CANDIDATE FOR PHSA NATIONAL PRESIDENT

Edward “Ski” Szwab (U.S. Submarine Base), past president, trustee and membership chairman of San Diego Chapter 3, announces his candidacy for the Office of National President, PHSA, at the national convention to be held in New Orleans, La., in December, 1972.

“Ski” Szwab is a life member of San Diego Chapter 3. He was chapter president for three years, hosted the 1970 California State Convention, a trustee for three years. He was awarded a national award Certificate of Appreciation for signing up more than 100 members. Since he became a member of PHSA, “Ski” has signed up 145 members over a period of four years.

“Ski” served in the Navy for twenty years and has been awarded sixteen medals. On Dec. 7, 1941, “Ski” was on duty at the S:bb Base and was about to go on liberty when he stopped to watch the band warming up to play for colors, unaware that the day was destined to go down in history as PROPOSED RESOLUTIONS

All proposed resolutions, to be acted upon at this year’s national convention in New Orleans, are to be mailed in triplicate to your State Chairman, who in turn will submit them to your District Director; and the District Director shall forward them to Michael Dorr, Chairman of the Resolutions and Legislature Committee, 800 Rice Street, St. Paul, Minn. 55117.

the day Pearl Harbor was attacked.

At the age of eight years, “Ski” left the United States with his parents and brother to live in Koscielski, Poland. Then he returned to the United States in 1938.

In 1942, “Ski” married Sophia “Zos” Suchetka on November 21, 1942. He is looking forward to this year to observe his 30th wedding anniversary with “Zos”, his biggest supporter for PHSA. “Ski” states that a lot of credit must go to his wife, “Zos”, for supporting him for national president; he further states that no finer people are found anywhere than the Pearl Harbor Survivors and their families.

“Ski” gives a well done to all of our past officers, for they all did an outstanding job in the office they have held. They have given their best when asked to represent us and our association. What more can be given if not their best. He states he is proud of our past but We are dedicated to the memory of Pearl Harbor and to those gallant Americans who gave their lives for their country on December 7, 1941

In the January 1971 issue of the GRAM, this column made reference relative to the rapid influx of members into our association, the problems this growth represented and the certainty that our operational procedures would require changes to cope with the situation.

Notwithstanding the fact that a Hawaiian Reunion and also a national convention in New Orleans consumes much time during this term of office, the importance of improving our position in this regard has not gone unnoticed nor unattended and some accomplishment to this end has been experienced. Time and circumstance have prevented the desired progress in this area. However, all effort is being expended toward constructive and beneficial applications of common sense improvements whereby the status of our association may remain stable and effective in our endeavors on a daily basis and that our future as an association with a message of importance to the American public be assured.

In our association's 14 years of existence, we have held together in a remarkable fashion considering the growing pains encountered along the way. Having overcome these somewhat disheartening episodes one by one, with sometimes nothing more than faith in our organization, our only weapon, we have arrived at a point in our history from which we must make some decisions by which we may govern ourselves on a more solid and tangible foundation. It is to this goal that we must address our efforts. We may find that we will be required to depart from some of our past precedents to more forceful and perhaps drastic measures to ensure self-government and perpetuity.

The national convention in New Orleans this coming December promises to be very interesting and hopefully will become a milestone in the history of our association. Recommendations on issues for the betterment of the association will be of prime concern and with faith in the good judgment of my fellow Survivors, this writer feels we will all come away with a sense of real accomplishment for PHSA.

Yours in PHSA

LIFE IS STILL SWEET!

Hayne L. Moyer was born August 20, 1916, on a farm in Aiken County, South Carolina, and attended schools in Johnston and Ridge Spring.

He joined the navy in 1938 and received his training at Norfolk. His first ship was the USS Nitro in 1938.

In early 1941, he was transferred to the USS California as a second class water tender and was assigned to “B” Division, No. 1 boiler room, until December 7, 1941. Five days later he was aboard the USS Chicago for duty where he remained until she was sunk. He put the USS Reno into commission and was aboard her until she was hit. Then he put the USS Tucson into commission and served aboard her until the close of the war and was discharged from the navy as Chief Water Tender.

Hayne has been employed by Superior Electrocast Foundry and Concise Castings until December 11, 1970, on which date he entered the hospital.

After two weeks in the hospital, Hayne was told "I had two choices, go on a kidney machine or go home and forget it." His wife, sons and daughter encouraged him to fight, and he has ever since.

Bills came in fast and the insurance money went fast. Each kidney treatment was $200, sometimes doctors received $90 a day. This was a big worry to Hayne and he saw no way how he could buy a kidney machine.

Helen Riddle, wife of a PHSA member, visited Hayne one day and told him, "Stop worrying you are going to get a kidney machine."

A PHSA committee was appointed by John Diers and composed of Bill and Helen Riddle, Jim and Frances Reed, and George and Elizabeth Saunders. They asked funds from PHSA chapters and business associates to come to Hayne's rescue.

And, they did! It was a big boost to Hayne's morale.

Hayne tells me, "It's still a struggle sometimes. I use the machine three times a week and my son and daughter help. A typical day is — I start the machine and wash with saline, make chemical tests etc. which takes about an hour. My daughter comes and I hook up to the machine or putting me on as we call it, this is about 12 noon. My son comes home from college at 2:00 p.m. and stays with me until my wife comes home from work. I come off the machine between 8:30 to 9:00 p.m. and we then clean and store the machine until the next time. It takes about an hour to clean the machine. It is a two-man operation. I have to be dialysed for eight hours each time. Once a week we have to rebuild the machine and that takes about 1½ hours."

Hayne keeps busy by working a little in the yard and house. He writes lots of letters, mostly to Pearl Harbor friends. He is able to attend local chapter meetings.

He is growing orchids as a hobby and lately has a house full of parakeets which he keeps outside (finds them too messy in the house).

Hayne says "Thanks to so MANY MANY GOOD FRIENDS. LIFE IS STILL SWEET, and we do very well."

NORFOLK CHAPTER CO-SPONSORS
DEC. 7TH MEMORIAL SERVICES

A wreath settled into Hampton Roads memorializing the date, thirty years ago, December 7, 1941, when carrier-launched Japanese planes attacked Pearl Harbor and other military installations on the island of Oahu, Hawaii.

Members of Chapter 2 Tidewater Area and others, their collars turned high against the cold, watched a helicopter, pick up a wreath from the Navy Command Ship, USS Mount Whitney, and fly it away to a watery grave.

Marine Corps rifleman fired three volleys, and Navy bugler sounded Taps aboard the Mt. Whitney.

The memorial service, first of its kind in the Norfolk-Newport area, was co-sponsored by Chapter 2, Virginia, and Captain Orlie G. Baird, commanding officer of the Mt. Whitney, flagship of Rear Admiral Moore.

CHAPLAIN RAYMOND C. HOHENSTEIN

Chaplain Hohenstein (Capt., USN, Ret.) of Bethesda, Md., who conducted the ceremony aboard ship, weathered the attack on Pearl Harbor from his post on the battleship USS California. He was also present at the signing of the Japanese surrender on the USS Missouri on September 2, 1945. Jim Martin, president of Chapter 2, gave the closing remarks, and the ceremony concluded with the Pearl Harbor Prayer. (Official U.S. Navy Photograph)
