We have inherited from the Kennedy Brothers the platform for the Global Currency Reset that we are embarking on. We are also indebted to Ronald Reagan, Jose Rizal and Ferdinand Marcos. Thank you. On behalf of the Board of Governors of the World Bank and International Monetary Fund, who have authorized me to speak on their behalf, and on behalf of humanity, I am fencing with the Banking Cartel. We are winding down the Banking Cartel, using the Global Debt Facility. Teleprompter:

Karen, according to this wiki leaks data, that gold held by Marco is gone. Care to comment on your assertion that the gold is there? https://wikileaks.org/gifiles/docs/20/207972_-analytical-and-intelligence-comments-it-suggests-that.html

I have skimmed some of the claims in the Wikileaks link, and see that the documentation was created by many of the same crooks that have still been trying to steal the assets on deposit in the Global Debt Facility. If these assets had truly been stolen, there would have been WWII already from competing claimants. The only way for these assets to be distributed is peacefully, which we are doing, since the competing claims have now all been extinguished under statute of limitations, and we have already agreed under the Global Currency Reset.

sorry, I meant on my tweet yesterday. You can see that YouTube, owned by Google that was created by the CIA, erased them.

Youtube is censoring my first comment that Youtube is owned by Google, and that Google was created by the CIA. I made that point in my second comment, and give you some background information here:

There are some very good comments in my social media today, and I got an interesting email yesterday evening about some tanks on the roads in Baltimore. I am going to show these to you. The point to make is that people seem to be aware of their role in helping to inform other people about the Global Currency Reset. What to watch for is the way that people react to each other, now that there is a large group (critical mass) that knows we are united to fight the Banking Cartel. This last comment on my YouTube video sums it up:

You silly , gullible humans continue to let the richest people on your pretty little planet divide you by religion, race, nationality, and political brainwashing so they can tax you, jail you, deceive you , own you, and rule over you.

Hi Karen , I have emailed you before, but not often, I know you are busy. While taking my kids to school this morning, I noticed a military tank going south bound on falls rd in balto co. This is approximately 1/2 mile north of the Baltimore beltway . Later in the morning 11:15...am. is when I took this picture at the intersection of hillside and Greenspring Ave.

On a unrelated note I will NOT fly out of Dulles International, because the entire family are fascists who helped set up the financing of the corrupt system through Brown Bros Harriman. But if I have to fly out of there....I refer to it as HUDES International Airport Go get em girl.
They're falling like dominos.

Three other points to report: the Banking Cartel returned a cellphone they stole from me, stopped interfering with my landline, and dropped bogus claims for penalties and fees on a mortgage on my condo. In an email this morning where he called me "Caren Hudes," Wolfgang lied some more about the assets in the Global Debt Facility, by pretending that his bogus claims could somehow be satisfied outside the Global Debt Facility (when his claims could only be paid out of the assets that are on deposit in the Global Debt Facility for the benefit of humanity.) I didn't bother answering Wolfgang's email because I already told him I was ignoring his bogus claims since he is not authenticated by the Board of Governors of the World Bank and IMF under the Global Debt Facility.

I want to revisit a comment which I reported on DCTV two days ago:

This is the most powerful person I've never heard of; it's all true. Trump wouldn't taken the job if he knew he'd be an agent of Bank Cartel, the 1789 Constitution was surrendered to the Cartel, his people are under Marshall law, and US flag is under Admiralty. I wonder why the press isn't covering/exposing these inconvenient truths. Where's the Alternative press corps?

I warned Donald Trump early in the Presidential Campaign, <https://s3.amazonaws.com/khudes/trump1.pdf> and now I've bankrupted him under a commercial lien because he could not answer my true assertions. https://s3.amazonaws.com/khudes/Hudes%2C+Karen_World+bank+agents%2C+et+al.+2nd_CommLien_12-14-16.pdf
