'We the People' have been deliberately deceived!

To find solutions to the problems that face us all, we need to discover what our so-called government 'really is' and how it 'really works'.

What we have been taught in school is the "deviant creation" of the global elite, who have used their ability to create and control money to deceive and enslave the American people.

Their admission, in the Technical Manual of the US Air Force, 1979, Silent Weapons for Quiet Wars, revealed their strategic plan of action against the American population:

"Experience has proven that the simplest method of securing a silent weapon and gaining control of the public is to keep the public undisciplined and ignorant of the basic system [by] . . .
- disengaging their minds
- engaging their emotions
- rewriting history and law and exposing the public to the deviant creation . . ."
