Thanks for this Wolfgang. The secretariat doesn't speak for the Board of Governors. All that they are admitting to is that they are trying to steal the gold. I will invalidate this in a letter to the embassies in Washington. Did you see this today?

Hi RR,

Reading that attached of yours and your question, that's the end of KH, is it not? I don't know what to believe. Certainly, I do not like this to be true as it would undermine my standing as well and put to waste years of brain work together with her and, admittedly, sometimes against her. For me and my friends here, Karen Hudes is not the problem,

not at all, so you would have to ask what is behind this, what do they want to kill with this, and why now?

The answer, my friend, is very clear to us: Three words. GDF. And in the eyes of the world, rightly or wrongly, Karen Hudes stands for it.

Regards,

Wolf
