the NSC and its staff, the HSC and its staff, and other White House officials and offices require information from all federal agencies, including foreign intelligence, and information relating to international terrorism and other threats to the national security.

Accordingly, the FBI may disseminate to the White House foreign intelligence and national security information obtained through activities under the AGG-Dom, subject to the following standards and procedures.

**14.5.2.1 (U) REQUESTS SENT THROUGH NSC OR HSC**

(U//~~FOUO~~) The White House must request such information through the NSC staff or HSC staff including, but not limited to, the NSC Legal and Intelligence Directorates and Office of Combating Terrorism, or through the President's Intelligence Advisory Board or the Counsel to the President. (AGG-Dom, Part VI.D.2.a)

(U//~~FOUO~~) If the White House sends a request for such information to the FBI without first sending the request through the entities described above, the request must be returned to the White House for resubmission.

**14.5.2.2 (U) APPROVAL BY THE ATTORNEY GENERAL**

(U//~~FOUO~~) Compromising information concerning domestic officials or domestic political organizations, or information concerning activities of USPERs intended to affect the political process in the United States, may be disseminated to the White House only with the approval of the Attorney General, based on a determination that such dissemination is needed for foreign intelligence purposes, for the purpose of protecting against international terrorism or other threats to the national security, or for the conduct of foreign affairs. Such approval is not required, however, for dissemination to the White House of information concerning efforts of foreign intelligence services to penetrate the White House or concerning contacts by White House personnel with foreign intelligence service personnel. (AGG-Dom, Part VI.D.2.b)

**14.5.2.3 (U) INFORMATION SUITABLE FOR DISSEMINATION**

(U//~~FOUO~~) Examples of the type of information that is suitable for dissemination to the White House on a routine basis includes, but is not limited to (AGG-Dom, Part VI.D.2.c):

- A) (U//~~FOUO~~) Information concerning international terrorism;
- B) (U//~~FOUO~~) Information concerning activities of foreign intelligence services in the United States;
- C) (U//~~FOUO~~) Information indicative of imminent hostilities involving any foreign power;
- D) (U//~~FOUO~~) Information concerning potential cyber threats to the United States or its allies;
- E) (U//~~FOUO~~) Information indicative of policy positions adopted by foreign officials, governments, or powers, or their reactions to United States foreign policy initiatives;
- F) (U//~~FOUO~~) Information relating to possible changes in leadership positions of foreign governments, parties, factions, or powers;
- G) (U//~~FOUO~~) Information concerning foreign economic or foreign political matters that might have national security ramifications; and
- H) (U//~~FOUO~~) Information set forth in regularly published national intelligence requirements.

**14.5.2.4 (U) NOTIFICATION OF COMMUNICATIONS**

(U//~~FOUO~~) Communications by the FBI to the White House that relate to a national security matter and concern a litigation issue for a specific pending investigation must be made known

to the Office of the Attorney General, the Office of the Deputy Attorney General, or the Office of the Associate Attorney General. White House policy may limit or prescribe the White House personnel who may request information concerning such issues from the FBI. (AGG-Dom Part VI.D.2.d)

#### 14.5.2.5 (U) **DISSEMINATION OF INFORMATION RELATING TO BACKGROUND INVESTIGATIONS**

(U//~~FOUO~~) The limitations on dissemination of information by the FBI to the White House under the AGG-Dom do not apply to dissemination to the White House of information acquired in the course of an FBI investigation requested by the White House into the background of a potential employee or appointee, or responses to requests from the White House under E.O. 10450 relating to security requirements for government employment. (AGG-Dom, Part VI.D.2.e)

#### 14.5.3 (U) **CONGRESS**

(U//~~FOUO~~) FBI employees must work through supervisors and the FBI OCA to keep the Congressional intelligence committees fully and currently informed of the FBI's intelligence activities as required by the National Security Act of 1947, as amended. Advice on what activities fall within the scope of required congressional notification can be obtained from OCA. See [REDACTED]

b7E

#### 14.6 (U) **SPECIAL STATUTORY REQUIREMENTS**

(U) Information acquired under the FISA may be subject to the [REDACTED] and other requirements specified in that Act. (AGG-Dom, Part VI.D.3.a)

(U) Information obtained through the use of National Security Letters (NSLs) under 15 U.S.C. § 1681v (full credit reports) may be disseminated in conformity with the general standards of AGG-Dom, Part VI, and DIOG Section 18.6.6.6.1.8. Information obtained through the use of NSLs under other statutes may be disseminated in conformity with the general standards of the AGG-Dom, Part VI, subject to any specific limitations in the governing statutory provisions (see DIOG Section 18): 12 U.S.C. § 3414(a)(5)(B); 15 U.S.C. § 1681u(f); 18 U.S.C. § 2709(d); 50 U.S.C. § 3162(e). (AGG-Dom, Part VI.D.3.b)

(U) Federal Rule of Criminal Procedure (FRCP) 6(e) generally prohibits disclosing “matters occurring before the grand jury” (sometimes referred to as “core grand jury material”). Unfortunately, there is no uniform definition of matters occurring before the grand jury applicable to all FBI employees, in all field offices. Generally, information developed or requested during a federal grand jury investigation does not automatically become a matter occurring before the grand jury requiring adherence to FRCP 6(e) secrecy requirements. If an employee is unsure whether the information constitutes a matter occurring before the federal grand jury, he or she must consult with the AUSA or the DOJ attorney assigned to the investigation to determine what constitutes such material in the applicable jurisdiction. Until any question is resolved, FBI employees must treat all information obtained from a federal grand jury (FGJ) subpoena as a matter occurring before the federal grand jury, and therefore protected by the special handling, nondisclosure, and secrecy rules of the FRCP 6(e).

(U)

b7E

(U) The Attorney General has also issued revised Guidelines for the Disclosure and Use of Grand Jury Information under Rule 6(e)(3)(D). On May 15, 2008, the Deputy Attorney General issued a memorandum which provides amplifying guidance as to lawful use and disclosure of 6(e) information. See also AGG-Dom, Part V.A.8 and DIOG subsections 18.6.5.11 and 12.

## 14.7 (U) THREAT TO LIFE – DISSEMINATION OF INFORMATION

### 14.7.1 (U) OVERVIEW

(U//~~FOUO~~) The FBI has a responsibility to notify persons of threats to their life or threats that may result in serious bodily injury and to notify other law enforcement agencies of such threats (Extracted from DOJ Office of Investigative Policies, Resolution 20, dated 12/16/96). Depending on the exigency of the situation, an employee, through his or her supervisor, must notify the appropriate operational division at FBIHQ of the existence of the threat and the plan for notification. That plan may be followed unless advised to the contrary by FBIHQ.

### 14.7.2 (U//~~FOUO~~) INFORMATION RECEIVED THROUGH FISA SURVEILLANCE

(U//~~FOUO~~) If information is received through a FISA-authorized investigative technique indicating a threat to life or serious bodily harm within the scope of Section 14.7, the field office case agent responsible for that FISA must immediately coordinate the matter with the FBIHQ SSA responsible for that investigation and an NSLB attorney from the applicable counterintelligence or counterterrorism law unit. These individuals must consult the applicable FISA minimization procedures, consider the operational posture of the investigation, and collectively determine the appropriate manner in which to proceed. FBI executive management may be consulted, as appropriate (e.g., if DIDO or declassification authority is needed). The field

office case agent must document the dissemination. If the decision is made not to disseminate the threat information, that decision must be approved by an ASAC or higher and the reasons must be documented in the applicable investigative file.

### **14.7.3 (U) DISSEMINATION OF INFORMATION CONCERNING THREATS AGAINST INTENDED VICTIMS (PERSONS)**

#### **14.7.3.1 (U) WARNING TO THE INTENDED VICTIM (PERSON)**

##### **14.7.3.1.1 (U) EXPEDITIOUS WARNINGS TO IDENTIFIABLE INTENDED VICTIMS**

(U//~~FOUO~~) Except as provided below in Sections 14.7.3.1.1.1 (Exceptions) and 14.7.3.1.2 (Custody or Protectee), when an employee has information that a person who is identified or can be identified through reasonable means (hereafter a “intended victim”) is subject to a credible threat to his/her life or of serious bodily injury, the FBI employee must attempt expeditiously to warn the intended victim of the nature and extent of the threat.

##### **14.7.3.1.1.1 (U) EXCEPTIONS TO WARNING**

(U//~~FOUO~~) An employee is not required to warn an intended victim if :

A) (U//~~FOUO~~) [REDACTED]

b7E

B) (U//~~FOUO~~) the intended victim knows the nature and extent of the specific threat against him/her.

##### **14.7.3.1.1.2 (U) MEANS, MANNER, AND DOCUMENTATION OF WARNING/NOTIFICATION OR DECISION NOT TO WARN**

(U//~~FOUO~~) The FBI employee, in consultation with his or her supervisor, must determine the means and manner of the warning, using the method most likely to provide direct notice to the intended victim. In some cases, this may require the assistance of a third party. The employee must document on an FD-999 the content of the warning, as well as when, where and by whom it was delivered to the intended victim. The FD-999 must be placed in a zero file or if investigative methods are used, the appropriate investigative file.

(U//~~FOUO~~) The employee, in consultation with his or her supervisor, may seek the assistance of another law enforcement agency to provide the warning. If this is done, the employee must document on an FD-999 that notice was provided by that law enforcement agency, as well as when, where and by whom (i.e., the name of the other agency's representative) it was delivered. The employee must also document the other agency's agreement to provide a timely warning. The FD-999 must be filed as specified above.

(U//~~FOUO~~) Whenever time and circumstances permit, an employee's decision not to provide a warning in these circumstances must be approved by an ASAC or higher. In all cases, the reasons for not providing a warning must be documented by EC or similar successor form in a zero file or if investigative methods are used, the appropriate investigative file.

<sup>22</sup> (U//~~FOUO~~) [REDACTED]

b7E

14.7.3.1.2 (U) **WARNINGS WHEN INTENDED VICTIM IS IN CUSTODY OR IS A PROTECTEE**

(U//~~FOUO~~) When an employee has information that a person described below is an intended victim, the employee, in consultation with his or her supervisor, must expeditiously notify the law enforcement agency that has protective or custodial jurisdiction of the threatened person.

(U//~~FOUO~~) This section applies when the intended victim is:

A) (U//~~FOUO~~) a public official who, because of his/her official position, is provided a protective detail;

B) (U//~~FOUO~~)

C) (U//~~FOUO~~) detained or incarcerated.

(U//~~FOUO~~) This paragraph does not apply to employees serving on the security detail of the FBI Director or any other FBI protected persons when the threat is to the individual they protect.

14.7.3.1.2.1 (U) **MEANS, MANNER, AND DOCUMENTATION OF WARNING/NOTIFICATION**

(U//~~FOUO~~) The employee, in consultation with his or her supervisor, may determine the means and manner of the notification. When providing notification, the employee shall provide as much information as possible regarding the threat and the credibility of the threat. The employee must document on an FD-999 what he or she informed the other law enforcement agency, and when, where, how (e.g., telephone call, email) and to whom the notice was delivered. The FD-999 must be placed in a zero file or if investigative methods are used, the appropriate investigative file.

14.7.3.2 (U) **NOTIFICATION TO LAW ENFORCEMENT AGENCIES THAT HAVE INVESTIGATIVE JURISDICTION**

14.7.3.2.1 (U) **EXPEDITIOUS NOTIFICATION**

14.7.3.2.1.1 (U) **THREATS TO INTENDED PERSONS**

(U//~~FOUO~~) Except as provided in Sections 14.7.3.2.2, when an employee has information that a person (other than a person described above in Section 14.7.3.1.2) who is identified or can be identified through reasonable means is subject to a credible threat to his/her life or of serious bodily injury, the employee must attempt expeditiously to notify other law enforcement agencies that have investigative jurisdiction concerning the threat.

14.7.3.2.1.2 (U) **THREATS TO OCCUPIED STRUCTURES OR CONVEYANCES**

(U//~~FOUO~~) When an employee has information that a structure or conveyance which can be identified through reasonable means is the subject of a credible threat which could cause a loss of life or serious bodily injury to its occupants, the employee, in consultation with his or her supervisor, must provide expeditious notification to other law enforcement agencies that have jurisdiction concerning the threat.

14.7.3.2.2 (U) *EXCEPTIONS TO NOTIFICATION*

(U//~~FOUO~~) An employee need not attempt to notify another law enforcement agency that has investigative jurisdiction concerning a threat:

A) (U//~~FOUO~~) [REDACTED]

b7E

B) (U//~~FOUO~~) when the other law enforcement agency knows the nature and extent of the specific threat to the intended victim.

(U//~~FOUO~~) Whenever time and circumstances permit, an employee's decision not to provide notification to another law enforcement agency in the foregoing circumstances must be approved by an ASAC or higher. In all cases, the reasons for an employee's decision not to provide notification must be documented in writing in a zero file or if investigative methods are used, the appropriate investigative file.

14.7.3.2.3 *MEANS, MANNER, AND DOCUMENTATION OF NOTIFICATION*

(U//~~FOUO~~) The employee may determine the means and manner of the notification. The employee must document in writing in the applicable investigative file the content of the notification, and when, where, and to whom it was delivered.

14.7.4 (U//~~FOUO~~) *DISSEMINATION OF INFORMATION CONCERNING THREATS, POSSIBLE VIOLENCE OR DEMONSTRATIONS AGAINST FOREIGN ESTABLISHMENTS OR OFFICIALS IN THE UNITED STATES*

(U//~~FOUO~~) If information is received indicating a threat to life within the scope of Section 14.7, or possible violence or demonstrations against foreign establishments or officials in the United States, the field office case agent must immediately coordinate the matter with the FBIHQ SSA responsible for the case, who must notify the Department of State (DOS), United States Secret Service (USSS), and any other Government agencies that may have an interest. See Section IV of the 1973 MOU between the FBI and USSS, for the FBI's information sharing responsibilities with the USSS in such cases.

14.7.5 (U) *DISSEMINATION OF INFORMATION CONCERNING THREATS AGAINST THE PRESIDENT AND OTHER DESIGNATED OFFICIALS*

(U//~~FOUO~~) The United States Secret Service (USSS) has statutory authority to protect or to engage in certain activities to protect the President and certain other persons as specified in 18 U.S.C. § 3056. An MOU between the FBI and USSS specifies the FBI information that the USSS wants to receive in connection with its protective responsibilities.

(U//~~FOUO~~) Detailed guidelines regarding threats against the President of the United States and other USSS protectees can be found in "Presidential and Presidential Staff Assassination, Kidnapping and Assault." (See the [REDACTED])

§15

## 15 (U) INTELLIGENCE ANALYSIS AND PLANNING

---

### 15.1 (U) OVERVIEW

(U//~~FOUO~~) The Attorney General's Guidelines for Domestic FBI Operations (AGG-Dom) provide specific guidance and authorization for intelligence analysis and planning. This authority enables the FBI to identify and understand trends, causes, and potential indicia of criminal activity and other threats to the United States that would not be apparent from the investigation of discrete matters alone. By means of intelligence analysis and planning, the FBI can more effectively discover criminal threats, threats to the national security, and other matters of national intelligence interest, and can provide the critical support needed for the effective discharge of its investigative responsibilities and other authorized activities. (AGG-Dom, Part IV)

(U//~~FOUO~~) In carrying out its intelligence analysis and planning functions, the FBI is authorized to draw on all lawful sources of information, including analysis of historical information in FBI files (open and closed), records and database systems, and information collected from investigative activities permitted without opening an Assessment set forth in DIOG Section 5.1.1.

(U//~~FOUO~~) *Note:* In the DIOG, the word “assessment” has two distinct meanings. The AGG-Dom authorizes as an investigative activity an “Assessment,” which requires an authorized purpose as discussed in DIOG Section 5. The United States Intelligence Community (USIC), however, also uses the word “assessment” to describe written intelligence products, as discussed in Section 15.6.1.2 below.

### 15.2 (U) PURPOSE AND SCOPE

#### 15.2.1 (U) FUNCTIONS AUTHORIZED

(U//~~FOUO~~) The AGG-Dom authorizes the FBI to engage in intelligence analysis and planning to facilitate and support investigative activities and other authorized activities. The functions authorized include:

- A) (U//~~FOUO~~) Development of overviews and analyses concerning threats to and vulnerabilities of the United States and its interests, such as domain management as related to the FBI's responsibilities;
- B) (U//~~FOUO~~) Research and analysis to produce reports and assessments (analytical products) concerning matters derived from or relevant to investigative activities or other authorized FBI activities; and
- C) (U//~~FOUO~~) The operation of intelligence and information systems that facilitate and support investigations and analysis through the compilation and analysis of data and information on an ongoing basis. (AGG-Dom, Introduction B)

#### 15.2.2 (U) INTEGRATION OF INTELLIGENCE ACTIVITIES

(U//~~FOUO~~) In order to protect against national security and criminal threats through intelligence-driven operations, the FBI should integrate intelligence activities into all investigative efforts by:

- A) (U//~~FOUO~~) Systematically assessing particular geographic areas or sectors to identify potential threats, vulnerabilities, gaps, and collection opportunities in response to FBI collection requirements that support the broad range of FBI responsibilities;

- B) (U//~~FOUO~~) Proactively directing resources to collect against potential threats and other matters of interest to the nation and the FBI, and developing new collection capabilities when needed;
- C) (U//~~FOUO~~) Continuously validating collection capabilities to ensure information integrity;
- D) (U//~~FOUO~~) Deliberately gathering information in response to articulated priority intelligence requirements using all available collection resources, then expeditiously preparing the collected information for analysis and dissemination and promptly disseminating it to appropriate partners at the local, state, national and foreign level; and
- E) (U//~~FOUO~~) Purposefully evaluating the implications of collected information on current and emerging threat issues.

### 15.2.3 (U) ANALYSIS AND PLANNING NOT REQUIRING THE OPENING OF AN ASSESSMENT (SEE DIOG SECTION 5)

(U//~~FOUO~~) Without opening an Assessment, an FBI employee may produce written intelligence products that include, but are not limited to, an Intelligence Assessment (analytical product), Intelligence Bulletin and Geospatial Intelligence (mapping) from information already within FBI records. An FBI employee can also analyze information that is obtained pursuant to DIOG Section 5.1.1. If the employee needs information in order to conduct desired analysis and planning that requires the use of Assessment investigative methods beyond those permitted in DIOG Section 5.1.1, the employee must open a Type 3 Assessment or Type 4 Assessment in accordance with DIOG Sections 5.6.3.3. The applicable 801H - 807H classification file (or other 801-series classification file as directed in the Intelligence Program Policy Guide (IPG), 0718DPG must be used to document this analysis. See the IPG for file classification guidance.

## 15.3 (U) CIVIL LIBERTIES AND PRIVACY

(U) The FBI must collect intelligence critical to the FBI's ability to carry out its intelligence and law enforcement mission. While conducting intelligence analysis and planning, the FBI will conduct its activities in compliance with the Constitution, federal laws, the AGG-Dom and other relevant authorities in order to protect civil liberties and privacy.

## 15.4 (U) LEGAL AUTHORITY

(U) The FBI is an intelligence agency as well as a law enforcement agency. Accordingly, its basic functions extend beyond limited investigations of discrete matters, and include broader analytic and planning functions. The FBI's responsibilities in this area derive from various administrative and statutory sources. See, e.g., (i) 28 U.S.C. §§ 532 note (incorporating P.L. 108-458 §§ 2001-2003) and 534 note (incorporating P.L. 109-162 § 1107); and (ii) E.O. 12333 § 1.7(g).

(U//~~FOUO~~) The scope of authorized activities under Part II of the AGG-Dom is not limited to "investigations" in a narrow sense, such as solving particular investigations or obtaining evidence for use in particular criminal prosecutions. Rather, the investigative activities authorized under the AGG-Dom may be properly used to provide critical information needed for broader analytic and intelligence purposes to facilitate the solution and prevention of crime, protect the national security, and further foreign intelligence objectives. These purposes include use of the information in intelligence analysis and planning under AGG-Dom, Part IV, and dissemination of the information to other law enforcement, USIC, and White House agencies

under AGG-Dom. Part VI. Accordingly, information obtained at all stages of investigative activity is to be retained and disseminated for these purposes as provided in the AGG-Dom, or in FBI policy consistent with the AGG-Dom, regardless of whether it furthers investigative objectives in a narrower or more immediate sense. (AGG-Dom, Part II)

## **15.5 (U) INTELLIGENCE ANALYSIS AND PLANNING – REQUIRING A TYPE 4 ASSESSMENT**

(U//~~FOUO~~) If an FBI employee wishes to engage in intelligence analysis and planning that requires the collection or examination of information not available in existing FBI records or database systems, or from information that cannot be obtained using the activities authorized in DIOG Section 5.1.1, a Type 4 Assessment must be opened and conducted in accordance with DIOG Section 5.6.3.3.

## **15.6 (U) AUTHORIZED ACTIVITIES IN INTELLIGENCE ANALYSIS AND PLANNING**

(U) The FBI may engage in intelligence analysis and planning to facilitate or support investigative activities authorized by the AGG-Dom or other legally authorized activities. Activities the FBI may carry out as part of Intelligence Analysis and Planning include:

### **15.6.1 (U) STRATEGIC INTELLIGENCE ANALYSIS**

(U//~~FOUO~~) The FBI is authorized to develop overviews and analyses of threats to and vulnerabilities of the United States and its interests in areas related to the FBI's responsibilities, including domestic and international criminal threats and activities; domestic and international activities, circumstances, and developments affecting the national security. FBI overviews and analyses may encompass present, emergent, and potential threats and vulnerabilities, their contexts and causes, and identification and analysis of means of responding to them. (AGG-Dom, Part IV)

#### **15.6.1.1 (U) DOMAIN MANAGEMENT**

(U//~~FOUO~~) As part of Strategic Analysis Planning activities, the FBI may collect information in order to improve or facilitate “domain awareness” and may engage in “domain management.” “Domain management” is the systematic process by which the FBI develops cross-programmatic domain awareness and leverages its knowledge to enhance its ability to: (i) proactively identify threats, vulnerabilities, and intelligence gaps; (ii) discover new opportunities for needed intelligence collection and prosecution; and (iii) set tripwires to provide advance warning of national security and criminal threats. Tripwires are described in DIOG Section 11. Effective domain management enables the FBI to identify significant threats, detect vulnerabilities within its local and national domain, identify new sources and threat indicators, and recognize new trends so that resources can be appropriately allocated at the local level in accordance with national priorities and local threats.

(U//~~FOUO~~) The field office “domain” is the territory for which a field office exercises responsibility, also known as the field office's area-of-responsibility (AOR). Domain awareness is the: (i) strategic understanding of national security and criminal threats and vulnerabilities that exist in the domain; (ii) FBI's positioning to collect against those threats and vulnerabilities; and (iii) the ability to recognize intelligence gaps related to the domain.

(U//~~FOUO~~) Through analysis of previously collected information, supplemented as necessary by properly authorized Type 4 Assessments, domain management should be undertaken at the local and national levels. [REDACTED]

b7E

[REDACTED]  
[REDACTED] See DIOG Section 11 for further discussion of tripwires. Further guidance regarding domain management and examples of intelligence products are contained in the FBIHQ IPG.

(U//~~FOUO~~) All information collected during a Type 4 Domain Assessment must be documented in [REDACTED]

b7E

[REDACTED] as directed in the [REDACTED]

[REDACTED]  
[REDACTED] or Predicated Investigation must be opened [REDACTED]  
[REDACTED]

(U//~~FOUO~~) FBIHQ DI provides specific guidance in its PG regarding the opening, coordination and purpose for a field office and national domain Type 4 Assessments.

#### 15.6.1.2 (U) WRITTEN INTELLIGENCE PRODUCTS

(U//~~FOUO~~) The FBI is authorized to conduct research, analyze information, and prepare reports and intelligence assessments (analytical written products) concerning matters relevant to authorized FBI activities, such as: (i) reports and intelligence assessments (analytical product) concerning types of criminals or criminal activities; (ii) organized crime groups, terrorism, espionage, or other threats to the national security; (iii) foreign intelligence matters; or (iv) the scope and nature of criminal activity in particular geographic areas or sectors of the economy. (AGG-Dom, Part IV)

(U//~~FOUO~~) Pursuant to Rule 16 of the Federal Rules of Criminal Procedure, 18 U.S.C. Section 3500, and Department of Justice (DOJ) policy, written intelligence products, including classified intelligence products, may be subject to discovery in a criminal prosecution, if they relate to an investigation or are produced from information gathered during an investigation. Therefore, a copy of written intelligence products that are directly related to an investigation must be filed in the appropriate investigative file(s) and must include appropriate classification markings.

(U//~~FOUO~~) A sub-file named “INTELPRODS” exists for all investigative classifications, and a copy of all written intelligence products described above must be placed in the appropriate investigative classification INTELPRODS sub-file.

#### 15.6.1.3 (U) UNITED STATES PERSON (USPER) INFORMATION

(U//~~FOUO~~) Reports, Intelligence Assessments, and other FBI intelligence products should not contain USPER information, including the names of United States corporations or business

entities, if the pertinent intelligence can be conveyed in an understandable way without including personally identifying information.

(U//~~FOUO~~) Intelligence products prepared pursuant to this Section include, but are not limited to: Domain Management, Special Events Management Threat Assessments, Intelligence Assessments, Intelligence Bulletins, Intelligence Information Reports, Weapons of Mass Destruction (WMD) Scientific and Technical Assessments, and Regional Field Office Assessments.

#### 15.6.1.4 (U) INTELLIGENCE SYSTEMS

(U//~~FOUO~~) The FBI is authorized to operate intelligence, identification, tracking, and information systems in support of authorized investigative activities, or for such other or additional purposes as may be legally authorized, such as intelligence and tracking systems relating to terrorists, gangs, or organized crime groups. (AGG-Dom. Part IV)

(U//~~FOUO~~)

b7E

(U//~~FOUO~~) When developing a new database, the FBI Office of the General Counsel Privacy and Civil Liberties Unit must be consulted to determine whether a Privacy Impact Assessment (PIA) must be prepared.

#### 15.6.1.5 (U) GEOSPATIAL INTELLIGENCE (GEOINT)

(U//~~FOUO~~) Geospatial Intelligence (GEOINT) is the exploitation and analysis of imagery and geospatial information to describe, assess and visually depict physical features and geographically-referenced activities on the Earth. As an intelligence discipline, GEOINT in the FBI encompasses all the activities involved in the collection, analysis, and exploitation of spatial information in order to gain knowledge about the national security/criminal environment and the visual depiction of that knowledge. GEOINT also represents a type of information or intelligence product, namely the information and knowledge that is produced as a result of the discipline's activities.

## 16 (U) UNDISCLOSED PARTICIPATION (UDP)

---

### 16.1 (U) OVERVIEW

(U//~~FOUO~~) Undisclosed participation (UDP) takes place when anyone acting on behalf of the FBI, including but not limited to an FBI employee or confidential human source (CHS), becomes a member or participates in the activity of an organization on behalf of the U.S. Government (USG) without disclosing FBI affiliation to an appropriate official of the organization.

#### 16.1.1 (U) AUTHORITIES

(U) The FBI derives its authority to engage in UDP in organizations as part of its investigative and intelligence collection missions from two primary sources.

(U) First, Executive Order (E.O.) 12333 broadly establishes policy for the United States Intelligence Community (USIC). Executive Order 12333 requires the adoption of procedures for undisclosed participation in organizations on behalf of elements of the USIC within the United States. Specifically, the Order provides "No one acting on behalf of elements of the Intelligence Community may join or otherwise participate in any organization in the United States on behalf of any element of the Intelligence Community without first disclosing such person's intelligence affiliation to appropriate officials of the organization, except in accordance with procedures established by the head of the Intelligence Community element concerned .... Such participation shall be authorized only if it is essential to achieving lawful purposes as determined by the Intelligence Community element head or designee." (E.O. 12333, Section 2.9, Undisclosed Participation in Organizations within the United States). The Order also provides, at Section 2.2, that "[n]othing in [E.O. 12333] shall be construed to apply to or interfere with any authorized civil or criminal law enforcement responsibility of any department or agency."

(U) Second, in addition to its role as member of the USIC, the FBI is also the primary criminal investigative agency of the federal government with authority and responsibility to investigate all violations of federal law that are not exclusively assigned to another federal agency. This includes the investigation of crimes involving international terrorism and espionage. As a criminal investigative agency, the FBI has the authority to engage in UDP as part of a Predicated Investigation or an Assessment. See 28 CFR 0.85 for additional guidance.

(U//~~FOUO~~) The FBI's UDP policy is designed to incorporate the FBI's responsibilities as both a member of the USIC and as the primary criminal investigative agency of the federal government and, therefore, applies to all investigative and information collection activities of the FBI. It is intended to provide uniformity and clarity so that FBI employees have one set of standards to govern all UDP. As is the case throughout the DIOG, however, somewhat different constraints exist if the purpose of the activity is the collection of positive foreign intelligence that falls outside the FBI's law enforcement authority. Those constraints are reflected where applicable below.

## 17 (U) OTHERWISE ILLEGAL ACTIVITY (OIA)

### 17.1 (U) OVERVIEW

(U//~~FOUO~~) Otherwise Illegal Activity (OIA) is conduct in the course of duties by an FBI employee (to include an undercover employee (UCE)) or a confidential human source (CHS) which constitutes a crime under local, state, or federal law if engaged in by a person acting without authorization. Certain types of OIA cannot be authorized, such as participation in conduct that would constitute an unlawful investigative technique (e.g., an illegal wiretap) or participation in an act of violence. In this context, "participation in an act of violence" does not include acts taken in self-defense and defense of others by the FBI employee or CHS because such actions would not be illegal.

### 17.2 (U) PURPOSE AND SCOPE

(U//~~FOUO~~) The use of OIA may be approved in the course of undercover activities or operations that involve an FBI employee or that involve use of a CHS. When approved, OIA should be limited or minimized in scope to only that which is reasonably necessary under the circumstances including the duration and geographic area to which approval applies, if appropriate.

### 17.3 (U//~~FOUO~~) APPLICATION

(U//~~FOUO~~) OIA can be authorized for an FBI employee or CHS to obtain information or evidence necessary for the success of an investigation under the following limited circumstances:

- A) (U//~~FOUO~~) when that information or evidence is not reasonably available without participation in the OIA;
- B) (U//~~FOUO~~) [REDACTED]  
[REDACTED] or [REDACTED]
- C) (U//~~FOUO~~) when necessary to prevent serious bodily injury or death.

### 17.4 (U) LEGAL AUTHORITY

- A) (U) The Attorney General's Guidelines for Domestic FBI Operations, Part V.C;
- B) (U) The Attorney General's Guidelines on Federal Bureau of Investigation Undercover Operations, Part IV.H.

### 17.5 (U//~~FOUO~~) STANDARDS AND APPROVAL REQUIREMENTS FOR OIA

#### 17.5.1 (U) GENERAL APPROVAL REQUIREMENTS

(U//~~FOUO~~) OIA that is not within the scope of [REDACTED] section 17.5.3, or is not part of an approved UCO, must be approved by [REDACTED]  
[REDACTED] See AGG-Dom Part V, Section C.3. For national security related investigations, [REDACTED]  
[REDACTED] is the approving component for OIA that requires approval beyond that authorized for SAC approval. However, as authorized by [REDACTED]  
[REDACTED] may approve OIA in such investigations. For criminal

investigations. [REDACTED] is the approving component for OIA that requires approval beyond that authorized [REDACTED]

b7E

### 17.5.2 (U) OIA IN AN UNDERCOVER ACTIVITY

(U//~~FOUO~~) General: The use of the undercover method is discussed in the DIOG Section 18.6.13. OIA is often proposed as part of an undercover scenario or in making the initial undercover contacts before the operation is approved. Specific approval for OIA must be obtained in the context of these undercover activities or operations in addition to general approval of the scenario or the operation.

(U//~~FOUO~~) OIA by an FBI employee in an undercover operation relating to activity in violation of federal criminal law that does not concern a threat to the national security or foreign intelligence: must be approved in conformity with *The Attorney General's Guidelines on FBI Undercover Operations (AGG-UCO)*. Approval of OIA in conformity with the AGG-UCO is sufficient and satisfies any approval requirement that would otherwise apply under the AGG-Dom. Additional discussion is provided in the *Undercover and Sensitive Operations Policy Implementation Guide*. A Special Agent in Charge (SAC) may approve the OIA described in subsection 17.5.3.

(U//~~FOUO~~) OIA by an FBI employee in an undercover operation (UCO) relating to a threat to the national security or foreign intelligence collection must conform to the AGG-Dom and the FBI's *National Security Undercover Operations Policy Guide (NSUCOPG)*, 0307PG.

### 17.5.3 (U//~~FOUO~~) FIELD OFFICE REVIEW AND APPROVAL OF OIA FOR AN FBI AGENT OR EMPLOYEE

(U//~~FOUO~~) An SAC may authorize the following OIA for an FBI employee only when consistent with other requirements of this section, the AGG-Dom, the AGG-UCO, and other FBI policy. OIA activities described in subsections B, C, D, and F below, require CDC review prior to SAC approval:

A) [REDACTED] otherwise illegal activity that would not be a felony under federal, state, local, or tribal law;

B) (U//~~FOUO~~) [REDACTED]  
[REDACTED]

(U//~~FOUO~~) [REDACTED]  
[REDACTED]

C) (U//~~FOUO~~) [REDACTED]

D) (U//~~FOUO~~) The payment of bribes or kickbacks<sup>24</sup>;

<sup>24</sup> (U//~~FOUO~~) In a controlled transaction, the item(s) will be monitored by the FBI and retained or seized at the conclusion of the transaction.

(U//~~FOUO~~) *Note:* the payment of bribes and the amount of such bribes in a public corruption matter may be limited by other FBI policy (see the *Public Corruption Policy Guide, 0702DPG* and the *Confidential Funding Policy Guide, 0248PG*);

- E) (U//~~FOUO~~) The making of false representations in concealment of personal identity or the true ownership of a proprietary, but not including sworn testimony; and
- F) (U//~~FOUO~~) Conducting a money laundering transactions [redacted] involving an aggregate amount not exceeding \$1 million;
- G) (U//~~FOUO~~) The advertising or soliciting of unlawful goods or services; and
- H) (U//~~FOUO~~) Gambling activities.

(U//~~FOUO~~) However, [redacted] may not authorize an activity that may constitute a violation of [redacted]  
[redacted] In an investigation relating to a threat to [redacted]  
[redacted] may authorize an activity that may otherwise violate prohibitions of [redacted] only in accordance with standards established by the Director of the FBI and agreed to by the Assistant Attorney General for National Security. (See DIOG subsection 17.5.5 for OIA related to [redacted]  
[redacted])

(U//~~FOUO~~) The field office should notify the appropriate FBIHQ operational division and OGC of any OIA proposed activity that in the judgment of the approving official may expose employees or others to significant personal safety risks, create a risk of civil liability, result in adverse publicity, or raise any other sensitive operational concern. As a matter of FBI policy, “judgment” means that the decision of the authorizing official is discretionary.

(U//~~FOUO~~) An SAC may not authorize a violation of export control laws or laws that concern the proliferation of weapons of mass destruction during an investigation relating to a threat to the national security or foreign intelligence collection. See [redacted]

[redacted] for additional guidance on OIA involving

See also [redacted]

#### 17.5.4 (U//~~FOUO~~) OIA BY A CONFIDENTIAL HUMAN SOURCE (CHS) APPROVAL

(U//~~FOUO~~) OIA by a CHS must be approved and documented in conformity with the *AGG-CHS* and the FBI *Confidential Human Source Policy Guide (CHSPG), 0836PG*.

#### 17.5.5 (U//~~FOUO~~) OIA RELATED TO [redacted] [redacted] INVESTIGATIONS

(U//~~FOUO~~) In accordance with Part V.C.3 of the AGG-Dom, the Director of the FBI and the Assistant Attorney General for the NSD of the DOJ established the following policy for FBI

(U//~~FOUO~~) For additional information regarding other governmental approvals that may be required for activities that are in violation of federal laws and regulations overseen by federal agencies other than the Department of Justice, see section 17.10.

17.5.5.1 (U//~~FOUO~~) PROCEDURES ON REQUESTS AND APPROVAL FOR OIA RELATED TO [REDACTED]

(U//~~FOUO~~) For requests, standards of review, and approval procedures of OIA related to [REDACTED] see the [REDACTED]

(U//~~FOUO~~) Any questions about this policy or its implementation should be directed to OGC, National Security Law Branch, Counterterrorism Law Units.

17.6 (U//~~FOUO~~) DOCUMENTATION OF REQUESTS TO ENGAGE IN OIA BY AN FBI AGENT OR EMPLOYEE

(U//~~FOUO~~) Requests engage in OIA by an FBI Agent or Employee must be documented in an EC [REDACTED] and electronically placed into the appropriate investigative case file. The request must include:

- A) (U//~~FOUO~~) A synopsis of the investigation to date in which the OIA is being requested;
- B) (U//~~FOUO~~) The name of the agent or employee who will engage in the OIA;
- C) (U//~~FOUO~~) The specific proposed OIA in which the agent or employee will engage;
- D) (U//~~FOUO~~) The expected duration of the OIA; and

E) (U//~~FOUO~~) Explanation of the justification for the use of OIA.

### 17.7 (U//~~FOUO~~) STANDARDS FOR REVIEW AND APPROVAL OF OIA

(U//~~FOUO~~) The appropriate approving official for the particular OIA must determine that the benefits to engaging in the requested OIA outweigh the risks involved and are necessary to:

- A) (U//~~FOUO~~) To obtain information or evidence necessary for the success of the investigation and not reasonably available without participation in the otherwise illegal activity;
- B) (U//~~FOUO~~) [REDACTED] b7E
- C) (U//~~FOUO~~) To prevent death or serious bodily injury.

(U//~~FOUO~~) The approval of OIA must be documented in an EC [REDACTED] and electronically placed into the appropriate investigative case file. The approval must include:

- A) (U//~~FOUO~~) the specific OIA activities approved;
- B) (U//~~FOUO~~) the duration of the OIA;
- C) (U//~~FOUO~~) If the OIA is required to be approved by [REDACTED] a copy of the [REDACTED] approval letter must be electronically placed into the case file. b7E

### 17.8 (U) OIA NOT AUTHORIZED

(U//~~FOUO~~) The following activities may not be authorized as OIA:

- A) (U//~~FOUO~~) Directing or participating in acts of violence;  
(U//~~FOUO~~) Self-defense and defense of others. FBI employees are authorized to engage in any lawful use of force, including the use of force in self-defense or defense of others in the lawful discharge of their duties.
- B) (U//~~FOUO~~) Activities or investigative methods that cannot be authorized because they are prohibited by law, including activities that would violate protected constitutional or federal statutory rights in the absence of a court order or warrant such as illegal wiretaps and searches. For example, approving a non-consensual, non-emergency wiretap without a court order; approving the search of a home without a warrant or an exception to the warrant requirement, etc.

### 17.9 APPROVAL AND DOCUMENTATION OF EMERGENCY OIA

(U//~~FOUO~~) Without prior approval, an FBI employee may engage in OIA that could be authorized under this section only if necessary to meet an immediate threat to the safety of persons or property or to the national security, or to prevent the compromise of an investigation or the loss of a significant investigative opportunity. In such a situation, prior to engaging in the OIA, every effort should be made by the FBI employee to consult with the SAC, and by the SAC to consult with the United States Attorney's Office (USAO) or appropriate DOJ Division where the authorization of that office or division would be required unless the circumstances preclude such consultation. Circumstances in which OIA occur pursuant to this paragraph without the authorization required must be reported as soon as practicable, but not more than five (5) business days to the SAC, and by the SAC to FBIHQ and to the USAO or appropriate DOJ Division within five (5) business days of being notified. For the requirements for emergency

authorization of OIA in [REDACTED] see the [REDACTED]

[REDACTED] or the [REDACTED]

#### 17.10 OTHER GOVERNMENTAL APPROVALS

(U//~~FOUO~~) In addition to the approvals set forth above, additional coordination with other federal agencies may be necessary. Extraterritorial activity may involve conduct which would be in violation of laws and regulations overseen by federal agencies other than the Department of Justice. [REDACTED]

[REDACTED] Upon FBI request, when necessary, each of those agencies may issue licenses to authorize activity that is otherwise prohibited.

### 18.1.3 (U) *GENERAL OVERVIEW*

(U/~~FOUO~~) The conduct of Assessments, Predicated Investigations (Preliminary Investigations and Full Investigations) and other activities authorized by the Attorney General's Guidelines for Domestic FBI Operations (AGG-Dom) may present choices between the use of different investigative methods (formerly investigative "techniques") that are each reasonable and effective based upon the circumstances of the investigation, but that are more or less intrusive, considering such factors as the effect on the privacy and civil liberties of individuals and the potential damage to reputation. The least intrusive method if reasonable based upon the circumstances of the investigation is to be used in such situations. However, the choice of methods is a matter of judgment. The FBI is authorized to use any lawful method consistent with the AGG-Dom, even if intrusive, where the degree of intrusiveness is warranted in light of the seriousness of a criminal or national security threat or the strength of the information indicating its existence, or in light of the importance of the foreign intelligence sought to the United States' interests. (AGG-Dom, Part I.C.2.)

(U) The availability of a particular investigative method in a particular investigation may depend upon the level of investigative activity (Assessment, Preliminary Investigation, Full Investigation, and Assistance to Other Agencies).

### 18.1.4 (U) *CONDUCTING INVESTIGATIVE ACTIVITY IN ANOTHER FIELD OFFICE'S AOR*

(U) Investigative information that may be within another field office's AOR can generally be obtained by setting an investigative lead to that field office. However, investigative circumstances may require employees to travel to another office's AOR to conduct investigative activity. In such circumstances, an employee, with the approval of [ ] and the [ ] in the other field office, may enter that office's AOR and conduct the necessary investigative activity (e.g. interview). However, if unplanned investigative activities or exigent circumstances prevent an employee from obtaining advance [ ] and advance [ ] before entering another field office's AOR, notification should be made as soon as practicable to the [ ] and [ ] in the other office's AOR, including the type of investigative activity(s) that occurred and the circumstances that made obtaining prior approval and concurrence unfeasible.

b7E

### 18.2 (U) *LEAST INTRUSIVE METHOD*

(U) The AGG-Dom requires that the "least intrusive" means or method be considered and—if reasonable based upon the circumstances of the investigation—used to obtain intelligence or evidence in lieu of more intrusive methods. This principle is also reflected in Executive Order 12333, which governs the activities of the United States intelligence community (USIC). The concept of least intrusive method applies to the collection of intelligence and evidence.

(U) Selection of the least intrusive means is a balancing test as to which FBI employees must use common sense and sound judgment to effectively execute their duties while mitigating the potential negative impact on the privacy and civil liberties of all people encompassed within the Assessment or Predicated Investigation, including targets, witnesses, and victims. This principle is not intended to discourage investigators from seeking relevant and necessary intelligence, information, or evidence, but rather is intended to encourage investigators to choose the least intrusive—yet still reasonable—means from the available options to obtain the material. Additionally, FBI employees should operate openly and consensually with United States persons (USPERs) to the extent practicable when collecting foreign intelligence that does not concern criminal activities or threats to the national security.

(U) DIOG Section 4.4 describes the least intrusive methods concept and the standards to be applied by FBI employees.

### **18.3 (U) PARTICULAR INVESTIGATIVE METHODS**

(U//~~FOUO~~) All lawful investigative methods may be used in activities under the AGG-Dom as authorized by the AGG-Dom. Lawful investigative methods include those investigative methods contained in this DIOG as well as additional investigative methods and resources authorized in other FBI policy and guidance (for example, future additions to DIOG Sections 18, as well as PGs). In some instances the authorized investigative methods are subject to special restrictions or review or approval requirements. (AGG-Dom, Part V.A.)

#### **18.3.1 (U) *USE OF CRIMINAL INVESTIGATIVE METHODS IN NATIONAL SECURITY INVESTIGATIONS***

(U//~~FOUO~~) Because national security investigations may implicate criminal issues as well, the availability of criminal investigative methods should be considered when appropriate. However, any use of criminal investigative methods should be closely coordinated with FBIHQ, both operational units and the NSLB, prior to any anticipated use of this criminal investigative process. The NSLB maintains liaison with DOJ OI respecting the use of FISA authorized investigative methods in national security investigations.

### **18.4 (U) INFORMATION OR EVIDENCE OBTAINED IN ASSESSMENTS AND PREDICATED INVESTIGATIONS**

(U) The use, retention and/or dissemination of information obtained during authorized investigations must comply with the AGG-Dom and the DIOG. If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

(U) During the course of an Assessment or Predicated Investigation, FBI employees lawfully may collect or passively receive items of evidence or intelligence from a variety of sources. Experience has demonstrated that the relevance of every item of evidence or intelligence collected or received is not always apparent at the time it is obtained. Accordingly, FBI employees have wide latitude to establish or determine the relevance of information as the Assessment or investigation develops. Nevertheless, as a matter of administrative efficiency and

sound business practice, if an FBI employee obtains an item of evidence which clearly is not relevant to the Assessment or investigation and there is no foreseeable future evidentiary or intelligence value of the item for the FBI or the USIC, the item should be returned or destroyed as circumstances warrant, with a record of the disposition documented in the file or on the FD-71 or Guardian (FD-71a). In the alternative, such item of evidence may be sequestered in the investigative file. If it is later determined that the item of evidence is relevant, the item may be used in the investigation upon such determination. The determination of relevancy will be made on a case-by-case basis with supervisory direction and may include consultation with the appropriate federal prosecuting office and/or the Chief Division Counsel (CDC) or the Office of the General Counsel (OGC). This policy does not supersede Sections 18.6.4.1.5 (Administrative Subpoenas); 18.6.5.1 (Federal Grand Jury Subpoena); 18.6.6.1.7 (National Security Letters); or 18.6.7.1.6 (FISA Order for Business Records), or any requirement imposed by statute, regulation or other applicable law.

**18.5.1 (U) INVESTIGATIVE METHOD: PUBLIC INFORMATION (“PUBLICLY AVAILABLE INFORMATION”)**

(U) See AGG-Dom. Part II.A.4.a and Part VII.L.

**18.5.1.1 (U) SCOPE**

(U//~~FOUO~~) Public information is “Publicly Available Information” that is:

- A) (U) Published or broadcast for public consumption;
- B) (U) Available on request to the public;
- C) (U) Accessible on-line or otherwise to the public;
- D) (U) Available to the public by subscription or purchase;
- E) (U) Made available at a meeting open to the public;
- F) (U) Obtained by visiting any place or attending an event that is open to the public (e.g., public places); or
- G) (U) Observed, heard, smelled, detected or obtained by any casual observer or member of the public and does not involve unconsented intrusion into private places.

(U//~~FOUO~~) The phrase “observed, heard, smelled, detected or obtained by any casual observer or member of the public” includes, for example, plain view observations; overhearing a conversation taking place at an adjacent table in a public restaurant; odor detection (by a person, drug dog, or technical device) emanating from a vehicle, in a public place, or from locations to which the employee has gained lawful access; searching property that has been intentionally abandoned, including property discarded in public trash containers or public dumpsters (but does not include a “trash cover” as set forth in DIOG Section 18.6.12).

(U//~~FOUO~~) The following are examples:

- 1) (U) Viewing the vehicle identification number or personal property that is exposed to public view and may be seen when looking through the window of a car that is parked in an area that is open to and accessible by members of the public;
- 2) (U) The examination of books and magazines in a book store or the purchase of such items. See *Maryland v. Macon*, 472 U.S. 463 (1985); and
- 3) (U) A deliberate overflight in navigable air space to photograph marijuana plants is not a search, despite the landowner’s subjective expectation of privacy. See *California v. Ciraolo*, 476 U.S. 207 (1986).

(U//~~FOUO~~) Note: Consent Searches are authorized in Assessments, as well as in Predicated Investigations.

(U//~~FOUO~~) Note: If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

18.5.1.3 (U) APPROVAL

(U//~~FOUO~~) Supervisory approval is not required for use of this method, except for the special rule for attending a religious service, even if it is open to the public. (See DIOG Section 18.5.1.3.1)

18.5.1.3.1 (U//~~FOUO~~) *SPECIAL RULES: “SPECIAL RULE FOR RELIGIOUS SERVICES” AND “SPECIAL RULE FOR OTHER SENSITIVE ORGANIZATIONS”*

18.5.1.3.1.1 (U//~~FOUO~~) *SPECIAL RULE FOR RELIGIOUS SERVICES – REGARDLESS OF WHETHER IT IS OPEN TO THE GENERAL PUBLIC*

A) (U//~~FOUO~~) *In Assessments:*

An FBI employee attending a religious service overtly must have SSA approval. Higher approvals may be required under certain circumstances, such as attendance that rises to the level of UDP (see DIOG Section 16).

**18.5.2 (U) INVESTIGATIVE METHOD: RECORDS OR INFORMATION – FBI AND DEPARTMENT OF JUSTICE (DOJ)**

(U) See AGG-Dom. Part II.A.4.b.

**18.5.2.1 (U) SCOPE**

(U//~~FOUO~~) An FBI employee may access and examine FBI and other DOJ records and may obtain information from any FBI personnel or other DOJ personnel. Access to certain FBI records may be restricted to designated FBI personnel because of the sensitive nature of the information in the record, the classification of the record, or the tool used to gather the information contained in the record. These include, but are not limited to: FBI records concerning human source identification; espionage investigations; code word; other compartmented information; records that include raw FISA collections; and Rule 6(e) material.

(U//~~FOUO~~) Note: If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

**18.5.2.2 (U) APPLICATION**

(U//~~FOUO~~) [REDACTED]

b7E

**18.5.2.3 (U) APPROVAL**

(U//~~FOUO~~) Supervisory approval is not required to use this method, except that if the use of records constitutes pattern-based data mining under the Federal Data Mining Reporting Act of 2007, it must be reviewed and approved according to Section 18.5.2.4 below.

**18.5.2.4 (U) PATTERN-BASED DATA MINING**

(U//~~FOUO~~) As used here, pattern-based data mining (PBDM) means queries or other analysis of electronic databases using two or more search criteria designed to discover or locate a predictive pattern or anomaly indicative of terrorist or criminal activity on the part of any individual or individuals (as defined in [REDACTED])

b7E

[REDACTED] Any such analysis based solely on racial, ethnic, national origin or religious characteristics is strictly prohibited.

(U//~~FOUO~~) For purposes of this requirement, pattern-based data mining does not include activities using one or more personal identifiers to identify an individual or analysis designed to discover links between a specific subject and unknown individuals or entities, even if the subject's actual identity is not yet known. Pattern-based data mining does not include queries or analysis designed solely to identify potential human sources of intelligence nor does it include activities designed to identify an individual or individuals associated with criminal or terrorist activity that has already occurred. [REDACTED]

b7E

[REDACTED] In contrast, database queries using criteria [REDACTED]

b7E

[REDACTED] because the queries are being used to investigate a crime that has already occurred. Queries designed to identify individuals or entities who have had contact with a specific individual are not pattern-based data mining; rather, such queries are subject-based data mining, even if the specific individual's actual identity is presently unknown.

(U//~~FOUO~~) The majority of data analysis performed during FBI Assessments and Predicated Investigations is based on specific individuals or events and therefore does not constitute pattern-based data mining because it is either link analysis or is not predictive of future behavior.

(U//~~FOUO~~) A Privacy Threshold Analysis (PTA) for pattern-based data mining must be completed and forwarded to the Privacy and Civil Liberties Unit, OGC. See the Privacy Policy Implementation Guide, 0299PG, for additional details.

(U//~~FOUO~~) The Sensitive Operations Review Committee (SORC) must also receive notice of any proposal to use pattern-based data mining as defined above. Additionally, pursuant to the Federal Agency Data Mining Reporting Act of 2007,<sup>26</sup> the FBI must advise the DOJ of all agency initiatives that involve the use of PBMD, so that those activities may be included in the Department's annual report to Congress. (See the Pattern-based Data Mining Reporting Requirements Policy Directive, 0310D).

#### 18.5.2.5 (U) USE/DISSEMINATION

(U//~~FOUO~~) The use or dissemination of information obtained by this method must comply with the AGG-Dom and DIOG Section 14.

(U//~~FOUO~~) The request for the records and the records received from DOJ and used during an Assessment or Predicated Investigation must be maintained as part of the appropriate file [REDACTED]

### 18.5.3 (U) **INVESTIGATIVE METHOD: RECORDS OR INFORMATION – OTHER FEDERAL, STATE, LOCAL, TRIBAL, OR FOREIGN GOVERNMENT AGENCY**

(U) See AGG-Dom. Part II.A.4.c.

#### 18.5.3.1 (U) **SCOPE**

(U//~~FOUO~~) An FBI employee may access and examine records maintained by, and request information from, other federal, state, local, or tribal, or foreign governmental entities or agencies. When requesting information using this authority, care must be taken to ensure the entity to which the request is made understands that it is not compelled to provide such information or create a new record to assist the FBI.

(U//~~FOUO~~) *Note:* If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

#### 18.5.3.3 (U) **APPROVAL**

(U//~~FOUO~~)

(U//~~FOUO~~) ***Requests to other Federal Agencies:*** The FBI may request, for a law enforcement purpose, that another federal agency disclose Privacy Act-protected records through a written request (5 U.S.C. 552a(b)(7)). Such written requests must be for a civil or criminal law enforcement purpose and must be made by the Director or his designee. (See 28 CFR 16.40(c); OMB Guidelines, 40 Fed. Reg. at 28 sec. 955.) Pursuant to these provisions, the Director hereby delegates his authority to request formally from federal agencies information and records otherwise protected from disclosure by the Privacy Act, at FBIHQ, to all Section Chiefs and above, and in the field, to all SACs and ADICs. This authority may not be redelegated to a person below the rank of SAC in the field and SC in FBIHQ.

(U) The FBI may also request another federal agency to disclose Privacy Act-protected records pursuant to that agency's published routine uses. See 5 U.S.C. sec. 552a(b)(3). These requests need not be made in writing, and there are no restrictions on which FBI personnel may ask for such information.

(U//~~FOUO~~) ***Requests to Foreign Agencies:*** Requests for records or information from a foreign government entity or agency must be appropriately coordinated through the applicable FBI LEGAT office, International Operations Division (IOD), INTERPOL, relevant FBIHQ operational division, and/or DOJ Office of International Affairs, as necessary. Direct contact with foreign government agencies is authorized in certain circumstances, such as an imminent threat situation.

(U//~~FOUO~~) If the analysis of records obtained in this manner constitutes Pattern-based Data Mining (PBDM) under the Federal Data Mining Reporting Act of 2007, it must be reviewed and approved according to Section 18.5.2.3, above.

#### 18.5.4 (U) **INVESTIGATIVE METHOD: ON-LINE SERVICES AND RESOURCES**

(U) See AGG-Dom, Part II.A.4.d.

##### 18.5.4.1 (U) **SCOPE**

(U//~~FOUO~~) An FBI employee may use any publicly available on-line service or resource including those that the FBI has obtained by subscription or purchase for official use, including services available only to law enforcement entities.

(U//~~FOUO~~) Note: If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

##### 18.5.4.2 (U) **APPLICATION**

(U//~~FOUO~~) This investigative method may be used prior to opening an Assessment, in Assessments, Predicated Investigations, foreign intelligence collection investigations, and for assistance to other agencies.

##### 18.5.4.3 (U) **APPROVAL**

(U//~~FOUO~~) Supervisory approval is not required to use this method, although subscribing to or purchasing any new service or resource must be done according to FBI contracting procedures.

(U//~~FOUO~~) Example: Publicly available on-line services or resources include, but are not limited to: [REDACTED] Online resources that may be purchased by the FBI for official use include, but are not limited to: [REDACTED]

### 18.5.5 (U) *INVESTIGATIVE METHOD: CHS USE AND RECRUITMENT*

(U) See AGG-Dom. Part II.A.4.e.

#### 18.5.5.1 (U) *SCOPE*

#### 18.5.5.2 (U) *APPLICATION*

(U//~~FOUO~~) This investigative method may be used in Assessments, Predicated Investigations, foreign intelligence collection investigations, and for assistance to other agencies when it is not otherwise prohibited by AGG-Dom, Part III.B.2.

(U) When collecting positive foreign intelligence, the FBI must operate openly and consensually with an USPER, to the extent practicable.

(U//~~FOUO~~) A CHS can be “used” in support of an Assessment and a Predicated Investigation or for the purpose of validating, vetting or determining the suitability of another CHS as part of an Assessment.

#### 18.5.5.3 (U) *APPROVALS*

(U//~~FOUO~~) All investigative methods should be evaluated to ensure compliance with the admonition that the FBI should use the least intrusive method if reasonable based upon the circumstances of the investigation. That requirement should be particularly observed during an Assessment when using a CHS because the use of a CHS during an Assessment may be more intrusive than many other investigative methods. Use of a CHS in an Assessment should take place only after considering whether there are effective, less intrusive means available to obtain the desired information. The CHS must comply with all constitutional, statutory, and regulatory restrictions and limitations. In addition:

- A) (U//~~FOUO~~) CHS use and direction must be limited in focus and scope to what is necessary to accomplish the authorized purpose and objective of the Assessment or Predicated Investigation. [REDACTED]

b7E

B) (U//~~FOUO~~) During an Assessment: [REDACTED]

1) (U//~~FOUO~~) ***In Assessments:*** [REDACTED]

**18.5.6 (U) INVESTIGATIVE METHOD: INTERVIEW OR REQUEST INFORMATION  
FROM THE PUBLIC OR PRIVATE ENTITIES**

(U) See AGG-Dom. Part II.A.4.f; AGG-Dom. Part II.B.4.

**18.5.6.1 (U) SCOPE**

(U//~~FOUO~~) An interview is the questioning of an individual (including a subject or target) in order to gather information that is pertinent to and within the scope of an authorized Assessment or Predicated Investigation, or otherwise within the scope of FBI authority. An “interrogation” is a type of interview. For purposes of this policy provision, the terms “interview” and “interrogation” are interchangeable. In accordance with DIOG Section 5.1.1, the initial questioning of a complainant is not an interview, nor is re-contacting a complainant to clarify information that was initially provided. Normally, an FBI employee should disclose the employee’s affiliation with the FBI and true purpose of the interview at the outset. The person being interviewed is voluntarily providing information and his/her Constitutional rights must be respected.

(U//~~FOUO~~) It is the policy of the FBI that an employee<sup>27</sup> must not use force, threats, improper promises, or physical abuse when conducting an interview, or the threat of such abuse to the person being interviewed, or to any third party. It is also the policy of the FBI that an employee must not impose severe physical conditions on the person being interviewed.

(U//~~FOUO~~) All persons, whether in custody or not, located domestically or overseas, who are interviewed by FBI employees must be treated in accordance with FBI policy at all times. In addition, FBI employees must adhere, at all times, to the Constitution and laws of the United States, including but not limited to the prohibition against torture found in chapter 113C of title 18, United States Code, when conducting any interview or interrogation regardless of geographic location of the interview or interrogation.

(U//~~FOUO~~) FBI employees may not obtain a statement by force, threats, or improper promises. FBI employees do not have the authority to promise leniency or immunity from prosecution. Additionally, the interviewer should make reasonable efforts to obtain information that is accurate, relevant, timely, and complete. An interview may only elicit a description of how an individual exercises a right guaranteed by the First Amendment to the Constitution if such information is pertinent to and within the scope of an authorized activity; similarly, regardless of how such information is elicited, it may not be maintained in FBI files unless it is pertinent to and within the scope of an authorized activity.

(U//~~FOUO~~) Nothing in this section prohibits asking for or accepting volunteered access to personal or real property. “Consent Searches” are authorized in Assessments, as well as in Predicated Investigations.

(U//~~FOUO~~) [REDACTED]

<sup>27</sup> The term “FBI employee” includes, but is not limited to, an operational/administrative professional staff person, intelligence analyst, special agent, task force officer (TFO), task force member (TFM), task force participant (TFP), detailee, and FBI contractor.

(U//~~FOUO~~) *Note:* If the originator of information reported to the FBI characterizes an individual, group, or activity in a certain way, and that characterization should be documented for completeness of the FBI record, the FBI record (i.e., 302, EC, LHM) should reflect that another party, and not the FBI, is the originator of the characterization.

#### 18.5.6.2 (U) APPLICATION

(U//~~FOUO~~)

b7E

#### 18.5.6.3 (U) VOLUNTARINESS

(U//~~FOUO~~) Information that is sought during an interview must be provided voluntarily. It is the policy of the FBI that an employee must not use force, threats, improper promises, or physical abuse when conducting an interview, or the threat of such abuse to the person being interviewed, or to any third party. It is also the policy of the FBI that an employee must not impose severe physical conditions on the person being interviewed.

(U//~~FOUO~~) FBI employees do not have the authority to promise leniency or immunity from prosecution. If, during a non-custodial interview, the interviewee indicates he or she wishes to consult an attorney, the interviewer should assess whether continuing the interview would negatively affect the voluntariness of any further information provided. In determining whether a statement has been given voluntarily, courts evaluate a “totality of the circumstances,” which may include consideration of the following factors:

- A) (U//~~FOUO~~) Whether the interviewee was notified of any charges against him/her or advised of his/her rights;
- B) (U//~~FOUO~~) The interviewee’s age, intelligence, experience, and physical condition;
- C) (U//~~FOUO~~) Whether there was any physical abuse or threats of abuse during the interview;
- D) (U//~~FOUO~~) The number of officers present and whether weapons were displayed during the interview;
- E) (U//~~FOUO~~) Whether threats or psychological pressure was used during the interview;
- F) (U//~~FOUO~~) Whether the interviewee was deprived of food, sleep, medication, or outside communication during the interview;

b7E

G) (U//~~FOUO~~) The duration of the interview, and whether any trickery, ruse, or deception was used; and

H) (U//~~FOUO~~) Whether there were any promises of leniency or other inducements made during the interview.

(U//~~FOUO~~) See Sections 18.5.6.3.8, 18.5.6.3.9, and 18.5.6.4.13 below for additional considerations when interviewing juveniles.

(U//~~FOUO~~) These factors are illustrative. The presence of any one or more of the factors mentioned above will not necessarily make a statement involuntary.

#### 18.5.6.4 (U) APPROVAL / PROCEDURES

(U//~~FOUO~~) Generally, interviews do not require supervisory approval, except for:

- A) (U//~~FOUO~~) Circumstances involving the Advice of Rights in Connection with Operational Terrorists inside the United States (See Section 18.5.6.4.1.4 below);
- B) (U) Contact with Represented Parties (See Section 18.5.6.4.5 below);
- C) (U) Member of the U.S. Congress and their Staffs (See Section 18.5.6.4.6 below);
- D) (U) White House Personnel (See Section 18.5.6.4.7 below);
- E) (U) Members of the News Media (See Section 18.5.6.4.8 below); and
- F) (U//~~FOUO~~) [REDACTED]

(U//~~FOUO~~) No policy or PG may contradict, alter or otherwise modify the interview standards of the DIOG, i.e., requiring approvals for other types of interviews not specified above, etc. PGs may, however, require prior notice to FBIHQ for other interview types.

##### 18.5.6.4.1 (U) DOMESTIC CUSTODIAL INTERVIEWS<sup>30</sup>

(U//~~FOUO~~) An FBI employee must advise a person who is in custody of his/her *Miranda* rights, per the [REDACTED] FD-395 form, before beginning an interview inside the United States with the exception of questioning reasonably prompted by a concern for public safety (discussed below) including the exception of questioning reasonably prompted by a concern for public safety (See DIOG Section 18.5.6.4.1.3 below) [REDACTED]

[REDACTED] See DIOG Section 18.5.6.4.1.4 below). It is critical that the person understand his/her rights before questioning. By signing the FD-395, the defendant acknowledges that he/she has been advised of his/her rights and is willing to proceed without a lawyer present. Once the advice of rights is provided and the interviewee voluntarily, knowingly, and intelligently waives those rights, the interview may proceed until such time as the interviewee invokes a right to silence and/or counsel. [REDACTED]

(U//~~FOUO~~) A person is "in custody" for purposes of *Miranda* when his/her freedom of movement is significantly restricted. Custody can arise short of formal arrest when, judging from the totality of the circumstances, a reasonable person in the position of the interviewee

<sup>30</sup> (U) [REDACTED]

would believe that he/she is in custody. A brief, temporary investigative detention is not custody provided it is reasonable in scope. In assessing whether a temporary detention is reasonable in scope and thus not custody for purposes of *Miranda*, factors to consider include the degree of force used to affect the detention, use of restraining devices and whether the individual was moved from the location of the stop. Employees can clarify custodial status by telling the person that he/she is not under arrest. See DIOG subsection 18.5.6.4.17.3 below regarding requirements for recording custodial interviews. All statements made during a custodial interview of persons arrested by the FBI for federal crimes,<sup>31</sup> prior to initial appearance and while in a place of detention with suitable recording equipment, must be electronically recorded (with very limited exceptions as listed in DIOG subsection 18.5.6.4.17.4, below).

**18.5.6.4.1.1 (U) *MIRANDA* WARNINGS REQUIRED DOMESTICALLY**

(U//~~FOUO~~) *Miranda* warnings are required when a person:

- A) (U//~~FOUO~~) Has been arrested and is in federal, tribal, state, or local custody;
- B) (U//~~FOUO~~) Is significantly restricted in his freedom of movement to a degree normally associated with a formal arrest; or
- C) (U//~~FOUO~~) Regardless of custody, has previously been formally charged, prosecution is pending, and the subject matter of the interview concerns the pending charge.

(U//~~FOUO~~) For the purposes of *Miranda*, an interview refers to express questioning and any words or actions that are reasonably likely to elicit an incriminating response. In a custodial interview, the individual must be advised of the names and official identities of the employee(s) conducting the interview, the nature of the inquiry, and provided *Miranda* warnings, per the FD-395 form, before being interviewed. After being advised of his/her rights, if an interviewee who is in custody, invokes the right to counsel and/or the right to remain silent, this must be honored and the interview must cease. However, once the advice of rights is provided and the interviewee voluntarily, knowingly, and intelligently waives those rights, the interview may proceed until such time as the interviewee invokes a right to silence and/or counsel. While an express waiver, including signing a waiver portion of the FD-395, is preferred, [REDACTED]

b7E

Once the interviewee invokes his or her right to remain silent and/or right to counsel, the interview must immediately be terminated. The fact that the interviewee invoked the right to counsel and/or the right to remain silent should be recorded on the FD-395 and the form should be executed in all other respects.

**18.5.6.4.1.2 (U) *MIRANDA* WARNINGS NOT REQUIRED DOMESTICALLY**

(U//~~FOUO~~) There are certain custodial interviews in which the protection *Miranda* provides against self-incrimination may not be served by reading the standard warnings and obtaining a waiver. In the following circumstances, *Miranda* warnings are not required for custodial interviews:

- A) (U//~~FOUO~~) standard booking questions;

<sup>31</sup> This policy does not apply to a person arrested for a state or local crime during a joint or Task Force investigation.

- B) (U//~~FOUO~~) an interview of the incarcerated individual as a victim or witness in an unrelated matter that does not pertain to any pending charges against the interviewee;
- C) (U//~~FOUO~~) the public safety exception (discussed in more detail below); and
- D) (U//~~FOUO~~) in connection with arrests of operational terrorists inside the United States (discussed in more detail below).

**18.5.6.4.1.3 (U//~~FOUO~~) PUBLIC SAFETY EXCEPTION**

(U//~~FOUO~~) The warning and waiver of rights is not required when questions are asked that are reasonably prompted by a concern for public safety [REDACTED]

b6  
b7C

[REDACTED] This public safety exception could also apply to other situations where imminent threat(s) to the safety of law enforcement officers or member(s) of the public could be alleviated by questions necessary to neutralize the threat.

**18.5.6.4.1.4 (U//~~FOUO~~) ADVICE OF RIGHTS IN CONNECTION WITH ARRESTS OF OPERATIONAL TERRORISTS INSIDE THE UNITED STATES<sup>32</sup>**

(U//~~FOUO~~) Identifying and apprehending suspected terrorists, interrogating them to obtain intelligence about terrorist activities and impending terrorist attacks, and lawfully detaining them so that they do not pose a continuing threat to our communities are critical to protecting the American people. The DOJ and the FBI believe that we can maximize our ability to accomplish these objectives by continuing to adhere to FBI policy regarding the use of *Miranda* warnings for custodial interrogation of operational terrorists<sup>33</sup> who are arrested inside the United States:

- A) (U//~~FOUO~~) If applicable, agents should ask any and all questions that are reasonably prompted by an immediate concern for the safety of the public or the arresting agents without advising the arrestee of his *Miranda* rights.<sup>34</sup>
- B) (U//~~FOUO~~) After all applicable public safety questions have been exhausted, agents should advise the arrestee of his/her *Miranda* rights and seek a waiver of those rights before any further interrogation occurs, absent the exceptional circumstances described below.

<sup>32</sup> (U//~~FOUO~~) This guidance applies only to arrestees who have not been indicted and who are not known to be represented by an attorney. For policy concerning the interrogation of indicted defendants, see Section 18.5.6.4.1; and for policy concerning contact with represented persons, see DIOG Section 18.5.6.4.5.

<sup>33</sup> (U//~~FOUO~~) For these purposes, an operational terrorist is an arrestee who is reasonably believed to be either a high-level member of an international terrorist group; or an operative who has personally conducted or attempted to conduct a terrorist operation that involved risk to life; or an individual knowledgeable about operational details of a pending terrorist operation.

<sup>34</sup> (U//~~FOUO~~) The Supreme Court held in *New York v. Quarles*, 467 U.S. 649 (1984), that if law enforcement officials engage in custodial interrogation of an individual that is "reasonably prompted by a concern for the public safety," any statements the individual provides in the course of such interrogation shall not be inadmissible in any criminal proceeding on the basis that the warnings described in *Miranda v. Arizona*, 384 U.S. 436 (1966), were not provided. The Court noted that this exception to the *Miranda* rule is a narrow one and that "in each case it will be circumscribed by the {public safety} exigency which justifies it." 467 U.S. at 657.

C) (U//~~FOUO~~) There may be exceptional cases in which, although all relevant public safety questions have been asked, agents nonetheless conclude that continued unwarned interrogation is necessary to collect valuable and timely intelligence not related to any immediate threat, and that the government=s interest in obtaining this intelligence outweighs the disadvantages of proceeding with unwarned interrogation.<sup>35</sup>

(U//~~FOUO~~) In these exceptional cases, agents must seek SAC approval, which cannot be delegated, to proceed with an unwarned interrogation after the public safety questioning is concluded. Whenever feasible, the SAC will consult with FBIHQ (including OGC) and DOJ attorneys before granting approval. Presentment of an arrestee may not be delayed simply to continue the interrogation, unless the arrestee has timely waived prompt presentment.

(U//~~FOUO~~) The determination whether particular unwarned questions are justified on public safety grounds must always be made on a case-by-case basis based on all the facts and circumstances. In light of the magnitude and complexity of the threat often posed by terrorist organizations, particularly international terrorist organizations, and the nature of their attacks, the circumstances surrounding an arrest of an operational terrorist may warrant significantly more extensive public safety interrogation without *Miranda* warnings than would be permissible in an ordinary criminal investigation. Depending on the facts, such interrogation might include, for example, [REDACTED]

b7E

(U//~~FOUO~~) As noted above, if there is time to consult with FBIHQ (including OGC) and Department of Justice attorneys regarding the interrogation strategy to be followed prior to reading the arrestee his *Miranda* rights, the field office should endeavor to do so. Nevertheless, the agents on the scene who are interacting with the arrestee are in the best position to assess what questions are necessary to secure their safety and the safety of the public, and how long the post-arrest interview can practically be delayed while interrogation strategy is being discussed.

18.5.6.4.2 (U//~~FOUO~~) **MIRANDA WARNINGS FOR SUSPECTS IN CUSTODY OVERSEAS**

(U//~~FOUO~~) The decision to use or not use *Miranda* warnings during an overseas custodial interrogation will have to be made on a case-by-case basis and weigh many factors. Overall, if there is a reasonable likelihood of a prosecution in a U.S. civilian criminal court of the person being interrogated while in custody overseas, agents should discuss with FBIHQ, FBI OGC, and DOJ whether warnings should be provided to the person being interrogated. Once the determination is made to provide *Miranda* warnings as part of an overseas custodial

<sup>35</sup>(U//~~FOUO~~) The Supreme Court has strongly suggested that an arrestee's Fifth Amendment right against self-incrimination is not violated at the time a statement is taken without *Miranda* warnings, but instead may be violated only if and when the government introduces an unwarned statement in a criminal proceeding against the defendant. *See Chavez v. Martinez*, 538 U.S. 760, 769 (2003) (plurality op.); *id.* at 789 (Kennedy, J., concurring in part and dissenting in part); *cf. also id.* at 778-79 (Souter, J., concurring in the judgment); *See also United States v. Patane*, 542 U.S. 630, 641 (2004) (plurality opinion) ("[V]iolations [of the Fifth Amendment right against self-incrimination] occur, if at all, only upon the admission of unwarned statements into evidence at trial."); *United States v. Verdugo-Urguidez*, 494 U.S. 259, 264 (1990) ("[A] violation [of the Fifth Amendment right against self-incrimination] occurs only at trial.").

interrogation, if the person being interrogated invokes his right to remain silent or consult with an attorney, this invocation should be honored. If use of *Miranda* warnings is appropriate given the circumstances of the case, the following DOJ-approved modified waiver form should be used. The form is the *Standard Advice of Rights for Suspects in Foreign Custody, FD-1081*.

18.5.6.4.3 (U) **CONSTITUTIONAL RIGHTS TO SILENCE AND COUNSEL UNDER MIRANDA**

- A) (U//~~FOUO~~) **Silence:** If a custodial interviewee invokes his/her right to remain silent, FBI employees should not attempt a subsequent interview until a significant period of time has elapsed (a two-hour period has been held to be significant) or the interviewee requests to be interviewed anew. In either case, an FBI employee will ensure that the interviewee is again advised of his/her *Miranda* rights and indicates that he/she understand those rights before further questioning. If the interviewee again asserts his/her right to remain silent or the right to counsel, questioning must cease at that time. Assertion of the right to silence, like assertion of the right to counsel, must be unequivocal and unambiguous. A waiver of the right to remain silent occurs when an interviewee knowingly and voluntarily makes a statement; assertion of the right to remain silent requires more than mere silence in the face of questioning. This right, like the right to counsel, can be invoked at any time during custodial interrogation. Agents may continue questioning someone who has not clearly invoked his/her right to remain silent, but if the custodial interviewee asserts his/her right to silence, questioning must cease at that time.
- B) (U//~~FOUO~~) **Counsel:** If a custodial interviewee invokes his/her right to counsel, questioning must cease. FBI employees may not attempt a subsequent interview unless counsel is present, the custodial interviewee initiates contact, or there has been a break in custody of at least 14 days.
- 1) (U//~~FOUO~~) When a custodial interviewee who has invoked his/her right to counsel initiates a subsequent interview, an FBI employee must ensure that the interviewee is advised of and understands his/her *Miranda* rights before proceeding with the interview. Not every statement by a custodial interviewee can fairly be interpreted as initiating a subsequent interview. In order to constitute the initiation of an interview, the custodial interviewee must either directly request such or use words that are reasonably interpreted as expressing a desire to be interviewed. If the words used are ambiguous, the FBI employee should clarify the custodial interviewee's intent by asking directly whether the custodial interviewee wants to be interviewed. The words and responses, if any, to such clarifying questions should be documented. General conversation by a custodial interviewee cannot be interpreted as indicating a desire to be interviewed and cannot be used standing alone to predicate a second interview after the right to counsel has been invoked. If the interviewee again asserts his/her right to counsel, or invokes his/her right to silence, questioning must cease at that time.
  - 2) (U//~~FOUO~~) When an uncharged and/or unrepresented interviewee who has previously invoked his/her right to counsel experiences a break-in-custody of at least 14 days, he/she may be approached for a subsequent interview. FBI employees, however, must ensure that the custodial interviewee is again advised of and waives his/her *Miranda* rights before proceeding with the interview. A break-in-custody for these purposes can occur even if an interviewee is continuously incarcerated. Questions as to what constitutes a break-in-custody should be directed to the CDC or OGC.

- 3) (U//~~FOUO~~) Contact with a represented person outside the presence of his/her counsel may implicate state ethics rules for attorneys (AUSAs). Before making such contact, employees are encouraged to contact the CDC, OGC, or the USAO. Once a represented person has been charged, information may only be elicited from the person: 1) regarding an unrelated or uncharged matter or 2) when counsel is present. Questions as to whether an individual is in fact represented or may be questioned as to a particular matter should be directed to the CDC or OGC.

18.5.6.4.4 (U) *SIXTH AMENDMENT RIGHT TO COUNSEL*

(U//~~FOUO~~) The Sixth Amendment Right to Counsel requires the government to advise and obtain a waiver of the Right to Counsel prior to interviewing the person to whom the right has attached. The Right to Counsel attaches upon indictment regardless of whether the indicted person realizes an indictment has been returned. The Right to Counsel also attaches upon the filing of information and at the time of an initial appearance on a Federal Complaint. The Right to Counsel is offense specific. When applicable, a warning regarding the Right to Counsel and subsequent knowing and voluntary waiver must occur prior to an interview, regardless of whether the person is in custody. Providing a person with a *Miranda* warning and obtaining a waiver per the use of Form FD-395 will permit the interview of the person after the Right to Counsel has attached. The Sixth Amendment right to counsel does not prohibit the government from re-contacting the subject if the subject refuses initially to waive this right or otherwise has requested or obtained counsel following an Initial Appearance. However, further attempts to interview the subject may be prohibited if the subject invoked his right to counsel and remained in continuous custody or there was an insufficient break in custody (consistent with *Miranda* and its progeny). In addition, [REDACTED]

b7E

18.5.6.4.5 (U) *CONTACT WITH REPRESENTED PERSONS*

(U//~~FOUO~~) CDC or OGC review is required before contact with represented persons in the absence of prior notice to counsel. Such contact may implicate legal restrictions and affect the admissibility of resulting evidence. Hence, if an individual is known to be represented by counsel in a particular matter, the CDC must follow applicable law and DOJ procedure when reviewing the request to contact the represented individual in the absence of prior notice to counsel. The SAC, CDC, or their designees, and the United States Attorney or his or her designees must consult periodically on applicable law and DOJ procedure relative to contact with represented persons. The field office may raise inconsistent application of: (i) state ethics rules; or (ii) rules for contacts with represented persons with the USAO and request that it consult with the DOJ Professional Responsibility Advisory Office. (AGG-Dom, Part V.B.1)

18.5.6.4.6 (U) *MEMBERS OF THE UNITED STATES CONGRESS AND THEIR STAFFS*

(U//~~FOUO~~) Generally, FBI employees may accept information offered from Congressional offices just as they would accept information from other sources, and they may act upon it accordingly. [REDACTED]

b7E

18.5.6.4.7 (U) *WHITE HOUSE PERSONNEL*

(U//~~FOUO~~) FBI employees may accept information offered by White House personnel just as they would accept information from other sources, and they may act upon it accordingly. 

  
 Additional guidance regarding contact with White House personnel may be found in the AG Memorandum captioned "Communications with White House and Congress" dated May 11, 2009. (See DIOG Appendix D) *Note:* 

18.5.6.4.8 (U) *MEMBERS OF THE NEWS MEDIA*

18.5.6.4.8.1 (U) *APPROVAL REQUIREMENTS*

(U) Attorney General approval, including notice to the Director of the DOJ's Office of Public Affairs, must be obtained prior to conducting an interview of a member of the news media for any offense which the member of the news media is suspected of having committed in the course of, or arising out of, the coverage or investigation of a news story, or while engaged in the performance of his/her official duties as a member of the news media. 

(U//~~FOUO~~) Requests for this approval must be submitted with an EC to the AD of the operational FBIHQ division that is responsible for the investigative classification and the AD of the Office of Public Affairs (OPA). The requesting EC must be reviewed by the CDC and approved by the SAC after coordinating the request with the local USAO. The EC must contain the necessary facts and investigative justification for the interview consistent with the DOJ guidelines set forth in 28 C.F.R. § 50.10(f). 

(U) *Note:* 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered under the requirements set out above.

18.5.6.4.8.1.1 (U) *EXIGENT CIRCUMSTANCES*

(U)  may authorize the questioning of a member of the news media as described in DIOG subsection 18.5.6.4.8.1 if he/she determines that exigent use of such a technique is necessary

(U//~~FOUO~~) To the extent operational needs allow, investigators must operate openly and consensually with members of the news media [REDACTED]

b7E

[REDACTED]

After consultation with the OPA and OGC, the AD of the operational division must decide whether to approve the request. If the request requires approval by DOJ (because the interview is related to an offense committed by the member of the news media during the course of news gathering) the AD of the operational division is responsible for submitting all requests for approval to the DOJ per 28 C.F.R. 50.10.

(U//~~FOUO~~) FBIHQ operational division PGs may contain additional notice requirements.

**18.5.6.4.9 (U) DURING AN ASSESSMENT - REQUESTING INFORMATION WITHOUT REVEALING FBI AFFILIATION OR THE TRUE PURPOSE OF A REQUEST**

A) (U//~~FOUO~~) In the normal course of an interview, an FBI employee should divulge the employee's affiliation with the FBI and the true purpose of the interview. [REDACTED]

18.5.6.4.13 **(U) INTERVIEWS OF JUVENILES**

(U//~~FOUO~~) When determining whether to interview a juvenile (anyone under the age of eighteen) who does not fall within the provisions of the JDA above, e.g., when interviewing a juvenile as a witness or subject prior to arrest, and, if so, determining the scope and tactics that will be used, the FBI employee should consider the age and competency of the juvenile, whether the juvenile is emancipated, the juvenile's relationship to the suspect(s), safety concerns, the gravity of the offense at issue, any alternative sources of evidence, the importance of the information or potential testimony to the investigation, and the juvenile's degree of involvement, if any, with the offense. If the interview is custodial, compliance with the provisions of the Juvenile Delinquency Act (JDA) below is necessary. In determining whether a juvenile is in custody the test remains an objective test --was there a formal arrest or a deprivation of freedom of movement equivalent to an arrest. However, with respect to juveniles, if the juvenile's age is known to the interviewer or is objectively apparent, the juvenile's age is to be considered in the custody analysis. This is not to say that age is the determining or decisive factor in every case, but it recognizes that age is to be considered given a reasonable adult may view the circumstances surrounding the interview differently than a reasonable juvenile. If the juvenile is placed under arrest, the procedures listed in 18.5.6.4.14 must be followed. If not under arrest, but based on the objective circumstances surrounding the interview, including the juvenile's age, the juvenile is deemed to be in custody, the interviewer should advise the juvenile of their rights as set forth in the FD-395 and cease the interview if the juvenile invokes a right. Parental consent for a juvenile interview should be obtained when feasible under the circumstances of the investigation.

- A) (U//~~FOUO~~) Special consideration should be given to child interviews and to interviews of juveniles who are of a tender age, maturity, or have a significant developmental disability. To the extent appropriate, agents should make use of local child protective services to aid in interviewing a child -- especially for an offense involving sexual exploitation of the child. The agents should consider seeking approval to video and/or audio record child interviews to

address potential allegations that the child was manipulated and to have an unimpeachable record in case the child's statement changes.

- B) (U//~~FOUO~~) Federal statutes and the Attorney General Guidelines on Victim and Witness Assistance require federal investigators to utilize sensitive and developmentally appropriate practices designed to elicit the most accurate information from child victims and witnesses and to reduce unnecessary and additional trauma to these children. An interview should be appropriate for the age and developmental level of the child. It may be advisable in some instances for FBI employees to seek assistance with interviewing children – possibly by utilizing local child protective services – particularly, when the child is very young, developmentally disabled, or extremely traumatized. Interviews of child victims and witnesses, regardless of the type of crime, should be conducted by personnel properly trained in the techniques designed to best elicit accurate information from a child while minimizing additional trauma.

18.5.6.4.14 (U) *INTERVIEWS OF JUVENILES AFTER ARREST*

(U//~~FOUO~~) Under the Juvenile Delinquency Act (JDA), a juvenile is anyone who commits a federal crime before his or her eighteenth birthday and who has not yet reached age twenty-one (21) before being charged. The provisions of the JDA, 18 U.S.C. § 5031 et seq., apply upon arrest. When an agent interviews a juvenile in custody, after arrest and prior to initial appearance while in a place of detention with suitable recording equipment, the statement must be recorded in accordance with DIOG subsection 18.5.6.4.17.3.

- A) (U//~~FOUO~~) Whenever a juvenile is arrested for a violation of federal law, he/she must be immediately advised of his/her legal rights and the United States Attorney must be notified. The juvenile's parents, guardian or custodian must also be immediately notified of his/her arrest as well as his/her rights and the nature of the alleged offense. After notification has been made, FBI employees must allow a parent, guardian, or custodian access to the juvenile if requested by the juvenile or by a parent, guardian or custodian of the juvenile. The juvenile must be promptly taken before a magistrate if a magistrate is available. If no magistrate is immediately available, the juvenile must be taken to a magistrate without undue delay.
- B) (U//~~FOUO~~) Whether a juvenile may be interviewed for a confession or admission of his own guilt between the time of his arrest for a federal offense and his initial appearance before the magistrate depends on the law of the circuit in which the arrest occurs. If the interrogation is not allowed under the law of the circuit, information volunteered by the arrested juvenile concerning his own guilt should be recorded in the FBI employee's notes for use in subsequent proceedings; clarifying questions may be asked as necessary to make certain the FBI employee correctly understands what the juvenile intends to say. The volunteered statement may be reduced to writing if such action does not involve any delay in the juvenile's appearance before the magistrate. Any questions concerning the law that applies in the particular circuit should be directed to the CDC.
- C) (U//~~FOUO~~) A juvenile may be questioned concerning the guilt of a third party if such questioning does not cause any delay in bringing him/her before the magistrate.
- D) (U//~~FOUO~~) These special requirements apply only after the arrest of a juvenile, as defined by federal law, for a federal offense. They do not apply when the juvenile is under arrest by state or local officers on a state or local charge but is suspected of having committed a federal offense. FBI employees may question a juvenile in custody on a non-federal charge about a federal offense for which he/she is a suspect. FBI employees are cautioned, however, that they may not collude or create the appearance of collusion with non-federal officers to delay an arrest on federal charges to circumvent the JDA requirements.

the interviewee characterizes an individual, group, or activity in a certain way, FBI records (e.g., 302s, ECs, LHMs) should reflect that the interviewee, not the FBI, is the source of the characterization.

~~(FOUO)~~ Certain types of written material developed during the course of an interview must be retained including:

- A) (U//~~FOUO~~) Written statements signed by the witness. When possible, written statements should be taken in all investigations in which a confession or admission of guilt is obtained, unless the confession is obtained during an electronically-recorded interview session. If the witness gives a signed statement, and then gives additional information orally, both the statement and the oral information should be recorded on an FD-302 or
- B) (U//~~FOUO~~) Written statements, unsigned by the witness, but approved or adopted in writing by the witness in a certain manner by the witness. An example of such a written statement would be a written statement that the subject orally admits is true but will not sign; and
- C) (U//~~FOUO~~) Original notes of an interview when the results may become the subject's testimony. Materials generated via email, text messages, or similar means during an interview must be retained as original notes. Because some forms of synchronous communication tools, such as text messaging, have limited or no storage, or other capabilities, they should not be used for substantive communications with witnesses, colleagues or civilians who may become witnesses. **If these tools are, however, used for substantive communications as part of an interview, the communications must be memorialized verbatim in an FD-302.**
- D) (U//~~FOUO~~) If an FBI employee and an AUSA conduct an interview and the AUSA tells the FBI employee to refrain from recording the substance of the interview, the FBI employee should decline to participate in the interview and not be present when it takes place unless the interview is part of the trial preparation process and another law enforcement agent present is given the responsibility for documenting the substance of the interview). FBI employees should not record the substance of trial preparation unless new material information is developed. FBI employees should consult with the trial AUSA before recording trial preparation.

18.5.6.4.16 (U) *USE OF THE FD-302*

(U) **Documenting Information of Record:** Any matter that may be testimonial must be documented using an FD-302 within [Redacted]

[Redacted]

(U) Whenever a person being interviewed could be called upon to testify at any time in a future trial, or hearing, the results of the interview must be reported in an FD-302.

b7E

(U) All FBI employees present during an interview [Redacted] must be identified by name on the FD-302.

The employee preparing the FD-302 is listed as the author of the document and all other employees present must be listed as co-authors. The author and co-author(s) of the FD-302 must review the FD-302, and then electronically sign the final FD-302 [Redacted] to attest it is accurate and complete. If someone other than an FBI employee and co-author(s) are present during the interview, [Redacted] the third party's presence during all or part of the interview must be noted in the FD-302.

(U) The FD-302 opening paragraph must state the official identity of the interviewing agent(s), the purpose of the interview, and the identity of the individual being interviewed to include relevant identifying information such as a date of birth, address, or other identifying data. It is also permissible to place more details or extensive personal, biographical, criminal history, business related information, other agency record information, etc in the body or at

the end of the report. When an ongoing interview is carried out over a period of days, the dates should also be set out in the details of the FD-302. In such cases, the report should clearly delineate the particular date(s) the information was obtained. A composite interview report may be utilized in certain circumstances (see “composite FD-302” below for additional guidance).

(U) If during an interview, the interviewee provides unrelated information relevant to other criminal, national security, intelligence, or public safety matters from the original purpose of the interview, the interviewer may take the information. When documenting such unrelated information, each topic must be documented in a separate FD-302, filed to the appropriate investigative classification, and disseminated as appropriate.

(U) The preparation of the FD-302 must be initiated as soon as practicable [redacted]  
[redacted] following the conclusion of the interview or other activity that may be testimonial.

(U) Interview notes must be retained in accordance with DIOG subsections 3.3.1.14 and 18.5.6.4.15 above.

(U) **Composite FD-302:** In limited situations involving an extended or a series of related interviews of a subject, witness, or victim, the preparation of a composite FD-302 may be necessary. Preparation of a composite FD-302 at the conclusion of the interview may be the most logical and orderly way in which to document the totality of the interview. In these situations, in the judgment of the interviewer, a single composite FD-302 might be appropriate when:

This includes, but is not limited to, any materially inconsistent statements of the witness and anything that may tend to mitigate guilt or punishment of the accused.

(U) Interview notes must be retained in accordance with DIOG subsections 3.3.1.14 and 18.5.6.4.15.

(U) **Adoption of an FD-302:** In consultation with the assigned AUSA or DOJ attorney, the agent may seek to have the interviewee adopt an FD-302 as the statement he/she intended to give. Adoption by the witness may be in the form of (1) a signed statement, (2) an unsigned statement adopted by oral declaration, or (3) the report of information furnished by the witness, the substance of which was reviewed fully with the witness and adopted by the interviewee as the full and correct report of the statement he/she desired to furnish. Should the witness adopt an FD-302 as their statement, the agent must have the witness declare that it represents a full and correct report of their statement and then sign and date the first page of the FD-302, including any corrections, edits or additions he/she make on that page. The witness should also initial and date each subsequent page of the report and also make any corrections, edits or additions to the FD-302. The adoption of the FD-302 by the witness can provide a defense to any allegations that the FD-302 represents information the interviewer claims the witness said, rather than what the witness actually stated. The original [redacted] [redacted] FD-302 adopted by the witness should be retained in [redacted] of the investigative file after it has been scanned and electronically placed into the relevant investigative file(s).

18.5.6.4.17.2.1 (U) OVERTLY RECORDED NON-CUSTODIAL INTERVIEWS

(U//~~FOUO~~) FBI employees have the option to conduct an overtly recorded non-custodial interview. An overtly recorded interview occurs when an FBI employee, identified as such, advises the interviewee that the interview is or will be recorded, or the interviewee is otherwise clearly aware that the interview is in fact being recorded [REDACTED]

(U//~~FOUO~~) The FBI employee must provide notification to [REDACTED] as soon as practicable [REDACTED] after completion of an overtly recorded non-custodial interview(s). The notification may be in the form of the interview summary FD-302 described in DIOG subsection 18.5.6.4.17.2.2 below.

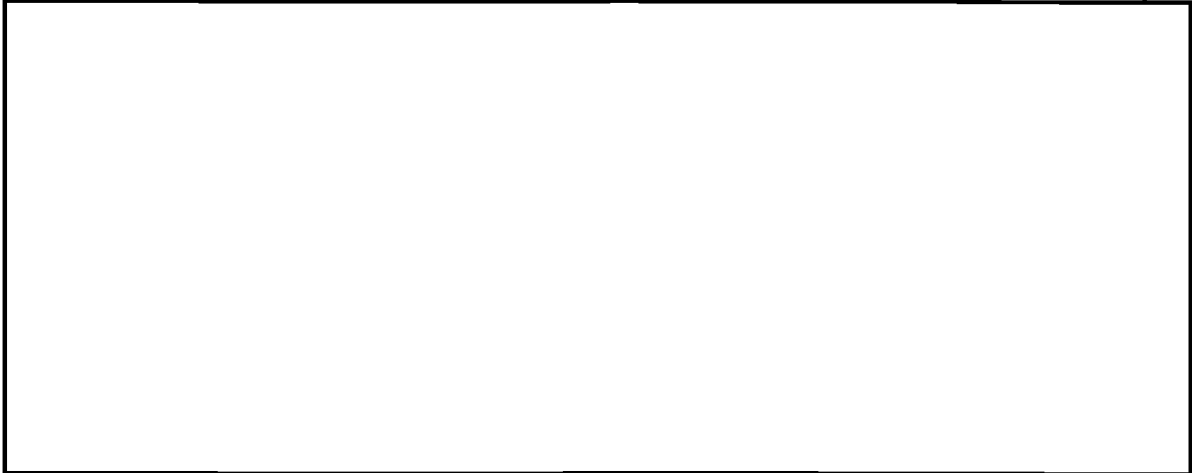

(U//~~FOUO~~) Additionally, prior to conducting the interview, the interviewing employee should consider the factors listed below [REDACTED]

- A. (U//~~FOUO~~) Whether the purpose of the interview is to gather evidence for prosecution or intelligence for analysis or both;
- B. (U//~~FOUO~~) If prosecution is anticipated, the type and seriousness of the crime, including, in particular, whether the crime requires mens rea, or a mental element, such as knowledge or intent to defraud, proof of which would be considerably aided by the interviewee's admissions in his/her own words;
- C. (U//~~FOUO~~) Whether the interviewee's own words and appearance (in video recordings) would help rebut any doubt about the meaning, context or voluntariness of his/her statement or confession raised by his/her age, mental state, educational level, or understanding of the English language; or is otherwise expected to be an issue at trial, such as to rebut an insanity defense; or may be of value to behavioral analysts;
- D. (U//~~FOUO~~) If interviewers anticipate that the interviewee might be untruthful during an interview, whether a recording of the false statement would enhance the likelihood of charging and convicting the person for making a false statement;
- E. (U//~~FOUO~~) The sufficiency of other available evidence to prove the charge beyond a reasonable doubt;
- F. (U//~~FOUO~~) The preference of the USAO and the Federal District Court regarding recorded interviews or confessions;
- G. (U//~~FOUO~~) Local laws and practice—particularly in task force investigations where state prosecution is possible;
- H. (U//~~FOUO~~) Whether interviews with other witnesses or subjects in the same or related investigations have been electronically recorded; and

(U//~~FOUO~~) An FBI employee may accept information voluntarily provided by federal, state, local, tribal, or foreign governmental or private entities and individuals. Voluntarily provided information includes, but is not limited to, oral as well as documentary and physical evidence such as a computer hard drive or other electronic media that contains information, paper documents containing information, or physical objects (e.g., handgun or narcotics).

### 18.6.1 (U) *INVESTIGATIVE METHOD: CONSENSUAL MONITORING OF COMMUNICATIONS, INCLUDING ELECTRONIC COMMUNICATIONS*

#### 18.6.1.1 (U) SUMMARY

(U) Monitoring of wire, oral or electronic communications based on the consent of one party to the communication is referred to as consensual monitoring. The consent exception applies to the interception of wire, oral, and electronic communications. Consensual monitoring requires review by the CDC or the OGC. (AGG-Dom, Part V.A.4)

#### 18.6.1.2 (U) APPLICATION

(U//FOUO)

(U//FOUO) See Advanced Electronic Surveillance and Searches Policy Guide, 0626DPG for additional guidance.

#### 18.6.1.3 (U) LEGAL AUTHORITY

- A) (U) The Fourth Amendment to the United States Constitution and case law interpreting the same;
- B) (U) The Wiretap Statute, 18 U.S.C. § 2511-2522, prohibits the intentional interception and use of wire, voice, or electronic communications absent an exception;
- C) (U) The consensual monitoring exceptions, 18 U.S.C. § 2511(2)(c) & (d), require one party to the communication to consent to monitoring; and
- D) (U) The Foreign Intelligence Surveillance Act of 1978 (FISA), 50 U.S.C. §§ 1801 et seq. provides that if a party to the communication has consented to monitoring, a FISA court order is not required.

#### 18.6.1.4 (U) DEFINITION OF INVESTIGATIVE METHOD

(U) Generally, the Wiretap Statute (also referred to as Title III), 18 U.S.C. §§ 2510-2522, prohibits the intentional interception of wire, oral, or electronic communications unless one of several exceptions applies. One such exception is based on the consent of a party to the communication. Two other statutory exceptions to the general prohibition include 1) the warrant or court order exception, and 2) the computer trespasser exception. This section discusses the monitoring of communications under the consent exception.

(U) Consensual monitoring is the monitoring of communications based on the consent of a party to the communication. (AGG-Dom, Part VII.A.) For purposes of this policy, at least one of the parties to the communication must be located, or the interception of the consensual communication must occur, within the United States or the United States territories. The consensual monitoring of communications is subject to legal review by the CDC or OGC, as applicable. (AGG-Dom, Part V.A.4). Consensual monitoring includes the interception of the content of communications and typically falls into one of three general categories:

- A) (U) **Wire communications**, which include conventional telephone communications or other means of transmitting the human voice through cable, wire, radio frequency (RF), voice over Internet Protocol (VoIP), or other similar connections;
- B) (U) **Oral communications**, typically intercepted through the use of devices that monitor and record oral conversations (e.g., a body transmitter or recorder or a fixed location transmitter or recorder used during face-to-face communications in which a person would have a reasonable expectation of privacy but for the consent of the other party); and
- C) (U) **Electronic communications**, which include any transfer of signs, signals, writing, images, sounds, data, or intelligence by a wire, radio, electronic, or optical system or network (e.g., e-mail, instant message, chat sessions, text messaging, non-voice peer-to-peer communications), as that term is defined in 18 U.S.C. § 2510(12)(14) and (17), which are intercepted and recorded at the time of transmission. The monitoring of electronic communications based on one party consent is sometimes referred to as "consensual computer monitoring." "Consensual computer monitoring" applies to "real time" electronic surveillance based on consent and does not include retrieving or obtaining records of communications that have been stored on the computer or elsewhere after the communication has occurred.

(U) **Note regarding electronic communications monitoring**: Agents seeking to consensually monitor electronic communications (specifically, communications to, through, or from a computer) must consider whether the party who has consented is a party to all of the communications they want to monitor or whether some of the communications involve a computer trespasser, as defined by the computer trespasser exception. (See DIOG Section 18.6.2) The trespasser exception and the consensual monitoring of communications exceptions are related, but separate, exceptions to the Wiretap Statute. The owner, operator, and authorized users of a protected computer or computer network can consent to the monitoring of only those communications they send or receive (i.e., to which they are a party), which typically does not include a trespasser's communications. The trespasser exception allows the interception of the communications transmitted to or from the trespasser.

(U) When applicable, the exceptions to the Wiretap Statute can be used together, permitting the interception of the communications of both authorized users and trespassers on the protected computer. This is particularly useful when it is difficult to discern the trespasser communications from other communications. If it is possible to obtain consent to monitor the communications of the authorized users, use of both the consent and trespasser exceptions together can mitigate the risk of over or under collection of the trespasser's communications.

#### 18.6.1.5 (U) STANDARDS AND APPROVAL REQUIREMENTS FOR CONSENSUAL MONITORING

##### 18.6.1.5.1 (U) GENERAL APPROVAL REQUIREMENTS

(U//~~FOUO~~) Except as provided below, an SSA may approve the consensual monitoring of communications if the information likely to be obtained is relevant to an ongoing Predicated Investigation. SSA approval, including oral approval pursuant to DIOG subsection 3.4.2.2, is documented through the FD-759, and is conditioned on the following criteria being met and documented on the FD-759 and other supporting documentation:

**18.6.1.5.1.1 (U) REASONS FOR MONITORING**

(U//~~FOUO~~) The synopsis must include sufficient factual information supporting the need for the monitoring. It must provide the relationship between the monitoring and the investigative purpose (e.g., obtain evidence of drug trafficking, public corruption, etc.).

**18.6.1.5.1.2 (U) DOCUMENTED CONSENT OF A PARTY TO THE COMMUNICATION TO BE MONITORED**

(U//~~FOUO~~) Consent must be obtained from one of the parties to be monitored, and the consent must be documented to the appropriate investigative ELSUR sub-file. Having the consent of one of the parties provides an exception to the Title III statute. The requirement to obtain and document consent also applies to the monitoring of computer communications. See DIOG Section 18.6.1.8 for specific procedures.

**18.6.1.5.1.3 (U) SUBJECT**

(U//~~FOUO~~) Agents conducting consensual monitoring must not intentionally intercept third-parties who are not of interest to the investigation except for unavoidable or inadvertent overhears.

**18.6.1.5.1.4 (U) LOCATION OF DEVICE**

(U//~~FOUO~~) Consensual monitoring can only be approved if appropriate safeguards are in place to ensure that the consenting party remains a party to the communication throughout the course of monitoring. For example, if a fixed-location monitoring device is being used, the consenting party must be admonished and agree to be present during the duration of the monitoring. If practicable, technical means must be used to activate monitoring only when the consenting party is present.

**18.6.1.5.1.5 (U) NOTICE OF CONSENSUAL MONITORING TO OTHER FIELD OFFICES**

(U//~~FOUO~~) If an employee, CHS, or non-confidential third party is operationally tasked to conduct consensual monitoring outside the field office's territory, the FBI employee requesting approval to conduct the monitoring must provide notice to the SSA who is responsible for the investigative program in the field office where the monitoring will occur. This notice must be documented in the appropriate investigative file [REDACTED]

b7E

(U//~~FOUO~~) [REDACTED]

b7E

**18.6.1.5.1.6 (U) DURATION OF APPROVAL**

(U//~~FOUO~~) The request for approval must state the length of time needed for monitoring. Unless otherwise warranted, approval may be granted for the duration of the investigation, subject to a substantial change of circumstances. If one or more sensitive monitoring circumstances are present, DOJ may limit its approval to a shorter duration. See DIOG Section 18.6.1.6.3 below.

**18.6.1.5.1.7 (U) LEGAL REVIEW**

(U//~~FOUO~~) Prior to conducting consensual monitoring, the CDC or OGC must determine that, given the facts of the investigation, the consensual monitoring is legal. This review must be documented with [REDACTED] Should an employee seek oral [REDACTED] approval for the use of this method, the legal review by the CDC or OGC must be accomplished as part of the oral request. The oral approval and legal review must be documented in [REDACTED] [REDACTED] as soon as practicable, [REDACTED] after the oral authorization. Although AUSA concurrence is no longer required for consensual monitoring, providing notice to the AUSA is encouraged.

b7E

**18.6.1.5.1.8 (U) CHANGE OF MONITORING CIRCUMSTANCES**

(U//~~FOUO~~) Whenever the monitoring circumstances change substantially, a new FD-759 must be executed, and the CDC or OGC must be recontacted to obtain new legal review. (AGG-Dom. Part V.A.4.) The following are examples of substantial changes in monitoring circumstances which require a new FD-759: a different consenting party, a change in the location of a fixed monitoring device, or the addition of a new computer system. If any of these or other monitoring circumstances substantially change, the FBI employee must immediately contact the CDC or OGC.

**18.6.1.5.1.9 (U) JOINT INVESTIGATIONS**

(U//~~FOUO~~) In joint investigations, the policy and procedures for conducting any investigative method or investigative activity by employees or CHSs are usually governed by FBI policy. Similarly, employees from other agencies who are participating in a joint investigation with the FBI are generally governed by their agencies' policies regarding approvals. If, however, the FBI has assumed supervision and oversight of another agency's employee (e.g., a full time JTTF Task Force Officer), then FBI policy regarding investigative methods or investigative activity controls. Similarly, if another agency has assumed supervision and oversight of a FBI employee, unless otherwise delineated by MOU, the other agency's policy regarding investigative methods or investigative activity controls.

(U//~~FOUO~~) Consensual monitoring conducted by a non-confidential party (e.g., witness, victim, etc.) will be controlled by the agency that is primarily responsible for the non-confidential party. In a joint investigation, the employees should reach an understanding as to which agency is responsible for the non-confidential party; that agency's policies will govern approval and documentation requirements for consensual monitoring.

18.6.1.6.3 (U) **SENSITIVE MONITORING CIRCUMSTANCE**

(U) Requests to monitor communications when a sensitive monitoring circumstance is involved must be approved by the DOJ Criminal Division, or, if the investigation concerns a threat to the national security or foreign intelligence collection, by the DOJ NSD. (AGG-Dom, Part V.A.4) A “sensitive monitoring circumstance” is defined in the AGG-Dom, Part VII.O, to include the following:

- A) (U) Investigation of a member of Congress, a federal judge, a member of the Executive Branch at Executive Level IV or above, or a person who has served in such capacity within the previous two years (Executive Levels I through IV are defined in 5 U.S.C. §§ 5312-5315);
- B) (U) Investigation of the Governor, Lieutenant Governor, or Attorney General of any state or territory, or a judge or justice of the highest court of any state or territory, concerning an offense involving bribery, conflict of interest, or extortion related to the performance of official duties;
- C) (U) The Attorney General, the Deputy Attorney General, or an Assistant Attorney General has requested that the FBI obtain prior approval for the use of consensual monitoring in a specific investigation; or
- D) (U) A party to the communication is in the custody of the Bureau of Prisons (BOP) or the United States Marshal Service (USMS) or is being or has been afforded protection in the Witness Security Program.

### **18.6.2.3 (U) LEGAL AUTHORITY**

- A) (U) The Fourth Amendment to the United States Constitution and case law interpreting the same;
- B) (U) The Wiretap Statute, 18 U.S.C. § 2511, prohibits the intentional interception and use of wire, oral, or electronic communications absent an exception;
- C) (U) Computer Trespasser Exception, 18 U.S.C. § 2511(2)(i); and
- D) (U) The Foreign Intelligence Surveillance Act of 1978 (FISA), 50 U.S.C. §§ 1801 et seq., requires court authorization for “electronic surveillance.” FISA specifically provides, however, that the acquisition of computer trespasser communications that would be permissible under 18 U.S.C. § 2511(2)(i) are not subject to the FISA court order requirement for electronic surveillance of wire communication under section 101(f)(2) of FISA. 50 U.S.C. § 1801(f) (2).

### **18.6.2.4 (U) DEFINITION OF THE COMMUNICATIONS OF A COMPUTER TRESPASSER**

(U) Generally, the Wiretap Statute (also referred to as Title III), 18 U.S.C. §§ 2510-2522, prohibits the intentional interception of wire, oral, or electronic communications unless one of several exceptions applies. One such exception is the interception of a computer trespasser's wire or electronic communications to, through or from a protected computer based on the authorization of the owner or operator of that computer. Another statutory exception is based on the consent of a party to the communication. This section relates specifically to the computer trespasser exception; the policy on consensual recording of computer communications can be found at DIOG Section 18.6.1.

(U) The computer trespasser exception to the Wiretap Statute, 18 U.S.C. § 2511(2)(i), permits a person acting under color of law to intercept the wire or electronic communications of a computer trespasser that are transmitted to, through, or from a protected computer when the owner or operator of that computer authorizes the interception. The use of this method does not include retrieving or obtaining records of communications that have been stored on the computer or elsewhere after the communication has occurred.

(U) The statute requires:

- A) (U) The owner or operator of the protected computer to authorize the interception of the trespasser's communications on the protected computer;
- B) (U) The person acting under color of law to be engaged in a lawful investigation;
- C) (U) The person acting under color of law to have reasonable grounds to believe that the contents of the trespasser's communications will be relevant to the investigation; and
- D) (U) The interception is limited to the communications transmitted to or from the trespasser.

(U) The case agent is responsible for documenting the basis for the conclusion that the person who provided authorization to intercept the trespasser's communications is either the owner or operator of the protected computer. The "owner or operator" must have sufficient authority over the protected computer/computer network system to authorize access across the entire system. This could be a corporate officer, CIO, or system administrator, if the system administrator has authority across the entire system. In any instance in which the identification of the owner or operator is not plainly evident, the case agent must seek the assistance of the CDC or the OGC to identify the proper owner or operator.

(U) A "protected computer," defined in 18 U.S.C. § 1030(c), has been generally interpreted to be any computer or computer network device connected to the Internet, although it also includes most computers used by a financial institution or the United States Government regardless of whether the computer is connected to the Internet.

(U) A "computer trespasser" is a person who accesses a protected computer without authorization and thus has no reasonable expectation of privacy in any communication transmitted to, from, or through the protected computer. The definition of computer trespasser does not include a person known by the owner or operator to have exceeded their authority or to have an existing contractual relationship with the owner or operator for access to all or part of the computer. (18 U.S.C. § 2510(21))

(U) The trespasser exception and the consensual monitoring of communications exception are related, but separate, exceptions to the Wiretap Statute. The owner, operator, and authorized users of a protected computer can consent to the monitoring of only those communications they send or receive (i.e., communications to which they are a party), which do not include a trespasser's communications. (See DIOG Section 18.6.1) In comparison, under the trespasser exception, the owner or operator may only authorize the interception of the communications of a trespasser transmitted to, through or from the protected computer.

(U) When applicable, the computer trespasser and consensual monitoring of communications exceptions to the Wiretap Statute can be used together, permitting the interception of communications of both authorized users and trespassers on the protected computer. This is particularly useful when it is difficult to discern the trespasser communications from other communications. If it is possible to obtain consent to monitor the communications of the authorized users, using the consent and trespasser exceptions together can mitigate the risk of over or under collection of the trespasser's communications. See DIOG Section 18.6.1 for the policy regarding consensual monitoring of computer communications.

18.6.2.5 ~~(U//FOUO)~~ **USE AND APPROVAL REQUIREMENTS FOR INTERCEPTING THE COMMUNICATIONS OF A COMPUTER TRESPASSER**

18.6.2.5.1 ~~(U//FOUO)~~ **GENERAL APPROVAL REQUIREMENTS**

~~(U//FOUO)~~ An SSA may approve the use of the computer trespasser exception, subject to CDC or OGC review. Approval is conditioned on the following criteria being met and documented on the FD-759 and through other supporting documentation in the investigative file:

*18.6.2.5.1.1 (U) REASONS FOR THE INTERCEPTION*

~~(U//FOUO)~~ The synopsis portion of the FD-759 must include sufficient facts to support the need for the interception and to explain how the contents of the trespasser's communications will be relevant to the investigative purpose.

*18.6.2.5.1.2 (U) OWNER OR OPERATOR AUTHORIZATION*

~~(U//FOUO)~~ The authorization of the owner or operator of the protected computer (who may be the system administrator, as stated above) to a person acting under color of law to intercept the trespasser communications on the protected computer system or network must be documented using the FD-1070, Authorization to Intercept the Communications of a Computer Trespasser. The steps the case agent takes to ensure that the person providing the authorization is the actual or appropriate owner or operator of the protected computer must be documented in the investigative file. See 18.6.2.6 below for specific procedures.

*18.6.2.5.1.3 (U) ACQUIRING ONLY TRESPASSER COMMUNICATIONS*

~~(U//FOUO)~~ When intercepting communications under the computer trespasser exception alone (i.e., not in conjunction with consensual monitoring of electronic communications), the collection must not intentionally acquire communications other than those to or from the trespasser. This can often be technically complicated to accomplish depending on the use and configuration of the protected computer and the sophistication of the trespasser. The steps to be taken to identify trespasser communications and to isolate such communications from those of authorized users must be considered by the approving and reviewing officials and documented in the investigative file. See DIOG Section 18.6.2.6 below for specific procedures.

*18.6.2.5.1.4 (U) OWNER OR OPERATOR COLLECTION*

~~(U//FOUO)~~ The interception of trespasser communications may be conducted by the FBI or by the owner or operator of the protected computer at the FBI's request. In either instance, the interception is being conducted under color of law. If the collection is not being conducted by the FBI, the case agent must document that he or she has informed the person conducting the interception that it must be accomplished in conformity with the statute.

*18.6.2.5.1.5 (U) LOCATION OF INTERCEPT*

~~(U//FOUO)~~ If the intercept or collection of the trespasser communications will occur outside of the field office of the approving official, the SAC or ASAC of the field office

within which the interception will occur must be notified, and the notification must be documented in the investigative file.

**18.6.2.5.1.6 (U) DURATION**

(U//~~FOUO~~) The request for approval (FD-759) must state the length of time needed for the interception. Unless otherwise warranted, approval may be granted for the duration of the investigation, subject to a substantial change of circumstances, as described in DIOG Section 18.6.2.6, below.

**18.6.2.5.1.7 (U) LEGAL REVIEW**

(U//~~FOUO~~) Prior to conducting the interception, the CDC or OGC must review the request and determine that, given the facts of the investigation, the interception appears to be lawful under the computer trespasser exception. Whenever the factors surrounding the use of the approved technique change substantially, a new FD-759 must be executed. The newly executed FD-759 must include new legal review by the CDC or OGC. (AGG-Dom. Part V.A.4.) The following are examples of substantial changes in the circumstances of the interception that require a new FD-759: a change in owner or operator, a change in the method of collection, or the change or addition of a protected computer system. On the other hand, technical changes in the collection system for the purpose of improving or refining the interception are usually not substantial changes to the circumstances of the interception.

**18.6.2.5.1.8 (U) JOINT INVESTIGATIONS**

(U//~~FOUO~~) In joint investigations, if the FBI is the lead investigating agency, FBI policies and guidance regarding the interception of computer trespasser communications must be followed. If the FBI is not the lead investigating agency, the policies of the lead investigating agency must be followed and documented to the appropriate FBI investigative file.

**18.6.2.5.1.9 (U) EXTRATERRITORIAL CONSIDERATIONS**

(U//~~FOUO~~)   

b7E

**18.6.2.6 (U) DURATION OF APPROVAL FOR INTERCEPTING THE COMMUNICATIONS OF A COMPUTER TRESPASSER**

(U//~~FOUO~~) The interception and collection of computer trespasser communications under the computer trespasser exception may be approved for a specified length of time or for the duration of the particular investigation.

**18.6.2.7 (U) SPECIFIC PROCEDURES FOR INTERCEPTING THE COMMUNICATIONS OF A COMPUTER TRESPASSER**

(U//~~FOUO~~) The following procedures apply when obtaining authorization.

18.6.2.7.1 (U) *DOCUMENTING AUTHORIZATION TO INTERCEPT*

(U//~~FOUO~~) Whenever possible, written authorization must be obtained from the owner or operator of the protected computer and documented on an FD-1070, Authorization to Intercept the Communications of a Computer Trespasser.

(U//~~FOUO~~) If the authorization from the owner or operator is provided orally, at least one FBI agent and another law enforcement or intelligence officer should witness the authorization, and the authorization must be memorialized in an FD-302. The fact that the authorizing party has declined or was unable to give written authorization must also be recorded on the FD-1070, Authorization to Intercept the Communications of a Computer Trespasser form. This form should then be executed in all respects with the exception of the authorizing party's signature.

(U//~~FOUO~~) The case agent must document to the file (i.e., FD-302 or EC) the facts that establish that the person providing the authorization is a proper party to provide authorization for the anticipated interception.

(U//~~FOUO~~) If the case agent is seeking approval for the FBI to engage in both consensual monitoring and an interception of the computer trespasser on the same computer system, separate forms -

b7E

18.6.2.7.2 (U) *ACQUIRING ONLY THE TRESPASSER COMMUNICATIONS*

(U//~~FOUO~~) The computer trespasser exception permits the FBI to intercept only trespasser communications. Prior to seeking approval to intercept computer trespasser communications, the case agent must coordinate the use of the method with the Field Office Technical Advisor by submission of an Electronic Technical Request (ETR). On receipt of the ETR, the Technical Advisor must ensure that the technical equipment and expertise necessary to lawfully implement the interception are timely provided following approval to use this investigative method.

(U//~~FOUO~~) Many of the technical challenges and risks associated with accurately isolating the trespasser communications can be mitigated by also obtaining consent to monitor the computer or a court order. The possibility of using the authority to intercept trespasser communications in conjunction with consent should be raised at the time of the ETR submission or as soon thereafter as the case agent determines that the authorized users of the protected computer will consent to FBI monitoring.

(U//~~FOUO~~) When intercepting trespasser communications, the case agent must prepare an FD-302 or EC detailing the steps taken to identify trespasser communications and to isolate such communications from those of authorized users. For example: "reviewed system logs provided by the system administrator and identified a trespasser accessing the system at the following dates and times via IP address xxx or port xxx." Additionally, any subsequent review or revision of the steps needed to identify and isolate the trespasser's communications must also be documented to the investigative file by an EC or FD-302, as appropriate.

18.6.2.7.3 (U) *REVIEWING THE ACCURACY OF THE INTERCEPTION*

(U//~~FOUO~~) At the initiation of the interception and collection of computer trespasser communications, the Technical Advisor or designated technically trained agent (TTA) coordinating the implementation of the interception and collection device shall ensure that appropriate collection parameters are implemented as required by OTD policy and procedures.

(U//~~FOUO~~) The case agent shall ensure a timely initial review of the collected information to verify that the interception and collection are limited to communications authorized for interception and collection under the trespass authority or other lawful exception. Following this initial review, the case agent shall ensure that a similar review and evaluation is repeated at appropriate intervals throughout the duration of the interception to ensure that the interception and collection remain within the scope of the trespasser or other lawful exceptions. Factors that may impact the frequency of reviews include, but are not limited to: volume of data to be reviewed, complexity and nature of data collected, and complexity of the trespassed system.

(U//~~FOUO~~) Any FBI employee who identifies interception and collection of communications that may be outside the scope of the trespasser or other lawful exception shall immediately notify the case agent and the operational SSA of the possible unauthorized interception and collection of communications. Upon the determination that communications have been unlawfully intercepted or collected, the interceptions and collection must be halted immediately. The case agent must consult with a TTA to determine whether collection may be resumed in a manner that assures further unlawful collections will not occur. If the SSA determines that unlawful collection can be reliably prevented, that determination must be documented to the file before lawful interceptions and collection may resume.

(U//~~FOUO~~) The content of communications determined to have been unlawfully collected cannot be used in any manner and shall be removed promptly from all FBI systems and destroyed. A memorandum documenting the removal and destruction shall be filed in the main investigation file and the appropriate investigative ELSUR sub-file.

18.6.2.7.4 (U) *REVIEWING THE RELEVANCY OF THE INTERCEPTION*

(U//~~FOUO~~) The trespasser exception requires the FBI to have a reasonable belief that the contents of the trespasser's communications will be relevant to the investigation. Following the initiation of the interception and collection of the trespasser communication, the case agent must ensure that the collected communications are reviewed, at appropriate intervals throughout the duration of the interception, to determine whether the interception is and continues to be relevant to the authorized investigation. Factors that may impact the frequency of reviews include, but are not limited to: volume of data to be reviewed, complexity and nature of data collected, and complexity of the trespassed system.

18.6.2.7.5 (U) *DURATION OF APPROVAL*

(U//~~FOUO~~) Authorization to intercept trespasser communications remains valid until such time as the authorizing party, orally or in writing, revokes the authorization or on the termination date of the authorization, whichever comes first.

18.6.2.7.6 (U) *ELSUR REQUIREMENTS*

(U//~~FOUO~~) The information obtained from the collection must be retained in conformity with the ELSUR Policies located in the OGC Main Law Library) or other applicable policies.

(U//~~FOUO~~) All ELSUR downloading, processing, and handling of original, derivative, and copies of original or derivative ELSUR evidence must be conducted by an ELSUR operations technician (EOT) or other designated employee (e.g. an agent who has successfully completed ELSUR training in Virtual Academy). ELSUR evidence must not be uploaded into

☐ (U) Multiple Communications.

b7E

(U//~~FOUO~~) In investigations in which various modes of communication may be intercepted (e.g., telephonic, non-telephonic, electronic communications, etc., or the use of consensual computer monitoring in conjunction with the interception of trespasser communications), one FD-759 may be used to document approval, provided that each mode of communication to be monitored is being used in the same investigative file and all facts required on the FD-759 are the same. If the material facts on the FD-759 vary (e.g., different periods of authority, etc.), separate FD-759s must be executed.

18.6.2.7.7 (U) *INVESTIGATION SPECIFIC APPROVAL*

(U//~~FOUO~~) Approval for intercepting a computer trespasser's communications is investigation specific and is not transferable to any other investigation, unless the investigative file under which the authority was granted is consolidated or reclassified. Investigation specific approval must be obtained for any spin-off investigation(s) that arises out of the original investigation.

18.6.2.8 (U) *COMPLIANCE AND MONITORING*

(U//~~FOUO~~) Case agents must regularly monitor the use of this method to ensure that the continued interception of trespasser communications is warranted and being lawfully conducted. Such monitoring shall include a review of the investigative file to ensure that consent and authorization forms have been properly executed and filed. ELSUR program personnel must review all submitted FD-759s and FD-1070 (Authorization to Intercept the Communications of a Computer Trespasser form) to ensure proper approval has been documented for the interception of computer trespasser communications.

18.6.2.9 (U) *EVIDENCE HANDLING*

(U//~~FOUO~~) All ELSUR downloading, processing, and handling of original, derivative, and copies of original or derivative ELSUR evidence must be conducted by an ELSUR operations technician (EOT) or other designated employee (e.g. an agent who has successfully completed ELSUR training in Virtual Academy). ELSUR evidence must not be uploaded into ☐

INVESTIGATIVE METHOD

(U//~~FOUO~~) When a video camera is physically operated as a hand-held video and is used in an area in which no one has a reasonable expectation of privacy, its use is equivalent to using a still camera and does not require CDC review or SSA approval.

(U//~~FOUO~~) Except for a hand-held video as described above, CDC or OGC review and SSA approval is required for the use of CCTV/Video Surveillance. CDC review and SSA approval must be documented using the FD-759. SSA approval may be granted if the following criteria have been met:

A) (U//~~FOUO~~) Legal review from the CDC or OGC that a court order is not required for installation or use of the device because there has been lawful consent, no reasonable expectation of privacy exists, or no physical trespass is necessary to install the device. 18.6.3.8.1 (U) **WARRANT OR COURT ORDER**

(U//~~FOUO~~) A warrant/court order is required for the use of CCTV/Video Surveillance when a reasonable expectation of privacy exists in either the area to be viewed or the location where the equipment will be installed, unless the installation and monitoring is being conducted pursuant to consent. See DIOG Section 18.6.3.8.2 below for the required consultation with the Technical Advisor (TA) or technically Trained Agent (TTA).

- A) (U//~~FOUO~~) **Criminal Investigations:** When there is a reasonable expectation of privacy in the area to be viewed and no consenting party, prior DOJ/OEO approval is required before seeking a warrant/order. When there is a reasonable expectation of privacy only in the location where the CCTV/Video Surveillance equipment will be installed, but not in the area to be viewed, prior DOJ/OEO authorization is not required to seek a warrant/order for the installation. In an emergency situation where CCTV usage is desired and a warrant/court order would be required, but cannot be obtained within the time required, an AUSA must be contacted to seek DOJ/OEO's guidance on how to proceed.
- B) (U//~~FOUO~~) **National Security Investigations:** The use of CCTV/Video Surveillance in national security investigations under the Foreign Intelligence Surveillance Act of 1978 (FISA) requires the filing of an appropriate FISA court order because the use of CCTV/Video Surveillance falls within the definition of "electronic surveillance" under FISA. See DIOG Section 18.7.3.
- C) (U//~~FOUO~~) **Where a warrant is required and the request is included with a Title III or is a FISA request:** Where the CCTV/video surveillance request is made pursuant to FISA or in conjunction with a Title III request, the required supervisory approvals and CDC or OGC review will take place as part of the larger FISA or Title III review and approval process. No additional reviews or approvals for the CCTV/video surveillance are required.
- D) (U//~~FOUO~~) **Where a warrant is required and the request is NOT coupled with a Title III request or made pursuant to FISA:** As the FD-759 is not used when a court order is needed, the required SSA approval and CDC or OGC review must be documented in an EC. Maintain the original SAC approved EC in the appropriate investigative ELSUR sub-file.

18.6.3.8.2 (U//~~FOUO~~) **REQUIRED CONSULTATION WITH TECHNICAL ADVISOR (TA) OR TECHNICALLY TRAINED AGENT (TTA)**

(U//~~FOUO~~) Prior to filing an application and affidavit for a warrant/court order under Rule 41/All Writs Act (in criminal law-based investigations) or under FISA (in national security-based investigations), the case agent/special agent must consult with the field office TA/TTA to:

- A) (U//~~FOUO~~) consider any potential technical issues; and
- B) (U//~~FOUO~~) review any "technical" or "technique" language used in the application and affidavit.

(U//~~FOUO~~) This review ensures that the language used therein is accurate and does not disclose classified/sensitive methods and techniques.

###### 18.6.4.3.1 (U) *SUMMARY*

(U) The Attorney General has the authority to issue administrative subpoenas pursuant to two provisions of the United States Code, 21 U.S.C. § 876 and 18 U.S.C. § 3486. The FBI has no inherent authority to issue administrative subpoenas but has delegated authority from the Attorney General to do so. The use of administrative subpoenas is limited to three categories of investigations—drug program investigations, child sexual exploitation and abuse investigations, and health care fraud investigations—and may not be used for any other purpose. The delegated authority varies depending on the federal violation being investigated. The type of information that can be obtained using an administrative subpoena is also limited by law and by policy of the Attorney General.

(U//~~FOUO~~) Within the FBI, the authority to issue administrative subpoenas is limited to positions authorized by the Attorney General; that authority may not be further redelegated.

Under the Attorney General's delegation, an administrative subpoena in these investigations may be issued only to "providers of electronic communication services" or to "remote computing services" to obtain the information listed above. These administrative subpoenas may not be issued to any other person or entity or to obtain any other information, including the content of communications

#### 18.6.4.3.2.3 (U) INVESTIGATIONS INVOLVING FEDERAL HEALTH CARE FRAUD OFFENSES

(U) **Authority:** 18 U.S.C. § 3486(a)

(U) **Records to be obtained:** Records relevant to an investigation relating to a "federal health care offense." Federal health care offense is defined in 18 U.S.C. § 24.

(U) **May be issued to:** Any public or private entity or individual with records relevant to the federal health care offense. (These are referred to in guidance issued by the Attorney General as "investigative demands.")

(U//~~FOUO~~) **Delegated authority to issue:** The Attorney General has not delegated signature authority to the FBI. AG authority is delegated only to personnel within DOJ's Criminal Division and to United States Attorneys, who may redelegate the authority to AUSAs. FBI employees must request an AUSA to issue administrative subpoenas in health care fraud investigations.

(U) **Limitations:** The Right to Financial Privacy Act (RFPA) limitations described in 18.6.4.3.4 of this section apply. The provisions in ECPA govern, as discussed in 18.6.4.3.4 of this section, if the request for records is addressed to a "provider of electronic communication service" or a "remote computing service." The subpoena may not require the production of records at a place more than 500 miles from the place the subpoena is served.

(U)

(U) ***Restriction on use of health care information against the individual:*** Pursuant to 18 U.S.C. § 3486, health information about an individual acquired through an authorized investigative demand may not be used in, or disclosed to any person for use in, any administrative, civil, or criminal action against that individual unless the action or investigation arises from and is directly related to receipt of health care, payment for health care, or a fraudulent claim related to health care.

18.6.4.3.3.2 (U) **APPROVAL AUTHORITY**

(U//~~FOUO~~) Use of an administrative subpoena requires SSA approval. The subpoena may be issued by the SSA if that SSA is among those with delegated authority to do so. See DIOG Sections 18.6.4.2.2.1 – 18.6.4.2.2.3 above) Otherwise, the subpoena must be forwarded to an individual with the proper delegated authority. Further review and approval may be required depending on the delegation. Review by the CDC is appropriate if legal questions arise in preparing and issuing the subpoena.

**18.6.4.3.3.3 (U) REIMBURSEMENT FOR THE PRODUCTION OF TOLL RECORDS**

- A) (U//~~FOUO~~) Reimbursement to a telecommunications provider (electronic communications service) for toll, and other records produced, pursuant to the issuance of an   is governed by statutory requirements and exceptions to those provisions. Additional guidance on toll record reimbursement, specific circumstances that preclude reimbursement, and a template telecommunications provider response letter, can be found on the Help link within OTD's  home page.
- B) (U//~~FOUO~~) An individual designated by proper authority to issue an   is permitted to sign and issue a "no payment" response letter to a provider upon determination that an invoice received from the telecommunications provider falls within the statutory exceptions to reimbursement. Consultation with, and review of the letter by, the CDC is appropriate if legal questions arise in preparing and issuing the response letter.

**18.6.4.3.4 (U) LIMITATIONS ON USE OF ADMINISTRATIVE SUBPOENAS**

**18.6.4.3.4.1 (U) FINANCIAL PRIVACY LIMITATIONS**

**18.6.4.3.4.1.1 (U) OBTAINING RECORDS FROM A FINANCIAL INSTITUTION**

(U//~~FOUO~~) "Financial records" are those records that pertain to a customer's relationship with a financial institution. The term "financial institution" is broadly defined as a bank, savings bank, card issuer, industrial loan company, trust company, savings association, building and loan or homestead association, credit union, or consumer finance institution, located in any state, territory, or the District of Columbia. See 12 U.S.C. § 3401. (*Note:* The scope of the RFPA's definition of financial institution for this purpose, which limits the restrictions the RFPA places on federal law enforcement in using an administrative subpoena, is narrower than the definition of financial institution that is used in connection with NSLs. For that purpose, the RFPA refers to the broader definition found in the Bank Secrecy Act (BSA). Among the entities included in the BSA definition are money transmitting businesses, car dealers, travel agencies, and persons involved in real estate closings. See 12 U.S.C. § 3414(d) and 31 U.S.C. § 5312 (a) (2) and (c) (1).) When seeking financial records from a financial institution, the FBI must send a certificate of compliance required by 12 U.S.C. § 3403 to the financial institution. The certificate must indicate, among other things, that notice has been provided by the FBI to the individual customer whose financial records are to be obtained. The content of the notice is set out in 12 U.S.C. § 3405. A court order may be obtained that allows for delayed notice pursuant to 12 U.S.C. § 3409. Notice is not required if the administrative subpoena is issued to obtain the financial records of a corporation or for records not pertaining to a customer. Notice is also not required if the administrative subpoena seeks only basic account information, defined as name, address, type of account, and account number. See 12 U.S.C. § 3413(g).

**18.6.4.3.4.1.2 (U) OBTAINING RECORDS FROM A CREDIT BUREAU**

(U//~~FOUO~~) A credit bureau or consumer reporting agency may only provide name, address, former addresses, place of employment and former place of employment in response to an administrative subpoena. See 15 U.S.C. § 1681f. A credit bureau or

consumer reporting agency may not release financial information in a credit report or consumer report, or the names and locations of financial institutions at which the consumer has accounts pursuant to an administrative subpoena. A court order, a grand jury subpoena, or, in an appropriate investigation, a national security letter may be used to obtain this information. 15 U.S.C. § 1681b. Notice of disclosure will be provided by the credit bureau or consumer reporting agency to the consumer if the consumer requests this information.

**18.6.4.3.4.2 (U) ELECTRONIC COMMUNICATION PRIVACY ACT**

(U//~~FOUO~~) The ability to gather subscriber information and the content of electronic communications using an administrative subpoena is governed by ECPA. In investigations involving the sexual exploitation or abuse of children, only basic subscriber or customer information may be obtained with an administrative subpoena under the terms of the Attorney General's delegation, as described above. No content information may be obtained. In drug and health care fraud investigations, an administrative subpoena may be used to obtain basic subscriber or customer information and certain stored communications, under limited circumstances, from entities that provide electronic communication services to the public.

**18.6.4.3.4.2.1 (U) SCOPE**

(U//~~FOUO~~) ECPA applies to two types of entities that provide electronic communications to the public. They are:

- A) (U//~~FOUO~~) "Electronic Communication Service" is defined as "any service that provides the user thereof the ability to send or receive wire or electronic communications." 18 U.S.C. § 2510(15)
- B) (U//~~FOUO~~) "Remote Computing Service" is defined as the "provision to the public of computer storage or processing service by means of an electronic communication system." 18 U.S.C. § 2711(12)

18.6.4.3.4.2.5 (U) *CONTENT*

(U//~~FOUO~~) Content is the actual substance of files stored in an account, including the subject line of an e-mail.

- A) (U) Unopened e-mail held in storage for 180 days or less may not be obtained using an administrative subpoena. A search warrant is required.
- B) (U) Unopened e-mail that has been held in electronic storage for more than 180 days may be obtained with an administrative subpoena. (In the Ninth Circuit, the opened e-mail and unopened e-mail must have been in storage for 180 days before it can be obtained with an administrative subpoena. See Theofel v. Farey-Jones, 359 F.3d 1066.) The government must provide notice to the subscriber or customer prior to obtaining such content. A limited exception to the notice requirement is provided in 18 U.S.C. § 2705.
- C) (U) E-mail that has been opened and the content of other electronically stored files held in storage by an entity that provides storage services to the public (i.e., a remote computing service, as defined in 18 U.S.C. § 2711), may be obtained using an administrative subpoena with notice to the customer or subscriber, unless notice is delayed in accordance with 18 U.S.C. § 2705.

D) (U) E-mail that has been opened and the content of other electronically stored files held in storage by an entity that does not provide electronic communication services to the public, such as that on the internal network of a business, may be obtained using an administrative subpoena. Notice to the individual is not required because this demand is not restricted by ECPA.

(U) The FD-1035 administrative subpoena is not configured to obtain e-mail content because of developing case law in this area. This information may be obtained using an order issued under 18 U.S.C. § 2703(d). See DIOG Section 18.6.8.3.B.

#### 18.6.4.3.4.3 (U) MEMBERS OF THE NEWS MEDIA

(U//~~FOUO~~) **Approval Requirements:** An administrative subpoena directed to a provider of electronic communication services or any other entity seeking to obtain local and long distance connection records, or records of session times of calls, made by a member of the news media may only be issued with the specific approval of the Attorney General. Before proposing such a subpoena, an agent should review 28 C.F.R. § 50.10. Requests for AG approval must be made by the AUSA involved in the investigation consistent with the DOJ policies set forth in 28 C.F.R. § 50.10. Guidance on the DOJ policy may be obtained from the Investigative Law Unit and/or the Privacy and Civil Liberties Unit, OGC.

(U) 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered under the requirements set out above.

#### 18.6.4.3.5 (U) COMPLIANCE/MONITORING

##### 18.6.4.3.5.1 (U) LIMITS ON USE

(U//~~FOUO~~)

##### 18.6.4.3.5.2 (U) OVERPRODUCTION

(U//~~FOUO~~) If any of the information that is obtained with an administrative subpoena is subject to statutory privacy protections (e.g., records subject to the Electronic Communications Privacy Act (ECPA), Right to Financial Privacy Act (RFPA), the Fair Credit Reporting Act (FCRA), Health Insurance Portability and Accountability Act (HIPAA), or the Buckley Amendment), it must be reviewed at the time it is received by the employee who requested the issuance of an administrative subpoena to ensure that the information received from the third party provider is within the scope of the request. Any information received from a third party provider that is beyond the scope of the administrative subpoena and is subject to statutory protections must be treated as an overproduction. If it is determined that the overproduced material is subject to statutory protection, then all of the produced material must be sequestered with the employee's supervisor and may not be electronically placed into any FBI database or used in the

investigation until one the following methods of disposition have been completed at the discretion of the field office or FBIHQ division that issued the administrative subpoena:

A) (U) The employee redacts the overproduced material. The employee's supervisor must approve the scope of the redaction. If there is any question whether the information provided is within the scope of the administrative subpoena, the CDC or OGC must be consulted. The method of redaction is left to the discretion of the employee, but redacted information must not be visible, used in the investigation, or electronically placed into any FBI database. The method of redaction will vary depending on whether the information was provided in hard copy or electronically. After the overproduced information has been redacted, the remainder of properly produced information may be electronically placed into any database and used in the investigation;

B) (U) [REDACTED]

b7E

C) (U) The records are returned to the entity that produced them; or

D) (U) The records are destroyed.

(U) Whichever disposition is selected for the overproduction, it must be documented in the investigative SBP sub-file for administrative subpoenas.

(U) Any questions concerning this process, including the review or disposition of the responsive records, or the statutes which cover such records, should be discussed with the CDC or OGC.

#### 18.6.4.3.5.3 (U) FACTORS FOR COMPLIANCE

(U//~~FOUO~~) The following factors should be considered to ensure compliance with applicable laws and regulations that govern the FBI's use of administrative subpoenas:

A) (U//~~FOUO~~) The administrative subpoena must relate to a type of investigation for which the subpoena is authorized;

B) (U//~~FOUO~~) The administrative subpoena must be directed to a recipient to whom an administrative subpoena is authorized;

C) (U//~~FOUO~~) The administrative subpoena may request only records that are authorized under the pertinent law;

D) (U//~~FOUO~~) The administrative subpoena must be approved by an authorized official;

E) (U//~~FOUO~~) The administrative subpoena must be electronically placed in [REDACTED] using the SBP sub-file of the investigation for record purposes. [REDACTED]

b7E

[REDACTED]

- [REDACTED]
- F) (U//~~FOUO~~) The return of service information must be completed on the back of the original administrative subpoena. Typed signature blocks do not affect current practices for completing the return of service information. For electronically served subpoenas, [REDACTED] satisfies the "return of service" upon the review of [REDACTED] thus no paper copy is required. For non-electronically served subpoenas, users must complete the [REDACTED] [REDACTED] process to satisfy the return of service requirement. This copy of the subpoena must be placed in the SBP sub-file or uploaded as a 1A to the case file, following your office practices;
- G) (U//~~FOUO~~) The original administrative subpoena and completed return of service must be maintained in a SBP sub-file of the investigation. Provided a copy of the approved subpoena and a copy of the completed return of service are electronically placed to the case file in [REDACTED] the SBP sub-file is not mandated. This only applies to those administrative subpoenas which are created through the [REDACTED] application; and
- H) (U//~~FOUO~~) If the records provided in response to the administrative subpoena are subject to statutory privacy protections, they must be reviewed to ensure that they are within the scope of the request (i.e., that there is no overproduction). If an over-production has occurred, the procedures outlined above must be followed.

**18.6.5 (U) INVESTIGATIVE METHOD: GRAND JURY SUBPOENAS (COMPULSORY PROCESS)**

**18.6.5.1 OVERVIEW OF COMPULSORY PROCESS<sup>43</sup>**

(U//FOUO) [REDACTED]

**18.6.5.2 (U) APPLICATION**

(U) An FGJ is an independent panel charged with determining whether there is probable cause to believe one or more persons committed a particular federal offense. The FGJ makes its determination based on evidence presented by the prosecuting attorney in an ex parte proceeding. If the FGJ believes probable cause exists, it will vote to return a “true bill” and the person will be indicted. An indictment is the most typical way a person is charged with a felony in federal court. The FGJ operates under the direction and guidance of the United States District Court. Generally, only witnesses for the prosecution testify before the grand jury.

(U) Only the United States Attorney or an AUSA, other DOJ attorneys prosecuting the matter, the witness under examination, an interpreter (as needed), and the stenographer or operator of a recording device may be present while the grand jury is in session. No judge is present during the presentation of evidence, although the court will sometime rule on evidentiary issues and will provide initial instructions to the FGJ. No person other than the grand jurors may be present while the FGJ is deliberating or voting.

**18.6.5.3 (U) LEGAL AUTHORITIES**

(U) An FGJ can collect evidence through the use of an FGJ subpoena, which is governed by Rule 6 of the FRCP. FRCP 6(e) controls the release of information obtained as part of the FGJ proceeding. FRCP 6(e) allows federal prosecutors to share foreign intelligence, counterintelligence, and terrorism-related threat information, and it is the DOJ’s policy that such information must be shared to the fullest extent permissible by law and in a manner consistent with the rule. The Attorney General has issued revised guidance for the Disclosure and Use of Grand Jury Information under Rule 6(e)(3)(D) (hereinafter “FGJ Guidelines”).

18.6.5.4 (U) **SCOPE**

(U//~~FOUO~~) This policy applies to all FBI employees engaged in a FGJ-related investigation who have access to FGJ information defined as “matters occurring before the grand jury” and are involved in operational activity. This includes FBI personnel such as task force officers (TFOs), task force members (TFMs), and task force participants (TFPs) (see DIOG subsection 3.3.2), and other government agency (OGA) personnel detailed to the FBI. FGJ subpoenas can be used to demand documents, records, testimony of witnesses, or any other evidence deemed relevant by a sitting grand jury. The FBI can request the issuance of an FGJ subpoena in coordination with the responsible USAO in all criminal investigative matters. [REDACTED]

b7E

[REDACTED] FGJ subpoenas are part of the investigative process. Thus, when an individual is indicted, further FGJ subpoenas may not be issued that are related to those offenses. Additional FGJ subpoenas pertaining to this individual could be issued, however, only for crimes which continue to be investigated and have not yet been indicted. FGJ subpoenas cannot be used to gather evidence for trial; trial subpoenas must be used for that purpose (see Rule 17 FRCP). See DIOG subsection 18.6.5.14 for guidance on the use of a FGJ subpoena in fugitive investigations.

18.6.5.4.1 (U) **SCOPE OF FGJ POLICY ON ADMINISTRATIVE PERSONNEL**

(U) [REDACTED]

b7E

(U//~~FOUO~~) FBI employees who are preparing a response to a Freedom of Information Act or Privacy Act request may properly access grand jury material because they are considered to be assisting the grand jury attorney by ensuring against any improper disclosure.

#### 18.6.5.5 (U) APPROVAL REQUIREMENTS

(U) There are no FBI supervisory approval requirements associated with issuing a FGJ subpoena, but all FGJ subpoenas must be issued by the USAO that is handling the [REDACTED] Assessment or Predicated Investigation to which the subpoenaed materials or witnesses are relevant.

b7E

#### 18.6.5.6 (U) DURATION OF APPROVAL

(U) FGJ subpoenas include a “return date,” which is the date on which the subpoenaed materials or testimony is due to the grand jury.

#### 18.6.5.7 MEMBERS OF THE NEWS MEDIA

(U) *Approval Requirements:* A FGJ subpoena directed to a provider of electronic communication services or any other entity seeking to obtain local and long distance connection records, or for records of session times of calls, that were made by a member of the news media may only be issued with the specific approval of the Attorney General. Before proposing such a subpoena, an agent should review 28 C.F.R. § 50.10. Requests for AG approval must be made by the AUSA involved in the investigation consistent with the DOJ policies set forth in 28 C.F.R. § 50.10, and DOJ News Media Policy Memo, dated February 21, 2014, DOJ News Media Policy, and the DOJ News Media Policy Memo, dated January 14, 2015.

(U) 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered under the requirements set out above.

(U) Additional guidance on the DOJ policy may be obtained from the field office CDC, the Investigative Law Unit and the Privacy and Civil Liberties Unit, OGC.

#### 18.6.5.8 (U) NOTICE AND REPORTING REQUIREMENTS

(U) There is no FBI notice or reporting requirements for FGJ subpoenas.

#### 18.6.5.9 (U) DEFINITION OF MATTERS OCCURRING BEFORE THE GRAND JURY

(U) [REDACTED]

b7E

#### 18.6.5.9.1 (U) EXAMPLES OF MATTERS OCCURRING BEFORE THE GRAND JURY

(U) As a general rule, the following constitute matters occurring before the grand jury: (1) the names of targets of the FGJ; (2) witnesses scheduled to be called by the FGJ; (3) the original FGJ subpoenas with any and all attachments; (4) grand jury testimony (including any and all transcripts of such testimony); and (5) documents that reveal the intentions or direction of the

b7E

(U)

18.6.5.9.2 (U) **FEDERAL GRAND JURY PHYSICAL EVIDENCE AND STATEMENTS OF WITNESSES**

(U) Physical evidence provided to the government in response to an FGJ subpoena is subject to the secrecy rule regardless of whether such evidence is presented to the grand jury. Physical evidence provided voluntarily or obtained by means other than grand jury process (such as by consent or a search warrant) is not considered a matter occurring before the grand jury regardless of whether such evidence was previously or is thereafter presented to the grand jury. The fact that the physical evidence was presented to the grand jury is, however, subject to the grand jury secrecy rules

b7E

(U) Statements of witnesses obtained as a result of grand jury process including FGJ subpoena, such as a statement given in lieu of grand jury testimony, are matters occurring before the grand jury irrespective of whether such witnesses testified before the grand jury or were not required to testify. Voluntary statements of witnesses made outside of the grand jury context (not pursuant to any grand jury process including an FGJ grand jury subpoena), including statements made outside the grand jury by a witness who is being prepared for grand jury testimony, are not matters occurring before the grand jury irrespective of whether the witness previously testified or will thereafter testify before the grand jury.

18.6.5.9.3      ***(U) DOCUMENTS CREATED INDEPENDENT OF GRAND JURY BUT  
OBTAINED BY GRAND JURY SUBPOENA:***

(U) As described earlier, Rule 6(e) generally prohibits disclosing matters occurring before the grand jury. The rule, however, does not define that phrase. The issue of whether pre-existing documents fall within that prohibition has never been settled conclusively by the Supreme Court, although many lower courts have discussed it at length. Courts generally agree that this prohibition does not cover all information developed in the course of a grand jury investigation; rather, the secrecy rule applies only to information that would reveal the existence, strategy or direction of the grand jury investigation, the nature of the evidence produced before the grand jury, the views expressed by members of the grand jury, or anything else that actually occurred before the grand jury. In addition, many courts have held that Rule 6(e) does not automatically protect third party documents from disclosure simply because they were subpoenaed by the government. Those courts have focused on whether the disclosure of the subpoenaed documents or their contents may tend to reveal the direction or strategy of the grand jury's investigation. Due to developing law on this issue, FBI personnel must consult with the AUSA responsible, and if appropriate, the CDC to determine how best to handle such documents.

18.6.5.9.4      ***(U//~~FOUO~~) DATA EXTRACTED FROM RECORDS OBTAINED BY GRAND  
JURY SUBPOENA:***

(U//~~FOUO~~) Information extracted from business records that were obtained by grand jury subpoena is often used to facilitate investigations. Some of this type of data is, by statute or case law, subject to grand jury secrecy rules. In other investigations, determination of whether data must be considered subject to grand jury secrecy rules depends on the case law and local practice in the federal district. Information extracted from grand jury subpoenaed financial records subject to the Right to Financial Privacy Act of 1978 (12 U.S.C. § 3420) must be treated as matters occurring before a federal grand jury "unless such record has been used in the prosecution of a crime for which the grand jury issued an indictment or presentment or for a purpose authorized by rule 6(e) of the Federal Rules of Criminal Procedure" (emphasis added).

18.6.5.10      ***(U) RESTRICTIONS ON DISCLOSURE***

(U) As a general rule, no one other than a grand jury witness may disclose matters occurring before the grand jury. Government agents, even if called as witnesses, may not disclose matters occurring before the grand jury. To determine if disclosure is permitted under certain circumstances, or if the disclosure restrictions are not applicable because the materials are not matters occurring before the grand jury, see DIOG subsection 18.6.5.9, above, and relevant subsections of 18.6.5.12 below.

(U//~~FOUO~~)

b7E

18.6.5.11 (U) **DISCLOSURES BY THE GOVERNMENT REQUIRING THE COURT'S PERMISSION**

(U//~~FOUO~~) The government, through its attorney, may disclose matters occurring before the grand jury under certain listed conditions and with permission of the court. Petitions to make these disclosures are generally, but not always, filed with the court that impaneled the grand jury. Unless the hearing on the government's petition is an ex parte hearing, the petition must be served on all parties to the proceeding and the parties must be afforded a reasonable period of time to respond.

- A) (U) An attorney for the government may petition for disclosure to a foreign court or prosecutor for use in an official criminal investigation.
- B) (U) An attorney for the government may petition for disclosure to a state, local, tribal, or foreign government official, if the government attorney can show that the matter may disclose a violation of state, tribal, or foreign criminal law, and the purpose of the disclosure is to enforce that law.
- C) (U) An attorney for the government may petition for disclosure to an appropriate military official if the government attorney can show the matter may disclose a violation of military criminal law under the Uniform Code of Military Justice, and the purpose of the disclosure is to enforce that law.

18.6.5.11.1 (U) **DISCLOSURES BY THE GOVERNMENT NOT REQUIRING THE COURT'S PERMISSION**

(U//~~FOUO~~) The government, through its attorney, may disclose matters occurring before the grand jury without prior permission of the court under the following conditions:

- A) (U) Under Rule 6(e)(3)(A), the government may disclose matters occurring before the federal grand jury to certain persons in certain situations provided the government does not disclose the grand jury's deliberations or any grand juror's vote and the government provides the court that impaneled the grand jury with the names of all persons to whom disclosure was made and certifies that the government has advised the receiving party of the obligation of secrecy under this rule, as set forth below in B - D.
- B) (U) Also under Rule 6(e)(3)(A), persons eligible to receive matters occurring before the grand jury under this subsection are: 1) an attorney for the government for use in performing that attorney's duty; 2) any government personnel, including state, local, tribal, or foreign government personnel that an attorney for the government considers necessary to assist in performing that attorney's duty to enforce federal law; and 3) a person authorized under 18 U.S.C. § 3322.
- C) (U) For Rule 6(e)(3)(A) purposes, OGC attorneys and CDCs are not "attorneys for the government." For purposes of the FRCP, it defines "attorney for the government" as "the Attorney General, an authorized assistant of the Attorney General, a United States Attorney, [and] an authorized assistant of the United States Attorney."

- D) (U) Rule 6(e)(3)(B) authorizes grand jury material to be used "to assist an attorney for the government in performing that attorney's duty to enforce federal criminal law." With the approval of the USAO, information from subpoenaed telephone records may be disclosed for use in unrelated federal criminal investigations in those districts where such material is not considered a matter occurring before a grand jury. If the USAO approves generally of this procedure, such information may be used in unrelated criminal investigations without authorization from a government attorney in each instance.
- E) (U) Under Rule 6(e)(3)(c), an attorney for the government may disclose any matter occurring before the grand jury to another federal grand jury.

18.6.5.11.2 ***(U) RULE 6(E) EXCEPTIONS PERMITTING DISCLOSURE OF FGJ MATERIAL***

(U) Rule 6(e) allows certain exceptions permitting disclosure of matters occurring before the grand jury, which are discussed in the following sections. Rule 6(e)(3)(B) requires a federal prosecutor who discloses grand jury material to government investigators and other persons supporting the grand jury investigation to promptly provide the court that impaneled the grand jury the names of the persons to whom such disclosure has been made and to certify that he/she has advised such persons of their obligation of secrecy under the Rule. In order to document the certification required by the Rule, government attorneys often execute and deliver to the court a form, normally referred to as a "Certification" or "Rule 6(e) letter." A copy of this document must be maintained with the grand jury material held in the FBI's custody. The list of individuals authorized to access matters occurring before the grand jury, referred to as the "6(e) list," is drawn from the Rule 6(e) letter. See also DIOG subsection 18.6.5.4.1 above for Rule 6(e) exceptions involving administrative personnel.

18.6.5.11.3 ***(U) RULE 6(E)(3)(D) DISCLOSURE EXCEPTION FOR INTELLIGENCE OR NATIONAL SECURITY PURPOSES***

(U) An attorney for the government may disclose any matter occurring before the grand jury involving foreign intelligence, counterintelligence, or foreign intelligence information to any federal law enforcement, intelligence, protective, immigration, national defense, or national security official to assist the official receiving the information in the performance of that official's duties. The government attorney must file, under seal, with the court that impaneled the grand jury, a notice that such information was disclosed and the agencies or departments that received the information. As used in Rule 6(e), foreign intelligence information is information that relates to the ability of the United States to protect against actual or potential attack or grave hostile acts by a foreign power or its agents; sabotage or international terrorism by a foreign power or its agents or clandestine intelligence activities by an intelligence service or network of a foreign power or its agents; or information with respect to a foreign power or foreign territory that relates to the national defense or security of the United States or the United States conduct of foreign affairs. An attorney for the government may disclose any grand jury matter involving, either in the United States or elsewhere, a threat of attack or other grave hostile acts of a foreign power or its agent, a threat of domestic or international sabotage, or clandestine intelligence gathering activities by an intelligence service or network of a foreign power or by its agent to any appropriate federal, state, local, tribal, or foreign government official for the purpose of preventing or responding to such threat or activities.

(U//~~FOUO~~) FRCP 6(e)(3)(D) allows federal prosecutors to share foreign intelligence, counterintelligence, and terrorism-related threat information, and it is the DOJ's policy that such information must be shared to the fullest extent permissible by law and in a manner consistent with the rule. The Attorney General has issued FGJ practice guidelines for USAOs, and the Guidelines for the Disclosure and Use of Grand Jury Information Under Rule 6(e)(3)(D), issued by the Deputy Attorney General on May 15, 2008, provides amplifying guidance.

18.6.5.11.4 (U) **FBI'S CONDUIT RULE**

(U//~~FOUO~~) Only the federal prosecutor is authorized to make an initial disclosure of Rule 6(e)(3)(D) foreign intelligence information. As a practical matter, such disclosures are ordinarily accomplished through the FBI, which may have existing information-sharing mechanisms with authorized receiving officials. If the prosecutor intends to share information directly with another official, consultation with the FBI is required to ensure that disclosures will be consistent with the existing policy of intelligence community agencies and to ensure appropriate handling of sensitive or classified information [REDACTED]

[REDACTED]

(U//~~FOUO~~) If, in cases of emergency, the prosecutor must disclose information before consulting with the FBI, the prosecutor must notify the FBI as soon as practicable.

18.6.5.11.5 (U) **OTHER STATUTORY DISCLOSURE RESTRICTIONS NOT AFFECTED**

(U) Rule 6(e)(3)(D) does not eliminate certain other information protection requirements, such as restrictions on disclosure of tax returns and tax information, on certain financial information under the Right to Financial Privacy Act, and on classified information, to name only a few examples. Specific statutes may impose additional burdens on disclosures.

18.6.5.11.6 (U) **RULE 6(E)(D) RECEIVING OFFICIAL RULES AND RESTRICTIONS**

- A) (U) An FBI employee may become a "receiving official," i.e., the person to whom matters occurring before the federal grand jury can be disclosed, if the FBI receives federal grand jury information developed during investigations conducted by other agencies. A receiving official is any federal, state, local, tribal, or foreign government official who receives grand jury information, disclosed by an attorney for the government, under any provision of Rule 6(e)(3)(D). A receiving official may only use the disclosed material as necessary in the conduct of his/her official duties, and in a manner consistent with its sensitivity, FGJ guidelines, and any additional conditions placed on the use or handling of the information by the attorney for the government. The receiving official ordinarily must consult with the federal prosecutor before disseminating the information publicly, including in open court proceedings
- B) (U//~~FOUO~~) If dissemination is necessary to the performance of his or her official duties, a receiving official may disseminate Rule 6(e)(3)(D) information outside of that official's agency to other government officials.
- C) (U) A receiving official, other than a foreign government official, must consult with the attorney for the government before disseminating Rule 6(e)(3)(D) information publicly (including through its use in a court proceeding that is open to or accessible to the public), unless prior dissemination is necessary to prevent harm to life or property. In such

instances, the receiving official must notify the attorney for the government of the dissemination as soon as practicable.

- D) (U) A foreign government receiving official must obtain prior consent from the disclosing official where possible, or if the disclosing official is unavailable, from the agency that disseminated the information to that foreign official before dissemination of the information to a third government or publicly. Public dissemination includes using the information in a court proceeding that is open to or accessible by the public.
- E) (U) A receiving official must take appropriate measures to restrict access to this information to individuals who require access for the performance of official duties.
- F) (U) A receiving official must immediately report to the disclosing attorney for the government: any unauthorized dissemination of Rule 6(e)(3)(D) information; or any loss, compromise, or suspected compromise of Rule 6(e)(3)(D) information.
- G) (U) Rule 6(e)(3)(D)(i) provides that receiving officials may use disclosed information only to conduct their "official duties subject to any limitation on the unauthorized disclosure of such information." This "limitation on unauthorized disclosures" is understood to encompass applicable statutory, regulatory, and guideline restrictions regarding classification, privacy, or other information protection, as well as any additional restrictions imposed by the federal prosecutor.
- H) (U//~~FOUO~~) The FGJ Guidelines do not require the receiving official to notify the federal prosecutor of subsequent disclosures, except for consultation concerning public disclosures and consent for certain disclosures by foreign officials. The receiving official is bound by whatever restrictions govern his or her use and disclosure of the information as part of his official duties. Of note, per Rule 6(e)(3)(D)(ii), if the FBI is included in the initial 6(e)(3)(D) letter as an entity receiving disclosure, subsequent dissemination by the FBI is permitted and no additional permission or notification to the court is required. (Guidelines for the Disclosure and Use of Grand Jury Information Under Rule 6(e)(3)(D)), issued by the Deputy Attorney General on May 15, 2008.

**18.6.5.11.6.1 (U//~~FOUO~~) DOCUMENTATION OF INTERNAL DISCLOSURE OF  
GRAND JURY MATERIAL**

(U) Grand jury material must be kept in such as fashion as to maintain the integrity of the material. Upon taking custody of grand jury material, the FBI employee must categorize it in a manner to identify its production source and how it was obtained, to include the identity of a custodian of record for documentary evidence. In lieu of a Rule 6(e) letter from the USAO containing an exhaustive list of names of FBI personnel, an FBI record of additional internal disclosures must be maintained by the case agent in order to establish accountability. Use of this "internal certification" procedure must be authorized by the appropriate USAO. The internal certification document (e.g. EC) must record the date of disclosure as well as the identity and position of the recipient. Such internal disclosures may be made only in support of the same investigation in which a federal prosecutor has previously issued a Rule 6(e) letter. In addition, the internal certification document must reflect that all recipients of matters occurring before the grand jury were advised of the secrecy requirements of Rule 6(e). Whenever practicable, recipients must be listed on this internal certification prior to disclosure. Local Rule 6(e) customs must govern the internal certification process used. See also DIOG subsection 18.6.5.4.1 above for Rule 6(e) exceptions involving administrative personnel.

18.6.5.11.7 (U) VIOLATIONS

- A) (U) A receiving official who knowingly violates Rule 6(e)(3)(D) by using the disclosed information outside the conduct of his or her official duties, or by failing to adhere to any limitations on the dissemination of such information, may be subject to contempt of court proceedings and to restriction on future receipt of Rule 6(e)(3)(D) information.
- B) (U) A state, local, tribal, or foreign government official who receives Rule 6(e)(3)(D) information, and who knowingly violates these guidelines, may be subject to contempt of court proceedings.
- C) (U) An attorney for the government who knowingly violates Rule 6(e)(3)(D) may be subject to contempt of court proceedings.

18.6.5.12 (U) LIMITATION OF USE

- A) (U) Rule 6(e)(3)(D) does not require notice to the court of subsequent dissemination of the information by receiving officials.
- B) (U//~~FOUO~~) Disclosure of material considered matters occurring before the grand jury cannot be made within the FBI for unrelated investigations unless a government attorney has determined that such disclosure to a particular investigator is needed to assist that attorney in a specific criminal investigation. The ability of government attorneys to freely share grand jury material with other government attorneys for related or unrelated criminal investigations does not extend to investigators without investigation specific authorization from the government attorney and notice to the court. Therefore,
- C) (U//~~FOUO~~) If a government attorney authorizes the disclosure of material considered matters occurring before the grand jury in the possession of the FBI for use in an unrelated federal criminal matter, such approval must be documented in the "GJ" sub-file of both the initiated investigation file and the subsequent investigation file. That documentation will be in addition to any necessary supplementation to the government attorney's Rule 6(e) disclosure letter and/or to the internal certification disclosure list.
- D) (U//~~FOUO~~) The USAO must be consulted immediately for precautionary instructions if material considered matters occurring before the grand jury will have application to civil law enforcement functions (e.g., civil RICO or civil forfeiture). There are very limited exceptions that allow government attorneys to use grand jury material or information in civil matters (e.g., civil penalty proceedings concerning banking law violations). These exceptions do not automatically apply to investigative personnel. Therefore, any similar use of FGJ information by the FBI must be approved in advance by the government attorney.
- E) (U//~~FOUO~~) Disclosure cannot be made without a court order for use in non-criminal investigations, such as background investigations or name checks.
- F) (U//~~FOUO~~) Government personnel who are preparing a response to a Freedom of Information Act or Privacy Act request may properly access grand jury material under the Rule because they are considered to be assisting the grand jury attorney by ensuring against any improper disclosure.
- G) (U) Rule 6(e)(3)(B) requires a federal prosecutor who discloses material considered matters occurring before the grand jury to government investigators and other persons supporting the grand jury investigation to promptly provide the court that impaneled the grand jury the

b7E

names of the persons to whom such disclosure has been made and to certify that he/she has advised such persons of their obligation of secrecy under the Rule. In order to document the certification required by the Rule, government attorneys often execute and deliver to the court a form, normally referred to as a "Certification" or "Rule 6(e) letter." A copy of this document must be maintained with the grand jury material held in the FBI's custody.

18.6.5.13 (U//~~FOUO~~) **MARKING, PHYSICAL STORAGE, AND MAILING OF GRAND JURY MATERIAL**

(U//~~FOUO~~) The FBI cannot make or allow unauthorized disclosure of matters occurring before the grand jury. If material and records obtained pursuant to the FGJ process are stored in FBI space, [REDACTED]

process are frequently stored in FBI space. FBI employees must report any unauthorized disclosure to the appropriate government attorney who, in turn, must notify the court. In order to protect against unauthorized disclosure, grand jury material must be secured in the following manner:

- 1) (U//~~FOUO~~) The page cover, envelope, or container holding grand jury materials or records that have been identified as a "matter occurring before a grand jury" must be marked with the warning: "MATTERS OCCURRING BEFORE THE FEDERAL GRAND JURY - DISSEMINATE ONLY PURSUANT TO RULE 6(e)." No grand jury stamp or mark should be affixed to the original material. Agents, analysts and other authorized parties should work from copies of such FGJ material whenever possible to ensure the original material retains its integrity. [REDACTED]  
[REDACTED]
- 2) (U//~~FOUO~~) Access to [REDACTED] must be limited to authorized persons (e.g., those assisting an attorney for the government in a specific criminal investigation). All necessary precautions must be taken to protect [REDACTED] [REDACTED] to include maintaining the material in a secure location when not in use. The material must be appropriately segregated, secured, safeguarded and placed in the investigative GJ sub-file [REDACTED]  
[REDACTED] segregate and restrict access to the material, or it can be entered in [REDACTED]  
[REDACTED] is entered into a computer database, the data must be marked with the 6(e) warning and [REDACTED] restricted within the system.
- 3) (U//~~FOUO~~) Registered mail or other traceable courier (such as Federal Express) approved by the Chief Security Officer (CSO) must be used to mail or transmit to other field offices

any documents containing grand jury material. Couriers and other personnel employed in these services will not be aware of the contents of the material transmitted because of the wrapping procedures specified below, and therefore, do not require a background investigation for this purpose. The names of persons who transport the material need not be placed on a 6(c) disclosure list.

- 4) (U//~~FOUO~~) Material considered matters occurring before the grand jury that is to be mailed or transmitted by traceable courier outside a facility must be enclosed in opaque inner and outer covers. The inner cover must be a sealed wrapper or envelope that contains the addresses of the sender and the addressee, who must be authorized to have access to the grand jury material. The inner cover must be conspicuously marked "Grand Jury Information To Be Opened By Addressee Only." The outer cover must be sealed, addressed, return addressed, and bear no indication that the envelope contains grand jury material. When the size, weight, or nature of the grand jury material precludes the use of envelopes or standard packaging, the material used for packaging or covering must be of sufficient strength and durability to protect the information from unauthorized disclosure or accidental exposure.
- 5) (U//~~FOUO~~) If the government attorney determines that the sensitivity of, or threats to, such grand jury material necessitates a more secure transmission method, the material may be transmitted by an express mail service approved for the transmission of national security information or be hand carried by the assigned government attorney or his or her designated representative.
- 6) (U//~~FOUO~~) Material considered matters occurring before the grand jury containing classified national security information must be handled, processed, and stored according to 28 C.F.R. Part 17. Such FGJ material containing other types of sensitive information, such as federal tax return information, witness security information, and other types of highly sensitive information that have more stringent security requirements than that usually required for matters occurring before the grand jury must be stored and protected pursuant to the security regulations governing such information and any special dissemination requirements provided by the organization that originated the information.

18.6.5.14 (U) REQUESTS FOR FGJ SUBPOENAS IN FUGITIVE INVESTIGATIONS

(U//~~FOUO~~) The function of the grand jury is to decide whether a person should be charged with a federal crime. Locating a person who has been charged is a task that is ancillary to, rather than a part of, that function. As such, grand jury subpoenas cannot be used as an investigative aid in the search for a fugitive in whose testimony the grand jury has no interest. Absent one of the exceptions discussed below being applicable, grand jury subpoenas for testimony or records related to a fugitive's whereabouts may not be requested in FBI fugitive investigations.

(U//~~FOUO~~) If the grand jury has a legitimate interest in the testimony of a fugitive regarding another federal ongoing investigation, it may subpoena other witnesses and records in an effort to locate the fugitive. In this situation, the responsible Assistant Attorney General must approve a "target" subpoena for the fugitive before the grand jury may subpoena witnesses and records to locate the fugitive.

(U//~~FOUO~~) When a fugitive's present location is relevant to an offense under investigation, the grand jury may legitimately inquire as to the fugitive's whereabouts. Offenses such as harboring, misprision of a felony, and accessory after the fact are examples of crimes as to which the fugitive's location may be relevant evidence. If, however, the person who is suspected of harboring the fugitive or being an accessory after the fact has been immunized and compelled to testify regarding the location of the fugitive, this will likely be viewed as improper subterfuge.

(U//~~FOUO~~) DOJ policy generally forbids the use of grand jury subpoenas to locate a defendant charged in a federal criminal complaint with unlawful flight to avoid prosecution

(UFAP). UFAP investigations are, as a general rule, not prosecuted. Use of the grand jury in the investigation of a UFAP matter requires prior consultation with DOJ and written authorization to prosecute from the Assistant Attorney General in charge of the Criminal Division. Federal indictments for UFAP require prior written approval of the Attorney General, Deputy Attorney General, or an Assistant Attorney General.

#### 18.6.5.15 (U) FGJ OVERPRODUCTION

(U) If any of the information received in response to an FGJ subpoena is subject to statutory privacy protections (e.g., records subject to the Electronic Communications Privacy Act (ECPA), Right to Financial Privacy Act (RFPA), the Fair Credit Reporting Act (FCRA), Health Insurance Portability and Accountability Act (HIPAA), or the Buckley Amendment), it must be reviewed at the time it is received by the employee who requested the issuance of the FGJ subpoena to ensure that the information received is within the scope of the subpoena's demand. Any information received from a third party provider that is beyond the scope of the FGJ subpoena and is subject to statutory protections must be treated as an overproduction. Overproduced material must not be electronically placed into any FBI application, database or used in any manner. Instead, the FBI employee must promptly notify the AUSA who authorized the issuance of the FGJ subpoena of the potential overproduction. The AUSA, in coordination with the FBI employee, must determine whether the information exceeds the scope of the FGJ subpoena, and if so, how to dispose of the overproduced material. The method of disposition for the overproduction must be documented in the investigation's [REDACTED]

#### 18.6.5.16 (U) FGJ MATERIAL COMPLIANCE AND MONITORING

(U//~~FOUO~~) [REDACTED] of every field office must designate [REDACTED] to be responsible for overseeing the FBI's compliance on handling, storage and labeling of FGJ material meeting the definition of matters occurring before the federal grand jury. As part of these duties, the designee must review the field office practices for handling, storage and labeling such material at least once per fiscal year. This review must encompass the policy standards set out in this section and along with any local "standing" judicial requirements. The results of the review(s) must be reported to the field office Division Compliance Council (DCC), and through the DCC, to the Office of Integrity and Compliance using file number [REDACTED]. The field office may set its own unique inaugural fiscal year review date and use that date thereafter as its basis for the annual review period.

(U//~~FOUO~~) All field office specific local "standing" judicial guidance must be made available to employees assigned to that office.

(U) An NSL is an administrative demand for documents or records that are relevant to a Predicated Investigation to protect against international terrorism or clandestine intelligence activities. [REDACTED]

18.6.6.3.3 (U) *APPROVAL REQUIREMENTS*

(U//~~FOUO~~) Those who approve NSLs are responsible for ensuring the investigative and procedural requirements have been met. They must certify that the information sought by the NSL is relevant to an open, predicated national security investigation. For an NSL to include a nondisclosure provision, the approver must determine that disclosure of the NSL may endanger the national security of the United States; interfere with a criminal, counterterrorism, or counterintelligence investigation; interfere with diplomatic relations; or endanger the life or physical safety of any person. Those who approve NSLs, as well as those designated as acting officials who will approve NSLs, must have completed the Virtual Academy course on NSLs, reviewed DIOG Section 18.6.6. (National Security Letter), and if appropriate, received NSL training from the CDC/ADC or a National Security Law Branch (NSLB) attorney prior to approving NSLs.

(U//~~FOUO~~) The process for creating an NSL involves two documents: the NSL itself and the EC approving the issuance of the NSL. The Director has delegated the authority to sign NSLs to the Deputy Director, Executive Assistant Director, and Associate EAD for the National Security Branch; Assistant Directors and all DADs for the Counterterrorism, Counterintelligence, and Cyber Divisions, and the Weapons of Mass Destruction Directorate; General Counsel; Deputy General Counsel for the National Security Law Branch; Assistant Directors in Charge in New York, Washington, DC, and Los Angeles; and all SACs in all field offices. See EC 333-HQ-A1487720 Serial 515 (May 15, 2012). No other *delegations* are permitted. [REDACTED]

**18.6.6.3.7.5 (U) EMERGENCY CIRCUMSTANCES**

(U//~~FOUO~~) ECPA protects subscriber or communications transactional information from disclosure by providers of electronic communication services. Generally, an NSL, grand jury subpoena, or another form of legal process must be used to compel a communication service provider to disclose subscriber or transactional information. In emergency circumstances, however, the provider may voluntarily disclose information to the FBI if the provider, in good faith, believes that an emergency involving danger of death or serious physical injury to any person exists and requires disclosure without delay. As a matter of FBI policy, when there is a danger of death or serious physical injury that does not permit the proper processing of an NSL, an administrative subpoena (if permissible), or a grand jury subpoena, then a letter to the provider citing 18 U.S.C. § 2702 may be used to request emergency disclosure, if approved by a SAC, ASAC, or FBIHQ Section Chief. If time does not permit the issuance of an emergency letter that cites 18 U.S.C. § 2702, then an oral request to the provider may be made, but the oral request must be followed-up with a letter to the provider. In either situation, an  Form, which automatically generates the letter, must be completed.

18.6.6.3.8 (U) NOTICE AND REPORTING REQUIREMENTS

(U//~~FOUO~~) NSLB compiles NSL statistics for reporting to Congress. The NSL subsystem  automatically records the information needed for Congressional reporting. If the NSL is created outside the subsystem, then the NSL's cover EC must include the information necessary for NSLB to report NSL statistics accurately, i.e., delineate the number of targeted facilities/accounts in each NSL issued to an NSL recipient.

(U//~~FOUO~~) NSLB also reports to Congress the USPER status of the target (as opposed to the subject of the investigation) of all NSLs, other than NSLs that seek only subscriber information. While the subject of the investigation is often the target of the NSL, that is not always the case. The EC must record the USPER status of the target of the NSL – the person whose information the FBI is seeking. If the NSL is seeking information about more than one person, the EC must record the USPER status of each person.

18.6.6.3.13 (U) DISSEMINATION OF NSL INFORMATION

(U//~~FOUO~~) Subject to certain statutory limitations, information obtained in response to an NSL may be disseminated according to general dissemination standards in the AGG-Dom. The Electronic Communications Privacy Act (ECPA) (telephone and electronic communications transactional records) and the Right to Financial Privacy Act (RFPA) (financial records) permit dissemination if consistent with the AGG-Dom and the information is clearly relevant to the responsibilities of the recipient agency. The Fair Credit Reporting Act (FCRA) permits dissemination of the identity of financial institutions and consumer identifying information to other federal agencies as may be necessary for the approval or

conduct of a foreign counterintelligence investigation. FCRA imposes no special rules for dissemination of full credit reports.

18.6.6.3.15 (U) *PAYMENT FOR NSL-DERIVED INFORMATION*

(U//~~FOUO~~) No legal obligation exists for the FBI to compensate recipients of NSLs issued pursuant to ECPA (telephone and electronic communications transactional records) or FCRA, 15 U.S.C. § 1681v (full credit reports in international terrorism investigations), and therefore no payment should be made in connection with those NSLs. See EC 319X-HQ-A1487720-OGC, serial 222, for a form letter to be sent in response to demands for payment concerning these NSLs.

(U//~~FOUO~~) Compensation for responding to NSLs issued pursuant to RFP (financial records) and FCRA § 1681u (identity of financial institutions and consumer identifying information) is covered by a fee schedule adopted under DOJ's Cost Reimbursement Guidance under the ECPA.

18.6.6.3.16 (U) *JUDICIAL REVIEW OF NSLS*

(U//~~FOUO~~) All NSLs should include the necessary legal notices. Specifically, an NSL issued by the FBI must inform the recipient of the right to judicial review of the NSL pursuant to 18 U.S.C. § 3511(a). *See* *Doe v. Mukasey*, 549 F.3d 861 (2d Cir. 2008). An NSL issued by the FBI must also inform the recipient of the right to judicial review of any nondisclosure requirement imposed in connection with the NSL. *See, e.g.* 18 U.S.C. § 2709(d). An NSL must specifically advise that, if the recipient wishes to have a court review a nondisclosure requirement imposed in connection with an NSL, the recipient may notify the Government, which must then initiate judicial review proceedings [redacted] if it wants to maintain nondisclosure of the NSL. If the FBI determines that nondisclosure continues to be necessary (see below paragraph for statutory standard for nondisclosure), the Government must demonstrate to a federal judge the need for continued nondisclosure and obtain a judicial order requiring such nondisclosure. The nondisclosure requirement will remain in effect unless and until there is a final court order holding that disclosure is permitted.

(U//~~FOUO~~) In any judicial review proceeding regarding a nondisclosure requirement in connection with an NSL, the Government will bear the burden of persuading the district court that there is good reason to believe that disclosure may result in at least one of the enumerated harms set forth in the NSL statutes, *e.g.*, 18 U.S.C. § 2709(c), which are: a danger to the national security of the United States; interference with a criminal, counterterrorism, or

counterintelligence investigation; interference with diplomatic relations; or danger to the life or physical safety of any person, that is related to an authorized investigation to protect against international terrorism or clandestine intelligence activities. Accordingly, the field office or FBIHQ Division that issued the NSL, in conjunction with OGC, must coordinate with DOJ and the United States Attorney's Office to ensure that the FBI's certification is sufficient to meet the FBI's burden of proof.

18.6.6.3.17 (U) **REVIEW OF NONDISCLOSURE REQUIREMENT IN NSLS**

(U//~~FOUO~~) The USA FREEDOM Act of 2015 requires the FBI to review at certain intervals during the investigation all National Security Letters (NSL) that included a nondisclosure requirement pursuant to procedures adopted by the Attorney General. Pursuant to the *Attorney General Termination Procedures for National Security Letter Nondisclosure Requirement (Procedures)*, issued November 24, 2015, the review is to determine whether the nondisclosure requirement in an NSL should continue or be terminated. Under these *Procedures*, the nondisclosure requirement of an NSL shall terminate upon the closing of any investigation in which an NSL containing a nondisclosure provision was issued except where the FBI makes a determination that one of the existing statutory standards for nondisclosure is satisfied. Pursuant to the *Procedures*, starting February 21, 2016, when (i) an open investigative file reaches its third-year anniversary [REDACTED] and (ii) an investigative file is closed, an NSL nondisclosure review must occur. If an investigation is closed before its third-year anniversary, then the NSL nondisclosure review will occur once, that is, when the investigation closes. There are no NSL nondisclosure reviews beyond the third-year anniversary and/or when the investigative file is closed.

§18

**18.6.8 (U) INVESTIGATIVE METHOD: STORED WIRE OR ELECTRONIC  
COMMUNICATIONS AND TRANSACTIONAL RECORDS**

**18.6.8.1 (U) SUMMARY**

(U//~~FOUO~~) FBI employees may acquire the contents of stored wire or electronic communications and associated transactional records—including basic subscriber information—as provided in 18 U.S.C. §§ 2701-2712 (Electronic Communications Privacy Act (ECPA)). Requests for voluntary disclosure under the emergency authority of 18 U.S.C. § 2702 require prior approval from the field office ASAC or FBIHQ Section Chief when appropriate.

(U//~~FOUO~~) All requests for information from electronic communication service providers (e.g., telephone companies, internet service providers) pertaining to a subscriber or customer must comply with ECPA. As used in ECPA, the term “information pertaining to a subscriber or customer” should be read broadly. It includes, for example, information regarding whether a particular individual has an account with a covered provider. Thus, unless done in accordance with ECPA, an FBI employee may not ask a telephone company or internet service provider whether John Smith has an account with the company (i.e., the FBI employee may not informally seek information that is statutorily protected prior to the issuance of appropriate process or the existence of an exception to ECPA). In addition, based on a November 5, 2008 interpretation of ECPA from the Office of Legal Counsel, the FBI may not ask a telephone company whether a given telephone number that the company services has been assigned to an individual. In short, in order to obtain any information specific to the subscriber from a telephone company or electronic communication service provider, the FBI must provide legal process pursuant to 18 U.S.C. §§ 2703 or 2709 or the request must fall within the limited exceptions established in 18 U.S.C. § 2702, and discussed below.

**18.6.8.2.1 (U) STORED DATA**

(U) The Electronic Communications Privacy Act (ECPA)—18 U.S.C. §§ 2701-2712—governs the disclosure of two broad categories of information: (i) the contents of wire or electronic communications held in “electronic storage” by providers of “electronic communication service” or contents held by those who provide “remote computing service” to the public; and (ii) records or other information pertaining to a subscriber to or customer of

such services. The category of “records or other information” can be subdivided further into subscriber records (listed in 18 U.S.C. § 2703(c)(2)) and stored traffic data or other records.

(U) Records covered by ECPA include all records that are related to the subscriber, including buddy lists, “friend” lists (MySpace), and virtual property owned (Second Life). These other sorts of records are not subscriber records and cannot be obtained with a subpoena under 18 U.S.C. § 2703(c)(2) or an NSL under 18 U.S.C. § 2709.

#### 18.6.8.2.2 (U) *LEGAL PROCESS*

(U) The legal process for obtaining disclosure will vary depending on the type of information sought and whether the information is being voluntarily provided under 18 U.S.C. § 2702 (e.g., with consent or when emergency circumstances require disclosure) or the provider is being compelled to provide the information under 18 U.S.C. § 2703, as outlined below. The process for compelling production under 18 U.S.C. § 2709 is discussed in the NSL section above.

#### 18.6.8.2.3 (U) *RETRIEVAL*

(U) Contents held in “electronic storage” by a provider of “electronic communication service” for 180 days or less can only be obtained with a search warrant based on probable cause. Accordingly, such records may only be obtained during a Full Investigation.

(U) Contents held by those who provide “remote computing service” to the public and contents held in “electronic storage” for more than 180 days by an “electronic communication service” provider can be obtained with: a warrant; a subpoena with prior notice to the subscriber or customer; or an order issued by a court under 18 U.S.C. § 2703(d) when prior notice has been provided to the customer or subscriber (unless the court has authorized delayed notice).

(U) Title 18 U.S.C. § 2705 establishes the standard to delay notice for an initial period of up to 90 days. Records or other information pertaining to a subscriber to or customer of such services, including basic subscriber information, can be obtained with a search warrant or an 18 U.S.C. § 2703(d) order without notice.

#### 18.6.8.2.4 (U) *BASIC SUBSCRIBER INFORMATION*

(U) Basic subscriber information, as described in 18 U.S.C. § 2703(c)(2), can be compelled by a grand jury or administrative subpoena without notice.

#### 18.6.8.2.5 (U) *PRESERVATION OF STORED DATA*

(U) The government is authorized under 18 U.S.C. § 2703(f) to direct a provider to preserve records or other information (stored records or communications) in its possession for 90 days (which may be extended for an additional 90-days) pending issuance of applicable legal process for disclosure. To make a preservation request, the FBI must believe that the records will subsequently be sought by appropriate legal process.

#### 18.6.8.2.6 (U) *COST REIMBURSEMENT*

(U) 18 U.S.C. § 2706 requires the government to reimburse for costs incurred in providing the contents of communications, records, or other information obtained under 18 U.S.C. §§ 2702, 2703, or 2704, except that reimbursement is not required for records or other information

maintained by a communications common carrier that relate to telephone toll records and telephone listings obtained under 18 U.S.C. § 2703. In essence, the government does not have to reimburse for the cost of producing records that the provider maintains in the ordinary course of its business.

#### 18.6.8.3 (U) LEGAL AUTHORITY

(U) 18 U.S.C. §§ 2701-2712

(U) AGG-Dom, Part V.9

(U) ECPA—18 U.S.C. §§ 2701-2712—creates statutory privacy rights for the contents of communications in “electronic storage” and records or other information pertaining to a subscriber to or customer of an “electronic communication service” and a “remote computing service.” The statutory protections protect the privacy of an individual’s electronic data contained in a networked account—that may otherwise fall outside the scope of the protections afforded by the Fourth Amendment—when such account or its service is owned or managed by a third-party provider.

(U) ECPA generally: (i) prohibits access to the contents of wire or electronic communications while in “electronic storage” unless authorized (18 U.S.C. § 2701); (ii) prohibits a provider of service to the public from disclosing the contents of wire or electronic communications while held in “electronic storage,” and prohibits divulging to the government any information pertaining to a subscriber to or customer of such service unless authorized (18 U.S.C. § 2702); and (iii) authorizes the government to compel disclosure from a provider of stored contents of a wire or electronic communication and records or other information pertaining to a subscriber to or customer (18 U.S.C. § 2703). ECPA provides for reimbursement of costs incurred in providing the information acquired.

(U)

#### 18.6.8.4 (U) ECPA DISCLOSURES

(U) ECPA authorities can be divided into two categories: (i) compelled disclosure—legal process to compel providers to disclose the contents of stored wire or electronic communications (including e-mail and voice mail—opened and unopened) and other information, such as account records and basic subscriber information; and (ii) voluntary disclosure of such information from service providers. Each of these authorities is discussed below.

##### 18.6.8.4.1 (U) DEFINITIONS

- A) (U) **Electronic Storage**: is “any temporary, intermediate storage of a wire or electronic communication incidental to the electronic transmission thereof,” or “any storage of such communication by an electronic communication service for purposes of backup protection of such communication.” 18 U.S.C. § 2510(17). In short, “electronic storage” refers only to temporary storage, made in the course of transmission, by a provider of an electronic communication service.
- B) (U) **Remote Computing Service (RCS)**: is a service that provides “to the public” computer storage or processing services by means of an electronic communications system. 18 U.S.C. §

2711(2). In essence, a remote computing service is an off-site computer that stores or processes data for a customer.

- C) (U) **Electronic Communications System**: is "any wire, radio, electromagnetic, photo optical or photo electronic facilities for the transmission of wire or electronic communications, and any computer facilities or related electronic equipment for the electronic storage of such communications." 18 U.S.C. § 2510(14).
- D) (U) **Electronic Communication Service (ECS)**: is "any service that provides to users thereof the ability to send or receive wire or electronic communications." 18 U.S.C. § 2510(15). For example, telephone companies and electronic mail companies generally act as providers of electronic communication services.

18.6.8.4.2 (U) **COMPELLED DISCLOSURE**

(U) 18 U.S.C. § 2703 lists five types of legal process that the government can use to compel a provider to disclose certain kinds of information. The five mechanisms, in descending order of required threshold showing are as follows:

- A) (U) Search warrant;
- B) (U) 18 U.S.C. § 2703(d) court order with prior notice to the subscriber or customer;
- C) (U) 18 U.S.C. § 2703(d) court order without prior notice to the subscriber or customer;
- D) (U) Subpoena with prior notice to the subscriber or customer; and
- E) (U) Subpoena without prior notice to the subscriber or customer.

(U) 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered by, and therefore not entitled to the protections of the DOJ policy set out above.

**18.6.8.4.2.2 (U//~~FOUO~~) NOTICE—ORDERS NOT TO DISCLOSE THE EXISTENCE OF A WARRANT, SUBPOENA, OR COURT ORDER**

(U//~~FOUO~~) FBI employees may obtain a court order directing network service providers not to disclose the existence of compelled process if the government has no legal duty to notify the customer or subscriber of the process. If an 18 U.S.C. § 2703(d) order or 18 U.S.C. § 2703(a) warrant is being used, a request for a non-disclosure order can be included in the application and proposed order or warrant. If a subpoena is being used to obtain the information, a separate application to a court for a non-disclosure order must be made.

**18.6.8.4.2.3 (U) LEGAL STANDARD**

(U//~~FOUO~~) A court may order an electronic communications service provider or remote computing service not to disclose the existence of a warrant, subpoena, or court order for such period as the court deems appropriate. The court must enter such an order if it determines that there is reason to believe that notification of the existence of the warrant, subpoena, or court order will result in:

- A) (U) Endangering the life or physical safety of an individual;
- B) (U) Flight from prosecution;
- C) (U) Destruction of or tampering with evidence;
- D) (U) Intimidation of potential witnesses; or
- E) (U) Otherwise seriously jeopardizing an investigation or unduly delaying a trial. 18 U.S.C. § 2705(b).

**18.6.8.4.2.4 (U) SEARCH WARRANT**

(U//~~FOUO~~) Investigators can obtain the full contents of a network account with a search warrant issued pursuant to FRCP Rule 41. However, FRCP Rule 41 search warrant may not be issued in Preliminary Investigations. See DIOG Section 18.7.1.3.4.4.

**18.6.8.4.2.5 (U) COURT ORDER WITH PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER**

(U//~~FOUO~~) Investigators can obtain everything in a network account except for unopened e-mail or voice-mail stored with a provider for 180 days or less using a 18 U.S.C. § 2703(d) court order with prior notice to the subscriber unless they have obtained authority for delayed notice pursuant to 18 U.S.C. § 2705. ECPA distinguishes between the contents of communications that are in "electronic storage" (e.g., unopened e-mail) for less than 180 days, and those that have been in "electronic storage" for longer or that are no longer in "electronic storage" (e.g., opened e-mail).

(U) FBI employees who obtain a court order under 18 U.S.C. § 2703(d), and either give prior notice to the subscriber or comply with the delayed notice provisions of 18 U.S.C. § 2705(a), may obtain:

- A) (U) "The contents of a wire or electronic communication that has been in electronic storage in an electronic communications system for more than one hundred and eighty days." 18 U.S.C. § 2703(a).
- B) (U) "The contents of any wire or electronic communication" held by a provider of remote computing service "on behalf of . . . a subscriber or customer of such remote computing service," 18 U.S.C. §§ 2703(b)(1)(B)(ii), 2703 (b)(2); and
- C) (U) Everything that can be obtained using an 18 U.S.C. § 2703(d) court order without notice.

(U)

b7E

(U)

b7E

#### 18.6.8.4.2.5.1 (U) *LEGAL STANDARD*

(U) To order delayed notice, the court must find that "there is reason to believe that notification of the existence of the court order may... endanger the life or physical safety of an individual; [lead to] flight from prosecution; [lead to] destruction of or tampering with evidence; [lead to] intimidation of potential witnesses; or . . . otherwise seriously jeopardiz[e] an investigation or unduly delay[ ] a trial." 18 U.S.C. §§ 2705(a)(1)(A) and 2705(a)(2). The applicant must satisfy this standard anew each time an extension of the delayed notice is sought.

#### 18.6.8.4.2.5.2 (U) *NATIONWIDE SCOPE*

(U) Federal court orders under 18 U.S.C. § 2703(d) have effect outside the district of the issuing court. Orders issued pursuant to 18 U.S.C. § 2703(d) may compel providers to disclose information even if the information is stored outside the district of the issuing court. See 18 U.S.C. § 2703(d) ("any court that is a court of competent jurisdiction" may issue a 18 U.S.C. § 2703(d) order); 18 U.S.C. § 2711(3) (court of competent jurisdiction includes any federal court having jurisdiction over the offense being investigated without geographic limitation).

(U) 18 U.S.C. § 2703(d) orders may also be issued by state courts. See 18 U.S.C. §§ 2711(3), 3127(2)(B). These orders issued by state courts, however, do not have effect outside the jurisdiction of the issuing state. See 18 U.S.C. §§ 2711(3).

#### 18.6.8.4.2.6 (U) COURT ORDER WITHOUT PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER

(U) A court order under 18 U.S.C. § 2703(d) may compel disclosure of:

- A) (U) All "record(s) or other information pertaining to a subscriber to or customer of such service (not including the contents of communications [held by providers of electronic communications service and remote computing service])." and
- B) (U) Basic subscriber information that can be obtained using a subpoena without notice. 18 U.S.C. § 2703(c)(1).

18.6.8.4.2.6.1 (U) *TYPES OF TRANSACTIONAL RECORDS*

(U) The broad category of transactional records includes all records held by a service provider that pertain to the subscriber beyond the specific records listed in 2703(c)(2)

[REDACTED]

(U//~~FOUO~~)

18.6.8.4.2.6.2 (U) *CELL SITE AND SECTOR INFORMATION*

(U) Cell site and sector information is considered "a record or other information pertaining to a subscriber" and therefore, production of historical and prospective cell site and sector information may be compelled by a court order under 18 U.S.C. § 2703(d). Requests made pursuant to 18 U.S.C. § 2703(d) for disclosure of prospective cell site and sector information—which is delivered to law enforcement under Communications Assistance for Law Enforcement Act (CALEA) at the beginning and end of calls— must be combined with an application for pen register/trap and trace device. Some judicial districts will require a showing of probable cause before authorizing the disclosure of prospective cell site and sector information.

18.6.8.4.2.6.4 (U) *LEGAL STANDARD*

(U) A court order under 18 U.S.C. § 2703(d) is known as an "articulable facts" court order or simply a "d" order. This section imposes an intermediate standard to protect on-line transactional records. It is a standard higher than a subpoena, but not a probable cause warrant.

(U) In applying for an order pursuant to 18 U.S.C. § 2703 (d), the FBI must state sufficient specific and articulable facts for the court to find that there are reasonable grounds to believe that the contents of a wire or electronic communication, or the records or other information sought, are relevant and material to an ongoing criminal investigation.

18.6.8.4.2.7 (U) SUBPOENA WITH PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER

(U//~~FOUO~~) Investigators can subpoena opened e-mail from a provider if they give prior notice to the subscriber or comply with the delayed notice provisions of 18 U.S.C. § 2705(a)— that there is reason to believe notification of the existence of the subpoena may have an adverse result.

(U) FBI employees who obtain a subpoena and give prior notice to the subscriber or comply with the delayed notice provisions of 18 U.S.C. § 2705(a) may obtain:

A) (U) "The contents of any wire or electronic communication" held by a provider of remote computing service "on behalf of . . . a subscriber or customer of such remote computing service." 18 U.S.C. § 2703(b)(1)(B)(i), § 2703(b)(2);

B) (U) "The contents of a wire or electronic communication that has been in electronic storage in an electronic communications system for more than one hundred and eighty days." 18 U.S.C. § 2703(a); and

C) (U) Basic subscriber information listed in 18 U.S.C. § 2703(c)(2).

This standard must be satisfied anew every time an extension of the delayed notice is sought. This documentation must be placed with the subpoena in the appropriate investigative file.

**18.6.8.4.2.8 (U) SUBPOENA WITHOUT PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER**

(U/~~FOUO~~) Without notice to the subscriber or customer, investigators can subpoena basic subscriber information:

(U) name; address; local and long distance telephone connection records, or records of session times and durations; length of service (including start date) and types of service used; telephone or instrument number or other subscriber number or identity, including any temporarily assigned network address; and means and source of payment for such service (including any credit card or bank account number)[.]” 18 U.S.C. § 2703(c)(2).

- A) (U) **Legal Standard**: The legal threshold for issuing a subpoena is relevance to the investigation. Courts are reluctant to review the “good faith” issuance of subpoenas as long as they satisfy the following factors<sup>45</sup>: (i) the investigation is conducted pursuant to a legitimate purpose; (ii) the information requested under the subpoena is relevant to that purpose; (iii) the agency does not already have the information it is seeking with the subpoena; and (iv) the agency has followed the necessary administrative steps in issuing the subpoena.

18.6.8.4.3 (U) ***VOLUNTARY DISCLOSURE***

(U) [REDACTED]

b7E

- A) (U) **Service NOT Available to the Public**: ECPA does not apply to providers of services that are not available “to the public;” accordingly such providers may freely disclose both contents and other records relating to stored communications. Andersen Consulting v. UOP, 991 F. Supp. 1041 (N.D. Ill. 1998) (giving hired consulting firm employees access to UOP’s e-mail system is not equivalent to providing e-mail to the public).
- B) (U) **Services That ARE Available to the Public**: If the provider offers services to the public, then ECPA governs the disclosure of contents and other records.
- C) (U) If the provider is authorized to disclose the information to the government under 18 U.S.C. § 2702 and is willing to do so voluntarily, law enforcement does not need to obtain a legal order or provide other legal process to compel the disclosure.
- D) (U) If a provider voluntarily discloses under the statute, there is no follow-up legal process required or available. If the provider, on the other hand, either may not or will not disclose the information voluntarily, FBI employees must rely on compelled disclosure provisions and obtain the appropriate legal orders.
- 1) (U) **Voluntary Disclosure of Stored Contents** - ECPA authorizes the voluntary disclosure of stored contents when:
- a) (U) The originator, addressee, intended recipient, or the subscriber (in the case of opened e-mail) expressly or impliedly consents, 18 U.S.C. § 2702(b)(3);
  - b) (U) The disclosure “may be necessarily incident to the rendition of the service or to the protection of the rights or property of the provider of that service,” 18 U.S.C. § 2702(b)(5);

<sup>45</sup> (U) United States v. Morton Salt Co., 338 U.S. 632, 642-43 (1950).

- c) (U) The provider "in good faith, believes that an emergency involving danger of death or serious physical injury to any person requires disclosure without delay of information relating to the emergency," 18 U.S.C. § 2702(b)(8);
  - d) (U//~~FOUO~~) An emergency disclosure under this statutory exception is justified when the circumstances demand action without delay to prevent death or serious bodily injury; the statute does not depend on the immediacy of the risk of danger itself. For example,   
  
H.R. Rep. No. 107-497 at 13-14 (2002) accompanying The Cyber Security Enhancement Act of 2002, H.R. 3482, which passed as part of the comprehensive Homeland Security Act of 2002, Pub. L. No. 107-296, § 225 116 Stat. 2135 (2002).
  - e) (U) The disclosure is made to the National Center for Missing and Exploited Children, in connection with a report submitted thereto under Section 227 of the Victims of Child Abuse Act of 1990. (42 U.S.C. § 13032 and 18 U.S.C. § 2702(b)(6)); or
  - f) (U) The contents are inadvertently obtained by the service provider and appear to pertain to the commission of a crime. Such disclosures can only be made to a law enforcement agency. 18 U.S.C. § 2702(b)(7)
- 2) (U) **Voluntary Disclosure of Non-Content Customer Records** - ECPA permits a provider to voluntarily disclose non-content customer records to the government when:
- a) (U) The customer or subscriber expressly or impliedly consents, 18 U.S.C. § 2702(c)(2);
  - b) (U) The disclosure "may be necessarily incident to the rendition of the service or to the protection of the rights or property of the provider of that service," 18 U.S.C. § 2702(c)(3);
  - c) (U) The provider "in good faith, believes that an emergency involving danger of death or serious physical injury to any person requires disclosure without delay of information relating to the emergency," 18 U.S.C. § 2702(c)(4); or
  - d) (U//~~FOUO~~) Note: An emergency disclosure under this statutory exception is justified when the circumstances demand immediate action (i.e., obtaining/disclosing information "without delay") to prevent death or serious bodily injury; the statute does not depend on the immediacy of the risk of danger itself. For example, an e-mail that discusses a planned terrorist attack but not the timing of the attack would constitute an emergency that threatens life or limb and requires immediate action, even though the timing of the attack is unknown. It is the need for immediate action to prevent the serious harm threatened rather than the immediacy of the threat itself that provides the justification for voluntary disclosures under this exception. H.R. Rep. No. 107-497 at 13-14 (2002) accompanying The Cyber Security Enhancement Act of 2002, H.R. 3482, which passed as part of the comprehensive Homeland Security Act of 2002, Pub. L. No. 107-296, § 225 116 Stat. 2135 (2002).
  - e) (U) The disclosure is to the National Center for Missing and Exploited Children, in connection with a report submitted thereto under Section 227 of the Victims of Child Abuse Act of 1990. (42 U.S.C. § 13032 and 18 U.S.C. § 2702(c)(5))

- [REDACTED] A governmental entity is authorized to direct providers to preserve stored records and communications pursuant to 18 U.S.C. § 2703(f). - c) (U) FBI employees who send 18 U.S.C. § 2703(f) letters to network service providers should be aware of two limitations. First, the authority to direct providers to preserve records and other evidence is not prospective. Thus, 18 U.S.C. § 2703(f) letters can order a provider to preserve records that have already been created but cannot order providers to preserve records not yet made. If FBI employees want providers to record information about future electronic communications, they must comply with the electronic surveillance statutes. A second limitation of 18 U.S.C. § 2703(f) is that some providers may be unable to comply effectively with 18 U.S.C. § 2703(f) requests

- 4) (U) **Video Tape Rental or Sales Records** - 18 U.S.C. § 2710 makes the unauthorized disclosure of records by any person engaged in the rental, sale, or delivery of prerecorded video cassette tapes or similar audiovisual materials unlawful and provides an exclusionary rule to prohibit personally identifiable information otherwise obtained from being admissible as evidence in any court proceeding. Personally identifiable information is defined as "information that identifies a person as having requested or obtained specific video material or services . . . ."
- a) (U) The disclosure to law enforcement of "personally identifiable information" is permitted only when the law enforcement agency:
- (i) (U) Has the written consent of the customer;
  - (ii) (U) Obtains a search warrant issued under Rule 41, FRCP or equivalent state warrant; or
  - (iii) (U) Serves a grand jury subpoena;

- A) (U) The number of accounts from which the FBI received voluntary emergency disclosures; and
- B) (U) A summary of the basis for the emergency disclosure in those investigations that were closed without the filing of criminal charges.

- C) (U) Submit the report to the General Counsel for review and submission to DOJ according to the statutory requirement for annual report by the Attorney General.

## **18.6.9 (U) INVESTIGATIVE METHOD: PEN REGISTERS AND TRAP/TRACE DEVICES (PR/TT)**

### **18.6.9.1 (U) SUMMARY**

(U) Pen register and trap and trace (PR/TT) devices enable the prospective collection of non-content traffic information associated with wire and electronic communications, such as: the phone numbers dialed from or to a particular telephone, including electronic communications; messages sent from or to a particular telephone; or the internet protocol (IP) address of communications on the Internet and other computer networks.

### **18.6.9.2 (U) APPLICATION**

### **18.6.9.3 (U) LEGAL AUTHORITY**

(U) 18 U.S.C. §§ 3121 et seq. and 50 U.S.C. §§ 1842 et seq. regulate the use of PR/TT devices. PR/TT orders authorize the collection of phone number dialed from or to a particular telephone, IP addresses, port numbers and the “To” and “From” information from e-mail; they cannot intercept the content of a communication, such as telephone conversations or the words in the “subject line” or the body of an e-mail.

### **18.6.9.4 (U) DEFINITION OF INVESTIGATIVE METHOD**

(U) A pen register device or process records or decodes dialing, routing, addressing or signaling information transmitted by an instrument or facility from which a wire or electronic communication is transmitted, provided that such information must not include the contents of any communication. See 18 U.S.C. § 3127(3).

(U) A trap and trace device or process captures the incoming electronic or other impulses that identify the originating number or other dialing, routing, addressing or signaling information reasonably likely to identify the source of a wire or electronic communication, provided that such information does not include the contents of any communication. See 18 U.S.C. § 3127(4).

### **18.6.9.5 (U) STANDARDS FOR USE AND APPROVAL REQUIREMENTS FOR INVESTIGATIVE METHOD**

#### **18.6.9.5.1 (U) PEN REGISTER/TRAP AND TRACE UNDER FISA**

(U) 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered by, and therefore not entitled to the protections of the DOJ policy set out above.

**18.6.9.5.1.1 (U) LEGAL STANDARD**

(U) Applications to the FISC are to be under oath and must include:

A) (U) The identity of the federal officer making the application; and

B) (U) A certification by the applicant that the information likely to be obtained is foreign intelligence information not concerning an USPER or is information that is relevant to an ongoing investigation to protect the United States against international terrorism or clandestine intelligence activities; and that such investigation, if of an USPER, is not conducted solely upon the basis of activities protected by the First Amendment to the Constitution.

**18.6.9.5.1.2 (U) PROCEDURES**

(U//~~FOUO~~) Requests for initiating or a renewal of FISA PR/TT must be made using

 Routing a paper copy for signatures is not required.

(U//~~FOUO~~) See 

 for additional guidance.

**18.6.9.5.1.3 (U) EMERGENCY AUTHORITY—FISA: 50 U.S.C. § 1843**

(U//~~FOUO~~) Under the provisions of FISA, the Attorney General may grant Emergency Authority (EA) for PR/TT. Requests for Emergency Authority must be referred to the appropriate FBIHQ division.

(U//~~FOUO~~) 

A) (U) The Attorney General may authorize the installation and use of a PR/TT upon a determination that an emergency exists and that the factual basis exists for a court order. The FISC must be informed at the time of the authorization and an application for a court order

must be made to the court as soon as practicable, but no more than seven (7) days after the authorization. If the court does not issue an order approving the use of a PR/TT, an emergency-authorized PR/TT use must terminate at the earliest of when the information sought is obtained, when the FISC denies the application, or seven (7) days after the Attorney General authorization is given.

- B) (U) If the FISC denies the application after an emergency PR/TT device has been installed, no information collected as a result may be used in any manner, except with the approval of the Attorney General upon a showing that the information indicates a threat of death or serious bodily harm to any person.

(U) Notwithstanding the foregoing, the President, acting through the Attorney General, may authorize the use of a PR/TT, without a court order, for a period not to exceed 15 calendar days, following a declaration of war by Congress. See 50 U.S.C. § 1844.

(U//~~FOUO~~) For an emergency authorization to use a PR/TT surveillance, [REDACTED]

#### 18.6.9.5.1.4 (U) FISA OVERCOLLECTION

(U//~~FOUO~~) In accordance with Foreign Intelligence Surveillance Court (FISC) Rule of Procedure 15, information acquired outside of the scope of the FISA authorization (“FISA overcollection”) will no longer be sequestered with the FISC, absent extraordinary circumstances. Contact NSLB for further guidance regarding the handling of any FISA overcollection.

#### 18.6.9.5.2 (U) CRIMINAL PEN REGISTER/TRAP AND TRACE UNDER TITLE 18

(U) Applications for the installation and use of a PR/TT device may be made to a “court of competent jurisdiction”—i.e., “any district court of the United States (including a magistrate judge of such a court) or any United States court of appeals having jurisdiction over the offense being investigated, or any court of general criminal jurisdiction of a State authorized by the law of that State to enter orders authorizing the use of a pen register or trap and trace device.” See 18 U.S.C. § 3127(2).

(U//~~FOUO~~) [REDACTED]

(U) *Note:* 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered by, and therefore not entitled to the protections of the DOJ policy set out above.

#### 18.6.9.5.2.1 (U) LEGAL STANDARD

(U) Applications for authorization to install and use a PR/TT device must include:

- A) (U) The identity of the attorney for the government or the state law enforcement or investigative officer making the application and the identity of the law enforcement agency conducting the investigation; and
- B) (U) A certification by the applicant that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

#### 18.6.9.5.2.2 (U//~~FOUO~~) PROCEDURES

(U//~~FOUO~~) An SSA must approve a request for initiating or renewal of PR/TT use prior to submission of the request to an attorney for the government. Before approving such a request, the SSA should consider of the following:

- A) (U//~~FOUO~~) The use of resources based on the investigative purpose set forth;
- B) (U//~~FOUO~~) Whether there is sufficient factual basis for the certification to be made in the application (i.e., is the information likely to be obtained relevant to an ongoing criminal investigation);
- C) (U//~~FOUO~~) Whether the customer or subscriber has consented to the use of a PR/TT, see 18 U.S.C. § 3121(b)(3); or
- D) (U//~~FOUO~~) Whether the use of a PR/TT is the least intrusive method if reasonable based upon the circumstances of the investigation.

(U//~~FOUO~~) A copy of the approving EC must be maintained in the pen register sub-file "PEN."

(U//~~FOUO~~) A PR/TT order is executable anywhere within the United States and, upon service, the order applies to any person or entity providing wire or electronic communication service in the United States whose assistance may facilitate the execution of the order.

(U//~~FOUO~~) See  for additional guidance.

#### 18.6.9.5.2.3 (U) EMERGENCY AUTHORITY—CRIMINAL: 18 U.S.C. § 3125

(U) The Attorney General, the Deputy Attorney General, the Associate Attorney General, any Assistant Attorney General, any *acting Assistant Attorney General*, or any *Deputy Assistant Attorney General* may specially designate any investigative or law enforcement officer to reasonably determine whether an emergency situation exists that requires the installation and use of a PR/TT device before an order authorizing such installation and use can, with due diligence, be obtained and there are grounds upon which an order could be entered authorizing the installation and use of a PR/TT.

(U) An emergency situation as defined in this section involves:

- A) (U) Immediate danger of death or serious bodily injury to any person;
- B) (U) Conspiratorial activities characteristic of organized crime;
- C) (U) An immediate threat to a national security interest; or
- D) (U) An ongoing attack on a protected computer (as defined in 18 U.S.C. § 1030) that constitutes a crime punishable by a term of imprisonment greater than one year.

(U) Only DOJ officials have the authority to authorize the emergency installation of a PR/TT. The FBI does not have this authority. If the DOJ authorizes the emergency installation of a PR/TT, the government has 48 hours after the installation to apply for and obtain a court order according to 18 U.S.C. § 3123. It is a violation of law to fail to apply for and obtain a court order within this 48 hour period. Use of the PR/TT shall immediately terminate when the information sought is obtained, when the application for a court order is denied, or if no court order has been obtained 48 hours after the installation of the PR/TT device in emergency situations.

(U//~~FOUO~~) As with requesting authorization for an emergency Title III, [REDACTED]

The AUSA will include an authorization memorandum with the application for the court order approving the emergency use.

#### 18.6.9.6 (U) DURATION OF APPROVAL

A) (U) **FISA:** The use of a PR/TT device may be authorized by the FISC for a period of time not to exceed 90 days in investigations targeting an USPER. Extensions may be granted for periods not to exceed 90 days upon re-application to the court. In investigations in which the applicant has certified that the information likely to be obtained is foreign intelligence information not concerning a U.S. person (USPER), an order or extension may be for a period of time not to exceed one year.

B) (U) **Criminal:** The installation and use of a PR/TT device may be authorized by court order under 18 U.S.C. § 3123 for a period not to exceed 60 days, which may be extended for additional 60-day periods.

#### 18.6.9.7 (U) SPECIFIC PROCEDURES

#### 18.6.9.8 (U) USE OF FISA DERIVED INFORMATION IN OTHER PROCEEDINGS

(U//~~FOUO~~) There are statutory (50 U.S.C. Sections 1806, 1825, and 1845) and Attorney General (AG) policy restrictions on the use of information derived from a FISA ELSUR, physical search, or PR/TT. These restrictions apply to and must be followed by anyone “who may seek to use or disclose FISA information in any trial, hearing, or other proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the United States. . . .” See DIOG Appendix E for the AG Memo, Revised Policy on the Use or Disclosure of FISA Information, dated 01-10-2008. The guidance in the AG’s Memo establishes notification/approval procedures which must be strictly followed. Though not contained in the AG Memo, FBI policy requires that [REDACTED] b7E

[REDACTED] Questions concerning the FISA use policy or requests for assistance in obtaining FISA use authority from the AG should be directed to NSLB’s Classified Litigation Support Unit.

(U//~~FOUO~~) The United States must, prior to the trial, hearing, or other proceeding or at a reasonable time prior to an effort to disclose or use that information or submit it into evidence, notify the “aggrieved person” [as defined in 50 U.S.C. Sections 1801(k), 1821(2), or 1841(2)], and the court or other authority in which the information is to be disclosed or used, that the United States intends to disclose or use such information. See 50 U.S.C. Sections 1806(c), 1825(d), and 1845(c).

#### 18.6.9.9 (U) CONGRESSIONAL NOTICE AND REPORTING REQUIREMENTS

##### 18.6.9.9.1 (U) CRIMINAL PEN REGISTER/TRAP AND TRACE- ANNUAL REPORT

(U) The Attorney General is required to make an annual report to Congress on the number of criminal PR/TT orders applied for by DOJ law enforcement agencies. See 18 U.S.C. § 3126. The report must include the following information:

- A) (U) The period of interceptions authorized by the order, and the number and duration of any extensions;
- B) (U) The offense specified in the order or application, or extension;

- C) (U) The number of investigations involved;
- D) (U) The number and nature of the facilities affected; and
- E) (U) The identity, including the district, of the applying agency making the application and the person authorizing the order.

(U//~~FOUO~~) DOJ, Criminal Division, OEO requires the FBI to provide quarterly reports on pen register usage. To satisfy DOJ data requirements and standardize and simplify field reporting, court-ordered pen register usage must be reported to FBIHQ [REDACTED]

[REDACTED] within five (5) workdays after the expiration date of an original order and any extensions, or denial of an application for an order. For all criminal PR/TT orders or extensions issued on or after January 1, 2009, the [REDACTED] These reporting requirements do not apply to PR/TT authorized pursuant to consent or under the provisions of FISA.

18.6.9.9.2 (U) *NATIONAL SECURITY PEN REGISTERS AND TRAP AND TRACE – SEMI-ANNUAL REPORT*

(U) The Attorney General must inform the House Permanent Select Committee on Intelligence, Senate Select Committee on Intelligence, Committee of the Judiciary of the House Representatives, and Committee of the Judiciary of the Senate concerning all uses of PR/TT devices pursuant to 50 U.S.C. § 1846. This report is coordinated through DOJ NSD. A semi-annual report must be submitted that contains the following information:

- A) (U) The total number of applications made for orders approving the use of PR/TT devices;
- B) (U) The total number of such orders either granted, modified, or denied; and
- C) (U) The total number of PR/TT devices whose installation and use was authorized by the Attorney General on an emergency basis and the total number of subsequent orders approving or denying the installation and use of such PR/TT devices.

18.6.9.10 (U) *POST CUT-THROUGH DIALED DIGITS (PCTDD)*

18.6.9.10.1 (U) *OVERVIEW*

(U//~~FOUO~~) Telecommunication networks provide users the ability to engage in extended dialing and/or signaling (also known as "post cut-through dialed digits" or PCTDD), which in some circumstances are simply call-routing information and, in others, are call content. For example, non-content PCTDD may be generated when a party places a calling card, credit card, or collect call by first dialing a long-distance carrier access number and then, after the initial call is "cut through," dialing the telephone number of the destination party. In other instances, PCTDD may represent call content, such as when a party calls an automated banking service and enters an account number, calls a pharmacy's automated prescription refill service and enters prescription information, or enters a call-back number when prompted by a voice mail service. See *United States Telecom Assn v. Federal Communications Commission*, 227 F.3d 450, 462 (D.C. Cir. 2000). [REDACTED]

(U//~~FOUO~~) The definition of both a pen register device and a trap and trace device provides that the information collected by these devices "shall not include the contents of any

communication." See 18 U.S.C. § 3127(3) and (4). In addition, 18 U.S.C. § 3121(c) makes explicit the requirement to "use technology reasonably available" that restricts the collection of information "so as not to include the contents of any wire or electronic communications." "Content" includes any information concerning the substance, purport, or meaning of a communication. See 18 U.S.C. § 2510(8). When the pen register definition is read in conjunction with the limitation provision, however, it suggests that although a PR/TT device may not be used for the express purpose of collecting content, the incidental collection of content may occur despite the use of "reasonably available" technology to minimize, to the extent feasible, any possible over collection of content while still allowing the device to collect all of the dialing and signaling information authorized.

(U//~~FOUO~~) **DOJ Policy:** In addition to this statutory obligation, DOJ has issued a directive in [REDACTED] to all DOJ agencies requiring that no affirmative investigative use may be made of PCTDD incidentally collected that constitutes content, except in cases of emergency—to prevent an immediate danger of death, serious physical injury, or harm to the national security.

The application and order should generally also request authority to compel disclosure of cell site location data on an ongoing basis under 18 U.S.C. § 2703(d)—or probable cause, if such is required by the particular district court—as such information may assist in determining the general location of the targeted phone. ### 18.6.10 (U) *INVESTIGATIVE METHOD: MAIL COVERS*

#### 18.6.10.1 (U) SUMMARY

(U) A mail cover may be sought only in a Predicated Investigation when there are reasonable grounds to demonstrate that the mail cover is necessary to: (i) protect the national security; (ii) locate a fugitive; (iii) obtain evidence of the commission or attempted commission of a federal crime; or (iv) assist in the identification of property, proceeds or assets forfeitable because of a violation of criminal law. See 39 C.F.R. § 233.3(c)(2).

(U)

(U)

#### 18.6.10.2 (U) APPLICATION

(U//~~FOUO~~)

#### 18.6.10.3 (U) LEGAL AUTHORITY

- A) (U) Postal Service Regulation 39 C.F.R. § 233.3 is the sole authority and procedure for opening a mail cover and for processing, using and disclosing information obtained from a mail cover;
- B) (U) There is no Fourth Amendment protection for information on the outside of a piece of mail. See, e.g., U.S. v. Choate, 576 F.2d 165, 174 (9<sup>th</sup> Cir., 1978); and U.S. v. Huie, 593 F.2d 14 (5<sup>th</sup> Cir., 1979); and
- C) (U) AGG-Dom, Part V.A.2.

#### 18.6.10.4 (U) DEFINITION OF INVESTIGATIVE METHOD

(U) A mail cover is the non-consensual recording of any data appearing on the outside cover of any sealed or unsealed mail matter to obtain information in order to:

- A) (U) Protect the national security;
- B) (U) Locate a fugitive;
- C) (U) Obtain evidence of commission or attempted commission of a federal crime;
- D) (U) Obtain evidence of a violation or attempted violation of a postal statute; or

E) (U) Assist in the identification of property, proceeds or assets forfeitable under law.  
See 39 C.F.R. § 233.3(c) (1).

(U) In this context, a “recording” means the transcription, photograph, photocopy, or other facsimile of the image of the outside cover, envelope, or wrapper of mailed matter. A warrant or court order is almost always required to obtain the contents of any class of mail, sealed or unsealed.

Information may be released prior to receipt of the written request only when the releasing official is satisfied that an emergency situation exists. See 39 C.F.R. § 233.3(c)(3).

- D) (U) **Exception for Indictments and Information:** Except for fugitive investigations, no mail cover may remain in force when an information has been filed or the subject has been indicted for the matter for which the mail cover has been requested. If the subject is under investigation for further criminal violations, or a mail cover is required to assist in the identification of property, proceeds or assets forfeitable because of a violation of criminal law, a new mail cover order must be requested. ### 18.6.11.1 (U) SUMMARY

(U//~~FOUO~~) The polygraph examination is used in Predicated Investigations to: (i) aid in determining whether a person has pertinent knowledge of a particular matter under investigation or inquiry; (ii) aid in determining the truthfulness of statements made or information furnished by a subject, victim, witness, CHS, or an individual making allegations; and (iii) obtain information leading to the location of evidence, individuals or sites of offense.

(U//~~FOUO~~)

WARRANT OR COURT ORDER** [REDACTED]

b7E

[REDACTED]  
[REDACTED] **AND INVENTORY SEARCHES GENERALLY**

**18.6.12.1 (U) SUMMARY**

(U) The Fourth Amendment to the United States Constitution prevents the FBI from conducting unreasonable searches and seizures. It also generally requires a warrant be obtained if the search will intrude on a reasonable expectation of privacy. To qualify as a “reasonable expectation of privacy,” the individual must have an actual subjective expectation of privacy and society must be prepared to recognize that expectation as objectively reasonable. See Katz v. United States, 389 U.S. at 361. If an individual has a reasonable expectation of privacy, a warrant or order issued by a court of competent jurisdiction or an exception to the requirement for such a warrant or order is required before a search may be conducted. Physical searches of personal or real property may be conducted without a search warrant or court order if there is no reasonable expectation of privacy in the property or area. As a general matter, there is no reasonable expectation of privacy in areas that are exposed to public view or that are otherwise available to the public.

(U//~~FOUO~~) Note: Consent Searches are authorized in Assessments, as well as in Predicated Investigations.

(U) A reasonable expectation of privacy may be terminated by an individual abandoning property, setting trash at the edge of the curtilage or beyond for collection, or when a private party reveals the contents of a package (See DIOG subsection 18.6.12.4.2. However, the AGG-Dom and FBI policy have restricted the use of “trash covers” to Predicated Investigations. [REDACTED]

A) (U//~~FOUO~~) *Trash Cover:*

[REDACTED]

[REDACTED] A trash cover is a targeted effort to gather information regarding a particular person or entity by reviewing that person or entity's refuse. 18.6.12.4.2 (U) *DETERMINATION OF AN AREA OF CURTILAGE AROUND A HOME*

(U) Whether an area is curtilage around a home is determined by reference to four factors: (i) proximity of the area in question to the home; (ii) whether the area is within an enclosure surrounding the home; (iii) nature of the use to which the area is put; and (iv) steps taken to protect the area from observation by passers-by.

(U) An area is curtilage if it is so intimately tied to the home itself that it should be placed under the home's umbrella of Fourth Amendment protection.

18.6.12.5 (U) **STANDARDS FOR USE AND APPROVAL REQUIREMENTS FOR A TRASH COVER**

(U//~~FOUO~~) SSA approval is required for the use of a trash cover. In Type 5 Assessments, prior to using a trash cover, the employee must also consult with the CDC or OGC to determine whether the search implicates a reasonable expectation of privacy and thus requires a search warrant. During Predicated Investigations, if there is a doubt as to whether a person has a reasonable expectation of privacy in the area to be searched, the employee must consult with the CDC or OGC to determine whether a search warrant is required. Use of this method must be documented in the investigative file.

**18.7.1 (U) INVESTIGATIVE METHOD: SEARCHES – WITH A WARRANT OR COURT ORDER (REASONABLE EXPECTATION OF PRIVACY)**

(U) See AGG-Dom, Part V.A.12 and the Attorney General's Guidelines On Methods Of Obtaining Documentary Materials Held By Third Parties, Pursuant to Title II, Privacy Protection Act of 1980 (Pub. L. 96-440, Sec. 201 et seq.; 42 U.S.C. § 2000aa-11, et seq.).

**18.7.1.1 (U) SUMMARY**

(U) The Fourth Amendment to the United States Constitution governs all searches and seizures by government agents. The Fourth Amendment contains two clauses. The first establishes the prohibition against unreasonable searches and seizures. The second provides that no warrant (authorizing a search or seizure) will be issued unless based on probable cause. Although an unlawful search may not preclude a prosecution, it can have serious consequences for the government. These include adverse publicity, civil liability against the employee or the government and the suppression of evidence from the illegal seizure.

(U//~~FOUO~~) Application:

[REDACTED]

b7E

[REDACTED]

(U) A search is a government invasion of a person's privacy. To qualify as reasonable expectation of privacy, the individual must have an actual subjective expectation of privacy and society must be prepared to recognize that expectation as objectively reasonable. See Katz v. United States, 389 U.S. at 361. The ability to conduct a physical search in an area or situation where an individual has a reasonable expectation of privacy requires a warrant or order issued by a court of competent jurisdiction or an exception to the requirement for such a warrant or order. The warrant or order must be based on probable cause. The United States Supreme Court defines probable cause to search as a "fair probability that contraband or evidence of a crime will be found in a particular place." Illinois v. Gates, 462 U.S. 213, 238 (1983). A government agent may conduct a search without a warrant based on an individual's voluntary consent. A search based on exigent circumstances may also be conducted without a warrant, but the requirement for probable cause remains.

(U//~~FOUO~~) There are special rules that must be followed prior to obtaining a search warrant that might intrude upon professional, confidential relationships.

**18.7.1.2 (U) LEGAL AUTHORITY**

(U) Searches conducted by the FBI must be in conformity with FRCP Rule 41; FISA, 50 U.S.C. §§ 1821-1829; or E.O. 12333 § 2.5.

18.7.1.3 (U) **DEFINITION OF INVESTIGATIVE METHOD**

(U) ***Physical Search defined:*** A physical search constitutes any physical intrusion within the United States into premises or property (including examination of the interior of property by technical means) that is intended to result in the seizure, reproduction, inspection, or alteration of information, material, or property, under circumstances in which a person has a reasonable expectation of privacy.

(U) A physical search requiring a warrant does not include: (i) electronic surveillance as defined in FISA or Title III; or (ii) the acquisition by the United States Government of foreign intelligence information from international foreign communications, or foreign intelligence activities conducted according to otherwise applicable federal law involving a foreign electronic communications system, using a means other than electronic surveillance as defined in FISA.

18.7.1.3.1 (U) **REQUIREMENT FOR REASONABLENESS**

(U) By the terms of the Fourth Amendment, a search must be reasonable at its inception and reasonable in its execution.

b7E

18.7.1.3.2 (U) **REASONABLE EXPECTATION OF PRIVACY**

(U) The right of privacy is a personal right, not a property concept. It safeguards whatever an individual reasonably expects to be private. The protection normally includes persons, residences, vehicles, other personal property, private conversations, private papers and records. The Supreme Court has determined that there is no reasonable expectation of privacy in certain areas or information. As a result, government intrusions into those areas do not constitute a search and, thus, do not have to meet the requirements of the Fourth Amendment. These areas include: (i) open fields; (ii) prison cells; (iii) public access areas; and (iv) vehicle identification numbers. The Supreme Court has also determined that certain governmental practices do not involve an intrusion into a reasonable expectation of privacy and, therefore, do not amount to a search. These practices include: (i) aerial surveillance conducted from navigable airspace; (ii) field test of suspected controlled substance; and (iii) odor detection. A reasonable expectation of privacy may be terminated by an individual taking steps to voluntarily relinquish the expectation of privacy, such as abandoning property or setting trash at the edge of the curtilage or beyond for collection.

18.7.1.3.3 (U) **ISSUANCE OF SEARCH WARRANT**

(U) Under FRCP Rule 41, upon the request of a federal law enforcement officer or an attorney for the government, a search warrant may be issued by:

- A) (U) a federal magistrate judge, or if none is reasonably available, a judge of a state court of record within the federal district, for a search of property or for a person within the district;
- B) (U) a federal magistrate judge for a search of property or for a person either within or outside the district if the property or person is within the district when the warrant is sought but might move outside the district before the warrant is executed;

- C) (U) a federal magistrate judge in any district in which activities related to the terrorism may have occurred, for a search of property or for a person within or outside the district, in an investigation of domestic terrorism or international terrorism (as defined in 18 U.S.C. § 2331); and
- D) (U) a magistrate with authority in the district to issue a warrant to install a tracking device. The warrant may authorize use of the device to track the movement of a person or property located within the district, outside, or both.
- (U) Physical searches related to a national security purpose may be authorized by the FISC. (50 U.S.C. §§ 1821-1829)

18.7.1.3.4 (U) *PROPERTY OR PERSONS THAT MAY BE SEIZED WITH A WARRANT*

(U) A warrant may be issued to search for and seize any: (i) property that constitutes evidence of the commission of a criminal offense; (ii) contraband, the fruits of crime, or things otherwise criminally possessed; or (iii) property designed or intended for use or that is or has been used as the means of committing a criminal offense. In addition to a conventional search conducted following issuance of a warrant, examples of search warrants include:

18.7.1.3.4.1 (U) *ANTICIPATORY WARRANTS*

(U) As the name suggests, an anticipatory warrant differs from other search warrants in that it is not supported by probable cause to believe that contraband exists at the premises to be searched at the time the warrant is issued. Instead, an anticipatory search warrant is validly issued where there is probable cause to believe that a crime has been or is being committed, and that evidence of such crime will be found at the described location at the time of the search, but only after certain specified events transpire. These conditions precedent to the execution of an anticipatory warrant, sometimes referred to as "triggering events," are integral to its validity. Because probable cause for an anticipatory warrant is contingent on the occurrence of certain expected or "triggering" events, typically the future delivery, sale, or purchase of contraband, the judge making the probable cause determination must take into account the likelihood that the triggering event will occur on schedule and as predicted. Should these triggering events fail to materialize, the anticipatory warrant is void.

18.7.1.3.4.2 (U) *SNEAK AND PEEK SEARCH WARRANTS*

(U) A sneak and peek search warrant allows law enforcement agents to surreptitiously enter a location such as a building, an apartment, garage, storage shed, etc., for the purpose of looking for and documenting evidence of criminal activity [REDACTED]

b7E

18.7.1.3.4.3 (U) *MAIL OPENINGS*

(U) Mail in United States postal channels may be searched only pursuant to court order, or presidential authorization. United States Postal Service regulations governing such

activities must be followed. A search of items that are being handled by individual couriers, or commercial courier companies, under circumstances in which there is a reasonable expectation of privacy, or have been sealed for deposit into postal channels, and that are discovered within properties or premises being searched, must be carried out according to unconsented FISA or FRCP Rule 41 physical search procedures.

**18.7.1.3.4.4 (U) COMPELLED DISCLOSURE OF THE CONTENTS OF STORED WIRE OR ELECTRONIC COMMUNICATIONS**

(U) Contents in “electronic storage” (e.g., unopened e-mail/voice mail) require a search warrant. See 18 U.S.C. § 2703(a). A distinction is made between the contents of communications that are in electronic storage (e.g., unopened e-mail) for less than 180 days and those in “electronic storage” for longer than 180 days, or those that are no longer in “electronic storage” (e.g., opened e-mail). In enacting the ECPA, Congress concluded that customers may not retain a “reasonable expectation of privacy” in information sent to network providers. However, the contents of an e-mail message that is unopened should nonetheless be protected by Fourth Amendment standards, similar to the contents of a regularly mailed letter. On the other hand, if the contents of an unopened message are kept beyond six months or stored on behalf of the customer after the e-mail has been received or opened, it should be treated the same as a business record in the hands of a third party, such as an accountant or attorney. In that case, the government may subpoena the records from the third party without running afoul of either the Fourth or Fifth Amendment. If a search warrant is used, it may be served on the provider without notice to the customer or subscriber.

**18.7.1.3.4.4.1 (U) SEARCH WARRANT**

(U//~~FOUO~~) Investigators can obtain the full contents of a network account with a search warrant. ECPA does not require the government to notify the customer or subscriber when it obtains information from a provider using a search warrant. Warrants issued under 18 U.S.C. § 2703 must either comply with FRCP Rule 41 or be an equivalent state warrant. Warrants issued pursuant to 18 U.S.C. § 2703 do not require personal service on the customer; the warrants are only be served on the electronic communication service or a remote computing service. FRCP Rule 41 requires a copy of the warrant be left with the provider, and a return and inventory be made. Federal courts have nationwide jurisdiction to issue these search warrants (see below).

(U) With a search warrant issued based on probable cause pursuant to FRCP Rule 41 or an equivalent state warrant, the government may obtain:

- A) (U) The contents of a wire or electronic communication that has been in electronic storage in an electronic communications system for one hundred and eighty days or less, and
- B) (U) Everything that can be obtained using a 18 U.S.C. § 2703(d) court order with notice.

(U) In other words, every record and all of the stored contents of an account—including opened and unopened e-mail/voice mail— can be obtained with a search warrant based on probable cause pursuant to FRCP Rule 41. Moreover, because the warrant is issued by a neutral magistrate based on a finding of probable cause, obtaining a search warrant effectively insulates the process from challenge under the Fourth Amendment.

18.7.1.3.4.4.2 (U) *NATIONWIDE SCOPE*

(U) Search warrants under 18 U.S.C. § 2703(a) may be issued by a federal "court with jurisdiction over the offense under investigation," and may be executed outside the district of the issuing court for material responsive to the warrant. State courts may also issue warrants under 18 U.S.C. § 2703(a), but the statute does not give these warrants effect outside the issuing court's territorial jurisdiction. As with any other FRCP Rule 41 warrant, investigators must draft an affidavit and a proposed warrant that complies with FRCP Rule 41.

18.7.1.3.4.4.3 (U) *SERVICE OF PROCESS*

(U) 18 U.S.C. § 2703(a) search warrants are obtained just like any other FRCP Rule 41 search warrant but are typically served on the provider and compel the provider to find and produce the information described in the warrant. ECPA expressly states that the presence of an officer is not required for service or execution of a search warrant issued pursuant to 18 U.S.C. § 2703(a).

18.7.1.3.4.4.4 (U) *COURT ORDER WITH PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER*

(U//~~FOUO~~) Investigators can obtain everything in a network account except for unopened e-mail or voice-mail stored with a provider for 180 days or less using a 18 U.S.C. § 2703(d) court order with prior notice to the subscriber unless they have obtained authority for delayed notice pursuant to 18 U.S.C. § 2705. ECPA distinguishes between the contents of communications that are in "electronic storage" (e.g., unopened e-mail) for less than 180 days, and those that have been in "electronic storage" for longer or that are no longer in "electronic storage" (e.g., opened e-mail).

(U) FBI employees who obtain a court order under 18 U.S.C. § 2703(d), and either give prior notice to the subscriber or comply with the delayed notice provisions of 18 U.S.C. § 2705(a), may obtain:

A) (U) "The contents of a wire or electronic communication that has been in electronic storage in an electronic communications system for more than one hundred and eighty days." 18 U.S.C. § 2703(a).

B) (U) "The contents of any wire or electronic communication" held by a provider of remote computing service "on behalf of . . . a subscriber or customer of such remote computing service," 18 U.S.C. §§ 2703(b)(1)(B)(ii), 2703 (b)(2); and

C) (U) Everything that can be obtained using a 18 U.S.C. § 2703(d) court order without notice.

(U) [REDACTED]

(U) [REDACTED]

b7E

b7E

18.7.1.3.4.4.5 (U) *LEGAL STANDARD*

(U) To order delayed notice, the court must find that "there is reason to believe that notification of the existence of the court order may... endanger the life or physical safety of an individual; [lead to] flight from prosecution; [lead to] destruction of or tampering with evidence; [lead to] intimidation of potential witnesses; or . . . otherwise seriously jeopardiz[e] an investigation or unduly delay[ ] a trial." 18 U.S.C. §§ 2705(a)(1)(A) and 2705(a)(2). The applicant must satisfy this standard anew each time an extension of the delayed notice is sought.

18.7.1.3.4.4.6 (U) *NATIONWIDE SCOPE*

(U) Federal court orders under 18 U.S.C. § 2703(d) have effect outside the district of the issuing court. Orders issued pursuant to 18 U.S.C. § 2703(d) may compel providers to disclose information even if the information is stored outside the district of the issuing court. See 18 U.S.C. § 2703(d) ("any court that is a court of competent jurisdiction" may issue a 18 U.S.C. § 2703[d] order); 18 U.S.C. § 2711(3) (court of competent jurisdiction includes any federal court having jurisdiction over the offense being investigated without geographic limitation).

(U) 18 U.S.C. § 2703(d) orders may also be issued by state courts. See 18 U.S.C. §§ 2711(3), 3127(2)(B). Such orders issued by state courts, however, do not have effect outside the jurisdiction of the issuing state. See 18 U.S.C. §§ 2711(3).

18.7.1.3.4.4.7 (U) *COURT ORDER WITHOUT PRIOR NOTICE TO THE SUBSCRIBER OR CUSTOMER*

(U) A court order under 18 U.S.C. § 2703(d) may compel disclosure of:

- A) (U) All "record(s) or other information pertaining to a subscriber to or customer of such service (not including the contents of communications [held by providers of electronic communications service and remote computing service])," and
- B) (U) Basic subscriber information that can be obtained using a subpoena without notice. 18 U.S.C. § 2703(c)(1).

18.7.1.4 (U) **APPROVAL REQUIREMENTS FOR INVESTIGATIVE METHOD**

- A) (U//~~FOUO~~) **Search warrants issued under authority of FRCP Rule 41:** A warrant to search is issued by a federal magistrate (or a state court judge if a federal magistrate is not reasonably available). Coordination with the USAO or DOJ is required to obtain the warrant.
- B) (U//~~FOUO~~) **FISA:** In national security investigations, field office requests for FISA authorized physical searches must be submitted to FBIHQ using the FBI FISA Request Form. Field office requests for FISA approval are tracked through  This form should be completed by the case agent.
- C) (U//~~FOUO~~) **Sensitive Investigative Matters (SIM):** Notice to the appropriate FBIHQ operational Unit Chief and Section Chief is required if the matter under investigation

b7E

is a sensitive investigative matter. Notice to DOJ is also required, as described in DIOG Section 10.

D) (U//~~FOUO~~)

b7E

(U) 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not by, and therefore not entitled to the protections of the DOJ policy set out above.

#### 18.7.1.5 (U) DURATION OF APPROVAL

(U) The duration for the execution of a warrant is established by the court order or warrant.

#### 18.7.1.6 (U) SPECIFIC PROCEDURES

##### 18.7.1.6.1 (U) OBTAINING A WARRANT UNDER FRCP RULE 41

###### 18.7.1.6.1.1 (U) PROBABLE CAUSE

(U//~~FOUO~~) After receiving an affidavit or other information, a magistrate judge or a judge of a state court of record must issue the warrant if there is probable cause to search for and seize a person or property under FRCP Rule 41(c). Probable cause exists where “the facts and circumstances within the FBI employee’s knowledge, and of which they had reasonably trustworthy information are sufficient in themselves to warrant a person of reasonable caution in the belief that...” a crime has been or is being committed, and that sizable property can be found at the place or on the person to be searched. Probable cause is a reasonable belief grounded on facts. In judging whether a reasonable belief exists, the test is whether such a belief would be engendered in a prudent person with the officer’s training and experience. To establish probable cause, the affiant must demonstrate a basis for knowledge and belief that the facts are true and that there is probable cause to believe the items listed in the affidavit will be found at the place to be searched.

###### 18.7.1.6.1.2 (U) REQUESTING A WARRANT IN THE PRESENCE OF A JUDGE

- A) (U) **Warrant on an Affidavit:** When a federal law enforcement officer or an attorney for the government presents an affidavit in support of a warrant, the judge may require the affiant to appear personally and may examine under oath the affiant and any witness the affiant produces.
- B) (U) **Warrant on Sworn Testimony:** The judge may wholly or partially dispense with a written affidavit and base a warrant on sworn testimony if doing so is reasonable under the circumstances.
- C) (U) **Recording Testimony:** Testimony taken in support of a warrant must be recorded by a court reporter or by a suitable recording device, and the judge must file the transcript or recording with the clerk, along with any affidavit.

**18.7.1.6.1.3 (U) REQUESTING A WARRANT BY TELEPHONIC OR OTHER MEANS**

- A) (U) **In General:** A magistrate judge may issue a warrant based on information communicated by telephone or other appropriate means, including facsimile transmission.
- B) (U) **Recording Testimony:** Upon learning that an applicant is requesting a warrant, a magistrate judge must: (i) place under oath the applicant and any person on whose testimony the application is based; and (ii) make a verbatim record of the conversation with a suitable recording device, if available, or by a court reporter, or in writing.
- C) (U) **Certifying Testimony:** The magistrate judge must have any recording or court reporter's notes transcribed, certify the transcription's accuracy, and file a copy of the record and the transcription with the clerk. Any written verbatim record must be signed by the magistrate judge and filed with the clerk.
- D) (U) **Suppression Limited:** Absent a finding of bad faith, evidence obtained from a warrant issued under FRCP Rule 41(d)(3)(A) is not subject to suppression on the ground that issuing the warrant in that manner was unreasonable under the circumstances.

**18.7.1.6.1.4 (U) ISSUING THE WARRANT**

(U) In general, the magistrate judge or a judge of a state court of record must issue the warrant to an officer authorized to execute it. The warrant must identify the person or property to be searched, identify any person or property to be seized, and designate the magistrate judge to whom it must be returned. The warrant must command the officer to: (i) execute the warrant within a specified time no longer than 14 days; (ii) execute the warrant during the daytime, unless the judge for good cause expressly authorizes execution at another time; and (iii) return the warrant to the magistrate judge designated in the warrant.

**18.7.1.6.1.5 (U) WARRANT BY TELEPHONIC OR OTHER MEANS**

(U) If a magistrate judge decides to proceed under FRCP Rule 41(d)(3)(A), the following additional procedures apply:

- A) (U) **Preparing a Proposed Duplicate Original Warrant:** The applicant must prepare a "proposed duplicate original warrant" and must read or otherwise transmit the contents of that document verbatim to the magistrate judge.
- B) (U) **Preparing an Original Warrant:** The magistrate judge must enter the contents of the proposed duplicate original warrant into an original warrant.
- C) (U) **Modifications:** The magistrate judge may direct the applicant to modify the proposed duplicate original warrant. In that case, the judge must also modify the original warrant.
- D) (U) **Signing the Original Warrant and the Duplicate Original Warrant:** Upon determining to issue the warrant, the magistrate judge must immediately sign the original warrant, enter on its face the exact time it is issued, and direct the applicant to sign the judge's name on the duplicate original warrant.

**18.7.1.6.1.6 (U) WRITTEN OPERATION ORDERS FOR SEARCH OPERATIONS**

(U) The ADIC/SAC is responsible to ensure that careful and thorough planning is conducted for the successful execution of a high risk search operation involving a potentially dangerous situation or subject. The plan must be adapted to each situation and must include relevant details to enhance the safety and effectiveness of the agents and

officers involved in the search operation. The planning and execution of arrests, raids, and searches should be assigned to experienced Agents. All plans must be approved by ASACs or their designees.

(U) Prior to conducting a search operation deemed a high risk, the agent must prepare a written operation order (OPORDER) to include the five critical categories: Situation, Mission, Execution, Administration and Equipment, and Control and Communication (SMEAC), and must utilize the Law Enforcement Operations Order (OPORDER), FD-888. In situations where an FBI SWAT Team(s) or the Critical Incident Response Group's (CIRG), Tactical Section is involved, the Operations Order Template must be used in lieu of the FD-888. See the [REDACTED] and [REDACTED] for more on the use of the SWAT Teams and CIRG, Tactical Section in high risk operations.

b7E

(U) The written OPORDER must be presented in an oral briefing to all personnel involved in the execution of the search warrant prior to the operation. During the briefing, the briefing agent should stress to the participants of the operation that the search has the potential to become dangerous. At the discretion of the field office approving official, the CDC/ADC may review the OPORDER (~~FD-888~~) and/or participate in providing the FBI deadly force briefing to the search operation participants.

(U) Exigent circumstances (i.e., emergency, pressing necessity requiring immediate action) may necessitate an oral briefing in lieu of the written OPORDER. The ASAC or designee must approve the use of an oral briefing in lieu of a written and approved OPORDER in exigent circumstances. An oral briefing must follow the requirements of a written OPORDER to address the SMEAC categories identified above. Documentation of the oral briefing must occur as soon as possible following the operation by preparing and filing the FD-888 or the Operations Order Template, whichever is appropriate for the situation.

(U) The agent may consider utilizing, and/or alerting local authorities to the planned search, if appropriate under the circumstances. Although the time of notification is left to the discretion of the agent, he/she must consider the jurisdiction of local law enforcement, its responsibility to its community and its need to be aware of law enforcement actions in its jurisdiction.

#### 18.7.1.6.1.7 (U) EXECUTING AND RETURNING THE WARRANT

- A) (U) Noting the Time: The officer executing the warrant must enter on its face the exact date and time it is executed.
- B) (U) Inventory: An officer present during the execution of the warrant must prepare and verify an inventory of any property seized. The officer must do so in the presence of another officer and the person from whom, or from whose premises, the property was taken. If either one is not present, the officer must prepare and verify the inventory in the presence of at least one other credible person.
- C) (U) Receipt: The officer executing the warrant must: (i) give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken; or (ii) leave a copy of the warrant and receipt at the place where the officer took the property.

- D) (U) **Return:** The officer executing the warrant must promptly return it — together with a copy of the inventory — to the magistrate judge designated on the warrant. The judge must, on request, give a copy of the inventory to the person from whom, or from whose premises, the property was taken and to the applicant for the warrant.

**18.7.1.6.1.8 (U) FORWARDING PAPERS TO THE CLERK**

(U) The magistrate judge to whom the warrant is returned must attach to the warrant a copy of the return, the inventory, and all other related papers and must deliver them to the clerk in the district where the property was seized. (FRCP Rule 41)

**18.7.1.6.1.9 (U) WARRANT FOR A TRACKING DEVICE**

- A) (U) **Noting the Time:** The officer executing a tracking device warrant must enter on it the exact date and time the device was installed and the period during which it was used.
- B) (U) **Return:** Within 10 calendar days after the use of the tracking device has ended, the officer executing the warrant must return it to the judge designated in the warrant.
- C) (U) **Service:** Within 10 calendar days after use of the tracking device has ended, the officer executing the warrant must serve a copy of the warrant on the person who was tracked. Service may be accomplished by delivering a copy to the person who, or whose property was tracked; or by leaving a copy at the person's residence or usual place of abode with an individual of suitable age and discretion who resides at that location and by mailing a copy to the person's last known address. Upon request of the government, the judge may delay notice as provided in FRCP Rule 41(f)(3).

**18.7.1.6.1.10 (U) DELAYED NOTICE**

(U) Upon the government's request, a magistrate judge—or if authorized by FRCP Rule 41(b), a judge of a state court of record—may delay any notice required by FRCP Rule 41 if the delay is authorized by statute.

**18.7.1.6.2 (U) OBTAINING A FISA WARRANT**

(U) Applications for court-authorized physical search pursuant to FISA must be made by a federal officer in writing upon oath or affirmation and with the specific approval of the Attorney General. (See 50 U.S.C. § 1823).

**18.7.1.6.2.1 (U) CERTIFICATE BY THE DIRECTOR OF THE FBI**

(U) Each FISA application must be accompanied by a Certification by the Director of the FBI or one of nine other individuals authorized by Congress or the President to provide such certifications that: the information being sought is foreign intelligence information; that a significant purpose of the search is to obtain foreign intelligence information; that such information cannot reasonably be obtained by normal investigative techniques; that the information sought is "foreign intelligence information" as defined by FISA. The certification must include a statement explaining the certifier's basis for the certification.

(U) 50 U.S.C. § 1823 specifies the Assistant to the President for National Security Affairs; E.O. 12139 as amended by E.O. 13383 specifies the Director of the FBI, Deputy Director of the FBI, the Director of National Intelligence, the Principal Deputy Director of National Intelligence, the Director of the Central Intelligence Agency, the Secretary of State, the Deputy Secretary of State, the Secretary of Defense, and the Deputy Secretary

of Defense as appropriate officials to make certifications required by FISA. The FBI Director has represented to Congress that the FBI deputy Director will only certify FISA's when the FBI Director is not available to do so.

#### **18.7.1.6.2.2 (U) LENGTH OF PERIOD OF AUTHORIZATION FOR FISC ORDERS**

(U) Generally, a FISC Order approving an unconsented physical search will specify the period of time during which physical searches are approved and provide that the government will be permitted the period of time necessary to achieve the purpose, or for 90 days, whichever is less, except that authority may be:

- A) (U) For no more than one year for "Foreign Power" targets (establishments); or
- B) (U) For no more than 120 days for a non-USPER agent of a foreign power, with renewals for up to one.

#### **18.7.1.6.2.3 (U) EXTENSION OF PHYSICAL SEARCH AUTHORITY**

(U//~~FOUO~~) An extension of physical search authority may be granted on the same basis as the original order upon a separate application for an extension and upon new findings made in the same manner as the original order.

#### **18.7.1.6.2.4 (U) EMERGENCY FISA AUTHORITY**

- A) (U) The Attorney General may authorize an emergency physical search under FISA when he reasonably makes a determination that an emergency situation exists that precludes advance FISA court review and approval, and there exists a factual predication for the issuance of a FISA Court Order. In such instances, a FISC judge must be informed by the Attorney General or his designee at the time of the authorization and an application according to FISA requirements is submitted to the judge as soon as is practicable but not more than seven (7) days after the emergency authority has been approved by the Attorney General.
- B) (U) If a court order is denied after an emergency authorization has been initiated, no information gathered as a result of the search may be used in any manner except if with the approval of the Attorney General, the information indicates a threat of death or serious bodily harm to any person.
- C) (U//~~FOUO~~) For an emergency FISA for physical search, [REDACTED]

[REDACTED]

#### **18.7.1.6.2.5 (U) SPECIAL CIRCUMSTANCES**

(U) The President through the Attorney General may also authorize a physical search under FISA without a court order for periods of up to one year, if the Attorney General certifies that the search will be solely directed at premises, information, material, or property that is used exclusively by or under the open and exclusive control of a foreign power; there is no substantial likelihood that the physical search will involve the premises, information, material, or property of a United States person (USPER); and there are minimization procedures that have been reported to the court and Congress. The FBI's involvement in such approvals is usually in furtherance of activities pursued according to E.O. 12333. Copies of such certifications are to be transmitted to the FISA Court. See 50 U.S.C. § 1822[a].

(U) Information concerning USPERs acquired through unconsented physical searches may only be used according to minimization procedures. See: 50 U.S.C. §§ 1824(d)(4) and 1825(a).

**18.7.1.6.2.6 (U) REQUIRED NOTICE**

(U) If an authorized search involves the premises of an USPER, and the Attorney General determines that there is no national security interest in continuing the secrecy of the search, the Attorney General must provide notice to the USPER that the premises was searched and the identification of any property seized, altered, or reproduced during the search.

**18.7.1.6.2.8 (U) USE OF FISA DERIVED INFORMATION IN OTHER PROCEEDINGS**

(U//~~FOUO~~) There are statutory (50 U.S.C. Sections 1806, 1825, and 1845) and Attorney General (AG) policy restrictions on the use of information derived from a FISA ELSUR, physical search, or PR/TT. These restrictions apply to and must be followed by anyone “who may seek to use or disclose FISA information in any trial, hearing, or other proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the United States. . . .” See DIOG Appendix E for the AG Memo, Revised Policy on the Use or Disclosure of FISA Information, dated 01-10-2008. The guidance in the AG’s Memo establishes notification/approval procedures which must be strictly followed. Though not contained in the AG Memo, FBI policy requires that [REDACTED]

## 18.7.2 (U) *INVESTIGATIVE METHOD: ELECTRONIC SURVEILLANCE – TITLE III*

### 18.7.2.1 (U) SUMMARY

(U//~~FOUO~~) Electronic Surveillance (ELSUR) under Title III is a valuable investigative method. It is, also, a very intrusive means of acquiring information relevant to the effective execution of the FBI's law enforcement. To ensure that due consideration is given to the competing interests between law enforcement and the effect on privacy and civil liberties, this section contains various administrative and management controls beyond those imposed by statute and DOJ guidelines. Unless otherwise noted, it is the responsibility of the case agent and his/her supervisor to ensure compliance with these instructions. [REDACTED]

[REDACTED] Title III ELSUR requires: (i) administrative or judicial authorization prior to its use; (ii) contact with the field office ELSUR Technician to coordinate all necessary recordkeeping; and (iii) consultation with the Technical Advisor (TA) or a designated TTA to determine feasibility, applicability, and use of the appropriate equipment.

(U//~~FOUO~~) *Application.* [REDACTED]

### 18.7.2.2 (U) LEGAL AUTHORITY

(U) Title III ELSUR is authorized by chapter 119, 18 U.S.C. §§ 2510-2522 (Title III of the Omnibus and Safe Streets Act of 1968).

### 18.7.2.3 (U) DEFINITION OF INVESTIGATIVE METHOD

(U) Title III ELSUR is the non-consensual electronic collection of information (usually communications) under circumstances in which the parties have a reasonable expectation of privacy and court orders or warrants are required.

### 18.7.2.4 (U) TITLE III GENERALLY

(U) With the prior approval of the Attorney General, or Attorney General's designee, the United States Attorney, by and through an AUSA, or the Strike Force Attorney, may apply to a federal judge for a court order authorizing the interception of wire, oral, or electronic communications relating to one or more of the offenses listed in Title III (18 U.S.C. § 2516). Judicial oversight continues throughout the operational phase of the electronic surveillance including the installation, monitoring, and handling of recording media.

(U) For purposes of obtaining review and approval for use of the method, Title III applications are considered to be either "sensitive" or "non-sensitive." The requirements for each are set forth below.

### 18.7.2.5 (U) STANDARDS FOR USE AND APPROVAL REQUIREMENTS FOR NON-SENSITIVE TITLE IIIS

(U//~~FOUO~~) An SAC is the authorizing official to approve all requests for "non-sensitive" Title III orders, including original, extension, and renewal applications. SAC approval of all

extensions and renewals is required to ensure that field office managers will allocate the resources necessary to use this method. Any delegation of SAC approval authority to an ASAC under this section must be in writing (See DIOG Section 3.4.3).

(U//~~FOUO~~) Prior to SAC approval referred to above, CDC or OGC review is required for the initial “non-sensitive” Title III order. Extensions and renewals sought within 30 days after the expiration of the original Title III order in non-sensitive Title IIIs do not require CDC review, unless requested by the SAC or designee. The CDC must review renewals sought more than 30 days after the expiration of the original Title III order.

(U//~~FOUO~~) There may be situations or unusual circumstances requiring the FBI to adopt an already existing Title III from another federal law enforcement agency. Such adoptions may only be done on a case-by-case basis, in exceptional circumstances, and subject to the requirements set forth herein relating to CDC review and SAC approval. Should the Title III proposed for adoption involve sensitive circumstances, it must also be handled in accordance with the approval and review requirements set forth below.

**18.7.2.6 (U) STANDARDS FOR USE AND APPROVAL REQUIREMENTS FOR SENSITIVE TITLE IIIs**

(U//~~FOUO~~) All Title III applications involving one of the seven “sensitive circumstances,” listed below, including all extensions and renewals, must be reviewed by OGC and approved by FBIHQ. The SAC, with the recommendation of the CDC, must determine whether the request involves sensitive circumstances. The term “sensitive circumstances” as used in this section relating to electronic surveillance under Title III is different from the term “sensitive investigative matters,” as used in conjunction with approval requirements for opening Assessments and Predicated Investigations, and is different from the term “sensitive monitoring circumstances” as used in conjunction with the approval requirements for consensual monitoring.

(U//~~FOUO~~) The field office must include a copy of the completed CDC checklist (FD-926) when forwarding the initial sensitive Title III applications to OGC and FBIHQ for review. After the initial submission, the CDC checklist must be completed by the appropriate OGC unit for all subsequent extensions or renewals of sensitive Title IIIs.

(U//~~FOUO~~) Although ultimate approval for sensitive Title IIIs is at the FBIHQ level, the SAC or ASAC must continue to review and approve the use of the method for all sensitive Title III applications as it relates to the allocation of resources within their field office.

(U//~~FOUO~~) The following five sensitive circumstances require the approval of a Deputy Assistant Director (DAD) or a higher level official from the Criminal Investigative Division (CID), Cyber Division, Counterterrorism Division (CTD), Weapons of Mass Destruction Directorate (WMDD), or Counterintelligence Division (CD), as appropriate, and such approvals must be documented in an EC:

- A) (U//~~FOUO~~) Significant privilege issues or First Amendment concerns (e.g., attorney-client privilege or other privileged conversations or interception of news media representatives);
- B) (U//~~FOUO~~) Significant privacy concerns are anticipated (e.g., placing a microphone in a bedroom or bathroom);

- C) (U//~~FOUO~~) Application is based on “relaxed specificity” (i.e., “roving” interception) under 18 U.S.C. § 2518(11)(a) and (b);
- D) (U//~~FOUO~~) Application concerns a Domestic Terrorism (DT), International Terrorism, or Espionage investigation; or
- E) (U//~~FOUO~~) Any situation deemed appropriate by the AD of CID or OGC.

(U//~~FOUO~~) The following two sensitive circumstances require the approval of the Director, the Acting Director, Deputy Director, or the Executive Assistant Director (EAD) for the Criminal Cyber Response and Services Branch or National Security Branch, or the respective Assistant Director for Criminal Investigative Division (CID), Cyber Division, Counterterrorism Division (CTD), Weapons of Mass Destruction Directorate (WMDD), or Counterintelligence Division (CD), and such approvals must be documented in an EC:

- A) (U//~~FOUO~~) "Emergency" Title III interceptions (i.e., interceptions conducted prior to judicial approval under 18 U.S.C. § 2518(7)); or
- B) (U//~~FOUO~~) It is anticipated that conversations of members of Congress, federal judges, high-level federal officials, high-level state executives, or members of a state judiciary or legislature will be intercepted.

(U//~~FOUO~~) “Sensitive circumstances” may develop at any point in time during the course of a Title III. For example, while an initial application for interceptions might not be considered sensitive, conversations intercepted thereafter of a high-level state executive would render any subsequent spinoffs, extensions, or renewals “sensitive” Title III requests.

#### 18.7.2.7 (U) PROCEDURES FOR EMERGENCY TITLE III INTERCEPTIONS

(U//~~FOUO~~) 18 U.S.C. § 2518(7) provides that any investigative or law enforcement officer, specially designated by the Attorney General, Deputy Attorney General, or the Associate Attorney General, who reasonably determines that an emergency situation exists that requires communications to be intercepted before an order authorizing such interception can, with due diligence, be obtained, and there are grounds upon which an order could be entered authorizing interception, may intercept such communications.

(U//~~FOUO~~) Section 2518(7) postpones, rather than eliminates the need for judicial authorization. If the Attorney General, Deputy Attorney General, or the Associate Attorney General authorizes an appropriate FBI official to approve an emergency Title III interception, an after-the-fact application for an order approving the interception must be made in accordance with Title III to the appropriate Court, and an order obtained, within 48 hours after the interception has occurred or begins to occur.

(U//~~FOUO~~)

--

b7E

(U) 18 U.S.C. § 2518(7) defines an emergency situation as one involving:

- A) (U) immediate danger of death or serious physical injury to any person,
- B) (U) conspiratorial activities threatening the national security interest, or
- C) (U) conspiratorial activities characteristic of organized crime.

(U//~~FOUO~~) In all but the most unusual circumstances, the only situations likely to constitute an emergency by the Department of Justice (DOJ) are those involving an imminent threat to life, e.g., a kidnapping, hostage taking, or imminent terrorist activity.

18.7.2.7.2 (U) *POST-EMERGENCY AUTHORIZATION*

(U//~~FOUO~~) Once the AG or his designee has authorized the Director, or his designee to make the determination whether to proceed with the emergency Title III, the government has 48 hours (including weekends and holidays) from the time the AG granted authorization to apply for a court order approving the interception. The field office, in coordination with the AUSA, must immediately begin preparing an affidavit, application and proposed order for court authorization.

(U//~~FOUO~~) The affidavit in support of the after-the-fact application to the court for an order approving the emergency interception must contain only those facts known to the AG or his designee at the time the emergency interception was approved. The application must be accompanied by the  form, which must reflect the date and time of the emergency authorization.

b7E

(U//~~FOUO~~) The government may also request, at the time it files for court-authorization for the emergency, court-authorization to continue the interception beyond the initial 48 hour period. If continued authorization is sought at the same time, one affidavit may be submitted in support of both requests. However, the affidavit must clearly indicate what information was communicated to the AG or his designee at the time the emergency interception was approved and what information was developed thereafter. Two separate applications and proposed orders should be submitted to the court in this situation – one set for the emergency and one set for the extension. If continued interceptions are not being sought, no further authorization is needed from OEO. The AUSA should, however, still submit the application, affidavit, and order to OEO for review. If continued interceptions are sought, that application, affidavit, and order must be reviewed by OEO and approved by DOJ like any other Title III request. In either situation, the affidavit must also be submitted through the operational unit for OGC review, when time allows.

(U//~~FOUO~~) 

b7E

(U//~~FOUO~~) Pursuant to 18 U.S.C. § 2518(7), in the absence of a court order, interception shall immediately terminate when the communication sought is obtained or when the application for the order is denied, whichever is earlier. In the event an application for approval is denied, or in any other case where the interception is terminated without an order having been issued, the contents of any wire, oral, or electronic communication intercepted

shall be treated as having been obtained in violation of Title III, and an inventory shall be served on the person named in the application.

#### 18.7.2.8 (U) PRE-TITLE III ELECTRONIC SURVEILLANCE (ELSUR) SEARCH POLICY

(U//~~FOUO~~) 18 U.S.C § 2518(1)(e) requires that each application for an order to intercept wire, oral, or electronic communications (hereinafter “Title III”) contain a statement describing all previous applications for Title III surveillance of the same persons, facilities, or places named in the current application. [REDACTED]

b7E

[REDACTED]

(U) For specific details on how to conduct and document such ELSUR searches, see DIOG Appendix H.

#### 18.7.2.9 (U) DURATION OF APPROVAL FOR TITLE III

(U) Court orders issued pursuant to Title III are for a period not to exceed 30 days. An “extension” order may be sought to continue monitoring beyond the initial 30-day period without a lapse in time. When a break in coverage has occurred, a “renewal” order may be sought to continue monitoring the same interceptees and facilities identified in the original order. The affidavit and application in support of an extension or renewal must comply with all of the Title III requirements, including approval of the Attorney General or designee.

#### 18.7.2.10 (U) SPECIFIC PROCEDURES FOR TITLE III AFFIDAVITS

(U//~~FOUO~~) The requirements in 18 U.S.C. § 2518 must be followed in the preparation of a Title III affidavit. The employee drafting the Title III affidavit and approving officials must consider the following requirements:

- A) (U//~~FOUO~~) The identity and qualifications of the affiant must be articulated;

demonstration why these procedures appear to be unlikely to succeed or would be too dangerous if tried ("boilerplate" statements in this respect are unacceptable);

- F) (U//~~FOUO~~) Interceptions must be minimized, as statutorily required;
- G) (U//~~FOUO~~) The facility or premises to be intercepted must be described fully, including a diagram, if possible, if microphone installation is contemplated (surreptitious entries may not be conducted for the purpose of preparing a diagram); and
- H) (U//~~FOUO~~) A statement describing all previous applications for Title III surveillance of the same persons (both subjects and interceptees), facilities or places named in the current affidavit. To comply with this requirement, a "search," e.g., an automated indices search of the FBI's [redacted] system and the systems of other appropriate agencies, must be conducted prior to submitting the Title III affidavit to the DOJ OEO (non-sensitive circumstances) or to the responsible FBIHQ operational unit (sensitive circumstances). The squad SSA is responsible for verifying that pre-Title III ELSUR checks have been completed before the affidavit is sent to the court. The ELSUR Operations Technician (EOT) and the ELSUR supervisor are responsible for confirming that ELSUR searches were properly conducted as set forth in the final application submitted to the court.

(U//~~FOUO~~) Note: When drafting the Title III Affidavit, the agent must determine whether the proposed Title III intercept involves any of the DOJ-designated seven "sensitive circumstances" listed in DIOG Section 18.7.2.6. If the proposed Title III will involve one more of the seven "sensitive circumstances," the agent must consult with the assigned AI to determine how the "sensitive circumstance(s)" will be addressed and how/when the judge will be notified.

(U//~~FOUO~~) Note: It is also recommended that the application include how the FBI will address any sensitive circumstances as listed in DIOG Section 18.7.2.6, if they exist.

(U//~~FOUO~~) At least 10 calendar days prior to submitting the original Title III request to the OEO, the field office must forward an electronic communication to FBIHQ set forth under a separate subheading: a synopsis of the investigation; the priority of the investigation; the office; the anticipated manpower and/or linguistic requirements and outside resources, if any, that will be needed; a synopsis of the probable cause supporting the Title III request; the prosecutive opinion of the USAO; and description of the interceptees. If the field office is unable to submit the EC 10 calendar days prior to submitting the request,

field office must advise the operational unit immediately and note the circumstances that prevent timely notification.

Note: A sensitive investigative matter (SIM) is not the same as a sensitive circumstance described in DIOG Section 18.7.2.6.

18.7.2.13 (U) **JOINT TITLE III OPERATIONS WITH OTHER LAW ENFORCEMENT AGENCIES**

18.7.2.13.1 (U) **FEDERAL LAW ENFORCEMENT AGENCIES**

(U//~~FOUO~~) In joint FBI operations with other federal law enforcement agencies wherein electronic surveillance is conducted through a Title III installation, the federal agency administering the electronic surveillance will assume overall responsibility for ELSUR indexing and recordkeeping. The fact that the investigation is a joint operation with another federal law enforcement agency must be stated in the affidavit and application for the court order. The joint federal agency must provide the FBI case agent with a copy of the court order and application.

18.7.2.13.2 (U) **STATE AND LOCAL LAW ENFORCEMENT AGENCIES**

(U//~~FOUO~~) In joint FBI operations involving state and local law enforcement agencies wherein electronic surveillance is conducted through a federal Title III installation, any state

Field office requests for FISA orders are submitted and tracked through [REDACTED] The FISA request forms, in a question and answer format, have been designed to ensure that all information needed for the preparation of a FISC application is provided to FBIHQ and to the DOJ.

(U//~~FOUO~~) See [REDACTED] for additional guidance.

18.7.3.2.3.2 (U) **CERTIFICATE BY THE DIRECTOR OF THE FBI**

(U) Each FISA application must be accompanied by a Certification by the Director of the FBI or one of nine other individuals authorized by Congress or the President to provide such certifications that: the information being sought is foreign intelligence information; that a significant purpose of the electronic surveillance is to obtain foreign intelligence information; that such information cannot reasonably be obtained by normal investigative techniques; that the information sought is "foreign intelligence information" as defined by FISA. The certification must include a statement explaining the certifier's basis for the certification.

(U) Title 50 of the United States Code Section 1804 specifies the Assistant to the President for National Security Affairs; E.O. 12139 as amended by E.O. 13383 specifies the Director of the FBI, Deputy Director of the FBI, the Director of National Intelligence, the Principal Deputy Director of National Intelligence, the Director of the Central Intelligence Agency, the Secretary of State, the Deputy Secretary of State, the Secretary of Defense, and the Deputy Secretary of Defense as appropriate officials to make certifications required by FISA. The FBI Director has represented to Congress that the FBI Deputy Director will only certify FISA's when the FBI Director is not available to do so.

18.7.3.2.3.3 (U) **EMERGENCY FISA AUTHORITY (50 U.S.C. § 1805[F])**

(U) The Attorney General, on request from the Director of the FBI or his/her designee, may authorize an emergency FISA for electronic surveillance when it is reasonably determined that an emergency situation exists that precludes advance FISC review and approval and that a factual predication for the issuance of a FISA Order exists. A FISC judge must be informed by DOJ at the time of the emergency authorization and an application must be submitted to that judge as soon as is practicable but not more than seven (7) days after the emergency authority has been approved by the Attorney General. If a court order is denied after an emergency surveillance has been opened, no information gathered as a result of the surveillance may be used as evidence or disclosed

in any trial or other proceeding, and no information concerning any USPER acquired from such surveillance may be used or disclosed in any manner, except with the approval of the Attorney General if the information indicates a threat of death or serious bodily harm to any person.

18.7.3.3 (U) **FISA TITLE VII (ACQUISITION OF FOREIGN INTELLIGENCE INFORMATION)**

18.7.3.3.1 (U) **SUMMARY**

(U) Titles I and III of the FISA (codified as 50 U.S.C. §§ 1801, et seq.) provide the standard, traditional methods of collection against agents of foreign powers (including USPERs and non-USPERs) and foreign establishments inside the United States. Title VII of FISA, “Additional Procedures Regarding Certain Persons Outside the United States,” provides the means to target non-USPERs reasonably believed to be located outside the United States.

18.7.3.3.2 (U) **LEGAL AUTHORITY**

A) (U) FISA Amendments Act of 2008 (122 Stat 2436)

B) (U) AGG-Dom, Part V.A.13

18.7.3.3.3 (U) **DEFINITION OF INVESTIGATIVE METHOD**

(U) Title VII may be used for conducting FISAs on certain persons located outside the United States.

18.7.3.3.4 (U//~~FOUO~~) **STANDARDS FOR USE AND APPROVAL REQUIREMENTS FOR INVESTIGATIVE METHOD**

(U//~~FOUO~~) See requirements under DIOG Sections 18.7.1, 18.7.2, and 18.7.3 and requirements specified above.

18.7.3.3.5 (U) **DURATION OF APPROVAL**

(U//~~FOUO~~) See requirements under DIOG Sections 18.7.1, 18.7.2, and 18.7.3 above.

18.7.3.3.6 (U//~~FOUO~~) **SPECIFIC COLLECTION PROCEDURES FOR TITLE VII**

(U) The relevant procedures (or collections) under Title VII are:

**18.7.3.3.6.1 (U) SECTION 702 - PROCEDURES FOR TARGETING NON-U.S. PERSONS (NON-USPERs) WHO ARE OUTSIDE THE UNITED STATES**

(U//~~FOUO~~) Under Section 702, the Government has the authority to target non-USPERs who are located outside the United States if the collection is effected with the assistance of an electronic communication service provider, as that term is defined in FISA. This section does not require a traditional FISA request. Rather, under this section, the Attorney General and the Director of National Intelligence may authorize, for periods of up to one year, the targeting of non-United States persons reasonably believed to be located outside the United States to acquire foreign intelligence information, provided they execute a Certification that is submitted to and approved by the FISC. The Certifications are accompanied by an affidavit signed by the FBI Director. In addition, the FBI is required to file "Targeting Procedures" that ensure that only non-U.S. persons (non-USPERs) reasonably believed to be located outside the United States will be targeted for collection and "to prevent the intentional acquisition of any communications as to which the sender and all intended recipients are known at the time of the acquisition to be located in the United States." Additionally, the statute prohibits targeting any person reasonably believed to be located outside the United States for the purpose of obtaining

the communications of a particular, known person reasonably believed to be in the United States. Finally, the FBI is also required to follow 702-specific minimization procedures.

**18.7.3.3.6.2 (U) SECTION 703 - CERTAIN ACQUISITIONS INSIDE THE UNITED STATES TARGETING UNITED STATES PERSONS OUTSIDE THE UNITED STATES**

(U//~~FOUO~~) Under Section 703, the Government has the authority to target USPERs who are reasonably believed to be located outside the United States if the collection is effected with the assistance of a United States provider and if the collection occurs inside the United States. This section only authorizes electronic surveillance or the acquisition of stored electronic communications or stored electronic data that requires a court order, e.g., non-consensual collection. FISA 703 is an alternative to traditional FISA electronic surveillance (Title I) or physical search (Title III) authority when the facts meet the 703 criteria. There are two notable differences between Section 703 and traditional FISA authorities. First, although the application must identify any electronic communication service provider necessary to effect the acquisition, the application is not required to identify the specific facilities, places, premises, or property at which the acquisition will be directed. Second, Section 703 allows for the targeting of a USPER who is “an officer or employee of a foreign power,” even if the target is not knowingly engaging in clandestine intelligence gathering activities, sabotage, or international terrorism. To obtain authority to collect information under this section, the FBI must submit a FISA request and obtain a FISC order and secondary orders, as needed. The process to obtain that order is the same as the standard FISA process. Refer to the FISA Unit's website for further information. Section 703 also allows for emergency authorization. Unlike traditional FISA orders, however, surveillance authorized pursuant to this section must cease immediately if the target enters the United States. If the FBI wishes to continue surveillance of the USPER while he or she is in the United States, the FBI must obtain a separate court order under Title I (electronic surveillance) and/or Title III (physical search) of FISA in order to conduct electronic surveillance or a physical search of that USPER while the person is located in the United States. The use of any information collected using FISA 703 authority must comply with the applicable minimization procedures.

**18.7.3.3.6.3 (U) SECTION 704 - OTHER ACQUISITIONS TARGETING UNITED STATES PERSONS OUTSIDE THE UNITED STATES**

(U//~~FOUO~~) Under Section 704, the Government has the authority to target USPERs who are reasonably believed to be located outside the United States if the collection occurs outside the United States (i.e. without the assistance of a United States' electronic communication service provider). The statute requires that the FISA court issue an order finding probable cause to believe that the USPER target is a foreign power, an agent of a foreign power, or an officer or employee of a foreign power and is reasonably believed to be located outside the United States "under circumstances in which the targeted United States person has a reasonable expectation of privacy and a warrant would be required if the acquisition were conducted in the United States for law enforcement purposes." To obtain authority to collect information under this section, the FBI must submit a FISA request and obtain a FISC order (the order will not include secondary orders). The

process to obtain a FISA 704 order is similar to, but more streamlined than, that for obtaining a traditional FISA under the standard FISA process. There are two notable differences between Section 704 and traditional FISA authorities. First, the application is not required to identify the specific facilities, places, premises, or property at which the acquisition will be directed. Second, Section 704 allows for the targeting of “an officer or employee of a foreign power” even if the target is not knowingly engaging in clandestine intelligence gathering activities, sabotage, or international terrorism. Refer to the FISA Unit's intranet website for further information. Section 704 also allows for emergency authorization. Unlike traditional FISA orders, however, surveillance authorized pursuant to this section must cease if the USPER enters the United States but may be re-started if the person is again reasonably believed to be outside the United States during the authorized period of surveillance. If there is a need to continue surveillance while the target is located inside the United States a separate court order must be obtained. The use of any information collected using FISA 704 authority must comply with the applicable minimization procedures.

(U//~~FOUO~~)

b7E

**18.7.3.3.6.4 (U) SECTION 705 - JOINT APPLICATIONS AND CONCURRENT AUTHORIZATIONS**

(U//~~FOUO~~) Section 705(a) “joint applications” allow the FISC, upon request of the FBI, to approve a joint application targeting an USPER under both Sections 703 and 704 (authority to collect both when the facilities are located inside and outside the United States).

(U//~~FOUO~~) Section 705(b) provides that if an order has been obtained under Section 105 (electronic surveillance under Title I of FISA) or 304 (physical search under Title III of FISA), the Attorney General may authorize the targeting of the USPER target while such person is reasonably believed to be located outside the United States. The Attorney General has this authority under E.O. 12333 § 2.5. In other words, when the FISA Court authorizes surveillance of an USPER target, the Attorney General, under Section 705(b) and E.O 12333 § 2.5, can simultaneously authorize surveillance to continue if the target travels outside the United States during the authorized period of the surveillance.

According to Section 705(b), there is no need for a separate order pursuant to Section 703 or 704. During the FISA drafting process, an FBI employee should determine whether surveillance or physical search may occur for purpose of acquiring foreign intelligence while the person is reasonably believed to be outside the United States. If so, the FBI employee should consult with an OGC or DOJ-NSD attorney to ensure that appropriate language is added to the application.

## 19 (U) ARREST PROCEDURE POLICY

---

### 19.1 (U) ARREST WARRANTS

#### 19.1.1 (U) COMPLAINTS

(U) A complaint is a written statement of the facts necessary to establish probable cause to believe that an offense has been committed and that the defendant committed it. A complaint is presented under oath before a magistrate judge, who may issue an arrest warrant or a summons for the defendant if he/she finds the complaint establishes probable cause to believe the defendant committed the charged offense.

#### 19.1.2 (U) ARREST WARRANTS

(U) Any justice, judge or magistrate judge of the United States has the authority to issue arrest warrants for any offense against the United States. In addition, if a federal magistrate judge is not reasonably available a state or local judicial officer where the offender may be found can issue the warrant. Copies of warrants issued under this authority are returned to the court of the United States that has jurisdiction over the offense.

#### 19.1.3 (U) JURISDICTION

(U) Federal rules do not limit the application for an arrest warrant to any specified district. Usually, an application for a warrant will be made in the district where the offense was committed, but it may also be issued by a magistrate judge in the district where the offender is located.

#### 19.1.4 (U) PERSON TO BE ARRESTED

(U) An arrest warrant must contain the name of the defendant or, if his/her name is unknown, any name or description by which the defendant can be identified with reasonable certainty. There is no requirement to determine the defendant's true name before a warrant can be issued. It is sufficient to develop facts which provide a reasonable belief that a particular individual is the offender. A warrant can be based on facts that provide a distinguishing physical description or describe the particular circumstances in which the defendant can be found.

### 19.2 (U) ARREST WITH WARRANT

#### 19.2.1 (U) POLICY

(U) Whenever possible, an arrest warrant must be obtained prior to an arrest. SSAs may authorize agents<sup>49</sup> to execute arrest warrants and, in extraordinary circumstances, FBIHQ should be notified in advance of the arrest. For example, SSAs should notify FBIHQ when the arrest may have a significant impact on an investigation in another field office or when the arrest is

---

<sup>49</sup> (U) The term "agent" in the context of this section includes FBI special agents and other federal, state, tribal, or local law enforcement officers who have been deputized under either Title 18 or 21 of the United States Code and are working on behalf of or at the direction of the FBI, e.g. task force officer, JTTF, etc.

likely to cause widespread publicity due to the identity or status of the arrestee or the nature of the crime.

(U) Upon the execution of an arrest warrant, the apprehending field office/division must promptly enter a “locate” within NCIC. The Office of Origin (OO) of the warrant must enter a “clear” within NCIC within 24 hours of the “locate.” See the National Crime Information Center (NCIC) Field Office Guide, 0145PG for detailed NCIC policy. Also see DIOG subsection 19.4.4 (Initial Processing) below.

### 19.2.2 (U) **PROMPT EXECUTION**

(U) While there is no time limit on the execution of arrest warrants (unlike search warrants), as a general rule agents should make the arrest without prolonged delay after obtaining the warrant.

### 19.2.3 (U) **ARREST PLANS**

(U) The ADIC/SAC is responsible to ensure that careful and thorough planning is conducted for the successful execution of any high risk arrest operation involving a potentially dangerous situation or subject. The arrest plan must be adapted to each situation with relevant details for the safety and effectiveness of all agents and officers involved. The planning and execution of arrests, raids, and searches should be assigned to experienced agents. All arrest plans must be approved by ASACs or their designees.

(U) Prior to conducting an arrest operation deemed a high risk, the agent must prepare a written operation order (OPORDER) to include the five critical categories: Situation, Mission, Execution, Administration and Equipment, and Control and Communication (SMEAC), and must utilize the Law Enforcement Operations Order (OPORDER), FD-888 in situations where an FBI SWAT Team(s) or the Critical Incident Response Group’s (CIRG), Tactical Section is involved, the Operations Order Template must be used in lieu of the FD-888. See the [redacted] [redacted] and [redacted] for more on the use of the SWAT Teams and CIRG’s Tactical Section in high risk operations.

(U) The written OPORDER must be presented in an oral briefing to all personnel involved in the execution of the arrest warrant(s) prior to the operation. During the briefing, the briefing agent should stress to the participants of the operation that the arrest(s) has the potential to become dangerous. At the discretion of the field office approving official, the CDC/ADC may review the OPORDER (FD-888) and/or participate in providing the FBI deadly force briefing to the arrest operation participants.

(U) Exigent circumstances (i.e., emergency, pressing necessity requiring immediate action) may necessitate an oral briefing in lieu of the written OPORDER. The ASAC or designee must approve the use of an oral briefing in lieu of a written and approved OPORDER in exigent circumstances. An oral briefing must follow the requirements of a written OPORDER and include the SMEAC categories identified above. Documentation of the oral briefing must occur as soon as possible following the operation by preparing and filing the FD-888 or the Operations Order Template, whichever is appropriate for the situation.

(U) The SSA may consider utilizing, and/or alerting local authorities to the planned arrest, if appropriate under the circumstances. Although the time of notification is left to the discretion of

the SSA, he/she must consider the jurisdiction of local law enforcement, its responsibility to its community and its need to be aware of law enforcement actions in its jurisdiction.

(U) The squad supervisor must be notified of the presence in FBI office space of any person(s) under arrest or of the presence of any suspect(s) for whom arrest is contemplated.

If the agent does not have the warrant with him/her at the time of arrest, the agent must inform the defendant of the offense(s) charged and that a warrant has been issued. #### 19.2.4.6 (U) **JOINT ARRESTS**

(U) An SSA may authorize a joint arrest with state and local authorities, United States Marshals Service (USMS), or other federal law enforcement agencies. In circumstances of joint arrests, the SAC remains responsible to ensure that there is a well-considered arrest plan.

#### 19.2.4.7 (U) **EYEWITNESS IDENTIFICATIONS**

(U) See  for guidance on gathering eyewitness identifications of suspects during an investigation.

### 19.3 (U) **ARREST WITHOUT WARRANT**

#### 19.3.1 (U) **FEDERAL CRIMES**

(U) Whenever possible, SAC and USAO authority must be obtained before making a warrantless arrest. Agents are authorized to make warrantless arrests for any federal crime (felony or misdemeanor) committed in their presence. Agents also have authority to make warrantless felony arrests for a crime not committed in the presence of the agent if there is probable cause to believe the person to be arrested committed a federal felony. A warrantless arrest must only be made when sound judgment indicates obtaining a warrant would unduly burden the investigation or substantially increase the potential for danger or escape. See DIOG subsection 19.3.3. (Non-Federal Crimes below.)

#### 19.3.2 (U) **NOTIFICATION TO U.S. ATTORNEY**

(U) When a warrantless arrest has been made, the USAO must be contacted immediately for authorization to prosecute.

### 19.3.3 (U) *NON-FEDERAL CRIMES*

(U) There is no federal statutory authority for agents to intervene in non-federal (state) crimes. However, FBI policy permits certain types of non-federal arrests in exigent circumstances.

(U) As a general rule, an agent should only make an arrest for a state crime if a serious offense (felony or violent misdemeanor) has been committed in his or her presence and immediate action by the agent is necessary to prevent escape, serious bodily injury, or destruction of property.

(U) Agents are also authorized to arrest a person who is the subject of an FBI Predicated Investigation when a state or local arrest warrant for that person is outstanding, and the person is encountered during the investigation and would likely escape if not arrested. Similarly, an agent working with state or local law enforcement officers who request assistance to apprehend a non-federal fugitive who has been encountered during the course of a federal investigation is authorized to provide the requested assistance when intervention is otherwise permitted for a state crime as described in the preceding paragraph.

(U) In some states, there is legislative authority for an agent to intervene in certain types of state crimes as a peace officer rather than as a private citizen. Deputation or statutory recognition as a state peace officer allows a federal agent to make arrests for state offenses with the authority and immunities of a law enforcement officer of the state or one of its subdivisions. Of greater significance is whether intervention by an agent in a particular non-federal crime falls within the scope of employment. Agents who intervene in serious nonfederal crimes committed in their presence or who arrest a state fugitive under the circumstances previously described will normally be considered to be acting within the scope of their employment. While the determination to provide legal representation depends on the facts and circumstances of each circumstance, the DOJ, as a general rule, will provide legal representation to agents who act in accordance with this policy.

(U) It is important to note that the DOJ has indicated that efforts to enforce minor infractions of the law, such as shoplifting or traffic violations, are not generally considered to be within the scope of employment. Civil actions against federal personnel concerning acts which fall outside the scope of employment will not be removed to federal courts, and employees in such circumstances will not be eligible for legal representation provided for by the DOJ. An agent's status with respect to civil liability in such circumstances will depend on a particular state's law, which may require an employee to defend himself/herself as an ordinary citizen.

### 19.3.4 (U) *ADHERENCE TO FBI POLICY*

(U) If any official in the USAO instructs an agent to arrest or detain a subject in any manner contrary to FBI rules and regulations, the agent must not comply with such instructions and must immediately inform the SSA. (See the special rules in DIOG 19.12 below for the arrest of juveniles.)

### 19.4 (U) *PROMPT APPEARANCE BEFORE MAGISTRATE*

(U) When a federal arrest is made, the arrestee must be taken before a federal magistrate judge without unnecessary delay. If a federal magistrate judge is not available, the arrestee may be brought before a state or local judicial officer authorized by 18 U.S.C. § 3041 after consultation with the USAO.

(U) Special Considerations for Unlawful Flight to Avoid Prosecution (UFAP) Arrests: If the arrestee was arrested on a warrant charging only a violation of UFAP, the arrestee can be transferred without unnecessary delay to the custody of the appropriate state or local authorities in the district of arrest. The USAO in the originating district will move promptly to dismiss the UFAP warrant. It is not necessary to wait until the UFAP warrant has been dismissed to release the subject to state or local authorities, but it is important for the agent to ensure that the USAO dismisses the UFAP warrant promptly after the arrest.

(U) If an agent makes a warrantless arrest, a complaint must be filed setting forth the probable cause. The complaint is generally submitted when the arrestee is brought before the magistrate. A personal, telephonic, or electronic presentation to the magistrate of the facts setting forth the probable cause must occur within 48 hours of a warrantless arrest if the arrestee is detained and an initial appearance cannot be held within that 48-hour period.

#### 19.4.1 (U) *DEFINITION OF UNNECESSARY DELAY*

(U) Rule 5 of the Federal Rules of Criminal Procedure requires the arresting agent to bring the accused before a federal magistrate judge without unnecessary delay. What constitutes “unnecessary delay” is determined in light of all the facts and circumstances. Confessions obtained from defendants during periods of unnecessary delay prior to initial appearance are generally inadmissible at trial. As a general rule, a voluntary confession within six (6) hours of arrest is not considered a product of unnecessary delay. The six-hour period begins when the accused is arrested or taken into custody by federal law enforcement authorities on a federal charge and runs continuously. The six (6) hour safe harbor can be extended to include delays found by the trial judge to be reasonable considering the means of transportation and the distance to be traveled to the nearest available magistrate judge. Delay solely for the purpose of conducting interrogation is not permitted. Delays for many other reasons may be justified and will not result in suppression of a statement, particularly when there is no indication that the purpose of the delay was to extract a confession (See DIOG subsections 19.4.2 and 19.4.3). For example, courts have found delays beyond six hours to be justified when attributable to the defendant’s need for medical treatment, his intoxication, the agents’ need to remain at the scene, the unavailability of a magistrate, and booking or other legitimate law enforcement procedures unrelated to interrogation.

(U) To avoid the risk that a court will determine that delay beyond the safe-harbor period was “unnecessary” and suppress a confession elicited more than six (6) hours after arrest, agents who want to continue or resume an interrogation after six (6) hours must seek a waiver of the right to prompt presentment from the accused. To continue an interrogation after six hours have elapsed, agents must advise the suspect of his Rule 5 rights, and seek an affirmative waiver of those rights from him. The warning and waiver must be substantially in accord with this approved waiver language:

*(U) “You have a right to be taken without unnecessary delay to court, where a judge will advise you of the charges against you and provide you with a copy of any affidavit the government has filed in support of these charges. The judge will also advise you of the rights I advised you of previously, namely, that you have a right to an attorney and to have an attorney appointed for you; that you have a right to remain silent and that any statement you make may be used against you. The judge will also tell you if you have a right to a preliminary hearing, and that*

*if you do, the government will have to establish that the charges in the complaint are supported by probable cause. The judge will also tell you about the factors that will determine whether you can be released from custody prior to trial. Do you understand this right and are you willing to waive it and continue to talk to us?"*

(U) It is prudent to obtain a waiver of the right to prompt presentment in any circumstance when interrogation extends beyond the six-hour safe-harbor period.

#### **19.4.2 (U) *EFFECT OF UNNECESSARY DELAY***

(U) Incriminating statements obtained during any period of unnecessary delay after arrest and prior to the initial appearance before a Magistrate Judge are subject to suppression.

#### **19.4.3 (U) *NECESSARY DELAY***

(U) If the delay in bringing an arrested person before the magistrate judge is greater than six hours and a confession is obtained after six hours, the government has the burden of proving the delay was reasonable. Some factors which could contribute to a finding that a delay beyond six hours were reasonable are the means of transportation, the distance to the nearest available magistrate judge and the time and day of the week of the arrest.

#### **19.4.4 (U) *INITIAL PROCESSING***

(U) Following an arrest, the defendant should be brought to the nearest FBI office for fingerprinting, photographing, and an interview, where appropriate. Additionally, arresting agents and TFOs must be cognizant of the custodial recording policy. See DIOG subsection 18.5.6.4.17 for guidance on recording custodial interviews. Other law enforcement agency offices may be used for this purpose if FBI facilities are not reasonably available. This process generally should not exceed six hours, measured from the time of arrest to the time of arrival before the magistrate judge.

##### **19.4.4.1 (U) *REQUESTS OF SUBJECTS IN CUSTODY***

(U) In all cases in which a Bureau subject is incarcerated either prior to or after initial appearance and plea, if the subject makes known to an agent during the course of an interview or otherwise his/her desire to be brought before the district court judge or to see a U.S. Marshal, immediate steps must be taken by the agent to advise the United States Attorney's Office (USAO) or U.S. Marshals Service of the desires of the subject.

#### **19.4.5 (U) *COLLECTION OF DNA AFTER ARREST OR DETENTION***

(U) The Attorney General has directed the FBI to collect DNA samples from all arrestees, other than juveniles, and all non-U.S. persons (non-USPER) lawfully detained. A DNA sample should ordinarily be obtained during initial processing. FBI DNA collection kits should be used to collect a saliva sample from inside the person's mouth.

(U) There is no requirement to obtain a DNA sample from an individual who is arrested on an UFAP warrant when that individual will be turned over to the appropriate state/local agency with the expectation that the UFAP charge will be dismissed. A DNA sample should not be obtained

from an individual arrested on a UFAP warrant when there is no expectation of federal prosecution. For example, when it is anticipated that the UFAP charge will be dismissed and the individual turned over to the appropriate state/local agency, no DNA sample should be obtained.

(U) A DNA sample may not be taken from a juvenile arrestee. A DNA sample may only be taken from a juvenile after he/she has been convicted of certain drug or violent offenses.

(U) Federal law requires covered individuals to provide a DNA sample as a condition of pre-trial release and imposes criminal liability for failing to cooperate in the collection of the sample.

(U) The law also authorizes “such means as are reasonably necessary to detain, restrain, and collect a DNA sample from an individual who refuses to cooperate in the collection of the sample.” If resistance is encountered, agents must seek to elicit the cooperation of the individual to collect the sample. If the individual continues to resist, agents must advise the USAO or the judge and seek a judicial order requiring the individual to cooperate. If the individual still continues to resist after the court order, agents may use reasonable force to overcome resistance and safely obtain the DNA sample.

(U) For additional information on the process of collecting DNA samples from arrestees, see EC dated, 11/20/2009 from Laboratory to All Field Offices (319T-HQ-A1487667-LAB).

## 19.5 (U) USE OF FORCE

### 19.5.1 (U) IDENTIFICATION

(U) An arresting agent should identify himself/herself before effecting the arrest, in a clear, audible voice, as a special agent of the FBI and state his/her intention to arrest the subject.

### 19.5.2 (U) PHYSICAL FORCE

(U) Agents are permitted to use the amount of physical force reasonable and necessary to take custody and overcome all resistance of the arrestee, and to ensure the safety of the arresting agents, the arrestee and others in the vicinity of the arrest.

(U) See FBI Deadly Force Policy - Appendix F: (U) DOJ Policy on Use of Force.

(U) See Less Lethal Devices Policy Guide, 0517DPG.

### 19.5.3 (U) RESTRAINING DEVICES

(U) Temporary restraining devices, such as handcuffs, shackles and/or belts may be used to secure an arrestee. Use of such devices is lawful and proper, and agents are expected to employ reasonable judgment under the circumstances in the use of these devices and to resolve any doubt in favor of their use.

### 19.5.4 (U) PREGNANT ARRESTEES

(U) Within the standard operational procedures designed to ensure the successful completion of an operation and its immediate objectives, and while also guarding the safety of all involved, reasonable precautions and techniques should be employed when dealing with an arrestee reasonably believed to be pregnant to avoid harm to the fetus. This caution includes actions

involving confrontation, apprehension, employing restraints, transporting and confining the individual, and responding promptly to needed or requested medical care. In particular, reasonable care or precautions should be considered and used, if appropriate under the circumstances, when employing physical restraints that directly constrict the area of the fetus.

## 19.6 (U) MANNER OF ENTRY

### 19.6.1 (U) *KNOCK AND ANNOUNCE*

(U) Pursuant to 18 U.S.C. section 3109 and court decisions, agents are generally required to "knock and announce" their identity, authority and purpose, and demand to enter before entry is made to execute an arrest warrant in a private dwelling. This is part of the "reasonableness" requirement of the Fourth Amendment. The announcement can be given by one agent and need not be lengthy or elaborate but must convey to the person behind the door what is occurring. A loud announcement is essential and electronic devices designed to amplify the voice should be used where communication is anticipated to be difficult.

(U) the "knock and announce" requirement need not be complied with when the agent executing the warrant has a reasonable suspicion of one or more of the following:

(U) to "knock and announce" would cause the agent and/or another to be placed in imminent peril of bodily harm;

(U) to "knock and announce" would be a useless or futile gesture as the persons within the premises already know of the agent's identity, authority, and purpose;

(U) to "knock and announce" would cause the evidence sought under the warrant to be destroyed or removed; or

(U) to "knock and announce" would be reasonably likely to trigger an attempted escape of the person agents seek to arrest.

### 19.6.2 (U) *SUSPECT'S DWELLING*

(U) In order to lawfully enter a suspect's dwelling to effect an arrest, agents must have either: (i) consent to enter, (ii) an emergency ("hot pursuit") justifying a warrantless entry, or (iii) an arrest warrant and probable cause to believe the suspect is in the dwelling. In determining whether a location is the suspect's dwelling, an apartment, hotel, motel or boardinghouse room becomes the dwelling of the person renting or leasing it. If the suspect is not named on the lease or rental agreement, the dwelling may still be considered the suspect's dwelling if the suspect occupies the dwelling jointly with another.

### 19.6.3 (U) *THIRD PARTY DWELLING*

(U) In order to lawfully enter a third party's dwelling to arrest a suspect, agents must have either: (i) consent to enter, (ii) an emergency ("hot pursuit") justifying a warrantless entry, or (iii) a search warrant for the third party dwelling describing the person to be arrested. For these purposes, "third party dwelling" is any private dwelling other than the principal dwelling of the person to be arrested. For example, a search warrant would be necessary if the arrestee is a casual visitor, or temporary caller at the dwelling of the third party. In order to enter a private dwelling to effect an arrest, whether pursuant to an arrest warrant, search warrant, or exigent

circumstances, the agent must have probable cause to believe the suspect to be arrested is within the dwelling to be entered.

#### **19.6.4 (U) *EXIGENT CIRCUMSTANCES***

(U) If an agent has a reasonable belief that the subject will flee before a warrant can be obtained, or there is a substantial likelihood that the subject will dispose of evidence before a warrant can be obtained or there is increased danger to agents or others if entry is delayed to obtain a warrant, exigent circumstances exist which may justify entry into a dwelling to make a warrantless arrest or entry into a third party dwelling without a search warrant to make an arrest.

#### **19.7 (U) *SEARCH INCIDENT TO ARREST***

(U) The authority to search incident to an arrest is an exception to the warrant requirement. Under this exception, an agent may conduct a full and complete search of the person of the arrestee and the area within the arrestee's "immediate control." Immediate control means "the area from within which an arrestee might gain possession of a weapon or destructible evidence. The purpose for the exception is to protect the arresting agent, prevent escape, and preserve any evidence in possession of the arrestee. The right to search flows from the fact of arrest, not the nature of the crime for which the arrest has been made. A search incident to arrest must be made without delay and "roughly contemporaneous" with the arrest itself.

##### **19.7.1 (U) *PREREQUISITE: LAWFUL ARREST***

(U) A search incident to arrest first requires a lawful custodial arrest based upon probable cause. A warranted arrest is presumptively lawful. As discussed below, authority to enter a subject's dwelling to arrest is limited.

(U) Entry into Suspect's Dwelling: If entering the defendant's dwelling to effect an arrest, agents must have either (i) consent to enter, (ii) an emergency ("hot pursuit"), or (iii) an arrest warrant and probable cause to believe that the defendant is inside the premises.

##### **19.7.2 (U) *SCOPE AND TIMING REQUIREMENT***

###### **19.7.2.1 (U) *SCOPE OF SEARCH***

(U) The agent is entitled to search the person of the arrestee and the area within the arrestee's immediate control for weapons, to prevent concealment or destruction of evidence, and to prevent concealment of any means of escape. The search may extend to any portable personal property in the arrestee's actual possession, such as clothing, purses, briefcases, grocery bags, etc. Items of personal property accessible to the arrestee, such as an unlocked desk drawer or unlocked suitcase, may be searched. Absent exigent circumstances or valid consent, inaccessible or locked items of personal property may not be searched incident to arrest.

(U) In order to search the contents of a cell phone, Agents must obtain a warrant, valid consent or otherwise have exigent circumstances. As such, the search incident to arrest exception to the warrant requirement does not extend to data in a cell phone or other personal electronic device carried on or about the arrestee.

(U) If there is probable cause to believe a cell phone or other personal electronic device contains evidence, it may be seized, but the agent must obtain a search warrant or otherwise rely upon an exception to warrant requirement, e.g. valid consent, exigency, etc. prior to actually searching the cell phone or other electronic device. That electronic evidence may be destroyed remotely does not constitute exigent circumstances unless there is probable cause that remote destruction is actually imminent in the specific situation as to the particular device.

#### 19.7.2.2 (U) VEHICLES

(U) The interior passenger compartment of a vehicle may be searched incident to a recent occupant's arrest only if the arrestee is within reaching distance of the passenger compartment at the time of search or if it is reasonable to believe the vehicle contains evidence of the offense for which the person was arrested. A search incident to arrest of an arrestee's vehicle may not otherwise occur. For example, a search of the vehicle incident to an arrest would not be permitted after the occupant has been removed, handcuffed, and placed in a nearby FBI vehicle if the arrest was based on an outstanding arrest warrant for failure to appear. If a search of a vehicle incident to arrest can be done under the described circumstances, the permissible scope can include unlocked or otherwise accessible containers, such as glove compartments, luggage, bags, clothing, etc.

#### 19.7.2.3 (U) CELL PHONES

(U) The contents of a cell phone have a reasonable expectation of privacy, and therefore, Agents must obtain a warrant to search the cell phone unless they obtain lawful consent or exigent circumstances exist.

(U) In addition, Agents may not search the contents of a cell phone in the possession of the arrestee incident to an arrest. This also includes a search incident to arrest of the contents of a cell phone found in a vehicle occupied by the arrestee. The automobile search exception to the warrant requirement does not apply for a warrantless search of a cell phone in a vehicle.

#### 19.7.2.4 (U) PROTECTIVE SWEEP

(U) Agents may conduct a protective sweep of the areas immediately adjacent to the site of the arrest for the purpose of locating persons that may pose a threat to the safety of the agents or others. Additionally, a protective sweep of other areas beyond those immediately adjacent to the site of the arrest may be conducted if the agents have a reasonable suspicion, based on specific and articulable facts, that an individual who poses a danger to those present is in the area to be swept. Reasonable suspicion must be based on facts known to the agents, such as noises in an attic or the at-large status of a dangerous associate. A protective sweep must be limited to a brief inspection of those areas within the premises in which a person could hide. If an agent observes evidence in plain view while conducting a protective sweep, the evidence may be seized under the plain view doctrine.

#### 19.7.2.5 (U) TIMING

(U) A search incident to arrest must be made contemporaneous to the time and place of arrest and before the arrestee is removed from the area. A more thorough search of the arrestee at the

FBI office or some other place to which the arrestee is transported is also permitted as a search incident to arrest. Additionally, agents may conduct protective sweeps as described above at the time of arrest.

## 19.8 (U) MEDICAL ATTENTION FOR ARRESTEES

(U) If a person in FBI custody complains of sickness or ill health or if it is reasonably apparent to agents that such a condition exists, arrangements should be made to afford such persons reasonable medical attention without delay. Agents must also be mindful of the health and well-being of any pregnant subject and make arrangements for medical attention when asked or when it is reasonably apparent that the subject or fetus needs medical attention. If the time required to obtain medical care may result in the passing of more than six hours between arrest and presentment, agents must document the basis for and the receipt of any medical attention given to the arrestee.

## 19.9 (U) ARREST OF FOREIGN NATIONALS

### 19.9.1 (U) *REQUIREMENTS PERTAINING TO FOREIGN NATIONALS*

(U) When a foreign national is arrested or detained, the arresting agent must advise him/her of the right to have his/her consular officials notified.

(U) In some situations, the nearest consular officials must be notified of the arrest or detention of a foreign national, regardless of the national's wishes.

(U) Consular officials are entitled to access to their nationals in detention and are entitled to provide consular assistance.

**19.9.2 (U) STEPS TO FOLLOW WHEN A FOREIGN NATIONAL IS ARRESTED OR  
DETAINED**

(U) The arresting agent must determine the foreign national's country of citizenship. In the absence of other information, the arresting agent must assume that the country of citizenship is the country on whose passport or other travel documents the foreign national travels.

(U) If the foreign national's country is not on the mandatory notification list below:

(U) The arresting agent must promptly offer to notify the foreign national's consular officials of the arrest/detention. For a suggested statement to the foreign national, see Statement 1 below.

(U) If the foreign national asks that consular notification be given, the arresting agent must promptly notify the nearest appropriate consular official of the foreign national's arrest.

(U) If the foreign national's country is on the list of mandatory notification countries:

(U) The arresting agent must promptly notify the nearest appropriate consular official of the arrest/detention.

(U) The arresting agent must tell the foreign national that this notification will be made. A suggested statement to the foreign national is found at Statement 2 below.

(U) The arresting agent must keep a written record (EC or FD-302) in the investigative file that he/she provided appropriate notification to the arrestee and of the actions taken.

Under paragraph 3(f) (2) of the March 25, 1997, U.S.-China Agreement on the Maintenance of the U.S. Consulate General in the Hong Kong Special Administrative Region, U.S. officials are required to notify Chinese officials of the arrest or detention of persons bearing Hong Kong passports in the same manner as is required for persons bearing Chinese passports-- i.e., immediately and, in any event, within four days of the arrest or detention.

Such persons must be informed without delay, that the nearest office of the Taipei Economic and Cultural Representative Office ("TECRO"), the unofficial entity representing Taiwan's interests in the United States, can be notified at their request.

detention, among other things. If you want us to notify your country's consular officials, you can request notification now or at any time in the future. After your consular officials are notified, they may call or visit you. Do you want us to notify your country's consular officials?

#### 19.9.3.2 (U) STATEMENT 2: WHEN CONSULAR NOTIFICATION IS MANDATORY

(U) Because of your nationality, we are required to notify your country's consular representatives here in the United States that you have been arrested or detained. After your consular officials are notified, they may call or visit you. You are not required to accept their assistance, but they may be able to help you obtain legal counsel and may contact your family and visit you in detention, among other things. We will notify your country's consular officials as soon as possible.

### 19.9.4 (U) *DIPLOMATIC IMMUNITY*

(U) Agents may not knowingly or intentionally enter the office or dwelling of a diplomat or a person with diplomatic immunity for the purpose of making an arrest, search, or seizure.

#### 19.9.4.1 (U) TERRITORIAL IMMUNITY

(U) All embassies, legations, and consulates have territorial immunity. Consequently, no agent may attempt to enter any embassy, legation, or consulate for the purpose of making an arrest, search or seizure. This territorial immunity extends to both the offices and residences of ambassadors and ministers, but only to the office of a consul. A consul's residence does not enjoy territorial immunity.

#### 19.9.4.2 (U) PERSONAL IMMUNITY

(U) Ambassadors and ministers, members of their staffs and domestic servants, and the immediate family members of a diplomatic officer have personal immunity, as do the immediate family members of the administrative and technical staff of a diplomatic mission. Consequently, no agent should attempt to arrest or detain any such person. The personal immunity applies to the staffs, domestic servants and immediate family members, regardless of citizenship. Ordinarily, consuls do not have personal immunity from arrest on misdemeanor charges. If the arrest of a consul is contemplated, immediately notify FBIHQ by telephone or electronic communication before any action is taken so that an appropriate check can be made with the Department of State to determine whether the consul involved has any special immunity.

### 19.10 (U) ARREST OF MEMBERS OF THE NEWS MEDIA

(U) Attorney General authorization is required prior to arresting, or charging a member of the news media regarding criminal conduct he/she is suspected of having committed in the course of, or arising out of, the coverage or investigation of the news or while engaged in the performance of official duties. (U) Requests for the approval must be submitted to the AD of the operational FBIHQ division that is responsible for the investigative classification and the AD of the Office or Public Affairs (OPA) by an EC. The requesting EC must be reviewed by the CDC and approved by the SAC after coordination with the local USAO. The EC must set forth the facts

believed to establish probable cause and the investigative justification for the arrest, consistent with the DOJ regulations set forth in 28 C.F.R. § 50.10.

(U) *Note*: 28 C.F.R. § 50.10(b)(1)(ii) provides guidance on categories of individuals and entities not covered by, and therefore not entitled to the protections of the DOJ policy set out in 28 C.F.R. § 50.10 .

### 19.10.1 (U) *EXIGENT CIRCUMSTANCES*

(U) A Deputy Assistant Attorney General (DAAG) for the Criminal Division may authorize the questioning of a member of the news media as described in DIOG subsection 18.5.6.4.8.1.1 above if he/she determines that exigent use of such a technique is necessary [REDACTED]

[REDACTED]

(U) The requesting field office seeking exigent authority must set out the circumstances that justify seeking exigent approval authority and communicate the basis for the request to [REDACTED]

[REDACTED] is then responsible for seeking DAAG approval as set forth in 28 C.F.R. 50.10(f). If the exigent request was made by oral communication and the AG's approval was obtained, the field office is responsible to submit written documentation to [REDACTED]

[REDACTED] as soon as practicable, [REDACTED] after the making the oral request. The [REDACTED] is responsible to prepare the appropriate written documentation to DOJ, including documenting the receipt of AG approval. This documentation must be electronically placed into the case file.

(U) [REDACTED]

### 19.11 (U) *ARREST OF ARMED FORCES PERSONNEL*

(U) The Uniform Code of Military Justice authorizes any commanding officer exercising general court-martial jurisdiction to surrender military personnel under the officer's command to civil authority when the person has been charged with a civil offense. A request for surrender must be accompanied by:

(U) A copy of the indictment, presentment, information, or warrant;

(U) Sufficient information to identify the person sought as the person who allegedly committed the offense; and

(U) A statement of the maximum sentence which may be imposed upon conviction.

(U) Receipts for persons surrendered for civil prosecution should be signed by an official in the USAO, not by an FBI employee.

## 19.12 (U) ARREST OF JUVENILES

### 19.12.1 (U) DEFINITION

(U) A violation of 18 U.S.C. § 922(x)(2) or violation of a federal law which would have been a crime, if committed by an adult, by a person who has not attained his/her 18th birthday is an act of juvenile delinquency. For the purpose of juvenile delinquency proceedings, a juvenile is a person who committed a crime before his/her 18<sup>th</sup> birthday who has not attained his/her 21<sup>st</sup> birthday at the time charges are commenced.

### 19.12.2 (U) ARREST PROCEDURES

(U) Pre-arrest procedures applicable to adults (discussion with USAO, filing of complaint, issuance of warrant) also govern arrests of juveniles. After arrest, however, the Federal Juvenile Delinquency Act requires strict compliance with the following procedures:

- A) (U) **Advice of Rights** - The arresting agent must immediately advise the arrested juvenile of his/her "legal rights" in language comprehensible to the juvenile. The rights found on the standard Form FD-395 meet this requirement. The arresting agent may obtain a signature waiving his/her rights only if the Chief Division Counsel (CDC) or the USAO, based on the law of the circuit, has approved interrogation of the juvenile.
- B) (U) **Notification to U.S. Attorney's Office and Juvenile's Parents** - The arresting agent must immediately notify the USAO and the juvenile's parents, guardian, or custodian, that the juvenile has been arrested. The juvenile's parents, guardian, or custodian must also be notified of the juvenile's rights (use the FD-395 for this purpose) and the nature of the alleged offense for which the juvenile was arrested.
- C) (U) **Initial Appearance before Magistrate Judge** - Subsequent to his/her arrest, the juvenile must be taken to a magistrate judge forthwith.
- D) (U) **Record of Notification and Appearance** - Because proof of timely notification to the juvenile's parents and prompt appearance before the magistrate judge is essential, agents must promptly prepare FD-302(s) documenting the time the following events occurred:
  - 1) (U) The juvenile was arrested;
  - 2) (U) The juvenile was advised of his/her rights;
  - 3) (U) The USAO was notified;
  - 4) (U) The juvenile's parents, guardian, or custodian were notified of the arrest and of the juvenile's rights; and
  - 5) (U) The juvenile was taken before a magistrate judge.
- E) (U) **Interrogation and Interviews** - Whether a juvenile may be interrogated between arrest for a federal offense and initial appearance before the magistrate judge depends on the law of the circuit in which the arrest occurs. When an agent interviews a juvenile in custody, after arrest and prior to initial appearance while in a place of

detention with suitable recording equipment, the statement must be recorded in accordance with DIOG subsection 18.5.6.4.17.3. If interrogation is not permitted in the circuit of arrest, information volunteered by the arrested juvenile concerning his/her guilt must be recorded in the agent's FD-302. Clarifying questions may be asked if necessary to be certain what the juvenile intended to convey. The volunteered statement may be reduced to writing if such action does not delay the juvenile's appearance before the magistrate judge. A juvenile may always be questioned concerning the guilt of someone else, if such questioning does not delay bringing him/her before the magistrate judge. These rules apply only when the juvenile has been arrested for a federal offense. They do not apply when the juvenile is suspected of having committed a federal offense but is under arrest by state or local officers on a state or local charge.

- F) (U) **Fingerprinting and Photographing** - Agents may not fingerprint or photograph a juvenile unless he/she is to be prosecuted as an adult. Because it is not known at the time of arrest whether the juvenile will be prosecuted as an adult or a juvenile, agents may not fingerprint or photograph a juvenile without permission of the magistrate judge. Following an adjudication of delinquency based on an offense which, if committed by an adult, would be a felony that is a crime of violence or a violation of 21 U.S.C. § 841 (manufacturing, distributing, dispensing of a controlled substance or possession with the intent to do same), § 955 (possession of controlled substances on board vessels arriving in or departing the United States) or § 959 (manufacture or distribution of controlled substances for purpose of unlawful importation), the juvenile must be fingerprinted and photographed. Agents should coordinate fingerprinting and photographing with the USMS.
- G) (U) **DNA Collection** - Agents must not take DNA samples from juveniles at the time of arrest.
- H) (U) **Press Releases** - Neither the name nor picture of an arrested juvenile may be made public. Accordingly, the arrest of a juvenile may only be announced by a press release that does not contain identifying information

In addition, the NCAVC's units provide operational and analytical support, without charge, to federal, state, local, tribal, foreign law enforcement, intelligence and security agencies involved in the investigation of unusual or repetitive violent crimes, communicated threats, terrorism, and other matters. The NCAVC also provides support through expertise and consultation in non-violent matters, such as national security, corruption, and white-collar crime investigations. See DIOG Section 12 for FD-999 documentation and other requirements for Assistance to Other Agencies.

(U) Requests for NCAVC operational assistance should be made to the NCAVC Coordinator in the field office or to the NCAVC unit at Quantico. Requests for service can be coordinated through direct contact, telephone, email or Electronic Communication to the NCAVC. All FBI operational behavioral support requests must be coordinated and approved by the NCAVC.

(U) The appropriate Legal Attaché office (LEGAT) or the International Operations Division (IOD) must coordinate all requests from foreign law enforcement, intelligence and security agencies with NCAVC staff. Domestic Investigations and Operations Guide

## INTRODUCTION

As the primary investigative agency of the federal government, the Federal Bureau of Investigation (FBI) has the authority and responsibility to investigate all violations of federal law that are not exclusively assigned to another federal agency. The FBI is further vested by law and by Presidential directives with the primary role in carrying out investigations within the United States of threats to the national security. This includes the lead domestic role in investigating international terrorist threats to the United States, and in conducting counterintelligence activities to meet foreign entities' espionage and intelligence efforts directed against the United States.

The FBI is also vested with important functions in collecting foreign intelligence as a member agency of the U.S. Intelligence Community. The FBI accordingly plays crucial roles in the enforcement of federal law and the proper administration of justice in the United States, in the protection of the national security, and in obtaining information needed by the United States for the conduct of its foreign affairs. These roles reflect the wide range of the FBI's current responsibilities and obligations, which require the FBI to be both an agency that effectively detects, investigates, and prevents crimes, and an agency that effectively protects the national security and collects intelligence.

The general objective of these Guidelines is the full utilization of all authorities and investigative methods, consistent with the Constitution and laws of the United States, to protect the United States and its people from terrorism and other threats to the national security, to protect the United States and its people from victimization by all crimes in violation of federal law, and to further the foreign intelligence objectives of the United States. At the same time, it is axiomatic that the FBI must conduct its investigations and other activities in a lawful and reasonable manner that respects liberty and privacy and avoids unnecessary intrusions into the lives of law-abiding people. The purpose of these Guidelines, therefore, is to establish consistent policy in such matters. They will enable the FBI to perform its duties with effectiveness, certainty, and confidence, and will provide the American people with a firm assurance that the FBI is acting properly under the law.

The issuance of these Guidelines represents the culmination of the historical evolution of the FBI and the policies governing its domestic operations subsequent to the September 11, 2001, terrorist attacks on the United States. Reflecting decisions and directives of the President and the Attorney General, inquiries and enactments of Congress, and the conclusions of national commissions, it was recognized that the FBI's functions needed to be expanded and better integrated to meet contemporary realities:

[C]ontinuing coordination...is necessary to optimize the FBI's performance in both national security and criminal investigations...[The] new reality requires first that the FBI and other agencies do a better job of gathering intelligence inside the United States, and second that we eliminate the remnants of the old "wall" between foreign intelligence and domestic law enforcement. Both tasks must be accomplished without sacrificing our domestic liberties and the rule of law, and both depend on building a very different FBI from the one we had

on September 10, 2001. (Report of the Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction 466, 452 (2005).)

In line with these objectives, the FBI has reorganized and reoriented its programs and missions, and the guidelines issued by the Attorney General for FBI operations have been extensively revised over the past several years. Nevertheless, the principal directives of the Attorney General governing the FBI's conduct of criminal investigations, national security investigations, and foreign intelligence collection have persisted as separate documents involving different standards and procedures for comparable activities. These Guidelines effect a more complete integration and harmonization of standards, thereby providing the FBI and other affected Justice Department components with clearer, more consistent, and more accessible guidance for their activities, and making available to the public in a single document the basic body of rules for the FBI's domestic operations.

These Guidelines also incorporate effective oversight measures involving many Department of Justice and FBI components, which have been adopted to ensure that all FBI activities are conducted in a manner consistent with law and policy.

The broad operational areas addressed by these Guidelines are the FBI's conduct of investigative and intelligence gathering activities, including cooperation and coordination with other components and agencies in such activities, and the intelligence analysis and planning functions of the FBI.

**A. FBI RESPONSIBILITIES - FEDERAL CRIMES, THREATS TO THE NATIONAL SECURITY, FOREIGN INTELLIGENCE**

Part II of these Guidelines authorizes the FBI to carry out investigations to detect, obtain information about, or prevent or protect against federal crimes or threats to the national security or to collect foreign intelligence. The major subject areas of information gathering activities under these Guidelines - federal crimes, threats to the national security, and foreign intelligence - are not distinct, but rather overlap extensively. For example, an investigation relating to international terrorism will invariably crosscut these areas because international terrorism is included under these Guidelines' definition of "threat to the national security," because international terrorism subject to investigation within the United States usually involves criminal acts that violate federal law, and because information relating to international terrorism also falls within the definition of "foreign intelligence." Likewise, counterintelligence activities relating to espionage are likely to concern matters that constitute threats to the national security, that implicate violations or potential violations of federal espionage laws, and that involve information falling under the definition of "foreign intelligence."

While some distinctions in the requirements and procedures for investigations are necessary in different subject areas, the general design of these Guidelines is to take a uniform approach wherever possible, thereby promoting certainty and consistency regarding the applicable standards and facilitating compliance with those standards. Hence, these Guidelines do not require that the FBI's information gathering activities be differentially labeled as "criminal investigations," "national security investigations," or "foreign intelligence collections," or that the categories of

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

FBI personnel who carry out investigations be segregated from each other based on the subject areas in which they operate. Rather, all of the FBI's legal authorities are available for deployment in all cases to which they apply to protect the public from crimes and threats to the national security and to further the United States' foreign intelligence objectives. In many cases, a single investigation will be supportable as an exercise of a number of these authorities - i.e., as an investigation of a federal crime or crimes, as an investigation of a threat to the national security, and/or as a collection of foreign intelligence.

**1. Federal Crimes**

The FBI has the authority to investigate all federal crimes that are not exclusively assigned to other agencies. In most ordinary criminal investigations, the immediate objectives include such matters as: determining whether a federal crime has occurred or is occurring, or if planning or preparation for such a crime is taking place; identifying, locating, and apprehending the perpetrators; and obtaining the evidence needed for prosecution. Hence, close cooperation and coordination with federal prosecutors in the United States Attorneys' Offices and the Justice Department litigating divisions are essential both to ensure that agents have the investigative tools and legal advice at their disposal for which prosecutorial assistance or approval is needed, and to ensure that investigations are conducted in a manner that will lead to successful prosecution. Provisions in many parts of these Guidelines establish procedures and requirements for such coordination.

**2. Threats to the National Security**

The FBI's authority to investigate threats to the national security derives from the executive order concerning U.S. intelligence activities, from delegations of functions by the Attorney General, and from various statutory sources. See, e.g., E.O. 12333; 50 U.S.C. 401 et seq.; 50 U.S.C. 1801 et seq. These Guidelines (Part VII.S) specifically define threats to the national security to mean: international terrorism; espionage and other intelligence activities, sabotage, and assassination, conducted by, for, or on behalf of foreign powers, organizations, or persons; foreign computer intrusion; and other matters determined by the Attorney General, consistent with Executive Order 12333 or any successor order.

Activities within the definition of "threat to the national security" that are subject to investigation under these Guidelines commonly involve violations (or potential violations) of federal criminal laws. Hence, investigations of such threats may constitute an exercise both of the FBI's criminal investigation authority and of the FBI's authority to investigate threats to the national security. As with criminal investigations generally, detecting and solving the crimes, and eventually arresting and prosecuting the perpetrators, are likely to be among the objectives of investigations relating to threats to the national security. But these investigations also often serve important purposes outside the ambit of normal criminal investigation and prosecution, by providing the basis for, and informing decisions concerning, other measures needed to protect the national security. These measures may include, for example: excluding or removing persons involved in terrorism or espionage from the United States; recruitment of double agents; freezing

assets of organizations that engage in or support terrorism; securing targets of terrorism or espionage; providing threat information and warning to other federal, state, local, and private agencies and entities; diplomatic or military actions; and actions by other intelligence agencies to counter international terrorism or other national security threats.

In line with this broad range of purposes, investigations of threats to the national security present special needs to coordinate with other Justice Department components, including particularly the Justice Department's National Security Division, and to share information and cooperate with other agencies with national security responsibilities, including other agencies of the U.S. Intelligence Community, the Department of Homeland Security, and relevant White House (including National Security Council and Homeland Security Council) agencies and entities. Various provisions in these Guidelines establish procedures and requirements to facilitate such coordination.

**3. Foreign Intelligence**

As with the investigation of threats to the national security, the FBI's authority to collect foreign intelligence derives from a mixture of administrative and statutory sources. See, e.g., E.O. 12333; 50 U.S.C. 401 et seq.; 50 U.S.C. 1801 et seq.; 28 U.S.C. 532 note (incorporating P.L. 108-458 §§ 2001-2003). These Guidelines (Part VII.E) define foreign intelligence to mean "information relating to the capabilities, intentions, or activities of foreign governments or elements thereof, foreign organizations or foreign persons, or international terrorists."

The FBI's foreign intelligence collection activities have been expanded by legislative and administrative reforms subsequent to the September 11, 2001, terrorist attacks, reflecting the FBI's role as the primary collector of foreign intelligence within the United States, and the recognized imperative that the United States' foreign intelligence collection activities become more flexible, more proactive, and more efficient in order to protect the homeland and adequately inform the United States' crucial decisions in its dealings with the rest of the world:

The collection of information is the foundation of everything that the Intelligence Community does. While successful collection cannot ensure a good analytical product, the failure to collect information...turns analysis into guesswork. And as our review demonstrates, the Intelligence Community's human and technical intelligence collection agencies have collected far too little information on many of the issues we care about most. (Report of the Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction 351 (2005).)

These Guidelines accordingly provide standards and procedures for the FBI's foreign intelligence collection activities that meet current needs and realities and optimize the FBI's ability to discharge its foreign intelligence collection functions.

The authority to collect foreign intelligence extends the sphere of the FBI's information gathering activities beyond federal crimes and threats to the national security, and permits the FBI to seek information regarding a broader range of matters relating to foreign powers, organizations,

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

or persons that may be of interest to the conduct of the United States' foreign affairs. The FBI's role is central to the effective collection of foreign intelligence within the United States because the authorized domestic activities of other intelligence agencies are more constrained than those of the FBI under applicable statutes and Executive Order 12333. In collecting foreign intelligence, the FBI will generally be guided by nationally-determined intelligence requirements, including the National Intelligence Priorities Framework and the National HUMINT Collection Directives, or any successor directives issued under the authority of the Director of National Intelligence (DNI). As provided in Part VII.F of these Guidelines, foreign intelligence requirements may also be established by the President or Intelligence Community officials designated by the President, and by the Attorney General, the Deputy Attorney General, or an official designated by the Attorney General.

The general guidance of the FBI's foreign intelligence collection activities by DNI-authorized requirements does not, however, limit the FBI's authority to conduct investigations supportable on the basis of its other authorities -to investigate federal crimes and threats to the national security - in areas in which the information sought also falls under the definition of foreign intelligence. The FBI conducts investigations of federal crimes and threats to the national security based on priorities and strategic objectives set by the Department of Justice and the FBI, independent of DNI-established foreign intelligence collection requirements.

Since the authority to collect foreign intelligence enables the FBI to obtain information pertinent to the United States' conduct of its foreign affairs, even if that information is not related to criminal activity or threats to the national security, the information so gathered may concern lawful activities. The FBI should accordingly operate openly and consensually with U.S. persons to the extent practicable when collecting foreign intelligence that does not concern criminal activities or threats to the national security.

**B. THE FBI AS AN INTELLIGENCE AGENCY**

The FBI is an intelligence agency as well as a law enforcement agency. Its basic functions accordingly extend beyond limited investigations of discrete matters, and include broader analytic and planning functions. The FBI's responsibilities in this area derive from various administrative and statutory sources. See, e.g., E.O. 12333; 28 U.S.C. 532 note (incorporating P.L. 108-458 §§ 2001-2003) and 534 note (incorporating P.L. 109-162 § 1107). Enhancement of the FBI's intelligence analysis capabilities and functions has consistently been recognized as a key priority in the legislative and administrative reform efforts following the September 11, 2001, terrorist attacks:

[Counterterrorism] strategy should . . . encompass specific efforts to . . . enhance the depth and quality of domestic intelligence collection and analysis . . . [T]he FBI should strengthen and improve its domestic [intelligence] capability as fully and expeditiously as possible by immediately instituting measures to . . . significantly improve strategic analytical capabilities...(Joint Inquiry into Intelligence Community Activities Before and After the Terrorist Attacks of September 11, 2001, S. Rep. No. 351 & H.R. Rep. No. 792, 107th Cong., 2d Sess. 4-7 (2002) (errata print).)

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

A "smart" government would *integrate* all sources of information to see the enemy as a whole. Integrated all-source analysis should also inform and shape strategies to collect more intelligence. . . . The importance of integrated, all-source analysis cannot be overstated. Without it, it is not possible to "connect the dots." (Final Report of the National Commission on Terrorist Attacks Upon the United States 401, 408 (2004).)

Part IV of these Guidelines accordingly authorizes the FBI to engage in intelligence analysis and planning, drawing on all lawful sources of information. The functions authorized under that Part include: (i) development of overviews and analyses concerning threats to and vulnerabilities of the United States and its interests, (ii) research and analysis to produce reports and assessments concerning matters relevant to investigative activities or other authorized FBI activities, and (iii) the operation of intelligence systems that facilitate and support investigations through the compilation and analysis of data and information on an ongoing basis.

**C. OVERSIGHT**

The activities authorized by these Guidelines must be conducted in a manner consistent with all applicable laws, regulations, and policies, including those protecting privacy and civil liberties. The Justice Department's National Security Division and the FBI's Inspection Division, Office of General Counsel, and Office of Integrity and Compliance, along with other components, share the responsibility to ensure that the Department meets these goals with respect to national security and foreign intelligence matters. In particular, the National Security Division's Oversight Section, in conjunction with the FBI's Office of General Counsel, is responsible for conducting regular reviews of all aspects of FBI national security and foreign intelligence activities. These reviews conducted at FBI field offices and headquarter units, broadly examine such activities for compliance with these Guidelines and other applicable requirements.

Various features of these Guidelines facilitate the National Security Division's oversight functions. Relevant requirements and provisions include: (i) required notification by the FBI to the National Security Division concerning full investigations that involve foreign intelligence collection or investigation of United States persons in relation to threats of the national security, (ii) annual reports by the FBI to the National Security Division concerning the FBI's foreign intelligence collection program, including information on the scope and nature of foreign intelligence collection activities in each FBI field office, and (iii) access by the National Security Division to information obtained by the FBI through national security or foreign intelligence activities and general authority for the Assistant Attorney General for National Security to obtain reports from the FBI concerning these activities.

Pursuant to these Guidelines, other Attorney General guidelines, and institutional assignments of responsibility within the Justice Department, additional Department components - including the Criminal Division, the United States Attorneys' Offices, and the Office of Privacy and Civil Liberties - are involved in the common endeavor with the FBI of ensuring that the activities of all Department components are lawful, appropriate, and ethical as well as effective. Examples include the involvement of both FBI and prosecutorial personnel in the

review of undercover operations involving sensitive circumstances, notice requirements for investigations involving sensitive investigative matters (as defined in Part VII.N of these Guidelines), and notice and oversight provisions for enterprise investigations, which may involve a broad examination of groups implicated in the gravest criminal and national security threats. These requirements and procedures help to ensure that the rule of law is respected in the Department's activities and that public confidence is maintained in these activities.

These Guidelines apply to investigative activities conducted by the FBI within the United States or outside the territories of all countries. They do not apply to investigative activities of the FBI in foreign countries, which are governed by the Attorney General's Guidelines for Extraterritorial FBI Operations.

**B. GENERAL AUTHORITIES**

1. The FBI is authorized to conduct investigations to detect, obtain information about, and prevent and protect against federal crimes and threats to the national security and to collect foreign intelligence, as provided in Part II of these Guidelines.
2. The FBI is authorized to provide investigative assistance to other federal agencies, state, local, or tribal agencies, and foreign agencies as provided in Part II of these Guidelines.
3. The FBI is authorized to conduct intelligence analysis and planning as provided in Part VI of these Guidelines.
4. The FBI is authorized to retain and share information obtained pursuant to these Guidelines as provided in Part VI of these Guidelines.

**C. USE OF AUTHORITIES AND METHODS**

**1. Protection of the United States and Its People**

The FBI shall fully utilize the authorities provided and the methods authorized by these Guidelines to protect the United States and its people from crimes in violation of federal law and threats to the national security, and to further the foreign intelligence objectives of the United States.

**2. Choice of Methods**

- a. The conduct of investigations and other activities authorized by these Guidelines may present choices between the use of different investigative methods that are each operationally sound and effective, but that are more or less intrusive, considering such factors as the effect on the privacy and civil liberties of individuals and potential damage to reputation. The least intrusive method feasible is to be used in such situations. It is recognized, however, that the choice of methods is a matter of judgment. The FBI shall not hesitate to use any lawful method consistent with these Guidelines, even if intrusive, where the degree of intrusiveness is warranted in light of

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

the seriousness of a criminal or national security threat or the strength of the information indicating its existence, or in light of the importance of foreign intelligence sought to the United States' interests. This point is to be particularly observed in investigations relating to terrorism.

- b. United States persons shall be dealt with openly and consensually to the extent practicable when collecting foreign intelligence that does not concern criminal activities or threats to the national security.

**3. Respect for Legal Rights**

All activities under these Guidelines must have a valid purpose consistent with these Guidelines, and must be carried out in conformity with the Constitution and all applicable statutes, executive orders, Department of Justice regulations and policies, and Attorney General guidelines. These Guidelines do not authorize investigating or collecting or maintaining information on United States persons solely for the purpose of monitoring activities protected by the First Amendment or the lawful exercise of other rights secured by the Constitution or laws of the United States. These Guidelines also do not authorize any conduct prohibited by the Guidance Regarding the Use of Race by Federal Law Enforcement Agencies.

**4. Undisclosed Participation in Organizations**

Undisclosed participation in organizations in activities under these Guidelines shall be conducted in accordance with FBI policy approved by the Attorney General.

**5. Maintenance of Records under the Privacy Act**

The Privacy Act restricts the maintenance of records relating to certain activities of individuals who are United States persons, with exceptions for circumstances in which the collection of such information is pertinent to and within the scope of an authorized law enforcement activity or is otherwise authorized by statute. 5 U.S.C. 552a(c)(7). Activities authorized by these Guidelines are authorized law enforcement activities or activities for which there is otherwise statutory authority for purposes of the Privacy Act. These Guidelines, however, do not provide an exhaustive enumeration of authorized FBI law enforcement activities or FBI activities for which there is otherwise statutory authority, and no restriction is implied with respect to such activities carried out by the FBI pursuant to other authorities. Further questions about the application of the Privacy Act to authorized activities of the FBI should be addressed to the FBI Office of the General Counsel, the FBI Privacy and Civil Liberties Unit, or the Department of Justice Office of Privacy and Civil Liberties.

**D. NATURE AND APPLICATION OF THE GUIDELINES**

**1. Repealers**

These Guidelines supersede the following guidelines, which are hereby repealed:

- a. The Attorney General's Guidelines on General Crimes, Racketeering Enterprise and Terrorism Enterprise Investigations (May 30, 2002) and all predecessor guidelines thereto.
- b. The Attorney General's Guidelines for FBI National Security Investigations and Foreign Intelligence Collection (October 31, 2003) and all predecessor guidelines thereto.
- c. The Attorney General's Supplemental Guidelines for Collection, Retention, and Dissemination of Foreign Intelligence (November 29, 2006).

**2. Status as Internal Guidance**

These Guidelines are set forth solely for the purpose of internal Department of Justice guidance. They are not intended to, do not, and may not be relied upon to create any rights, substantive or procedural; enforceable by law by any party in any matter, civil or criminal, nor do they place any limitation on otherwise lawful investigative and litigative prerogatives of the Department of Justice.

**3. Departures from the Guidelines**

Departures from these Guidelines must be approved by the Director of the FBI, by the Deputy Director of the FBI, or by an Executive Assistant Director designated by the Director. If a departure is necessary without such prior approval because of the immediacy or gravity of a threat to the safety of persons or property or to the national security, the Director, the Deputy Director, or a designated Executive Assistant Director shall be notified as soon thereafter as practicable. The FBI shall provide timely written notice of departures from these Guidelines to the Criminal Division and the National Security Division, and those divisions shall notify the Attorney General and the Deputy Attorney

**II. INVESTIGATIONS AND INTELLIGENCE GATHERING**

This Part of the Guidelines authorizes the FBI to conduct investigations to detect, obtain information about, and prevent and protect against federal crimes and threats to the national security and to collect foreign intelligence.

When an authorized purpose exists, the focus of activities authorized by this Part may be whatever the circumstances warrant. The subject of such an activity may be, for example, a particular crime or threatened crime; conduct constituting a threat to the national security; an individual, group, or organization that may be involved in criminal or national security- threatening conduct; or a topical matter of foreign intelligence interest.

Investigations may also be undertaken for protective purposes in relation to individuals, groups, or other entities that may be targeted for criminal victimization or acquisition, or for terrorist attack or other depredations by the enemies of the United States. For example, the participation of the FBI in special events management, in relation to public events or other activities whose character may make them attractive targets for terrorist attack is an authorized exercise of the authorities conveyed by these Guidelines. Likewise, FBI counterintelligence activities directed to identifying and securing facilities, personnel, or information that may be targeted for infiltration, recruitment, or acquisition by foreign intelligence services are authorized exercises of the authorities conveyed by these Guidelines.

The identification and recruitment of human sources -who may be able to provide or obtain information relating to criminal activities, information relating to terrorism, espionage, or other threats to the national security, or information relating to matters of foreign intelligence interest - is also critical to the effectiveness of the FBI's law enforcement, national security, and intelligence programs, and activities undertaken for this purpose are authorized and encouraged.

The scope of authorized activities under this Part is not limited to "investigation" in a narrow sense, such as solving particular cases or obtaining evidence for use in particular criminal prosecutions. Rather, these activities also provide critical information needed for broader analytic and intelligence purposes to facilitate the solution and prevention of crime, protect the national security, and further foreign intelligence objectives. These purposes include use of the information in intelligence analysis and planning under Part IV, and dissemination of the information to other law enforcement, Intelligence Community, and White House agencies under Part VI. Information obtained at all stages of investigative activity is accordingly to be retained and disseminated for these purposes as provided in these Guidelines, or in FBI policy consistent with these Guidelines, regardless of whether it furthers investigative objectives in a narrower or more immediate sense.

In the course of activities under these Guidelines, the FBI may incidentally obtain information relating to matters outside of its areas of primary investigative responsibility. For example, information relating to violations of state or local law or foreign law may be incidentally obtained in the course of investigating federal crimes or threats to the national security or in collecting foreign intelligence. These Guidelines do not bar the acquisition of such information in

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

the course of authorized investigative activities, the retention of such information, or its dissemination as appropriate to the responsible authorities in other agencies or jurisdictions. Part VI of these Guidelines includes specific authorizations and requirements for sharing such information with relevant agencies and officials.

This Part authorizes different levels of information gathering activity, which afford the FBI flexibility, under appropriate standards and procedures, to adapt the methods utilized and the information sought to the nature of the matter under investigation and the character of the information supporting the need for investigation.

Assessments, authorized by Subpart A of this Part, require an authorized purpose but not any particular factual predication. For example, to carry out its central mission of preventing the commission of terrorist acts against the United States and its people, the FBI must proactively draw on available sources of information to identify terrorist threats and activities. It cannot be content to wait for leads to come in through the actions of others, but rather must be vigilant in detecting terrorist activities to the full extent permitted by law, with an eye towards early intervention and prevention of acts of terrorism before they occur. Likewise, in the exercise of its protective functions, the FBI is not constrained to wait until information is received indicating that a particular event, activity, or facility has drawn the attention of those who would threaten the national security. Rather, the FBI must take the initiative to secure and protect activities and entities whose character may make them attractive targets for terrorism or espionage. The proactive investigative authority conveyed in assessments is designed for, and may be utilized by, the FBI in the discharge of these responsibilities. For example, assessments may be conducted as part of the FBI's special events management activities.

More broadly, detecting and interrupting criminal activities at their early stages, and preventing crimes from occurring in the first place, is preferable to allowing criminal plots and activities to come to fruition. Hence, assessments may be undertaken proactively with such objectives as detecting criminal activities; obtaining information on individuals, groups, or organizations of possible investigative interest, either because they may be involved in criminal or national security-threatening activities or because they may be targeted for attack or victimization by such activities; and identifying and assessing individuals who may have value as human sources. For example, assessment activities may involve proactively surfing the Internet to find publicly accessible websites and services through which recruitment by terrorist organizations and promotion of terrorist crimes is openly taking place; through which child pornography is advertised and traded; through which efforts are made by sexual predators to lure children for the purpose of sexual abuse; or through which fraudulent schemes are perpetrated against the public.

The methods authorized in assessments are generally those of relatively low intrusiveness, such as obtaining publicly available information, checking government records, and requesting information from members of the public. These Guidelines do not impose supervisory approval requirements in assessments, given the types of techniques that are authorized at this stage (e.g., perusing the Internet for publicly available information). However, FBI policy will prescribe supervisory approval requirements for certain assessments, considering such matters as the purpose of the assessment and the methods being utilized.

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

Beyond the proactive information gathering functions described above, assessments may be used when allegations or other information concerning crimes or threats to the national security is received or obtained, and the matter can be checked out or resolved through the relatively non-intrusive methods authorized in assessments. The checking of investigative leads in this manner can avoid the need to proceed to more formal levels of investigative activity, if the results of an assessment indicate that further investigation is not warranted.

Subpart B of this Part authorizes a second level of investigative activity, predicated investigations. The purposes or objectives of predicated investigations are essentially the same as those of assessments, but predication as provided in these Guidelines is needed - generally, allegations, reports, facts or circumstances indicative of possible criminal or national security-threatening activity, or the potential for acquiring information responsive to foreign intelligence requirements - and supervisory approval must be obtained, to initiate predicated investigations. Corresponding to the stronger predication and approval requirements, all lawful methods may be used in predicated investigations. A classified directive provides further specification concerning circumstances supporting certain predicated investigations.

Predicated investigations that concern federal crimes or threats to the national security are subdivided into preliminary investigations and full investigations. Preliminary investigations may be initiated on the basis of any allegation or information indicative of possible criminal or national security-threatening activity, but more substantial factual predication is required for full investigations. While time limits are set for the completion of preliminary investigations, full investigations may be pursued without preset limits on their duration.

The final investigative category under this Part of the Guidelines is enterprise investigations, authorized by Subpart C, which permit a general examination of the structure, scope, and nature of certain groups and organizations. Enterprise investigations are a type of full investigations. Hence, they are subject to the purpose, approval, and predication requirements that apply to full investigations, and all lawful methods may be used in carrying them out. The distinctive characteristic of enterprise investigations is that they concern groups or organizations that may be involved in the most serious criminal or national security threats to the public - generally, patterns of racketeering activity, terrorism or other threats to the national security, or the commission of offenses characteristically involved in terrorism as described in 18 U.S.C. 2332b(g)(5)(B). A broad examination of the characteristics of groups satisfying these criteria is authorized in enterprise investigations, including any relationship of the group to a foreign power, its size and composition, its geographic dimensions and finances, its past acts and goals, and its capacity for harm.

- a. a pattern of racketeering activity as defined in 18 U.S.C. 1961(5);

**III. ASSISTANCE TO OTHER AGENCIES**

The FBI is authorized to provide investigative assistance to other federal, state, local, or tribal, or foreign agencies as provided in this Part.

The investigative assistance authorized by this Part is often concerned with the same objectives as those identified in Part II of these Guidelines -investigating federal crimes and threats to the national security, and collecting foreign intelligence. In some cases, however, investigative assistance to other agencies is legally authorized for purposes other than those identified in Part II, such as assistance in certain contexts to state or local agencies in the investigation of crimes under state or local law, see 28 U.S.C. 540, 540A, 540B, and assistance to foreign agencies in the investigation of foreign law violations pursuant to international agreements. Investigative assistance for such legally authorized purposes is permitted under this Part, even if it is not for purposes identified as grounds for investigation under Part II.

The authorities provided by this Part are cumulative to Part II and do not limit the FBI's investigative activities under Part II. For example, Subpart B.2 in this Part authorizes investigative activities by the FBI in certain circumstances to inform decisions by the President concerning the deployment of troops to deal with civil disorders, and Subpart B.3 authorizes investigative activities to facilitate demonstrations and related public health and safety measures. The requirements and limitations in these provisions for conducting investigations for the specified purposes do not limit the FBI's authority under Part II to investigate federal crimes or threats to the national security that occur in the context of or in connection with civil disorders or demonstrations.

**A. THE INTELLIGENCE COMMUNITY**

The FBI may provide investigative assistance (including operational support) to authorized intelligence activities of other Intelligence Community agencies.

**B. FEDERAL AGENCIES GENERALLY**

**1. In General**

The FBI may provide assistance to any federal agency in the investigation of federal crimes or threats to the national security or in the collection of foreign intelligence, and investigative assistance to any federal agency for any other purpose that may be legally authorized, including investigative assistance to the Secret Service in support of its protective responsibilities.

**2. The President in Relation to Civil Disorders**

- a. At the direction of the Attorney General, the Deputy Attorney General, or the Assistant Attorney General for the Criminal Division, the FBI shall

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

collect information relating to actual or threatened civil disorders to assist the President in determining (pursuant to the authority of the President under 10 U.S.C. 331-33) whether use of the armed forces or militia is required and how a decision to commit troops should be implemented. The information sought shall concern such matters as:

- i. The size of the actual or threatened disorder, both in number of people involved or affected and in geographic area.
  - ii. The potential for violence.
  - iii. The potential for expansion of the disorder in light of community conditions and underlying causes of the disorder.
  - iv. The relationship of the actual or threatened disorder to the enforcement of federal law or court orders and the likelihood that state or local authorities will assist in enforcing those laws or orders.
  - v. The extent of state or local resources available to handle the disorder.
- b. Investigations under this paragraph will be authorized only for a period of 30 days, but the authorization may be renewed for subsequent 30 day periods.
  - c. Notwithstanding Subpart E.2 of this Part, the methods that may be used in an investigation under this paragraph are those described in subparagraphs a.-d., subparagraph f. (other than pretext interviews or requests), or subparagraph g. of Part II.A.4 of these Guidelines. The Attorney General, the Deputy Attorney General, or the Assistant Attorney General for the Criminal Division may also authorize the use of other methods described in Part II.A.4.

**3. Public Health and Safety Authorities in Relation to Demonstrations**

- a. At the direction of the Attorney General, the Deputy Attorney General, or the Assistant Attorney General for the Criminal Division, the FBI shall collect information relating to demonstration activities that are likely to require the federal government to take action to facilitate the activities and provide public health and safety measures with respect to those activities. The information sought in such an investigation shall be that needed to facilitate an adequate federal response to ensure public health and safety and to protect the exercise of First Amendment rights, such as:
  - i. The time, place, and type of activities planned.
  - ii. The number of persons expected to participate.

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

- iii. The expected means and routes of travel for participants and expected time of arrival.
- iv. Any plans for lodging or housing of participants in connection with the demonstration.
- b. Notwithstanding Subpart E.2 of this Part, the methods that may be used in an investigation under this paragraph are those described in subparagraphs a.-d., subparagraph f. (other than pretext interviews or requests), or subparagraph g. of Part II.A.4 of these Guidelines. The Attorney General, the Deputy Attorney General, or the Assistant Attorney General for the Criminal Division may also authorize the use of other methods described in Part II.A.4.

**C. STATE, LOCAL, OR TRIBAL AGENCIES**

The FBI may provide investigative assistance to state, local, or tribal agencies in the investigation of matters that may involve federal crimes or threats to the national security or for such other purposes as may be legally authorized.

**D. FOREIGN AGENCIES**

- 1. At the request of foreign law enforcement, intelligence, or security agencies, the FBI may conduct investigations or provide assistance to investigations by such agencies, consistent with the interests of the United States (including national security interests) and with due consideration of the effect on any United States person. Investigations or assistance under this paragraph must be approved as provided by FBI policy. The FBI shall notify the National Security Division concerning investigation or assistance under this paragraph where: (i) FBI Headquarters approval for the activity is required pursuant to the approval policy adopted by the FBI for purposes of this paragraph, and (ii) the activity relates to a threat to the national security. Notification to the National Security Division shall be made as soon as practicable but no later than 30 days after the approval. Provisions regarding notification to or coordination with the Central Intelligence Agency by the FBI in memoranda of understanding or agreements with the Central Intelligence Agency may also apply to activities under this paragraph.
- 2. The FBI may not provide assistance to foreign law enforcement, intelligence, or security officers conducting investigations within the United States unless such officers have provided prior notification to the Attorney General as required by 18 U.S.C. 951

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~

3. The FBI may conduct background inquiries concerning consenting individuals when requested by foreign government agencies.
4. The FBI may provide other material and technical assistance to foreign governments to the extent not otherwise prohibited by law.

**E. APPLICABLE STANDARDS AND PROCEDURES**

1. Authorized investigative assistance by the FBI to other agencies under this Part includes joint operations and activities with such agencies.
2. All lawful methods may be used in investigative assistance activities under this Part.
3. Where the methods used in investigative assistance activities under this Part go beyond the methods authorized in assessments under Part II.A.4 of these Guidelines, the following apply:
  - a. Supervisory approval must be obtained for the activity at a level or levels specified in FBI policy.
  - b. Notice must be provided concerning sensitive investigative matters in the manner described in Part II.B.5.
  - c. A database or records system must be maintained that permits, with respect to each such activity, the prompt retrieval of the status of the activity (open or closed), the dates of opening and closing, and the basis for the activity. This database or records system may be combined with the database or records system for predicated investigations required by Part VI.A.2.

**IV. INTELLIGENCE ANALYSIS AND PLANNING**

The FBI is authorized to engage in analysis and planning. The FBI's analytic activities enable the FBI to identify and understand trends, causes, and potential indicia of criminal activity and other threats to the United States that would not be apparent from the investigation of discrete matters alone. By means of intelligence analysis and strategic planning, the FBI can more effectively discover crimes, threats to the national security, and other matters of national intelligence interest and can provide the critical support needed for the effective discharge of its investigative responsibilities and other authorized activities. For example, analysis of threats in the context of special events management, concerning public events or activities that may be targeted for terrorist attack, is an authorized activity under this Part.

In carrying out its intelligence functions under this Part, the FBI is authorized to draw on all lawful sources of information, including but not limited to the results of investigative activities under these Guidelines. Investigative activities under these Guidelines and other legally authorized activities through which the FBI acquires information, data, or intelligence may properly be utilized, structured, and prioritized so as to support and effectuate the FBI's intelligence mission. The remainder of this Part provides further specification concerning activities and functions authorized as part of that mission.

**A. STRATEGIC INTELLIGENCE ANALYSIS**

The FBI is authorized to develop overviews and analyses of threats to and vulnerabilities of the United States and its interests in areas related to the FBI's responsibilities, including domestic and international criminal threats and activities; domestic and international activities, circumstances, and developments affecting the national security; and matters relevant to the conduct of the United States' foreign affairs. The overviews and analyses prepared under this Subpart may encompass present, emergent, and potential threats and vulnerabilities, their contexts and causes, and identification and analysis of means of responding to them.

**B. REPORTS AND ASSESSMENTS GENERALLY**

The FBI is authorized to conduct research, analyze information, and prepare reports and assessments concerning matters relevant to authorized FBI activities, such as reports and assessments concerning: types of criminals or criminal activities; organized crime groups; terrorism, espionage, or other threats to the national security; foreign intelligence matters; or the scope and nature of criminal activity in particular geographic areas or sectors of the economy.

**C. INTELLIGENCE SYSTEMS**

The FBI is authorized to operate intelligence, identification, tracking, and information systems in support of authorized investigative activities, or for such other or additional purposes as may be legally authorized, such as intelligence and tracking systems relating to terrorists, gangs, or organized crime groups.

**V. AUTHORIZED METHODS**

**A. PARTICULAR METHODS**

All lawful investigative methods may be used in activities under these Guidelines as authorized by these Guidelines. Authorized methods include, but are not limited to, those identified in the following list. The methods identified in the list are in some instances subject to special restrictions or review or approval requirements as noted:

1. The methods described in Part II.A.4 of these Guidelines.
2. Mail covers.
3. Physical searches of personal or real property where a warrant or court order is not legally required because there is no reasonable expectation of privacy (e.g., trash covers).
4. Consensual monitoring of communications, including consensual computer monitoring, subject to legal review by the Chief Division Counsel or the FBI Office of the General Counsel. Where a sensitive monitoring circumstance is involved, the monitoring must be approved by the Criminal Division or, if the investigation concerns a threat to the national security or foreign intelligence, by the National Security Division.
5. Use of closed-circuit television, direction finders, and other monitoring devices, subject to legal review by the Chief Division Counsel or the FBI Office of the General Counsel. (The methods described in this paragraph usually do not require court orders or warrants unless they involve physical trespass or non-consensual monitoring of communications, but legal review is necessary to ensure compliance with all applicable legal requirements.)
6. Polygraph examinations.
7. Undercover operations. In investigations relating to activities in violation of federal criminal law that do not concern threats to the national security or foreign intelligence, undercover operations must be carried out in conformity with the Attorney General's Guidelines on Federal Bureau of Investigation Undercover Operations. In investigations that are not subject to the preceding sentence because they concern threats to the national security or foreign intelligence, undercover operations involving religious or political organizations must be reviewed and approved by FBI Headquarters, with participation by the National Security Division in the review process.
8. Compulsory process as authorized by law, including grand jury subpoenas and other subpoenas, National Security Letters (15 U.S.C. 1681u, 1681v; 18 U.S.C. 2709; 12

U.S.C. 3414(a)(5)(A); 50 U.S.C. 436), and Foreign Intelligence Surveillance Act orders for the production of tangible things (50 U.S.C. 1861-63).

9. Accessing stored wire and electronic communications and transactional records in conformity with chapter 121 of title 18, United States Code (18 U.S.C. 2701- 2712).
10. Use of pen registers and trap and trace devices in conformity with chapter 206 of title 18, United States Code (18 U.S.C. 3121-3127), or the Foreign Intelligence Surveillance Act (50 U.S.C. 1841-1846).
11. Electronic surveillance in conformity with chapter 119 of title 18, United States Code (18 U.S.C. 2510-2522), the Foreign Intelligence Surveillance Act, or Executive Order 12333 § 2.5.
12. Physical searches, including mail openings, in conformity with Rule 41 of the Federal Rules of Criminal Procedure, the Foreign Intelligence Surveillance Act, or Executive Order 12333 § 2.5. A classified directive provides additional limitation on certain searches.
13. Acquisition of foreign intelligence information in conformity with title VII of the Foreign Intelligence Surveillance Act.

**B. SPECIAL REQUIREMENTS**

Beyond the limitations noted in the list above relating to particular investigative methods, the following requirements are to be observed:

**1. Contacts with Represented Persons**

Contact with represented persons may implicate legal restrictions and affect the admissibility of resulting evidence. Hence, if an individual is known to be represented by counsel in a particular matter, the FBI will follow applicable law and Department procedure concerning contact with represented individuals in the absence of prior notice to counsel. The Special Agent in Charge and the United States Attorney or their designees shall consult periodically on applicable law and Department procedure. Where issues arise concerning the consistency of contacts with represented persons with applicable attorney conduct rules, the United States Attorney's Office should consult with the Professional Responsibility Advisory Office.

**2. Use of Classified Investigative Technologies**

Inappropriate use of classified investigative technologies may risk the compromise of such technologies. Hence, in an investigation relating to activities in violation of federal criminal law that does not concern a threat to the national

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

security or foreign intelligence, the use of such technologies must be in conformity with the Procedures for the Use of Classified Investigative technologies in Criminal Cases.

**C. OTHERWISE ILLEGAL ACTIVITY**

1. Otherwise illegal activity by an FBI agent or employee in an undercover operation relating to activity in violation of federal criminal law that does not concern a threat to the national security or foreign intelligence must be approved in conformity with the Attorney General's Guidelines on Federal Bureau of Investigation Undercover Operations. Approval of otherwise illegal activity in conformity with those guidelines is sufficient and satisfies any approval requirement that would otherwise apply under these Guidelines.
2. Otherwise illegal activity by a human source must be approved in conformity with the Attorney General's Guidelines Regarding the Use of FBI Confidential Human Sources.
3. Otherwise illegal activity by an FBI agent or employee that is not within the scope of paragraph 1. must be approved by a United States Attorney's Office or a Department of Justice Division, except that (i) an FBI agent or employee may engage in the consensual monitoring of communications in accordance with FBI policy, even if a crime under state, local, territorial, or tribal law, and (ii) a Special Agent in Charge may authorize the following<sup>2</sup>:
  - a. otherwise illegal activity that would not be a felony under federal, state, local, territorial, or tribal law;
  - b. the controlled<sup>3</sup> purchase, receipt, delivery, or sale of drugs, firearms, stolen property, contraband, or other items that are subject to legal or regulatory restrictions on transfer, such as prescription medication or medical devices;
  - c. the delivery or sale of stolen property whose ownership cannot be determined, provided that the property does not pose a significant risk of death or serious injury to any person;
  - d. the payment of bribes or kickbacks;
  - e. the making of false representations in concealment of personal identity or

- f. conducting money laundering transactions (including acting as an unlicensed money transmitter or using other methods to conduct the transactions) involving an aggregate amount not exceeding \$1 million;
- g. the advertising or soliciting of unlawful goods or services; and
- h. gambling activities.

However, a Special Agent in Charge may not authorize an activity that may constitute a violation of export control laws, economic sanctions, or laws that concern the proliferation of weapons of mass destruction. In an investigation relating to a threat to the national security or foreign intelligence collection, a Special Agent in Charge may authorize an activity that may otherwise violate prohibitions of material support to terrorism only in accordance with standards established by the Director of the FBI and agreed to by the Assistant Attorney General for National Security.

4. The following activities may not be authorized:

- a. Acts of violence.
- b. Activities whose authorization is prohibited by law, including unlawful investigative methods, such as illegal electronic surveillance or illegal searches.

Subparagraph a., however, does not limit the right of FBI agents or employees to engage in any lawful use of force, including the use of force in self-defense or defense of others or otherwise in the lawful discharge of their duties.

5. An agent or employee may engage in otherwise illegal activity that could be authorized under this Subpart without the authorization required by paragraph 3. if necessary to meet an immediate threat to the safety of persons or property or to the national security, or to prevent the compromise of an investigation or the loss of a significant investigative opportunity. In such a case, prior to engaging in the otherwise illegal activity, every effort should be made by the agent or employee to consult with the Special Agent in Charge, and by the Special Agent in Charge to consult with the United States Attorney's Office or appropriate Department of Justice Division where the authorization of that office or division would be required under paragraph 3., unless the circumstances preclude such consultation. Cases in which otherwise illegal activity occurs pursuant to this paragraph without the authorization required by paragraph 3. shall be reported as soon as possible to the Special Agent in Charge, and by the Special Agent in Charge to FBI Headquarters and to the United States Attorney's Office or appropriate Department of Justice

Division.

6. In an investigation relating to a threat to the national security or foreign intelligence collection, the National Security Division is the approving component for otherwise illegal activity for which paragraph 3. requires approval beyond internal FBI approval. However, officials in other components may approve otherwise illegal activity in such investigations as authorized by the Assistant Attorney General for National Security.

**VI. RETENTION AND SHARING OF INFORMATION**

**A. RETENTION OF INFORMATION**

1. The FBI shall retain records relating to activities under these Guidelines in accordance with a records retention plan approved by the National Archives and Records Administration.
2. The FBI shall maintain a database or records system that permits, with respect to each predicated investigation, the prompt retrieval of the status of the investigation (open or closed), the dates of opening and closing, and the basis for the investigation.

**B. INFORMATION SHARING GENERALLY**

**1. Permissive Sharing**

Consistent with law and with any applicable agreements or understandings with other agencies concerning the dissemination of information they have provided, the FBI may disseminate information obtained or produced through activities under these Guidelines:

- a. within the FBI and to other components of the Department of Justice;
- b. to other federal, state, local, or tribal agencies if related to their responsibilities and, in relation to other Intelligence Community agencies, the determination whether the information is related to the recipient's responsibilities may be left to the recipient;
- c. to congressional committees as authorized by the Department of Justice Office of Legislative Affairs;
- d. to foreign agencies if the information is related to their responsibilities and the dissemination is consistent with the interests of the United States (including national security interests) and the FBI has considered the effect such dissemination may reasonably be expected to have on any identifiable United States person;
- e. if the information is publicly available, does not identify United States persons, or is disseminated with the consent of the person whom it concerns;
- f. if the dissemination is necessary to protect the safety or security of persons or property, to protect against or prevent a crime or threat to the national security, or to obtain information for the conduct of an authorized FBI investigation; or

- g. if dissemination of the information is otherwise permitted by the Privacy Act (5 U.S.C. 552a).

**2. Required Sharing**

The FBI shall share and disseminate information as required by statutes, treaties, Executive Orders, Presidential directives, National Security Council directives, Homeland Security Council directives, and Attorney General-approved policies, memoranda of understanding, or agreements.

**C. INFORMATION RELATING TO CRIMINAL MATTERS**

**1. Coordination with Prosecutors**

In an investigation relating to possible criminal activity in violation of federal law, the agent conducting the investigation shall maintain periodic written or oral contact with the appropriate federal prosecutor, as circumstances warrant and as requested by the prosecutor. When, during such an investigation, a matter appears arguably to warrant prosecution, the agent shall present the relevant facts to the appropriate federal prosecutor. Information on investigations that have been closed shall be available on request to a United States Attorney or his or her designee or an appropriate Department of Justice official.

**2. Criminal Matters Outside FBI Jurisdiction**

When credible information is received by an FBI field office concerning serious criminal activity not within the FBI's investigative jurisdiction, the field office shall promptly transmit the information or refer the complainant to a law enforcement agency having jurisdiction, except where disclosure would jeopardize an ongoing investigation, endanger the safety of an individual, disclose the identity of a human source, interfere with a human source's cooperation, or reveal legally privileged information. If full disclosure is not made for the reasons indicated, then, whenever feasible, the FBI field office shall make at least limited disclosure to a law enforcement agency or agencies having jurisdiction, and full disclosure shall be made as soon as the need for restricting disclosure is no longer present. Where full disclosure is not made to the appropriate law enforcement agencies within 180 days, the FBI field office shall promptly notify FBI Headquarters in writing of the facts and circumstances concerning the criminal activity. The FBI shall make periodic reports to the Deputy Attorney General on such nondisclosures and incomplete disclosures, in a form suitable to protect the identity of human sources.

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~

**3. Reporting of Criminal Activity**

- a. When it appears that an FBI agent or employee has engaged in criminal activity in the course of an investigation under these Guidelines, the FBI shall notify the United States Attorney's Office or an appropriate Department of Justice Division. When it appears that a human source has engaged in criminal activity in the course of an investigation under these Guidelines, the FBI shall proceed as provided in the Attorney General's Guidelines Regarding the Use of FBI Confidential Human Sources. When information concerning possible criminal activity by any other person appears in the course of an investigation under these Guidelines, the FBI shall initiate an investigation of the criminal activity if warranted, and shall proceed as provided in paragraph 1. or 2.
- b. The reporting requirements under this paragraph relating to criminal activity by FBI agents or employees or human sources do not apply to otherwise illegal activity that is authorized in conformity with these Guidelines or other Attorney General guidelines or to minor traffic offenses.

**D. INFORMATION RELATING TO NATIONAL SECURITY AND FOREIGN INTELLIGENCE MATTERS**

The general principle reflected in current laws and policies is that there is a responsibility to provide information as consistently and fully as possible to agencies with relevant responsibilities to protect the United States and its people from terrorism and other threats to the national security, except as limited by specific constraints on such sharing. The FBI's responsibilities in this area include carrying out the requirements of the Memorandum of Understanding Between the Intelligence Community, Federal Law Enforcement Agencies, and the Department of Homeland Security Concerning Information Sharing (March 4, 2003), or any successor memorandum of understanding or agreement. Specific requirements also exist for internal coordination and consultation with other Department of Justice components, and for provision of national security and foreign intelligence information to White House agencies, as provided in the ensuing paragraphs.

**1. Department of Justice**

- a. The National Security Division shall have access to all information obtained by the FBI through activities relating to threats to the national security or foreign intelligence. The Director of the FBI and the Assistant Attorney General for National Security shall consult concerning these activities whenever requested by either of them, and the FBI shall provide such reports and information concerning these activities as the Assistant Attorney General for National Security may request. In addition to any reports or information the Assistant Attorney General for National Security may

Domestic Investigations and Operations Guide

specifically request under this subparagraph, the FBI shall provide annual reports to the National Security Division concerning its foreign intelligence collection program, including information concerning the scope and nature of foreign intelligence collection activities in each FBI field office.

- b. The FBI shall keep the National Security Division apprised of all information obtained through activities under these Guidelines that is necessary to the ability of the United States to investigate or protect against threats to the national security, which shall include regular consultations between the FBI and the National Security Division to exchange advice and information relevant to addressing such threats through criminal prosecution or other means.
- c. Subject to subparagraphs d. and e., relevant United States Attorneys' Offices shall have access to and shall receive information from the FBI relating to threats to the national security, and may engage in consultations with the FBI relating to such threats, to the same extent as the National Security Division. The relevant United States Attorneys' Offices shall receive such access and information from the FBI field offices.
- d. In a counterintelligence investigation - i.e., an investigation relating to a matter described in Part VII.S.2 of these Guidelines - the FBI's provision of information to and consultation with a United States Attorney's Office are subject to authorization by the National Security Division. In consultation with the Executive Office for United States Attorneys and the FBI, the National Security Division shall establish policies setting forth circumstances in which the FBI will consult with the National Security Division prior to informing relevant United States Attorneys' Offices about such an investigation. The policies established by the National Security Division under this subparagraph shall (among other things) provide that:
  - i. The National Security Division will, within 30 days, authorize the FBI to share with the United States Attorneys' Offices information relating to certain espionage investigations, as defined by the policies, unless such information is withheld because of substantial national security considerations; and
  - ii. the FBI may consult freely with United States Attorneys' Offices concerning investigations within the scope of this subparagraph during an emergency, so long as the National Security Division is notified of such consultation as soon as practical after the consultation.
- e. Information shared with a United States Attorney's Office pursuant to subparagraph c. or d. shall be disclosed only to the United States Attorney or any Assistant United States Attorneys designated by the United States Attorney as points of contact to receive such information. The United

States Attorneys and designated Assistant United States Attorneys shall have appropriate security clearances and shall receive training in the handling of classified information and information derived from the Foreign Intelligence Surveillance Act, including training concerning the secure handling and storage of such information and training concerning requirements and limitations relating to the use, retention, and dissemination of such information.

- f. The disclosure and sharing of information by the FBI under this paragraph is subject to any limitations required in orders issued by the Foreign Intelligence Surveillance Court, controls imposed by the originators of sensitive material, and restrictions established by the Attorney General or the Deputy Attorney General in particular cases. (U//~~FOUO~~) **Interview a Federal Prisoner:** During an FBI Assessment or Predicated Investigation, it may be necessary and appropriate to interview a federal prisoner in the custody of the BOP or USMS. This policy sets forth the approval process for the interview of a federal prisoner held in the custody of the BOP or the USMS during an FBI Assessment or Predicated Investigation.

### C.2 (U) LEGAL AUTHORITY

(U) The FBI is authorized by the Department of Justice (DOJ) to use and target a federal prisoner for investigative purposes and interview a Federal Prisoner (DOJ Memorandum “Use and Targeting of Federal Prisoners in Investigations,” January 22, 2009).

### C.3 (U) DEFINITIONS

(U) **Federal Prisoner:** For purposes within this section, a federal prisoner is one who is held in the custody of either the BOP or the USMS pursuant to an order of a court in connection with a criminal matter, regardless of where the person is housed.

(U) **Use of a Federal Prisoner:** Use of a federal prisoner means to employ a federal prisoner during an investigation in such a manner that the prisoner will interact with others who are not members of law enforcement (e.g., the prisoner will engage in a consensually monitored telephone call with a target) or the prisoner will be taken out of the custody of BOP or USMS (e.g., the prisoner is removed from the prison to assist the FBI in locating a hide-out) or law enforcement will interact covertly with the prisoner (e.g., an undercover agent engages with the prisoner in the visiting room of the prison).

(U) **Targeting a Federal Prisoner:** “Targeting” a federal prisoner means that the federal prisoner is the target of the investigation and that investigative activity will directly interact with either the prisoner or the federal facility (e.g., as part of a money laundering investigation targeting a prisoner, the FBI wishes to engage in a consensually monitored conversation with the prisoner).

(U) **Interview of a Federal Prisoner:** Interview of a federal prisoner means to interact with a federal prisoner, overtly representing oneself as an FBI employee, in order to gather information.

MEMORANDUM FOR HEADS OF DEPARTMENT COMPONENTS  
ALL UNITED STATES ATTORNEYS

FROM:  THE ATTORNEY GENERAL

SUBJECT: Communications with the White House and Congress

The rule of law depends upon the evenhanded administration of justice. The legal judgments of the Department of Justice must be impartial and insulated from political influence. It is imperative that the Department's investigatory and prosecutorial powers be exercised free from partisan consideration. It is a fundamental duty of every employee of the Department to ensure that these principles are upheld in all of the Department's legal endeavors.

In order to promote the rule of law, therefore, this memorandum sets out guidelines to govern all communications between representatives of the Department, on the one hand, and representatives of the White House and Congress, on the other, and procedures intended to implement those guidelines. (The "White House," for the purposes of this Memorandum, means all components within the Executive Office of the President.) These guidelines have been developed in consultation with, and have the full support of, the Counsel to the President.

1. Pending or Contemplated Criminal or Civil Investigations and Cases

The Assistant Attorneys General, the United States Attorneys, and the heads of the investigative agencies in the Department have the primary responsibility to initiate and supervise investigations and cases. These officials, like their superiors and their subordinates, must be insulated from influences that should not affect decisions in particular criminal or civil cases. As the Supreme Court said long ago with respect to United States Attorneys, so it is true of all those who exercise the Department's investigatory and prosecutorial powers: they are representatives "not of an ordinary party to a controversy, but of a sovereignty whose obligation to govern impartially is as compelling as its obligation to govern at all; and whose interest, therefore, in a criminal prosecution is not that it shall win a case, but that justice shall be done." *Berger v. United States*, 295 U.S. 78, 88 (1935).

a. In order to ensure the President's ability to perform his constitutional obligation to "take care that the laws be faithfully executed," the Justice Department will advise the White House concerning pending or contemplated criminal or civil investigations or cases when—but only when—it is important for the performance of the President's duties and appropriate from a law enforcement perspective.

Subject: Communications with the White House and Congress

Page 2

b. Initial communications between the Department and the White House concerning pending or contemplated criminal investigations or cases will involve only the Attorney General or the Deputy Attorney General, from the side of the Department, and the Counsel to the President, the Principal Deputy Counsel to the President, the President or the Vice President, from the side of the White House. If the communications concern a pending or contemplated civil investigation or case, the Associate Attorney General may also be involved. If continuing contact between the Department and the White House on a particular matter is required, the officials who participated in the initial communication may designate subordinates from each side to carry on such contact. The designating officials must monitor subsequent contacts, and the designated subordinates must keep their superiors regularly informed of any such contacts. Communications about Justice Department personnel in reference to their handling of specific criminal or civil investigations or cases are expressly included within the requirements of this paragraph. This policy does not, however, prevent officials in the communications, public affairs, or press offices of the White House and the Department of Justice from communicating with each other to coordinate efforts.

c. In order to ensure that Congress may carry out its legitimate investigatory and oversight functions, the Department will respond as appropriate to inquiries from Congressional Committees consistent with policies, laws, regulations, or professional ethical obligations that may require confidentiality and consistent with the need to avoid publicity that may undermine a particular investigation or litigation. Outside the context of Congressional hearings or investigations, all inquiries from individual Senators and Members of Congress or their staffs concerning particular contemplated or pending criminal investigations or cases should be directed to the Attorney General or the Deputy Attorney General. In the case of particular civil investigations or cases, inquiries may also be directed to the Associate Attorney General.

d. These procedures are not intended to interfere with the normal communications between the Department and its client departments and agencies (including agencies within the Executive Office of the President when they are the Department's clients) and any meetings or communications necessary to the proper conduct of an investigation or litigation.

2. National Security Matters

It is critically important to have frequent and expeditious communications relating to national security matters, including counter-terrorism and counter-espionage issues. Therefore communications from (or to) the Deputy Counsel to the President for National Security Affairs, the staff of the National Security Council and the staff of the Homeland Security Council that relate to a national security matter are not subject to the limitations set out above. However, this exception for national security matters does not extend to pending adversary cases in litigation that may have national security implications. Communications related to such cases are subject to the guidelines for pending cases described above.

3. White House Requests for Legal Advice

All requests from the White House for formal legal opinions shall come from the President, the Counsel to the President, or one of the Deputy Counsels to the President, and shall be directed to the Attorney General and the Assistant Attorney General for the Office of Legal Counsel. The Assistant Attorney General for the Office of Legal Counsel shall report to the Attorney General and the Deputy Attorney General any communications that, in his or her view, constitute improper attempts to influence the Office of Legal Counsel's legal judgment.

4. Communications Involving the Solicitor General's Office.

Matters in which the Solicitor General's Office is involved often raise questions about which contact with the Office of the Counsel to the President is appropriate. Accordingly, the Attorney General and Deputy Attorney General may establish distinctive arrangements with the Office of the Counsel to govern such contacts.

5. Presidential Pardon Matters

The Office of the Pardon Attorney may communicate directly with the Counsel to the President and the Deputy Counsels to the President, concerning pardon matters. The Counsel to the President and the Deputy Counsels to the President may designate subordinates to carry on contact with the Office of the Pardon Attorney after the initial contact is made.

6. Personnel Decisions Concerning Positions in the Civil Service

All personnel decisions regarding career positions in the Department must be made without regard to the applicant's or occupant's partisan affiliation. Thus, while the Department regularly receives communications from the White House and from Senators, Members of Congress, and their staffs concerning political appointments, such communications regarding positions in the career service are not proper when they concern a job applicant's or a job holder's partisan affiliation. Efforts to influence personnel decisions concerning career positions on partisan grounds should be reported to the Deputy Attorney General.

7. Other Communications Not Relating to Pending Investigations or Criminal or Civil Cases

All communications between the Department and the White House or Congress that are limited to policy, legislation, budgeting, political appointments, public affairs, intergovernmental relations, or administrative matters that do not relate to a particular contemplated or pending investigation or case may be handled directly by the parties concerned. Such communications should take place with the knowledge of the Department's lead contact regarding the subject

under discussion. In the case of communications with Congress, the Office of the Deputy Attorney General and Office of the Assistant Attorney General for Legislative Affairs should be kept informed of all communications concerning legislation and the Office of the Associate Attorney General should be kept informed about important policy communications in its areas of responsibility.

As Attorney General Benjamin Civiletti noted in issuing a similar memorandum during the Carter Administration, these guidelines and procedures are not intended to wall off the Department from legitimate communication. We welcome criticism and advice. What these procedures are intended to do is route communications to the proper officials so they can be adequately reviewed and considered, free from either the reality or the appearance of improper influence.

Decisions to initiate investigations and enforcement actions are frequently discretionary. That discretion must be exercised to the extent humanly possible without regard to partisanship or the social, political, or interest group position of either the individuals involved in the particular cases or those who may seek to intervene against them or on their behalf.

This memorandum supersedes the memorandum issued by Attorney General Mukasey on December 19, 2007, titled *Communications with the White House*.

SUBJECT: Revised FISA Use Policy as Approved by the Attorney General

We are pleased to provide the Department of Justice's revised policy on the use or disclosure of information obtained or derived from collections under the Foreign Intelligence Surveillance Act of 1978 (FISA), as approved by the Attorney General today. Also attached is a form for use with respect to notifications that are required under Section I of the revised policy.

This revised policy includes significant changes from current practice that will streamline the process for using FISA information in certain basic investigative processes, while still ensuring that important intelligence and law enforcement interests are protected.

You will note that the revised policy authorizes the use or disclosure of FISA information, under the specific circumstances described in the policy, with notification to NSD and after consultation with the FBI (or other Intelligence Community agencies) for the following investigative processes:

As described in the revised policy, the Department continues to require prior authorization from the Assistant Attorney General for National Security (AAG/NSD) for the use or disclosure of FISA information in order to file criminal charges or in post-charge criminal proceedings, as well as in connection with certain investigative processes (*e.g.*, criminal search warrants under Rule 41 of the Federal Rules of Criminal Procedure). The revised policy also requires the prior authorization of the AAG/NSD or his designee for the use or disclosure of FISA information in non-criminal proceedings.

The revised policy was drafted by a Justice Department working group that included representatives from the Attorney General's Advisory Committee of United States Attorneys (AGAC), National Security Division (NSD), Federal Bureau of Investigation (FBI), and Office of Legal Policy (OLP). The working group also consulted with the Office of the Director of National Intelligence (ODNI) in the course of the development of this policy.

The revised policy requires that it be reviewed one year from its effective date and requires NSD to issue guidance on what constitutes information "derived from" FISA collections by March 31, 2008.

As noted in the policy, prosecutors are encouraged to contact the National Security Division at any time in order to obtain guidance regarding this policy and to expedite resolution of any issues.

FROM: Michael B. Mukasey   
Attorney General

SUBJECT: Revised Policy on the Use or Disclosure of FISA Information

As a general matter, it is the policy of the Department of Justice to use all lawful processes in the investigation and prosecution of cases involving terrorism, intelligence, and national security, and to undertake all efforts necessary to protect the American people from the threat posed by foreign powers and their agents, while also exercising due regard for the protection of intelligence sources, methods, and collections, and the privacy and civil liberties of United States persons.

There are important purposes to be served by consultation and coordination with respect to the use or disclosure of FISA information<sup>1</sup> in investigations, criminal prosecutions, and other proceedings. First, because FISA information is almost always classified, the use or disclosure of such information will normally require declassification by the originating agency in accordance with the originating agency's policies and procedures. Second, the use of such information could directly or indirectly compromise intelligence sources, methods, or collections, or disclose the existence or nature of or otherwise compromise an investigation. Third, FISA requires the Government to notify the court and an "aggrieved person" of its intent

<sup>1</sup> The term "FISA information," as used in this policy, means any information acquired, obtained, or derived from collection authorized pursuant to FISA. Whether specific information qualifies as "derived from" FISA collection may be a fact-bound question that depends, at least in part, on the attenuation of the information to be used from the original FISA acquired or obtained information and whether the information was also obtained from an independent source, as well as other factors. Where such a question arises, the application of this policy should be discussed among the USAO, FBI, and NSD, and if consensus is not reached, a determination will be made by the Assistant Attorney General for National Security. Separate guidance regarding what constitutes information "derived from" FISA collection will be issued by the National Security Division no later than March 31, 2008.

to use or disclose any FISA information before it is used against such person in a broad range of proceedings. Fourth, the Government is required to ensure that complete and accurate filings are made with the Foreign Intelligence Surveillance Court (FISC), and that the Government complies with all of FISA's statutory requirements. Fifth, it is important to ensure that litigation risks, if any, are properly assessed. Finally, in certain cases, it may be appropriate to make disclosures to a United States District Court regarding classified facts before legal process is obtained.

Given these purposes, it is essential that coordination take place in connection with the use or disclosure of FISA information. Such coordination should be streamlined in order to promote efficient, nimble, and useful investigative activities. The risk of compromising the purposes described above varies depending on the stage of the investigation, criminal prosecution, or other proceeding. As a general matter [REDACTED]

b7E

[REDACTED] federal prosecutors should consider alternative approaches for taking action.

Prosecutors are encouraged to contact the National Security Division at any time in order to obtain guidance regarding this policy and to expedite resolution of any issues.

The following policy is therefore adopted and supersedes any existing Attorney General policies with respect to the use and disclosure of FISA information to the extent that they are inconsistent with this policy:

- (a) the Assistant Attorney General for National Security may act as the Attorney General, as provided for under FISA, *see* 50 U.S.C. § 1801(g), for the purpose of authorizing the use or disclosure of FISA information pursuant to this policy;<sup>2</sup> and
- (b) federal prosecutors and all others who may seek to use or disclose FISA information in any trial, hearing, or other proceeding in or before any court, department, officer, agency, regulatory body, or other authority of the United States, in coordination with NSD and FBI, are authorized to do so pursuant to the terms of this policy, shall coordinate with NSD [REDACTED] and shall comply with the following procedures in matters that involve the use or disclosure of FISA information:<sup>3</sup>

b7E

<sup>2</sup> Such authorization may also be provided by the Attorney General, Acting Attorney General, and the Deputy Attorney General. *See* 50 U.S.C. § 1801(g).

<sup>3</sup> Nothing in this policy is intended to supersede or replace existing policies for prosecutors regarding notification, consultation, and approval for certain investigative and prosecutive steps, including consultation with other districts where related matters may be under investigation. For example, the United States Attorneys' Manual sets forth when a prosecutor must obtain prior approval for various court actions in national security prosecutions. *See, e.g.,* United States Attorneys' Manual (USAM) §§ 9-2.131 ("Matters Assumed by Criminal Division or Higher

DEPARTMENT OF JUSTICE POLICY STATEMENT  
ON THE USE OF LESS-THAN-LETHAL DEVICES

- I. Department of Justice (DOJ) law enforcement officers (officers) are authorized to use less-than-lethal devices only as consistent with this policy statement.
- II. Pursuant to this policy statement, less-than-lethal devices:
  - A. Are synonymous with "less lethal," "non-lethal," "non-leedly," and other terms referring to devices used in situations covered by this policy statement; and
  - B. Include, but are not limited to:
    - 1. Impact Devices (e.g., batons, bean bag projectiles, baton launcher, rubber projectiles, stingballs);
    - 2. Chemical Agents (e.g., tear gas, pepper spray, pepperballs); and
    - 3. Conducted Energy Devices (e.g., electronic immobilization, control, and restraint devices).
- III. DOJ officers are authorized to use less-than-lethal devices only in those situations where reasonable force, based on the totality of the circumstances at the time of the incident, is necessary to effectuate an arrest, obtain lawful compliance from a subject, or protect any person from physical harm. Use of less-than-lethal devices must cease when it is no longer necessary to achieve the law enforcement objective.
- IV. DOJ officers are authorized to use only those less-than-lethal devices authorized by their component and that they are trained to use, absent exigent circumstances.
- V. DOJ officers are not authorized to use less-than-lethal devices if voice commands or physical control achieve the law enforcement objective. DOJ officers are prohibited from using less-than-lethal devices to punish, harass, or abuse any person.
- VI. Less-than-lethal devices are used with a reasonable expectation that death or serious bodily injury will not

result. They are, however, recognized as having the potential to cause death or serious bodily injury, and DOJ officers may use less-than-lethal devices as deadly weapons only when authorized under the DOJ Policy Statement on the Use of Deadly Force.

- VII. DOJ officers must make necessary medical assistance available to subjects of less-than-lethal device use as soon as practicable.
- VIII. DOJ components must establish rules and procedures implementing this policy statement. Each component will ensure that state/local officers participating in joint task force operations are aware of and adhere to the policy and its limits on DOJ officers.
- IX. DOJ components must establish training programs and procedures for using less-than-lethal devices that are consistent with this policy statement and federal law.
- X. DOJ components must individually establish procedures for documenting, reporting, reviewing, and investigating (as warranted), all incidents involving the use of less-than-lethal devices.
- XI. This policy statement is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity, against the United States, its departments, agencies, or other entities, its officers or employees, or any other person.

**POLICY STATEMENT USE OF DEADLY FORCE**  
**Approved by the Attorney General July 1, 2004**

**GENERAL PRINCIPLES**

- I. Law enforcement officers and correctional officers of the Department of Justice may use deadly force only when necessary, that is, when the officer has a reasonable belief that the subject of such force poses an imminent danger of death or serious physical injury to the officer or to another person.
  - A. Deadly force may not be used solely to prevent the escape of a fleeing suspect.
  - B. Firearms may not be fired solely to disable moving vehicles.
  - C. If feasible and if to do so would not increase the danger to the officer or others, a verbal warning to submit to the authority of the officer shall be given prior to the use of deadly force.
  - D. Warning shots are not permitted outside of the prison context.
  - E. Officers will be trained in alternative methods and tactics for handling resisting subjects, which must be used when the use of deadly force is not authorized by this policy.

**CUSTODIAL SITUATIONS**

- II. Unless force other than deadly force appears to be sufficient, deadly force may be used to prevent the escape of a prisoner committed to the custody of the Attorney General or the Bureau of Prisons
  - A. if the prisoner is effecting his or her escape in a manner that poses an imminent danger to the safety of the officer or another person; or
  - B. if the prisoner is escaping from a secure facility or is escaping while in transit to or from a secure facility.
- III. If the subject is in a non-secure facility, deadly force may be used only when the subject poses an imminent danger of death or serious physical injury to the officer or another person.
- IV. If the subject is in transit to or from a non-secure facility and is not accompanied by a person who is in transit to or from a secure facility, deadly force may be used only when the subject poses an imminent danger of death or serious physical injury to the officer or to another person.

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

- V. After an escape from a facility or vehicle and its immediate environs has been effected, officers attempting to apprehend the escaped prisoner may use deadly force only when the escaped prisoner poses an imminent danger of death or serious physical injury to the officer or another person.
- VI. Deadly force may be used to maintain or restore control of a prison or correctional facility when the officer reasonably believes that the intended subject of the deadly force is participating in a disturbance in a manner that threatens the safety of the officer or another person.
- VII. In the prison context, warning shots may be fired within or in the immediate environs of a secure facility if there is no apparent danger to innocent persons: (A) If reasonably necessary to deter or prevent the subject from escaping from a secure facility; or (B) if reasonably necessary to deter or prevent the subject's use of deadly force or force likely to cause serious physical injury.

APPLICATION OF THE POLICY

- VIII. This policy is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or equity, against the United States, its departments, agencies, or other entities, its officer or employees, or any other person.

**Reference:** 66F-HQ-1312253 Serial 8

**Enclosure(s):** One copy of an instructional outline and one copy of use of force scenarios provided to all recipients for training purposes.

**Details:** As discussed in the referenced EC, dated 7/7/2004, on July 1, 2004, the Attorney General approved a revised Policy Statement on the use of Deadly Force. In order to assist Field Offices in providing training and guidance on the practical application of the Deadly Force Policy in light of the revised language, the Legal Instruction Unit (LIU), Office of the General Counsel, revised training materials used with the prior Policy Statement to reflect the changes approved by the Attorney General.

Re: 66F-HQ-1312253, 07/29/2004

The training materials consist of an Instructional Outline and a set of 13 factual scenarios with a discussion of the use of force within the scenario and whether its use violates the policy. This material is similar to what was used for instructional purposes since 12/1/1995. The revised material reflects what was noted in the EC, that the revised policy does not expand or contract the current justification for the use of deadly force. Nonetheless, revisions to the training materials were necessary in order to describe the application of deadly force consistent with the new more succinct policy statement.

The revisions to the training materials primarily relate to the elimination of the "safe alternative" language as a function of the "necessity" for use of deadly force and elimination of language addressing [REDACTED]

<sup>1</sup>Department of Justice Policy Statement Use of Deadly Force (07/01/2004) in pertinent part (Language relating to Custodial Situations has been intentionally omitted pursuant to FBI policy. See, 66F-HQ-1312253, BC from the Director's Office to All Divisions, titled "REVISIONS TO THE DEPARTMENT OF JUSTICE DEADLY FORCE POLICY", dated 07/07/2004).

<sup>2</sup>Not included in the above description is the policy relating to the use of deadly force to prevent the escape of a prisoner committed to the custody of the Attorney General or the Bureau of Prisons. Because Agents will seldom find themselves in a position to apply the custodial aspect of the policy, the FBI will adhere to the policy decision set forth in the Airtel from the Director to All Field Offices, titled "Deadly Force Policy Matters," dated 1/5/95, which states "A policy decision has been made that except in cases of prison unrest which would principally involve HRT and/or SWAT, FBI Agents should adhere to the policy and training principles governing the use of deadly force in non-custodial situations.

INSTRUCTIONAL OUTLINE

I. INTRODUCTION

The following general principles shall guide the interpretation and application of this policy:

- A. This policy shall not be construed to require Agents to assume unreasonable risks to themselves.
- B. The reasonableness of an Agent's decision to use deadly force must be viewed from the perspective of the Agent on the scene without the benefit of 20/20 hindsight.
- C. Allowance must be made for the fact that Agents are often forced to make split-second decisions in circumstances that are tense, uncertain, and rapidly evolving.

II. DEFINITIONS

- A. "DEADLY FORCE": Is force that is reasonably likely to cause death or serious physical injury.
- B. "REASONABLE BELIEF": Is synonymous with "Probable Cause". It is determined by a totality of the facts and circumstances known to Agents at the time, and the logical inferences that may be drawn from them.
- C. "NECESSARY": The necessity to use deadly force based on the existence of a reasonable belief that the person against whom such force is used poses an imminent danger of death or serious physical injury to the Agent or other persons.
- D. "IMMINENT DANGER": "Imminent" does not mean "immediate" or "instantaneous", but that an action is pending. Thus, a subject may pose an imminent danger even if he is not at that very moment pointing a weapon at the Agent. For example, imminent danger may exist if Agents have probable cause to believe any of the following:

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

1. The subject possess a weapon, or is attempting to gain access to a weapon, under circumstances indicating an intention to use it against the Agents or others; or,
2. The subject is armed and running to gain the tactical advantage of cover; or,
3. A subject with the capability of inflicting death or serious physical injury--or otherwise incapacitating agents--without a deadly weapon, is demonstrating an intention to do so; or,
4. The subject is attempting to escape from the vicinity of a violent confrontation in which the suspect inflicted or attempted the infliction of death or serious physical injury.

III APPLICATION OF DEADLY FORCE

In assessing the necessity to use deadly force, the following practical considerations are relevant to its proper application:

A. Inherent Limitation on Abilities to Assess the Threat and Respond.

1. Limited Time (Action v. Reaction) - there will always be an interval of time between a subject's action and an Agent's ability to perceive that action, to assess its nature, and to formulate and initiate an appropriate response. The inherent disadvantage posed by the action/reaction factor places a significant constraint on the time frame within which Agents must perceive, assess and react to a threat.
2. Limited Means (Wound Ballistics) - When the decision is made to use deadly force, Agents have *no guaranteed means of instantaneously stopping the threat*. The human body can sustain grievous - even ultimately fatal - injury and continue to function for a period of time (from several seconds to several minutes) depending on the location, number, and severity of the wounds. The lack of a reliable means of instantaneously stopping the threat, may extend the time that imminent danger can persist. This factor further constrains the time frame within which Agents must respond to a perceived threat.

B. Achieving Intended Purpose.

1

b7E

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

If the subject does not surrender, the only reliable means of achieving that goal is to cause physiological incapacitation of the subject(s) as quickly as possible. Attempts to do anything else - such as shooting to cause minor injury - are unrealistic and can risk exposing Agents or others to continued danger of death or serious physical injury.

2.

b7E

C. Consideration of Risk to Other Parties.

Even when deadly force is permissible, Agents should assess whether its use creates a danger to third parties that outweighs the likely benefits of its use.

**G.7.1.1 (U//~~FOUO~~) MEMBER OF THE NEWS MEDIA OR A NEWS ORGANIZATION**

(U//~~FOUO~~) DIOG Section 10.1.2.2.5 defines a member of the news media or a news organization as a SIM. It further defines a member of the news media or a news organization as:

(U//~~FOUO~~) *“News media” includes persons and organizations that gather, report or publish news, whether through traditional means (e.g., newspapers, radio, magazines, news service) or the on-line or wireless equivalent. A “member of the media” is a person who gathers, reports, or publishes news through the news media.*

(U//~~FOUO~~) *The term “News Media” also includes an entity organized and operated for the purpose of gathering, reporting or publishing news. The definition does not, however, include a person or entity who posts information or opinion on the Internet in blogs, chat rooms or social networking sites, such as YouTube, Facebook, or MySpace, unless that person or entity falls within the definition of a member of the media or a news organization under the other provisions within this section (e.g., a national news reporter who posts on his/her personal blog).*

(U//~~FOUO~~) *Examples of news media entities include television or radio stations broadcasting to the public at large and publishers of newspapers or periodicals that make their products available to the public at large in print form or through an Internet distribution. A freelance journalist may be considered to work for a news organization if the journalist has a contract with the news entity or has a history of publishing content. Publishing a newsletter or operating a website does not by itself qualify an individual as a member of the news media. Businesses, law firms, and trade associations offer newsletters or have websites; these are not considered news media. As the term is used in the DIOG, “news media” is not intended to include persons and entities that simply make information available. Instead, it is intended to apply to a person or entity that gathers information of potential interest to a segment of the general public, uses editorial skills to turn raw materials into a distinct work, and distributes that work to an audience, as journalism professional. If there is doubt about whether a particular person or entity should be considered part of the “news media,” the doubt should be resolved in favor of considering the person or entity to be the “news media.”*

(U//~~FOUO~~) DIOG Section 10.1.2.2.6 states:

*(U//~~FOUO~~) Academic Nexus—As a matter of FBI policy, an investigative activity having an “academic nexus” is a SIM if:*

*(i) (U//~~FOUO~~) the investigative activity involves matters related to the responsibilities of an administrator or faculty member employed by any college or university that is located inside the United States, provided the matter under Assessment/investigation is related to the individual’s position at the institution; or*

*(ii) (U//~~FOUO~~) the matter involves any student association recognized and approved by a college or university at which the student association at issue is located, and the college or university is located inside the United States.*

*(U//~~FOUO~~) The sensitivity related to an academic institution arises from the American tradition of “academic freedom” (i.e., an atmosphere in which students and faculty are free to express unorthodox ideas and views and to challenge conventional thought without fear of repercussion). Academic freedom does not mean, however, that academic institutions are off limits to FBI investigators in pursuit of information or individuals of legitimate investigative interest.*

## H APPENDIX H: (U) PRE-TITLE III ELECTRONIC SURVEILLANCE (ELSUR) SEARCH POLICY

---

### H.1 (U) SCOPE

(U) 18 U.S.C. § 2518(1) (e) requires that each application for an order to intercept wire, oral, or electronic communications (hereinafter “Title III”) contain a statement describing all previous applications for Title III surveillance of the same persons, facilities, or places named in the current application. The below policy is designed to conform with this statutory requirement, clarify any past confusion, and address the effects on the previous search policy resulting from the recent elimination of the requirement for an agency Action Memorandum by the Office of Enforcement Operations (OEO).

#### H.1.1 (U) COMPLIANCE WITH THE PREVIOUS APPLICATION PROVISION

(U) 18 U.S.C. § 2518(1) (e) requires that each application for an order to intercept wire, oral, or electronic communications (hereinafter “Title III”) contain a statement describing all previous applications for Title III surveillance of the same persons, facilities, or places named in the current application. Although a failure to comply with § 2518(1) (e) will not always result in suppression of evidence, deliberate noncompliance likely will.

(U) To comply with this requirement, FBI search policy requires that a “search,” i.e., an automated indices search, of the FBI’s [REDACTED] system be conducted prior to filing a Title III affidavit and application with the court. To assist field offices in conducting appropriate searches, the following guidelines are provided.

b7E

##### H.1.1.1 (U) WHEN TO SEARCH

- A) (U) ELSUR SEARCHES: ELSUR searches for both sensitive and nonsensitive Title IIIs, including all original, extension, and renewal applications<sup>53</sup>, must be conducted not more than 45 calendar days prior to the date the application and affidavit are filed with the court.
- B) (U) Any of the persons, facilities, and/or places named in an extension or renewal application and affidavit which have been the subject of a previous search conducted not more than 45 calendar days prior to the date the application and affidavit are filed with the court need not be searched again.

(U) If an individual named by a partial name, nickname, street name, and/or code name in a previous application is subsequently identified by at least a first initial and a last name, a search must be conducted for the now-identified individual prior to seeking any new application naming that person.

##### H.1.1.2 (U) HOW TO SEARCH

(U) The [REDACTED] must be searched for previously submitted Title III applications to intercept communications involving any of the persons, facilities, and/or places specified in the current Title III application.

---

<sup>53</sup> This requirement also applies to what is sometimes referred to as a “spin-off” Title III which is actually a new application to begin surveillance at or of additional facilities arising from an existing investigation in which one or more Title IIIs have already been authorized. As such “spin-off” Title IIIs are considered to be an “original” request, even though some or all of the named persons are also named in the prior Title III(s).

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

- A) (U) PRIOR APPLICATIONS: Searches are required only for previously submitted applications. There is no obligation to search for prior interceptions. The ELSUR search will provide records of the persons, facilities, and/or places named in prior applications filed by the FBI and other federal law enforcement agencies named in the request. Any prior applications identified must be set forth in the affidavit in support of the new application.\_

H.1.1.2.1 (U) **PERSONS**

(U) In submitting a Pre-Title III ELSUR Search Request, FD-940 , list the true names or best known names of individuals for whom there is probable cause to believe that: (1) they are involved in the specified criminal activity, or (2) their criminal communications are expected to be intercepted over the target facility or within the target premises.<sup>54</sup> These individuals are often identified in the application and affidavit as the “Target Subjects,” “Target Violators,” and/or “Target Interceptees.”

- A) (U) A minimum of a first initial and last name is required for an  search. Biographical data such as date of birth, FBI Number, and/or Social Security Account Number, if known, must be included in the search request, even if not listed in the affidavit. Aliases, partial names, nicknames, street names, and/or code names may also be included as further identifying information on the FD-940. However, they will only be searched if they otherwise meet minimum ELSUR search requirements. For example, if an alias is a full name alias, it must be included and will be searched (i.e., John Smith a/k/a “William Johnson” or William Smith a/k/a “Liam Smith”). However, if the subject is identified as John Smith a/k/a “Big Buddy,” “Big Buddy” may be included as further identifying information, but will not be the subject of a separate ELSUR search.
- B) (U) Persons not fully identified by at least a first initial and a last name who are identified in the application and affidavit as “John Doe,” “Jane Doe,” or “FNU LNU” need not be the subject of a pre-Title III ELSUR search. For example, FNU LNU a/k/a “El Jefe” need not be included in an ELSUR search, or listed in the FD-940 search request.
- C) (U) A search of the  must be conducted for the subscriber or service provider of the target facility only if the subscriber or service provider is believed to be involved in the specified criminal offense(s).
- D) (U) Any additional persons, facilities, and/or places mentioned in the affidavit, **but not also specified in the application as a person, facility, and/or place for which authorization to intercept is being sought**, need not be searched or listed in the FD-940 (Pre-Title III ELSUR Search Request).

H.1.1.2.2 (U) **FACILITY**

(U) List available numeric and/or alphanumeric values directly associated with the targeted device, equipment, or instrument over or from which the subjects are communicating (e.g., a telephone, pager, computer, etc.), and over or from which interceptions are being sought. Such values may include, but are not limited to, the telephone number of a land line phone, cell phone, or pager, Personal Identification Number (PIN), Cap Code, Electronic Serial Number (ESN), International Mobile Subscriber Identity (IMSI) Number, International Mobile Equipment Identifier (IMEI) Number, and/or Internet account information (including but not limited to screen name, online identity, ICQ number, and/or IP address).

---

<sup>54</sup> (U) All individuals listed in the application and affidavit as being involved in the specified criminal activity should be searched in

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

- A) (U) Names of businesses, organizations, or agencies must be searched only if there is probable cause to believe the business, organization, or agency is culpable in the specified criminal offense(s).
- B) (U) Searches need not be conducted for telephone numbers or other facilities subscribed to, leased, or owned by the FBI for use in the investigation for which the ELSUR is being sought.
- C) (U) Any additional facilities mentioned in the affidavit, but not also specified in the application as a person, facility, and/or place for which authorization to intercept is being sought, need not be searched or listed in the FD-940 (Pre-Title III ELSUR Search Request). For example, telephone numbers identified as calling or being called by the Target Telephone, and set out in the pen register section of a Title III affidavit need not be the subject of a pre-Title III ELSUR search.

**H.1.1.2.3 (U) PLACES**

(U) List: (1) each address of a targeted landline phone or computer terminal which will be subject to the Title III order, and/or (2)

b7E

Do not include addresses of subscribers or proprietors of mobile installations such as cell phones, pagers, vehicles, boats or planes, etc.

**H.1.1.2.4 (U) ADDITIONS**

(U) Persons, facilities, and/or places added to an application and affidavit during the course of the review process and after the initial pre-Title III search request must be searched prior to submitting the affidavit to the court.<sup>55</sup>

**H.1.1.3 (U) WHERE TO SEARCH**

(U) A search of the FBI's  must be conducted for each item named in the search request. DOJ policy requires a search of the Drug Enforcement Administration (DEA) and Immigration and Customs Enforcement (ICE)  for all Title 21 predicate offenses. As a matter of FBI policy, a DEA and ICE ELSUR search is automatically conducted by FBIHQ for all  and  investigative classifications, and any other application involving a Title 21 offense.

b7E

- A) (U) The  of any other federal, state, or local law enforcement agency that is actively participating in a joint investigation (as opposed to mere task force participation) or as to which there is reason to believe may have previously sought to intercept wire, oral, or electronic communications involving any of the persons, facilities, and/or places specified in the instant application, should be searched. Where a search of state and/or local law enforcement ELSUR records is requested, the request should include a point of contact from the outside agency, if known.

---

<sup>55</sup> Occasionally, during the course of their review, DOJ's Office of Enforcement Operations, will suggest that an additional name be added as a "Target Subject" (or similar) in a Title III application and affidavit prior to the grant of DOJ approval. If that name is added, it must be searched through  prior to submitting the affidavit to the court.

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

- B) (U) If there is reason to believe that any of the persons, facilities, and/or places specified in the current application have been the target of Title III electronic surveillance by another federal agency, that agency must be requested to conduct an ELSUR search of its records.

**H.1.1.4 (U) HOW TO INITIATE A SEARCH REQUEST**

(U) The FD-940 (Pre-Title III ELSUR Search Request) is used for requesting pre-Title III ELSUR searches of the  of the FBI and any other federal, state, or local law enforcement agency. The form is designed to assist personnel requesting a search by guiding them through the process. Use of the form will ensure search requirements are met.

b7E

(U) If an emergency situation exists, as defined by 18 U.S.C. § 2518(7), an ELSUR search may be requested telephonically to the field office EOT.

**H.1.1.4.1 (U) SEARCH PROCEDURE**

(U) The EOT will conduct a search of the  for records of “previous applications only” or “all records” as specified in the FD-940. Records retrieved as a result of the search will be furnished to the requesting Agent. If intercept records are requested for any or all of the persons, facilities, and/or places named in the FD-940, intercept records which relate to unclassified criminal matters will be provided in their entirety to the requesting Agent and documented in the appropriate case file location(s).

(U) It is the responsibility of the requesting Agent to use reasonable efforts to determine whether the persons, facilities, and/or places identified in the search are the same persons, facilities, and/or places specified in the current application. If there is reason to believe they are, offices identified as having filed previous applications must be contacted and the EOT in that office must be asked to review the pertinent investigative file(s) to determine whether the persons, facilities, and/or places identified in the search are, in fact, the same as those specified in the current application.

(U) It is not necessary to contact other offices regarding common names for which no special identifying data is available unless there is reason to believe there is a nexus between the current investigation and the investigation conducted by the other field offices.

(U) Documentation confirming the conduct of all pre-Title III ELSUR searches must be electronically placed in the appropriate investigative file.

**H.1.1.5 (U) WHAT TO SAY**

- A) (U) NO PREVIOUS APPLICATIONS: Sample proposed affidavit language when no previous applications have been filed:
- 1) (U) “Based upon a search of the records of the Federal Bureau of Investigation (and any other agency requested), no previous applications have been filed for an order authorizing the interception of wire, oral, or electronic communications involving any of the persons, facilities, and/or places specified herein for which authorization to intercept is being sought.”
- B) (U) PREVIOUS APPLICATIONS:
- 1) (U) If there was a previous application, include all relevant information concerning such application in the affidavit in support of the current application. Identify the persons, facilities, and/or places named, the method(s) of interception sought, the date the order was granted or denied, the court that issued or denied the order, the name of the authorizing or

denying judge (if known), and the relevance, if any, of the previous application to the current investigation.

- 2) (U) Sample proposed affidavit language when previous applications have been filed: “John Doe was named in a previous application for an order authorizing the interception of wire and electronic communications. The order was signed on (date), by U.S. District Judge (name), of the District of (State), authorizing the interceptions for a period of thirty (30) days. An extension of the order was signed by Judge (name) on (date), authorizing the continued interception for an additional 30-day period.” (Include relevance, if any, of the previous applications to the current investigation).

**H.1.1.6 (U) DOCUMENTATION**

- A) (U) Agents must provide a copy of the following to the field office’s ELSUR Operations Technician (EOT):
- 1) (U) executed affidavit, application, and order;
  - 2) (U) completed CDC Checklist (FD-926);
  - 3) (U) EC signed by the appropriate approving official (SAC or designee or appropriate HQ official) documenting approval to seek court authorization for the Title III application; and
  - 4) (U) DOJ Memorandum directed to the AUSA entitled “Authorization for Interception Order Application.”
- B) (U) The EOT and the ELSUR supervisor are responsible for confirming that ELSUR searches were properly conducted as set forth in the final applications submitted to the court. Because this review is not conducted until after the application and order have been submitted to the court, the SA and SSA are responsible for verifying that all required ELSUR searches have been conducted prior to submission of the application and affidavit to the court. Within 10 calendar days of obtaining court authority for the original and all extensions/renewals of the Title III intercept, the case agent must also submit to the EOT a signed copy of the: (i) affidavit, (ii) application, (iii) order, (iv) copy of the CDC Title III Checklist (FD-926); (v) SAC approval EC; and (vi) a copy of the DOJ Authorizing Memo. The EOT will be responsible for transmitting a copy of these documents to the Order Management Group in OTD. The Order Management Group will be responsible for indexing and uploading these documents into the [REDACTED] These requirements also apply to the joint Title III operations discussed in section 18.7.2.13.
- C) (U) Form FD-940 (Pre Title III ELSUR Search Request) must be used when requesting a search of any federal, state, or local law enforcement agency’s [REDACTED] [REDACTED], including the FBI’s.
- D) (U) All requests for ELSUR searches must be electronically placed in the corresponding investigative file and submitted with adequate time for the EOT to conduct the search and document the results. It is the responsibility of the affiant and the affiant’s supervisor to ensure that all ELSUR checks have been properly completed prior to submission of the application and affidavit to the court.

## I APPENDIX I: (U) ACCESSING STUDENT RECORDS MAINTAINED BY AN EDUCATIONAL INSTITUTION ("BUCKLEY AMENDMENT")

---

### I.1 (U) SUMMARY

(U) The Family Educational Rights and Privacy Act (FERPA) of 1974 (20 U.S.C. § 1232g, as amended by Public Law 107-56 (USA Patriot Act)), commonly referred to as the "Buckley Amendment," restricts the ability of educational agencies or institutions (collectively "schools") to release educational records or personally identifiable information contained in such records without the consent of the student or the student's parent.

(U) FERPA defines "education records" as those records, files, documents and other materials which:

- A) (U) contain information directly related to a student; and
- B) (U) are maintained by an educational agency or institution or by a person acting for such agency or institution. (20 U.S.C. § 1232g(a)(4)(A)(i)).

(U//~~FOUO~~) If operationally feasible, FBI employees should request the consent of the student or parent, as appropriate, in order to obtain covered records. During an Assessment, the FBI may ask school officials to provide certain information without the consent of the student or parent (see Section 18.5.6); during a Predicated Investigation, the FBI may compel production of education records, as set forth below.

### I.2 (U//~~FOUO~~) ACCESSING STUDENT INFORMATION OR RECORDS DURING AN ASSESSMENT

(U//~~FOUO~~) During an Assessment, FBI employees may seek **voluntary disclosure** of certain student records and information about students from schools without the consent of the student or parent.

#### I.2.1 (U) DIRECTORY INFORMATION

(U//~~FOUO~~) "Directory information" is information contained in an education record of a student "that would not generally be considered harmful or an invasion of privacy." (34 C.F.R. § 99.3) Specifically, "directory information" includes, but is not limited to: the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities or sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended. A school may disclose "directory information" from its records without prior consent if: (1) it has a directory information policy to disclose such information and (2) it has provided its students notice of the policy and the opportunity to opt out of having "directory information" disclosed. (See 34 C.F.R. § 99.37)

(U//~~FOUO~~) The scope of information that can be released as directory information may be narrowed by the school. For instance, if a college chooses not to categorize students' names and addresses as directory information, it must not voluntarily disclose such information to the FBI

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

(*Krauss v. Nassau Community College*, 469 N.Y.S. 2d 553 (N.Y. Sup. 1983)). Schools are also required to afford students (or parents, if the student is under 18) the opportunity to prohibit the release of directory information without their prior consent (or a court order). *Note*: the Buckley Amendment *permits* schools to release directory information (absent an objection from the student); it does *not require* them to do so. Directory information may be sought orally or in writing.

### **I.2.2 (U) OBSERVATIONS**

(U//~~FOUO~~) FERPA governs the release of educational records. It does not govern the release of information gathered by a school official, based on his or her own observations. Accordingly, notwithstanding Buckley, a school official may disclose activity or behavior observed by the official.

### **I.2.3 (U) LAW ENFORCEMENT UNIT RECORDS**

(U//~~FOUO~~) Under FERPA, schools may disclose information from “law enforcement unit records” without the consent of the parent or student. This exemption is limited to records that a law enforcement unit of a school creates and maintains for a law enforcement purpose. “Law enforcement record” is narrowly defined as a record that is: (i) created by the law enforcement unit; (ii) created for a law enforcement purpose; and (iii) maintained by the law enforcement unit. (34 C.F.R. § 99.8(b)) If another component of the school discloses a student education record to the school’s law enforcement unit, that record is not a “law enforcement unit record” because it was not *created* by the law enforcement unit. Thus, a law enforcement unit cannot disclose, without student consent, information obtained from education records created by other component of the school, even if the record has been shared with the law enforcement unit.

### **I.2.4 (U) HEALTH OR SAFETY EMERGENCY**

(U//~~FOUO~~) FERPA does not restrict the disclosure of educational records in connection with a health or safety emergency. The regulations provide that schools may disclose information from an education record “to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals” and that the exception is to be “strictly construed.” As is the case with other emergency disclosure provisions (see 18 U.S.C. § 2702), it is up to the school to determine in the first instance whether disclosure is necessary to protect the health or safety of the student or another individual. If it makes that determination, it is permitted to disclose educational records voluntarily and without the consent of the student or parent.

### **I.2.5 (U) NON-STUDENTS**

(U//~~FOUO~~) FERPA governs records of “students.” A “student” is defined as a person on whom a school maintains educational records or personally identifiable information but does not include someone who has not attended that school. Files retained on rejected applicants may be provided without prior permission or notification. (*Tarka v. Franklin*, 891 F.2d 102 (5<sup>th</sup> Cir. 1989))

### **I.3 (U//~~FOUO~~) ACCESSING STUDENT INFORMATION OR RECORDS IN PREDICATED INVESTIGATIONS**

(U//~~FOUO~~) In addition to seeking voluntary production of records that can be voluntarily produced (see I.2 above), in a Predicated Investigation, FBI employees may **compel production** of education records without notice to the student or the student's parents as follows:

#### **I.3.1 (U) *FEDERAL GRAND JURY SUBPOENA***

(U//~~FOUO~~) Schools shall disclose education records in response to a federal grand jury subpoena. In addition, the court may order the institution not to disclose to anyone the existence or contents of the subpoena or the institution's response. If the court so orders, then neither the prior notification requirements of 34 C.F.R. § 99.31(a)(9) nor the recordation requirements at 34 C.F.R. § 99.32 would apply (see DIOG Section 18.6.5).

#### **I.3.2 (U) *ADMINISTRATIVE SUBPOENAS***

(U//~~FOUO~~) Schools may disclose education records in response to an administrative subpoena. Administrative subpoenas may be issued in narcotics investigations (see DIOG Section 18.6.4.3.2.1), sexual exploitation or abuse of children investigations (see DIOG Section 18.6.4.3.2.2), and health care fraud investigations (see DIOG Section 18.6.4.3.2.3). As with federal grand jury subpoenas, the issuing agency may, for good cause shown, direct the school not to disclose the existence or contents of the subpoena or the institution's response. If the subpoena includes a nondisclosure directive, the school is permitted to request a copy of the good cause determination.

#### **I.3.3 (U) *FISA ORDER FOR BUSINESS RECORDS***

(U//~~FOUO~~) See DIOG Section 18.6.7.

#### **I.3.4 (U) *EX PARTE ORDERS***

(U//~~FOUO~~) The USA Patriot Act amended FERPA to permit schools to disclose personally identifiable information from the student's education records to the Attorney General or his designee without the consent or knowledge of the student or parent in response to an *ex parte* order issued in connection with a terrorism investigation. Such disclosures are also exempt from the Buckley Act requirements that disclosure of information from a student's records be documented in the student's file.

### J.1 (U) INVESTIGATIVE FILE MANAGEMENT

#### J.1.1 (U) OFFICE OF ORIGIN (OO)

(U//~~FOUO~~) Generally, the Office of Origin (OO) is determined by:

- A) (U//~~FOUO~~) The residence, location or destination of the subject of the investigation;
- B) (U//~~FOUO~~) The office in which a complaint is first received;
- C) (U//~~FOUO~~) The office designated by FBIHQ as OO in any investigation;
- D) (U//~~FOUO~~) The office in which the Foreign Police Cooperation investigation is opened (163 classification);
- E) (U//~~FOUO~~) The office in which the Domestic Police Cooperation investigation is opened (343 classification);
- F) (U//~~FOUO~~) The office in which the recovery of the vehicle occurred in an Interstate Transportation of Stolen Motor Vehicles (ITSMV) investigations;
- G) (U//~~FOUO~~) The office in which the contempt of court occurred;
- H) (U//~~FOUO~~) The office in which there is a violation of an order, judgment, or decree issued from any judicial district in an FBI civil Racketeer Influenced and Corrupt Organizations (RICO) investigation;
- I) (U//~~FOUO~~) The office in which the subject was convicted in investigations involving parole, probation, and mandatory release violators;
- J) (U//~~FOUO~~) The office in which the escape occurred, in Escaped Federal Prisoner and escaped deserter investigations;
- K) (U//~~FOUO~~) The New York Field Office in courier investigations;
- L) (U//~~FOUO~~) FBIHQ in all applicant, Background Investigation - Pardon Attorney's Office (73 classification) investigations;
- M) (U//~~FOUO~~) FBIHQ in OPM security referral (140A and 140C classification) investigations;
- N) (U//~~FOUO~~) FBIHQ, Counterterrorism Division (CTD), Counterterrorism Watch Unit in all Counterterrorism Major Cases (900 classification);
- O) (U//~~FOUO~~) FBIHQ, Critical Incident Response Group (CIRG) in all National Center for the Analysis of Violent Crime (NCAVC) cases (252A through 252E classifications); and
- P) (U//~~FOUO~~) FBIHQ, Office of Professional Responsibility (OPR) in OPR investigations (263 classification).

(U//~~FOUO~~) When special circumstances exist, however, the origin may be assumed by the field office which has the most compelling interest. Uncertainties and disagreements must be resolved by the appropriate FBIHQ operational division.

**J.1.2 (U) INVESTIGATIVE LEADS AND LEAD OFFICE (LO)**

(U//~~FOUO~~) Leads are sent by EC, or a Lead Request document, to offices and assigned to individuals/organizations in order to aid investigations. When the OO sets a lead to another office, that office is considered a Lead Office (LO).

(U//~~FOUO~~) There are only two types of investigative leads: “Action Required” and “Information Only.”

**J.1.2.1 (U) ACTION REQUIRED LEAD**

(U//~~FOUO~~) An action required lead must be used if the sending office requires the receiving LO to take some type of investigative action.

(U//~~FOUO~~) An action required lead may only be set by EC out of an open investigative file, including an:

- A) (U) Assessment file, including a zero sub-assessment file;
- B) (U) Predicated Investigation file;
- C) (U) pending inactive investigation file; or
- D) (U) unaddressed work file.

(U//~~FOUO~~) An action required lead cannot be set out of a closed investigative file, a zero (0) or double zero (00) file.

(U//~~FOUO~~) An action required lead must be assigned, and it must be covered before the underlying investigation has been completed/closed.

**J.1.2.2 (U) INFORMATION ONLY LEAD**

(U//~~FOUO~~) An information only lead must be used when no specific action is required or necessary from the receiving LO.

(U//~~FOUO~~) An information only lead may be set by EC out of an opened or closed investigative file, including a:

- A) (U) zero (0) file;
- B) (U) double zero (00) file;
- C) (U) Assessment file, including a zero sub-assessment file;
- D) (U) Predicated Investigation file;
- E) (U) pending inactive investigation file; or
- F) (U) unaddressed work file.

(U//~~FOUO~~) An information only lead does not have to be assigned in order to be covered, and they can be covered while they are in the "Set" status.

**J.1.3 (U) OFFICE OF ORIGIN'S SUPERVISION OF CASES**

(U//~~FOUO~~) The OO is responsible for proper supervision of Assessments and investigations in its own territory and being conducted in a LO. The FBI employee, usually an FBI Special Agent, to whom an investigation is assigned, is often referred to as the “Case Agent.” An FBI employee

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

is personally responsible for ensuring all logical investigation is initiated without undue delay, whether the employee is assigned in the OO or in an LO; this includes setting forth [REDACTED] [REDACTED] leads as appropriate for other offices or other FBI employees in his/her own office. The OO Case Agent has overall responsibility for supervision of the investigation. When an LO has a delayed or delinquent investigation, it is the responsibility of the OO Case Agent to notify the LO (orally or in writing by email or EC, depending on the urgency of the situation) of its delinquency.

b7E

(U) Investigative information that may be within another field office's AOR can generally be obtained by setting an investigative lead to that field office. However, investigative circumstances may require employees to travel to another office's AOR to conduct investigative activity. In such circumstances, an employee, with the approval of [REDACTED] and the prior concurrence of the [REDACTED] may enter that office's AOR and conduct the necessary investigative activity (e.g. interview). However, if unplanned investigative activities or exigent circumstances prevent an employee from obtaining advance [REDACTED] approval and advance [REDACTED] concurrence before entering another field office's AOR, notification should be made as soon as practicable to the [REDACTED] and [REDACTED] in the other office's AOR, including the type of investigative activity(s) that occurred and the circumstances that made obtaining prior approval and concurrence unfeasible.

b7E

#### J.1.4 (U) INVESTIGATION AND OTHER FILES

(U//~~FOUO~~) There are several types of non-investigative files used in the FBI, including zero files, double zero files, administrative files, and control files. Additionally, there are several types of investigative files used in the FBI, including [REDACTED] Preliminary Investigation files, Full Investigation files, Full Enterprise Investigation files, positive foreign intelligence Full Investigation files, and unaddressed work files. Additionally, investigative files may have sub-files, named as specified in the DIOG and RMD policy. FBI files may be opened, closed, or placed in pending inactive status as specified below. Note that in each of these files, all communications related to previous communication must note the existing communication's FBI's central recordkeeping system serial numbers in the reference fields.

b7E

(U//~~FOUO~~) Certain records may be restricted based on the classification of the records, e.g., on the sensitivity of the investigation. See the Automatic Restriction of Access to Data in FBI Case Support Systems Based on Standard File Classification Designators Policy Directive, 0243D, dated October 13, 2009.

(U//~~FOUO~~) The types of files are:

J.1.4.2 (U) DOUBLE ZERO “OO” FILES

(U//~~FOUO~~) Double Zero files may be opened in all file classifications. Double Zero files may contain documentation, such as instructions, statutes, and decisions applicable to the classification, that do not require investigation. The documents contained within a double zero file must be electronically placed into the file. [REDACTED]

b7E

J.1.4.3 (U) ADMINISTRATIVE “A” FILES

(U//~~FOUO~~) Administrative files may be used only for administrative purposes; they cannot be used for investigative purposes. Administrative files may be used for documenting non-investigative matters, such as training matters (1 classification), administrative matters (319 classification), personnel files (67 classification), etc. **Note: Investigative activity must not be conducted out of an administrative file.** Administrative files are designated with the letter "A" before the case number, e.g., 319X-HQ-A12345.

(U//~~FOUO~~) FBI BUCAR accident files [REDACTED] and civil litigation or claim matters [REDACTED] are permitted to retain investigative information related to a BUCAR accident or civil matter as an exception to the general rule prohibiting the use of investigative activity in administrative files. The basis for permitting this exception is the investigative document, generally a witness interview on an FD-302 for the car accident, or taking a witness statement on an FD-302 in the civil matter, is intended to support the administrative functions of the organization and is not obtained in support of a law enforcement investigation or an intelligence collection function.

b7E

(U//~~FOUO~~) Information Only (non-investigative) Leads may be assigned out of administrative files. When referring to an administrative file in communications, the file number must include the letter "A" before the case number to indicate the file is an administrative file.

J.1.4.4 (U) CONTROL “C” FILES

(U//~~FOUO~~) Control files are separate files established for the purpose of managing programs. Control files may be opened in all file classifications.

(U//~~FOUO~~) Control files may be used only for documenting program management functions and communications, technical or expert assistance to another law enforcement or intelligence agency, or other managerial functions. Program management functions may include liaison contacts, training exercises, training received/provided, written intelligence products<sup>56</sup> that are prepared for program management purposes, etc. **Note: Investigative activity must not be**

(U//~~FOUO~~) Information Only (non-investigative) Leads can be assigned out of control files. When referring to the file number of a control file in communications, the file number must include the letter "C" before the case number to indicate the file is a control file. The [redacted] control file must follow the [redacted] guidance on setting leads.

Guardian, the FD-71, the EC and [redacted] Lead Request form provide the ability to set action leads.

**J.1.4.5.1.2 (U) INVESTIGATIVE CLASSIFICATION ASSESSMENT FILES (FOR TYPE 3, 4 AND 6 ASSESSMENTS) AND POTENTIAL CHS FILES (FOR TYPE 5 ASSESSMENTS)**

(U//~~FOUO~~) See DIOG Section 5 for the appropriate investigative file classification to be used when opening a Type 3, 4, 5, or 6 Assessment file.

(U//~~FOUO~~) A Preliminary Investigation, Full Investigation, Full Enterprise Investigation, and Full Positive Foreign Intelligence Investigation must be opened as discussed in DIOG Sections 6, 7, 8, and 9, respectively. Investigative information related to these investigations must be placed in the investigative main file or sub-file, spun-off, or referred to another agency as authorized.

J.1.4.5.3 (U) *PENDING/INACTIVE FULL INVESTIGATION FILES*

(U//~~FOUO~~) The FD-71 and an Assessment file provide a mechanism to assign an Assessment to an Unaddressed Work file. Upon serializing the FD-71, a new Unaddressed Work file will be opened. Guardian (FD-71a) does not have an “Unaddressed Work” option because Guardian leads cannot be placed in an Unaddressed Work status.

**J.1.4.5.5 (U) SPIN OFF INVESTIGATION FILES**

(U//~~FOUO~~) A spin-off investigation originates from an existing investigation. The spin-off investigation must have all the elements required to establish it as a separate investigation within the appropriate investigative classification.

**J.1.5 (U) SUB-FILES**

(U) The below standardized sub-file names must be used when creating sub-files to document the investigative or administrative activity described. ## J.2 (U) INDEXING - THE ROLE OF INDEXING IN THE MANAGEMENT OF FBI INFORMATION

(U//~~FOUO~~) The text of FBI-generated records (including but not limited to FD-65, FD-786, and non-transitory electronic mail (e-mail) records) must be imported into the FBI's central recordkeeping system to be searchable, retrievable, and sharable through automated means. A full text search of the FBI's central recordkeeping system identifies only information that is available electronically and does not search for information that may be contained in the FBI's paper records. Regardless of whether a record is imported or created in the FBI's central recordkeeping system, it must be indexed.

(U//~~FOUO~~) The purpose of indexing is to record individual's names; non-individual's names, such as corporations; and property which are relevant to FBI investigations so that this information can be retrieved, if necessary. The most common use of indexed information is to respond to executive branch agencies' request name searches as part of their investigations to determine suitability for employment, trustworthiness for access to classified information and eligibility for certain government benefits. If employees do not properly index names and places

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~

that arise in FBI investigations, the FBI could provide erroneous information to other federal agencies. Further advice about how to index and what should be indexed can be found on the RMD Intranet site.

## **K APPENDIX K: (U) REPORTING OF SUSPECTED CHILD ABUSE, NEGLECT AND/OR SEXUAL EXPLOITATION**

---

### **K.1 (U) REPORTING OF SUSPECTED CHILD ABUSE, NEGLECT AND/OR SEXUAL EXPLOITATION**

#### **K.1.1 (U) PURPOSE**

(U) In October 2011, the Department of Justice (DOJ) released the updated *2011 Attorney General Guidelines for Victim and Witness Assistance* (the “*Guidelines*”); and in May 2012, released revised *Guidelines*. Among other obligations, the *Guidelines* require DOJ personnel, including FBI personnel, to report suspected child abuse. Special Agents (SAs) and other FBI personnel may encounter suspected child abuse, neglect and/or sexual exploitation during the course of their duties. This policy provides the most recent DOJ/FBI suspected child abuse reporting requirements. “This requirement is in addition to, not in place of, mandatory reporting requirements under state, tribal and federal law with which [FBI Personnel] shall also comply” [*Emphasis added*]. *Guidelines* at Art. III, L.1.c (1).

#### **K.1.2 (U) OBLIGATION TO REPORT**

(U) The FBI’s role as a law enforcement agency necessitates several reporting requirements for FBI personnel who have reasonable cause to believe a child is suffering from abuse, neglect and/or sexual exploitation.

(U) While certain FBI employees (e.g. law enforcement personnel and social workers) are defined as mandated reporters under state, tribal and federal law, all FBI employees shall report suspected child abuse, neglect and/or sexual exploitation to the state, local or tribal law enforcement agency or child protective services agency that has jurisdiction to investigate such reports or to protect the child.

#### **K.1.3 (U) REPORTING TO THE APPROPRIATE OFFICIALS**

(U) In every case of suspected child abuse, neglect and/or sexual exploitation, an immediate report shall be made to the appropriate state, local or tribal agency with authority to investigate such matters or to protect the child. FBI personnel should consult with the Chief Division Counsel (CDC) or the Office of the General Counsel (OGC) to determine the child abuse reporting laws applicable in their area of responsibility.

(U) Reporting is generally covered by state, local or tribal law and reports shall be made to the agency or entity identified in and in accordance with those laws. However, the report of suspected child abuse should be made by a method best suited to giving immediate notice. Use of a standardized form is encouraged, but shall not take the place of the immediate making of reports by other means when circumstances dictate.

(U) Reports may be made anonymously, although FBI personnel are strongly encouraged to provide sufficient identifying information. Reports are presumed to have been made in good faith and reports are immune from civil and criminal liability arising from the report, unless acting in bad faith.

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

(U) FBI personnel shall also immediately report suspected child abuse to the FBI's Designated Official in each office. The Designated Official will assist FBI personnel with reporting suspected child abuse, if no direct report is made, and will ensure completion of a 188D-Electronic Communication (188D-EC) to the FBI's Office of Victim Assistance (OVA).

(U) In rare circumstances, reporting may be temporarily delayed upon a determination by an FBI Component Responsible Official. Per the *Guidelines* and FBI implementing policy, the designated FBI Component Responsible Official is the head of the division or office. For Field Divisions the Component Responsible Official is the Special Agent-in-Charge (SAC), or where applicable, the Assistant Director in Charge (ADIC). For FBI Headquarters, the Component Responsible Official is the head of the Division or office (e.g., Assistant Director (AD) or equivalent).

#### **K.1.4 (U) SCOPE OF REPORTING**

(U) All cases of suspected child abuse must be reported. A report shall be made even if the information inadvertently comes to the attention of FBI personnel. In cases where there is reason to believe an incident was previously reported or is otherwise being investigated, FBI personnel shall err on the side of caution, and consult with the Designated Official, due to the possibility of there being multiple offenses, victims, and/or perpetrators. If there are any distinguishable elements (e.g. different day, time, or place) from the confirmed previous report and investigation, FBI personnel shall immediately report the new case and any additional information to the state, local or tribal law enforcement agency or child protective services agency that has jurisdiction to investigate such reports or to protect the child.

(U) Certain Indian Country, Special Jurisdiction and crimes against children matters already fall within the primary investigative jurisdiction of the FBI. Suspected child abuse, neglect and/or sexual exploitation in these areas, which are already the subject of an FBI investigation, do not warrant additional reporting unless such reporting is necessary to further protect the child.

#### **K.2 (U) MANDATORY REPORTING LAWS**

(U) FBI personnel should refer to their state child abuse reporting laws in cases of suspected child abuse, neglect and/or sexual exploitation. State laws vary substantially. Some states require mandatory reporting of child abuse, neglect and/or sexual exploitation by all persons within their boundaries; others require such reporting only from individuals engaged in expressly listed occupations. Reports of child abuse, neglect and/or sexual exploitation required by state, local or tribal laws shall be made to the agency or entity identified in and in accordance with those laws.

(U) The federal child abuse reporting law mandates certain professionals (including law enforcement personnel and social workers) working on federal land or in a federally operated (or contracted) facility must report suspected child abuse to an investigative agency designated by the Attorney General to receive and investigate such reports. (42 U.S.C. § 13031(a)). Reports of child abuse pursuant to 42 U.S.C. § 13031 shall be made to the local law enforcement agency or local child protective services agency that has jurisdiction to investigate such reports or to protect child abuse victims in the area or facility in question. When no such agency has entered into a formal written agreement with the Attorney General to investigate such reports, the FBI shall receive and investigate such reports. (28 C.F.R. § 81.3 (2010)).

UNCLASSIFIED – ~~FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

(U) Reporting child abuse in Indian Country is governed by 18 U.S.C. §1169 (2006) and 25 U.S.C. §3203 (2006). Covered professionals shall report suspected cases of child abuse to the federal, state, or tribal agency with primary responsibility for child protection or investigation of child abuse within the portion of Indian Country involved. If the report involves a potential crime and either involves an Indian Child or an Indian suspect, the local law enforcement agency is required to make an immediate report to the FBI. (25 U.S.C. §3203(b) (2)).

(U) Although mandatory reporting laws vary by jurisdiction, FBI personnel must report suspected child abuse, neglect and/or sexual exploitation even if the FBI employee is not designated as a mandated reporter under the law.

**K.3 (U) CHILD ABUSE DISCOVERED FROM A CONFIDENTIAL SOURCE OR INVESTIGATION**

(U) When suspected child abuse, neglect and/or sexual exploitation is based on information gathered during a confidential investigation or from a confidential source, FBI personnel should make every effort to report the abuse to the appropriate state, local or tribal authorities in order to protect the safety of the child. If it is not possible to report the suspected child abuse without significantly compromising the investigation or other confidential source such as classified information, or endangering public safety, FBI personnel shall obtain guidance from the designated Component Responsible Official.

(U) The Component Responsible Official shall not delegate this responsibility. The Component Responsible Official must consult personnel with expertise in the subject matter of child abuse, neglect and/or sexual exploitation matters (e.g., Victim Specialist or OVA) and receive a legal opinion from the CDC, OGC, or DOJ on the basis for not reporting, to include the potential penalties, some of them criminal, and include it in a 188D-EC documenting the decision not to report. The Component Responsible Official must monitor the case, and no later than every 30 days, re-review the case for its ability to be reported, and document in a 188D-EC. Moreover, the Component Responsible Official must immediately report the suspected child abuse, neglect and/or sexual exploitation, in accordance with this policy, the instant the basis for withholding no longer exists.

**K.4 (U) DESIGNATED OFFICIAL**

**K.4.1 (U) IDENTIFICATION OF A DESIGNATED OFFICIAL**

(U) The Component Responsible Official must designate a Designated Official in writing via an Electronic Communication with case identification number 188D-HQ-A2450935. For field offices, the designee may be no lower than an ASAC. For HQ divisions or offices, the designee may be no lower than a Unit Chief.

**K.4.2 (U) DUTIES OF A DESIGNATED OFFICIAL**

(U) Receive reports of suspected child abuse, neglect and/or sexual exploitation from FBI personnel where the incident is alleged to have occurred in a Division or office's area of responsibility.

(U) Assist FBI personnel with the reporting of suspected child abuse, neglect and/or sexual exploitation if the report is not made directly to state, local or tribal authorities by FBI personnel.

~~UNCLASSIFIED – FOR OFFICIAL USE ONLY~~  
Domestic Investigations and Operations Guide

(U) Ensure completion of an Electronic Communication to the FBI's OVA.

#### **K.5 (U) CONTENTS OF THE 188D-EC**

(U) Any 188D-EC prepared under this policy shall reflect all appropriate case identification numbers, case identification number 188D-HQ-A2450935, and include, to the extent known and applicable, the following information:

- A) (U) Person making the report
- B) (U) When the individual became aware of the suspected child abuse, neglect and/or sexual exploitation
- C) (U) Date/time reported to CPS, LE, and/or other investigative agency
- D) (U) CPS/agency ID number (if applicable)

- H) (U) Source of the information (direct observation or other)
- I) (U) Location of the incident (federal land, federal facility, or other)
- J) (U) Synopsis of the facts that give reason to suspect child abuse, neglect and/or sexual exploitation
- K) 11. (U) General indexing, to include: subject, victim, and addresses

#### **K.6 (U) REPORTING BY FBI PERSONNEL OUTSIDE OF THE UNITED STATES JURISDICTION**

(U) FBI personnel assigned or on temporary duty (TDY) outside the United States (U.S.) are also responsible for reporting suspected child abuse, neglect and/or sexual exploitation. FBI personnel outside the U.S. on personal travel are encouraged to report suspected child abuse, neglect and/or sexual exploitation, when practicable.

(U) Suspected child abuse, neglect and/or sexual exploitation involving U.S. government employees or dependents under the Chief of Mission of the U.S. Embassy must be reported to the Regional Security Officer and the FBI Designated Official. If the suspected abuse involves foreign citizen perpetrators or victims, the FBI personnel should consult with the Legal Attaché (LEGAT) and/or Regional Security Officer in the Embassy regarding any reporting laws of the foreign country and act accordingly. Contact for the purpose of reporting or notice of the reporting contact may be made by the FBI LEGAT to the host government. FBI personnel should also notify the FBI's OVA via the division Designated Official and a 188D-EC.

#### **K.7 (U) CONFLICTS OF LAW OR POLICY**

(U) This policy does not authorize any exception to laws requiring mandatory reporting of suspected child abuse, neglect and/or sexual exploitation.

Domestic Investigations and Operations Guide

## 1. (U) Introduction

---

(U) **Purpose:** The purpose of this appendix is to assist Federal Bureau of Investigation (FBI) employees apply the Domestic Investigations and Operations Guide (DIOG) to investigative methods conducted online, prior to the opening of an Assessment or predicated investigation and within Assessments and predicated investigations. For guidance on extraterritorial (ET) matters pursuant to this appendix, please see Section 7 herein, entitled “Extraterritorial Online Activity.” See also DIOG Section 13, entitled “Extraterritorial Provisions” and the Foreign Technical Assistance Policy Directive and Policy Guide (0641DPG).

(U) **Background:** The guidance in this document is derived from various statutes, the “Online Investigative Principles for Federal Law Enforcement Agents” (OIP) (November 1999), previous electronic communications (EC), and other policy documents.

(U) This appendix establishes policies for online investigative methods.

(U) Online methods can present challenges and complexities that may not always be present in physical or “real-world” activities. These challenges, and the fast pace of evolving technology, lead to frequent changes in applicable laws. As a result, employees are urged to consult with their chief division counsels (CDC) and/or the FBI/Office of the General Counsel (OGC) before and during any proposed online activities.

(U) **Intended Audience:** The guidance in this appendix applies to all FBI personnel, as defined in DIOG Section 3, including FBI special agents (SA), analysts, other FBI employees, task force officers (TFO), task force members (TFM), FBI contractors, and others who engage in, supervise, or otherwise participate in online investigative activities and are bound by the Attorney General’s Guidelines for Domestic FBI Operations (AGG-Dom) and the DIOG

## **2. (U) General**

---

### **2.1. (U) Protecting Civil Liberties**

(U) The protections embodied in the DIOG are designed to ensure that the FBI adheres to the Constitution and laws of the United States and respects privacy, civil liberties, and First Amendment rights. These protections are particularly important when applied to online investigative methods because much of the content and many of the activities available or conducted on the Internet fall within some category of constitutionally protected information (e.g., freedom of individuals to associate, freedom to express an unpopular belief or opinion, or freedom to assemble). Accordingly, FBI employees must always carefully assess and analyze all investigative methods and communications conducted online.

(U) All principles stated previously in the DIOG that have been put in place to protect civil liberties also apply to investigative methods conducted online by FBI employees, such as the need to have a legitimate law enforcement purpose for all investigative activities, engaging in the least intrusive methods, sensitive investigative matters (SIM), and undisclosed participation (UDP).

(U) Example:

b7E

(U) The FBI may only collect, as defined in subsection 3.1, of this appendix, information relating to the exercise of a First Amendment right if (1) the collection is logically related to an authorized investigative purpose, (2) the collection does not materially interfere with the ability of an individual or a group to engage in the exercise of constitutionally protected rights, and (3) the method of collection is the least intrusive alternative that is reasonable, based upon the circumstances of the investigation. The FBI cannot ever base its conduct solely on an individual's legal exercise of his or her First Amendment rights. Further, every FBI employee has the responsibility to ensure that the activities of the FBI are "lawful, appropriate and ethical as well as effective in protecting the civil liberties and privacy of individuals in the United States." (See DIOG 4.1.3.)

(U) Consistent with the DIOG, FBI employees must always ensure that all online investigative activities are "focused in scope, time, and manner to achieve the underlying purpose." (See DIOG 4.1.2.) FBI employees must document this relationship, as necessary, in the case file.

~~UNCLASSIFIED//LES~~  
Domestic Investigations and Operations Guide

**2.2. (U) Scope of This Appendix**

(U) This appendix only applies to investigative methods conducted online by FBI employees, as they are defined in DIOG Section 3. This appendix seeks to set out the standards for these investigative methods engaged in online by FBI employees in both affiliated and nonaffiliated capacities and in both public and private forums. Each online investigative method is defined below, in addition to whether or not it is permitted in an assessment or a predicated investigation.

(U) **Note:** Where possible, the corresponding DIOG cite for the specific investigative activity/method is provided.

**2.3. (U) Principles**

**2.3.1. (U) Personal Online Activity**

(U) FBI employees are not permitted to use any personal online accounts to access information for official purposes. Such use may inappropriately associate an employee's identity with official FBI activity and may inappropriately result in access to restricted information.

(U) An FBI employee is generally free to engage in solely personal, appropriate, online pursuits while off duty. If, however, the off-duty online activities of the FBI employee are within the scope of an ongoing investigation, serving the goals of an ongoing investigation, or undertaken for the purpose of developing investigative leads, the FBI employee is bound by the same policies and restrictions for online investigative activities as when he or she is on duty.

**2.3.2. (U) Disclosure of FBI Affiliation**

(U) When an FBI employee engages in investigative methods online, the same principles apply as in the physical world as they relate to when the individual must provide official identification as an FBI employee and when that requirement does not exist. When interacting with members of the public as part of their official duties, FBI employees must operate openly and consensually (DIOG 18.5.6). The use of the FBI UNet (unclassified network) to access the Internet can reveal government affiliation; however, this is not sufficient to satisfy the requirement to "disclose the employee's affiliation with the FBI" when seeking information from witnesses, subjects, or victims. The disclosure of FBI affiliation must be explicit and overt when requesting information from members of the public and from private entities, unless there is an authorized basis for not disclosing FBI affiliation. An employee can achieve this by explicitly stating his or her FBI affiliation within the content of a message.

- (U//~~FOUO~~) Certified undercover employee (UCE) is defined as an employee of the FBI or other federal, state, or local law enforcement agency; another entity of the United States Intelligence Community (USIC); or a foreign intelligence agency, working under the direction and control of the FBI, and whose relationship with the FBI is concealed from third parties by the maintenance of a cover or an alias identity. A UCE's identity and alias must be guarded closely to protect the safety of the UCE and the integrity of the undercover operation (UCO).
- (U//~~FOUO~~) Certified online covert employee (OCE) is defined as an employee of the FBI, or another federal, state, or local law enforcement agency; another entity of the USIC; or a foreign intelligence agency, acting at the behest of the FBI in an online capacity, and whose identity is concealed from third parties by the maintenance of a cover or an alias identity. An OCE's identity and alias must be guarded closely to protect the safety of the OCE and the integrity of the UCO.

(U//~~FOUO~~) When interacting with the public online, employees must take necessary action to ensure they are sufficiently identified in true name/law enforcement affiliation, unless authorized as described above. In order to identify oneself fully when overtly interacting with the public online, the employee must include his or her true name and affiliation with law enforcement with each posted comment. For electronic mail (e-mail) communications, employees must use their fbi.gov e-mail addresses and/or other official, overt, government-sponsored e-mail account addresses and identify themselves by their law enforcement affiliations in the content of the messages. In short, in any overt online communications, enough indicators of name, official title, and the agency must be included such that a reasonable person would understand that he or she is providing information to law enforcement.

#### 2.4. (U) Preserving Electronic Communications

(U//~~LES~~) Employees should retain the contents of stored electronic messages, such as e-mails, if they would have retained those messages had they been written on paper.

investigative value in an FD-302 (“Form for Reporting Information That May Become the Subject of Testimony”). The contents must be preserved in a manner authorized by FBI procedures governing the preservation of electronic communications (e.g., see CPD 0423D, *Preservation and Disclosure of Electronic Communications in Federal Criminal Cases*; and CPD 0140D, *Electronic Discovery*).

**2.5. (U) Online News Media**

(U) The DIOG establishes additional oversight and approval requirements for assessments and predicated investigations involving SIMs. Investigations involving the activities of the news media on the Internet are SIMs. (See DIOG 10.1.2.2.5 for the definition of “news media” and DIOG 18.5.6.4.8 for rules on interviews or contact with the news media.)

#### **3.1. (U//~~LES~~) Public Information**

(U//~~LES~~) DIOG 5.1.1.1 authorizes employees to search and review various forms of online information prior to the initiation of an assessment or a predicated investigation, including various government systems and paid-for-service databases, as well as information available to the public via the Internet. However, to protect the public's constitutional rights, privacy, and civil liberties, employees must review, analyze, and document their investigative activities carefully. For further discussion, see DIOG 4.2.

##### **3.1.1. (U) Publicly Available Information on the Internet**

(U//~~LES~~) Warning:

[Redacted]

b7E

[Redacted]

(U//~~LES~~) FBI employees may conduct Internet searches of “publicly available information” for authorized purposes prior to the initiation of an assessment or a predicated investigation. To be considered “publicly available information,” the online content must be available to the employee in the same manner that it is to the general public. Where the online resource requires the employee to register for access, access to that resource is considered available to the public if the registration process is designed to accept all applications from the public and in no other way creates a restriction as to who may access the information. Use of fictitious information to register for access is prohibited prior to opening an assessment.

(U//~~LES~~) **Note:** Online information that requires a fee for access is considered “publicly available information” if anyone in the general public can purchase access to the same information. In this situation, paying a fee for access is comparable to paying for a newspaper that is offered for sale to the public. (See DIOG subsection 18.5.1.1.D.)

##### **3.1.2. (U) Public Chat Rooms**

(U//~~LES~~) Information contained in a public chat room may fall within the category of “publicly available information.” Public chat rooms are comparable to attending a public

meeting and may be used to review public information prior to the opening of an assessment or a predicated investigation. (See DIOG subsections 5.1.1.1 and 18.5.1.E.)

b7E

(U//~~LES~~) **Example:**

(U//~~LES~~) **Response:**

**3.1.3. (U//~~LES~~) Obtaining Identifying Information about Users or Networks**

(U//~~LES~~) There are widely available software tools for obtaining publicly available identifying information about an individual or a host computer on a network.

Employees may use such tools in their intended, lawful manner under the same circumstances that the DIOG authorizes employees to look up similar identifying information (e.g., a telephone number) through nonelectronic means. Employees must be careful to use these information-gathering tools only as conventionally permitted and not in a manner unauthorized by the system, such as by exploiting design flaws in a program or using software tools to circumvent operating system protections or circumvent restrictions placed on system users.

(U//~~LES~~) **Example:**

b7E

(U//~~LES~~) Certain tools, even though commonly and openly available on the Internet and used by the public, are not permitted for use by law enforcement if their use would violate statutory restrictions such as the Electronic Communication and Privacy Act (ECPA) or Title III.

**3.4. (U) Documentation Requirements for Activities Authorized Prior to Opening an Assessment: Existing/Historical Information (DIOG 5.1.2)**

(U//~~FOUO~~) FBI employees may conduct Internet searches of “publicly available information” for authorized purposes prior to the initiation of an assessment or a predicated investigation. The following documentation requirements differ, depending on whether the searches are being conducted pursuant to (1) processing a complaint, (2) responding to a tip or lead, or (3) conducting proactive Internet searches of “publicly available information”:

**3.4.1. (U) Processing a Complaint**

(U//~~FOUO~~) FBI employees are permitted to retain records checks and other information collected while processing a complaint or responding to a tip or lead using permitted DIOG 5.1.1 activities. This collection/retention is permitted if, in the judgment of the FBI employee, there is a law enforcement, intelligence, or public safety purpose. This documentation must be completed as soon as practicable, but not more than five business days from the receipt of the information. When permitted, such documentation must be retained in one of the following files:

- (A) (U//~~FOUO~~) Zero classification file, when no further investigative activity is warranted
- (B) (U//~~FOUO~~) Relevant, open or closed zero sub-assessment file
- (C) (U//~~FOUO~~) Relevant, open or closed assessment
- (D) (U//~~FOUO~~) Relevant, open or closed predicated investigation file

**(U//~~FOUO~~) Response:**

**3.4.2. Conducting Proactive Internet Searches of “Publicly Available Information”**

(U//~~FOUO~~) FBI employees are permitted to conduct proactive Internet searches of “publicly available information” to process observations or other information for authorized purposes, but they may only collect/retain this information if it is within the scope of an open assessment or a predicated case. This collection/retention is permitted if, in the judgment of the FBI employee, there is a law enforcement, intelligence, or public safety purpose. This documentation must be completed as soon as practicable, but not more than five business days from the receipt of the information. When permitted, such documentation must be retained in one of the following files (with a summary narrative tying the information to an FBI criminal or national security purpose):

- (A) (U//~~FOUO~~) A relevant, open assessment
- (B) (U//~~FOUO~~) A relevant, open predicated investigation file
- (C) (U//~~FOUO~~) A new assessment or predicated investigation file, when further investigative activity is warranted

(U//~~FOUO~~) If, however, in the judgment of the FBI employee, the records checks or other information obtained using permitted DIOG 5.1.1 activities, does not serve a law enforcement, intelligence, or public safety purpose, then those record checks, data, information, or documents cannot be retained and must be destroyed. This requirement to destroy applies to information printed or stored on removable media, stored within a public database (history of searches/queries), or stored in any other physical or digital

In this limited circumstance, the employee must overtly identify himself or herself as being affiliated with the FBI  When conducting such clarifying interviews online, employees must use their official FBI Internet e-mail accounts (e.g., firstname.lastname@ic.fbi.gov) and/or other government-sponsored, overt e-mail account addresses and identify

## 4. (U//~~LES~~) Authorized Investigative Methods Conducted Online: Assessments

---

### 4.1. (U) Introduction

(U//~~LES~~) All investigative methods authorized prior to the opening of assessments or predicated investigations are authorized during assessments. Consistent with DIOG 18.5, the following online methods are authorized during an assessment.

### 4.2. (U//~~LES~~) Publicly Available Information (DIOG 18.5.1)

(U//~~LES~~) In addition to the online investigative methods defined in subsection 3.1 of this appendix, once an assessment has been opened, employees may also use automated regular searches (e.g., Google alerts) to conduct regular searches of publicly available information. However, as stated in subsection 3.1, to protect the public's constitutional rights, privacy, and civil liberties, employees must review, analyze, and document their investigative activities carefully. For further discussion, see DIOG 4.2.

(U//~~LES~~) Warning: [REDACTED]  
[REDACTED]

(U//~~LES~~) [REDACTED] the FBI should generally deal openly with the public during an assessment. It is permissible in an assessment (see DIOG 18.5.6.4.9 and 18.5.6.4.11.1.), [REDACTED]

**4.3.2. (U) Mandatory review**

(U//~~FOUO~~) Statements made by subjects of assessments and predicated investigations utilizing social media generally include content protected by the First Amendment. The FBI may only collect, as defined in subsection 3.1, of this appendix, information relating to the exercise of a First Amendment right if (1) the collection is logically related to an authorized investigative purpose, (2) the collection does not materially interfere with the ability of an individual or a group to engage in the exercise of constitutionally protected rights, and (3) the method of collection is the least intrusive alternative that is reasonable, based upon the circumstances of the investigation. While conducting file reviews and assessment justification reviews pursuant to DIOG 3.4.4, supervisory personnel must ensure that collection of content/materials [REDACTED]

**4.4. (U//~~LES~~) Private/Restricted Access**

**4.4.1. (U//~~LES~~) Consent Search: Obtaining Access to Restricted Online Web Sites with Consent**

(U//~~LES~~) **Note:** A consenting party is someone with the authorization to “access and control” content on the site. This includes the account holder for a social-networking site, the system administrator, or a company official with authority to direct others regarding site content. An employee may also access a restricted site if the owner makes the site available to a category of Internet users that includes the employee [redacted]

(U//~~LES~~) In order to access private or restricted-access online forums, as in the physical world, an exception to the search warrant requirement is needed. The most commonly utilized exception during FBI investigative methods conducted online is consent. Internet content not available to the general public is considered restricted access. Access may be restricted to a few select persons [redacted]

[redacted] or may be restricted to a certain class of individuals [redacted]

Such sites are considered restricted sources of online information. An employee is authorized to obtain access to such sites during an assessment if the consenting party [redacted] [redacted] is fully aware of the employee’s affiliation

with the FBI and has authority to consent, as demonstrated by the consenting party’s access and control. Written consent must be obtained whenever possible from the consenting party and documented in the case file. For CHSs, this documentation must be maintained in CHS files. If the consenting party declines to provide written consent, oral consent is acceptable, as long as two employees (one of whom must be an FBI agent) witness the consent, and the consent is documented in an FD-302 (“Form for Reporting Information That May Become the Subject of Testimony”) [redacted]

[redacted] This activity constitutes a consent search, and it is fully authorized during an assessment. (See DIOG 5.9.1.) As is the case with all consent searches, the employee must always be mindful of the exact consent given and whether the consenting party has the lawful authority to grant the actual consent provided to the employee.

**4.6. (U//~~LES~~) Monitoring/Recording of Real-Time Communications in Assessments (Distinction Between Public and Private)**

**4.6.1. (U//~~LES~~) Public Real-Time Communications in Assessments (Recording Permitted if FBI Employee/CHS/Consenting Party is Present)**

**4.6.1.1. (U//~~LES~~) Definition of Public Real-Time Communication**

(U//~~LES~~) A key factor in determining if an exchange is occurring in real time is whether the exchange is preserved and made available on the site to viewers later on. Forums where the communications are preserved for future viewers are generally not real time. Typically, a blog or bulletin board system preserves posted comments to enable future viewers to see the information, meaning that communications posted on these forums are not real time. Further, even when several contributors to a bulletin board site are using it to rapidly engage in an exchange, it is not a real-time forum, as the content enjoys some degree of permanency, even though the information may only be posted online for as little as a week. In contrast, a typical chat room is designed to allow only users currently in the room to view the exchange and does not preserve the exchange for those entering

**UNCLASSIFIED//~~LES~~**  
**Domestic Investigations and Operations Guide**

the room at a later point in time. [REDACTED]  
[REDACTED]

(U//~~LES~~) Legal authority: The monitoring/recording of most real-time communications on the Internet is protected by the First and Fourth Amendments and/or statutes such as Title III and the Foreign Intelligence Surveillance Act (FISA). There is a unique section of the Wiretap Act (18 U.S.C. 2511(2)(g)(i)) that allows “any person” to intercept an electronic communication that is readily accessible to the general public (i.e., public real-time communications). [REDACTED]  
[REDACTED]

b7E

(U//~~LES~~) Approval requirement: Public real-time communications that are evidentiary in nature should be recorded if it is necessary to achieve the objective of the assessment and is the least intrusive means to do so. Once the public real-time communications are recorded, only pertinent information may be documented/indexed into an FBI Recordkeeping System (i.e., serialized via an FD-302). The complete recording must be stored as evidence in the investigative file and the communications must be preserved in a manner authorized by FBI procedures governing the preservation of electronic communications.

(U//~~LES~~) No real-time communications can be recorded if the employee is not present during the recording. While 18 U.S.C. 2511(2)(g)(i) allows the recording of public real-time communications without the presence of a consenting party or without a court order, as a matter of policy, FBI employees must be present to record public real-time communications during an assessment. [REDACTED]  
[REDACTED]

[REDACTED] (See DIOG 18.6.3.5.) Additionally, in order to utilize the least intrusive means and to limit the collection of non-pertinent communications, the employee must observe the communications as they are being recorded.

(U//~~LES~~) Example: [REDACTED]  
[REDACTED]

b7E

(U//~~LES~~) Example: [REDACTED]  
[REDACTED]

(U//~~FOUO~~) The employee must ensure that information to be collected from the Internet is rationally related to his or her authorized purpose and can be lawfully obtained. The employee must properly document this analysis in the investigative file.

**4.6.2. (U//~~LES~~) Private, Real-Time Online Communications in Assessments  
(Recording not Permitted)**

(U//~~LES~~) Significant amounts of real-time online communications are private communications (e.g., instant messaging or restricted chat rooms) requiring consensual monitoring authority to record. The AGG-Dom limits the use of consensual monitoring to predicated cases. In these situations, employees are permitted to monitor private, real-time online communications during an assessment (with or through a CHS or non-confidential party only), but cannot electronically record them.

## **5. (U//~~LES~~) Investigative Methods Conducted Online: Predicated Investigations**

---

### **5.1. (U) Introduction**

(U//~~LES~~) In predicated investigations (a preliminary investigation, a full investigation, an enterprise investigation, or a positive foreign intelligence investigation), all online investigative methods authorized prior to the opening of an assessment or during an assessment are authorized. The following online methods are also authorized during predicated investigations.

### **5.2. (U//~~LES~~) Consensual Monitoring of Communications, Including Electronic Communications (DIOG 18.6.1)**

#### **5.2.1. (U//~~LES~~) Private, Real-time Online Communications in Predicated Investigations**

(U//~~LES~~) Monitoring of wire, oral, or electronic communications based on the consent of one party to the communication is referred to as consensual monitoring (DIOG 18.6.1.1). In the online environment, the recording of private real-time communications that is restricted from public access is considered consensual monitoring and is only authorized in predicated investigations.

(U//~~LES~~) A restricted online environment is defined as one that is not available to the general public. (See subsection 3.1 of this appendix for further discussion of publicly accessible).

(U//~~LES~~) Example:

(U//~~LES~~) Example:

(U//~~LES~~) There are many real-time online forums that involve many people communicating simultaneously (e.g., chat rooms). While employees are cautioned against recording communications not pertinent to the investigation, where feasible (see DIOG 18.6.1.5.1.3), it may not be possible to selectively record comments not pertinent to the

~~UNCLASSIFIED//LES~~  
Domestic Investigations and Operations Guide

investigation that have been made by other participants. When nonpertinent communications are intermixed with pertinent communications, recording of the nonpertinent communications is sometimes unavoidable. The employee must always later review the recordings and redact or minimize, as necessary, particularly when disclosing the recording to a third party.

(U//~~LES~~) The employee or OCE must observe/be present during the online communications as they are recorded. No private real-time communications may be recorded if the employee is not present during the recording, that is, to provide the one-party consent.

(U//~~LES~~) As noted in appendix L subsection 4.1, the recording of public real-time communications and the collection of information from restricted forums (authorized in both assessments and predicated investigations) that are not real time do not require consensual monitoring authority. Therefore, when operating within a predicated investigation, it is critical to establish if the forum is restricted and real time to determine whether the employee needs consensual monitoring authority.

(U//~~LES~~) **Approval:** The employee must obtain [redacted] authority to conduct consensual monitoring prior to recording private real-time communications in a restricted forum, in accordance with DIOG 18.6.1. In the FD-759, "Notification of Authority Granted for Use of Electronic Monitoring Equipment Not Requiring a Court Order" (form for consensual monitoring), the employee must articulate how the information to be collected by the recording is relevant to the predicated investigation. When approving the FD-759, [redacted] must consider if recording the communications is the least intrusive method to obtain the evidentiary information, weighing the investigative value of the evidence to be obtained against the potential collection of First Amendment activity. Once recorded, only pertinent information may be uploaded into an FBI Recordkeeping System to minimize the use of non-pertinent information that is only collected because it is commingled with pertinent, case-related information. The complete recording must be stored as evidence.

(U//~~LES~~) The nature of online communications makes counting substantive “undercover contacts” (UCAs) more difficult than in the physical world. Generally, a physical-world contact consists of a single communication or conversation, either face-to-face or over the telephone, naturally circumscribed in time. In the online world, each discrete online conversation between an FBI employee and a subject also constitutes a separate undercover contact. [REDACTED]

## 6. (U//~~LES~~) Online Activity Leading to Undisclosed Participation

---

(U//~~LES~~) UCEs and OCEs engaging in online communications need to be aware of circumstances amounting to UDP. UDP takes place when anyone acting on behalf of the FBI, including a UCE, an OCE, or a CHS, becomes a member of or participates in the activity of a legitimate organization on behalf of the United States government (USG) without disclosing FBI affiliation to an appropriate official of the organization. (See DIOG Section 16 for further discussion on UDP). All employees must understand and be aware of UDP concerns in their online investigations.

DIOG Appendix L – Investigations Conducted Online by an FBI Employee QRG

## 9. (U) Key Terms and Definitions

(U) [REDACTED]

(U) **Employee:** Employee, as used in this appendix, is intended to be inclusive of FBI SAs, intelligence analysts (IA), OCEs, UCEs, and any other FBI employee engaged in activities authorized by the AGG-Dom and the DIOG, as well as any task force personnel, assignees, or detailees to the FBI who are expected to follow FBI operational policies when working on behalf of the FBI, as delineated by the cooperative agreement, memorandum, or other contract under which they are operating.

(U) [REDACTED]

b7E

(U) **Online covert employee:** a trained and certified employee of the FBI or a sworn law enforcement officer of a federal, state, or local law enforcement agency, working under the direction and control of the FBI, whose identity as an employee of the FBI or another law enforcement agency is concealed from third parties (subjects or persons of investigative interest) with whom the OCE is engaged in substantive online interactions and communications, usually in the context of a UCO. [REDACTED]

(U) [REDACTED]

(U) **Publicly available information:** information that has been published or broadcast for public consumption, is available on request to the public, is available to the public by subscription or purchase, is made available at a meeting open to the public, or is obtained by visiting any place or attending any event that is open to the public. For a further discussion regarding online publicly available information, see DIOG 18.5.1.

(U) **Real-time communication:** A key factor to determining if an exchange is occurring in real time is whether the exchange is preserved and made available later on the site to viewers. Forums where the communications are preserved for future viewers are generally not real time. Typically, a blog or bulletin board system preserves posted comments to enable future viewers to see the information, meaning that communications posted on these forums are not real time. Further, even when several contributors to a bulletin board site are using it to rapidly engage in an exchange, it is not a real-time forum, as the content enjoys some degree of permanency even though the information

may only be posted online for as little as a week. In contrast, a typical chat room is designed to allow only users currently in the room to view the exchange and does not preserve the exchange for those entering the room at a later point in time. Examples of real-time communications include most chat rooms, instant messaging, and Skype. These modes of communication are still considered real-time even if they are stored and accessible at a later date, because obtaining that information at a later date would require legal process. If the information remains on the online environment, and legal process is not required to obtain the contents, is it not considered real-time communications.

## N APPENDIX N: (U) FEDERAL TAXPAYER INFORMATION (FTI)

---

### N.1 (U) SUMMARY

(U//~~FOUO~~) During the course of criminal investigations, the Federal Bureau of Investigation (FBI) often requests taxpayer records from the Internal Revenue Service (IRS) via *ex parte* orders. The Internal Revenue Code (IRC) reinforces the confidentiality of the relationship between the taxpayer and the IRS by making it a crime to violate that confidence. The sanctions of the IRC are designed to protect the privacy of taxpayers. Information obtained by the FBI directly from the IRS must be protected in accordance with the provisions of the IRC and IRS Publication 1075.<sup>58</sup> This appendix provides guidance on the proper procedures for obtaining, handling, and protecting the federal taxpayer information (FTI) received by the FBI directly from the IRS. As a condition of receiving FTI, the FBI is statutorily obligated to properly protect the information in accordance with the safeguarding provisions established under Title 26 United States Code (U.S.C.) Section (§) 6103(p)(4), the “Internal Revenue Code” (IRC hereafter referred to as “Code”). All FBI personnel who handle FTI must be familiar with these procedures and requirements. FBI personnel includes all FBI employees, applicants, contractors, consultants, interns, task force personnel, and other government agency (OGA) personnel detailed to the FBI in the course of their assigned duties.

(U//~~FOUO~~) The Code permits the IRS<sup>59</sup> to disclose tax returns and return information to certain federal, state, and local agencies, but only to the extent that such disclosure is specifically authorized within § 6103 of the Code. It is the responsibility of FBI personnel who handle FTI to comply with all requirements of 26 U.S.C. § 6103. All agencies receiving such information are prohibited from unlawfully disclosing such information. The IRS commonly refers to this category of information as “Federal Taxpayer Information” or “FTI.”<sup>60</sup> Agencies are statutorily obligated to properly protect this information in accordance with the safeguarding provisions established under 26 U.S.C. § 6103(p)(4). The information may only be accessible to persons whose duties or responsibilities require access and to whom disclosure is available under the statute. The FBI is required to establish a system of records relating to each request and receipt of information, as well as a secure area for storage with restricted access to that area and the information stored there. Once the information is no longer needed, the IRS requires that the FTI be disposed of in accordance with the Code’s requirements.<sup>61</sup>

(U//~~FOUO~~) Many FBI investigations involve “joint task forces” and may include the cooperation of state and local law enforcement authorities. Section 6103(i) of the Code does not authorize disclosure of tax information to nonfederal investigators, even if they are formally assigned to a federal task force, unless they qualify as federal employees. State and local task force officers who are deputized qualify as federal employees.

(U//~~FOUO~~) The FBI can only accept FTI from the IRS or another agency when it is disclosed in accordance with an authority provided under the statute for disclosure of FTI. FTI can be received and used by several units within the FBI for the same case and purpose; however, safeguarding responsibilities must be centralized with consistent standards.

(U//~~FOUO~~) Any agency that receives FTI for an authorized use may not use that information in any manner or for any purpose not consistent with the authorized use.<sup>62</sup> If the FBI requires FTI for a different authorized use under the Code, a separate request must be made. An unauthorized secondary use of information is specifically prohibited and may result in discontinuation of disclosures by the IRS and the imposition of civil and or criminal penalties on the responsible official.

## N.2 (U) APPLICATION

(U//~~FOUO~~) FTI may be acquired from the IRS during a predicated investigation for use in any judicial or administrative proceeding pertaining to the enforcement of a federal criminal statute other than tax administration to which the United States or the FBI is a party.<sup>63</sup>

(U//~~FOUO~~) Tax information acquired directly from the IRS is considered FTI and is protected under the IRC's confidentiality protections. [REDACTED]

## N.3 (U) DEFINITIONS

### N.3.1 (U) FEDERAL TAX INFORMATION

(U//~~FOUO~~) Information that is protected under the confidentiality provisions of 26 U.S.C. § 6103 is referred to as FTI and includes all information relating to the taxpayer that is received by the Department of the Treasury (hereinafter referred to as "IRS"). It specifically includes information obtained by the IRS from third parties, including informants [confidential human sources]; information derived from those third-party submissions; and the work product of the IRS in determining, assessing, and collecting taxes or investigating taxpayer criminality.

(U//~~FOUO~~) [REDACTED]

[REDACTED] The IRS guidelines for confidentiality protection apply specifically to information that agencies receive directly from the IRS.

### N.3.2 (U) RETURN

(U//~~FOUO~~) As defined in 26 U.S.C. § 6103(b)(1), "The term 'return' means any tax or information return, declaration of estimated tax, or claim for refund" filed with the IRS and any amendments such as "supporting tax schedules, attachments, or lists which are supplemental to, or part of, the return so filed."

### N.3.3 (U) RETURN INFORMATION

(U//~~FOUO~~) Return information is defined as any information (other than the return filed by the taxpayer) that is filed with the IRS by sources other than the taxpayer [REDACTED]

<sup>62</sup> (U) IRS Publication 1075, § 2.2 ("Need and Use").

<sup>63</sup> (U) 26 U.S.C. § 6103(i)(A).

These documents become part of the individual's file and are maintained by the IRS for tax purposes.

**N.3.4 (U//~~FOUO~~) TAXPAYER RETURN INFORMATION**

(U//~~FOUO~~) Taxpayer return information is information filed with, or furnished to, the IRS by, or on behalf of, a taxpayer.<sup>64</sup> (See N.3.3. above.) [REDACTED]

[REDACTED]

(U//~~FOUO~~) "The term 'taxpayer return information' means return information as defined in paragraph (2) which is filed with, or furnished to, the Secretary by or on behalf of the taxpayer to whom such return information relates." (26 U.S.C. § 6103 (b)(3))

**N.3.5 (U//~~FOUO~~) RETURN INFORMATION (INFORMATION RETURNS) OTHER THAN TAXPAYER RETURN INFORMATION (OTRI)**

(U//~~FOUO~~) OTRI includes return information that was NOT provided to the IRS by, or on behalf of, a taxpayer. It includes information obtained from third parties who are not representatives of the taxpayer and extends to the following types of information:

1. The books and records of a named taxpayer supplied to the IRS by a third party
2. The portion of an interview between the IRS agent and a third party discussing a named taxpayer
3. Information developed by IRS agents in the course of investigating a named taxpayer's return from sources other than a taxpayer's representative acting on behalf of the taxpayer
4. The fact that a named taxpayer filed or failed to file a return

**N.3.6 (U) DERIVATIVE TAX INFORMATION**

(U//~~FOUO~~) Any information taken from records obtained directly from the IRS retains its original classification as FTL. [REDACTED]

(U//~~FOUO~~) **Example:** [REDACTED]

[REDACTED]

<sup>64</sup> (U) See 26 U.S.C. § 6103(b)(3).

#### N.4 (U) DEPARTMENT OF JUSTICE (DOJ) REQUIREMENTS FOR OBTAINING AND SAFEGUARDING FTI<sup>65</sup>

(U//~~FOUO~~) In order to receive tax information from the IRS, 26 U.S.C. § 6013 requires that the DOJ establish and maintain the following, to the satisfaction of the IRS:

1. (U//~~FOUO~~) A permanent system of records, with respect to any requests and any disclosures of tax information.
2. (U//~~FOUO~~) A secure area or place where the information will be stored.
3. (U//~~FOUO~~) Restricted access to the information by those individuals whose duties and responsibilities require such access and to whom disclosure may be made under the provisions in the Code.
4. (U//~~FOUO~~) Any other safeguards that the IRS determines to be necessary to protect the confidentiality of the information.
5. (U//~~FOUO~~) A report must be furnished to the IRS, containing information describing the procedures established and utilized for ensuring the confidentiality of tax information, as required by the IRS.

#### N.5 (U) DISCLOSURE TO FEDERAL OFFICERS OR EMPLOYEES FOR ADMINISTRATION OF FEDERAL LAWS NOT RELATING TO FEDERAL TAX ADMINISTRATION

##### N.5.1 (U) LEGAL PROCESS FOR OBTAINING FTI IN FBI INVESTIGATIONS

(U//~~FOUO~~) The IRS may disclose return and return information to federal officers or employees for use in criminal investigations unrelated to tax administration. FTI may be obtained from the IRS via *ex parte* order or written request from the head of the agency, either the Director of the FBI or a United States attorney (USA), for purposes of FBI investigations. It **cannot** be obtained from the IRS via grand jury subpoena or administrative subpoena. In certain circumstances, the IRS may elect to voluntarily provide the FBI with FTI in order to report possible violations of criminal law or in an emergency situation within the FBI's jurisdiction.

##### N.5.1.1 (U) EX PARTE ORDERS (26 U.S.C. § 6103(i)(1))

(U//~~FOUO~~) An application for an *ex parte* order may be submitted by the Attorney General, the Deputy Attorney General, the Associate Attorney General, any Assistant Attorney General, any USA, a special prosecutor appointed under 28 U.S.C. § 593, or any attorney in charge of a criminal division organized crime strike force (28 U.S.C. § 593). Prior to submitting an application for an *ex parte* order, the responsible official should notify the appropriate IRS district director that such an action is being planned.<sup>66</sup> The notice should include all relevant details so that the IRS can assemble the requested information and make

an appropriate determination, taking into consideration whether the disclosure would impair any civil or criminal tax investigation or reveal the identity of a confidential informant.

(U//~~FOUO~~) An *ex parte* disclosure will be granted by the court to provide information to all personnel who are personally and directly engaged in the preparation of any judicial or administrative proceeding pertaining to the enforcement of federal criminal statutes unrelated to tax administration; any investigation that may result in such a proceeding; or any federal grand jury proceeding pertaining to enforcement of criminal statutes. The information may only be used by those officers and employees.

(U//~~FOUO~~) The assistant United States attorney (AUSA) working with the FBI will prepare the order for the signature of the USA. A judge or magistrate may grant such an application for an order if there is a finding based upon the facts submitted that there is reasonable cause to believe that:<sup>67</sup>

1. (U//~~FOUO~~) A specific crime has been committed.
2. (U//~~FOUO~~) The return or return information is or may be relevant to a matter relating to the commission of that crime.
3. (U//~~FOUO~~) The information is sought exclusively for use in a federal investigation, and the information cannot reasonably be obtained from another source.

(U//~~FOUO~~) Language in the application and order should track the statutory language as closely as possible, listing every statutory violation for which “reasonable cause” exists to request these records. [REDACTED]

b7E

[REDACTED]

(U//~~FOUO~~) Tax return information received pursuant to an *ex parte* order is limited for use solely for the incident, threat, or activity described in the application to the court.<sup>68</sup> FTI obtained via *ex parte* order may only be used by the employees working on the investigation(s) described in the *ex parte* application. The information cannot be shared among case files or among FBI squads investigating separate cases. A separate *ex parte* order must be obtained if the FTI is needed for a different investigation not described in the original *ex parte* application. Due to the sensitivity of tax information and the penalties that attach to the unauthorized inspection and dissemination of this information, FBI employees should consult with their chief division counsels (CDC) and the Office of the General Counsel (OGC), as needed, prior to requesting an *ex parte* order from an AUSA.

#### N.5.1.2 (U) WRITTEN REQUEST (LETTERHEAD)

(U//~~FOUO~~) A letterhead request may be made to the IRS by the Director of the FBI to obtain information “other than taxpayer return information.”<sup>69</sup> The IRS may disclose this information to the Director of the FBI, in writing, if the information may constitute evidence of a violation of any federal criminal law within the investigative jurisdiction of the FBI. The request must be made in writing to the appropriate IRS district director by the Director of the FBI (see 26 U.S.C. § 6103(i)(1)). The request must be for the intended use and must set forth the taxpayer’s name and address, the taxable periods for which the information is sought, the

<sup>68</sup> (U//~~FOUO~~) This information is available in a Preliminary or Full Investigation.

statutory authority under which the enforcement proceeding is being conducted, and the specific reason(s) why the information sought is relevant to the enforcement proceeding, and it must indicate that the agency is directly engaged in preparing for a judicial or administrative proceeding, an investigation which may result in such a proceeding, or a grand jury proceeding (see 26 U.S.C. § 6103(i)(1)(A)(iii)). The Secretary of the Treasury shall disclose this information to officers and employees of the FBI who are personally and directly engaged in the investigation solely for their use as needed to enforce such law.

(U//~~FOUO~~) This information is limited to the taxpayer's name, address, and SSN; whether a tax return has or has not been filed within the last three years; or the name and address of any individual who filed from a particular address for a requested period of time. If the information may constitute evidence of a violation by any taxpayer of any federal criminal law unrelated to tax administration, then the taxpayer's identity may also be disclosed (26 U.S.C. § 6103(i)(3)).

**N.5.1.3 (U) DISCLOSURE OF RETURN INFORMATION BY THE IRS  
RELATED TO CRIMINAL, TERRORIST ACTIVITIES OR  
EMERGENCY CIRCUMSTANCES (26 U.S.C. § 6103(i)(3))**

**N.5.1.3.1 (U) POSSIBLE VIOLATIONS OF FEDERAL CRIMINAL LAW**

(U//~~FOUO~~) Generally, the IRS may voluntarily disclose in writing, without a request, return information (OTRI) that may constitute evidence of a violation of any federal criminal law that does not involve tax administration in order to notify the head of the federal agency responsible for enforcement of that violation. If there is return information other than OTRI that may constitute evidence of such a crime, the taxpayer's identity may also be disclosed under that provision. Upon receipt of this information, the Director of the FBI may disclose the information to the officers and employees who are working or will be assigned to the investigation.

**N.5.1.3.2 (U) EMERGENCY CIRCUMSTANCES<sup>70</sup>**

(U//~~FOUO~~) In circumstances where there is an imminent danger of death or physical injury to any individual, the IRS may voluntarily disclose return information to the extent necessary to apprise appropriate officers or employees of a federal or state law enforcement agency.

(U//~~FOUO~~) In situations involving fugitives (flight from federal prosecution) a voluntary disclosure of return information may be made by the IRS to apprise the appropriate law enforcement agency.

**N.5.1.3.3 (U) DISCLOSURE BY THE IRS OF INFORMATION RELATING TO  
TERRORIST ACTIVITIES (26 U.S.C. § 6103(i)(3)(C))**

**N.5.3 (U) BACKGROUND INVESTIGATION REQUESTS**

(U//~~FOUO~~) The IRS may disclose the return of any taxpayer, or return information with respect to such taxpayer, to such individuals as the taxpayer may designate in a request for, or consent to, disclosure for the purposes of background investigations for employment.

(U//~~FOUO~~) In addition, § 6103(g)(1) and (2) discuss disclosure to the President and certain other persons provided for in the statute. It provides for disclosure of return information to Presidential appointees and certain other federal government appointees. Upon written request of the President or the head of any federal agency, the IRS may disclose to an authorized representative of the Executive Office of the President, federal agency head, or the FBI, return information with respect to an individual under consideration for an appointment to a position in the executive or judicial branch of the federal government. The information shall be limited to whether the individual has filed returns for the preceding three years; has failed to pay any tax within ten days after notice and demand; has been assessed a penalty in the current year or preceding three years; has been under investigation for possible criminal offenses under the internal revenue laws and the results of such an investigation; or has been assessed any civil penalty under the internal revenue laws for fraud. Within three days of receipt of the request for this information, the Secretary of the Treasury shall notify the individual in writing that the information has been requested under the Code.

(U//~~FOUO~~) The employee who receives this information from the Secretary may not disclose such information to any other person except the President or the head of the federal agency without the written direction of the President or head of the federal agency.

**N.5.4 (U) INFORMATION OBTAINED FROM STATE TAX ADMINISTRATION/AGENCY**

(U//~~FOUO~~) Information requested and obtained from state tax authorities is not considered FTI, and the requirements of Title 26 of the IRS Code do not apply to these types of records. However, each state may have specific requirements concerning the procedures for obtaining and maintaining these types of official records pertaining to their taxpayers. Many state tax returns are also protected by antidisclosure laws that are closely patterned after § 6103 of the Code. State returns may not be available through subpoenas, and the AUSA's access to them may not be covered by exceptions to the state disclosure laws. If the investigation demonstrates a need for these records, agents should consult with their CDC and local USAOs or state prosecutors to determine the appropriate methods for obtaining and safeguarding these records in compliance with state requirements.

**N.5.5 (U) OTHER THAN FTI**

(U//~~FOUO~~) Tax information obtained directly from an individual or from that individual's tax preparer [REDACTED] is not covered by the statutory requirements set forth in the Code and does not require the same treatment as FTI.

b7E

## N.6 (U) HANDLING, STORING, AND SAFEGUARDING FTI

(U//~~FOUO~~) The IRS requires that certain specific safeguards be employed by an agency for the protection of FTI.<sup>73</sup> FTI must be protected from unauthorized disclosure to persons who do not possess the need to know. Access must be limited only to those individuals working on the specific case for which the FTI was requested, and the requested FTI may only be used for the specific reason that it was requested. If the FTI is to be used for a different purpose, a new request must be filed under a different provision of 26 U.S.C. § 6103.

(U//~~FOUO~~) The information must be protected using minimum protection standards, as defined in the Internal Revenue Code. This method establishes the minimum standards that will be applied on a case-by-case basis, considering local circumstances to determine space and containers for the basic framework of minimum security requirements. [REDACTED]

b7E

[REDACTED]

(U//~~FOUO~~) All tax information must be maintained in accordance with the requirements of the *United States Attorney's Manual* (Sections 3-6.300), DOJ Order 2620.5A (February 23, 1981), and the memorandum from the Executive Office for United States Attorneys (EOUSA) Director, entitled "Maintenance of Tax Returns and Return Information" (August 23, 1996) [REDACTED]

Although “no particular factual predication” is required, the basis of an Assessment cannot be arbitrary or groundless speculation, nor can an Assessment be based solely on the exercise of First Amendment protected rights or on the race, ethnicity, gender, national origin, religion, sexual orientation, or gender identity of the subject, or a combination of only those factors.
