Patriotic Pup Survives Basic

WHISKERS SALUTES
My name is Whiskers - I am a 9 year old wire-haired terrier - I live with my Master, “Red” Earl Bridwell and Alice at 5601 Boy Scout Road, Lawrence, Indiana - “Red” was a Sergeant, stationed at Schofield Barracks, on December 7, 1941 and is a lifetime member of the PHSA.
I feel I have had good training by the Sarg, other than the common usual tricks one is taught. I salute the flag each morning as the Colors are raised - in the evening when Retreat is sounded at nearby Fort Harrison Army Base. I stop whatever I am doing and sit up and salute. I am also trained to use a slit trench (outdoor plumbing to you Swabbies). I imitate the girls in Honolulu and I really enjoy putting on a show when the school busses stop by to watch me.

EARL BRIDWELL
“Red” says I am one of the smartest Recruits he has ever trained.

Fred is a survivor of the USS California. He was aboard ship at the time of the attack on December 7, 1941, and a member of the ship’s band ready to play morning colors. Later he was assigned to the Fleet Radio Unit, Pacific - which is now called the Naval Security Group - for a total of 28 years.

GARBUSCHEWSKI
Fred is a life member of PHSA and a charter member of the Aloha Hawaii Chapter. He has served as chaplain, parliamentarian and presently holds the chapter office of vice president. He was the Hawaii Chairman for the 30th Anniversary Reunion, chairman of the souvenir booklet, Editor-in-Chief of the 30th anniversary booklet, chairman of the Luau Committee and chairman of the Pilgrimage. He is a member of the Veterans of Foreign Wars, Fleet Reserve Association, Navy Club of American and the USS California Reunion Association. He has also served on the Governor of Hawaii's Veterans Day Committee for the past two years.

During the past year, Fred spent a day with the Chief Editor of the Pearl Harbor-Gram, Dave Briner, in Waukegan; visited con. on Page 10
It was during the War of 1812 that the British decided to make a stab at control of the Mississippi Valley and selected New Orleans as the key city in their attack. In 1814, a British fleet appeared off Barataria Island, which was then the headquarters of the brothers Jean and Pierre Lafitte, notorious pirates and smugglers. All attempts by the British to bribe these men, including the offer of a captaincy in the British Navy to Jean Lafitte, failed and their services were tendered to the defending Americans. After some hesitation on the part of officials, this offer was accepted and the pirates fought side by side with Andrew Jackson's Kentucky riflemen and Louisiana's militiamen and defeated the British in the Battle of New Orleans, January 8, 1815.

The site of this battlefield is now a park and is marked by a giant obelisk of white marble, set on the old plantation of Chalmette de Ligny, a short distance below the city.

In the course of its long life, New Orleans has had an unusually colorful history. Romance and adventure have stalked every page of its history and have left their imprints on the modern city. It is in being able to recall these signs of the past in the landmarks of the present that one finds so much to fascinate him in New Orleans.

DISTRICT REPORTS
by Ken Irwin
Associate Editor

ALASKA: We still have about 5 members in this State. Let’s hear from them.

NEVADA: We now have a member, Warren Wooten, working on a Chapter in the Reno area of Nevada. We hope to report a new Chapter before the next printing time.

HAWAII: Janet Garbuschewski, wife of “Skil” Garbuschewski, Hawaii State Co-Chairman, was honored by the Valley Forge Freedoms Foundation for her essay, “WHAT IS AN AMERICAN.” Janet was presented a plaque commemorating this honor on 24 April at the Hawaiian Chapter annual banquet held in the Coral Room of the Hawaiian Village. The Aloha Chapter is an active one.

CALIFORNIA: Chapter No. 3 (San Diego): At a meeting on June 25th it was voted and passed by the members present that this Chapter would be known as Carnation Chap. No. 3, San Diego, Calif. The membership as of this date, which we believe to be the largest membership is 224 members. Chapter No. 10 (San Joaquin Valley): The last weekend in July the State Convention was held in Stockton, Calif., hosted by Chap. No. 10. There was a fine turnout by all chapters around 400 for dinner including guests. The National Pres., Ray Glover and Vice-Pres., Bo Wilson were also present, plus a string of Admirals and Captains and local politicians. A new State Chairman, Steve Carney of San Leandro, was elected at the business meeting replacing Bill Riddle. Well done, Bill. Harley E. Eppler has his hat in the ring for District Director come Dec. 7th. Harley is President of Chap. No. 14 in southern Calif. He also will be bidding for the next National Convention along with 3 other chapters in the L.A. area. This reporter doesn’t know of a better place to go to in December.

Chapter No. 13 (Mt. Diablo): An August business meeting was held in Concord. Dist. Dir. George Slavens and wife from Walnut Creek, and John Diers and wife from Livermore were in attendance. A September meeting will be held on Sunday, Sept. 17th at the home of Ced Wood in Pleasant Hill. In October a trip is planned to the Napa Wine Country with a dinner meeting in Sonoma. Chap. Chapter No. 15: This new chapter was given their Charter in Stockton at the State Convention. Chap. No. 15 is located in the Salinas, Santa Cruz and Carmel area. As old time life member of Chap. WYOMING: Chapter No. 1: This chapter was chartered on Dec. 7, 1971 and is really growing thanks to the efforts of State Chair., Marion Shepherd. In line with this it appears that Dist. District Reports

con. from Page 4 presented at the National Convention in New Orleans. Nat'l. Membership Chairman, Joel Bachner, presented lapel pins to Robert Shortelle, Prs. Nutmeg Chap., in Connecticut, and Charles Toohey, Sec. of Bay Patriots Chap. in Massachusetts, whose acts promoted new membership into the PHSA.

RHODE ISLAND: Chapter No. 1 (Little Rhody): They held their annual picnic June 18th at Goddard Memorial Park in Warwick, Rhode Island.

CONNECTICUT: Chapter No. 1 (Nutmeg): The chapter challenged the Bay Patriots to a softball game June 11 at the New London Naval Base. They fed the Patriots, took them on a sub tour and figured at that time the Patriots were no match. Final score of the game: Nutmeg 3 Bay Patriots 16.

MASSACHUSETTS: Chapter No. 1 (Bay Patriots): They held their first dinner-dance on May 13th which was a success. On June 18th 100 members and guests took an all day boat trip from Plymouth to Provincetown. They couldn't have picked a more foggy day. However, with bad weather and all everyone still enjoyed themselves. A Sept. dinner-social and business meeting was held in Leominster, at the Eagles Hall, courtesy of Gene and Ginny Bobbs on Sunday, Sept. 24th. A "GAY '90" dinner-dance being planned for November evening, Oct. 21 in Quincy, Mass., at the new VFW Hall. This is a very active chapter.

NEW HAMPSHIRE: Chapter No. 1 (Granite State): Bill Cleveland, State Chairman, after many years of hard work contacting Survivors, did get this chapter started. Good Luck, Bill, and may it continue to grow.

(NOTE: Gram Reporters are to get their material for this column to the Associate Editor by the 1st of December, March, June and September.)
Fort Ruger includes part of Diamond Head crater. The crater presently contains a National Guard armory and accommodates a rifle range. In ancient Hawaii, Diamond Head was a burial ground and some of the oldest burial caves on Oahu are located on the western slope of the dormant volcano.

Fort Ruger was first manned on a permanent basis in August 1909 by officers and men of the 105th and 159th batteries of the coast artillery corps. There were no buildings and the first roofs were housed in tents. Construction of permanent buildings was begun in April 1911.

The military reservation continued to grow, expanding its activities as a seacoast artillery defense post. The first major expansion took place in 1920 and 1921 when the 3rd balloon company was stationed there.

The strategic command post guarding the Southern approaches to Honolulu Harbor served as an anti-aircraft and sea coast artillery station during World War II.

In 1947 the military reservation became the headquarters for the South Sector.

Fort Ruger today is the headquarters of the Hawaii State Department of Defense and also provides family housing for a portion of Army personnel assigned in Hawaii.

These PHSA members are attached to Fort Ruger on Sunday, December 3, 1941: Billy B. Schrader, 6246 E. Hayne, Tucson, Arizona 85767; Thomas R. Photos taken by the late Mr. John G. Cree of Fort Ruger.

The first temporary military installation at Diamond Head was established in 1886, and was known as Camp McKinley. Later it was renamed Fort Ruger in the honor of Major General Thomas H. Ruger who was a hero of the American Civil War.

Major General Ruger graduated third in his class from West Point in July 1854. He served as assistant engineer on the repairs and construction of the defenses of New Orleans until April of the following year when he resigned his commission of second lieutenant.

When President Lincoln called for Volunteers, General Ruger put on the uniform of a commissioned officer in the regular army and came out of the Civil War with the rank of Major General. During the Civil War, he was in 18 active battles and participated in the historical Battle of Gettysburg. He served as Superintendent of the U. S. Military Academy at West Point from 1871 to 1876 and as Commandant of the Command and General Staff College at Fort Leavenworth, Kansas, in 1885 - 1886.

SPECIAL TO THE LADIES!

This article is to you ladies with questions about pantsuits not being allowed at the banquet. In New Orleans it is an old French custom that ladies, while attending balls (such as the Madri Gras, etc.) act like ladies not with the latest up-to-date styles of the day. If you go to a ball in a pants suit you are turned away very nicely at the door and told that you may not enter the ball. This custom has been handed down for over a hundred years, from one ball to another. They are strictly formal and formal they will always be.

So, please, be our guest in New Orleans in the old way and wear your long dresses (they are also in style this year) or a lovely cocktail dress and enjoy yourself, we will certainly enjoy having you with us.

"ONE SUNDAY MORNING"

Here is a remarkable book which is dedicated to telling the story of Hawaii in the year of 1941. It is the story of a place and a time that left its mark on every PHSA member. A mark made indelible by the fury of the Japanese attack on Pearl Harbor.

ONE SUNDAY MORNING is the story of one man, Ed Sheehan, who was there before and during the attack on Pearl Harbor. He was a sheet-metal defense worker at Pearl.

ONE SUNDAY MORNING is dedicated to the great qualities of the America we all love; a sense of duty to our country, the duty to be prepared and vigilant against those who would take from us our most precious gift, our freedom. It is a book that honors the dead and commemorates by name those who survived the attack on Pearl Harbor.

More than 4,500 names of PHSA members are in this book, listed by units and alphabetically in clear, easy to read type. We think that this limited First Edition is a gift you will want to give your parents, your children, your loved ones, or your friends.

Each book comes pre-boxed for mailing with heavy crushable ends that protect the book against damage in the mails.

ONE SUNDAY MORNING is an impressive book. Order your copy now before it is too late. Cost of book is $6.95 plus 65 cents for postage and insurance. Send check or money order in the amount of $7.60 payable to: Pearl Harbor Survivors Association, Inc., to the PHSA National Office, 4209 Brown Road, Indianapolis, Indiana 46226.

The book is published by Island Heritage Limited, Robert B. Goodman is President and Publisher.

Please allow four weeks for delivery.

DEVOTION IS PRaised

George Gilfillan, president of San Diego Chapter No. 3, presented to Charles (Ford Island) Buey, and his wife, Claire, a U. S. Flag which has flown over our nation's capitol.

This presentation was for the splendid care and devotion that Charles and Claire had rendered for the past thirty years to the late Rear Admiral Richard H. Jackson, USN Retired.

New Orleans is below sea level by approximately 10 feet.

FOR LADIES ONLY

We have several different things lined up for your stay in New Orleans while attending the PHSA national convention.

To begin with - walking tours of the fabulous French Quarter, breakfast at Brennan’s, a style show and make-up instructions (two afternoons if enough of you reply). One of the cities most renowned hair stylist will be on hand to show the latest hair styles. And, of course, there is our bingo.

If you have any preference to any of the above, please let me know, either now or as soon as you get to New Orleans. These are being offered on a first come, first served basis.

Of course, ladies, you will want to have front row seats to the marvellous "Mardi Gras" Ball. There will be a dance after the ball; so, bring your best finery, of course to the ball. Several of you will be chosen by the Court to have a call out with the maskers who will participate in this gala affair.

So, see you all in the "City that Care Forgot".

Look me up! Just yell "DIXIE", I’ll be there!

(Dixie’s address: Dixie Pierson, 934-951 National Bank of Commerce Building, New Orleans, La. 70112.)

AN ELECTION YEAR

The introduction of ....... partisan politics is prohibited in any meeting or convention of the Association, its Districts or its Chapters and its Districts or its Chapters shall not be used for any ...... partisan political purpose.

The above words are written under Article VII, paragraph 6, sub-paragraph (g) of our National Constitution and By-Laws. Very clear, very simple, very plain. It is assumed that all officers and members are aware of the fact.

This is an election year on many levels of our government. It is also a year of presidential election. We shall soon go to the polls and vote for those of our choice. This is our God given right, nay, duty, under the American system and each man must have the courage of his convictions and vote in his own way for what he thinks is best. We are fortunate the choice is ours. We shall retain and maintain this status only as long as we steadfastly reject influence and pressure from any source whatsoever.

Whether you step into a small voting booth to mark your ballot with a pencil or step up to a machine and pull the curtain behind you, remember, it is your vote, your choice and how you do it is your own business.

Ray Glover
National President

**1972 MEMBERSHIP DRIVE**

There is still no let down in the signing-up of Survivors.

Sponsors are working extra hard as shown by the fact that we have now reached the 700 mark in Survivors signed-up this year. We only have a short number to go to reach that 1,000 mark and I know we can do it. The final results of the contest will be in the January 1973 issue of the GRAM (contest closes October 31, 1972).

Special mention must be made of John H. Shark, Virginia State Chairman, who has signed up 55 new member Survivors and is still signing them up. This is not new for John as the last contest he signed-up over one hundred Survivors.

Anna Busby, White Caps Chairman (Nurses), and the Membership Chairman are working towards locating and signing Survivors. Nurses. There are 200 known Survivor Nurses with about 125 that have been located. Anyone with information please notify Anna or myself.

We are always open to suggestions and questions, so feel free to contact your Membership Chairman at any time.

President's Corner

It hardly seems possible that almost two years have passed since the appearance of this column in the GRAM. However, such is the case and consequently this is the last time it shall appear over my name. It is hoped the incoming president continues to make use of this space.

Elsewhere in this issue you will find a resume of some of the resolutions submitted from various sources within the association for consideration at the New Orleans business meeting and are shown here for your information. A new department of District News has also been initiated in an effort to better inform the membership of association activities. In addition, Executive Board directives adopted by the board at the Kansas City meeting are listed.

The growth of the association has not been without problems. Some have been resolved, but some are still with us. Membership and financial growth have now reached proportions that dictate we avail ourselves of the very best executive and administrative talent at our disposal. We must be ever alert to the aims, purposes and objectives of the association; to hold these tenets in the highest priority should be our constant care; to reject political pressures from any source and above all, resist dilution of the membership.

Perpetuation of the association should be of prime concern and planning. Not only through such organizations as the Sons and Daughters of Pearl Harbor Survivors as so beautifully petitioned by the state of Florida, but also by future grants or foundations administered by competent and proper officials operating according to governing rules adopted by the association and set apart from any display of doubtful intrinsic value which would contribute little but sentiment to a more materially deserving son, daughter or descendant.

More than having survived the morning of December 7, 1941, we have survived the ensuing years, matured and developed ourselves into an organization of unique character painfully aware that soon we will cease to exist. Having banded ourselves together thusly, we find we are presented with a singular opportunity not commonly but rather rarely afforded. How we employ this God given opportunity in pursuit of perpetuity is in our power. What shall we do? How shall we act? Certainly our youth in their American heritage are deserving of our attention. History will record our decision. How shall we be remembered?

Ray Glover,
National President
