Dear People,

This will be a short introduction to explain what I am showing you. I have learned to give you the important things first. This is a link to an article explaining that our ancient history has been falsified -- there were very sophisticated civilizations in the past. This fact has been covered up by the entire archeology profession.

<http://eden-saga.com/en/isthmus-linkingsrilanka-to-india-gulf-of-cambay.html>

We have already established that there is a group that thinks we are too stupid to find out that we have systematically been lied to. There are enough people alive today to realize that this is true. José Rizal, that genius, gathered a team at the end of WWII to prepare for this day so that we could end this corruption peacefully. We are going to get the job done.

I found the rest of these documents in my files when looking for something I wrote about corruption and the US independence day, July 4th. I was making the point that it is impossible to celebrate your independence when you have been duped into thinking that you are independent, and you are not independent at all. I will have to show you that document later, for the Banking Cartel has hidden it.

The rest of this tweet are documents that I wrote when I was learning about the corruption, and about the way we are all going to work together to end this corruption. They have not been edited.

Sincerely,

Karen Hudes

Fireworks on the 4th of July

Good evening, I am your host Karen Hudes and today is July 7, 2015; this is the tenth segment in the series on The Network of Global Corporate Control. The Network of Global Corporate Control was studied by three mathematicians at the Federal Institute of Technology, who published their study in 2011 showing that 40% of the assets and 60% of the annual earnings of the 43,000 companies on the capital markets are owned by a "super-entity".

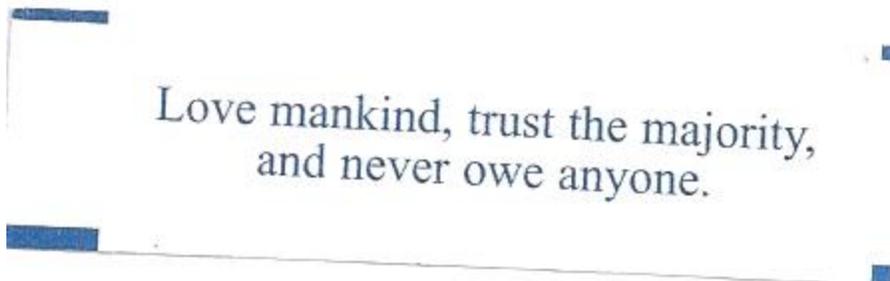

Today's segment will provide an update on the issues that are being raised by a coalition for the rule of law that is fighting the Network of Global Corporate Control. This coalition is seeking to return the world's monetary gold reserves in a trust for the benefit of humanity that is administered by the 188 Ministers of Finance and Development on the Board of Governors of the World Bank and International Monetary Fund. The World Bank and IMF are referred to as the Bretton Woods institutions. I worked for 21 years in the World Bank's legal department, and was reinstated by the Board of Governors after I bought a World Bank bond and sued for violations of the World's securities laws. The World Bank's financial statements were inaccurate, and the securities laws were violated by the World Bank.

My Fortune Cookie on 7.5.15 said:

This is to taxpayers organizations and the state legislatures in the United States. We can only be independent if we understand whether or not we are independent. Our understanding of reality is flawed because a banking cartel has bought up our governments, our publishers, mainstream media, and our universities. This is documented fact. http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf

Fortunately, a dedicated insider, Jose Rizal, established institutions that could provide a platform that would be able to fight back: the World Bank and the IMF. Jose Rizal also hired a young lawyer to put the world's gold into trust so that the world's wealth would be available for humanity. That lawyer was named Ferdinand Marcos, and the trust is called the Global Debt Facility.

Wolfgang Struck, the authorized signatory on the Global Debt Facility, has appointed me as his lawyer to make certain that humanity receives its gold back. I have prepared the Monetary Agreements that your respective governments are about to sign, and which will give us our independence. Let us celebrate today, for we are going to become truly independent for the first time.

talk about Board of Governors, June 30th what happened at Bank with Allied Barton when Executive Director and Retirees' tried to admit me.

Sent Allied Barton an email that Ministry of Foreign Affairs in Holland wanted me to discuss about Dutch gold and what happened with International Court of Justice trying to steal Holland and rest of the world's gold. Article V Section 5 (c) The President, officers and staff of the Bank, in the discharge of their offices, owe their duty entirely to the Bank and to no other authority. Each member of the Bank shall respect the international character of this duty and shall refrain from all attempts to influence any of them in the discharge of their duties. Paper in 1946 that ED's may interpret Articles: THAT the Executive Directors of the International Bank for Reconstruction and Development are invited, at the request of the Governor for the United States of America, to interpret the Articles of Agreement, pursuant to Article IX (a), as to the authority of the Bank to make or guarantee loans for programs of economic reconstruction and the reconstruction of monetary systems, including long-term stabilization loans. Article IX about who interprets Articles

US Executive Director breaking Articles that cannot interfere with staff doing job

happened on the 4th of July:

to DC Council:

Washington DC has a special role to play in ending the corruption that has nearly defeated the United States of America. Instead, with your help, we can stand strong and free alongside our allies in the coalition for the rule of law. Yesterday afternoon Officer E.V. Lescano, Badge No. 3418, responded to a telephone call from Allied Barton, security guards at the World Bank. The security guards are employed by the Network of Global Corporate Control, a private conglomerate that secretly owns 40% of the assets of the 40,000 companies traded on the world's capital markets (including the Federal Reserve and the rest of the 60 central banks that are part of the Bank for International Settlements). The Network of Global Corporate Control is trying to steal the US' monetary gold reserves and the rest of the world's wealth that was placed in a trust called the Global Debt Facility at the end of WWII which is administered by the World Bank and International Monetary Fund. I am the lawyer for the Global Debt Facility.

The Network of Global Corporate Control is in receivership in the Global Debt Facility. Allied Barton is part of the corruption that is trying to bring down the entire United States through crashing the Federal Reserve Notes that are issued by the private bankers as our currency. Any president that tried to replace this unconstitutional currency was assassinated (Lincoln, JF Kennedy) or shot (Ronald Reagan). I have already reported to the Board of Ethics and Government Accountability and to the DC Council that DC is going to lose its largest employer if it does not respect the authority of the Board of Governors of the World Bank and International Monetary Fund that run the Bretton Woods institutions. The Board of Governors has reinstated me as Acting General Counsel of the International Bank for Reconstruction and Development. <https://s3.amazonaws.com/khudes/reinstatement3.pdf> The IBRD is the oldest of the World Bank's five agencies.

When I informed Officer Lescano that I have placed this matter squarely before the Civilian Complaint Review Board established under D.C. CODE § 5-1107(a) (2005), the Board of Ethics and Governance, and the DC Council, Allied Barton deliberately lied to Officer Lescano and said that there was a valid barring notice. There can be no valid barring notice unless it is signed by the Board of Governors that run the World Bank and IMF. Allied Barton illegally refused to admit me on Tuesday at the request of one of the Executive Directors and the World Bank retirees' association, and I reminded Allied Barton yesterday morning that their refusal to admit me was illegal:

I am copying Allied Barton, whose security personnel are hereby instructed that they have no authority to prevent me from entering World Bank buildings. The President of the World Bank and the personnel of the World Bank are subordinate to the authority of Board of Executive Directors. http://www-wds.worldbank.org/external/default/WDSContentServer/WDSP/IB/2014/03/18/000456288_20140318122759/Rendered/PDF/833530BR0Bank00Box0382087B00PUBLIC0.pdf

Yesterday I simply hand delivered to Allied Barton's security guards an envelope addressed to Allied Barton containing a hard copy of my email informing Ms. Gardner that Allied Barton had no authority to refuse to admit me to the World Bank headquarters.

<https://s3.amazonaws.com/khudes/Twitter7.3.15.2.pdf> Allied Barton's security guard on duty at the garage entrance asked me to deliver the envelope to the front of the building, which I did. The guard accepted the envelope, and I then walked half a block down Pennsylvania Avenue. The Allied Barton security guard started shouting to me that I had to take back the envelope, which I refused to do. An Allied Barton security guard then ran after me, and put the envelope into my purse. I returned to the main entrance and when Allied Barton refused to take back the envelope, I put it on the sidewalk in front of the door. Several people who exited the headquarters picked up the envelope, and Allied Barton shouted to them to leave the envelope lying where it was. Then Allied Barton called the DC Police, and I sat on the bench outside the entrance waiting for the DC Police.

Describe what I said to DC police:

Any president that tried to replace this unconstitutional currency was assassinated (Lincoln, JF Kennedy) or shot (Ronald Reagan). I have already reported to the Board of Ethics and Government Accountability and to the DC Council that DC is going to lose its largest employer if it does not respect the authority of the Board of Governors of the World Bank and International Monetary Fund that run the Bretton Woods institutions. There can be no valid barring notice unless it is signed by the Board of Governors that run the World Bank and IMF.

When Allied Barton could not produce a barring notice, Officer Lescano handed me a slip of paper on which Allied Barton wrote the address of their offices in Alexandria, Virginia. I then sent the following email to Allied Barton, following up with hard copies by priority mail:

Allied Barton illegally refused to admit me on Tuesday at the request of one of the Executive Directors and the World Bank retirees' association, and I reminded Allied Barton yesterday morning that their refusal to admit me was illegal:

On Monday Allied Barton called me:

India & new power source.

Reactionless AC Synchronous Generator (RLG) invented by India's own Paramahansa Tewari, an electrical engineer and former Executive Director of Nuclear Power Corporation of India.

Years ago, Tewari had also proven the theories inside Bruce de Palma's homopolar engine. Obviously, a country cannot implement its own free energy program without considering all possible consequences including a military response from Petrodollar countries, e.g. Saudi Arabia, UK, US. That's why India has been aligning its own military program with that of Russia.

Talk about corruption in BRICS - coalition & game theory.

Veterans Today wants to deflect its readership into blaming the branches instead of the roots of the problem. The Organized Crime Cabal, as Preston James calls it, is actually something much larger and more sinister. Three mathematicians at the Federal Institute of Technology identify the "network of global corporate control" as the real culprit which was responsible for the crimes

At the center of this network is the Vatican's bank, and behind this are the Society of Jesus and the bloodline families. This network also consists of secret societies, including the Knights of Malta, which see to it that traitors are placed in strategic posts at the pinnacle of the military and the rest of society. These traitors serve Rome. That is why Veterans Today has removed my questions to Martin Dempsey, Chair of the Joint Chiefs of Staff at his two town hall meetings. Dempsey is trying to crash the Federal Reserve Note and surrender US military might unilaterally. Jon T. Rymer, Inspector General of the Department of Defense, is gutting the military personnel policies and purging the heroes, Vice Admiral Tim Giardina and Major General Michael Carey, who refused to nuke citizens of Charleston South Carolina on October 7, 2013.

OUTTRO Thank you for listening to another segment of "The Network of Global Corporate Control." We have discussed how the security guards owned by the Network of Global Corporate Control were trying illegally to prevent the Bretton Woods institutions from replacing paper currencies with currency made from the world's monetary gold reserves and whether the DC police, the DC Council, the Board of Ethics and Government Accountability and the Civilian Complaint Review Board are going to stop colluding with The Network of Global Corporate Control. When the bankers claim the people of the world owe country debt, this is nothing more than a big scam. In reality it is the bankers who owe this debt. Next week's segment will answer questions

about when the currency reset will happen and what individuals can do to help. Until next week, I am your host, Karen Hudes.

Subject: Mass Demonstrations Called for by the Media are a mistake.

There are foreign troops on US soil. After the Federal Reserve refused to repatriate Germany's gold for seven years (an act of war), the risk of permanent backwardation in gold, that would interrupt the financing of foreign trade as we know it, has been rapidly increasing. The transatlantic alliance is also in jeopardy. Either there will be rule of law, or there will be martial law in the US, precipitated by this group, and a currency war. http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf This group owns the media and is calling for mass demonstrations so that provocateurs can incite civil unrest.

Will NTU put out word to their membership that the demonstrations called for on July 4th should be online and not in person?

How I know Canada wants to help me

Karen Hudes5/23/13

To: jonterry54@gmail.com

Terry,

From time to time I run into former colleagues from the World Bank. Awhile ago I stopped thinking that these were coincidences. This is to my PR guy, whom I mentioned to you, Larry Garrison. I also copied the clerk in the US Court of Appeals who ignored that the 188 Ministers of Finance settled my bondholder lawsuit in his court. Deanna Horton is Canada's Minister in your Washington embassy whom I have asked to liaise with the 50 governors. When you go to the University of Toronto, just act like you know that your government wants me to be in direct contact with them. Ignore the gatekeepers, who are probably put there by the other side. I find that in every institution that I deal with, there are gatekeepers. Probably what will work best is if you go to the lowest person in the hierarchy, like a secretary, and just act matter of fact. I heard back from a Madeleine, a secretary in U Toronto who is working with the BRICS. Here is our correspondence.

Thanks for being there. I need all the help I can get. It is hard when help is offered to know who is genuine. I think you just happen to be that one in a million who is genuine and who is helping.

Best,

Karen

Dear Madeleine,

Thank you for getting back to me; I appreciate your response. With less than one week to go before the spring meetings of the Bretton Woods institutions, entrenched massive corruption that is breaking the Bretton Woods institutions apart is not being addressed; we are therefore on track for a currency war, with 95% likelihood. I have been informing the 188 member countries and some of their legislatures of this problem.

Dear Ms Hudes

With regard to your messages to the G8 Research Group, G20 Research Group and BRICS Research Group, I am afraid none of these research groups is in a position to help you. These are research groups with limited resources that conduct research and analysis of these three informal institutions -- the G8, the G20 and the BRICS. None has anything to do with the organization of the work of the government leaders who participate in the G8, G20 or BRICS summits or their ministerial meetings or in setting their agendas.

Also, an additional point of information: as informal institutions of countries that have chosen to meet regularly and work together, none of the three has a secretariat.

Sincerely,

Madeline Koch

Dear Erin,

This is to follow up on my voicemail message this morning. I understand that you are currently Senator Mikulski's staffperson for state and foreign operations appropriations. I see that you have been on Senator Mikulski's staff since 2008. This problem goes back further.

On January 29, 2013 Governor O'Malley requested Senator Mikulski to resolve illegality at the World Bank through enforcing Section 7082 of the Consolidated Appropriations Act of 2012 (Pub. L. 112-74). On February 7, 2013 Senator Mikulski wrote to say she "shares [my] concerns about this situation," but she has done nothing to bring the World Bank into compliance. NATO will be weakened unless Senator Mikulski does her job.

Must I continue to fax the rest of the countries before the April 19, 2013 meeting of the World Bank about this unresolved problem?

Sincerely,

Karen Hudes

Global Debt Facility

June 14, 2016

I have to prepare another segment for DCTV this morning before heading out to get my hair and make-up done. We are in a golden moment, when the skills advising that there is no time to avert a financial melt-down are exposed for what they are. So long as everyone understands I have no hidden, secret agenda, but am completely at the service of humanity. How I came into prominence on the internet is all the proof you need: you can see the years before I reached the alternative media, and you can see the slow progress as more and more people became aware. Here are some recent emails which I received:

Subject: Re: Philippines ASSETS for Global Currency Reset

To: JOSE EDWIN

The Treaty of Versailles Bonds (you call them Historical Treasures) are not going to be circulated. These bonds, now worth more than 2 quadrillion dollars, <https://s3.amazonaws.com/khudes/treaty+of+versailles+offer+of+sale+2+quadrillion1.pdf> are held by the Global Debt Facility, and are going to offset country debt for all nations. By virtue of these bonds, the Board of Governors of the Bretton Woods institutions has placed the Network of Global Corporate Control identified by Vitali, Glattfelder, and Battiston of ETH Zurich http://arxiv.org/PS_cache/arxiv/pdf/1107/1107.5728v2.pdf in receivership.

I assure you that the Philippines, together with the rest of the nations, are going to be extricating themselves from that scam called fractional reserve fiat currencies. It is also going to be necessary to properly inventory the assets of the Global Debt Facility that belong to all of humankind, many of which are held in the Philippines.

Sincerely,

Atty. Karen Hudes,

Good day!

May we request for your precious time to include in your itinerary to include Philippines to visit after cleaning up Fukushima.

We believe that the "HISTORICAL TREASURES" Accumulated thru Dr. Jose Rizal and successors where been kept inside the country are urgently due for circulation that is also subject for Global Currency Reset. Thank you so much and GODSPEED!

Hello,

I hope that you are well. I know that you are more than competent, but I just have to mention to you that I certainly hope that we have that Reset before someone comes out to the mic and tries to take people's guns. Things will get pretty itchy if that happens. Yeah, we're in Montreal, Canada, for the last year for sure, with an exit plan just in case..

In case you ever want to visit in the winters. A train station, and highways, and the St. Lawrence River to the Atlantic, are *immediately* accessible from here. I like to walk anyway. A security guard, was it? I wonder how he passed the background check. I figured I was on that list too many years ago. I complain, and take things to court, and referendums, if necessary. Which for some reason I do not think will be necessary this time. I hope that we get a full explanation of all of this someday, but realize that we probably won't. It's a Labyrinth. It's more than amazing. You must be amazed yourself.

I believe by your positive, sober, outlook that you feel that we have a great chance of success, and you are certainly In The Know. Hopefully we will be able to do some architecture/ civil type drafting or some such, somewhere in Quebec, and you can stop on your way to Europe, and visit in the summers instead. I see a Great Healing, and a Great Peace coming from this. It's as obvious as the whole metals thing. Now I know why bad things happen and have an answer if I ever need one.

No response is necessary I know you are so busy, unless you'd like to let me know what your undergrad was in, that will do/ would be great.

Thank You Miss Karen!

You have a way with words. We are now seeing that the state defense forces, which are military units that operate under the authority of a state government (commanded by the governor) but are distinct from the state's National Guard forces and cannot be federalized are on the side of the people in the Global Currency Reset. As for the rest of the US military: we are operating through the Joint US Japan Committee under the Status of Forces Agreement.

Congratulations on Your Coronation as President of UFCW Local 1006A.

I have a Question for You.

Do You Know the Difference Between a "House Nigger" and a "Field Nigger"?
www.youtube.com/watch?v=znQe9nUKzvQ

In this Modern Day Work Force which one are You?

I was Recruited Many Times By the UFCW to become a House Nigger But Chose Instead to Become a Runaway Corporate Field Nigger Paying My Way Through Activism in an Effort to Balance the Playing Field for My fellow Corporate Field Niggers.

I think You are a Union Corporate House Nigger.

Prove Me Wrong !

Of Course You do Not See Yourself as Such Because Your Reality is Distorted and You Can No Longer Connect with Your Corporate Field Nigger Work Force Because You Still Believe in Pretended Solutions of a Failed Belief System Called "Fiat Currency" for Your Memberships Labour.

" What is Going On Today With Our Perceived Reality of "Fiat Currency" Has a Quality Meaner than Outright Repugnant Sociopath/Psychopathic, Disorder and this Meaner Quality is the Pretended Solutions of Failed Belief Systems and Sellout Leadership in a Vain Attempt to Gain a Seat at the Plantation Economy Dinner Table, Along Side Departed Senator Strom Thurmond with His Carpetbagger Banker Buddies in the Con Game of Fiat Currency Whose Success Depends on Suppressing the Real Truth About the Dysfunction and Outright Criminality of Fiat Currency, Bordering on Treasonous Distortions of What Constitutes Honest Money for Ones Labour"

So Who Is Strom Thurmond and How Did He Perpetuate the Modern Day Union Corporate House Nigger Concept for False Leaders Such as Yourself that Have Created a Modern Day Plantation Economy that is Now in Full Collapse as Witnessed in American Puerto Rico.

But Of-course You, and Your Fellow Presidents of the UFCW Know All About the Advantages of Being a Union Corporate House Nigger having Received Your Education

from the High Priced UFCW Lawyers and Diamond Encrusted Pinky Fingered Banking Buddies.

www.youtube.com/watch?v=poLKl8FTKyk

Scalawag American Senator, and Family Slave Owner Strom Thurmond who recently passed away a Few years ago set the Seeds of Slavery for Puerto Rico in 1984.

These Toxic Seeds are in Our Collective Pensions Negotiated By Union Corporate House Niggers that are Now Turning to Shit right before Our Eyes.

www.youtube.com/watch?v=Pt3QBzDmltQ

Strom Thurmond and Other Plantation Economy Slave Master Government Officials on Both Sides of the Border Accomplished this With the Help of Weak Union House Nigger Leadership that is the Hallmark of the UFCW Leadership and "Vulture" Hedge Fund Managers.

Wayne,,, Did You Stay Awake in History Class?

Did You Learn About Carpetbaggers?

These Vulture Hedge Funds are the Modern Day "Carpetbaggers".

www.youtube.com/watch?v=VrOcXTOPvQA

Wayne,,, Some may say that as a Retired Member of the UFCW that I have Imposed Myself Unfairly on the Political Dialog of the UFCW.

I say Balderdash!

I impose Myself because You and the Leadership of the UFCW that has been a Impotent Collective Voice with their Imposing Fat Hand in My Pocket for 26 Years, and over that time has undermined the larger Union that I belong to that is called the "Middle class". "You Can Count on Me" to be Your Guiding Conscience Concerning the Financial Affairs of the "Middle Class" until You Step Up Your Game and Become a True Leader of the Marginalized and Disenfranchised Middle Class that the UFCW Falsely Claims to Serve. "You Can Count on Me" to do everything in My Power to Make Sure that You and Your fellow UFCW Leadership will be Held Accountable for Your Carpetbagger and Scalawag ways that allow You to Capitalize on a Bankrupt Middle Class who is Forced to Accept Fiat Currency under Penalty of Law for their Valuable Labour.

www.youtube.com/watch?v=U-m701yB_ro

You and the UFCW Leadership are Fiat Currency Addicts and as a Result are Willing to Sell Your Soul to keep that Addiction Alive.

You and the UFCW Leadership Refuse to Acknowledge that the Fiat Currency Dollar is a "Dead Man Walking".

The problem that I have with the Premise Surrounding Fiat Currency is that it is Based on Massaged Numbers Hedonically Adjusted with False Prices Created with Banker Derivatives in an Effort to Assure the Middle Class that the Economy is Healthy as Witnessed with the Emperor's New Clothes.

As Any Innocent Child who in Not Encumbered with False Promises to Quick Riches Can See, the Emperor is Boney Ass Naked.

The History of Fiat Currency Suggest that with Over 321 Years of Modern Monetary

History Surrounding the 477 Fiat Currency's Created During that Time All Have Collapsed on Average After 40 Years.
Not 1 Fiat Currency Has Ever Survived going Back Thousands of Years from the Days of Kublai and Genghis Khan.
Our Current Fiat Currency Will Prove to Be No Different !
All Fiat Currency's Eventually go to their True Intrinsic Value Which is "0".
Our Present Fiat Currency is now 45 years old.

The Fiat Currency Dollar has Yet Again Moved 1 Step Closer to its Ultimate Death.
The American Territory of Porto Rico has Just Defaulted on its Bond Payments and Will Require a Greek Style Bail-out,,,or set an American Precedent of a Bail-In.
www.youtube.com/watch?v=ar6WDfMUOgQ

Wayne,,,The Life Span of a Fiat Currency Can be Extended with Money Creation with Affordability at "0 %" and Negative % Interest Rates in the Hopes of Increasing Money Velocity.
The Term Used Today for Money Creation is Quantitative Easing [QE].
The Dollar was set to Crash in 1971.
Richard Nixon Chose Instead to Break the Gold Standard and the Rest of the World Followed Suit.

The life Cycle of the Dollar was Extended by Raising Interest Rates to 20% in 1980 Cutting Off Affordability, Thereby Creating False Value, to Be Paid For by the Current Generation of Dumbed Down Middle Class Workers Depending On Your weak Leadership.

Wayne,,,This Collapse of the Fiat Currency Dollar Will Happen on Your Watch!
There Have Been Many Crashes Since 1971 and to Some Extent We Have Been Conditioned to Accept Crashes as a Rich Mans Problem and Not a Problem for those that Do Not Play the Markets.

The "07"- "08" Crash was a Game Changer in that the Monetary Systems of the World Have Reached Almost Total Debt Saturation.

The Prudent Course of Action for the Middle Class During the "07"- "08" Crash Would Have Been for the "Too Big To Jail Banks" to Fail No Matter How Painful.

Wayne,,, Instead of Letting the Banks Fail, our "Above The Rule of Law Masters" with the Silence of the UFCW Leadership Chose Instead to Crash the Purchasing Power of the "Fiat Currency Dollar"through Zero % Interest Rates and Reckless QE Currency Creation at the Expense of the Middle Class that You are Paid to Protect.
We have had Continuous QE Events Since the 07-08 Crash.

Each time a Crash is Postponed with QE There is a period of Calm Until the QE is Used Up.

Once the QE is used up,,,,,,,

**"like it is Today, the Markets Begin to Crash such as they did in 07-08.
The Difference this Time is that the World has Reached Maximum Debt Saturation and there are Not Enough People in the World to Maintain the Carrying Cost of the Debt.
This is why there is a Growing Trend Towards "0%" and "Negative %" Interest Rates.**

**Switzerland Now has a 10 year Negative Interest Rate Bond.
Another words You Would be Paying the Bank to Hold Your Money, and
this Does Not even take into Account the Inflation that will hit that Bond
over that 10 Year Period.**

Does this Sound Sustainable to You????

Of Course Not.

**This is why the Monetary Systems of the World Need to Reboot Under a
Hard Money System as it Always has during Moments like this all through
out History".**

Please do not take my attempt in taking a leadership Role as it relates to the Financial
Direction of the UFCW

as an Attack on Your Happiness.

I wish You and the Leadership of the UFCW all the best that life has to offer.

My Problem with You and the Leadership of the UFCW is that You and Yours are skills
and false Leaders whose only Concern is Avoiding an Honest Days Work at the Expense
of the Middle Class that you Falsely Claim to Serve.

Another-words the UFCW is Led by a Bunch of Eunuchs!

You Dick-less Wonders are Allowing the Financial Raping of the Middle Class on Your
Watch and have become so Soft and Playable to Your Corporate and Banking Masters
that You Have Become a Limp Dick only capable of Pissing All Over the Fighting Spirit
that True Leaders Posses.

You and Yours Have made a Living at being Professional Eunuchs!

Puerto Rico is Yet Another Nail in the Coffin of the "Fiat Currency Dollar and I know to
a fact that ours has run its course and can collapse at a moments notice.

It therefore would be Negligent as a Friend and Alumnus of the UFCW to Not Try and
Issue a Note of Caution over
these Financial Undertakings.

Of course the World Can Continue to Buy Time Yet Again at the Expense of the Middle
Class with another round of QE, but that will only buy you a few more months of the
Delusion that Fiat Currency's Have Value.

Sooner or Later, "Probably Sooner at this Stage of the Game", we will be Forced to
Conclude that the "Emperor

has no Clothes" and that the Monetary System Needs to Reboot with Hard Money.

Just like Rebooting a Computer, if you did not save your information all will be lost.

Bill Holter can give you some incite on how quickly your version of reality can be turned
upside down.

Better to error on the side of caution.

www.youtube.com/watch?v=H_A-9dkofIc

Of Course Our Political Masters Know all of this and are Positioning Our Military Forces
to Protect the Interest of Our Elite Masters.

This Knowledgeable Incite is My Gift to You.

Use this Gift Wisely.
