Wolfgang is lying when he states that he sent me his status report because I was mentioned in it. Wolfgang is sending me documentation because the Board of Governors of the World Bank and IMF administer the assets in the Global Debt Facility under paragraph 6 of the Bilateral Minesfield Breakthrough Successor Agreement, which governs.

Without authentication, Wolfgang has nothing. [at the end is a recent tweet about how the Philippines Government and Courts are part of the Banking Cartel - this is another argument showing that Marcos and Rizal knew what they were doing when they put paragraph 11 (on page 3 of this tweet) in the Bilateral Minesfield Breakthrough Successor Agreement, stating that courts have no jurisdiction]

Dear Karen,

You know very well that I prefer writing on email to any other form of communication. The reason is obvious. I can be clear, it can be read and reread again and again, and my arguments stand the call of time against anybody's arguments. I sent you the status report because I was mentioning you.

Risking to repeat the obvious, I say it again and again: You cannot or you just refuse to listen to me and I am not even your husband. As you don't listen to me you have to miss all my arguments, especially those important arguments relating to the person and the life of Dr. Jose P. Rizal also known as (a.k.a.) Fr. Jose Antonio Diaz de la Paz (in the Vatican from 1900 to 1962), code name JPM or JAD, the last surviving son of Prince Julian Mcleod Tallano, therefore also a Tallano.

And I have another Tallano for you or better two, Hitler and Yamashita, the two sons of Dr. Jose P. Rizal who in reality was Jose Antonio Mcleod Diaz Tallano. Now listen to me, you who want to know real true world history: Adolf Hitler was buried 87 years old in June 1975 in the

cemetery of San Luis University in Baguio, Northern Philippines, where he had lived for the last 20 years of his life. Attending the simple little ceremony were the father, Dr. Jose P. Rizal (114 years old), half-brother Tomiyuki Yamashita (87 also), USA President Ronald Reagan, and Philippine President Ferdinand Marcos. Excuses came from the Queen of England and Jacob Vontobel, the two surviving children of Tomiyuki Yamashita and the Queen Mother, thereby niece and nephew of AH.

These should be earth-shaking news for you and for the world. Say it is not true and I am wrong. In 10 years or 100 years the world will know that I was right and Karen Hudes remained stubbornly wrong. Such is life. Don't worry, be happy.

Wolfgang

Dear Wolfgang,

Why are you sending me this report? When yesterday I said that I was not going to enrich you from the world's wealth in the Global Debt Facility and that you have not been authenticated by the Board of Governors of the World Bank and IMF, and have not agreed with their condition that you first acknowledge they are only going to authenticate authorized signatories on a transaction-by-transaction basis -- see attached correspondence. I did not put our exchange of emails out to my followers on the internet YET. (I did blind copy someone, who is also blind copied on this email <https://s3.amazonaws.com/khudes/Twitter5.8.17.1.pdf>)

Let this email clarify things. This is to let you know that the very next email you send me about the assets in the Global Debt Facility, will result in publication of this exchange.

no, Wolfgang. The Bilateral Minesfield Breakthrough Successor Agreement by its own terms did not expire.

3. Whereas, referred to this BILATERAL MINES FIELD BREAKTHROUGH SUCCESSOR AGREEMENT the Sole Successor Heir, embodied in the Gift of Love proclaimed by the President of the Republic of the Philippines since 11th of August 1949, assisted by Central Bank Governor Miguel Cuaderno, Sr., Prime Minister Chiang Kai-Shek, of Republic of China, Princess Isabel III grandmother of Tiburcio Villamor Marcos code name TVM-LSM-666, constituted under Treaty of Perpetual as the means of balancing to protect the Law of Ownership Article 426, 427 and 428, Security Code 5020, all Asset deposited in trust in Central Bank of the Philippines duly approved and amended under the Code of 010-L-50, maturity 2005.

11. Resolved further, the RIGHTS AND DUTIES of "BAILOR" and "BAILEE". For some reason my email is not permitting me to write unhindered, so please disregard formatting errors. Jose Rizal's parentage was well known. I have no need for other names to tell. The rest of what you are writing is an attempt for me to enable you to steal the world's assets in the Global Debt Facility. I am not going to do this.

Dear Karen,

Now we are talking. May I cautiously tender the idea that the Bilateral Agreement of August 11, 1950 was valid (freezing all moneys) for 50 years plus 5 until

maturity 2005. It was not renewed or prolonged, so by all legal means it expires and allows code name TVM-LSM-666 to take over the reigns alone. No other claims can be made from the Bilateral. It's over. I attach Order of the BSP stating that following the Order of the Court of Pasay only TVM-LSM-666 shall be authorized to move, remove, or transact the assets (SKR of 1983).

I happen to believe that the issue of Global Debt Facility is also over. World Bank and IMF which were created by Dr. Jose P. Rizal in 1941 are instruments of power in the hands and by the powers that be (you know how I use to call them). All numbers are fictitious as they do not have access to the gold which is with us and with us alone.

You and I with our combined legal minds should go back to the Tallano Case, Land Registration Case No. 3957-P of the Regional Trial Court of Pasay City which is part of Metro Manila. That famous decision [1972-02-04 Agana Decision With Compromise Agreement | Natural And Legal Rights | Property](#)

2-02-04 Agana Decision With Compromise Agreement | Natural And Legal Rig...

BLIC OF THE PHILIPPINES COURT OF FIRST INSTANCE OF
Seventh Judicial District Branch XXVIII, Pasay City...

This decision had Entry of Judgment and became law of the Philippines on June 14, 1972.

Pages 18 - 20 are about 640,000 MT of gold for "the last surviving son of Prince Julian Mcleod Tallano". Our research leads us to believe that the said Prince Julian had a one-night stand with a lady Diaz from Diaz in Sorsogon. Both did not want the baby but lady Diaz had a friend in Calamba, on the catholic side (Julian was with the Muslim side).

They apparently offered the right amount and a certain trader Mercado agreed to raise the boy to stardom. That is how Jose P. Rizal started his life as JPM, Jose Protacio Mercado from Calamba. As such he was inscribed in the famous school of Ateneo in Manila when he was 12 years old and a brilliant learner. In latin he

learned "REX AL", king of all kings which he knew he was. His peers heard it as Rizal and nicked him Rizal. He used the name in the universities of Madrid, Paris, and Heidelberg where he made is medical doctor (Dr. Med. Jose P. Rizal) 1886 (25 years old) after or while learning German.

You may have another version of true history. Jose Rizal was the true son of his mother and father. But then you have to name names.

Dear Wolfgang,

No. You are not "in charge" and never were. Perhaps you have forgotten. You did not agree to accept an offer of the Board of Governors of the World Bank and IMF to be authenticated on a transaction-by-transaction basis. Instead, you declined.

As Overseer Mandate Trustee, I am informing you that any claims which you may have had (and based on the language in the Bilateral Minesfield Breakthrough Successor Agreement that courts have no jurisdiction over the assets in the Global Debt Facility it is far from clear that any of your claims were ever valid) have now lapsed after the passage of time.

You asked me to intercede on your behalf with the Board of Governors and authenticate a "deal" to sharply discount the 2 quadrillion dollars of Treaty of Versailles Bonds in the Global Debt Facility, which I declined to do.

We have remained at a fork in the road: WWII or the Global Currency Reset.

<https://s3.amazonaws.com/khudes/Twitter4.13.17.1.pdf>

When I went to sleep last night, I wondered what the following day would bring, after I announced that I would be signing the agreement for the United States in the Global Currency Reset and exchange the Federal Reserve Notes. We have already circulated drafts of these agreements and made similar offers to all the countries of the world:

<https://s3.amazonaws.com/khudes/Alternative+to+WWIII.pdf>

Well, this morning did not disappoint. The goons that regularly break into my house let me know that they were there last night. They stole the stopper in my basement sink; they adjusted the toilet bowl flapper valve so that the toilet would keep on trying to fill the bowl; they left a small ceramic bird in the middle of my kitchen floor.

The gremlins in my PC found me the attached tweet from December 12, 2014 about the dishonest legal profession to show you.

Wolfgang Struck, whose previous efforts to steal the world's assets in the Global Debt Facility were thwarted (here is just one of the many examples in my correspondence files <https://s3.amazonaws.com/khudes/treaty+of+versailles+offer+of+sale+2+quadrillion1.pdf>), sent me the following email about how there is much more gold than the pundits are claiming. Just to refresh your memories, Wolfgang is claiming that José Rizal was a foundling and was not the true child of his parents. After I stated that this was a lie, a person sent me Minutes of the meeting on January 3, 1949 in the Philippines Central Bank where José Rizal made the deposit: <https://s3.amazonaws.com/khudes/Twitter2.4.16.2.pdf>

Wolfgang is trying to claim that a court in the Philippines may decide what to do with the assets in the Global Debt Facility, when the Bilateral Minesfield Breakthrough Successor Agreement, which governs humanity's assets (and these include more than the amounts of gold and other assets that Wolfgang is referring to) states clearly in paragraph 11 that the assets are not subject to the courts. <https://s3.amazonaws.com/khudes/BILATERAL.pdf> The reality is that humanity is going to switch out of the Banking Cartel's paper currencies in a Global Currency Reset. The coalition for the rule of law on the Board of Governors is in charge, and I vote the US' shares on the Board of Governors until the Constitution of 1789 goes back into effect.

Critical thinking is going to be very necessary as you figure out who is still trying to lie to you. Although reality and a positive outcome are pretty likely by now, it is humanity that will decide how to clear out the centuries of corruption (and nobody is going to decide how you want your world to be but you).

The people trying to bring you WWIII are fluffing their lines. They are bit actors, and have nothing to do with our reality. http://www.newyorker.com/news/amy-davidson/donald-trump-north-korea-and-the-case-of-the-phantom-armada?mbid=social_twitter

Hi Elaisa,

In response to that proof of dunno, I have this to say: Do not talk loud about things you do not know. So far, you have second hand information and that is false news. And do not say things like that about Karen Hudes.

Come to Manila and look at the SOFITEL PHILIPPINE PLAZA HOTEL, a very nice 5-star hotel by the bay, Manila Bay. Since 1974, there is a deposit of 172,000 MT of gold hidden under the swimming pool, reburied from Yamashita Treasure by Marcos.

All the while all books in Germany claim that no more than 168,000 MT of gold were ever mined in the world since the beginning of mankind (mankind is quite stupid, you know, especially the German side, they even believe in the holocaust but know nothing about it).

Marcos brought 617,500 MT out of the Vatican in the year 1949, whereof 150,000 MT are with DBS in Singapore, 50,000 MT with WestPac in Melbourne (45,000 MT of those in Port Moresby, 10,000 MT with Citibank in Labuan, 4,000 MT with HSBC in HKG, and 3,500 MT with Posang Bank/Bank of China also in HKG.

The rest of 400,000 MT is assigned to Wolfgang Struck, see attached Letter of Intent. As to the validity of the 3957-P please check with "Justice Secretary Sedfrey Ordonez". Anyhow, the 1972 decision had an Entry of Judgment and, thereby, became the law of the land. This is the last free country. It's more fun and you do not have to follow the law of the land, if rich.

Thank you,

You are correct when you assert that at no time in the last 12,000 years did humans possess or control any energy technology that could mine 2,000,000 metric tons of gold.

You have also correctly identified exactly why the 617,000 metric tons of gold described in the civil case in Branch 111, Regional Trial Court, Pasay City which was docketed as Land Registration Court (LRC)/Civil Case No. 997-P, (which through a motion by the Solicitor General of the Government of the Republic of the Philippines, was consolidated into LRC/Civil Case No. 3957-P in July 14, 1964), **cannot be acknowledged to exist**, since it is physically impossible for this amount of gold to have been mined by modern humans.

The nice thing about gold bars is they just sit there, whether for 600 years, or 600,000 years.

CONSPIRACY vs FACT: How Much Gold Is In The World ...

www.silverdoctors.com

There still seems to be some doubt in many investors minds on how much gold there is in the world. I continue to receive emails from individuals who read articles ...

wolfgang never agreed twitter9.18.16.1.docx

Dear Vicky and colleagues,

In another, albeit long delayed, reaction to your e-mail almost a year ago, I would like to come back to that same issue, the attached (again) document dated February 28, 1969, "69-2-28 FNCB Chase", which you could not find at the time. Together, we might be able to find something this time.

Several things have changed since then. The person Floro E. Garcia, living incommunicado in Quezon City, has separated from me his authorized representative upon his own wish. He wants to be the owner of everything and I wish him luck in all his endeavors. I continue to represent "Rev. Dr. Floro E. Garcia" the still undiscovered last pseudonym of the late Philippine President Ferdinand Marcos. I do that in my role as the authorized representative of the court-appointed administrator in the Tallano case of the Pasay City Court LRC CIVIL CASE 3957-P (attached "Letter of Intent"). The Fourth Writ of Execution of the original "Decision with Compromise Agreement of February 4, 1972" gives me the right to pursue, claim, withdraw, and confiscate any and all accounts and gold deposits in the name of Ferdinand Marcos or his predecessor Jose Antonio Diaz a.k.a. Severino Garcia Sta. Romana (attached page 1383 of the records in the Court of Appeals). My rights would extend to the International Court of Justice.

In my new role as self-appointed legal successor of "Tiburcio Villamor Marcos, Sole owner/Signatory" I am trying to understand, if not fully, the thinking of "the old men", Jose Antonio Diaz being the one person entrusted with all the gold of the Royal Families after WWII and his brilliant lawyer Ferdinand Marcos who later became Philippine President and arguably the best ever at that. Both Diaz and Marcos never considered the wealth of the nations as their personal property, so nobody claiming to come after them should do what many false claimants do, claim to be the owner and seller of the gold for example.

Instead, I would claim to be sort of legal successor to both of them and their aliases "being one and the same person" in a judicial body best described as corporation sole or parsonage (The King is dead, long live the King). Everybody in this world is welcome to show me better documents than the documents I have in my possession. I claim that the gold entrusted by the Royal Families of Europe and the Vatican to Diaz and Marcos is more than 600,000MT and I claim to know where that gold is today. Further I claim to know and to hold evidence that Diaz and Marcos had all deposits and accounts registered, albeit CLOAKED FOR SECRECY, with the BIS, the Bank for International Settlements, Basle, with the Office of the Governor of the Federal Reserve System, with the World Bank, the IMF, the UN, and the US Treasury with guarantee that the secret code name of the successor TVM-LSM-666 would be preserved.

Now, on a smaller scale, I have met Atty. Lucas V. Sugui in his office as head of the Legal Department of the Mayor of the City of Manila Room No. 214 second floor in the City Hall of Manila. He has a separate law office and his secretary

Arlene de la Cruz is very helpful with the recovery of certain documents from the Office of the Clerk of Court. Atty. Lucas V. Sugui leaves no doubt that he has authenticated as true and legally valid (see attached "RTC Manila June 4, 2001") the documents "73-3-8 Citi-Chase" and "73-Jose Antonio Diaz.pdf". In particular the latter document is very telling about many gold deposits and huge cash accounts, about Wells Fargo Boxes and Federal Reserve Notes and Federal Reserve Bonds that were issued to Jose Antonio Diaz in return for his disclosure of all gold deposits and cash accounts. In legal terms, there is no reason any more to doubt the veracity of the documents being notarized and presented in court. We are not basing any claim on any particular document but rather on the preponderance of evidence from a line of legally valid and irrefutable documents. We do not see any way Citibank, Chase, or Wells Fargo Bank will deny the existence of the accounts other than what they do best, just laugh it off and deny by not denying.

Time and circumstances have led to severe and grim distortions in world history. The world is not what we know today and, certainly, the financial world is not what we know or rather don't know today. I have no knowledge of strict plan games on highest level beyond what normal Zionist stories tell us on the internet. I would imagine from my point that Diaz and Marcos have left Letters of Instruction to the depository banks. They were not dealing with persons, with bankers who could wither and die. They were dealing with honorable or not so honorable banking institutions which may have tempered with history and truth in order to appear different, examples that come to the mind are JP Morgan and Chase Manhattan now JPMorgan Chase, UBS and SBC now UBS AG, Dresdner Bank and Commerzbank in Commerzbank AG, or Credito Italiano merging with Bay. Hypo, Bay. Vereinsbank, and Banco di Roma to the banking giant Unicredit holding the trillions for the re-insurance industry in Banco di Roma.

Marcos and Diaz were dealing with what they may have believed were the most trustworthy institutions in the history of mankind. They may have made a big mistake underestimating certain powers with an agenda of their own. Those certain powers have now taken over completely underestimating, though, the great vision of Marcos who was alone in the end after Diaz had left him in 1974. The great vision was an alternative to the almighty petrodollar and the creation of an Asian Dollar that would be fully backed by gold "under my control". Margaret Thatcher and Helmut Kohl must have hated to hear that more than Ronald Reagan. They had George Bush and George Shultz waiting in the wings to destroy Marcos and destroy him they did. They are still trying to get their hands on the gold "under my control". They still could not find the key to it. And look who is left! George Bush is in hospital in Houston, in and out of the ICU. But even George Bush will not bring any gold to his grave. Even his Carlyle Group cannot help him in that. They are just finding that out in their own Korambank/Citibank Seoul where they cannot unearth the 1,856MT booked under LSM-666. I have the Deed of Assignment a proof of ownership.

As I said earlier, maybe together we can find something here. I would be happy to do my part in it,

Wolfgang E. Struck
