I am authorized to go before the grey screens -- at the end of this email is a November 13, 2014 email from YCT recognizing this, as well as a threat which I received to get me to recognize Dr. Zvonko Berdik-Albert at the end of this email . A link which I posted documenting how Dr Zvonko Berdik-Albert was in trouble with the authorities in Malaysia was taken down (<http://www.thewhistleblowers.org/?cat=4990>)

Here is another post on the internet concerning Mr. Zvonko Berdik-Albert:

Robin H., Nov 28, 2011

Zvonko Berdik Albert

One of the people that I know has received numerous documents from him. What Albert does is self-certification and claims that all of his assets are on the screen. All of Albert's screens are blocked. He claims that Interpol has certified his documents. Talk to the guys at Interpol (they sit in Lyon) and they say we do not certify documents and the certification (a Junior Interpol guy in Malaysia) has to authorization to do so. Albert was requested numerous times to produce documents signed by the US authorities or European authenticating his bonds. He always failed to comply.

Albert sends lengthy emails to various banks and US authorities. These emails address are addresses mostly to the webmasters of the government entities never to the senior

management of these authorities. None of the banks around the globe will accept any of his instruments. He lives in Malaysia where he got arrested and he cannot set foot in China (Beijing) as they will arrest him too.
Keep as far away from him as you can as he is nasty piece of work.

Good-bye,
Karen

Dear Karen,

We hope your request for a meeting with Mr Chen (eds17@worldbank.org) was granted and has taken place. Otherwise, do let us know else well.

Whatever direction given to you, of paramount importance, YCT wants you to know that besides the existing 6 individuals amongst the 25 Board of Governors of the World Bank who are authorised to access and verify *INTROWELL LIMITED's Account*, you are the "7th individual" entrusted and authorised to do so (without any hindrance whatsoever) by virtue of YCT's delegation of power to you vide it's letter of November 25, 2014 in your possession. [rather, it is the Board of Governors of the World Bank and IMF that have delegated this power to me, as they are the only entity under the Bilateral Minesfield Breakthrough Successor Agreement who may designate this authority, not YCT]

YCT has instructed me to strongly urge and encourage you to take the BULL by it's HORN, which is to determine the balance of funds accumulating in *INTROWELL LIMITED's Account*, print out it's Statement, and then proceed to Taipei, Taiwan to authenticate and verify all original legal documents to be presented by the Trustees of *INTROWELL's* funds earmarked for the benefits of Humanity.

Simultaneously, you will also be meeting up with the real Monsignor Dr Floro E. Garcia to authenticate and verify all legal documents in his custody pertaining to the Global Debt Facility (TVM-LSM-666). You will soon be able to use your wisdom to disregard and rubbish all the rantings/frustrations being thrown at you by WS meant to discredit Msgr Dr Floro E Garcia. Just ask WS this simple straight forward question - *Who appointed WS to handle the GDF matter in the first place, and subsequently issued him two Cease & Desist letters to stop him from further involvement ?*

May God Bless you, always, in all yours undertakings and endeavours for the benefits of Humanity.

Respectfully yours,

Karen,

You need to get your facts straight because the Doctor did file a complaint, I asked him to give me a chance to have you rescind your documents. I will be in China next week with the Doctor and the Chinese authorities and I will see what I can do. The Japanese Royals know very well who the Doctor is, the public officials do not necessarily know the true facts also but they are about to find out. All the ASBLP Spiritual Boy accounts have been repatriated back to the Doctor, those accounts were created by stealing one (1) account of the Doctors and now there is a working document in how those assets will be managed in the future.

All I am doing is trying to help you because when the Doctor copied me on the letter that went out, that was the first time I knew of those documents and I asked the Doctor to give me time to help clear the air over your misunderstanding, the Chinese officials/team working globally to recover the assets are full throttle in correcting the wrongs now.

I will keep you posted, but when you are with a terminal operator you can authenticate whenever you want, all it is, is a compliance file.

Be well, and keep fighting the fight.

Best Regards

Scott Lennon

I am just dropping you a note from Dr. Zvonko Berdik-Albert AP13652. Or as we discussed many times, you need to go onto the DTC/Euroclear screens or Interbank screens and enter his name and code Dr. Zvonlo Berdik-Albert AP13652 I.P.C.# 25758/AP13652 where then you will see the secure compliance file where 229 Nations signed off acknowledging the good Doctor, considering it was his father and grandfather that wrote the Treaty of Versailles and allowed the use of the Family gold, yet Karen 468 years before that the Doctors Family had signed a global agreement lending the gold to the Charlemagne Trust, in the Vatican, so every country could participate in global trade.

All the paper created by the Cabal was designed to steal and dupe everyone, yet they could never dupe the immediate family who 468 years ago loaned the gold to balance global trade. The Rothchilds have blocked the inner temple, even by creating the BAR which was suppose to protect the inner temple, they are masters at deception. Watch the Hobbit movie and you will see the Dragon protecting the gold, that is the inner temple. The Dragon's will never allow an outsider control what they were blessed by our creator to be the trustee over.

Karen, by continuing to ignore facts that preexisted these fraudulent Bilateral agreements, treaties, etc. that were all attempts to hijack the collateral accounts is not practicing what you are preaching in public, Rule of Law! Ignorance is no excuse, I contacted you on numerous occasions and directed you to go on the screens so you would not make any mistakes, now you go and sign an extension of a fraudulent treaty that is going to get you in hot water.

Karen Zhou Enlai and Mao Zedong were caught red handed when burning down the Heaven Temple years ago at the direction of Rothchild and Rockefeller, this is when they appointed people to replace the Dragon Family Royals they killed by issuing new passports for their friends, all of whom are either in jail or have passed on due to their crimes. What those two Chinese leaders did not know was that there was a second Temple within the Temple where the Royals lived and survived! That Bilateral agreement was signed by criminals, Tan Kha Kee, TVM-LSM-666, and even Ferdinand on his deathbed signed a statement of facts and handed everything back to the Doctor years ago. Tan Kha Kee signed in 2010 a detailed statement of facts when he signed that original Bilateral agreement as did Tiburcio.

The Rothchilds are the kings of paper Karen, only with paper can you create fraud, our heavenly fathers even said it is only the spoken word that shall remain true law. Karen, you have been dupped, I gave you a written authorization to authenticate so you would not get caught up in another Cabal game but you never authenticated the compliance file. You are backing someone who has another piece of paper! Jose Rizal was another Jesuit shill, who laid claim to title of lands that only indigenious can own. Santa Romana had many wills, Ernesto Hidalgo, Sultan of Sulu, Tiburcio Vilamore Marcos, et al were a recipients of stolen assets all with copies of will and testaments that were used by the cabal. Karen it's over!!!!!!

The Doctor has notified the court of the Hague, the High Court in Brussels, World Bank and the Chinese Monetary Authority about Wolfgang Struck and your signature to an extension of a fraudulent agreement. My suggestion is as it was a year ago, get to a DTC/Eurocleer, Interbank S-2 terminal and enter the Doctors name and code, once you authenticate you will understand. Once you do this you can issue an apology which I know the Doctor will accept, yet if you continue to try and sell this story line the courts will do what they have to do.

The Doctor was handed your documents by the Chinese Monetary Authority who is preparing charges against you, this is not a threat, this is a friendly suggestion to help you get out of a mess because you can still be productive in a good way once you know the truth.

I wish you the best.

Very Best Regards

Thanks for your response and info. I think RT needs to make a full blown documentary on this, you?

Perhaps you can approach them? Or, I can outline it and approach them for you?

This story needs to get out. And first we need to take the view step by step, proving all along the way, building the argument etc...

No the Global Debt Facility is assets in a trust. The world's wealth to be exact. This letter from the Chinese shows you it is for real:

This document describes it quite well. <https://s3.amazonaws.com/khudes/BILATERAL.pdf>
These assets do not have a website they were sequestered. Here is the International Court of Justice's and CIA's attempt this month to steal the world's assets:

The Global Debt Facility is very real. The Chinese Ambassador refers to these assets in his letter to Secretary of State John Kerry dated May 22, 2015, (tweeted on June 6th):
