Dear Gary,

Thank you for holding me in your prayers. The financial institutions are getting liquidated inside the Global Debt Facility, and their employees are not going to continue to be employed by these entities. The bank employees would be well advised to start training for other jobs. Most of the permanent employment is going to shift to the local communities as they start introducing local currencies.

This shift is going to be gradual, so as not to result in massive dislocation.

Sincerely,

Karen Hudes
Acting General Counsel, International Bank for Reconstruction and Development
Overseer Mandate Trustee, Global Debt Facility, TVM-LSM-666

Patience Wright shared a three-year-old video that documents how Major General Michael Carey and Vice Admiral Tim Giardina were fired for refusing to nuke Charleston SC on 10.7.13. [https://www.youtube.com/watch?v=3PIa6JV8XRA&sns=tw](https://www.youtube.com/watch?v=3PIa6JV8XRA&sns=tw) The US military did not like what happened either when Commander Heather Cole and General Dana Pittard were fired for preventing a first nuclear strike against the Soviet Union on 3.15.15. The US military remains loyal to the American people and to the Constitution of the United States. No these heroes who refused to nuke Charleston were never reinstated. We are following up on this video to stop the New World Order, and we are very much on...
Dr. Royal Raymond Rife, known as the father of holistic cancer research, was silenced by medical mafia
Born in 1888, Royal Raymond Rife was an American inventor known for his belief that he could observe and render inert a number of viruses which he thought were causal factors in several diseases, most notably cancer.

His Rife machine can destroy infectious organisms, viruses, bacteria and fungus and has been used to eliminate more than 50 different microorganisms including cancer, tuberculosis, strep and leprosy.

**Holistic Cancer Research** reports: Rife began research cancer in 1922, but it took ten years before he was able to isolate the VX Virus, which was a cancer microorganism. A year later, Rife invented the Universal Microscope, which a light source technology that could magnify an object 60,000x its size. Because of his invention, Rife was the first person to see a live virus.

Once Rife was able to determine the main oscillation rate for each organism, he would then try to destroy it with light frequency resonance. Each microbe has a natural frequency that it resonates with, so when Rife increased their natural oscillations, the organism became distorted and disintegrated from structural stresses. More importantly, no surrounding tissue was harmed from these oscillations.

Rife named the process Mortal Oscillatory Rate (M.O.R).

**As part of his research in 1934, Rife’s machine “cured” 14 out of 16 terminally ill cancer patients within two months. The remaining two were cured within the following 6 weeks, resulting in a 100% cure rate.**

On November 20, 1931, Rife, along with 34 of his most distinguished colleagues in medicine, attended a banquet entitled, “The End to All Diseases”.

By 1939, the same group of physicians essentially denied Rife’s existence. After finding a cure for cancer, how is it possible for Rife to be completely ignored by his colleagues and what were the motivating factors behind this?

Here's the inside story.

On the eve of a press conference to announce the results of the 1934 study on Rife's cancer therapy, Dr Milbank Johnson, former president of the Southern California AMA, was fatally poisoned and his papers “lost”. Also, after a failed attempt by Morris Fishbein to buy the rights to Rife's healing instrument for the medical drug industry, Rife's labs were destroyed by arson and sabotage. Dr. Nemes, who had duplicated some of the work of Rife, was killed in a mysterious fire which destroyed all his research papers. A similar fire also destroyed the Burnett Lab, which was validating Rife's work. Royal Rife himself was killed in 1971 by an “accidental” lethal dose of Valium and alcohol at Grossmont Hospital.
I broke this story more than a year ago. The fact that these stories are coming out in the alternative media now? this shows that the Banking Cartel is trying to clean itself up. But this is too little, too late.

https://s3.amazonaws.com/khudes/Twitter11.11.18.3.pdf

I broke the story about the nuke in Charleston back in 2013, and then again in August, 2017, and then again in January.

According to Wiki, interest in Rife was revived in the 1980s by author Barry Lynes, who wrote a book about Rife entitled The Cancer Cure That Worked. The book claimed that Rife’s beam ray device could cure cancer, but that all mention of his discoveries was suppressed in the 1930s by a wide-ranging conspiracy headed by the American Medical Association. The American Cancer Society described Lynes’ claims as implausible, noting that the book was written “in a style typical of conspiratorial theorists” and defied any independent verification.

In 1994, the American Cancer Society reported that Rife machines were being sold in a “pyramid-like, multilevel marketing scheme”. A key component in the marketing of Rife devices has been the claim, initially put forward by Rife himself, that the devices were being suppressed by an establishment conspiracy against cancer “cures”.

As stated in the article, Dr. Coldwell: ALL Cancer Can Be Cured in Less Than 12 Weeks, cancer is a $60 billion a year industry, while cancer protection and the early intervention of cancer brings in an additional $162 billion each year.

Question: In an age where technology can be used to improve the quality of life for everyone, why has the Rife machine been ridiculed by the medical industry and suppressed for so long?

Answer: The last thing Big Pharma cured was polio. There is no money in repeat business when finding a cure to anything.

*If you are wondering why there is no “official” cure for cancer, then try tracing the revenue cancer takes in each year. Cancer is a $60 billion a year industry, while cancer protection and the early intervention of cancer brings in an additional $162 billion each year.*
Dear People,

My inbox this morning contained a lot about the face-off with the CIA and their lying agents. The CIA has been shown as the Banking Cartel’s servants. What do I mean? Look at the CIA’s attempt to bribe me with CMKX shares. I keep on pointing out to everyone that I do not accept this or any other bribe.

Yesterday a shill said that CMKX was going to be funded and that I was nuts.

CMKX will never pay out, folks, because the Global Debt Facility containing the world’s wealth is still intact with humanity, and we have no intention of funding the CIA.

In my last tweet of the day, I showed that hundredtoone had this to say about CMKX (see page 17)

There are some other gems in this tweet.

- On page 6 there is an update about where I think things stand in the battle with the Banksters and the bloodline families who direct the Banksters.
On page 12 the central banks are put into receivership in the Global Debt Facility

The Committee of 300 and the Black Nobility tried to break the link to this tweet. Their efforts will be fruitless. When will these dufuses get it? I have now uploaded this tweet on Scribd, since Internet Archive was compromised.

Warning the Committee of 300 and the Pharaonic bloodline families that are behind the Committee of 300 that their efforts would be fruitless:
The whale is the Banking Cartel. After I harpooned the whale last week, I have said that the whole world is now on a Nantucket Sleigh Ride. In case you are wondering why it is taking so many fatal body blows to do the Banking Cartel in, just think about what it took in Moby Dick to kill the whale. It takes teamwork, and many repeated harpoons, because the leviathan is so big.

You did not hear back from Heather Gerken, the new Dean of Yale Law School, who is an expert in election law, or Robert Post, the former Dean and a Constitutional Law expert, or Neil Gorsuch. I have accused them of lying to you, and I repeat this again today. I have said that the entire legal profession needs to be put in the trash, because the lawyers are all working for the Banking Cartel, and helping the Banking Cartel steal all your property.

Teleprompter:
name those commands, are they been re-installed, and what are they doing to stop the nwo?

Nothing further to say after exposing the CIA's attempted bribe. [https://s3.amazonaws.com/khudes/Twitter8.18.17.pdf](https://s3.amazonaws.com/khudes/Twitter8.18.17.pdf)

The term "conspiracy theorist" was a term made popular by the CIA to stop critical thinkers from asking questions about J.F.Kennedy assassination? In a memo called "Countering criticism of the Warren report", the CIA set out to make the term "conspiracy theorist" weapon to be used against anyone who questioned the government's secret activities and programs.
To the Coalition for the Rule of Law that is now in charge:

In July I used the analogy of Moby Dick, and explained that things were taking so long to turn around just like it was hard to catch a whale. I will put that Tweet at the end.

Yesterday I placed a harpoon in the Network of Global Corporate Control, to be more exact, in the CIA. The CIA was trying to steal the assets in the Global Debt Facility through a lawsuit against CMKX diamonds. The CIA tried to get me to vote the US shares on the Board of Governors, and allow the Global Debt Facility to fund settlement of this CIA lawsuit, by sending me shares in CMKX diamonds. Then yesterday the CIA tweeted that the CIA was going to rise like a Phoenix, via the theft of the Global Debt Facility in the CMKX lawsuit. I tweeted back that the CIA was getting wound down in the Global Debt Facility, just like the rest of the bankrupt Network of Global Corporate Control, and that I was holding the shares of CMKX diamonds in escrow for the beneficiaries of the Global Debt Facility. For people whose eyes glaze over at all this legal mumbo-jumbo, what you need to know is that everything is out in the open, and we are all working together to sort things out. By sorting things out, we mean the corrupt bullies are not getting their way anymore. But sometimes whales drag the whalers along for some time until the whales get tired. There is no doubt that the CIA is harpooned. The CIA and the rest of the Network of Global Corporate Control are not going to shake loose if the harpoon is big enough. Because enough people are paying attention, I think this harpoon is big enough.

@alexanderernie6 no! CMKX is a CIA scam - after trying to bribe me, I hold their shares in escrow now https://s3.amazonaws.com/khudes/cmkx+diamonds.inc.pdf
I found confirmation in my inbox this morning that the CIA knew that the Coalition for the Rule of Law has exposed them as a foreign agency covering up the corruption in the money system and that the Banking Cartel is trying to bring down the US and the rest of the world with it in WWIII.

There were many distractions, from some of the Network of Global Corporate Control’s known Agents, and from some other probable agents. Many of these people were hoping I would take the bait, and be distracted myself and distract others. I will deal with these other topics later.

It is difficult to keep on denying that the CIA is a foreign entity in service to the Network of Global Corporate Control when you are trying to bribe the person who represents the US on the Board of the group that manages the monetary gold reserves and other wealth of the nations in the Global Debt Facility. Some of my followers are retweeting this.

I also found a tweet about CMKX to show you:

I want to give the CIA a taste of its own medicine. Just remember that it was the CIA that invented the term "conspiracy theory" to keep people from questioning the cover-up by the Warren Commission of John F. Kennedy's assassination.

"the whole reputation of the American government"?

But the CIA is headquartered in Switzerland & works for the Banking Cartel

Twitter removed my July 28th tweet, but I had already put screenshots in the teleprompter for the DCTV segment on August 9th
Critical mass? reality? Do you think the CIA might be concerned and trying to counter this?

This was tweeted back when YouTube still ran the English subtitles for this Italian documentary. Now I have even been unable to buy the Italian version of the documentary. What the Banking Cartel tries to hide is even more revealing than the actual information in question. Maybe it will take us more time. That is okay, folks, we have all he time in the world. They and their corruption are outed. Anything they try now is just more grist for the mill.

grist for the mill

Something that initially seems bad or negative but is ultimately used in a positive way by someone. A: "The tabloids found out that you’ve been in rehab. How do you plan on handling it?" B: "It’s just grist for the mill—I’m a changed man now, and that’s what I’ll tell the media. At least they’re writing about me again!"

THANK YOU KAREN.
You are brilliant and I love listening to you especially in your interviews. You also have made a big leap forward in the program with the teleprompters and the man who said it was a little monologue and hard to watch.

But it’s true he was giving you good criticism because your program since oh my god what a joy and I can hardly wait till next week I'm just catching on so I'm slow but let me know what I can do to help.

I wrote to my congressman and to Trump and I'm trying to get my friends to watch. People seem to be brainwashed and don’t want to learn anything. I don't get it, but I'll keep trying.

Thank you I wish I had the IQ OF A GREAT ATTORNEY LIKE YOU MY PRAYS ARE WITH YOU AND THANKS AGAIN Cindy
Good evening, I am your host Karen Hudes in this series on the Network of Global Corporate Control. Today's segment is called "storytelling." Thanks to DCTV, Carmen Stanley, Studio Producer and Director; Mark Leeke, Audio and Prompter; and Krystal Branton, Floor Director.

I want to respond to criticisms about last week's segment on "Martial Law and Slavery"
Mike Crash: you keep saying the same thing in ALL of your vids. tell us something you haven't said already!
bodi hymer: Karen Hudes BTW I think you do great work...I have listened to you for a long time and these recent broadcasts are very monotone and dry and hard to listen too...I understand the challenges just offering constructive criticism ....what you have to say is valued

Karen Hudes: I am going to respond by following STORYTELLING RULES because moving your hearts and minds by telling my story right can change the world.

STORYTELLING RULES
- don't tell a boring story
- do tell a story with a clearly defined villain
- don't pretend you've never had to struggle
- do embrace your past and the experiences that define you
- don't end the story in the middle
- do provide a happy ending

The Intelligent Heart

And Storytelling
I am not going to be boring, because I am taking direction from all of humanity.

We are all going to be free from the Banking Cartel. We are going to stop paying interest on country debt to the Bankers. This is a scam. If you want to see how this is a scam, focus on the 1984 Grace Commission Report under Ronald Reagan.

That report shows the IRS is a fraud that collects taxes for the Banking Dynasties. 100% of what is collected is absorbed solely by interest on the federal debt -- all individual income tax revenues are gone before one nickel is spent on the services taxpayers expect from government.

The Villain
We are looking for an important evil agency in the plot.

A year ago in the segment called WHODUNIT, which was a sequel to Sean Hross' video "Stop the Swiss Nazis", we described the villain. The Network of Global Corporate Control is a conglomerate that has been corrupting the politicians and business moguls all over the world. The Bank for International Settlement is the group of private central bankers who issue paper money. In the United States this is the Federal Reserve.

From Sean Hross we also learned that these Swiss Nazis, whom we call the Network of Global Corporate Control, has been operating out of Switzerland ever since the Templars were outlawed in France on Friday, October 13, 1307 when the French King Philip the Fair arrested all the Templars in France. We also learned how during the 30 years war between 1618 until 1648 about 100,000 Swiss mercenaries under Templar control committed genocide against the Germans, killing 20 million Germans and their children corresponding to two thirds of the German population. Whole cities disappeared from the earth. And in Alsace-Lorraine, Gallo-Roman Alsace Swiss mercenaries killed 95% of the population.

In a video which I tweeted on the 3rd of August we learned that this villain has been with humanity as long ago as 9200 BC, and probably before this ice age.

https://www.youtube.com/watch?v=RASPwDWEYWg
This villain is good at hiding, because it buys up all the media, internet search engines, and YouTube.

Last week I tweeted the CIA memo that invented the term "conspiracy theorist."

The Bankers own all the world's intelligence agencies. These thugs have been accusing anybody who sees what they are up to of being a conspiracy theorist.

I wrote on that memo, "the whole reputation of the American government"? But the CIA is headquartered in Switzerland & works for the Banking Cartel.
